CORPORATE PROFILE

A leading provider of IT products and services, Azeus was listed on the Main Board of the SGX-ST in October 2004.

Azeus is one of the first companies in Hong Kong to be appraised at the highest level (Level 5) of the CMMI-SW model in November 2003, placing the Group among the top 10% CMMI appraised companies in the world. The appraisal is an endorsement of the Group's commitment towards developing software products with the highest quality and productivity to address its customer's needs.

A leading provider of IT products and services, Azeus was listed on the Main Board of the SGX-ST in October 2004, with offices in Hong Kong, Singapore, the United Kingdom, the Philippines and China. Azeus' emphasis on consistently high quality solutions has enabled the Group to build a solid track record across various industries, including many government departments.

The Group's flagship product, Azeus Convene, is a leading paperless meeting solution used by directors and executives in various industries, across more than 100 countries. Through its user-friendly and intuitive functionality, Azeus Convene has enabled organisations to conduct meetings in a convenient and efficient manner, by eliminating the time and cost required for printing large amounts of hardcopies. To ensure data security, Azeus Convene is equipped with advanced security features and end-to-end encryption. In addition, Azeus Convene offers 24/7 support to all its customers worldwide. The Group has also introduced a virtual AGM solution, AGM@Convene, in response to the shifting trend towards eAGMs as a result of the COVID-19 restrictions.

The Group's proprietary social care system, AzeusCare, has also been adopted by various local councils in the United Kingdom. AzeusCare is an integrated case management system that provides a wide range of solutions for supporting the delivery of services for managing and delivering social care for both children and adults. In particular, AzeusCare supports the delivery of the requirements of the UK Care Act 2014 with a comprehensive set of tools to manage both the case management and finance requirements under a fully integrated system.

Under Azeus' IT services segment, the Group design and implement a broad range of IT software and systems, as well as develop and integrate various software programmes of IT systems to fulfill the outsourcing needs of its customers. The Group also provide after-sales services and support by offering a vast spectrum of maintenance and support services.

The Group has achieved significant milestones including the first business outsourcing project from the Hong Kong Government – covering IT process, IT maintenance and support, as well as office operations and support services.

In all, the Group has a solid track record of completing over 100 IT services projects for more than 40 Government departments, as well as over 20 projects for the private sector in Hong Kong, many of which are contracts from repeat customers.

The Group's established quality assurance systems, working methodologies and processes allow for a seamless integration of operations across multiple locations.

Led by an experienced management team, supported by a core group of highly competent and skilled IT professionals, Azeus is committed to continuously engineer innovative IT solutions and deliver excellent IT services.

MANAGING DIRECTOR'S MESSAGE

“

Azeus reported an 87% surge in net profit, from HK\$12.7 million in FY2020 to HK\$23.7 million in FY2021, driven by strong demand for Azeus products.

”

DEAR SHAREHOLDERS,

On behalf of the Board of Azeus Systems Holdings Ltd. (“**Azeus**” or the “**Group**”), it is my pleasure to present our Annual Report for the financial year ended 31 March 2021 (“**FY2021**”).

For the year under review, Azeus reported an 87% surge in net profit, from HK\$12.7 million in FY2020 to HK\$23.7 million in FY2021, driven by strong demand for Azeus products. Overall, Azeus recorded a 1.7% decrease in revenue to HK\$178.1 million in FY2021, from HK\$181.2 million in FY2020.

In FY2021, the Group launched a new proprietary product, AGM@Convene, an e-AGM solution that aims to break the barriers between physical and virtual AGMs. In the month of June 2020 alone, Azeus ran virtual AGMs for some 60 customers comprising listed companies, enterprises, business associations and non-profit organisations. Azeus has also started to market AGM@Convene internationally, achieving success in Singapore, the Philippines and Hong Kong.

FY2021 Financial Review

Revenue from Azeus Products increased by HK\$29.3 million, or 34.9%, from HK\$83.9 million in FY2020 to HK\$113.2 million in FY2021, as the Group made good progress in expanding its customer and revenue base. However, this was offset by a 33.3% decrease in revenue contribution from the IT Services operating segment, from HK\$97.3 million in FY2020 to HK\$64.9 million in FY2021 due to fewer projects.

During the year, cost of sales decreased by HK\$24.6 million or 30.8% to HK\$55.3 million in FY2021 from HK\$79.9 million in FY2020 mainly due to the decrease in cost of hosting services of HK\$2.8 million, cost of third-party hardware and software of HK\$13.1 million, and direct salaries of HK\$8.2

million which were in line with the decrease in IT services revenue. As such, the Group was able to achieve a higher gross profit margin of 68.9% in FY2021, compared with 55.9% in FY2020.

As we continue to invest in Azeus’ Products business segment to strengthen our product offerings, the Group’s total research and development costs increased to HK\$36.8 million in FY2021, HK\$12.0 million or 49.0% higher than in FY2020. Likewise, as the Group pursues subscriber growth by expanding its sales teams, selling and marketing expenses increased by 36.3% to HK\$31.9 million in FY2021 as compared to HK\$23.4 million in FY2020.

The Group has also continued to strengthen its financial position over the year. As at 31 March 2021, Azeus managed to maintain a net cash position of HK\$156.3 million, as compared to HK\$100.0 million as at 31 March 2020.

Review of Business Segments

For FY2021, the Azeus Products business segment maintained its position as the Group’s key growth driver, providing a steady stream of recurring income.

In the year under review, Azeus Products accounted for 63.6% of total Group revenue, compared to 46.3% in the earlier corresponding period. Revenue from Azeus Products, contributed by the sale of three proprietary products — “Azeus Convene”, “AzeusCare”, “AGM@Convene”, and associated professional services, increased by HK\$29.3 million or 34.9% from HK\$83.9 million in FY2020 to HK\$113.2 million in FY2021. This was a result of the Group’s progress in expanding its customer and revenue base.

IT Services which includes three core business areas, System implementation and enhancement, Sale of third-party hardware and software, and Maintenance and support services, recorded a 33.3% decrease to HK\$64.9 million as a result of fewer projects and enhancements secured in FY2021. Revenue from Systems implementation and enhancement decreased by HK\$17.3 million or 47.7% to HK\$19.0 million in FY2021 while revenue from Sale of third-party hardware and software decreased by 96.2% from HK\$15.8 million to HK\$0.6 million in FY2021, as the majority of the projects completed in FY2021 required the Group's customisation services. Revenue from Maintenance and support services remained flat in FY2021 at HK\$45.3 million.

Outlook

Globally, the steady rollout of vaccinations and the gradual easing of COVID-19 related restrictions has lent some optimism towards an economic recovery. However, with the reality of COVID-19 becoming endemic and more infectious virus mutations, it is likely that we will continue to feel the impact of COVID-19 for years to come.

As a leading provider of IT consultancy services, Azeus remains cautiously optimistic that the increased digitalisation and demand for IT solutions brought about by the COVID-19 pandemic will continue to create opportunities for the Group over the long-term.

To address the challenges that listed companies faced due to COVID-19 related restrictions, Azeus launched our new e-AGM solution, AGM@Convenc, in FY2021. AGM@Convenc seeks to redefine the future of e-AGMs by enabling the borderless intertwine between physical and virtual AGMs and stands to benefit from the long-term shift towards hybrid AGMs.

Azeus is an advocate for shareholders' rights and places a strong emphasis on setting the best practices for e-AGMs. During Azeus' AGM in August 2020, the Group was probably the first Singapore-listed company to hold a virtual meeting in 2020 with a live Q&A and live voting. In 2021, the Group expects more listed companies to progressively follow its lead and improve their engagement with shareholders.

Barring unforeseen circumstances, the Group remains cautiously optimistic about the outlook of FY2022.

Proposed Dividend

To reward our loyal shareholders for their continuous support, the Board is pleased to recommend a first and final dividend of 39.0 HK cents per share. This represents a dividend payout ratio of 49.5% of the net profit attributable to shareholders for FY2021.

Words of Appreciation

I would like to thank our Board of Directors for their guidance in steering the Group forward. My appreciation also goes to our senior management team for their commitment and dedication to the company during this challenging period.

For our valued customers, business partners, associates and stakeholders, we look forward to your continued support. With our strong technical expertise and commitment to delivering high-quality products and services, we are well-positioned to forge ahead and capture opportunities across all business cycles.

Yours sincerely,

Lee Wan Lik

CORPORATE GOVERNANCE REPORT

The Directors and the Management of the Company are committed to maintaining a high standard of corporate governance and transparency in order to protect the interests of the shareholders of the Company. Processes and procedures have been instituted and are being constantly reviewed and revised to ensure effective corporate governance.

Rule 710 of the Listing Manual of the Singapore Exchange Securities Trading Limited (“SGX-ST”) requires an issuer to describe its corporate governance practices with specific reference to the principles of the Code of Corporate Governance 2018 (the “Code”) in its annual report. An issuer is required to disclose any deviations from any provisions of the Code together with an appropriate explanation for such deviation in the annual report.

This report outlines the Company’s corporate governance processes and activities during the financial year ended 31 March 2021 (“FY2021”) with specific reference made to the principles of the Code and strives to comply with the provisions set out in the Code and where it has deviated from the provisions, appropriate explanations have been provided.

BOARD MATTERS

The Board’s Conduct of its Affairs

Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

The Board supervises the management of the business and the affairs of the Company and the Group. Apart from its fiduciary duties and statutory responsibilities, it also focuses on formulating the strategic direction and policies of the Company and the Group, paying particular attention to the growth of the Group and its financial performance. It has delegated the formulation of business policies and day-to-day management to the Executive Directors.

The principal functions of the Board are to:

- (a) provide entrepreneurial leadership, set strategic objectives, and ensure that the necessary financial and human resources are in place for the company to meet its objectives;
- (b) establish a framework of prudent and effective controls which enables risks such as financial, operational, information technology and compliance to be assessed and managed, including safeguarding of shareholders’ interests and the company’s assets;
- (c) review management performance;
- (d) identify the key stakeholder groups and recognise that their perceptions affect the Company’s reputation;
- (e) set the Company’s values and standards (including ethical standards), and ensure that obligations to shareholders and other stakeholders are understood and met; and
- (f) consider sustainability issues, e.g. environmental and social factors, as part of its strategic formulation.

The Board meets at least twice a year to review and deliberate on the key activities and business strategies of the Group, including reviewing and approving acquisitions and financial performance, and to endorse the release of the interim and annual results. Ad hoc meetings are held as and when circumstances require, such as to address significant transactions or issues. Where physical meetings are not possible, timely communication with members of the Board and Board Committees can be achieved through electronic means and circulation of written resolutions for approval by the Board or relevant Board Committees. The Company’s Bye-Laws provides for Directors to participate in Board by means of teleconference, video-conferencing and visual equipment.

To assist the Board in fulfilling its responsibilities, the Management provides the Board with management reports containing complete, adequate and timely information prior to Board meetings and as and when the need arises. Papers containing relevant background or explanatory information required to support the decision-making process, are prepared for each Board meeting and are normally circulated in advance of the meeting.

The Board is also provided with updates on the relevant new laws, regulations and changing commercial risks in the Company’s operating environment. Orientation to the Company’s business strategies and operations is conducted as and when required.

CORPORATE GOVERNANCE REPORT

To assist in the efficient implementation and execution of its responsibilities, the Board has established an Audit Committee, a Nominating Committee and a Remuneration Committee. Specific responsibilities, which are outlined in the respective Terms of Reference, have been delegated to each of the committees. Each Board Committee will report to the Board and makes its recommendations to the Board on matters under its purview. The Board accepts that while these Committees have the authority to examine particular issues and will report to the Board their decisions and recommendations, the ultimate responsibility for the final decision on all matters lies with the entire Board.

