CHAIRMAN'S STATEMENT

FINANCIAL REVIEW

For the year ended December 31, 2020, the Group recorded a revenue of \$258.8 million compared to \$556.4 million last year. The hospitality industry was adversely affected by the COVID-19 pandemic as a result of extensive travel restrictions imposed, and the Group's hotels were largely not spared. The impact was especially severe at the initial phase, but saw some recovery subsequently as our Singapore hotels took on guests on Stay Home Notice and Staycations. Our resorts in Maldives also benefited as the country opened up to tourists with greater flight connectivity.

The Group generated an operating profit of \$17.4 million for the year ended December 31, 2020, before share of results of associates and jointly controlled entities, depreciation, amortisation, impairment loss and fair value changes. Significant measures were put in place to contain operating expenditure where possible. In countries where there are government support schemes, we have undertaken every and all measures to maximise the value of the support. Nevertheless, certain fixed costs were unavoidable, including non-cash expenses such as depreciation and amortisation which amounted to \$80.6 million. The Group also suffered mark-to-market fair value losses of \$14.5 million on long term investments due to weak market sentiments. Further, the valuation of our Hotels and Investment Properties have been affected, resulting in impairment and fair value losses totalling \$12.8 million and \$28.2 million, respectively.

The Group's share of results of associates and jointly controlled entities turned from a profit of \$28.9 million for the year ended December 31, 2019, to a loss of \$42.0 million for the year under review, due to losses incurred by hotel owning associates and jointly controlled entities. A substantial

amount of the loss recorded, totalling \$32.3 million, was relating to impairment losses resulting from lower valuation of the hotel properties owned by these entities.

Consequently, Group net loss attributable to shareholders for the year ended December 31, 2020 was \$177.5 million compared to a net profit of \$57.1 million reported last year.

RECENT DEVELOPMENTS

Hotels

In February 2020, the Group acquired Alpina Dolomites, a luxurious 5-star hotel located on one of Europe's most scenic and largest high-altitude plateau, the Alpe di Siusi - Seiser Alm. Well located with good views of the Dolomites, a UNESCO World Heritage Site, our hotel guests can enjoy seasonal vacations from skiing in winter to hiking in summer. The Alpina Dolomites further enhances the geographical diversification of our hotel portfolio.

Newly constructed and opened in late 2019, our InterContinental Maldives Maamunagau is the first property operated by InterContinental Hotels & Resorts in the Maldives. It was recognised by CNN in its list of "20 stunning new Asia Pacific luxury hotels to check into in 2020". InterContinental Maldives Maamunagau is located close to the UNESCO Biosphere Reserve of the Baa Atoll and features 81 luxurious overwater beach and lagoon villas.

Also recently acquired in 2019 is our 198 room 5-star luxury resort, Weligama Bay Marriott Resort & Spa in Sri Lanka. The luxury hotel is centrally located near top tourist destinations such as Galle Fort, Mirissa Beach and Yala National Park, where its spacious rooms and suites have direct ocean views of the beautiful Weligama Bay.

Our recently renovated Maldivian eco-resort, Gili Lankanfushi now features 45 refurbished villas with new open-air living spaces, roof terraces, private decks with direct access to the lagoon below, as well as new private pools to the enhanced Residence and Villa suites. Situated just 500 metres from the main island is the highlight of Gili Lankanfushi - The Private Reserve which is the largest overwater villa in the Maldives. The Private Reserve features four vast bedrooms and also has a private open-air cinema and a two-storey waterslide directly into the lagoon.

As of December 31, 2020, our Hotel Division has a portfolio of 38 hotels and resorts across 15 countries including Bhutan, Italy, Maldives, Seychelles, South Africa and Vanuatu.

Properties

Over in London, Paddington Square, our prestigious commercial office, retail and leisure project, designed by Renzo Piano Building Workshop, will provide 350,000 square feet of light-filled, high tech headquarter office space with 80,000 square feet of leisure and retail offerings. A new public piazza will be connected to the project, and West London's highest rooftop bar and restaurant is planned with stunning views across the City skyline and Hyde Park.

Bankside Yards, our 5.5-acre Central London riverside development on the South Bank of the Thames, will create a new neighbourhood for the area and reconnect the space between the Tate Modern Gallery and Blackfriars station. The scheme will deliver high quality residential apartments, a premium commercial office building, a retail hub, a luxury hotel and 3.3 acres of new public open space around fourteen historic railway arches which will include cultural and wellbeing areas.

The development of both projects are progressing well, and marketing and pre-leasing activities are also ongoing.

OUTLOOK

In the near term, the Group expects our businesses to continue facing difficult market conditions as many borders remain closed with the resurgence of COVID-19 still of concern. However, with the progressive rollout of COVID-19 vaccination programmes around the world, gradual recovery can be expected in the longer term. Meanwhile, the development of our properties in London, Paddington Square and Bankside Yards, a commercial and mixed development respectively, are ongoing.

The Group will continue to be vigilant in monitoring our liquidity positions and preserving cash with cost management measures and deferment of non essential capital expenditure. The Group raised \$50 million in January 2021 with a fixed rate bond issue in response to a reverse enquiry. In addition, the Group has unutilised committed credit facilities available to be drawn upon if required.

DIVIDEND

The Board of Directors has recommended a first and final one-tier tax exempt cash dividend of 4 cents per ordinary share for the year ended December 31, 2020.

ACKNOWLEDGEMENTS

On behalf of the Board, I would like to extend our appreciation to our customers, bankers, business associates, staff and shareholders for their invaluable support and contribution throughout these challenging times and we look forward to your continuing support.

HOTELS

Four Seasons Hotel, Singapore

BUSINESS REVIEW HOTELS

As of December 31, 2020, our Hotel Division has a portfolio of 38 hotels and resorts across 15 countries including Bhutan, Italy, Maldives, Seychelles, South Africa and Vanuatu. Our hotels are operated under renowned hospitality brands such as COMO Hotels & Resorts, Four Seasons Hotels & Resorts, Hard Rock Hotels, Hilton International, InterContinental Hotels Group, Marriott International, Six Senses Hotels & Resorts and Concorde Hotels.

Our most recent acquisition was Alpina Dolomites in February 2020. The luxurious 5-star hotel is located on one of Europe's most beautiful and largest high-altitude plateau, the Alpe di Siusi - Seiser Alm and is nestled in the heart of nature with a spectacular view of the Dolomites, a UNESCO World Heritage Site. Inspired by nature, Alpina Dolomites features an eco-friendly "living in harmony with nature" architectural design concept with buildings made from wood, stone, and glass in an aesthetically pleasant mix with cosy interiors; all built with a focus on ecological sustainability and harmoniously integrated within its natural environment.

Our Division's other Italian hotel is in the rolling hills of Tuscany, Italy - COMO Castello del Nero, a 50-key 5-star hotel. Designed by the renowned Italian architect and

COMO Uma Punakha, Bhutan

designer Paola Navone, featuring Renaissance frescoes and contemporary design, this 12th century castle leaves nothing but memorable impressions for discerning guests amidst its expansive landscape of olive groves and vineyards within its 740-acre estate.

COMO Castello del Nero features a one-and-only spa experience where therapeutic sessions at COMO Shambhala Retreat are crafted for relaxation with ingredients from their very own estate, such as virgin olive oil and lavender, while surrounded by scenic beauty. Guests will also be pampered with a Michelin-starred dining experience at La Torre show casing with estate-to-table Tuscan produce.

From picturesque mountains and hills of Italy to the pristine Andaman seas is the Hotel Division's other COMO property - COMO Point Yamu, Phuket. The luxury resort is located at the tip of Cape Yamu, sited on a cliff that overlooks the Andaman Sea with the dramatic limestones of Phang Nga Bay in a distance. Also designed by Paola Navone, COMO Point Yamu, Phuket offers an artistic expression of contemporary Thai luxury where blue and turquoise design accents its 27 private villas and 79 rooms and suites with floor-to-ceiling windows framing the spectacular views of the Andaman Sea.

In Sri Lanka, located in Weligama Bay is the 5-star Weligama Bay Marriott Resort & Spa. The 198 key resort features spacious rooms and suites with indulgent bedding, marble bathrooms with oversized soaking tubs, and private balconies. Guests can indulge in and be captivated by the spectacular views of the pristine waters, lush nature, luxurious amenities, and superb services of the luxurious resort. They can choose to explore the nearby Galle Dutch Fort, Jungle Beach and Yala National Park or relax in the sparkling outdoor pool and pamper themselves at the famed Quan Spa.

BUSINESS REVIEW HOTELS

Recognised by CNN in its list of “20 stunning new Asia Pacific luxury hotels to check into in 2020” is our InterContinental Maldives Maamunagau Resort, the first property by InterContinental Hotels & Resorts in the Maldives.

The luxurious resort is nestled in one of the country’s most secluded spots of the Raa Atoll in the Indian Ocean and is a short boat ride away from one of Maldives’ UNESCO Biosphere Reserve - Hanifaru Bay, a protected sanctuary teeming with a rich array of marine life, most notably manta rays. Surrounded by crystal-clear blue oceans, powdery white sand and palm tree peppered terraces, discerning guests will be mesmerised by the resort’s natural beauty.

Our InterContinental Maldives Maamunagau Resort features 81 overwater, beach and lagoon villas and for the ultimate “Maldivian” experience, guests can indulge in our 4,950 square feet ‘Three Bedroom Overwater Residence’, with sweeping views of the Indian Ocean.

Apart from InterContinental Maldives Maamunagau Resort, our Hotel Division also owns five other award-winning luxury resorts in Maldives namely Four Seasons Resort Maldives at Kuda Huraa, Four Seasons Resort Maldives at Landaa Giraavaru, Holiday Inn Resort Kandooma Maldives, Gili Lankanfushi and Six Senses Laamu.

Our multi-award-winning Six Senses Laamu is the only resort in the Laamu Atoll, in the south of Maldives and prides itself as a leading sustainable eco luxury resort. Beautifully remote and tranquilly nestled on Olhuveli Island, the secluded resort is set in a palm-fringed lagoon surrounded by turquoise clear water and white

expansive beaches. True to its philosophy of being in harmony with the environment, Six Senses Laamu features 97 spacious thatched villas, all crafted from local and sustainable materials and carefully designed to harmonise with the outstanding natural beauty of the island while providing a high-level of privacy, cosiness, and comfort.

For the ultimate private retreat and indulgence, discerning guests will find it at our ultra-luxurious Four Seasons Private Island Maldives at Voavah, Baa Atoll. Built on a 5-acre private island with exotic jungle greenery, the tropical secluded haven is flanked by immaculate white powdery beaches and endless crystal-clear waters. Our 7-bedroom private-island Maldives resort is the world's first exclusive-use UNESCO hideaway and has a dedicated island team of 25 staff as well as a private yacht.

In the Seychelles, our Four Seasons Resort Seychelles at Desroches Island is the only resort on a captivating coral island in the middle of the Indian Ocean. The resort offers guests an encounter with untouched nature while providing a holistic experience that includes educational marine-diversity snorkel tours, private dive-trips and interactions with the Aldabra Giant Tortoise, a native species that is vulnerable to extinction at the resort's Tortoise Sanctuary.

Located in the stunning Andaman Sea and just minutes by boat from the world-renowned mangroves of the Kilim Karst Geoforest Park is our Four Seasons Resort Langkawi. The multi-award-winning luxury resort combines artful design and all-pervading serenity with a wholesome connection to nature. Four Seasons Resort Langkawi is the epitome of a tranquil and luxurious getaway for the discerning traveller who loves and embraces nature where the surrounding dense rainforest marries pristine beaches in this nature-lover's dream. To top it off, adjacent to the multi-award-winning luxury resort is the highlight of the UNESCO Geopark – an ecological wonderland of 550-million-year-old rock formations, precipitous rainforest, and deserted islands.

PROPERTIES

Holland Park Villas, London

Despite the backdrop of the global pandemic, we continued to make good progress on our London development projects during 2020, including successfully completing the sale of the remaining units at both our luxury Holland Park Villas and Burlington Gate residential developments.

Bankside Yards

Bankside Yards, our 5.5-acre Central London riverside development on the South Bank of the Thames, will create a new neighbourhood for the area and reconnect the space between the Tate Modern Gallery and Blackfriars station. The scheme will deliver high quality residential apartments, a premium commercial office building, a retail hub, a luxury hotel and 3.3 acres of new public open space around fourteen historic railway arches which will include cultural and wellbeing areas.

Burlington Gate, London

*Paddington Square, London
(Artist's impression)*

Bankside Yards West – The western half of the site which is being progressively developed first, has continued to move forward with all the groundworks and the southern half of the basement being completed during the year. Construction of the premium commercial office building with the steel frame up to level 17, is on time and expected to be delivered in the second half of 2022. Design works continue to be refined for the two residential towers. Marketing and pre-leasing activities continue for the office building.

Bankside Yards East – During 2020, the objective of achieving a significantly enhanced planning consent for the East side was fully realised. This site now includes consent for a luxury 5-star hotel, three residential apartment buildings and a further commercial office building. Work is ongoing to optimise designs and sign up an internationally recognised hotel operator.

Paddington Square

Paddington Square, our prestigious commercial office, retail and leisure project will provide 350,000 square feet of light-filled, high tech headquarter office space with 80,000 square feet of curated leisure and retail offerings. A new public piazza will be connected to the project and West London's highest rooftop bar and restaurant is planned with stunning views across the City skyline and Hyde Park.

During 2020, the groundworks and basement as well as the concrete core of the main building were completed, with the core reaching the top at level 18. During the year, the

main contractor was appointed to take on the balance of the works and the steelwork had reached level 6 by the end of the year. To address the COVID-19 pandemic, the programme was re-sequenced and mitigation measures introduced to ensure no delays in reaching practical completion during the second half of 2022.

The project now has a marketing suite overlooking the construction site and Hyde Park, where the appointed leasing team continue to discuss pre-let opportunities for the office and retail space.

In Singapore, our luxury residential developments include Tomlinson Heights, Robertson Blue, Cuscaden Residences, Scotts 28, Nassim Jade, Four Seasons Park, as well as The Interlace and the d'Leedon condominiums which are joint ventures with CapitaLand.

