Deloitte & Touche LLP

NETLINK NBN MANAGEMENT PTE. LTD.

Directors' Statement

For the Financial Year Ended 31 March 2020

The Directors of NetLink NBN Management Pte. Ltd. (the "Company") are pleased to present their statement together with the audited financial statements of the Company for the financial year ended 31 March 2020.

In the opinion of the Directors, the accompanying financial statements of the Company as set out on pages 10 to 22 are drawn up to give a true and fair view of the financial position of the Company as at 31 March 2020, and the financial performance, changes in equity and cash flows of the Company for the financial year then ended and at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts when they fall due.

DIRECTORS

The Directors of the Company in office at the date of this statement are:

Mr Chaly Mah Chee Kheong	(Chairman and Independent Director)
Ms Koh Kah Sek	(Independent Director)
Mr Ang Teik Siew @ Ang Teik Lim Eric	(Independent Director)
Ms Ku Xian Hong	(Independent Director)
Mr Yeo Wico	(Independent Director)
Mr Lang Tao Yih, Arthur	(Non-Executive Director)
Mr Sean Patrick Slattery	(Non-Executive Director)
Mr Tong Yew Heng	(Chief Executive Officer and Executive Director)

ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE BENEFITS BY MEANS OF THE ACQUISITION OF SHARES AND DEBENTURES

Neither at the end of the financial year nor at any time during the financial year did there subsist any arrangement whose object is to enable the Directors of the Company to acquire benefits by means of the acquisition of shares or debentures in the Company or any other body corporate.

DIRECTORS' INTERESTS IN SHARES AND DEBENTURES

None of the Directors who held office at the end of the financial year had an interest in shares or debentures of the Company and related corporations either at the beginning or at the end of the financial year.

SHARE OPTIONS

(a) Options to take up unissued shares

During the financial year, no options to take up unissued shares of the Company were granted.

(b) Options exercised

During the financial year, there were no shares of the Company issued by virtue of the exercise of an option to take up unissued shares.

(c) Unissued shares under option

At the end of financial year, there were no unissued shares of the Company under option.

AUDITORS

The auditors, Deloitte & Touche LLP, have expressed their willingness to accept re-appointment.

On behalf of the directors,

Chaly Mah Chee Kheong
Chairman

Tong Yew Heng
Director

NETLINK NBN MANAGEMENT PTE. LTD.

Independent Auditor's Report

To the Members of NetLink NBN Management Pte. Ltd.

For the Financial Year Ended 31 March 2020

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of NetLink NBN Management Pte. Ltd. (the "Company"), which comprise the statement of financial position of the Company as at 31 March 2020, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies as set out on pages 10 to 22.

In our opinion, the accompanying financial statements of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the financial position of the Company as at 31 March 2020 and of the financial performance, changes in equity and cash flows of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the Directors' Statement set out on pages 6 to 7.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

NETLINK NBN MANAGEMENT PTE. LTD.

Notes to the Financial Statements

For the Financial Year Ended 31 March 2020

1 GENERAL

The Company (Registration No. 201704783K) was incorporated in the Republic of Singapore with its principal place of business and registered office at 750E Chai Chee Road, #07-03 Viva Business Park, Singapore 469005.

The principal activity of the Company is to act as Trustee-Manager of NetLink NBN Trust (the "Trust"). The Trust is a business trust constituted by a trust deed and regulated by the Business Trust Act, Chapter 31A of Singapore and is domiciled in Singapore. The Trust was listed on the Main Board of the Singapore Exchange Securities Trading Limited on 19 July 2017.

DBS Trustee Limited (as share trustee of Singapore NBN Trust) holds all shares of the Company (being the trustee-manager of the Trust) on trust for the benefit of the beneficiaries of Singapore NBN Trust (being the unitholders of the Trust), each of whom has an undivided interest in the Company in proportion to their respective percentage of units held or owned by each of them in the Trust. Singapore NBN Trust is a business trust constituted by a trust deed dated 21 February 2017.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION

The financial statements have been prepared in accordance with the historical cost basis, except as disclosed in the accounting policies below, and are drawn up in accordance with the provisions of the Companies Act, Chapter 50 and Financial Reporting Standards in Singapore ("FRSs").