The Board through the Nominating Committee ensures that it recruits to the Board only individuals of sufficient calibre, knowledge and experience to fulfil the duties of a Director appropriately. Newly appointed directors are briefed on the Group's business activities and governance practices and provided with information on their duties and obligations as a director under the Bermuda law. A formal letter of appointment will also be sent to any newly appointed Director setting out his/her duties and obligations upon his/her appointment.

For newly appointed Director who does not have prior experience as a director of a public listed company in Singapore, he/she will attend relevant training courses organised by the Singapore Institute of Directors as required under Rule 210(5)(a) of the Listing Manual and in accordance with Practice Note 2.3 as prescribed by the SGX-ST, as well as other courses relating to accounting, legal and industry-specific knowledge, where appropriate, organised by other training institutions, in connection with their duties, and such training will be funded by the Company.

Mr Stephen Ho ChiMing, Independent Director, was appointed to the Board on 20 April 2020 and had completed the Listed Entity Directors Programme conducted by the Singapore Institute of Directors, within one year from his date of appointment.

Apart from Mr Stephen Ho ChiMing, there was no other new Director appointed during FY2021.

Regular training, particularly on risk management, corporate governance and key changes in the relevant regulatory requirements and financial reporting standards, will be arranged and funded by the Company for all Directors, from time to time. During FY2021, Directors are provided with briefings and updates on (i) the developments in financial reporting and governance standards; (ii) changes in the relevant laws and regulations pertaining to the Group's business and changing commercial risks and business conditions of the Group by the Management during the Board Committee meetings; and (iii) changes to the Listing Manual of the SGX-ST by the Company Secretary, so as to enable them to make well-informed decisions and to properly discharge their duties as Board or Board Committee members.

During FY2021, the number of meetings held by the Board and its committees and the details of the attendances are as follows:-

	Board of Directors	Audit Committee	Remuneration Committee	Nominating Committee

CORPORATE GOVERNANCE REPORT

Key matters that are specifically reserved for the Board's consideration and decision include, but are not limited to, corporate planning, material acquisitions and disposals of assets, corporate or financial restructuring, share issuances, formulation of any dividend policy or the change of such dividend policy, declaration of dividends and determining the remuneration policy for the Directors.

All Directors have separate and independent access to senior management and to the Company Secretary. The Company Secretary or his representatives administer, attend and prepare minutes of the Board meetings, and assist the Chairman in ensuring that the Board procedures are followed and reviewed so that the Board functions effectively. The Company Secretary or his representatives also advise the Board on governance matters, and assist the Board on compliance with the Company's Bye-Laws and relevant rules and regulations, including requirements of the Listing Manual of the SGX-ST.

The appointment and the removal of the Company Secretary is a matter for consideration for the Board as a whole.

The Board, in the furtherance of their duties, may either individually or as a group, to take independent professional advice at the expense of the Company.

Board Composition and Guidance

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

During FY2021, the Board comprised six (6) members, three (3) of whom are Executive Directors including the Chairman of the Board and three (3) are Independent Directors.

Provision 2.2 of the Code recommends that Independent Directors make up a majority of the Board where the Chairman is not independent. In the case of the Company, the Chairman is not independent as he is an Executive Director. In order to address the issue of independence given that the Chairman is not independent, the Independent Directors make up half of the Board and the majority of each of the Board Committees. Taking into account the above, the Board is of the view that the Company complies with Principle 2 of the Code as there are sufficient safeguards and checks to ensure that the process of decision-making by the Board is independent and based on collective decisions without any individual or small group of individuals exercising any considerable concentration of power or influence.

Provision 2.3 of the Code recommends that Non-Executive Directors to make up a majority of the Board. Currently the Non-Executive Directors who are also the Independent Directors make of half of the Board. Although the Non-Executive directors are not in a majority, the Company believes that the existing Board composition is consistent with the intent of Principle 2 of the Code as the Non-Executive Directors, who are also Independent Directors, chair the Board committees, are independent and are able to provide the appropriate level of independence and diversity of thought and background and to make decisions in the best interests of the Company. The Board has always discussed important issues robustly and have always been able to reach a consensus on the votes without having to rely on any majority votes to decide nor having an individual or small group of individuals dominate the Board's decision-making process.

A brief profile of each Director is presented in the profile of Board of Directors section of this Annual Report and their shareholdings in the Company and its subsidiaries as at 31 March 2021 are disclosed in the Directors' Statement of the Audited Financial Statements for the FY2021.

The Board has examined its size and is of the view that it is an appropriate size for effective decision-making, taking into account the scope and nature of the operations of the Company.

The Board is committed to ensuring diversity on the Board including but not limited to appropriate balance and mix of skills, knowledge, experience, gender, age and the core competencies of accounting or finance, legal and regulatory, business or management experience, industry knowledge, and strategic planning to avoid groupthink and foster constructive debate.

CORPORATE GOVERNANCE REPORT

The current Board comprises of one (1) female Director and five (5) male Directors with diversity of expertise and knowledge in areas such as accounting, finance, strategic planning, investment, business management and administration, human resources, industry knowledge, engineering technology and economics.

The Nominating Committee is responsible for reviewing the composition of the Board to ensure that the Board has the appropriate mix of expertise and experience, and collectively possess the necessary core competencies for effective functioning and informed decision-making. The Board in consultation with the Nominating Committee has reviewed its composition and is satisfied that such composition ensures that there is adequate representation in respect of potential issues and challenges, without compromising the Board's effectiveness and participation in decision-making. Objectivity on issues deliberated by the Board is assured, given that the half of the Board are Non-Executive Directors who are independent of management and are also independent in terms of character and judgement.

In determining the independence of the Independent Directors, the Board takes into account the existence of relationships or circumstances, including those identified by the Code and the Listing Manual of the SGX-ST that are relevant in its determination as to whether a Director is independent. The NC has reviewed and confirmed the independence of the Independent Directors in accordance with the Code and the Listing Manual of the SGX-ST.

During FY2021, the Independent Directors who have served on the Board for more than nine years are Mr Koji Miura and Mr Chan Ching Chuen. In assessing the independence of these Independent Directors, the NC, with the concurrence of the Board, is of the view that one should consider the substance of their professionalism, integrity and the objectivity and not merely based on the number of years which they have served on the Board. In view of this, having considered the above and weighing the need for progressive refreshing of the Board, the NC and the Board have determined that during FY2021, Mr Koji Miura and Mr Chan Ching Chuen's tenure in office have not affected their independence or ability to bring about independent and considered judgement in the discharge of their duties as members of the Board. They had provided a strong independent element on the Board, being free from any business or other relationship, which could materially interfere with the exercise of their judgement. These Directors continue to provide stability to the Board and the Company has benefited greatly from the presence of individuals who are specialists in their own field. Furthermore, their length of service on the Board has not only allowed them to gain valuable insight into the Group, its business, markets and industry, but has also given them the opportunity to bring the full breadth and depth of their business experience to the Company.

In accordance with Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST, the continued appointment of an independent director after the director has served on the Board for an aggregate period of more than 9 years will be subject to a two-tier vote and approval must be sought in separate resolutions by (a) all shareholders and (b) shareholders excluding the directors and the chief executive officer of the Company and their associates. The Company will adopt the two-tier shareholders voting process ahead of Rule 210(5)(d)(iii) coming into effect on 1 January 2022. Mr Koji Miura and Mr Chan Ching Chuen will be subjected to the two-tier voting process at the forthcoming AGM to seek the shareholders' approval for their continued appointment as Independent Directors of the Company.

The Independent Directors will meet up when necessary without the presence of Management, to facilitate a more effective check on the Management. During FY2021, the Independent Directors met once in the absence of key management personnel.

Chairman and Chief Executive Officer ("CEO")

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

The Group's Executive Chairman, Managing Director and CEO is Mr Lee Wan Lik, who is responsible for the day-to-day operations of the Group, as well as monitoring the quality, quantity and timeliness of the flow of information between the Board and the Management. Mr Lee is the founder of the Group and has played a key role in developing the Group's business. He is being assisted by a group of Executive Directors and Executive officers in carrying out his executive duties and responsibility for the Group's operation and business. Through the Group's success and development in these few years, Mr Lee has demonstrated his vision, strong leadership and enthusiasm in this business.

CORPORATE GOVERNANCE REPORT

The NC, with the concurrence of the Board is of the opinion that vesting the roles of both Chairman and CEO in the same person who is knowledgeable in the business of the Group provides strong and consistent leadership, thus allowing for more effective planning and execution of long term business strategies. As such, there is no need for the role of the Chairman and CEO to be separated. The NC will review the need to separate the roles from time to time and make its recommendations accordingly. The role of Mr Lee as the Executive Chairman and CEO of the Company does not affect the independence of the Board as the Independent Directors make up half of the Board as at the date of this Annual Report and majority of the Board Committees including the respective Board Committees' Chairman are Independent Directors.

Taking cognizance that the Chairman and the CEO are the same person, the Board has appointed Mr Stephen Ho ChiMing as the Lead Independent Director ("**Lead ID**") of the Company. Mr Stephen Ho ChiMing is available to shareholders where they have concerns where contact through the normal channels of the Chairman, CEO or CFO has failed to resolve or for which such contact is inappropriate. He will also facilitate periodic meetings with the other Independent Directors in board matters, when necessary, and provides feedback to the Executive Chairman after such meeting.

His other specific roles as Lead ID are as follows:

- (a) act as liaison between the Independent Directors and the Executive Chairman and CEO and lead the Independent Directors to provide non-executive perspectives in circumstances where it would be inappropriate for the Executive Chairman to serve in such capacity and to contribute a balanced viewpoint to the Board;
- (b) advise the Executive Chairman of the Board as to the quality, quantity and timeliness of the information submitted by Management that is necessary or appropriate for the Independent Directors to effectively and responsibly perform their duties; and
- (c) assist the Board and Company officers in better ensuring compliance with and implementation of corporate governance.

Board Membership

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

As at the date of this Annual Report, the members of the Nominating Committee ("**NC**") are as follows:

Mr Chan Ching Chuen – Chairman
Mr Stephen Ho ChiMing – Member
Mr Lee Wan Lik – Member

Majority of the members of the NC including its Chairman are independent.

The NC makes recommendations to the Board on the following matters:

- (a) to review the structure, size and composition of the Board and the Board committees;
- (b) to review board succession plans for directors, in particular, the Chairman and for the CEO;
- (c) to evaluate the performance of the Board and Board Committees as a whole;
- (d) to review training and professional development programs for the Board; and
- (e) to make recommendations to the Board on the appointment and re-appointment of directors (including alternate directors, if applicable) including making recommendations on the composition of the Board and the balance between Executive and Non-Executive Directors appointed to the Board;

CORPORATE GOVERNANCE REPORT

- (f) to review and assess the independence of each Director; and
- (g) to decide whether or not a Director is able to and has been adequately carrying out his duties as a Director of the Company, particularly when he has multiple board representations and/or a conflict of interest.

The NC has adopted the Code's definition and criteria for independence. Each Independent Director is required to submit a Confirmation of Independence Form annually for the NC's review.

During FY2021, the NC has reviewed the independence of the Independent Directors namely Mr Koji Miura, Mr Chan Ching Chuen and Mr Stephen Ho ChiMing according to the criteria set out in the Code. These Directors have demonstrated strong independence in character and judgement over the years in discharging their duties and responsibilities as Independent Directors. They continue to express their individual viewpoints, debate on issues, objectively scrutinise and challenge Management's proposals as well as participate in discussions on business activities and transactions involving conflicts of interests and other complexities.

