HLG Awarded AED263 million contract for construction of Kizad Industrial Zone Area A Secondary Infrastructure (Phase 1B)

The Habtoor Leighton Group (HLG) has been awarded a contract with revenue of AED263 million (AUD96 million) for the construction in Abu Dhabi of Khalifa Industrial Zone (Kizad) Area A Secondary Infrastructure (Phase 1B) for Abu Dhabi Ports.

HLG, operating as Leighton Contracting Abu Dhabi LLC, will be responsible for the construction of the following infrastructure within a 52 square kilometre site:

- Road network (dual and single) and associated traffic signals, streetlights and signage
- Sewerage network and associated pumping stations
- Storm network and associated pumping stations
- Potable water network and associated fire hydrants
- Process water network
- Telecom network (containment only)
- Low voltage and medium voltage network and associated 11KV substations

The methodology will include extensive dewatering, excavation, pipe-laying and road construction works.

HLG has been involved in the construction of different phases of Khalifa Port and Kizad in Abu Dhabi and is very proud to again be selected by Abu Dhabi Ports to deliver this project.

HLG CEO and Managing Director, Mr. José A. López-Monís, said: "This new award is a great achievement that proves the Group remains a preferred contractor for clients to whom HLG has demonstrated its ability to deliver complex and high quality projects. I congratulate all teams involved in securing this project with a key client such as Abu Dhabi Ports."

The project will commence in July 2015 and is scheduled for completion in March 2017.

HLG (Habtoor Leighton Group)

HLG is one of the leading diversified international contractors in the Middle East and North Africa. The Group operates in the UAE, Oman, Northern Gulf, Qatar and the Kingdom of Saudi Arabia. In Qatar, HLG operates as Leighton Contracting Qatar.

About Abu Dhabi Ports

Established in 2006, Abu Dhabi Ports' core objective is to facilitate the diversification of the economy by stimulating trade and development. This is done by delivering high quality maritime services, supporting partners' infrastructure projects and setting up new companies and joint ventures in the ports and logistics sectors.

The flagship state-of-the-art Khalifa Port and Khalifa Industrial Zone play a big role, supporting the diversification of the economy. Khalifa Port was inaugurated on 12/12/12 by UAE President HH Sheikh Khalifa bin Zayed Al Nahyan. The port's semi-automated container terminal handles all of Abu Dhabi's container traffic, after its transfer from Zayed Port, the historic port in the city centre.

Phase One of Khalifa Port has a capacity of 2.5 million TEUs and 12 million tons of general cargo. Further phases of development will occur as market demand requires. When all phases are complete, Khalifa Port will be able to handle 15 million TEUs and 35 million tons of general cargo per year.

Abu Dhabi Ports manages nine commercial, logistics, community and leisure ports, and Khalifa Industrial Zone which is serving a range of logistics and manufacturing investors. Abu Dhabi Ports is boosting Abu Dhabi's economic growth and diversification, following Abu Dhabi's Economic Vision 2030.