Our prime commercial and retail properties include Forum the Shopping Mall and Concorde Shopping Mall. The former is a 110,000 square feet family-oriented mall that is primely-located at Singapore's main shopping belt and is a mere 5-minute walk away from Orchard MRT station.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HOTEL PROPERTIES LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Hotel Properties Limited (the "Company") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at December 31, 2020, and the consolidated income statement, consolidated statement of other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group and the statement of changes in equity of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 26 to 102.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at December 31, 2020 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and of the changes in equity of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation for investment properties

Investment properties of the Group comprise commercial properties located in Singapore which amounted to \$681.3 million as at December 31, 2020. These investment properties are stated at fair values based on independent external valuations carried out by independent valuers based on income capitalisation approach and direct comparison method. The valuation of investment properties requires significant judgement and estimation. The valuation involves judgement in selecting an appropriate valuation methodology and estimates which are used in the underlying assumptions. These estimates include rate of capitalisation, rental growth, discount rates and adjustments made for differences between the subject properties and comparables taking into consideration differences such as location, size and tenure.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF HOTEL PROPERTIES LIMITED

Our audit performed and responses thereon

Our audit procedures included understanding management's process in selecting the external valuers with the appropriate knowledge and experience and how the valuation reports are used in determining the fair values for accounting purpose. We evaluated the qualifications and competence of the external valuers.

We involved our valuation specialists to understand the valuation methodologies used and the underlying assumptions and test the inputs used in the valuation to rental agreements where appropriate, and challenge the capitalisation, discount, and terminal yield rates for the subject properties based on income capitalisation method. We also evaluated the reasons underlying the directional movement of fair value for the subject properties based on direct comparison method.

We noted that the Group has a process to select valuers with appropriate knowledge and to review and accept the valuations. We are satisfied with the competency and objectivity of the valuers selected. We noted the valuation methodologies used are in line with general market practices and the key assumptions, including capitalisation, rental growth and discount rates, used in the valuations are also within a reasonable range. We have also assessed the disclosures in the financial statements to be appropriate.

Information other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF HOTEL PROPERTIES LIMITED

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HOTEL PROPERTIES LIMITED

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Seah Gek Choo.

The financial statements are expressed in Singapore dollars.

The principal activities of the Company are those of a hotelier and an investment holding company. The principal activities of subsidiaries, significant associates and jointly controlled entities are described in Notes 36, 37 and 38 respectively to the financial statements.

The consolidated financial statements of the Group and statement of financial position and statement of changes in equity of the Company for the year ended December 31, 2020 were authorised for issue by the Board of Directors on March 29, 2021.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements are prepared in accordance with the historical cost basis, except as disclosed in the accounting policies below, and drawn up in accordance with the provisions of the Singapore Companies Act and Singapore Financial Reporting Standards (International) ("SFRS(I)s").

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of SFRS(I) 2 *Share-based Payments*, leasing transactions that are within the scope of SFRS(I) 16 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in SFRS(I) 1-2 *Inventories* or value in use in SFRS(I) 1-36 *Impairment of Assets*.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

ADOPTION OF NEW AND REVISED STANDARDS – The Group and the Company adopted all the new and revised SFRS(I) pronouncements that are relevant to its operations and effective for annual periods beginning on or after January 1, 2020. The adoption of these new/revised SFRS(I) pronouncements does not result in changes to the Group's and the Company's accounting policies and has no material effect on the amounts reported for the current or prior years.

At the date of authorisation of these financial statements, the following amendments and annual improvements to SFRS(I) that are relevant to the Group and the Company were issued but not effective during the financial year:

- Amendments to SFRS(I) 9, SFRS(I) 1-39, SFRS(I) 7, SFRS(I) 4, SFRS(I) 16: *Interest Rate Benchmark Reform – Phase 2*
- Amendments to SFRS(I) 3: *Reference to the Conceptual Framework*
- Amendments to SFRS(I) 1-16: *Property, Plant and Equipment – Proceeds before Intended Use*
- Amendments to SFRS(I) 1-37: *Onerous Contracts – Cost of Fulfilling a Contract*
- Annual Improvements to SFRS(I)s 2018-2020
- Amendments to SFRS(I) 1-1: *Classification of Liabilities as Current or Non-current*

The above amendments and improvements are not expected to have a significant impact on the Group and Company.

BASIS OF CONSOLIDATION – The consolidated financial statements incorporate the financial statements of the Company and the entities controlled by the Company (its subsidiaries). Control is achieved when the Company:

- Has power over the investee;
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- Has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- Potential voting rights held by the Company, other vote holders or other parties;
- Rights arising from other contractual arrangements; and
- Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies used in line with the Group's accounting policies.

All significant intra-group transactions and balances are eliminated on consolidation.

Changes in the Group's ownership interest in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable SFRS(I)s). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under SFRS(I) 9, or when appropriate, the cost on initial recognition of an investment in an associate or a joint venture.

In the Company's financial statements, investments in subsidiaries and associates are carried at cost less any impairment in net recoverable value that has been recognised in profit or loss.

BUSINESS COMBINATION – Acquisitions of subsidiaries and businesses are accounted for using the acquisition method. The cost of each acquisition is measured as the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed by the Group, and any equity interests issued by the Group, in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred.

Where applicable, the consideration for the acquisition includes any asset or liability resulting from a contingent consideration arrangement, measured at its acquisition-date fair value. Subsequent changes in such fair values are adjusted against the cost of acquisition where they qualify as measurement period adjustments (see below). The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at subsequent reporting dates at fair values, with changes in fair values recognised in profit or loss.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Where a business combination is achieved in stages, the Group's previously held interests in the acquired entity are remeasured to fair value at the acquisition date (i.e. the date the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under the SFRS(I)s are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with SFRS(I) 1-12 *Income Taxes* and SFRS(I) 1-19 *Employee Benefits* respectively;
- liabilities or equity instruments related to the replacement by the Group of an acquiree's share-based payment awards are measured in accordance with SFRS(I) 2 *Share-based Payment*; and
- assets (or disposal groups) that are classified as held for sale in accordance with SFRS(I) 5 *Non-current Assets Held for Sale and Discontinued Operations* are measured in accordance with that Standard.

Non-controlling interests in subsidiaries are identified separately from the Group's equity therein. The interest of non-controlling shareholders may be initially measured (at date of original business combination) either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see below), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised as of that date.

The measurement period is the period from the date of acquisition to the date the Group obtains complete information about facts and circumstances that existed as of the acquisition date and is subject to a maximum of one year from acquisition date.

Goodwill arising in a business combination is recognised as an asset at the date that control is acquired (the acquisition date). Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest (if any) in the entity over net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

If, after reassessment, the Group's interest in the fair value of the acquiree's identifiable net assets exceeds the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

For the acquisition of an asset or a group of assets that does not constitute a business, the Group identifies and recognises the individual identifiable assets acquired (including those assets that meet the definition of, and recognition criteria for, intangible assets in SFRS(I) 1-38 *Intangible Assets*) and liabilities assumed. The cost of acquisition is allocated to the individual assets and liabilities on the basis of their relative fair values at the date of purchase. Such a transaction or event does not give rise to goodwill.

FINANCIAL INSTRUMENTS – Financial assets and financial liabilities are recognised on the statement of financial position when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All financial assets are recognised and de-recognised on a trade date basis where the purchase or sale of financial assets is under a contract whose terms require delivery of assets within the time frame established by the market concerned.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

The Group classifies its financial assets in the following measurement categories:

- Amortised cost;
- Fair value through other comprehensive income (FVTOCI); and
- Fair value through profit or loss (FVTPL).

Financial assets classified as at amortised cost

These mainly comprise cash and cash equivalents and trade and other receivables.

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Amortised cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance.

Interest income is recognised using the effective interest method for debt instruments measured subsequently at amortised cost and at FVTOCI. Interest income is recognised in profit or loss.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Debt instruments classified as measured at FVTOCI

Debt instruments that meet the following conditions are subsequently measured at FVTOCI:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair value is determined in the manner described in the respective note to financial statements. These debt instruments are initially measured at fair value plus transaction costs. Subsequently, changes in the carrying amount of these debt instruments as a result of foreign exchange gains and losses, impairment gains or losses, and interest income calculated using the effective interest method are recognised in profit or loss. The amounts that are recognised in profit or loss are the same as the amounts that would have been recognised in profit or loss if these debt instruments had been measured at amortised cost. All other changes in the carrying amount of these debt instruments recognised in other comprehensive income and accumulated under the heading of other capital reserve. When these debt instruments are derecognised, the cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss.

Equity instruments

Equity instruments designated as at FVTOCI

On initial recognition, the Group may make an irrevocable election (on an investment-by-investment basis) to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognised by an acquirer in a business combination to which SFRS(I) 3 applies.

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the investments revaluation reserve. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, instead, they will be transferred to retained earnings.

Movements in fair values of investments classified as FVTOCI are taken to “other reserves” in Other Comprehensive Income. Dividends from equity investments are recognised in profit or loss.

Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI are measured at FVTPL. Specifically:

- Investments in equity instruments are classified as at FVTPL, unless the Group designates an equity investment that is neither held for trading nor a contingent consideration arising from a business combination as at FVTOCI on initial recognition.
- The Group classified all debt instruments that do not meet the amortised cost criteria or the FVTOCI criteria as FVTPL. In addition, debt instruments that meet either the amortised cost criteria or the FVTOCI criteria may be designated as FVTPL upon initial recognition if such designation eliminate or significantly reduce any measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Group has not designated any debt instruments as FVTPL.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument).

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss to the extent they are not part of a designated hedging relationship. Fair value is determined in the manner described in the respective notes to the financial statements.

Impairment of financial assets

The Group recognises a loss allowance for expected credit loss ("ECL") on financial assets at amortised costs and debt instruments measured at FVTOCI. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The ECL on trade receivables are estimated based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial assets, the Group measures the loss allowance based on lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-months ECL ("12m ECL"). The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Group's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organisations, as well as consideration of various external sources of actual and forecast economic information that relate to the Group's core operations, namely the hotel and residential properties development industries.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; or
- significant increases in credit risk on other financial instruments of the same debtor.

The Group assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date. A financial instrument is determined to have low credit risk if i) the financial instrument has a low risk of default, ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a financial asset to have low credit risk when it has an internal or external credit rating of 'investment grade' as per globally understood definition.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Definition of default

The Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- a) significant financial difficulty of the issuer or the borrower;
- b) a breach of contract, such as a default or past due event;
- c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- e) the disappearance of an active market for that financial asset because of financial difficulties.

Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery. Any recoveries made are recognised in profit or loss.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Measurement and recognition of expected credit losses

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date.

For financial assets, the expected credit loss is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate.

If the Group has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Group measures the loss allowance at an amount equal to 12m ECL at the current reporting date.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVTOCI, for which the loss allowance is recognised in other comprehensive income and accumulated in other capital reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss. In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in other capital reserve is reclassified to profit or loss. In contrast, on derecognition of an investment in equity instrument which the Group has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to profit or loss, but is transferred to retained earnings.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a group entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is 1) contingent consideration of an acquirer in a business combination to which SFRS(I) 3 applies, 2) held for trading, or 3) it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been acquired principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative, except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration of an acquirer in a business combination may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and SFRS(I) 9 permits the entire combined contract to be designated as at FVTPL.

Financial liabilities at FVTPL are stated at fair value with any gains or losses arising on changes in fair value recognised in profit or loss to the extent that they are not part of a designated hedging relationship.

However, for financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. The remaining amount of change in the fair value of liability is recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are not subsequently reclassified to profit or loss; instead, they are transferred to retained earnings upon derecognition of the financial liability.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not 1) contingent consideration of an acquirer in a business combination, 2) held-for-trading, or 3) designated as at FVTPL, are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Derivative financial instruments

The Group uses derivative financial instruments such as cross currency swaps to hedge its risks associated with exchange rate fluctuations. The Group maintains natural hedges, whenever possible, by borrowing in currencies that match the future revenue stream to be generated from its investments. The Group does not use derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

Hedge accounting

The Group designates certain derivatives as hedging instruments in respect of foreign currency risk and interest rate risk in cash flow hedges or hedges of net investments in foreign operations as appropriate.

At the inception of the hedge relationship, the Group documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk, which is when the hedging relationships meet all of the following hedge effectiveness requirements:

- there is an economic relationship between the hedged item and the hedging instrument;
- the effect of credit risk does not dominate the value changes that result from that economic relationship; and
- the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Group actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.

If a hedging relationship ceases to meet the hedge effectiveness requirement relating to the hedge ratio but the risk management objective for that designated hedging relationship remains the same, the Group adjusts the hedge ratio of the hedging relationship (i.e. rebalances the hedge) so that it meets the qualifying criteria again.

Cash flow hedges

The effective portion of changes in the fair value of derivatives and other qualifying hedging instruments that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve, limited to the cumulative change in fair value of the hedged item from inception of the hedge. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item. If the Group expects that some or all of the loss accumulated in other comprehensive income will not be recovered in the future, that amount is immediately reclassified to profit or loss.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The Group discontinues hedge accounting only when the hedging relationship (or a part thereof) ceases to meet the qualifying criteria (after rebalancing, if applicable). This includes instances when the hedging instrument expires or is sold, terminated or exercised. The discontinuation is accounted for prospectively. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

Hedges of net investments in foreign operations

Hedges of net investments in foreign operations are accounted for similarly to cash flow hedges. Any gain or loss on the hedging instrument relating to the effective portion of the hedge is recognised in other comprehensive income and accumulated under the heading of foreign currency translation reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

Gains and losses on the hedging instrument relating to the effective portion of the hedge accumulated in the exchange fluctuation reserve are reclassified to profit or loss on the disposal or partial disposal of the foreign operation.

Fair value hedges

The fair value change on qualifying hedging instruments is recognised in the same line as the hedged item in profit or loss when the hedging instrument hedges an equity instrument designated at FVTPL.

The Group discontinues hedge accounting only when the hedging relationship (or a part thereof) ceases to meet the qualifying criteria (after rebalancing, if applicable). This includes instances when the hedging instrument expires or is sold, terminated or exercised. The discontinuation is accounted for prospectively.

Offsetting arrangements

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when the Group and the Company have a legally enforceable right to set off the recognised amounts; and intend either to settle on a net basis, or to realise the asset and settle the liability simultaneously. A right to set-off must be available today rather than being contingent on a future event and must be exercisable by any of the counterparties, both in the normal course of business and in the event of default, insolvency or bankruptcy.

INVENTORIES – Inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculated using the moving average/first-in first-out method. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

DEVELOPMENT PROPERTIES – Development properties for sale are stated at cost. The cost of property under development includes land cost, acquisition costs, development expenditure and other related expenditure.