Having considered the above, the NC is of the view that all the Independent Directors are independent. All three directors have abstained from any discussion and recommendation in respect of their own independence.

None of the above three Independent Directors are related to, and do not have any relationship with, the Company, its related corporations, its substantial shareholders, or its officers or are in any circumstances that could interfere, or be reasonably perceived to be interfered, with the exercise of their independence business judgement with a view to the best interests of the Company. The Board has concurred with the NC's assessment.

Subject to the Board's approval, the NC will also decide on how the Board's performance is to be evaluated, and propose objective performance criteria which are dependent on how the Board has enhanced long-term shareholder value. Appointments to the Board are made on merit and against objective performance criteria.

To help build a culture of performance and stewardship amongst its Board members, the Group ensures that all the Directors step down and offer themselves for re-election at regular intervals of at least once every three (3) years. The Company's Bye-Laws provide that at least one-third of the directors for the time being (or if their number is not three or a multiple of three, then the number nearest to but not less than one third) shall retire from office by rotation.

For the forthcoming Annual General Meeting ("**AGM**"), the NC has recommended that Mr Chan Ching Chuen and Ms Lam Pui Wan (who will retire pursuant to Bye-Law 104 of the Company's Bye-Laws) to be nominated for re-election. In making the recommendation, the NC had considered the Directors' overall contributions and performance and competencies in fulfilling their responsibilities as Directors to the Board. The Board has accepted the NC's recommendation. Please refer to the notice of AGM for the resolutions put forth in relation to their respective re- elections and details of the retiring Directors including the information required under Rule 720(6) of the Listing Manual, as disclosed in section on Disclosure of Information on Directors' Seeking Re-election in this corporate governance report.

There is no alternate director appointed to the Board as at the date of this Annual Report.

In the selection and nomination for new directors, the NC identifies the key attributes that an incoming director should have, based on attributes of the existing Board and the requirements of the Group. After endorsement by the Board of the key attributes, the NC taps on the resources of the directors' personal contacts for recommendations of potential candidates. The potential candidates will go through a short listing process. Interviews are then set up with the short listed candidates for the NC to assess them before a decision is made.

A newly appointed Director will have to submit himself for retirement and election at an AGM immediately following his appointment and thereafter, be subjected to retirement by rotation.

Each member of the NC has abstained from voting on any resolution with respect to the assessment of his own performance for re-nomination as a Director.

CORPORATE GOVERNANCE REPORT

The Board has set the maximum number of 10 listed company board representations that any Director of the Company may hold at any one time. All Directors have complied with this requirement. A Director with multiple board representations is expected to ensure that sufficient time and attention is given to the affairs of the Company. The NC is of the view that the number of directorships a Director can hold and his principal commitments should not be prescriptive as the time commitment for each board membership will vary.

The NC, having considered the confirmations received from the Independent Directors, is of the view that the other board representations and principal commitments of the Independent Directors do not hinder them from carrying out their duties to the Company. The NC is satisfied that sufficient time and attention have been accorded by these Independent Directors to the affairs of the Company. The Board concurred with the NC's views.

Please refer to the Profile of Board of Directors as set out on page 8 of the Annual Report for key information on the Directors.

Board Performance

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

The NC will assess the effectiveness of the Board and its board committees as a whole.

The NC, in considering the re-appointment of a Director, will evaluate the performance of the Director's contributions such as his or her attendance record at meetings of the Board and Board committees, active participation during these meetings and the quality of his or her contributions. The NC has initiated the assessment of the effectiveness of the Board as a whole on an annual basis. The evaluation of the Board's performance is conducted by means of a questionnaire which is then collated and the findings analysed and discussed. The results of the Board's performance assessment are reviewed and circulated to the Board for consideration. Recommendations to further enhance the effectiveness of the Board are implemented as appropriate.

The Board has allocated budgets for directors to attend training and will make recommendations to the Board on the training and professional development programmes for the Board members.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

As at the date of this Annual Report, the members of the Remuneration Committee ("RC") are as follows:

Mr Stephen Ho ChiMing – Chairman
Mr Koji Miura – Member
Mr Chan Ching Chuen – Member

All the RC members including its Chairman are Independent Directors. The RC is responsible for:-

- (a) review and recommending to the Board a remuneration framework for the Board key management personnel;
- (b) review and recommending to the Board the specific remuneration package for each Director and each of the key management personnel;
- (c) considering all aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards, and benefits-in-kind; and

CORPORATE GOVERNANCE REPORT

- (d) reviewing the Company's obligations arising in the event of termination of the Executive Directors' and Key Management Personnel's contracts of services to ensure that such contracts contain fair and reasonable termination clauses which are not overly generous, with a view to being fair and avoiding the reward of poor performance.

The RC can access to expert advice in the field of Executive compensation outside the Company, as and when required. Such expenses are to be borne by the Company.

The Board has not engaged any external remuneration consultant to advice on the remuneration matters in FY2021.

Level and Mix of Remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

The Company advocates a performance-based remuneration system for Executive Directors and Key Management Personnel that is flexible and responsive to the market. The remuneration of the Executive Directors and the key management personnel comprises a basic salary component and a variable component which is the annual bonus, based on the performance of the Group as a whole and the individual performance, designed to align their interests with those of shareholders.

The Managing Director Mr Lee Wan Lik and the Executive Director Mr Michael Yap Kiam Siew has each entered into a service agreement (the "**Service Agreement**") with the Company. The Service Agreement is valid for a term of one year and thereafter continues from year to year unless terminated in accordance with the provisions of the Service Agreement. The Service Agreement can be terminated by either party giving not less than three months' notice provided that the Company shall have the option to pay three months' salary in lieu of any required period of notice. Except for such payment in lieu of notice as provided for under the Service Agreement, no compensation or damages are payable by the Company to Mr Lee Wan Lik and Mr Michael Yap Kiam Siew respectively, in respect of their termination in accordance with the terms of the Service Agreement.

The RC has adopted a framework which consists of a base fee to remunerate Independent Directors and Non-Executive Directors based on their appointments and roles in the respective Board Committees, taking into account the level of contribution and factors such as effort, time spent and responsibilities, and the fees paid by comparable companies. Directors' fees to be paid to the Independent Non-Executive Directors will be tabled at the Company's AGM for shareholders' approval. The Directors' fees are reviewed annually to ensure that the Independent Directors are not overcompensated to the extent that their independence may be compromised. Other than Directors' fees, the Independent Directors do not receive other form of remuneration from the Company. The RC has recommended the payment of the Directors' fees of S\$78,000 for FY2021. This recommendation has been endorsed by the Board and will be tabled at the Company's AGM for shareholders' approval.

The Company does not use contractual provisions to allow the Company to reclaim incentive components of remuneration from the Executive Director and key management personnel in exceptional circumstances of misstatement of financial statements, or of misconduct resulting in financial loss to the Company. The company should be able to avail itself to remedies against the Executive Directors and key management personnel in the event such breach of fiduciary duties.

CORPORATE GOVERNANCE REPORT

Disclosure on Remuneration

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Directors' remuneration

A breakdown, showing the level and mix of each individual director's remuneration paid or payable for FY2021 is as follows:

CORPORATE GOVERNANCE REPORT

The Company believes that it should not disclose the remuneration paid to the key management personnel in absolute amount due to the highly competitive market and in the interest of maintaining good morale and building team work within the Group.

There were no employees who are substantial shareholders of the Company and are immediate family members of a Director, the CEO or a substantial shareholder of the Company, and whose remuneration exceeded S\$100,000 in FY2021.

There were no termination of any Directors and Key Management Personnel during FY2021.

ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The Board is responsible for ensuring that there is a system of internal financial controls, operational and compliance controls and information technology controls, and risk management policies and for reviewing its adequacy and effectiveness. The Management is responsible for internal control and for ensuring compliance therewith. The Audit Committee ("**AC**") assists the Board in discharging its internal control review responsibilities. The Board makes continuous efforts to embed internal controls into the operations of the businesses and to deal with areas of improvement which come to the attention of Management and the Board.

The Company does not have a Risk Management Committee. However, Management regularly reviews the Group's business and operational activities to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks. The Management reviews all significant control policies and procedures and highlights all significant matters to the Board and the AC. The Group's financial risk management is disclosed under Note 28 of the Notes to the Financial Statements on pages 75 to 83 of this Annual Report.

The Management, internal auditor and the external auditor of the Company conduct reviews and audits on a regular basis that involve testing the adequacy and effectiveness of material internal controls on key risks. Any material non-compliance or lapses in internal controls and its corresponding mitigating actions will be reported to the AC. At least annually, the Board, with the assistance from the AC, will review the adequacy and effectiveness of the Company's Risk Management and internal control systems, including financial, operational, compliance and information technology risks.

The Board notes that these internal control systems are designed to manage rather than to eliminate the risk of failure to achieve business objectives. In addition, these systems can only provide reasonable but not absolute assurance against material misstatement or loss.

For FY2021, the Board has received written assurances from the CEO and the Group Financial Controller (a) that the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and (b) that the risk management and internal control systems of the Company is adequate and effective to deal with major risks relating to financial, operational, information technology and compliance aspects.

Based on the systems of risk management and internal controls established and maintained by the Group, work performed and reports by the internal and external auditors and the above written assurances, the Board, with the concurrence of the AC, is of the opinion that the Group's risk management and internal controls systems, addressing the financial, operational, compliance and information technology risks, are effective and also adequate.

CORPORATE GOVERNANCE REPORT

Audit Committee

Principle 10: The Board has an Audit Committee which discharges its duties objectively

As at the date of this Annual Report, the members of the AC are as follows:

Mr Koji Miura – Chairman
Mr Chan Ching Chuen – Member
Mr Stephen Ho ChiMing – Member

All the members of the AC including its Chairman are Independent.

None of the AC members were previously partners or directors of the Company's external audit firm within a period of two (2) years commencing on the date of him ceasing to be a partner or director of the external audit firm, or hold any financial interest in the external audit firm.

The Board is of the view that the AC members are appropriately qualified, with the AC Chairman Mr Koji Miura and the AC Member Mr Stephen Ho ChiMing having the relevant accounting and/or related financial management expertise or experience as the Board interprets such qualifications to discharge their responsibilities.

The AC has kept the recent and relevant accounting or related financial management expertise or experience up-to-date by attending the training provided by the relevant regulatory parties.

In addition, the auditor of the Company provides update on recent developments to accounting standards to AC members on half yearly basis to ensure all AC members and management to keep abreast of the changes to accountings standards and issues which have a direct impact on financial statements.

The AC will meet periodically to, inter alia:

- (a) review the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any announcements relating to the Company's financial performance;
- (b) review with the internal auditor their audit plan and report to the Board at least annually the adequacy of the internal audit procedures and their evaluation of the effectiveness of the Company's overall internal controls and risk management, including financial, operational, compliance and information technology controls;
- (c) review interested person transactions, if any, to ensure that the internal control and review procedures are adhered to;
- (d) review the adequacy, effectiveness, scope and results of the external audit, and the independence and objectivity of the external auditors;
- (e) make recommendations to the Board on the proposals to the shareholders on the appointment, re-appointment and removal of the external auditors, and approving the remuneration and terms of engagement of the external auditors;
- (f) establish and review, on an ongoing basis, the whistleblowing policies, processes and reporting procedures of the Company;
- (g) review the assurance from the Chief Executive Officer and Group Financial Officer on the financial records and financial statements; and
- (h) undertake generally such other functions and duties as may be required by law or the Listing Rules.

