ZHONGXIN FRUIT AND JUICE LIMITED

("Zhongxin", the "Company", and together with its subsidiaries, the "Group") is a subsidiary of the world's leading producer of fruit and vegetable juice concentrates and beverages, SDIC Zhonglu Fruit Juice Co., Ltd. ("SDIC Zhonglu") The Group's primary business is the production of concentrated apple juice mainly for export to multinational F&B corporations in the United States, European Union, South Africa, Canada, Japan and Australia via SDIC Zhonglu. The concentrated apple juice produced is used as an ingredient in packet juice drinks, soft drinks, cider, yoghurt and candies.

Currently, the Group operates two wholly-owned subsidiaries - Yuncheng Zhongxin Fruit & Juice Company Limited ("Yuncheng Zhongxin"), Xuzhou Zhongxin Fruit & Juice Company Limited ("Xuzhou Zhongxin") and a 50%-owned joint venture - Linyi SDIC Zhonglu Fruit Juice Co., Ltd. ("Linyi SDIC")

The Group's subsidiary in Xuzhou city, Jiangsu province is equipped with an apple processing capacity of 40 tons per hour and concentrated apple juice production capacity of approximately 10,000 to 15,000 tons per year, while the subsidiary in Yuncheng city, Shanxi province has an apple processing capacity of 60 tons per hour and concentrated apple juice production capacity of approximately 12,000 to 17,000 tons per year and Joint Venture in Linyi county, Yuncheng city, Shanxi province has an apple processing capacity of 40 tons per hour and production capacity of approximately 10,000 to 15,000 tons of concentrated apple juice per year. Consistent in its efforts towards research and development, the Group aligns with the "National R&D Center for Apple Processing" of the "Ministry of Agriculture of the People's Republic of China" for new product development.

Leveraging on the resources and network of its parent company, SDIC Zhonglu, the Group aims to strengthen its foothold in the concentrated fruit juice industry and broaden its product varieties to include other value-added products such as vegetable juice, fruit vinegar and fruit wine. Besides this, the Group will also develop new use of residues from its fruit juice production to produce by-products like animal feed, extract pectin and dietary fiber. It will also seek to extend its business arms into the health and beauty food sector in the future.

The Group was listed on the SGX Sesdaq (now known as the SGX Catalyst) in 2004.

Chairman's Message

“We will try our best to diversify our product portfolio through several measures.....We seek to develop new revenue opportunities, improve corporate effectiveness and generate sustainable returns for our shareholders.”

DEAR SHAREHOLDERS,

I am pleased and honoured to present to you our annual financial report for the financial year ended 30 June 2016 (“FY2016”). For the year under review, the Group was able to overcome the fluctuations in the international market and accomplished its production and operation targets successfully, generating positive economic and social benefits. Therefore, on behalf of the Company, I would like to express our gratitude to the tremendous support from our shareholders and the attention garnered by society.

Apple juice concentrate, which is our core business and main product, is a force to be reckoned with in the concentrated fruit juice market. As the world

population becomes increasingly health conscious, the importance of apple juice concentrate as the essential raw materials for juice products will continue to increase. Our facilities, equipped with advanced processing technologies, are strategically located where abundant apple resources are available. With our strong brand image, we will continue to enhance our core competitiveness in our current business and expand our apple concentrate business in a steady manner.

In addition, we will try our best to diversify our product portfolio through several measures, namely the integration of changes in the external environment,

the reliance on existing R&D platform, the increase of innovation intensity, and the acceleration of cross-sector cooperation. We seek to develop new revenue opportunities, improve corporate effectiveness and generate sustainable returns for our shareholders.

Lastly, I would like to extend my appreciation to the Board, the senior management and staff of Zhongxin for their efforts. Moving forward, we will further strengthen our ties with the community and enhance

the general public's and shareholders' understanding of the Company. We sincerely hope that you will place your trust in us as we endeavor to scale new heights and seize every available expansion opportunity.

Business Overview

“In FY2016, the Group generated total revenue of RMB 88.18 million and a net profit of RMB 1.32 million..”

FY2016 FINANCIAL REVIEW

In FY2016, the Group produced 8,579 tonnes of apple juice from 52,406 tonnes of apples and semi-processed apple juice. The Group generated total revenue of RMB 88.18 million and a net profit of RMB 1.32 million from selling 10,762 tonnes of apple juice and 1,931 tonnes of pear juice. As of 30 June 2016, the Group recorded total assets of RMB 124.63 million, total liabilities and equity stood at RMB 55.64 million and RMB 68.99 million respectively.

FY2016 witnessed the persistent weakening of the international fruit juice market, resulting in a negative impact on the revenue of the Group's main operation. In order to mitigate the negative impact of the global market price fluctuation, the Group has adopted the following responses. Firstly, the Group has enhanced its forecasting and scientific analysis of the international market. Secondly, the Group actively competed for high quality clients through SDIC Zhonglu, the Group's major shareholder. This would ensure proper alignment of sales channels with product segments and allow the Group to generate stable income. In addition, the Group also strengthened its internal management. Through the adoption of new industrial processes and innovations, the Group has managed to control

its production and manufacturing costs at lowest in recent years. At the same time, the joint venture of the Company, Linyi SDIC Zhonglu Fruit Juice Co., Ltd. has commenced its Original Equipment Manufacturer (“OEM”) manufacturing business and achieved breakthroughs in production volume and costs.