Revenue is recognised when control over the property has been transferred to the customer, either over time or at a point in time, depending on the contractual terms.

For development properties whereby the Group is restricted contractually from directing the properties for another use as they are being developed and has an enforceable right to payment for performance completed to date, revenue is recognised over time.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

For development properties whereby the Group has no enforceable right to payment until legal title has passed to the customer, revenue is recognised when the legal title has been transferred to the customer. The revenue is measured at the transaction price agreed under the contract.

COMPLETED PROPERTIES HELD FOR SALE – Completed properties held for sale are stated at the lower of cost and net realisable value. Cost is calculated using the specific identification method. Net realisable value represents the estimated selling price less all estimated costs to be incurred in the marketing and selling.

ASSOCIATES AND JOINTLY CONTROLLED ENTITIES – An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates and jointly controlled entities (collectively referred to as “equity accounted investees”) are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with SFRS(I) 5. Under the equity method, investments in equity accounted investees are initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group’s share of the profit or loss and other comprehensive income of the investees. Losses of an investee in excess of the Group’s interest in that investee (which includes any long-term interests that, in substance, form part of the Group’s net investment in the investee) are not recognised, unless the Group has incurred legal or constructive obligations or made payments on behalf of the investee.

An investment in an equity accounted investee is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition, any excess of the cost of investment over the Group’s share of the net fair value of the identifiable assets, liabilities and contingent liabilities of the equity accounted investees recognised at the date of acquisition is recognised as goodwill. The goodwill is included within the carrying amount of the investment and is assessed for impairment as part of the investment. Any excess of the Group’s share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of investment, after reassessment, is recognised immediately in profit or loss.

The requirements of SFRS(I) 9 are applied to determine whether it is necessary to recognise any impairment loss with respect to the Group’s investment in an equity accounted investee. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with SFRS(I) 1-36 *Impairment of Assets* as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with SFRS(I) 1-36 to the extent that the recoverable amount of the investment subsequently increases.

The Group discontinues the use of the equity method from the date when the investment ceases to be an equity accounted investee, or when the investment is classified as held for sale. When the Group retains an interest in the former investee and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with SFRS(I) 9. The difference between the carrying amount of the equity accounted investee at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest in the equity accounted investee is included in the determination of the gain or loss on disposal of the investee. In addition, the Group reclassifies to profit or loss all amounts previously recognised in other comprehensive income in relation to that investee on the same basis as would have been required if that investee had directly disposed of the related assets or liabilities.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The Group continues to use the equity method when an investment in an associate becomes an investment in a joint venture or an investment in a joint venture becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

When the Group reduces its ownership interest in an equity accounted investee but the Group continues to use the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be required to be reclassified to profit or loss on the disposal of the related assets or liabilities.

Where a group entity transacts with an equity accounted investee of the Group, profits and losses are eliminated to the extent of the Group's interest in the relevant equity accounted investees.

The gain or loss arising on the disposal of an equity accounted investee of the Group is determined as the difference between the sales proceeds and its net carrying amount and is recognised in profit or loss. Amounts previously recognised in other comprehensive income in relation to the equity accounted investee are reclassified from equity to profit or loss (as a reclassification adjustment) upon disposal.

PROPERTY, PLANT AND EQUIPMENT – Property, plant and equipment are stated at cost or valuation, less accumulated depreciation and any accumulated impairment loss where the recoverable amount of the asset is estimated to be lower than its carrying amount.

Properties in the course of construction are carried at cost, less any recognised impairment loss. Cost includes professional fees, and for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Operating equipment is written off based on periodic physical inventory counts. Depreciation is charged so as to write off the cost of assets, other than freehold and long-term leasehold land and construction-in-progress, over their estimated useful lives, using the straight-line method, on the following bases:

Leasehold land and property	- 19 to 89 years
Buildings and improvements	- 5 to 50 years
Plant and equipment, furniture, fixtures and fittings	- 3 to 20 years

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Depreciation is not provided on freehold and long-term leasehold land and construction-in-progress. Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets.

Fully depreciated assets still in use are retained in the financial statements.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the assets and is recognised in profit or loss. On the sale or retirement of a revalued property, the attributable revaluation surplus remaining in the asset revaluation reserve is transferred directly to retained profits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

INVESTMENT PROPERTIES – Investment properties are held on a long-term basis for investment potential and income. Investment properties are measured initially at their cost, including transaction cost. Subsequent to initial recognition, investment properties are stated at their fair values based on valuation performed by professional valuers on an open market value basis. Gains or losses arising from changes in the fair values of investment properties are included in profit or loss for the period in which they arise.

INTANGIBLE ASSETS – These comprise goodwill and franchise rights. Franchise rights are reported at cost less accumulated amortisation and accumulated impairment losses. Amortisation is charged on a straight-line basis over the estimated useful lives of 20 years. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Goodwill is not amortised but is reviewed for impairment at least annually. For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

IMPAIRMENT OF TANGIBLE AND INTANGIBLE ASSETS EXCLUDING GOODWILL – At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets (excluding goodwill) to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the profit or loss, unless the relevant asset (cash-generating unit) is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

LEASES – Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

When a contract includes lease and non-lease components, the Group applies SFRS(I) 15 *Revenue from Contracts with Customers* to allocate the consideration under the contract to each component.

As a lessee, the Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group recognises the lease payments as an expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses the incremental borrowing rate specific to the lessee.

Lease payments included in the measurement of the lease liability comprise of the following, where applicable:

- fixed lease payments (including in-substance fixed payments), less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the statement of financial position.

The carrying amount of the lease liability includes interest on the lease liability (computed using the effective interest method) and the carrying amount will be reduced when the lease payments are made.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under SFRS(I) 1-37 *Provisions, Contingent Liabilities and Contingent Assets*. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right-of-use assets are presented as part of property, plant and equipment in the statement of financial position.

The Group applies SFRS(I) 1-36 *Impairment of Assets* to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Variable rents that do not depend on an index or rate are not included in the measurement of the lease liability and the right-of-use asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line 'Other operating expenses' in the statement of profit or loss.

As a practical expedient, SFRS(I) 16 permits a lessee not to separate non-lease components, and instead account for any lease and associated non-lease components as a single arrangement. The Group has not used this practical expedient. For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

PROVISIONS – Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation and a reliable estimate can be made of the amount of the obligations. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation, and is discounted to present value where the effect is material.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

SHARE-BASED PAYMENTS – The Group issues equity-settled share-based payments to certain employees. Equity-settled share-based payments are measured at fair value at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of the shares that will eventually vest.

REVENUE RECOGNITION - Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts and sales related taxes.

- a) Sales other than revenue from development properties are recognised when the control of the goods or services underlying the particular performance obligation is transferred to the customer;
- b) Revenue from development properties is recognised in accordance with the Group's accounting policy on development properties (see above);
- c) Hotel room revenue is recognised at a point in time based on room occupancy while other hotel revenue are recognised at a point in time when the goods are delivered or the services are rendered to the customers;
- d) Rental income is recognised on a straight-line basis over the term of the relevant lease;
- e) Management fee income is recognised when services are rendered;
- f) Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the interest rate applicable; and
- g) Dividend income from investments is recognised when the shareholders' rights to receive payment have been established.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

GOVERNMENT GRANTS – Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attached to them and that the grants will be received. Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

BORROWING COSTS – Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

RETIREMENT BENEFIT COSTS – Payments to defined contribution retirement benefit plans are charged as an expense as they fall due. Payments made to state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, are dealt with as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

For defined benefit retirement benefit plans, the cost of providing benefits is determined by actuarial valuations carried out at the end of each reporting period. Remeasurement, comprising actuarial gains or losses, is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in the other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognised in the profit or loss in the period of a plan amendment.

INCOME TAX – Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Group's liability for current tax is calculated using tax rates (and tax laws) that have been enacted or substantively enacted in countries where the Company and respective subsidiaries operate by the end of the reporting period.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, associates and jointly controlled entities, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates (and tax laws) that are expected to apply in the period when the liability is settled or the asset realised based on the tax rates that have been enacted or substantively enacted by the end of the reporting period. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

For the purpose of measuring deferred tax liabilities and deferred tax assets for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model of the Group whose business objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale. The Group has not rebutted the presumption that the carrying amount of the investment properties will be recovered entirely through sale.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised as an expense or income in profit or loss, except where they arise from the initial accounting for a business combination, in which case the tax effect is taken into account in calculating goodwill or determining the excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over cost.

FOREIGN CURRENCY TRANSACTIONS AND TRANSLATION – The individual financial statements of each entity within the Group are presented in the currency of the primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group and the statement of financial position and the statement of changes in equity of the Company are presented in Singapore dollars, which is the functional currency of the Company, and the presentation currency for the consolidated financial statements.

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency are recorded at the rates of exchange prevailing on the date of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing on the reporting date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised in other comprehensive income. For such non-monetary items, any exchange component of that gain or loss is also recognised in other comprehensive income.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Singapore dollars using exchange rates prevailing at the end of the reporting period. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in the Group's exchange fluctuation reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities (including monetary items that, in substance, form part of the net investment in foreign entities), and of borrowings and other currency instruments designated as hedges of such investments, are recognised in other comprehensive income and accumulated in exchange fluctuation reserve (attributed to non-controlling interest, as appropriate). Such reserves are reclassified from equity to profit or loss (as a reclassification adjustment) on disposal.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

3. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with SFRS(I)s requires the exercise of judgement, the use of estimates and assumptions concerning the future by management.

The Group on its own or in reliance on third party experts, applies estimates, judgements and assumptions in various areas including the following:

i) Impairment of tangible and intangible assets.

Determining whether an asset is impaired requires an estimation of the recoverable amount of this asset. The recoverable amount of the asset is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal is largely based on the fair value of the asset determined by independent professional valuer. The value in use calculation requires the Group to estimate the future cash flows expected from the assets and an appropriate discount rate in order to calculate the present value of the future cash flows. The net realisable value of completed properties held for sale is estimated based on recent transacted sales of the existing units as well as similar properties in the surrounding location. The assessment is performed on a unit-by-unit basis taking into consideration the location and type of the underlying unit.

ii) Determination of fair value of unquoted investments, investment properties and financial derivatives, where the details are described in Notes 15, 17 and 4 respectively.

iii) Assessment of adequacy of provision for income taxes.

The Group is subject to income taxes in numerous jurisdictions. Judgement is involved in determining the group-wide provision for income taxes. The Group recognises the expected liabilities for tax based on an estimation of the likely taxes due, which requires judgement as to the ultimate tax determination of certain items, where the actual liability arising from these issues differs from these estimates, such differences will have an impact on income tax and deferred tax provisions in the period when such determination is made.

These estimates, judgements and assumptions are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The carrying amounts of the above are disclosed in the respective notes to the financial statements.

Lease liabilities at amortised cost	96,435	93,844	-	29

The main risks arising from the Group's financial instruments are interest rate risk, foreign exchange risk, credit risk, liquidity risk and market risk. The policies for managing each of these risks are summarised below.

Interest rate risk management

The Group's and the Company's exposure to the risk of changes in interest rates relates mainly to bank borrowings and advances to and from subsidiaries respectively. The Group actively reviews its debt portfolio to achieve the most favourable interest rates available. The Group manages its interest rate exposure by maintaining a prudent mix of fixed and floating rate borrowings. Hedging instruments such as interest rate swaps are also used where appropriate to minimise its exposure to interest rate volatility.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT (CONT'D)

Interest rate sensitivity

The sensitivity analysis below have been determined based on the exposures to interest rates for significant non-derivative instruments at the end of the reporting period and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period in the case of instruments that have floating rates.

At the end of the reporting period, it is estimated that a 50 basis point increase/decrease in interest rates would decrease/increase the Group's and the Company's profit before tax by approximately \$3.7 million and \$0.2 million respectively (2019: \$3.3 million and \$0.3 million respectively).

Foreign exchange risk management

The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures primarily with respect to United States dollars, Sterling pounds and Malaysian ringgit.

The Group maintains natural hedges, whenever possible, by borrowing in currencies that match the future revenue stream to be generated from its investments. Hedging instruments such as cross currency swaps are also used where appropriate to hedge its exposure to foreign exchange risk. Further details on the cross currency swaps are found in Note 21 to the financial statements.

At the reporting date, the significant carrying amounts of monetary assets and monetary liabilities denominated in currencies other than the respective group entities' functional currencies, after taking into consideration the cross currency swaps, are as follows:

	Group				Company			
	Liabilities		Assets		Liabilities		Assets	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000

4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT (CONT'D)

Foreign currency sensitivity

The sensitivity analysis uses a 10% increase and decrease in the functional currency against the relevant foreign currencies. The sensitivity analysis includes only significant outstanding foreign currency denominated monetary items not designated as hedge and adjusts their translation at the year end for a 10% change in foreign currency rates. The following table details the sensitivity to a 10% increase/decrease in the functional currency against the relevant foreign currencies. If the functional currency strengthens by 10% against the relevant foreign currency, profit before tax and other equity will increase (decrease) by:

	US dollar impact		Sterling pound impact		Euro dollar impact	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000
Group						
(Loss) Profit before tax	(57)	(401)	(13)	27	-	(13)
Other equity	2,724	1,549	934	(2,760)	-	3,488
Company						
(Loss) Profit before tax	(33)	7	(11)	32	-	-
	Malaysia ringgit impact		Japanese yen impact			
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000

Profit before tax	-	-	-	-	-	10
Other equity	(660)	(789)	-	-	-	-
Company						
Profit before tax	-	-	-	-	-	10

If the functional currency weakens by 10% against the relevant foreign currency, profit before tax and other equity will (increase) decrease by the same amounts.

Credit risk management

The Group has a diversified portfolio of businesses and at the end of the reporting period, there was no significant concentration of credit risk with any entity. The Group has guidelines governing the process of granting credit as a service or product provider in its respective segments of business. The Group and the Company have considered the credit quality of the advances and receivables and determined that the credit loss is low except as disclosed.

The carrying amount of advances and receivables (including cash and bank balances) represents the maximum credit risk exposure for the Group and the Company at the end of the reporting period.

The Group develops and maintains its credit risk gradings to categorise exposures according to their degree of risk of default. The Group uses its own trading records to rate its major customers and other debtors.