Apart from the above functions, the AC will also commission and review the findings of internal investigations into matters where there is any suspected fraud or irregularity, failure of internal controls, or infringement of any law, rule or regulation which has or is likely to have a material impact on our Company's operating results or financial position. Each member of the AC will abstain from voting in respect of matters in which he is interested.

CORPORATE GOVERNANCE REPORT

The AC is empowered to investigate any matter relating to the group's accounting, auditing, internal controls and/or financial practices brought to its attention, with full access to records, resources and personnel, so as to enable it to discharge its functions properly.

For FY2021, the remuneration paid and payable to the external auditor, PricewaterhouseCoopers LLP ("PwC") in relation to audit and non-audit services were HK\$1,443,000 and HK\$116,000 respectively.

The AC, having reviewed the volume of non-audit services to the Company by the external auditors, is satisfied that the nature and extent of such services will not prejudice the independence and objectivity of the external auditors.

The AC has recommended and the Board has approved the nomination for the re-appointment of PwC as the external auditors of the Company at the forthcoming AGM.

The AC has confirmed the Company has complied with Rule 712 of the Listing Manual of the SGX-ST in that PwC is registered with the Accounting and Corporate Regulatory Authority. The AC is satisfied that the resources and experience of PwC, the audit engagement partner and his team assigned to the audit of the Group are adequate to meet their audit obligations, given the size, nature and operations of the Group.

PwC is the appointed external auditors of the Company and its Singapore-incorporated subsidiary. Other than the overseas subsidiaries which were exempted from audit requirement under their respective laws of the country of incorporation, the overseas subsidiaries of the Group are either audited by a member firm of PwC or by the suitable auditing firms in their respective country of incorporation.

The AC and the Board are satisfied that the appointment of different auditing firms for its overseas subsidiaries would not compromise the standard and effectiveness of the audit of the Company. The AC confirmed that the Company has complied with Rules 712 and 715 of the Listing Manual of the SGX-ST.

The Company has outsourced its internal audit function to an independent qualified firm of auditors Moore Stephens Advisory Services Limited, as its internal auditor, to review the effectiveness of the Company's material internal controls.

The resulting report issued by the internal auditor is reviewed in detail by the AC in conjunction with Management. The AC will consider the effectiveness of responses / actions taken by Management on the audit recommendations and observations.

The AC is responsible for the hiring, removal, evaluation and approving the remuneration and terms of engagement of the internal auditor.

The AC reviews and approves the internal audit plan to ensure the adequacy of the scope of audit. The AC is satisfied that the internal audit function is independent, effective (given, inter alia, its adherence to standards set by internationally recognised professional bodies) and adequately resourced, has unfettered access to all of the Company's documents, records, properties and personnel, including to the AC and has the appropriate standing in the Company to discharge its duties effectively.

In line with the Code, a private session between the AC with the external and the internal auditors is held annually to discuss any matters concerning the Company without the presence of the Management. The AC has met with the external and the internal auditors in the absence of key management personnel in FY2021.

The Company has adopted a whistle blowing policy, endorsed by the AC, where employees of the Group may in confidence, raise concerns about wrongdoing or malpractice within the Group and ensure arrangements are in place for the independent investigations of such matters and for appropriate follow up actions. A well-defined process ensures independent investigation of such matters and the assurance that employees will be protected to the extent possible from reprisals.

For FY2021, there were no complaints, concerns of issues received by the AC.

CORPORATE GOVERNANCE REPORT

SHAREHOLDERS' RIGHT AND RESPONSIBILITIES

Shareholder Rights and Conduct of General Meetings

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

The Company respects and upholds shareholders' rights, and tenders its communication with shareholders with care. The Board recognises and exercises its overall responsibility to shareholders, by ensuring accurate financial reporting for the Company's overall internal control framework, including financial, operational, information technology and compliance controls, risk management policies and through systems needed to safeguard the shareholders' investments and assets of the Company. The Company's Bye-laws allows the attendance by nominees of shareholders at general meetings. The Company encourages and facilitates shareholder engagement and participation through its meetings and briefings.

The AGM of the Company represents the principal forum for dialogue and interaction with all shareholders. At each AGM, the Board welcomes questions from shareholders who have an opportunity to raise questions or share their views regarding the proposed resolutions and the Company's business and affairs, either informally or formally before or at the AGM.

The Chairman of the Board Committees, Directors, senior management and external auditors will be present and available at the general meeting to attend to the queries/questions from shareholders.

All resolutions proposed at general meetings shall be put to vote by way of a poll. All votes cast, for or against or abstain, and the respective percentages, in respect of each resolution are tallied and disclosed at the meeting and an announcement with the detailed results showing the numbers of votes cast for and against for each resolution and the respective percentage will be released via SGXNet after the general meetings. Each distinct issue is proposed as a separate resolution at general meetings.

The Company has not amended its Bye-Laws to provide for absentia voting method. As the authentication of Shareholder identity information and other related security issues remain a concern, the Company has decided, for the time being, not implement voting in absentia by mail, e-mail or fax.

Minutes of general meetings including comments from shareholders and responses from the Board and Management relating to the resolutions tabled at the general meetings held by the Company will be made available to shareholders upon receipt of their request.

For FY2021, in accordance with the COVID-19 (Temporary Measures) Act 2020 and the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (the "**Order**"), the Company will apply and adopt the alternative arrangements for the convening, holding and conducting of the AGM, as set out in the second column of the First Schedule of the Order.

To enable shareholders to have a real-time two-way interaction with the Company's management and Board of Directors, the AGM of the Company will be conducted using the AGM@Convene platform which enable shareholders the option of live voting and interactive video question and answer session with the Board, in addition to the written questions.

Minutes of the AGM will be published on the SGXNET and also at the Company's corporate website within one (1) month after the AGM date.

While the Company has no official policy on the payment of dividends, it has consistently paid out the bulk of its profits as dividends since its listing in 2004. The amount of dividends paid each year will depend on factors that include the Group's profit level, cash position and future cash needs.

Subject to shareholders' approval at the forthcoming AGM, the Board has recommended a final dividend of 39HK cents per share for the financial year ended FY2021.

CORPORATE GOVERNANCE REPORT

Engagement with Shareholders

Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

Engagement with Stakeholders

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Company engages in regular, effective and fair communication with shareholders. The Board is mindful of the obligations to provide timely information and full disclosure of material information to shareholders in accordance with the statutory requirement and the listing manual of the SGX-ST. Information is communicated to shareholders on a timely basis. All material information and financial results are released through SGXNET.

Notice of the AGM or the Special General Meeting (“SGM”), if any, and Annual Reports are issued to all shareholders of the Company. The Notice of AGM or SGM is also advertised in newspaper and announced via SGXNET. INDEPENDENT AUDITOR'S REPORT

To the Members of Azeus Systems Holdings Ltd.

In our opinion, the accompanying consolidated financial statements of Azeus Systems Holdings Ltd. (the "Company") and its subsidiaries (the "Group") and the balance sheet of the Company present fairly, in all material respects, the consolidated financial position of the Group and the financial position of the Company as at 31 March 2021, and the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the financial year then ended in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)s").

What we have audited

The financial statements of the Company and the Group comprise:

- the consolidated statement of profit and loss and other comprehensive income of the Group for the financial year ended 31 March 2021;
- the balance sheets of the Group and of the Company as at 31 March 2021;
- the consolidated statement of changes in equity of the Group for the financial year then ended;
- the consolidated statement of cash flows of the Group for the financial year then ended; and
- the notes to the financial statements, including a summary of significant accounting policies.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the consolidated financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

Our Audit Approach

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the accompanying consolidated financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

INDEPENDENT AUDITOR'S REPORT

To the Members of Azeus Systems Holdings Ltd.

Our Audit Approach (continued)

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements for the financial year ended 31 March 2021. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

No material differences were identified.</p> <p>We found the judgements and estimates used in the recognition of revenue to be supported by the available evidence and the disclosures in the financial statements to be adequate.</p>

Other Information

Management is responsible for the other information. The other information comprises the following sections of the annual report, but does not include the financial statements and our auditor's report thereon, which we obtained prior to that date of this auditor's report:

- Corporate Information
- Corporate Profile
- Financial Highlights
- Our Services and Products
- Managing Director's Message
- Board of Directors
- Senior Management
- Corporate Governance Report
- Disclosure of Information on Directors Seeking Re-Election
- Director's Statement
- Statistics of Shareholdings
- Notice of Annual General Meeting

Sustainability Report and the other sections of the annual report ("the Other Sections") are expected to be made available to us after that date.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we have obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Other Sections, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions in accordance with SSAs.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of consolidated financial statements in accordance with SFRS(I) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

To the Members of Azeus Systems Holdings Ltd.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

INDEPENDENT AUDITOR'S REPORT

To the Members of Azeus Systems Holdings Ltd.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Mr Chua Chin San.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. General information

Azeus Systems Holdings Ltd. (the “Company”) is incorporated as an exempt company with limited liability under the Companies Act 1981 of Bermuda and is listed on the Singapore Exchange Securities Trading Limited (“SGX-ST”). The address of its registered office is Canon’s Court, 22 Victoria Street, Hamilton HM1, Bermuda. The principal place of business of the Company is 22nd Floor, Olympia Plaza, 255 King’s Road, North Point, Hong Kong.

The principal activity of the Company is that of an investment holding company. The principal activities of the subsidiaries are set out in Note 16.

2. Significant accounting policies

2.1 Basis of preparation

These financial statements are prepared in accordance with Singapore Financial Reporting Standards (International) (“SFRS(I)”) under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I) requires management to exercise its judgement in the process of applying the Group’s accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

Interpretations and amendments to published standards effective in 2020

On 1 April 2020, the Group has adopted the new or amended SFRS(I) and Interpretations of SFRS(I) (“INT SFRS(I)”) that are mandatory for application for the financial year. Changes to the Group’s accounting policies have been made as required, in accordance with the transitional provisions in the respective SFRS(I) and INT SFRS(I).

The adoption of these new or amended SFRS(I) and INT SFRS(I) did not result in substantial changes to the Group’s accounting policies and had no material effect on the amounts reported for the current or prior financial years.

An adjustment has been made in the current year to reflect the expenses incurred in relation to research and development activities for Azeus Product under “Research and developments” instead of “Costs of sales”. Prior year comparatives have been reclassified to reflect this adjustment. The Group believes that the revised classification will provide users of the financial statements with more representative information to better understand the Group’s financial results.

Gross profit	76,585	24,767	101,352
Expenses			
- Research and development expenses	-	(24,767)	(24,767)

The adjustment does not have any impact on the balance sheet, consolidated statement of change in equity, consolidated statement of cash flows and earnings per share.

2.2 New or revised SFRS(I) and SFRS(I) INT issued at the reporting date but not yet effective

New standards, amendments to standards and interpretations that have been issued at the end of the reporting period but are not yet effective for the financial year ended 31 March 2021 have not been applied in preparing these financial statements. None of these are expected to have significant effect on the financial statements of the Group and the Company.

2.3 Revenue

(a) Revenue from IT services contracts

A service contract is a contract specifically negotiated for the provision of IT services as required under the relevant contract terms and the contract prices are fixed.