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of FRS 102 *Share-based Payments*, leasing transactions that are within the scope of FRS 116 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in FRS 2 *Inventories* or value in use in FRS 36 *Impairment of Assets*.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- (a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- (b) Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- (c) Level 3 inputs are unobservable inputs for the asset or liability.

2.2 ADOPTION OF NEW AND REVISED STANDARDS

In the current financial year, the Company has adopted all the new and revised FRSs and Interpretations of FRS ("INT FRS") that are effective from that date and are relevant to its operations. The adoption of these new/revised FRSs and INT FRSs does not result in changes to the Company's accounting policies and has no material effect on the amounts reported for the current year.

2.3 STANDARDS ISSUED BUT NOT YET EFFECTIVE

At the date of authorisation of these financial statements, there are no FRSs, INT FRSs and amendments to FRS issued but not yet effective that will have a material impact on the financial statements in the period of their initial application.

2.4 FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognised on the statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets and financial liabilities, as appropriate, on initial recognition.

2.4.1 Financial assets

Classification of financial assets

Debt instruments mainly comprise cash and bank balances and trade receivable from a related party that meet the following conditions and are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Amortised cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Interest is recognised using the effective interest method for debt instruments measured subsequently at amortised cost, except for short-term balances when the effect of discounting is immaterial.

2.4 FINANCIAL INSTRUMENTS (CONT'D)

2.4.1 Financial assets (cont'd)

Impairment of financial assets

The Company recognises a loss allowance for expected credit losses ("ECL") on trade receivable from a related party. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company always recognises lifetime ECL for trade receivable from a related party. The expected credit losses on these financial assets are estimated using a provision matrix based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Company considers historical loss rates for each category of customers and adjusts to reflect current and forward-looking macroeconomic factors affecting the ability of the customers to settle the receivables.

The Company presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Company has reasonable and supportable information that demonstrates otherwise.

The Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date. A financial instrument is determined to have low credit risk if i) the financial instrument has a low risk of default, ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

The Company regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Definition of default

The Company considers that default has occurred when a financial asset is more than 90 days past due unless the Company has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred.

2.4 FINANCIAL INSTRUMENTS (CONT'D)

2.4.1 Financial assets (cont'd)

Write-off policy

The Company writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over one year past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

Measurement and recognition of expected credit losses

For financial assets, the expected credit loss is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate.

If the Company has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Company measures the loss allowance at an amount equal to 12-month ECL at the current reporting date.

Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that has been recognised directly in equity is recognised in the profit or loss.

2.4.2 Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

Other payables and accrued operating expenses are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest method, with interest expense recognised on an effective yield basis.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or expired.

2.5 OFFSETTING ARRANGEMENTS

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when the Company has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. A right to set-off must be available today rather than being contingent on a future event and must be exercisable by any of the counterparties, both in the normal course of business and in the event of default, insolvency or bankruptcy.

2.6 SHARE CAPITAL

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new equity shares are taken to equity as a deduction, net of tax, from the proceeds.

2.7 PROVISIONS

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate.

2.8 REVENUE RECOGNITION

The Company acts as the Trustee-Manager of NetLink NBN Trust in accordance with the Trust Deed dated 19 June 2017 which constituted NetLink NBN Trust.

The Company recognises revenue from the provision of management services and revenue relates to the management fees and reimbursement of expenses in accordance with the Trust Deed. Revenue is recognised over the period which management services are being rendered.

2.9 INCOME TAX

Income tax expense represents the sum of the tax currently payable.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the statement of profit or loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Company's liability for current tax is calculated using tax rates (and tax laws) that have been enacted or substantively enacted in countries where the Company operates by the end of the reporting period.

2.10 FOREIGN CURRENCY TRANSACTIONS AND TRANSLATION

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which it operates (“functional currency”). The financial statements of the Company are presented in Singapore Dollars, which is the functional and presentation currency of the Company.

Transactions in currencies other than the Company’s functional currency are recorded at the bank rate of exchange prevailing on the date of the transaction. At end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. All exchange differences are recognised in profit or loss.

2.11 CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise of cash and bank balances that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

3.1 CRITICAL JUDGEMENTS IN APPLYING THE COMPANY’S ACCOUNTING POLICIES

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Management has not made any critical judgement which may have a significant effect on the amounts recognised in the financial statements.