4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT (CONT'D)

The Group's current credit risk grading framework comprises the following categories:

Category	Description	Basis for recognising ECL
Performing	The counterparty has a low risk of default and does not have any past due amounts.	12-month ECL
Doubtful	Amount is >30 days past due or there has been a significant increase in credit risk since initial recognition unless the Group has reasonable and supportable information to indicate that amount is subject to low credit risk.	Lifetime ECL – not credit-impaired
In default	Amount is >90 days past due or there is evidence indicating the asset is credit-impaired and adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate.	Lifetime ECL – credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery.	Amount is written off

The table below details the credit quality of the Group's and the Company's financial assets as well as maximum exposure to credit risk by credit risk rating grades:

Liquidity risk management

The Group actively manages its debt maturity profile, operating cash flows and availability of funding so as to ensure that all refinancing, repayment and funding needs are met. As part of its overall prudent liquidity management, the Group maintains sufficient level of cash or cash convertible investments to meet its working capital requirement. In addition, the Group strives to maintain available banking facilities of a reasonable level to its overall debt position.

The Group and the Company have provided corporate guarantees of approximately \$528 million (2019: \$452 million) and \$998 million (2019: \$930 million) respectively to financial institutions in respect of credit facilities granted to certain jointly controlled entities and certain subsidiaries respectively at the end of the reporting period.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT (CONT'D)

The Group and the Company are exposed to credit risk in respect of the corporate guarantees they have provided. To mitigate the risk, management continually monitors the risk and has established processes including performing credit evaluations of the jointly controlled entities and subsidiaries. The maximum exposure to credit risk in respect of these financial guarantees at year end is as disclosed above. These guarantees are subject to the impairment requirements of SFRS(I) 9. The Group and the Company have assessed that these jointly controlled entities and subsidiaries have the financial capacity to meet the contractual cash flow obligations in the near future and hence, does not expect significant credit losses arising from these guarantees.

The earliest period that the corporate guarantees could be called is within 1 year (2019: 1 year) from the end of the reporting period. Based on expectations at the end of the reporting period, the Group and the Company consider that it is more likely than not that no amount will be payable under the arrangements. However, this estimate is subject to change depending on the probability of the counterparty claiming under the guarantee which is a function of the likelihood that the financial receivables held by the counterparty which are guaranteed suffer credit losses. The Group and the Company have also obtained bankers' guarantees as disclosed in Note 19.

The Group's financial assets are due on demand or within 1 year. The Company's financial assets are due on demand or within 1 year except for non-current advances to subsidiaries (Note 14).

Market risk management

Market risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices whether those changes are caused by factors specific to quoted securities or factors affecting all securities traded in the market.

The Group has invested in various securities. The valuations and liquidity of these investments are subject to market risk.

At the end of the reporting period, it is estimated that a 10% change in market prices would have an impact on the Group's profit before tax and equity for the year by approximately \$13.2 million (2019: \$13.6 million) and \$0.1 million (2019: \$0.1 million) respectively.

Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value.

The total capital of the Group as at the end of the reporting period is represented by the "Equity attributable to owners of the Company" as presented on the statements of financial position.

The Group manages its capital structure and makes adjustment to it, in the light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives during the years ended December 31, 2020 and 2019.

Fair values of financial assets and financial liabilities

The carrying amounts of cash and bank balances, trade and other current receivables and payables, provisions and other liabilities approximate their respective fair values due to the relatively short-term maturity of these financial instruments.

The carrying amounts of long-term financial liabilities and financial assets comprising mainly long-term borrowings and certain advances to subsidiaries approximate their respective fair values as they are based on interest rates that approximate market interest rates, except as disclosed in Note 19(a). The carrying amounts of certain advances to subsidiaries which are interest-free approximate their fair values as the effect of discounting is not expected to be significant.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT (CONT'D)

The fair values of other classes of financial assets and liabilities are determined as follows:

- i) the fair value of financial assets and financial liabilities traded on active liquid markets are determined with reference to quoted market prices; and
- ii) the fair value of unquoted financial instruments are determined in accordance with Note 15.

The table below analyses financial instruments carried at fair value, by valuation method.

	Total \$'000	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000
Group

* The key unobservable input used to determine this fair value is the net asset value. The higher the net asset value, the higher the fair value of the investments.

** Derivative financial instruments of the Group and the Company are valued using valuation techniques with market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models, using present valuation calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rate.

Total	63,591	64,716	19,025	17,088

As at December 31, 2020, the Group is eligible for the Job Support Scheme (“JSS”), a Singapore government grant announced to provide wage support to employers to help them retain their local employees (Singapore citizens and Permanent Residents) during the period of economic uncertainty caused by the COVID-19 pandemic. The Group has fulfilled the conditions to receive the grant, hence a grant receivable and a deferred grant income (Note 20) was recognised as at the end of the reporting period.

Interest is charged at rates ranging from 14% to 18% (2019: 14% to 18%) per annum on certain overdue trade balances. Trade receivables are provided for based on estimated irrecoverable amounts from the sale of goods and services, determined by reference to past default experience and objective evidence of impairment which includes ageing of receivables and the financial condition of the debtor.

In determining the recoverability of a trade receivable, the Group considers any change in the credit quality of the trade receivable. The concentration of credit risk is limited due to the customer base being large and unrelated to one another.

Included in the Group’s trade receivables balance are debtors with a carrying amount of \$4.0 million (2019: \$3.5 million) which are past due as at the end of the reporting period for which the Group has not provided as there has not been a significant change in credit quality and the amounts are still considered recoverable. The average age of these receivables is 67 days (2019: 56 days).

Loss allowance for trade receivables has been measured at an amount equal to lifetime ECL. The ECL on trade receivables are estimated by reference to past default experience of the debtor and an analysis of the debtor’s current financial position, adjusted for factors that are specific to the debtors and general economic conditions of the industry in which the debtors operate.

A trade receivable is written off when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery. Hence, an amount of \$37,000 (2019: \$11,000) was written off during the financial year.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020

8. TRADE AND OTHER RECEIVABLES (CONT'D)

The table below shows the movement in lifetime ECL that has been recognised for trade receivables in accordance with the simplified approach set out in SFRS(I) 9:

	Group		Company	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000

Balance at end of year	1,431	1,349	49	17

For the purpose of impairment assessment, the other receivables is considered to have low credit risk as there has been no significant increase in the risk of default since initial recognition. In determining the ECL, management has taken into consideration the cash receipts, adjusted for factors that are specific to the counterparties and general economic conditions of the industry and assessed that the receivables is subject to immaterial credit loss.

(1) In 2019, equity contribution of \$6,504,000 was made in an associate of the Group in which a director is deemed to have interest.

(2) Advances to associates are in substance net investment.

For the purpose of impairment assessment, the amount due from associates (classified as current asset) are considered to have low credit risk as there has been no significant increase in the risk of default since initial recognition. In determining the ECL, management has taken into account the financial position of the associates, adjusted for factors that are specific to the associates and general economic conditions of the industry in which the associate operates, in estimating the probability of default of the advances as well as the loss upon default and determines the advances to associates are subject to immaterial credit loss.

As at December 31, 2020, the amount due from associates (current) to the Group and the Company of \$7,436,000 (2019: \$7,801,000) and \$5,217,000 (2019: \$5,217,000) respectively are unsecured, interest-free and repayable on demand, except for the amount of \$897,000 (2019: \$867,000) due to the Group which bears interest at 6.0% (2019: 6.0%) per annum.

(1) During the financial year, equity contribution of \$64,829,000 (2019: \$32,266,000) was made in a jointly controlled entity of the Group in which certain directors are deemed to have interest.

(2) Advances to jointly controlled entities are in substance net investment.

For the purpose of impairment assessment, the amount due from jointly controlled entities (classified as current asset) are considered to have low credit risk as there has been no significant increase in the risk of default since initial recognition. In determining the ECL, management has taken into account the financial position of the jointly controlled entities, adjusted for factors that are specific to the jointly controlled entities and general economic conditions of the industry in which the jointly controlled entity operates, in estimating the probability of default of the advances as well as the loss upon default and determines the advances to jointly controlled entities are subject to immaterial credit loss.

As at December 31, 2020, the amount due from jointly controlled entities (current) to the Group of \$124,479,000 (2019: \$109,478,000) is unsecured, interest-free and repayable on demand.

During the financial year, advances of \$50,523,000 (2019: \$7,878,000) were made to jointly controlled entities of the Group in which a director is deemed to have interest.

Information relating to significant jointly controlled entities is shown in Note 38 to the financial statements.

Total	1,426,564	561,372

The non-current advances to subsidiaries of \$1,282,533,000 (2019: \$417,341,000) are unsecured, substantially non-trade in nature and have been classified as non-current assets as the Company does not expect repayment within 12 months from the end of the reporting date. These advances are interest-free except for the amount of \$340,694,000 (2019: \$417,341,000) which bears annual interest at rates ranging from 1.2% to 3.9% (2019: 2.5% to 3.9%) per annum.

The amounts due from subsidiaries (current) of \$212,894,000 (2019: \$915,144,000) are unsecured, interest-free and repayable on demand except for the amount of \$69,431,000 (2019: \$Nil) which bears annual interest at rates ranging from 1.2% to 3.9% per annum.

For the purpose of impairment assessment, the advances to/amount due from subsidiaries are considered to have low credit risk as the timing of payment is controlled by the Company taking into account cash flow management within the Group and there has been no significant increase in the risk of default on the advances since initial recognition. Accordingly, for the purpose of impairment assessment of the advances, the loss allowance is measured at an amount equal to 12-month expected ECL. In determining the ECL, management has taken into account the financial position of the subsidiaries, adjusted for factors that are specific to the subsidiaries and general economic conditions of the industry in which the subsidiary operates, in estimating the probability of default of the advances as well as the loss upon default and determines the advances to subsidiaries are subject to immaterial credit loss.

As at December 31, 2020, the amount due to subsidiaries of \$26,772,000 (2019: \$40,800,000) are unsecured, interest-free and repayable on demand. The advances from subsidiaries of \$273,197,000 (2019: \$282,356,000) bear interest at rates ranging from 1.0% to 3.1% (2019: 1.0% to 4.3%) per annum and are unsecured.

During the financial year, interest income from subsidiaries amounted to \$10,743,000 (2019: \$12,099,000).

Information relating to subsidiaries is shown in Note 36 to the financial statements.

The Group's investments in equity instruments and certain debt instruments have been designated as at FVTOCI or FVTPL on an investment-by-investment basis.

Certain investments in debt instruments have been classified as FVTOCI as they are held within a business model whose objective is both to collect the contractual cash flows and to sell the debt instruments, and they have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding.

The fair values of the unquoted equity shares are determined based on the net asset values of these investments which approximate the fair values. The fair values of the quoted equity shares and debt securities are determined based on market prices at the end of the reporting period. The quoted debt securities bear fixed interest ranging from 5.0% to 5.2% per annum and mature in 2024 and 2025.

During the financial year ended December 31, 2020, an impairment loss of \$2.1 million was recognised for certain hotel of the Group as the net carrying value of the hotel exceeded the recoverable amount. Recoverable amount was determined based on the independent professional valuation using discounted cashflow method and fair value measurement is categorised as Level 3 on the fair value hierarchy.

The Group considers certain unobservable inputs used by the independent valuer in determining the fair value measurement of the hotel as sensitive to the fair value measurement. A change in these inputs will have a corresponding increase/decrease in the fair valuation as follows:

- a) The higher the average daily rate, the higher the fair value;
- b) The higher the capitalisation rate which ranges from 11.5% to 11.75%, the lower the fair value; and
- c) The higher the terminal yield rate which ranges from 8.5% to 8.75%, the lower the fair value.

As at December 31, 2020, certain property, plant and equipment with total carrying amount of \$1,237 million (2019: \$1,066 million) were mortgaged to banks to secure credit facilities for the Company and respective subsidiaries of the Group.

Gross rental income and direct operating expenses arising from investment properties amounted to \$22.8 million (2019: \$26.0 million) and \$6.7 million (2019: \$8.1 million) respectively for the year ended December 31, 2020.

For the year ended December 31, 2020, fair value loss recognised amounted to \$28.2 million (2019: fair value gain of \$3.9 million).

As at December 31, 2020, certain investment properties amounting to approximately \$644 million (2019: \$671 million) were mortgaged to banks to secure credit facilities for the respective subsidiaries of the Group.

The fair values of the investment properties at December 31, 2020 and 2019 have been determined on the basis of valuations carried out at the respective year end dates by independent valuers having an appropriate recognised professional qualification based on income capitalisation approach and direct comparison method that reflects prevailing property market conditions and existing tenancies as at the respective dates.

Details of the investment properties and information about the fair value hierarchy as at December 31, 2020 are as follows:

	Total \$'000	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000

The Company has one class of ordinary shares which carries no right to fixed income and has no par value.

Options to subscribe for the Company's ordinary shares may be granted to executives of the Company under the Hotel Properties Employee Share Option Scheme 2010 ("Scheme 2010"). The scheme is administered by the Remuneration Committee. The exercise price of the granted options was determined based on the average last business done price for the shares of the Company for the five market days preceding the date of grant. The Remuneration Committee may at its discretion fix the exercise price at a discount not exceeding 20% to the above price. The vesting period is 2 years for options granted at a discounted exercise price, and 1 year for options granted without discount. The share options have a validity period of 10 years from the date of grant, unless they have been forfeited prior to that date.

Hedge reserve records the fair value changes on the derivative financial instruments designated as hedging instruments in cash flow hedges that are determined to be an effective hedge.

Option reserve represents the equity-settled share options and performance shares granted to employees. The reserve is made up of the cumulative value of services received from employees recorded on grant of equity-settled share options and performance shares. The expense for services received will be recognised over the vesting period.

The exchange fluctuation reserve is used to record foreign exchange differences arising from the translation of the financial statements of foreign subsidiaries whose functional currencies are different from that of the Group's presentation currency and exchange differences arising from translation of monetary items that form part of a net investment in a foreign entity.

26. OTHER RESERVES (CONT'D)

Other capital reserves include the cumulative fair value changes of financial assets at FVTOCI until they are derecognised, as well as reserve on consolidation which represents the difference between the fair value of the consideration paid and the amount by which the non-controlling interest are reduced during the acquisition of additional interests from non-controlling shareholders.

27. PERPETUAL CAPITAL SECURITIES

The Company issued \$150 million in aggregate principal amount of 4.650% perpetual capital securities on May 5, 2017 and \$160 million in aggregate principal amount of 4.40% perpetual capital securities on October 22, 2019. The securities are recorded at the proceeds received, net of direct issue costs.