There are three main revenue streams under provision of IT services:

- i) Systems implementation and enhancement
- ii) Sales of hardware and software
- iii) Maintenance and support services

The transaction price is allocated to the respective revenue stream based on a relative stand-alone selling price. Management estimates the stand-alone selling price at contract inception based on prices of the type of hardware likely to be provided and the services rendered in similar circumstances to similar customers.

- i) Systems implementation and enhancement

The IT services relating to systems implementation and enhancement have no alternative use for the Group due to contractual restriction, and the Group has enforceable rights to payment for performance completed to date arising from the contractual terms. For these contracts, revenue is recognised over time by reference to the Group's progress towards completing the systems implementation and enhancement projects.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Significant accounting policies (continued)

2.3 Revenue (continued)

(a) Revenue from IT services contracts (continued)

i) Systems implementation and enhancement (continued)

The measure of progress is determined based on the percentage of actual time costs incurred to date to the estimated total time costs. Costs incurred that are not related to the contract or that do not contribute towards satisfying a performance obligation are excluded from the measure of progress and instead are expensed as incurred.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in the profit or loss in the period in which the circumstances that give rise to the revision become known by management.

Progress billings to the customers are based on a payment schedule in the contract and are typically triggered upon achievement of specified service contract milestones. A contract asset is recognised when the Group has performed under the contract but is not yet entitled to bill the customer. Conversely, a contract liability is recognised when the payments received from the customer exceeds revenue recognised to date.

An impairment loss is recognised in the profit or loss to the extent that the carrying amount of capitalised contract costs exceeds the expected remaining consideration less any directly related costs not yet recognised as expenses.

ii) Sales of hardware and software

Revenue from the sale of hardware and software items is recognised at a point in time when control of the goods has transferred to the customer and there is no unfulfilled obligation that could affect the customer's acceptance of the goods. The amount of revenue recognised is the amount of the transaction price allocated to the satisfied performance obligation.

iii) Maintenance and support services

Revenue from a contract to provide maintenance services is recognised over time based on the duration of the contract term. Payments received relating to future periods are treated as contracts liabilities in the balance sheet.

(b) Product licensing revenue

Product licensing revenue are revenue recorded in relation to Azeus Software Licenses. It pertains to subscription fees charged and is recognised over time over the duration of the contract beginning on the commencement date of each contract, when service is made available to customers.

(c) Product service revenue

Product service revenue is recognised at a point in time when customer has acknowledged the completion of the services and when the performance obligation is met.

(d) Interest income

Interest income is recognised using the effective interest method.

(e) Dividend income

Dividend income is recognised when the right to receive payment is established.

NOTES TO THE FINANCIAL STATEMENTS

2.4 Group accounting

(a) Subsidiaries

(i) Consolidation

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on that control ceases.

In preparing the consolidated financial statements, intercompany transactions and balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment indicator of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of (a) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (b) fair value of the identifiable net assets acquired is recorded as goodwill.

(iii) Disposals

When a change in the Group's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to Note 2.7 "Investments in subsidiaries" for the accounting policy on investments in subsidiaries in the separate financial statements of the Company.

2.5 Property, plant and equipment

(a) Measurement

(i) Property, plant and equipment

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(ii) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. The projected cost of dismantlement, removal or restoration is also recognised as part of the cost of property, plant and equipment if the obligation for the dismantlement, removal or restoration is incurred as a consequence of either acquiring the asset or using the asset for purpose other than to produce inventories.

(b) Depreciation

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

	<u>Useful lives</u>
Leasehold improvements	3 - 5 years
Furniture and fixtures	3 - 5 years
Office equipment	2 - 5 years
Computer equipment	3 years

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

(c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

(d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Significant accounting policies (continued)

2.6 Intangible assets

Development of Azeus Products

Costs directly attributable to the development of Azeus Products ("Products") are capitalised as intangible assets only when technical feasibility of the project is demonstrated, the Group has an intention and ability to complete and use the products, and the development costs can be measured reliably. Such development costs include payroll related costs of employees directly involved in the project.

Direct expenditures including employee costs, which enhance or extend the performance of the Products beyond its specifications and which can be reliably measured, are added to the original cost of the Products.

Costs associated with maintaining the Products are recognised as an expense when incurred.

The Products are subsequently carried at cost less accumulated amortisation and accumulated impairment losses. These costs are amortised to profit or loss using the straight-line method over their estimated useful lives of 3 to 5 years.

The amortisation period and amortisation method of intangible assets are reviewed at least at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

2.7 Investments in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses in the Company's balance sheet. On disposal of such investments, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

2.8 Impairment of non-financial assets

Property, plant and equipment

Investments in subsidiaries

Intangible assets

Right-of-use assets

Property, plant and equipment, investments in subsidiaries, intangible assets and right-of-use-assets are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss.

An impairment loss for an asset is reversed if, and only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset is recognised in profit or loss.

2.9 Financial assets

(a) *Classification and measurement*

The Group classifies its financial assets in the following measurement categories:

- Amortised cost;
- Fair value through other comprehensive income (FVOCI); and
- Fair value through profit or loss (FVPL).

The classification depends on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset.

At initial recognition

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

At subsequent measurement

(i) *Debt instruments*

Debt instruments mainly comprise of cash and cash equivalents and trade and other receivables.

There are three subsequent measurement categories, depending on the Group's business model for managing the asset and the cash flow characteristics of the asset:

- **Amortised cost:** Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.
- **FVOCI:** Debt instruments that are held for collection of contractual cash flows and for sale, and where the assets' cash flows represent solely payments of principal and interest, are classified as FVOCI. Movements in fair values are recognised in Other Comprehensive Income (OCI) and accumulated in fair value reserve, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and presented in "other gains and losses". Interest income from these financial assets is recognised using the effective interest rate method and presented in "interest income".
- **FVPL:** Debt instruments that are held for trading as well as those that do not meet the criteria for classification as amortised cost or FVOCI are classified as FVPL. Movement in fair values and interest income is recognised in profit or loss in the period in which it arises and presented in "other gains and losses".

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Significant accounting policies (continued)

2.9 Financial assets (continued)

(a) Classification and measurement (continued)

At subsequent measurement (continued)

(ii) Equity investments

The Group subsequently measures all its equity investments at their fair values. Equity investments are classified as FVPL with movements in their fair values recognised in profit or loss in the period in which the changes arise and presented in "other gains and losses", except for those equity securities which are not held for trading. The Group has elected to recognise changes in fair value of equity securities not held for trading in other comprehensive income as these are strategic investments and the Group considers this to be more relevant. Movements in fair values of investments classified as FVOCI are presented as "fair value gains / losses" in Other Comprehensive Income. Dividends from equity investments are recognised in profit or loss as "dividend income".

(b) Impairment

The Group assesses on a forward looking basis the expected credit losses associated with its debt financial assets carried at amortised cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 28 details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables, lease receivables and contract assets, the Group applies the simplified approach permitted by the SFRS(I) 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(c) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

On disposal of an equity investment, the difference between the carrying amount and sales proceed is recognised in profit or loss if there was no election made to recognise fair value changes in other comprehensive income. If there was an election made, any difference between the carrying amount and sales proceed amount would be recognised in other comprehensive income and transferred to retained profits along with the amount previously recognised in other comprehensive income relating to that asset.

Trade receivables that are factored out to banks and other financial institutions with recourse to the Group are not derecognised until the recourse period has expired and the risks and rewards of the receivables have been fully transferred. The corresponding cash received from the financial institutions is recorded as borrowings.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Significant accounting policies (continued)

2.10 Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.11 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

2.12 Leases

When the Group is the lessee:

At the inception of the contract, the Group assesses if the contract contains a lease. A contract contains a lease if the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

- Right-of-use assets

The Group recognised a right-of-use asset and lease liability at the date which the underlying asset is available for use. Right-of-use assets are measured at cost which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement date and lease incentive received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the right-of-use assets.

These right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

- Lease liabilities

The initial measurement of lease liability is measured at the present value of the lease payments discounted using the implicit rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Group shall use its incremental borrowing rate.

Lease payments include the following:

- Fixed payment (including in-substance fixed payments), less any lease incentives receivables;
- Variable lease payment that are based on an index or rate, initially measured using the index or rate as at the commencement date;
- Amount expected to be payable under residual value guarantees
- The exercise price of a purchase option if is reasonably certain to exercise the option; and
- Payment of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Significant accounting policies (continued)

2.12 Leases (continued)

When the Group is the lessee: (continued)

- Lease liabilities (continued)

For contract that contain both lease and non-lease components, the Group allocates the consideration to each lease component on the basis of the relative stand-alone price of the lease and non-lease component. The Group has elected to not separate lease and non-lease component for property leases and account these as one single lease component.

Lease liability is measured at amortised cost using the effective interest method. Lease liability shall be remeasured when:

- There is a change in future lease payments arising from changes in an index or rate;
- There is a changes in the Group's assessment of whether it will exercise an extension option; or
- There are modification in the scope or the consideration of the lease that was not part of the original term.

Lease liability is remeasured with a corresponding adjustment to the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

- Short term and low value leases

The Group has elected to not recognised right-of-use assets and lease liabilities for short-term leases that have lease terms of 12 months or less and leases of low value leases, except for sublease arrangements. Lease payments relating to these leases are expensed to profit or loss on a straight-line basis over the lease term.

2.13 Inventories

Inventories comprise third party hardware and software products to be used in IT projects under the relevant contract terms and are carried at the lower of cost and net realisable value. Cost is determined using the first-in, first-out method. Net realisable value is the estimated selling price in the ordinary course of business.

2.14 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiaries, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Significant accounting policies (continued)

2.14 Income taxes (continued)

Deferred income tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

2.15 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Restructuring provisions comprise lease termination penalties and employee termination payments. Provisions are not recognised for future operating losses.

Other provisions are measured at the present value of the expenditure expected to be required to settle the obligation using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised in the statement of profit and loss and other comprehensive income as finance expense.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

2.16 Contingent liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements, if any. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as a provision.

2.17 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

(a) *Employee leave entitlements*

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Significant accounting policies (continued)

2.17 Employee compensation (continued)

(b) Pension benefits

The Group operates both defined contribution retirement benefits and a non-contributory defined benefit plan.

Defined contribution retirement benefits

The Group operates a defined contribution retirement scheme under the Mandatory Provident Fund Scheme (the "MPF Scheme") in Hong Kong. The scheme is funded through payments to trustee administered funds. The Group has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

The Group has a defined contribution scheme ("other scheme") in accordance with the local conditions and practices in the province of the People's Republic of China in which they operate. The defined contribution scheme is a pension scheme under which the Group pays fixed contributions into a separate fund and will have no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees benefits relating to employee service in the current and prior periods. The Group's contributions to the other scheme are expensed as incurred.

Non-contributory defined benefit plan

The Group has a non-contributory defined retirement benefits plan for the employees of its subsidiary in accordance with the local conditions and practices in the Philippines. The plan is generally funded through payments to trustee-administered funds governed by local regulations and practices and approved by the local management. A defined retirement benefits plan is a pension plan that defines an amount of pension benefit to be provided, usually as a function of one or more factors such as age, years of service or compensation.

The liability recognised in the balance sheet in respect of a defined benefits pension plan is the present value of the defined benefits obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognised past service costs. The defined benefits obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefits obligation is determined by discounting the estimated future cash outflows using the interest rates of government bonds that are denominated in the currency in which the benefits will be paid, and have terms to maturity approximating to the terms of the related retirement obligation.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period when they arise.

Past service costs are recognised immediately in profit or loss.

