SGX Stock Exchange welcomes the listing of CSOP CSAM CSI A500 Index ETF under SZSE-SGX ETF Link

SGX Stock Exchange today welcomed the listing of the CSOP CSAM CSI A500 Index ETF (SGX trading code: SUN) under the Shenzhen Stock Exchange (SZSE)–SGX ETF Link, offering investors a convenient and efficient channel to access China's A-share market through a broad-based benchmark.

The ETF tracks the CSI A500 Index, which comprises 500 of China's largest and most liquid companies. With more than 50% of its weight allocated to innovation-driven sectors such as technology hardware and advanced manufacturing, the ETF provides diversified exposure to industry leaders and China's key structural growth drivers.

Managed by CSOP Asset Management, the ETF underscores the deepening collaboration between Singapore and China's capital markets. This listing marks the 11th ETF under the China–Singapore ETF Link and the 6th under the SZSE–SGX ETF Link, reinforcing SGX Group's commitment to expanding cross-border connectivity and providing investors with seamless access to China's growth.

Ng Yao Loong, Head of Equities, SGX Group, said, "The launch of this ETF reflects the deepening collaboration between SGX, China Southern Asset Management and CSOP Asset Management, following their instrumental role in establishing the first ETF pair under the SZSE–SGX ETF Link. This ETF provides broad-based exposure to companies at the core of China's equity market and reflects our continuing commitment to growing bilateral capital flows between China and Singapore."

Mr. Zhou Yi, Chairman of China Southern Asset Management Co., Ltd. (CSAM) and Chairman of CSOP Asset Management Limited (CSOP), said, "CSOP CSAM CSI A500 Index ETF is the seventh ETF we have launched in Singapore. This product's launch is achieved through the collaborative efforts of CSAM and CSOP, as well as the continued support of SGX. SUN offers investors a way to invest in leading Chinese companies across various industries. The successful listing of this ETF not only enriches Singapore's ETF market but also helps meet investors' demand for broad-based A-share index exposure."

The CSOP CSAM CSI A500 Index ETF complements the suite of Asia-focused ETFs listed on SGX and expands the product shelf to 51 ETFs, with combined assets under management (AUM) exceeding S$18 billion. SGX Stock Exchange's ETF performance continues to gain strong momentum, with total AUM in 2025 rising 37% year-on-year and average daily turnover surging 69% compared to the previous year.