The securities are perpetual and confer a right to receive distribution payments. Such distributions are payable semi-annually in arrear unless the Company, at its sole discretion, elect to defer any distribution in accordance with the conditions of the securities. The rates of distribution applicable to the securities are as follows:

- (i) for the \$150 million perpetual capital securities, from May 5, 2017 to May 5, 2022 (the "First Reset Date") at 4.650% per annum; from the First Reset Date to May 5, 2027 (the "Step-Up Date") at the applicable Reset Distribution Rates as defined in the conditions of the securities; and from the Step-Up Date to each subsequent reset date occurring on each date falling every five years after the Step-Up Date with each such date, a "Reset Date", the applicable Reset Distribution Rate as defined in the conditions of the securities.
- (ii) for the \$160 million perpetual capital securities, from October 22, 2019 to October 22, 2024 (the "First Reset Date") at 4.40% per annum; from the First Reset Date to October 22, 2029 (the "Step-Up Date") at the applicable Reset Distribution Rates as defined in the conditions of the securities; and from the Step-Up Date to each subsequent reset date occurring on each date falling every five years after the Step-Up Date with each such date, a "Reset Date", the applicable Reset Distribution Rate as defined in the conditions of the securities.

The securities constitute direct, unsecured and subordinated obligations of the Company and rank *pari passu* and without any preference or priority among themselves. The securities may be redeemed at the option of the Company on May 5, 2022 or October 22, 2024, as applicable, or on any distribution payment date thereafter and otherwise upon the occurrence of certain redemption events specified in the conditions of the securities.

The Group received wage support for local employees under the Jobs Support Scheme (“JSS”) from the Singapore Government in 2020, as part of the Government’s measures to support businesses during the period of economic uncertainty impacted by COVID-19. The Group assessed that there is reasonable assurance that it will comply with the conditions attached to the grants. Government grant income of \$11.6 million was recognised in profit or loss against Staff costs during the year, on a systematic basis over the period of uncertainty in which the related salary costs for which the grant is intended to compensate is recognised as expenses. Management has determined the period of uncertainty to be 17 months commencing from April 2020.

The Group received property tax rebate and cash grant from the Singapore Government in 2020 as part of the Singapore Government’s relief measures to help businesses deal with the impact from COVID-19 amounting to \$4.3 million for its commercial properties in Singapore. The full amount was passed on to the tenants as required. In addition, the Group is required to waive up to two months of rental for eligible tenants of its commercial properties under the Rental Relief Framework as mandated by the Singapore Government. The Group also received property tax rebate and cash grant amounting to \$4.4 million for its hotels in Singapore.

35. SEGMENT INFORMATION

- a) The segment information of the Group is organised into the following reportable segments:

Hotels

These refer mainly to the operations of the hotels and the shopping galleries of the Group as well as the provision of hotel management services. Income is derived mainly from the rental of rooms and shop units, sale of food and beverage and management fee.

Properties

These refer to the rental and sale operations on residential properties and commercial units. Sales and profit from the condominium development projects in Singapore are recognised based on percentage of completion method, and those from overseas projects are recognised based on completion of construction method.

Others

These refer to distribution and retail operations, activities on quoted and unquoted investments and others.

- b) The following segment information is prepared on the same basis as the Group's accounting policies described in Note 2:
- i) Segment revenue and expenses are revenue and expenses reported in the Group's income statement that either are directly attributable to a segment or can be allocated on a reasonable basis to a segment.
 - ii) Segment revenue and expenses include transfers between business segments. Inter-segment sales are charged at cost plus a percentage profit mark-up. These transfers are eliminated on consolidation. Share of results of associates and jointly controlled entities are allocated as they are specifically attributable to a segment.
 - iii) Segment assets are all operating assets that are employed by a segment in its operating activities and are either directly attributable to the segment or can be allocated to the segment on a reasonable basis. Segment assets exclude interest-producing assets. Investments in associates and jointly controlled entities are included as segment assets of the Group.
 - iv) Segment liabilities are all operating liabilities of a segment and are either directly attributable to the segment or can be allocated to the segment on a reasonable basis. Segment liabilities exclude interest-bearing liabilities and income tax liabilities.
 - v) Segment revenue and non-current assets are analysed based on the location of those assets.

39. IMPACT OF COVID-19

The COVID-19 pandemic has resulted in extensive travel restrictions with border closures and movement controls. In addition, some of the Group's operations were temporarily suspended. These have resulted in a negative impact to the Group's financial performance for 2020.

As the global COVID-19 situation remains very fluid as at the date on which these financial statements were authorised for issue, the Group is currently unable to estimate the financial impact to the Group's results for the financial year ending December 31, 2021. Notwithstanding this, the Group has assessed that the going concern basis of preparation for this set of financial statements remains appropriate.

CORPORATE GOVERNANCE REPORT

The Corporate Governance Report describes Hotel Properties Limited's ("HPL") corporate governance practices and structures that were in place during the financial year ended December 31, 2020 ("FY2020"), with specific reference to the principles and provisions of the Code of Corporate Governance 2018 (the "2018 Code"), and as applicable, the Listing Manual of the Singapore Exchange Securities Trading Limited ("SGX-ST") and the Singapore Companies Act. In his role with SGX, Mr. Wong was also a member of various collaboration councils set up by Singapore with various provinces in China to promote economic trade and investment activities. Prior to joining SGX in April 2006, Mr. Wong was part of the senior management team at OCBC Bank. Before OCBC Bank, Mr. Wong was with the Schroders Group for 20 years and held senior management positions with the group in various Asian countries. Mr. Wong also sits on the board of Mapletree North Asia Commercial Trust Management Ltd as an Independent Non-Executive Director.

Board Diversity Policy

The Board has a formal Board Diversity Policy, setting out its policy and framework for promoting diversity on the Board. The Board recognises that a diverse Board is an important element which will drive the Company's strategic objectives for sustainable development. This is achieved by enhancing the decision-making process of the Board through the perspectives derived from the various skills, business experience, industry discipline, gender, age, ethnicity and culture, geographical background and nationalities, tenure of service and other distinguishing qualities of the Directors. When reviewing and assessing the composition of the Board and making recommendations to the Board for the appointment of Directors, the Nominating Committee will consider all aspects of diversity in order to arrive at an optimum balanced composition of the Board. Having regard to the depth and breadth of commercial knowledge, management expertise as well as business experience of individual Directors, the Nominating Committee is of the view that the current Board comprises persons who, as a group, provide core competencies necessary to govern and manage the Company's affairs. Accordingly, the Nominating Committee is of the view that the current Board is appropriate in view of the nature and scope of the Company's operations.

CORPORATE GOVERNANCE REPORT

Board's Roles & Directors' Duties

Principle 1: Board's Conduct of its Affairs

For FY2020, the Board had met at least 2 times a year and as warranted by circumstances. The Company's Constitution provides for telephonic and videoconference meetings. The number of meetings held in the year and the attendance of the Directors are as follows:

Name of Directors	HPL Board	Audit Committee	Remuneration Committee	Nominating Committee	General Meetings of shareholders
	No. of Meetings held : 2	No. of Meetings held : 2	No. of Meetings held : 1	No. of Meetings held : 1	No. of Meetings held : 1

[#] Retired on June 4, 2020

All Directors exercise due diligence and independent judgement and make decisions objectively in the best interest of HPL Group. The principal responsibilities of the Board are to:

- approve the broad policies, strategies and financial objectives of the Company and monitor its performance;
- approve major funding proposals, investments, disposals and capital expenditure;
- review the Company's financial performance and authorising announcements issued by the Company;
- oversee and review the processes for evaluating risk policies, including the adequacy and effectiveness of internal controls and risk management;
- approve the nominations of Board Directors; and
- assume responsibility for corporate governance and compliance with the Companies Act (Chapter 50) of Singapore ("Companies Act") and the rules and requirements of regulatory bodies.

Matters which are specifically reserved for the full Board's decisions are those involving material acquisitions and disposals of assets, corporate or financial restructuring, share issuances and dividends. Additionally, the Board delegates certain of its functions to the Committee of Directors, Audit, Risk Management, Nominating and Remuneration Committees.

The Committee of Directors, established in May 1993, comprises 3 Directors, namely Messrs Ong Beng Seng, Christopher Lim Tien Lock and David Fu Kuo Chen. The Committee of Directors is governed by written terms of reference and is authorised and delegated by the Board to approve and/or carry into effect certain operational and administrative matters, as stipulated in the Regulations of the Committee of Directors.

CORPORATE GOVERNANCE REPORT

The Company worked closely with its company secretaries and professionals to provide its Directors with regular updates on relevant legal, regulatory and technical developments. Changes to regulations and accounting standards are monitored closely by Management. The Directors are provided with updates, reports and press releases issued by regulatory authorities and institutes on directors' duties and responsibilities, corporate governance, changes in financial reporting standards in Singapore, developments in Companies Act and Singapore Exchange Securities Trading Limited ("SGX-ST") Listing Rules, so as to update and refresh them on matters that may affect or enhance their performance as Board or Board Committee members. Appropriate external trainings will be arranged where necessary.

Upon the appointment of a new director, the Company will provide him/her with a formal letter, setting out his/her duties and obligations. Appropriate external trainings will be arranged for the newly appointed director where necessary. During FY2020, no new Director was appointed.

Conflict of Interest

In keeping with the Company's core values of ethics and integrity, the Board ensures that directors are not placed in situations where there is a conflict between their duties to the Company and their own personal interests. Where there is any director facing a conflict of interest, he or she discloses and recuses himself or herself from meetings and decisions involving the issue. Directors provide a disclosure of interests in transactions, property and offices at least annually or as and when such an interest occurs.

Dealings in securities

In compliance with Rule 1207 (19) of the SGX-ST Listing Manual, during FY2020, the Company issued half yearly reminders to its Directors, officers and employees on the restrictions in dealings in listed securities of the Company during the period commencing 1 month before the announcement of half year or full year financial results, and ending on the date of such announcements. Directors, officers and employees were also reminded not to trade in listed securities of the Company at any time while in possession of unpublished price sensitive information and to refrain from dealing in the Company's securities on short-term considerations.

Interested Person Transactions ("IPTs")

The Company has adopted an internal policy in respect of any transactions with interested persons and has set out procedures for review and approval of the Company's IPTs. Details of the significant IPTs for FY2020 are as follows:

Name of Interested Person	Aggregate value of all IPTs during the financial year ended December 31, 2020 (excluding transactions below \$100,000 and transactions conducted under the shareholders' mandate pursuant to Rule 920)	Aggregate value of all IPTs conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions below \$100,000)
*Associates of Mr. Ong Beng Seng / Mr. David Fu Kuo Chen	\$'000	\$'000
Rental income	6,445	-
Management fee income	775	-
Management fee expense	546	-

CORPORATE GOVERNANCE REPORT

All the above IPTs were done on commercial terms.

Note:

* “Associate” in relation to a director, chief executive officer or controlling shareholder means:

- his immediate family;
- the trustees of any trust of which he or his immediate family is a beneficiary or, in the case of a discretionary trust, is a discretionary object; and
- any company in which he and his immediate family together (directly or indirectly) have an interest of 30% or more.

Role of Chairman & Managing Director

Principle 3: Chairman and Chief Executive Officer

The Company has a separate Chairman and Managing Director. The Chairman is a non-executive and independent director who bears responsibility for the workings of the Board while the Managing Director is the most senior executive in the Company who bears executive responsibility for the management of the Company and Group. The Chairman, Managing Director and Group Executive Director set the Board meeting agenda in consultation with the other Directors. Both the Chairman and Managing Director are responsible for the adherence by Management with Corporate Governance policies as laid down by the Board. The Chairman and the Managing Director are not immediate family members.

BOARD AFFAIRS

Remuneration Matters

Principle 6: Procedures for Developing Remuneration Policies

Principle 7: Level and Mix of Remuneration

Principle 8: Disclosure on Remuneration

The Remuneration Committee was formed on November 1, 2002 and comprises 3 Directors, of whom 2, including the Chairman, are non-executive and independent Directors.

The Remuneration Committee is chaired by Mr. Arthur Tan Keng Hock. The other members are Mr. Wong Liang Ying and Mr. Ong Beng Seng. The Board is of the view that it is appropriate for the Group’s Managing Director, Mr. Ong Beng Seng to remain as a member of the Remuneration Committee as he does not receive monthly remuneration from the Group and is not eligible for grants under the Company’s Executive Share Option Scheme and Performance Share Plan.

The Remuneration Committee is governed by written terms of reference and its principal responsibilities are to:

- review periodically and recommend to the Board an appropriate framework of compensation practices to attract, retain and motivate management staff of the required calibre to manage the Group successfully;
- review and recommend senior management remuneration package and that of the executive Directors whose remuneration packages include a variable bonus component which is performance-related, and also stock options and performance shares which have been designed to align their interests with those of the shareholders;
- review Company’s obligations arising in the event of termination of executive Directors and key management personnel’s contract of service;
- review the recommendation of the executive Directors, for approval of the Board, the Directors’ fees and such payment as may be payable pursuant to Article 73 of the Company’s Constitution;
- administer the Hotel Properties Limited Performance Share Plan 2017 approved by the shareholders on April 27, 2017 (“HPL PSP 2017”); and
- administer the Hotel Properties Employee Share Option Scheme 2010 which was approved by the shareholders on April 29, 2010 (“Scheme 2010”).

CORPORATE GOVERNANCE REPORT

While none of the members of the Remuneration Committee specialises in the area of executive compensation, the Committee is entitled to have access to independent industry data and professional advice if necessary. Moreover, they have unrestricted access to the Company's records and information so as to enable them to carry out their duties.

For FY2020, there were no termination, retirement and post-employment benefits granted to Directors, the Managing Director and the top 5 key management personnel.

The remuneration for executive Directors and senior management is structured to link rewards to corporate and individual performance. The Company exercises its discretion and independent judgment in ensuring that the amount and mix of compensation are aligned with the interests of shareholders, in a manner that promotes stewardship and long term value creation. The overall level of remuneration is not considered to be excessive that will stimulate risk-taking behaviour beyond the Company's risk appetite.

The remuneration policy for executive Directors and senior management staff consists of both fixed and variable components. The fixed component includes salary and CPF contributions. The variable component comprises a bonus element, share options and performance shares which are performance-based. At the moment, the Company does not use any contractual provisions to reclaim incentive components of remuneration from Executive Directors and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company.