(c) Share grant

A controlling shareholder has implemented a share grant incentive scheme for certain key employees. Under this incentive, the controlling shareholder will transfer ordinary shares from his personal shareholding to such employees from time to time. The number of shares to be transferred and the terms of such transfers will be in his absolute discretion, and entitled employees will be providing no, nominal, or discounted consideration for such transfers.

The fair value of the employee services received in exchange for the grant of the shares from the controlling shareholder is recognised as an expense in profit or loss with a corresponding increase in the reserve on the date of grant. The fair value of the employee services received is determined from the quoted market value of the shares granted in consideration of the services performed at the date of the grant. The shares vest immediately upon being granted.

2. Significant accounting policies (continued)

2.17 Employee compensation (continued)

(d) *Long service payments*

The Group's employees have to complete a required number of years of service to the Group in order to be eligible for long service payments under the Hong Kong Employment Ordinance in the event of the termination of their employment. The Group is liable to make such payments in the event that such termination of employment meets the circumstances specified in the Hong Kong Employment Ordinance.

A provision is recognised in respect of the probable future long service payments expected to be made. The provision is based on the best estimate of the probable future payments which have been earned by the employees from their service to the Group to the balance sheet date.

(e) *Bonus plans*

The expected cost of bonus payments are recognised as a liability when the Group has a present legal or constructive obligation as a result of services rendered by employees and a reliable estimate of the obligation can be made.

Liabilities for bonus plans are expected to be settled within 12 months and are measured at the amounts expected to be paid when they are settled.

(f) *Termination benefits*

Termination benefits are those benefits which are payable when employment is terminated before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits at the earlier of the following dates: (a) when the Group can no longer withdraw the offer of those benefits; and (b) when the Group recognises costs for a restructuring that is within the scope of SFRS(I) 1-37 and involves the payment of termination benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to their present value.

2.18 Currency translation

(a) *Functional and presentation currency*

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Hong Kong Dollar, which is the functional currency of the Company.

(b) *Transactions and balances*

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are recognised in profit or loss. Monetary items included primarily financial assets (other than equity investments), contract assets and financial liabilities.

Foreign exchange gains and losses impacting profit or loss are presented in the statement of profit and loss and other comprehensive income within "other gains/(losses)". Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Significant accounting policies (continued)

2.18 Currency translation (continued)

(c) Translation of Group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities are translated at the closing exchange rates at reporting date;
- (ii) income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- (iii) all resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal of the entity giving rise to such reserve.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and translated at the closing rates at the reporting date.

2.19 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the executive committee whose members are responsible for allocating resources and assessing performance of the operating segments.

2.20 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents include cash on hand, and deposits with financial institutions which are subject to an insignificant risk of change in value. For cash subjected to restriction, assessment is made on the economic substance of the restriction and whether they meet the definition of cash and cash equivalents.

2.21 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

2.22 Dividends to Company's shareholders

Dividends to the Company's shareholders are recognised when the dividends are approved for payments.

2.23 Government grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grant will be received, and the Group will comply with all the attached conditions.

Government grants receivable are recognised as income over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are shown separately as other income.

Government grants relating to assets are deducted against the carrying amount of the assets.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

3. Critical accounting estimates, assumptions and judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) *Estimation of total contract costs*

The Group has significant ongoing contracts pertaining to systems implementation and enhancement. For these contracts, revenue is recognised over time by reference to the Group's progress towards completing the implementation or enhancement of the IT systems. The measure of progress is determined based on the proportion of contract costs incurred to date to the estimated total contract costs ("input method").

Management has to estimate the total contract costs to complete, which are used in the input method to determine the Group's recognition of revenue from the provisional of systems implementation and enhancement services. When it is probable that the total contract costs will exceed the total revenue from provision of such services, a provision for onerous contract is recognised immediately.

Significant judgement is used to estimate these total contracts costs to complete. In making these estimates, management has relied on past experience of completed projects and the work of specialists.

As at 31 March 2021, HK\$1.4 million of the Group's contract assets is subject to the estimation of progress towards completion using the input method.

If the estimated total costs for the contract increase/decrease by 5% from management's estimates, the Group's revenue and contract assets will decrease and increase by approximately HK\$0.4 million and HK0.4 million respectively.

(b) *Defined retirement benefits*

The determination of the Group's pension benefit obligation and retirement benefits are dependent on the selection of certain assumptions used by actuaries in calculating such amounts. Those assumptions include among others, discount rates, expected return on plan assets and rate of compensation increase.

The liability recognised in the Group's balance sheet in respect of a defined benefit pension plan is the present value of the defined benefit obligation at reporting date less the fair value of plan assets. The defined benefit obligation is calculated annually by independent actuaries using a selection of assumptions. Those assumptions include among others, discount rates, expected return on plan assets and rate of compensation increase as described in Note 20.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income in the period when they arise. The experience adjustments are not to be reclassified to profit or loss in a subsequent period.

Past service costs are recognised immediately in profit or loss.

While it is believed that the Group's assumptions are reasonable and appropriate, significant differences in actual experience or significant changes in assumptions may materially affect the Group's retirement benefit cost and obligation.

The possible effects of sensitivities surrounding actuarial assumptions at the financial reporting date are presented in Note 20. Other key assumptions for retirement benefit obligation are based on current market conditions.

20. Provision for defined retirement benefits

The Group has a non-contributory defined retirement benefits plan (the "Plan") covering substantially all its qualified employees in the Philippines. The fund is administered by a trustee bank, governed by local regulations and practices and approved by the local management. Under the Plan, normal retirement age is 60 years. The retirement plan is intended to provide benefit payments to members with at least 3 years of credited service. The Plan provides a retirement benefit ranging from 175% to 225% of plan salary for every year of credited service.

The amounts recognised in the balance sheets are determined as follows:

	Group	
	31 March 2021 HK\$'000	31 March 2020 HK\$'000
Present value of funded benefit obligations	23,967	20,896
Fair value of plan assets	(13,398)	(10,782)

Debt securities	86%	96%
Cash and cash equivalents	*	4%
Others	14%	*
End of financial year	100%	100%

* Less than 1%

Investment in debt securities consists of investment in corporate bonds, retail treasury bonds issued by the Philippine government through the Bureau of Treasury, unsecured subordinated debts and long term notes on time deposits.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

20. Provision for defined retirement benefits (continued)

The amounts recognised in profit or loss are as follows:

	Group	
	2021 HK\$'000	2020 HK\$'000
Current service cost	1,447	1,119
Interest cost	1,113	1,068
Interest income	(611)	(645)
Included in "Employee compensation" (Note 6)	1,949	1,542

The principal actuarial assumptions used were as follows:

	Group	
	31 March 2021	31 March 2020
Discount rate	5%	5%
Future salary increases	6%	6%
Average remaining working life in years	26.6	26.9
Average years of past service	11.0	10.7

The discount rate assumption is based on the spot yield curve calculated from the Bankers Association of the Philippines (BAP) PHP Bloomberg BVAL Reference rates (BVAL) benchmark reference curve for the government securities market (2020: the PDEX (PDSI/T-R2) market yields) by stripping the coupons from government bonds to create virtual zero coupon bonds as of 31 March 2021 and considering the average years of remaining working life of the employees as the estimated term of the benefit obligation.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	Impact on defined benefit obligation		
	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	1%	Decrease by HK\$3.6m	Increase by HK\$4.5m
Salary growth rate	1%	Increase by HK\$4.4m	Decrease by HK\$3.6m

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method has been applied as when calculating the retirement benefit obligation recognised within the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous period.

NOTES TO THE FINANCIAL STATEMENTS

21. Deferred income taxes

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income taxes relate to the same fiscal authority. The amounts, determined after appropriate offsetting, are shown on the balance sheets as follows:

	Group	
	31 March 2021	31 March 2020
	HK\$'000	HK\$'000
Deferred income tax assets:		
- to be recovered within one year	-	-
- to be recovered after one year	1,113	1,056
	1,113	1,056

Movement in deferred income tax account is as follows:

	Group	
	2021	2020
	HK\$'000	HK\$'000
Beginning of financial year	1,056	689
Tax (expense)/credit on actuarial gains/(losses) on defined retirement benefits credited to other comprehensive income	(57)	307
Currency translation differences	54	16
Tax credited to profit or loss (Note 9)	60	44
End of financial year	1,113	1,056

Deferred income tax assets are recognised for tax losses carried forward to the extent that realisation of the related tax benefits through future taxable profits is probable. The Group has unrecognised trading tax losses of HK\$35,113,000 (31 March 2020: HK\$25,195,000) at the balance sheet date which can be carried forward and used to offset against future taxable income subject to meeting certain statutory requirements by those companies with unrecognised tax losses in their respective countries of incorporation. The tax losses have no expiry date.

<i>Other reserves</i>				
Employee share-based payment reserve	1,328	1,328	-	-
Statutory reserve	261	55	-	-
	1,589	1,383	-	-

Share premium pertains to the premium paid by shareholders which is above the par value. Lower share premium at the Group level due to the adjustments arising from the restructuring exercise during the financial year ended 31 March 2005 represents the excess of the nominal value of the shares issued by the Company over the nominal value of the shares acquired in exchange for those shares, accounted for using the pooling-of-interest method.

Employee share-based payment reserve relates to the Azeus Employee Share Option Scheme (the "Scheme"), which was approved by the shareholders of the Company.

Statutory reserve represents the appropriations made in accordance with the PRC laws for PRC subsidiary. This reserve is made out of profit after tax as recorded in the statutory financial statements. The appropriation to the reserve shall be no less than 10% of net profit and appropriation may cease when the fund reaches 50% of the registered capital.

24. Retained profits

Movement in retained profits for the Company is as follows:

At the Annual General Meeting on 12 July 2021, a final dividend of HK\$0.39 per share amounting to a total of HK\$11,700,000 will be recommended. These financial statements do not reflect this dividend, which will be accounted for in shareholders' equity as an appropriation of retained profits in the financial year ending 31 March 2022.

26. Contingent liabilities

At 31 March 2021, there were contingent liabilities in respect of performance bonds amounting to HK\$1,021,000 (2020: HK\$1,701,000) issued by the banks on behalf of the Group.

27. Leases – The Group as a lessee

The Group leases office space for the purpose of office operations. There are no externally imposed covenant on these lease arrangements.

(g) Addition of ROU assets during the financial year ended 31 March 2021 was \$675,000 (2020: HK\$10,380,000).		

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

27. Leases – The Group as a lessee (continued)

(h) Future cash outflow which are not capitalised in lease liabilities

(i) *Extension options*

The leases for certain office space contain extension periods, for which the related lease payments had not been included in lease liabilities as the Group is not reasonably certain to exercise these extension option. The Group negotiates extension options to optimise operational flexibility in terms of managing the assets used in the Group's operations. The majority of the extension options are exercisable by the Group and not by the lessor.

28. Financial risk management

Financial risk factors

The Group's activities expose it to market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management strategy seeks to minimise any adverse effects from the unpredictability of financial markets on the Group's financial performance.

The Board of Directors is responsible for setting the objectives and underlying principles of financial risk management for the Group. The management continually monitors the Group's risk management process to ensure that an appropriate balance between risk and control is achieved. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Audit Committee oversees how management monitors compliance with the Group's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Group.

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risk since the previous financial year.

The Group's exposures to financial risks are set out below.

(a) Market risk

(i) *Currency risk*

The Group operates in United States of America, the United Kingdom, Europe and Asia with dominant operations in Hong Kong and the United Kingdom. Entities in the Group regularly transact in currencies other than their respective functional currencies ("foreign currencies").

