SUSTAINABILITY REPORT IN RESPECT OF FY2019

The Board of Directors (the “**Board**”) of Sinopipe Holdings Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) refers to Rule 711A of the Listing Manual of the SGX-ST (the “**Listing Manual**”) pursuant to which the Company is required to issue a sustainability report for its financial year no later than five (5) months after the end of its financial year. Accordingly, the Company is required to issue its sustainability report in respect of the financial year ended 31 December 2019 (“**FY2019**”) on or before 31 May 2020.

Following the disposal of the Group’s plastic pipe business and operations segment, the Company is a cash company under Rule 1018(1) of the Listing Manual. Henceforth, the Board has been working on acquisition of a new businesses.

The sustainability reporting process entails, amongst others, a review of the Company’s business in the context of the value chain and a determination of what environmental, social and governance factors are material for the continuity of its business.

In the circumstances, as the Company has no business and operations and pending the acquisition of new businesses, the Company is practically not able to meaningfully issue its sustainability report in respect of FY2019.

The Board shall continue to make announcements and keep shareholders updated on any material developments as and when appropriate.

Trading of the shares in the Company has been suspended on 2 April 2012.