3.2 KEY SOURCES OF ESTIMATION UNCERTAINTY

There are no key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

4 REVENUE

	2020 \$	2019 \$
Management fees	900,000	900,000
Reimbursement of expenses	85,869	82,113
	<u>985,869</u>	<u>982,113</u>

5 PROFIT BEFORE TAX

The following items have been included in arriving at profit before tax:

	2020 \$	2019 \$
Directors’ fees	<u>873,000</u>	<u>820,000</u>

The accompanying notes on pages 14 to 22 form an integral part of these financial statements. Independent Auditor’s Report – Pages 8 to 9.

6 INCOME TAX EXPENSES

The income tax on the results differs from the amount that would arise using the Singapore standard rate of income tax due to the following:

	2020	2019
	\$	\$
Profit before tax	23,895	40,694
Tax calculated at a tax rate of 17%	4,062	6,918
Income not subject to tax purposes	-	(3,884)
Overprovision in prior years	(691)	-
Effect of tax relief	(2,455)	-
	<u>916</u>	<u>3,034</u>

7 CASH AND CASH EQUIVALENTS

Cash and cash equivalents included in the statement of cash flows comprise the following amounts:

	2020	2019
	\$	\$
Cash and bank balances	349,690	15,082

8 TRADE RECEIVABLE FROM A RELATED PARTY

The receivable is from NetLink NBN Trust. The receivable is trade in nature, non-interest bearing and on 30 days' terms. They are recognised at their original invoice amounts which represent their fair values on initial recognition.

For the purpose of impairment assessment, the trade receivable from NetLink NBN Trust is considered to have low credit risk as the timing of payment is controlled by the Company as Trustee-Manager of NetLink NBN Trust and taking into account cash flow management within the NetLink NBN Trust group.

In determining the expected credit losses ("ECL"), management has taken into account the financial position of NetLink NBN Trust, adjusted for factors that are specific to NetLink NBN Trust and general economic conditions of the industry NetLink NBN Trust operates, in establishing the probability of default. Management determines that the probability of default is low and ECL is not material.

There has been no change in the estimate techniques or significant assumptions made during the current and previous reporting period.

9 SHARE CAPITAL

Issued and paid up ordinary share capital

	2020 Shares and \$	2019 Shares and \$
Balance at beginning financial year and end of financial year	5	5

All issued shares are fully paid, have no par value, and carry one vote per share and a right to dividends as and when declared by the Company.

10 RELATED PARTY TRANSACTIONS

	2020 \$	2019 \$
Management fees and reimbursement of expenses received/receivable from NetLink NBN Trust	985,869	982,113

11 FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT

The following table sets out the financial instruments as at the end of the reporting period:

	2020 \$	2019 \$
<u>Financial assets</u>		
Financial assets at amortised cost	368,189	306,359
<u>Financial liabilities</u>		
Financial liabilities at amortised cost	275,458	236,115

The main risks arising from the Company's financial instruments are credit risk and liquidity risk. The Board reviews and manages each of these risks and they are summarised below:

(a) Credit risk management

The Company develops and maintains its credit risk ratings to categorise exposures according to their degree of risk of default. The Company uses its trading records to rate its revenue from NetLink NBN Trust. The Company's current risk rating framework comprises the following categories:

Category	Description	Basis for recognising expected credit losses ("ECL")
Performing	The counterparty has a low risk of default and does not have any past-due amounts.	Lifetime ECL
Doubtful	Amount is >30 days past due or there has been a significant increase in credit risk since initial recognition.	Lifetime ECL – not credit-impaired
In default	Amount is >90 days past due or there is evidence indicating the asset is credit-impaired.	Lifetime ECL – credit-impaired
Write-off	There is evidence indicating that the customer is in severe financial difficulty and the Company has no realistic prospect of recovery.	Amount is written off

The accompanying notes on pages 14 to 22 form an integral part of these financial statements. Independent Auditor's Report – Pages 8 to 9.

11 FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT (CONT'D)

(a) Credit risk management (cont'd)

The table below details the credit quality of the Company's financial assets as well as maximum exposure to credit risk by credit risk rating grades:

	Note	Internal credit rating	12-month or lifetime ECL	Gross carrying amount	Loss allowance	Net carrying amount
				\$	\$	\$
2020						
Trade receivable from a related party	8	Performing	Lifetime ECL	18,499	-	18,499
2019						
Trade receivable from a related party	8	Performing	Lifetime ECL	291,277	-	291,277

(b) Liquidity risk management

Liquidity risk is the risk that the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company maintains sufficient cash and cash equivalents and internally generated cash flows to finance its activities.