Currency risk arises within entities in the Group when transactions are denominated in foreign currencies such as United States Dollar ("USD"), Singapore Dollar ("SGD"), Australian Dollar ("AUD") and Great Britain Pound ("GBP"). In addition, the Group is exposed to currency translation risk on the net assets/liabilities in foreign operations.

The Group manages currency risk by matching assets and liabilities in the same currency denomination and supplemented with appropriate financial instruments where necessary.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

28. Financial risk management (continued)

(a) Market risk (continued)

(i) *Currency risk (continued)*

As at 31 March 2021 and 31 March 2020, the net financial assets/(liabilities) denominated in a currency other than the respective functional currencies of the Group entities are mainly in AUD, USD, SGD and GBP. Since HKD is pegged to USD, no significant change in the net financial assets/(liabilities) position is expected from any changes on the exchange rate between the HKD and USD at the Group and Company level.

At 31 March 2021, if the AUD and GBP had strengthened/weakened by 5% (31 March 2020: 6%) against the HKD with all other variables including tax rate being held constant, the profit after tax of the Group would have been higher/lower by HK\$3.9 million (31 March 2020: higher/lower by HK\$0.9 million) as a result of currency translation losses/gains on the remaining GBP-denominated financial instruments.

The Company's currency exposure based on the information provided to key management is as follows:

	HKD HK\$'000	USD HK\$'000	SGD HK\$'000	GBP HK\$'000	AUD HK\$'000

	-	54	401	162	59

Management is of the view that the impact of the sensitivity analysis of USD, SGD, AUD and GBP against the HKD is not significant at the Company level.

(ii) Cash flow and fair value interest rate risk

As at 31 March 2021 and 2020, the Group and Company have insignificant financial assets or liabilities that are exposed to interest rate risks.

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates. As the Group has no significant interest-bearing assets, the Group's income is substantially independent of changes in market interest rates.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

28. Financial risk management (continued)

(b) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. The major classes of assets of the Group and of the Company subject to credit risk are bank deposits, trade and receivables, and contract assets. For these assets, the Group adopts the policy of dealing only with customers of appropriate credit standing and history. For other financial assets, the Group adopts the policy of dealing only with high credit quality counter parties. Credit risk is managed through the application of credit approvals, credit limits and monitoring procedures.

Credit exposure to an individual counterparty is restricted by credit limits that are approved by the management based on ongoing credit evaluation. The counterparty's payment pattern and credit exposure are continuously monitored at the entity level by the respective management. There are no significant concentrations of credit risk, whether through exposure to individual customers, specific industry sectors and/or regions.

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the balance sheet.

The movements in credit loss allowance are as follows:

	Trade receivables HK\$'000	Contract assets HK\$'000	Total HK\$'000
Group			
Balance at 1 April 2020	1,884	-	1,884

28. Financial risk management (continued)

(b) Credit risk (continued)

Management has assessed that the non-trade receivables due from subsidiary at Company level is subjected to immaterial credit loss.

(i) Trade receivables and contract assets

The Group uses a provision matrix to measure the lifetime expected credit loss allowance for trade receivables and contract assets.

In measuring the expected credit losses, trade receivables and contract assets are grouped based on shared credit risk characteristics and days past due. The contract assets relate to unbilled work in progress, which have substantially the same risk characteristics as the trade receivables for the same type of contracts. The Group has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

In calculating the expected credit loss rates, the Group considers historical loss rates for each category of customers and adjusts to reflect current and forward-looking macroeconomic factors affecting the ability of the customers to settle the receivables, and accordingly adjusts the historical loss rates based on expected changes in these factors.

Trade receivables and contract assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. The Group considers a financial asset as in default if the counterparty fails to make contractual payments when they fall due, and writes off the financial asset when a debtor fails to make contractual payments greater than 365 days past due. Where receivables are written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognised in profit or loss.

The Group's and the Company's credit risk exposure in relation to trade receivables and contract assets under SFRS(I) 9 as at 31 March 2021 and 31 March 2020 are set out in the provision matrix as follows:

	← Past due →					Total HK\$'000

(ii) Cash and cash equivalents

The Group and the Company held cash and cash equivalents of HK\$158,284,000 and HK\$722,000 respectively (2020: HK\$102,032,000 and HK\$1,769,000) with banks which are rated AAA and AA+ based on Standard & Poor and consider to have low credit risk. The cash balances are measured on 12-month expected credit losses and subject to immaterial credit loss.

(iii) Amount due from subsidiaries

The Company has assessed that its subsidiaries have strong financial capacity to meet the contractual obligation of HK\$63,283,000 (2020: HK\$58,068,000) and considered to have low credit risk. The loans are measured on 12-month expected credit losses and subject to immaterial credit loss.

(c) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of fund. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group relies on its internal working capital to fund most of its operating and investing activities. The liquidity risk of the Group is minimal as it maintains sufficient liquid funds to meet their normal operating activities without using bank or other borrowings.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

28. Financial risk management (continued)

(c) Liquidity risk (continued)

Management monitors rolling forecasts of the liquidity reserve and cash and cash equivalents (Note 11) of the Group and the Company on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the Group in accordance with the practice and limits set by the Group. These limits vary by location to take into account the liquidity of the market in which the entity operates.

The table below analyses non-derivative financial liabilities of the Group into relevant maturity groupings based on the remaining period from the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying amounts as the impact of discounting is not significant.

(d) Capital risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

There are no externally imposed capital requirements for the financial years ended 31 March 2021 and 2020.

(e) Financial instruments by category

The carrying amount of the different categories of financial instruments is disclosed as follows:

Included in the above is total compensation to directors of the Company amounting to HK\$2,719,000 (2020: HK\$1,249,000).

31. Segmental information

The Executive Committee ("Exco") is the Group's chief operating decision-maker. The Exco comprises the Managing Director, the Executive Director, and the Group Financial Controller. Management has determined the operating segments based on the reports reviewed by the Exco that are used to make strategic decisions, allocate resources, and assess performance.

Because of the significant increase in Azeus Products revenue and its selling and marketing expenses and assets, the Exco considers the Group to have 2 operating segments which are the provision of Professional IT Services and sale and licensing of proprietary products ("Azeus Products"). There are 3 major revenue streams under Professional IT Services: Systems implementation and enhancement, sales of hardware and software and maintenance and support services".

The revenue from external parties reported to the Exco is measured in a manner consistent with that in the statement of profit and loss and other comprehensive income.

The Exco assesses the performance of the operating segments based on a measure of gross profit less selling and marketing expenses. Assets and liabilities are managed on a group basis and are not allocated to operating segments except for trade receivables, contract assets, intangible assets and contract liabilities, as they cannot be directly attributable to individual segments and it is impractical to arbitrarily allocate them to the segments.

(a) Revenue from major products and services

Revenue from external customers are derived mainly from the provision of Professional IT Services and Azeus Products. Breakdown of the revenue is as follows:

	Group	
	2021 HK\$'000	2020 HK\$'000
IT Services	64,871	97,294

32. New or revised accounting standards and interpretations

Below are the mandatory standards, amendments and interpretations to existing standards that have been published, and are relevant for the Group's accounting periods beginning on or after 1 April 2021 and which the Group has not early adopted.

Amendments to SFRS(I) 1-1 Presentation of Financial Statements:

Classification of Liabilities as Current or Non-current (effective for annual periods beginning on or after 1 January 2023)

The narrow-scope amendments to SFRS(I) 1-1 Presentation of Financial Statements clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant).

The amendments also clarify what SFRS(I) 1-1 means when it refers to the 'settlement' of a liability. The amendments could affect the classification of liabilities, particularly for entities that previously considered management's intentions to determine classification and for some liabilities that can be converted into equity.

The Group does not expect any significant impact arising from applying these amendments.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

32. New or revised accounting standards and interpretations (continued)

Amendments to SFRS(I) 1-16 Property, Plant and Equipment: Proceeds before Intended Use (effective for annual periods beginning on or after 1 January 2022)

The amendment to SFRS(I) 1-16 Property, Plant and Equipment (PP&E) prohibits an entity from deducting from the cost of an item of PP&E any proceeds received from selling items produced while the entity is preparing the asset for its intended use. It also clarifies that an entity is 'testing whether the asset is functioning properly' when it assesses the technical and physical performance of the asset. The financial performance of the asset is not relevant to this assessment.

Entities must disclose separately the amounts of proceeds and costs relating to items produced that are not an output of the entity's ordinary activities. The Group does not expect any significant impact arising from applying these amendments.

Amendments to SFRS(I) 1-37 Provisions, Contingent Liabilities and Contingent Assets: Onerous Contracts – Cost of Fulfilling a Contract (effective for annual periods beginning on or after 1 January 2022)

An onerous contract is a contract in which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the costs of fulfilling it and any compensation or penalties arising from failure to fulfil it. The amendment to SFRS(I) 1-37 clarifies that the direct costs of fulfilling a contract include both the incremental costs of fulfilling the contract and an allocation of other costs directly related to fulfilling contracts.

The Group does not expect any significant impact arising from applying these amendments.

33. Impact of COVID-19

Subsequent to the outbreak of the Coronavirus Disease ("COVID-19 outbreak"), a series of measures to curb the COVID-19 outbreak have been and continues to be implemented in countries where the Group operates. The Group is closely monitoring the development of the COVID-19 outbreak and its related impact on the Group's businesses. As at the date of these financial statements, the Group is not aware of any material impact on the financial statements arising from the COVID-19 outbreak.

34. Authorisation of financial statements

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors of Azeus Systems Holdings Ltd. on 17 June 2021.

NOTICE OF ANNUAL GENERAL MEETING

As Special Business

To consider and if deemed fit to pass the following Ordinary Resolutions with or without modifications:-

11. Authority to allot and issue shares

That pursuant to Rule 806 of the Listing Manual of SGX-ST, authority be and is hereby given to the Directors of the Company to allot and issue whether by way of rights, bonus or otherwise (i) shares; (ii) convertible securities; (iii) additional convertible securities (where an adjustment to the number of convertible securities to which a holder is originally entitled to, is necessary as a result of any rights, bonus or other capitalization issues by the Company), notwithstanding that such authority may have ceased to be in force at the time such additional convertible securities are issued, provided that the adjustment does not give the holder of the convertible securities a benefit that a shareholder does not receive; and/or (iv) shares arising from the conversion of securities in (ii) and additional convertible securities in (iii) above, notwithstanding that such authority may have ceased to be in force at the time the shares are to be issued, and any such issue may be made at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit,

Provided that:-

- (i) the aggregate number of shares and convertible securities to be issued pursuant to this resolution shall not exceed 50% of the total number of the issued shares (excluding treasury shares and subsidiary holdings) of the Company, of which the aggregate number of shares and convertible securities issued other than on a pro rata basis to existing shareholders of the Company shall not exceed 20% of the total number of the issued shares (excluding treasury shares and subsidiary holdings) of the Company;
- (ii) subject to such manner of calculation as may be prescribed by the SGX-ST, for the purpose of this Resolution, the percentage of the issued share capital shall be based on the Company's total number of the issued shares (excluding treasury shares and subsidiary holdings) at the time this resolution is passed, after adjusting for:
 - (a) new shares arising from the conversion or exercise of any convertible securities;
 - (b) new shares arising from exercise of share options or vesting of share awards, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Listing Manual of the SGX-ST; and
 - (c) any subsequent bonus issue, consolidation or subdivision of shares;

Adjustments in accordance to subparagraph (ii)(a) and (ii)(b) above are only to be made in respect of new shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of the passing of this Resolution.