Except as disclosed in the Directors' Statement and Financial Statements, no material contracts (including loans) of the Company or its subsidiaries involving the interests of the any Directors or controlling shareholders subsisted at the end of the financial year or had been entered into since the end of the previous financial year.

Non-executive Directors are paid Directors' fees that are based on corporate and individual responsibilities and are subject to approval of the shareholders at the Annual General Meeting ("AGM") of the Company.

The Remuneration Committee recommends the payment of the Directors' fees, subject to approval by shareholders at the AGM.

Non-executive Directors have no service contracts and their terms are specified in the Constitution.

Details of remuneration and benefits of Directors for FY2020 are set out below:

Mr. William Fu Wei Cheng retired as a Director on June 4, 2020

CORPORATE GOVERNANCE REPORT

The key management team, together with the Managing Director, leads various departments and businesses segments, in accordance to their respective commercial and fiduciary roles. Their responsibilities include managing corporate affairs and executing duties with high standards of integrity and professionalism.

As the Company aims to promote a team-based performance culture to encourage collaboration and teamwork, team incentives have been integrated with organisational objectives to drive collective performance. Accordingly, the Company has decided not to disclose remuneration of its key management personnel, thereby minimising individual comparisons which may affect employee morale. Information relating to the remuneration of directors and other members of key management during the year has been disclosed in the Notes to Financial Statements on page 62 of this Annual Report. The Company believes that this will not be prejudicial towards shareholders' interest, as the quantum of remuneration and long-term incentives awarded to key management are aligned with the Company's strategic objectives. Additionally, the Remuneration Committee considers the overall business performance as well as the affordability of the payout for the Company, in order to determine the payout quantum for its key management personnel.

There is no employee who is a substantial shareholder of the Company or are immediate family members of a Director or the Managing Director or a substantial shareholder of the Company whose remuneration exceeds \$100,000 in the Group's employment for FY2020.

The Remuneration Committee administers the Scheme 2010 in accordance with the rules as approved by shareholders. Executive Directors (except Mr. Ong Beng Seng who is also a deemed substantial shareholder of the Company) were granted share options under the Scheme 2010 but not the non-executive Directors. The Company holds the view that, at this point in its development, the interests of maintaining the objectivity and independence of the non-executive Directors is best served by a cash-based remuneration package. The objectives of Scheme 2010 is to motivate the executives of the Group to optimise their performance standards and efficiency and to retain key executives whose contributions are important to the long term growth and profitability of the Group.

In addition to Scheme 2010, the shareholders have approved the HPL PSP 2017 on April 27, 2017 to give the Company greater flexibility to align the interests of the employees, especially key executives, with those of shareholders. It is also intended that the HPL PSP 2017 complements the Scheme 2010 in its continuing effects to reward, retain and motivate employees to achieve superior performance which creates and enhances economic value for shareholders.

Other details of Scheme 2010 and HPL PSP 2017 are found in the Directors' Statement.

Succession Planning

Principle 4: Board Membership

The Board supports the principle that Board renewal is a necessary and continual process, for good governance and ensuring that the Board has the skills, expertise and experience which are relevant to the evolving needs of the Company's business. The Board seeks to refresh its membership progressively and in an orderly manner. In this respect, Board succession planning is carried out through the annual review by the Nominating Committee of the Board's composition as well as when a Director gives notice of his or her intention to retire or resign. The outcome of that assessment is reported to the Board.

In terms of succession planning for key management personnel, the successors to the key positions are identified and development plans will be instituted for them. The Nominating Committee is kept aware of the succession and development plans of key management personnel.

CORPORATE GOVERNANCE REPORT

Board Membership & Performance

Principle 4: Board Membership

Principle 5: Board Performance

The Nominating Committee was formed on November 1, 2002 and currently comprises 3 non-executive Directors, of whom two are independent Directors. The Nominating Committee is chaired by Mr. Leslie Mah Kim Loong, a non-executive and independent Director. Mr. Mah is not associated with the substantial shareholders of the Company. The other members are Mr. Wong Liang Ying and Mr. David Fu Kuo Chen.

The Nominating Committee annually reviews the size and composition mix of the Board, various Committees and the independence of each Director. It is governed by written terms of reference that seek to establish an objective and transparent process for:

- the appointment or re-appointment of members of the Board and of the various Board Committees;
- evaluating and assessing the effectiveness of the Board as a whole, and the contribution by each individual Director to the effectiveness of the Board;
- reviewing and making recommendations to the Board on succession plans for Directors, in particular, the Chairman, Managing Director and key management personnel;
- determining the independence of Directors; and
- reviewing the multiple board representations of each Director individually (if any) to ensure that sufficient time and attention is given to the affairs of the Company.

The process for selecting, appointing, identifying and re-electing non-executive Directors to the Board is as follows:

- (a) The Nominating Committee will at least annually carry out proactive review of the Board composition and on each occasion that an existing non-executive Director gives notice of his intention to retire or resign. This is to assess the collective skills of non-executive Directors represented on the Board to determine whether the Board, as a whole, has the skills required to achieve the Company's strategic and operational objectives;
- (b) In carrying out the review, the Nominating Committee will take into account that the Board composition should reflect balance in matters such as skill representation, tenure, experience, age spread and diversity;
- (c) The Nominating Committee will assist to identify suitable candidates for appointment to the Board having regard to the skills required and the skills represented on the Board;
- (d) External consultants may be used from time to time to access a wide base of non-executive Directors;
- (e) The Nominating Committee will make recommendations to the Board on candidates it considers appropriate for appointment. New Directors are appointed by way of board resolutions;
- (f) With regard to the re-election of existing Directors each year, the Nominating Committee will advise the Board of those Directors who are retiring in accordance with the provisions of the Articles of the Company;
- (g) The Nominating Committee will make recommendations to the Board as to whether the Board should support the re-election of a Director retiring in accordance with the provisions of the Articles; and
- (h) In making recommendations, the Nominating Committee will undertake a process of review of the retiring non-executive Director's performance during the period in which the non-executive Director has been a member of the Board.

The above process will be reviewed periodically at the discretion of the Board.

New Directors will submit themselves for re-election at the forthcoming AGM of the Company. Article 80 of the Company's Constitution requires at least one third of the Board to retire by rotation at every AGM. All directors shall retire at least once every 3 years.

CORPORATE GOVERNANCE REPORT

With effect from January 1, 2019, all directors, including the executive directors, must submit themselves for re-nomination and re-appointment at least once every 3 years, in accordance to Rule 720(5) of the SGX-ST Listing Manual.

Accordingly, the directors due for re-nomination and re-appointment at the forthcoming AGM under Rule 720(5) of the SGX-ST Listing Manual/Article 80 of the Company's Constitution are Messrs Christopher Lim Tien Lock, David Fu Kuo Chen and Leslie Mah Kim Loong. All the retiring Directors have offered themselves for re-election.

After assessing the contribution and performance of the retiring Directors, the Nominating Committee has recommended the re-election of Messrs Christopher Lim Tien Lock, David Fu Kuo Chen and Leslie Mah Kim Loong at the forthcoming AGM. The Board has accepted the recommendations of the Nominating Committee.

Each member of the Nominating Committee abstains from voting on any resolutions and making any recommendation and/or participating in respect of matters in which he is interested.

Information relating to Directors seeking re-election as set out in Appendix 7.4.1 to the SGX-ST Listing Manual, is set out on pages 132 to 134.

For the purpose of its evaluation of the directors' performance, the Nominating Committee focuses on whether the Directors, individually or collectively possesses the background, experience, competencies in finance and management skills critical to the Company's business as well as whether each director, with his special contributions, brings to the Board an independent and objective perspective to enable sound, balanced and well-considered decisions to be made.

The Nominating Committee has adopted a system of assessing the effectiveness of the Board as a whole and the contribution of each Director to the effectiveness of the Board. Board Assessment is conducted by the external company secretary and a consolidated report is submitted to the Nominating Committee. The Board assessment as a whole considered the following key performance criteria:

- Board size and composition;
- Effectiveness of Board processes;
- Board performance in fulfilling fiduciary and supervisory duties; and
- Board committee performance.

The assessment of individual directors considered the following key performance criteria:

- Directors' duties;
- Level of commitment (including attendance records, level of preparation for meetings);
- Technical expertise (e.g. financial, business-specific competencies); and
- Inter-personal relationships with other Directors and senior management.

The Nominating Committee is responsible for assessing the independence of the Directors on an annual basis. Each Director is required to complete a Confirmation of Independence checklist, which is drawn up in accordance with the guidelines provided by the 2018 Code and the SGX-ST Listing Rules, and the Nominating Committee requires each Independent Director to complete and execute a form declaring and affirming his own independence and confirming that there exist no conditions that would impair his independence. This declaration of independence is tabled before the Nominating Committee, and if accepted, the Director's independence is then recommended by the Nominating Committee to the Board.

CORPORATE GOVERNANCE REPORT

As at December 31, 2020, Mr. Arthur Tan Keng Hock and Mr. Leslie Mah Kim Loong have served on the Board for more than 9 years from the date of their first appointment. The board together with the Nominating Committee, had taken more critical measures to ascertain the independence of Mr. Tan and Mr. Mah by monitoring, measuring and reviewing their contribution in terms of their experience, expertise, professionalism, integrity, objectivity and independent judgement in engaging and challenging Management in the best interests of the Company as they perform their duties in good faith. After due and careful rigorous review, the Board (with both Mr. Tan and Mr. Mah abstaining from the review), with the concurrence of the Nominating Committee, has determined that both Mr. Tan and Mr. Mah are to be considered independent notwithstanding that they have served on the Board beyond 9 years as they have continued to demonstrate strong independence in character and judgement in the discharge of their responsibility as independent Directors of the Company, with utmost commitment in upholding the interest of non-controlling shareholders. They have continued to express their individual viewpoints, debated issues and objectively scrutinised and challenged Management on issues they deem necessary. They have also sought clarification and amplification as and when necessary, including through direct access to Management and they are able to exercise objective judgment on corporate matters independently, in particular from Management and substantial shareholders, notwithstanding that they have served more than 9 years on the Board.

Based on their declarations, both Mr. Tan and Mr. Mah do not have relationships or circumstances that are likely to affect or that could affect their judgement that could compromise their independence on board matters.

Taking into account the above after due consideration and careful assessment, and also having weighed the need for Board refreshment against tenure for relative benefit, the Nominating Committee and the Board are of the view that both Mr. Tan and Mr. Mah continue to be considered independent directors notwithstanding that they have each served on the Board for more than 9 years.

With effect from January 1, 2022, a director will not be independent if he has served for an aggregate of more than 9 years and his continued appointment as an independent director has not been sought and approved in separate resolutions by (a) all shareholders and (b) shareholders, excluding the directors and chief executive officer of the issuer, and associates of such directors and chief executive officer (the "Two-Tier Voting"). Such resolutions approved by a Two-Tier Voting may remain in force for 3 years from the conclusion of the annual general meeting following the passing of the resolutions or the retirement or resignation of the director, whichever the earlier.

The Board has recommended that the approval of the shareholders be sought through a Two-Tier Voting process at the forthcoming AGM for Mr. Tan and Mr. Mah to continue in office as independent non-executive directors of the Company, notwithstanding that they have each served as an independent non-executive director of the Company for an aggregate term of more than 9 years.

The Board has determined that Mr. Tan continues to remain objective and independent-minded in Board deliberations. As Chairman of the Board, he continues to provide stability to the Board and the Group has benefited from his counsel and he has, over time, not only gained valuable insight into the Group, its business, markets and industry but has brought the breadth and depth of his business experience to the Company. His length of service has not in any way interfered with his exercise of independent judgment nor hindered his ability to act in the best interests of the Company.

The Board has also determined that as a Chairman of the Audit Committee, Mr. Mah continues to remain impartial and he is able to bring independent and objective judgements to the Board. His vast experience enables him to provide the Board and the various Board Committees on which he serves, with pertinent counsel and guidance to facilitate sound decision-making. More importantly, the Board trust that Mr. Mah is able to discharge his duties independently with integrity and competency.

CORPORATE GOVERNANCE REPORT

The Nominating Committee has assessed that each Director in the Company is able to and has been adequately carrying out his duties as a Director of the Company, taking into consideration the Director's number of listed company board representations and other principal commitments.

The Board is of the view that setting a maximum number of listed company board representations would not be meaningful as the contributions of the Directors would depend on many other factors such as whether they were in full time employment and their other responsibilities.

Access to information

Principle 1: Board's Conduct of its Affairs

In order to ensure that the Board is able to fulfil its responsibilities, Management provides the Board with half yearly financial statements, all relevant information on material events and transactions are circulated to Directors as and when they arise. Whenever necessary, senior management staffs are invited to attend the Board/Committee meetings to answer queries and provide detailed insights into their areas of responsibilities.

Where a decision has to be made before a Board meeting, a Directors' resolution is circulated in accordance with the Constitution of the Company and the Directors are provided with all necessary information to enable them to make informed decisions.

In addition, Directors have separate and independent access to the advice and services of the company secretary, who is responsible to the Board for ensuring board procedures are followed and advising on the implementation of compliance requirements pursuant to the relevant statutes and regulations. The company secretary assists in scheduling Board and Committee meetings and prepares agenda in consultation with the Board Chairman, Committee Chairman and Executive Directors. The company secretary attends all Board and Committee meetings and prepares minutes. The appointment and removal of the company secretary is a matter for the Board as a whole.

Each Director also has the right to seek independent legal and other professional advice, at the Company's expense, concerning any aspect of the Company's operations or undertakings in order to fulfil their roles and responsibilities as Directors.

In line with the SGX-ST Listing Manual, the Board provides a negative assurance statement to the shareholders in its half-yearly financial statements announcements, confirming to the best of its knowledge that nothing had come to the attention of the Board which might render the financial statements false or misleading in any material aspect.

In addition, the Company, had pursuant to the amended Rule 720(1) of the SGX-ST Listing Manual, received undertakings from all its Directors and executive officers that they each shall, in the exercise of their powers and duties as Directors and officers comply with the best of their abilities with the provisions of the SGX-ST Listing Manual and will procure the Company to do so.

ACCOUNTABILITY AND AUDIT

Principle 9: Risk Management and Internal Controls

Risk Management and Internal Control Systems

The Board has received assurance from the Managing Director, Group Financial Controller and other Senior Management that (a) the financial records have been properly maintained and the financial statements give true and fair view of the Company's operations and finances and (b) regarding the effectiveness of the Company's risk management and internal control systems.

