

MASIRAH OIL LTD - PRESS RELEASE

PRODUCTION UPDATE - JUNE 2024

Muscat, 15 July 2024: Masirah Oil Limited (“**MOL**”) today announced that gross production in June 2024 from the Yumna Field in offshore Block 50 Oman, amounted to an average of 3,791 stock tank barrels per day (stb/d) over the month’s 30-day production period.

Following the completion of the multi-well drilling campaign, drilling rig Energy Emerger departed from the Yumna Field on 8 June 2024.

MOL is the Operator and holds a 100 per cent interest in Block 50 Oman.