- (iii) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Bye-Laws for the time being of the Company; and
- (iv) (Unless revoked or varied by the Company in a general meeting) such authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

[See Explanatory Note (iv)]

[Resolution 11]

NOTICE OF ANNUAL GENERAL MEETING

12. THE PROPOSED ADOPTION OF THE SHARE BUY-BACK MANDATE

That:

- (a) for the purposes of the Bermuda Companies Act and otherwise in accordance with the rules and regulations of the SGX-ST, the exercise by the Directors of all the powers of the Company to purchase or otherwise acquire issued ordinary shares in the capital of the Company (the “**Shares**”) not exceeding in aggregate the Maximum Percentage (as hereafter defined), at such price(s) as may be determined by the Directors from time to time up to the Maximum Price (as hereafter defined), whether by way of:
- (i) on-market purchases through the SGX-ST’s ready market, or as the case may be, on any other stock exchange on which the Shares may for the time being be listed and quoted (the “**Other Exchange**”), through one or more duly licensed stockbrokers appointed by the Company for the purpose (“**Market Purchases**”); and/or
 - (ii) off-market purchases in accordance with an equal access scheme or schemes as may be determined or formulated by the Directors as they consider fit as defined in Section 76C of the Companies Act (“**Off-Market Purchases**”),
- and otherwise in accordance with all other laws and regulations and rules of the SGX-ST as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally (the “**Share Buy-back Mandate**”);
- (b) unless varied or revoked by the Company in general meeting prior to the next annual general meeting, the authority conferred on the Directors pursuant to the Share Buy-Back Mandate may be exercised by the Directors at any time and from time to time during the period commencing from the date of the passing of this Resolution and expiring on the earliest of:
- (i) the date on which the next annual general meeting of the Company is held;
 - (ii) the date on which the next annual general meeting of the Company is required by law to be held; and
 - (iii) the date on which the purchases or acquisitions of Shares by the Company pursuant to the Share Buy-back Mandate are carried out to the full extent mandated; and
- (c) the Directors be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they may consider expedient or necessary to give effect to the transactions contemplated by this Resolution.

In this Resolution:

“**Average Closing Price**” means:

- (i) in the case of a Market Purchase, the average of the Closing Market Prices (as defined below) of a Share over the last five Market Days on which the Shares are transacted on the SGX-ST or, as the case may be, the Other Exchange on which the Shares are listed or quoted, immediately preceding the date of the Market Purchase by the Company; or
- (ii) in the case of an Off-Market Purchase, the average of the Closing Market Prices (as defined below) of a Share over the last five Market Days on which the Shares are transacted on the SGX-ST or, as the case may be, the Other Exchange, immediately preceding the date of the making of the offer pursuant to the Off-Market Purchase,

and deemed to be adjusted, in accordance with the listing manual of the SGX-ST (as amended or modified from time to time) for any corporate action that occurs during such five Market Day period and the day of the Market Purchase or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase.

NOTICE OF ANNUAL GENERAL MEETING

"Bermuda Companies Act" means the Companies Act 1981 of Bermuda, as amended or modified from time to time.

"Closing Market Price" means the last dealt price for a Share transacted through the SGX-ST's trading system as shown in any publication of the SGX-ST or other sources.

"date of the making of the offer" means the date on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from Shareholders, stating therein the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

"Market Day" means a day on which the SGX-ST is open for trading in securities.

"Maximum Percentage" means that number of issued Shares representing 10.0% of the issued Shares as at the date of the passing of this Resolution, unless the Company has, at any time during the Relevant Period, effected a reduction of the share capital of the Company in accordance with the applicable provisions of the Bermuda Companies Act, in which event the total number of issued Shares of the Company shall be taken to be the total number of issued Shares as altered by the capital reduction. Any Shares which are held as Treasury Shares will be disregarded for purposes of computing the 10.0% limit.

"Maximum Price" in relation to a Share to be purchased or acquired, means the purchase price (excluding related brokerage, commission, goods and services tax, stamp duties, clearance fees and other related expenses (where applicable)) which shall not exceed:

- (i) in the case of a Market Purchase, 105.0% of the Average Closing Price of the Shares; and
- (ii) in the case of an Off-Market Purchase pursuant to an equal access scheme, 120.0% of the Average Closing Price of the Shares.

"Relevant Period" means the period commencing from the date on which the last annual general meeting of the Company was held and expiring on the date the next annual general meeting of the Company is held or is required by law to be held, whichever is the earlier, after the date of this Resolution. **[Resolution 12]**

13. To transact any other business that may properly be transacted at an Annual General Meeting.

By Order of the Board

Yap Wai Ming
Company Secretary
Singapore, 18 June 2021

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Notes

- (i) **Resolution 4**, Ms Lam Pui Wan if re-elected, will remain as an Executive Director of the Company.
- (ii) **Resolution 5**, Mr Chan Ching Chuen an Independent Director if re-elected, will remain as Chairman of the Nominating Committee and a Member of the Audit and Remuneration Committees. He will be considered independent for the purposes of Rule 704(8) of the Listing Manual of the SGX-ST subject to passing of resolutions 6 and 7. Mr Chan Ching Chuen has no relationship (including immediate family relationships) with the rest of the Directors, the Company, its related corporation, its 10% shareholders or its officers.

Further information on the abovementioned directors can be found under the section title “Board of Directors”, “Corporate Governance Report” and “Disclosure of Information on Directors’ Seeking Re-election” of the Annual Report 2021.

- (iii) **Resolutions 6, 7, 8 and 9** – On 6 August 2018, the SGX-ST amended the Listing Manual following the publication of the Code of Corporate Governance 2018 by the Monetary Authority of Singapore. As part of the amendments to the Code of Corporate Governance 2018, certain guidelines from the Code of Corporate Governance 2012 were shifted into the Listing Manual for mandatory compliance. On 28 November 2018, the SGX-ST issued the Transitional Practice Note 3 to establish transitional arrangements for certain guidelines shifted into the Listing Manual. Pursuant thereto and in respect of Rule 210 (5)(d)(iii) of the Listing Manual of the SGX-ST, to ensure that the independence designation of a director who has served for more than 9 years as at and from 1 January 2022 is not affected, the Company is seeking to obtain shareholders’ approvals for Mr Chan Ching Chuen and Mr Koji Miura’s continued appointment as independent directors of the Company prior to 1 January 2022, as they have each served on the Board of the Company for more than 9 years. Rule 210 (5)(d)(iii) of the Listing Manual of the SGX-ST provides that continued appointment as independent director, after an aggregate period of more than 9 years on the board, must be sought and approved in separate resolutions by (A) all shareholders and (B) shareholders excluding directors, chief executive officer, and their associates.
- (iv) **Resolution 11**, if passed, will authorise the Directors of the Company to allot and issue shares and convertible securities in the capital of the Company up to an amount not exceeding 50% of the total number of issued shares of the Company (excluding treasury shares and subsidiary holdings), of which up to 20% may be issued other than on a pro-rata basis to the shareholders of the Company. The Company cannot rely on the authority given under Resolution 11 for an issue of convertible securities if the maximum number of shares to be issued upon conversion cannot be determined at the time of issue of the convertible securities.

(3) Pre-registration website at the URL: <https://conveneagm.sg/azeusagm2021> in electronic format, and submitted not less than **forty-eight (48)** hours before the time appointed for the holding of the AGM (i.e. by 10.00 a.m. on 10 July 2021).

The Proxy Form can be downloaded from SGXNET or the Company's website at the URL: <https://www.azeus.com/category/announcements/>. In the Proxy Form, a Shareholder should specifically direct the proxy on how he/she is to vote for or vote against or abstain from voting on the resolutions to be tabled at the AGM.

(d) CPF/SRS Investors: CPF/SRS Investors who have used their CPF/SRS monies to buy the Company's share should not make use of the Proxy Form and should instead approach their respective relevant intermediary as soon as possible to specify voting instructions. CPF/SRS investors who wish to vote should approach their respective CPF Agent Bank/SRS Operator at least seven working days before the AGM (i.e. by 1 July 2021), to ensure that their votes are submitted.

(e) Access to documents or information relating to the AGM

- i. Azeus's Annual Report for the financial year ended 31 March 2021 has been published on the Company's corporate website at the URL: <https://www.azeus.com/investors/annual-reports/> and on SGXNET.
- ii. All other documents and information relating to the business of the AGM (including the Proxy Form and the Circular) have been published on SGXNET at the URL: <https://www.sgx.com/securities/company-announcements> and the Company's website at the URL: <https://www.azeus.com/category/announcements/>.

Printed copies will not be sent to Shareholders.

(f) Precautionary measures to minimise the risk of COVID-19

The following steps will be taken for shareholders and others attending the AGM to help minimise the risk of community spread of the virus:

1. All attendees attending the Physical Meeting will be required to check-in using SafeEntry and undergo a temperature check before entering the AGM venue for the Physical Meeting.
2. Any person who has travelled abroad (i.e. to any countries outside of Singapore) in the 14-day period prior to the AGM or has been required to serve a quarantine order or stay-home notice will not be permitted to attend the Physical Meeting.
3. All persons attending the Physical Meeting will be required to wear face masks.
4. All attendees must maintain at least 1 metre safe distancing between individual attendees. Seats will be spaced at least 1 metre apart.
5. Any person returning a temperature reading at or above 37.5°C when undergoing a temperature check will not be permitted to attend the Physical Meeting. Persons exhibiting flu-like symptoms may also be refused admittance at the AGM venue.
6. Shareholders and Proxyholders who received the Confirmation Email for Physical Meeting but who are feeling unwell on the date of the AGM are advised not to attend the Physical Meeting.
7. Shareholders and Proxyholders who received the Confirmation Email for Physical Meeting are also advised to arrive at the Physical Meeting early, as the measures mentioned above may cause delay in the registration process.

The Company seeks the understanding and co-operation of all members and Shareholders to safeguard public health and safety and minimise the risk of community spread of COVID-19.

NOTICE OF ANNUAL GENERAL MEETING

(g) Filming and Photography

When a Shareholder or Proxyholder attends, speaks and votes at the AGM via electronic means or physically, he/she consents to his/her videos and/or photographs being taken for the purpose of publication on the Company's website and publicity materials without further notification.

Further Updates

Shareholders should note that the manner of conduct of the AGM may be subject to further changes based on the evolving COVID-19 situation, any legislative amendments and any directives or guidelines from government agencies or regulatory authorities. Any changes to the manner of conduct of the AGM will be announced by the Company on SGXNET. Shareholders are advised to check SGXNET and the Company's website regularly for further updates.

Notes:

1. A Shareholder being a Depositor whose name appears in the Depository Register wishes to attend and vote at the AGM, should complete the proxy form and deposit the duly completed proxy form in the manner set out under the section titled "IMPORTANT INFORMATION".
2. A Depositor's name must appear on the Depository Register maintained by The Central Depository (Pte) Limited as at forty-eight (48) hours before the time fixed for holding the AGM in order for the Depositor to be entitled to attend and vote at the AGM.
3. The instrument appointing a proxy must be signed by the appointer or his/her attorney duly authorised in writing. Where the instrument appointing a proxy is executed by a corporation, it must be executed either under its common seal or under the hand of any officer or attorney duly authorised. The power of attorney or other authority, if any, under which the instrument of proxy is signed on behalf of the member or duly certified copy of that power of attorney or other authority (failing previous registration with the Company) shall be attached to the instrument of proxy, failing which the instrument may be treated as invalid.

PERSONAL DATA PRIVACY

Where a member of the Company submits an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, proxy lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"); (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes.