CORPORATE GOVERNANCE REPORT

The Audit Committee, together with Management meets with the internal auditors and external auditors to review accounting, auditing and financial reporting matters to ensure that an effective system of controls is maintained in the Company. The Audit Committee is tasked to oversee the implementation of an effective system of internal controls as well as putting in place a risk management framework to continually identify, evaluate and manage significant business risks of the Company. Since 2019, a separate Risk Management Committee had been established to provide oversight, guidance, direction, and necessary resources to support the implementation of an enterprise-wide Risk Management (“ERM”) policy, through the Finance Department. Such risk management activities includes setting and communicating the ‘tone from the top’, and ensuring effective implementation and compliance with the ERM policy.

The internal auditors and external auditors have, during the course of their audits, carried out a review of the effectiveness of key internal controls within the scope of their audits. Material non-compliance and internal control weaknesses noted during their respective audits and their recommendations are reported to the Audit Committee (if any). It was noted that there were no systemic issues to be highlighted. The Audit Committee has reviewed the internal auditors’ and external auditors’ comments and findings to ensure that there are adequate internal controls in the Company and follow up on actions implemented in their next audit review.

Based on the internal controls established and maintained by the Company, work performed by the internal and external auditors, and reviews performed by Management, the Board was satisfied that there were adequate and effective internal controls (including financial, operational, compliance and information technology controls) and risk management systems. The Audit Committee concurs with the Board’s comment.

The Board notes that the system of internal controls and risk management established by the Company provides reasonable, but not absolute, assurance that the Company will not be adversely affected by any event that can be reasonably foreseen as it strives to achieve its business objectives.

In this regard, the Board also notes that no system of internal controls and risk management can provide absolute assurance against the occurrence of material errors, poor judgment in decision-making, human error, losses, fraud or other irregularities.

Principle 10: Audit Committee

Audit Committee Mandate

The Audit Committee was formed in 1991 and was re-constituted on November 1, 2002 in compliance with the spirit of the 2018 Code.

The Audit Committee comprises three non-executive Directors namely, Mr. Leslie Mah Kim Loong, Mr. Arthur Tan Keng Hock and Mr. Wong Liang Ying, all of whom are independent Directors. The Audit Committee is chaired by Mr. Leslie Mah Kim Loong, a Life Member of the Institute of Singapore Chartered Accountants. The Board considers Mr. Leslie Mah, who has extensive and practical financial management knowledge and experience, is well qualified to chair the Audit Committee. The Board is satisfied that the Audit Committee members, collectively have many years of experience in accounting, finance and business management and are appropriately qualified to discharge their responsibilities. The Audit Committee does not comprise former partners or directors of the Company’s existing auditing firm or auditing corporation.

CORPORATE GOVERNANCE REPORT

The Audit Committee is governed by written terms of reference under which it performs the following main functions:

- reviews with the external auditors, the audit plan, impact of new, revised or proposed changes in accounting standards, significant financial reporting issues and results of their examination and evaluation of accounting controls;
- reviews with the internal auditors, the scope and results of internal audit procedures and their evaluation of the internal control systems;
- reviews the half-yearly and full year announcements of the results and financial position of the Company and the Group and the financial statements of the Company and consolidated financial statements of the Group prior to their submission to the Board;
- reviews interested person transactions;
- reviews the co-operation given by the Company's officers to the internal and external auditors;
- makes recommendations to the Board on the appointment of the internal and external auditors;
- reviews with the external and internal auditors the adequacy and effectiveness of the Group's internal control systems within the scope of their audits, including financial, operational, compliance and information technology controls;
- reviews the independence of the external auditors annually and the aggregate amount of fees paid to the external auditors for that financial year; and
- commissions and reviews the findings of internal investigations into matters where there is any suspected fraud or irregularity or failure of internal controls or infringement of any law, rule or regulation which is likely to have a material impact on the Company's operating results or financial position.

The Audit Committee meets with the internal and external auditors separately (without the presence of the Company's Management) at least once a year to review any matter that might be raised.

The Audit Committee received co-operation from Management and was not obstructed or impeded by Management in carrying out its functions during the year. Throughout the year, there was no instance of any suspected misdeed or irregularity, which was likely to have a material impact on the Group's operating results and financial position.

The Audit Committee has full discretion to invite any Director or executive officer of the Company to attend its meetings.

To keep abreast of the changes in financial reporting standards and related issues which have a direct impact on financial statements, discussions are held with the external auditors where applicable when they attend the Audit Committee meetings half-yearly.

The Audit Committee reviewed the scope and results of the audit carried out by the external auditors, the independence and objectivity of the external auditors. The Audit Committee has conducted an annual review of all non-audit services by the external auditors to satisfy itself that the nature and extent of such services will not prejudice the independence and objectivity of the auditors. The fees paid to the external auditors are disclosed on page 83 of this Annual Report.

CORPORATE GOVERNANCE REPORT

The Company has complied with Rules 712, 715 and 716 of the SGX-ST Listing Manual in relation to its auditors. The Audit Committee has recommended to the Board the nomination of Deloitte & Touche LLP for re-appointment as external auditors of the Company at the forthcoming AGM.

Significant financial statement reporting matter

The external auditors have included Valuation for Investment Properties as a Key Audit Matter (“KAM”) in the auditor’s report for FY2020. The Audit Committee discussed the KAM with the external auditors and concurred with the basis and conclusions to be included in the auditors’ report. For more information on the KAM, please refer to page 22 of this Annual Report.

Internal Audit

The internal audit function is currently outsourced to One e-Risk Services Pte Ltd (“One e-Risk”) which reports directly to the Audit Committee. The internal auditors are guided by the International Standards for the Professional Practice of Internal Auditing (IIA Standards) issued by the Institute of Internal Auditors. The internal auditors support the Audit Committee in their role to assess the effectiveness of the Company’s overall system of operational and financial controls. Having regard to the adequacy of resources and experience of One e-Risk and the assigned engagement team, number and experience of supervisory and professional staff assigned to the internal audits, the Audit Committee is satisfied that the internal audit function is staffed by suitably qualified and experienced professionals with the relevant experience. The Audit Committee is also satisfied that the internal audit function is independent, effective and adequately resourced.

The Audit Committee reviews and approves the internal audit plan proposed by the internal auditors. Material non-compliance and internal control weaknesses noted during the internal audits are reported together with the internal auditors’ recommendations to the Audit Committee. There were no material weaknesses identified by the Board or the Audit Committee for FY2020.

Whistle-blowing

The Company has in place a Whistle-Blowing Policy (“Policy”), which provides an independent feedback channel that is directed to the Audit Committee Chairman, through which matters of concern about possible improprieties such as suspected fraud, corruption, dishonest practices, may be reported in good faith, without fear of reprisal. Appropriate investigation and follow up action will be taken on any such report, and the Audit Committee will be duly informed. There have been no reported incidents pertaining to whistle-blowing for FY2020.

SHAREHOLDER & STAKEHOLDER ENGAGEMENT

Principle 11: Shareholder Rights and Engagement

Dividend Policy

The Company does not have a fixed dividend policy. The frequency and amount of dividends will depend on the Company’s earnings, general financial condition, results of operations, capital requirements, cash flow and general business conditions, development plans and other factors as the Directors may deem appropriate. Notwithstanding the above, the Company has been declaring final dividends at year end. Any payouts are clearly communicated to shareholders via announcements on SGXNET when the Company releases its financial results.

CORPORATE GOVERNANCE REPORT

Investor Relations

In view of the current COVID-19 situation, the forthcoming AGM to be held in respect of FY2020 will be convened and held by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (the “Alternative Arrangements”). The Alternative Arrangements relating to attendance at the AGM via electronic means i.e. live audio-visual webcast or live audio-only stream, submission of questions to the Chairman of the Meeting in advance of the AGM, addressing of substantial and relevant questions at the AGM (if any) and appointing the Chairman of the Meeting as the proxy at the AGM, will be put in place. In accordance with the Alternative Arrangements, the Minutes of AGM will be published within one month after the AGM to be held in respect of FY2020 on SGXNET and the Company’s website.

All shareholders of the Company receive the Annual Report and Notice of AGM which can be accessed from the Company’s website. The Company provides shareholders with the opportunity to participate effectively in and vote at general meetings of shareholders and informs them of the rules governing general meetings of shareholders. At general meetings of the Company, shareholders have the opportunity to vote in person or by proxy, would be informed of the voting procedures. At AGMs, shareholders are given the opportunity to air their views and ask questions regarding the Company and its businesses. The Chairman of each of the Audit Committee, Nominating Committee and Remuneration Committee, external auditors, Management are also present to address shareholders’ queries. The Company currently does not publish minutes of general meetings of shareholders on its corporate website as minutes of general meetings which include substantial comments or queries from shareholders and responses from the Board, are available to shareholders upon written request.

The Company tables separate resolutions at general meetings of shareholders on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. Where the resolutions are “bundled”, the Company explains the reasons and material implications in the notice of meeting.

To promote greater transparency and equitable standards of participation, the Company has conducted the voting of all its resolutions by employing electronic poll voting for all its resolutions passed at its AGM held since 2016. The detailed results of the electronic poll voting on each resolution tabled at the AGM, including the total number of votes cast for or against each resolution tabled, were released immediately at the AGM and announced to SGX-ST via SGXNET thereafter.

Except for a member who is a relevant intermediary as defined under Section 181(6) of the Companies Act, a member is entitled to appoint not more than two (2) proxies to attend and vote on his behalf. A “Relevant Intermediary” means:

- (i) a banking corporation licensed under the Banking Act of Singapore (Chapter 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
- (ii) a person holding a capital markets services license to provide custodial services for securities under the Securities and Futures Act of Singapore (Chapter 289), and who holds shares in that capacity; or
- (iii) the Central Provident Fund Board established by the Central Provident Fund Act of Singapore (Chapter 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Central Provident Fund Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

CORPORATE GOVERNANCE REPORT

For FY2020, the Company was not able to implement absentia voting methods such as voting via emails or fax since security, integrity of the information, authentication of the identity of shareholders and other pertinent issues have not been satisfactorily resolved. The Company will take into account any measures and legislations that may be introduced by the relevant authorities as a result of the current environment in formulating the framework and procedures to effect additional methods of voting.

Principle 12: Engagement with Shareholders

Communication with Shareholders

The Company is committed to treat all shareholders fairly and equitably, and keep all its shareholders and other stakeholders informed of its corporate activities, including changes in the Company or its business which would be likely to materially affect the price or value of its shares, on a timely basis. Price sensitive announcements including half yearly and full-year results are released through SGXNET and subsequently posted on the Company's website.

Results and annual reports are announced or issued within the mandatory period, through the 'Investor Relations' section found on the corporate website. The Company makes available all media releases, financial results, annual reports, SGXNET announcements and other corporate information relating to the HPL Group on its corporate website <https://www.hotelprop.com.sg>. Members of the public may communicate with the Company via the 'Contact us' section of the Company's corporate website.

Principle 13: Managing Stakeholder Relationships

Business Conduct and Ethics

The Company has in place a Code of Business Conduct which sets out the business practices, standards and ethical conduct expected of all employees in the course of their employment with the Company. The Code of Business Conduct covers various aspects of the business operations of the Company such as conflicts of interest, fraud, and workplace discrimination. In addition, all employees are required to observe and maintain high standards of integrity in carrying out their roles and responsibilities, and to comply with relevant and applicable laws and regulations, as well as with Company policies.

Sustainability Strategy

Management understands the increasing importance of sustainability in all areas of the business. It adopts an integrated approach of evaluating the Company's sustainability performance in tandem with the Company's objectives. The Company publishes an annual Sustainability Report that provides more details on its Environmental, Social and Governance ("ESG") activities and identifies the key aspects through material assessment by relevant stakeholders (Guests, Investors and Management, Employees, Local Community and Suppliers). The key aspects are occupational health and safety, training and education of employees, energy and water consumption. More information on the material ESG matters and their corresponding targets are available in the Company's Sustainability Reports published on its corporate website, <https://www.hotelprop.com.sg>. The Group will be issuing its full standalone 2020 Sustainability Report by May 31, 2021.

NOTICE OF ANNUAL GENERAL MEETING

11. That pursuant to Section 161 of the Companies Act, Cap 50 and the Listing Rules of SGX-ST, authority be and is hereby given to the Directors to: **Resolution 11**

- (A) (i) issue shares in the capital of the Company (“**shares**”) whether by way of rights, bonus or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, “**Instruments**”) that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may, in their absolute discretion, deem fit; and

- (B) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

provided that:

- (i) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) shall not exceed 50 per cent. of the total number of issued shares in the capital of the Company excluding treasury shares and subsidiary holdings of the Company (as calculated in accordance with paragraph (ii) below), of which the aggregate number of shares to be issued other than on a *pro rata* basis to shareholders of the Company shall not exceed 20 per cent. of the total number of issued shares in the capital of the Company excluding treasury shares and subsidiary holdings of the Company (as calculated in accordance with paragraph (ii) below);
- (ii) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under paragraph (i) above, the total number of issued shares excluding treasury shares and subsidiary holdings of the Company shall be based on the total number of issued shares excluding treasury shares and subsidiary holdings of the Company at the time this Resolution is passed, after adjusting for:
- (a) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this Resolution is passed; and
- (b) any subsequent bonus issue or consolidation or subdivision of shares.
- (iii) (unless revoked or varied by the Company in General Meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier. [See Explanatory Note (d)]

NOTICE OF ANNUAL GENERAL MEETING

12. That:

Resolution 12

- (a) for the purposes of the Companies Act, Cap 50 (the “**Companies Act**”), the exercise by the Directors of all the powers of the Company to purchase or otherwise acquire issued ordinary shares (“**Share Buy-Backs**”) in the capital of the Company (“**Shares**”) not exceeding in aggregate the Prescribed Limit (as hereinafter defined), at such price(s) as may be determined by the Directors from time to time up to the Maximum Price (as hereinafter defined), whether by way of:
- (i) an on-market Share Buy-Back (“**Market Share Buy-Back**”) transacted through Singapore Exchange Securities Trading Limited’s (the “**SGX-ST**”) trading system; and/or
 - (ii) an off-market Share Buy-Back (“**Off-Market Share Buy-Back**”), otherwise than on a securities exchange, effected in accordance with an equal access scheme(s) as may be determined or formulated by the Directors as they may consider fit, which scheme(s) shall satisfy all conditions prescribed by the Listing Manual of the SGX-ST and the Companies Act,

and otherwise in accordance with the applicable provisions of the Companies Act and the Listing Manual of the SGX-ST, be and is hereby authorised and approved generally and unconditionally (the “**Share Buy-Back Mandate**”);