(c) Foreign currency risk management

The Company's transactions are mostly transacted in Singapore Dollars. There is no significant foreign currency risk.

(d) Capital risk management

The Company manages its capital to ensure that it will be able to continue as a going concern. The capital requirements of the capital structure of the Company consists of equity attributable to shareholders, comprising share capital and accumulated profits.

(e) Fair values

The fair value of a financial instrument is the amount at which the instrument could be exchanged or settled between knowledgeable and willing parties in an arm's length transaction, other than in a forced or liquidation sale.

Management has determined that the carrying amounts of trade receivable from a related party, other payables and accrued operating expenses reasonably approximate their fair values because they are mostly short-term in nature.

12 AUTHORISATION OF FINANCIAL STATEMENTS

These financial statements for the financial year ended 31 March 2020 were authorised for issue in accordance with a resolution of the Board of Directors on 29 May 2020.

Additional Information on Directors Seeking Re-election

Yes, please see footnote 2	No	No

Footnote 1

The above-mentioned Directors are or had been Directors of trustee-manager(s) subject to licensing requirements. These trustee-manager(s) had been investigated in the ordinary course of business for failing to comply with licence conditions and quality of service standards under these licensing requirements, as well as laws and regulations governing their operational activities. These investigations have resulted in warnings or penalties (as applicable) imposed on such trustee-manager(s) which were neither material nor relate to these Directors in their personal capacities.

Footnote 2

Mr Mah was the subject of an inquiry by the Public Accountants Board Singapore under Part IV of the Accountants Act, 1987 in relation to the conduct of the audit of Baring Futures (Singapore) Pte Ltd by his previous firm, Deloitte & Touche, Singapore, for the financial years ended 31 December 1992 and 1993 (the "PAB Inquiry"). The Public Accountants Board Singapore accepted the determination of the inquiry committee that Mr Mah was not guilty of professional misconduct, and the PAB Inquiry concluded in 2001 with no further action taken against him.

Footnote 3

Ms Koh is a director of Benny Burger Pty Ltd, a proprietary company incorporated in Australia and a subsidiary of Vue Group, which was placed under creditors' voluntary liquidation.

Footnote 4

Ms Koh is a director of various corporations and entities in the Far East Organization Group, Sino Group and Vue Group operating within the real estate, hospitality and food and beverage industries. There have been occasions where these corporations and entities have been investigated by the authorities for breaches of laws and regulations arising from their day-to-day operations. To the best of her knowledge, none of the warnings, fines and penalties imposed on the corporations and entities arising from such investigations during her tenure as a director is material nor do they relate to the directors in their personal capacities.

Footnote 5

Ms Koh is a Director of NetLink NBN Management Pte. Ltd. (trustee-manager of NetLink NBN Trust) and was previously a Director of NetLink Management Pte. Ltd. (trustee of NetLink Trust). NetLink NBN Trust owns NetLink Trust. NetLink Trust designs, builds, owns and operates the passive fibre network infrastructure of Singapore's Next Generation Nationwide Broadband Network. NetLink Trust is subject to various laws and regulations governing its day-to-day operations and have been investigated by regulatory authorities in the ordinary course of business, for example, for failing to comply with quality of service standards under NetLink Trust's licensing requirements which could have resulted in warnings or penalties (as applicable) imposed on NetLink Trust. These investigations were reported to the Risk and Regulatory Committee and thereafter to the Board of Directors of NetLink NBN Management Pte. Ltd. (trustee-manager of NetLink NBN Trust). To the best of her knowledge, none of the warnings or penalties imposed on Netlink Trust arising from such investigations during her tenure as a Director is material nor do they relate to the Directors in their personal capacities.

Footnote 6

Mr Slattery is the Vice President (Regulatory & Interconnect) of Singapore Telecommunications Limited ("Singtel"). As a telecommunication services provider, Singtel is subject to various laws and regulations governing its day-to-day operations and may be investigated for breaches of such laws and regulations from time to time in the ordinary course of business. These investigations have resulted in fines, warnings and/or directions issued from time to time to Singtel in the ordinary course of business and do not relate to him in his personal capacity.