- (b) unless varied or revoked by the Company in general meeting, the authority conferred on the Directors pursuant to the Share Buy-Back Mandate may be exercised by the Directors at any time and from time to time during the period commencing from the date of the passing of this Resolution and expiring on:
- (i) the date on which the next annual general meeting of the Company (“**AGM**”) is held or required by law to be held; or
 - (ii) the date on which the purchases or acquisitions of Shares pursuant to the Share Buy-Back Mandate are carried out to the full extent mandated,

whichever is the earlier;

- (c) in this Resolution:

“**Prescribed Limit**” means 10% of the total number of Shares (excluding any treasury shares that may be held by the Company and subsidiary holdings) as at the date of passing of this Resolution unless the Company has effected a reduction of the share capital of the Company in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period (as hereinafter defined), in which event the total number of Shares shall be taken to be the total number of Shares as altered (excluding any treasury shares that may be held by the Company and subsidiary holdings from time to time);

“**Relevant Period**” means the period commencing from the date of passing of this Resolution and expiring on the date the next AGM is held or is required by law to be held, whichever is the earlier, after the date of this Resolution;

NOTICE OF ANNUAL GENERAL MEETING

“**Maximum Price**” in relation to a Share to be purchased or acquired, means the purchase price (excluding brokerage, commission, applicable goods and services tax and other purchase-related expenses) to be paid for a Share, which shall not exceed:

- (i) in the case of a Market Share Buy-Back, 5% above the average of the closing market prices of the Shares over the last 5 Market Days (a “**Market Day**” being a day on which the SGX-ST is open for trading of securities) on the SGX-ST on which transactions in the Shares were recorded, before the day of the Market Share Buy-Back by the Company, and deemed to be adjusted for any corporate action that occurs during such 5-day period and the day on which the Market Share Buy-Back was made; and
- (ii) in the case of an Off-Market Share Buy-Back pursuant to an equal access scheme, 30% above the average of the closing market prices of the Shares over the last 5 Market Days on the SGX-ST on which transactions in the Shares were recorded, before the date on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from shareholders, stating the purchase price for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Share Buy-Back (“**date of the making of the offer**”), and deemed to be adjusted for any corporate action that occurs during such 5-day period and the date of the making of the offer; and
- (d) the Directors and/or any of them be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they and/or he may consider necessary or expedient to give effect to the transactions contemplated by this Resolution. [See Explanatory Note (e)]

Notice is hereby given that the Transfer Books and Register of Members of the Company will be closed on May 7, 2021 at 5.00 p.m. for the purpose of determining shareholders’ entitlements to the proposed first and final one-tier tax exempt dividend of 4 cents per ordinary share for the financial year ended December 31, 2020 (the “**Proposed Dividend**”).

Duly completed transfers received by the Company’s Registrar, Boardroom Corporate & Advisory Services Pte. Ltd., of 50 Raffles Place, Singapore Land Tower #32-01, Singapore 048623, up to 5.00 p.m. on May 7, 2021 will be registered to determine shareholders’ entitlement to the Proposed Dividends. Members whose securities accounts with the Central Depository (Pte) Limited (“**CDP**”) are credited with the shares as at 5.00 p.m. on May 7, 2021 will be entitled to such Proposed Dividend.

The Proposed Dividend, if approved at the Annual General Meeting to be held on April 28, 2021, will be paid on May 18, 2021.

By Order of the Board

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Notes:

- (a) The Ordinary Resolutions 5 and 6 are for the re-election of Mr. Christopher Lim Tien Lock and Mr. David Fu Kuo Chen who retire by rotation at the AGM. Detailed information pursuant to Rule 720(6) of the Listing Manual of SGX-ST on each of the abovenamed Directors can be found under the section entitled “Additional Information on Directors Seeking Re-election” on pages 132 to 134 of the 2020 Annual Report of the Company.
- (b) Ordinary Resolution 7 and Ordinary Resolution 8 relate to Mr. Leslie Mah Kim Loong’s re-election as a Director of the Company and his continued designation as an Independent Non-Executive Director. As of January 1, 2022, Mr. Mah would have been a Director of the Company for an aggregate period of more than 9 years and will cease to be regarded as independent on such date pursuant to Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST (which will come into effect on January 1, 2022), unless Resolution 7 and Resolution 8 are both passed.

If Resolution 7 and Resolution 8 are both passed, Mr. Mah will continue to be designated as an Independent Non-Executive Director of the Company for the duration specified in Resolution 8.

If only Resolution 7 is passed but Resolution 8 is not passed, Mr. Mah shall continue to be designated as an Independent Non-Executive Director of the Company up to and including December 31, 2021, and shall thereafter be re-designated as a Non-Independent Non-Executive Director as of and from January 1, 2022.

If Resolution 7 is not passed, Resolution 8 will not be put to the vote at the Annual General Meeting in the interests of efficiency.

Detailed information pursuant to Rule 720(6) of the Listing Manual of SGX-ST on Mr. Mah can be found under the section entitled “Additional Information on Directors Seeking Re-election” on pages 132 to 134 of the 2020 Annual Report of the Company. Mr. Mah, will, upon re-election as an Independent Non-Executive Director of the Company, remain as the Chairman of the Audit and Nominating Committees and will be considered independent for the purposes of Rule 704(8) of the Listing Manual of the SGX-ST.

The Nomination Committee and the Board have determined that Mr. Mah has remained objective and independent in Board deliberations. His vast experience enables him to provide the Board and the various Board Committees on which he has been serving, with pertinent experience and competence to facilitate sound decision-making. His length of service does not in any way interfere with his exercise of independent judgment nor hinder his ability to act in the best interest of the Company. The Board is of the view that Mr. Mah is able to continue to discharge his duties independently with integrity and competency.

NOTICE OF ANNUAL GENERAL MEETING

- (c) Ordinary Resolution 9 and Ordinary Resolution 10 relate to Mr. Arthur Tan Keng Hock's continued designation as an Independent Non-Executive Director. As of January 1, 2022, Mr. Tan would have been a Director of the Company for an aggregate period of more than 9 years and will cease to be regarded as independent on such date pursuant to Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST (which will come into effect on January 1, 2022), unless Resolution 9 and Resolution 10 are both passed.

If Resolution 9 and Resolution 10 are both passed, Mr. Tan will continue to be designated as an Independent Non-Executive Director of the Company for the duration specified in Resolution 10.

If only Resolution 9 is passed but Resolution 10 is not passed, Mr. Tan shall continue to be designated as an Independent Non-Executive Director of the Company up to and including December 31, 2021, and shall thereafter be re-designated as a Non-Independent Non-Executive Director as of and from January 1, 2022.

If Resolution 9 is not passed, Resolution 10 will not be put to the vote at the Annual General Meeting in the interests of efficiency.

The Nominating Committee and the Board have determined that Mr. Tan has remained objective and independent in Board deliberations. His vast experience enables him to provide the Board and the various Board Committees on which he has been serving, with pertinent experience and competence to facilitate sound decision-making. His length of service does not in any way interfere with his exercise of independent judgement nor hinder his ability to act in the best interest of the Company. The Board is of the view that Mr. Tan is able to continue to discharge his duties independently with integrity and competence.

- (d) Ordinary Resolution 11 will empower the Directors from the date of the AGM until the date of the next annual general meeting to issue further shares in the Company. The maximum number of shares which the Directors may issue under this resolution shall not exceed the quantum set out in the resolution.
- (e) Ordinary Resolution 12, if passed, will empower the Directors to purchase or otherwise acquire Shares on the terms of the Share Buy-Back Mandate as set out in Ordinary Resolution 12 and the Letter to Shareholders dated April 6, 2021. Please refer to the Letter to Shareholders dated April 6, 2021 for more details. The Company may use internal sources of funds and/or external borrowings to finance the purchase or acquisition of Shares. The amount of financing required and the impact on the Company's financial position cannot be ascertained as at the date of this Notice as these will depend on, *inter alia*, the aggregate number of Shares purchased, the purchase prices, how the purchase is funded, whether the purchase is made out of capital or profits, and whether the Shares purchased or acquired are cancelled or held as treasury shares. Illustrative financial effects are set out in paragraph 2.8 of the said Letter to Shareholders.

NOTICE OF ANNUAL GENERAL MEETING

Notes:

- (i) The AGM will be held by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (the “**Order**”), and as amended by COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) (Amendment No. 2) Order 2020. The Orders were amended on September 29, 2020 to extend the alternative meeting arrangements to June 30, 2021, and make other refinements to some Orders. On October 1, 2020, the Accounting and Corporate Regulatory Authority, the Monetary Authority of Singapore and Singapore Exchange Regulation have updated a checklist to guide listed and non-listed entities on the conduct of general meeting arising from the latest updates from the Multi-Ministry Taskforce to ease safe management measures to facilitate business operations.
- (ii) Documents relating to the business of the AGM, which comprise the Company’s 2020 Annual Report for the financial year ended December 31, 2020, Letter to Shareholders, Notice of AGM and the Proxy Form have been published on SGXNet and the Company’s website at <https://www.hotelprop.com.sg> and on the SGX website at <https://www.sgx.com/securities/company-announcements>. Printed copies of these documents will NOT be despatched to shareholders.
- (iii) Pursuant to the Order, the Company will implement alternative arrangements relating to attendance at the AGM by electronic means (including arrangements by which the meeting can be electronically accessed via live audio-visual webcast or audio-only means), submission of questions to the Chairman of the Meeting in advance of the AGM, addressing of substantial and relevant questions prior to, or at, the AGM and voting by appointing the Chairman of the AGM as proxy at the AGM, are set out in the Company’s announcement dated April 6, 2021. The announcement may be accessed at the Company’s website at <https://www.hotelprop.com.sg> and on the SGX website at <https://www.sgx.com/securities/company-announcements>.

As the Company does not allow real-time remote electronic voting through an electronic voting system to take place at the AGM, a member (whether individual or corporate) must appoint the Chairman of the Meeting as his/her/its proxy to vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM.

- (iv) Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.

CPF or SRS investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes by 4.00 p.m. on April 16, 2021.

NOTICE OF ANNUAL GENERAL MEETING

- (v) The Chairman of the Meeting, as proxy, need not be a member of the Company.
- (vi) The instrument appointing the Chairman of the Meeting as proxy must be submitted to the Company in the following manner:
 - (a) if submitted electronically, be submitted via email to AGM2021@hotelprop.com.sg; or
 - (b) if submitted by post, be lodged with the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte. Ltd., of 50 Raffles Place, Singapore Land Tower #32-01, Singapore 048623.

in either case, at least 48 hours before the time for the AGM.

A member who wishes to submit an instrument of proxy must first download, complete and sign the proxy form, before submitting it electronically via email to the email address provided above, or submitting it by post to the address provided above.

In view of the current COVID-19 restriction orders in Singapore, which may make it difficult for members to submit completed proxy forms by post, members are strongly encouraged to submit completed proxy forms electronically via email.

Personal data privacy:

By submitting an instrument appointing the Chairman of the Meeting as proxy to vote at the AGM and/or any adjournment thereof, a member of the Company consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the purpose of the processing and administration by the Company (or its agents or service providers) of the appointment of the Chairman of the Meeting as proxy for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, regulations and/or guidelines.

IMPORTANT: PLEASE READ NOTES OVERLEAF

IMPORTANT: PLEASE READ NOTES BEFORE COMPLETING THIS PROXY FORM

Notes:

1. If the member has shares entered against his name in the Depository Register (maintained by The Central Depository (Pte) Limited), he should insert that number of shares. If the member has shares registered in his name in the Register of Members (maintained by or on behalf of the Company), he should insert that number of shares. If the member has shares entered against his name in the Depository Register and shares registered in his name in the Register of Members, he should insert the aggregate number. If no number is inserted, this proxy form will be deemed to relate to all the shares held by the member.
2. **As the Company does not allow real-time remote electronic voting through an electronic voting system to take place at the AGM, a member will not be able to attend the AGM in person. A member (whether individual or corporate) must appoint the Chairman of the Meeting as his/her/its proxy to vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM.** Please note that a member may not vote at the AGM otherwise than by way of appointing the Chairman of the Meeting as the member's proxy.

Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the proxy form, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.

CPF/SRS investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes by 4.00 p.m. on April 16, 2021.

3. The Chairman of the Meeting, as proxy, need not be a member of the Company.
4. The instrument appointing the Chairman of the Meeting as proxy must be submitted to the Company in the following manner:
 - (i) if submitted electronically, be submitted via email to AGM2021@hotelprop.com.sg
 - (ii) if submitted by post, be lodged with the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte. Ltd., of 50 Raffles Place, Singapore Land Tower #32-01, Singapore 048623.

in either case, by no later than April 26, 2021, 4.00 p.m., being at least 48 hours before the time for holding the AGM.

A member who wishes to submit an instrument of proxy must first download, complete and sign the proxy form, before submitting it electronically via email to the email address provided above or submitting it by post to the address provided above.

In view of the current COVID-19 restriction orders in Singapore, which may make it difficult for members to submit completed proxy forms by post, members are strongly encouraged to submit completed proxy forms electronically via email.

5. The instrument appointing the Chairman of the Meeting as proxy must be under the hand of the appointer or his attorney duly authorised in writing. Where the instrument appointing the Chairman of Meeting as proxy is executed by a corporation, it must be executed either under its common seal or under the hand of its authorised officer(s) or its attorney duly authorised.
6. Where an instrument appointing the Chairman of the Meeting as proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company), if the instrument appointing the Chairman of the Meeting as proxy is submitted by post, be lodged with the instrument of proxy or, if the instrument appointing the Chairman of the Meeting as proxy is submitted electronically via email, be emailed with the instrument of proxy, failing which the instrument may be treated as invalid.
7. The Company shall be entitled to reject the instrument appointing the Chairman of the Meeting as proxy if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified on the instrument appointing Chairman of the Meeting as proxy (including any related attachment). In addition, in the case of members whose shares entered against their names in the Depository Register, the Company may reject an instrument appointing the Chairman of the Meeting as proxy lodged or submitted if such members are not shown to have shares against their names in the Depository Register as at 72 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.
8. Members should take note that once this proxy form is submitted electronically via email to AGM2021@hotelprop.com.sg or lodged with the Company's Share Registrar, they cannot change their vote as indicated in the box provided above.