COMPANY'S REGULATION AND GOVERNANCE STRUCTURE

The Group has established a sound corporate governance structure in all its business activities. Under the supervision of the Board, the Group's General Manager, together with the senior management, have accomplished all targets set by the Board, and established sound organizational structure and business processes in accordance with the internal control system requirements. This allows the businesses to operate in a smooth manner, and effectively strengthens the supervision and risk control. The Company will continue improving its existing internal control system to ensure compliance with appropriate legislations and regulations while achieving business objectives.

COMPREHENSIVE FOOD SAFETY SYSTEM

As a leader in the food processing industry, the Group places great emphasis on food safety. We ensure that every segment of our operations, from implementing raw material prevention control, production and processing control to export clearance control, abides to our optimum safety and quality control standards in order to provide healthy concentrated fruit juices for the beverage market. Within the industry, the Group's products take the lead to be able to meet the quality standard of USA FDA. Not only that, the Group's food safety standards are certified by ISO, HACCP, SGF and KOSHER. The Group hopes that these accreditations will enhance its access to the international markets.

FUTURE DEVELOPMENT OF THE GROUP

In financial year ending 30 June 2016, the 20 tonnes per hour of production line has been transferred from Xuzhou Zhongxin to Yuncheng Zhongxin. This will effectively eliminate production loss due to lack of raw materials in Xuzhou Zhongxin and extend the Group's production further into the start and the end of the year. This production line is expected to increase the Group's annual production volume by 2,500 tonnes. At the same time, the Group will continue to develop new business and broaden product offerings, accelerate the structural readjustment of product segments and enhance external communication and collaboration, in the interest of achieving the targets set by the Board. We believe these initiatives will enhance corporate effectiveness and benefit shareholders and society.

Corporate Governance Report

The Board of directors (the “**Board**”) of Zhongxin Fruit and Juice Limited (the “**Company**” and together with its subsidiaries and associated company, the “**Group**”) recognizes the importance of corporate governance and good business practices within the Group to ensure greater transparency and to protect the interests of its shareholders. The Company is fully committed in maintaining a high standard of corporate governance within the Group.

The following report describes the Company’s corporate governance practices which were in place throughout the financial year ended 30 June 2016 (“**FY2016**”) with specific reference to the principles and guidelines set out in the Code of Corporate Governance 2012 (the “**Code**”) and the disclosure guide developed by the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) in January 2015 (the “**Guide**”). The Board confirmed that for FY2016, the Company has adhered to the principles and guidelines as set out in the Code and/or the Guide and, where applicable, has specified and explained the deviation from the Code and/or the Guide in this Report. The Company will continually review its corporate governance processes to strive to fully comply with the Code and/or the Guide.

The Board's Conduct of its Affairs

Principle 1: Every company should be headed by an effective Board to lead and control the company. The Board is collectively responsible for the long-term success of the company. The Board works with Management to achieve this objective and Management remains accountable to the Board.

The Board has 5 members and comprises the following:

Name of Director	Designation
Zhang Jiming	Chairman and Executive Director
Quan Yuhong	Non-Executive Director
Ngiam Zee Moey	Lead Independent Director
Liu Xiuwen	Independent Director
Tham Mun Chee	Independent Director

The Board’s primary roles are to protect and enhance long term shareholders’ value and returns, set the Group’s corporate strategies and directions, oversee management of the Group’s business affairs, financial performance and key operational initiatives, and implementations of risk management policies and practices. Each individual Director is obliged to act in good faith and exercise independent judgment in the best interests of shareholders of the Company at all times.

To assist the Board in discharging of its functions, the Board is assisted by board committees which comprise Audit Committee (“**AC**”), Nominating Committee (“**NC**”) and Remuneration Committee (“**RC**”) (collectively, the “**Board Committees**”). Each of these Board Committees has its own written terms of reference. The compositions of the Board Committees are as follows:

	AC	NC	RC
Chairman	Ngiam Zee Moey	Liu Xiuwen	Tham Mun Chee
Member	Quan Yuhong	Quan Yuhong	Quan Yuhong
Member	Liu Xiuwen	Ngiam Zee Moey	Ngiam Zee Moey
Member	Tham Mun Chee	Tham Mun Chee	Liu Xiuwen

The Board has delegated certain matters to the Board Committees to assist the Board in carrying out and discharging its duties and responsibilities efficiently and effectively.

Minutes of the Board Committees’ meetings are available to all Board members.

Corporate Governance Report

The Board conducted regular scheduled meetings. In FY2016, the Board conducted two regular scheduled meetings and one ad-hoc meeting. Ad-hoc meetings are convened when circumstances require. Directors are free to discuss and voice their concerns on any matter raised at the Board meetings. Telephonic and videoconferencing meetings of the Board are allowed under the Company's Constitution. All Directors are provided with the agenda and a set of the board papers prior to the Board meeting. These are issued in advance to give the Directors sufficient time to better understand the matters to be discussed and to obtain further clarifications or explanations at the Board meeting where necessary. The Company and the Board acknowledge that an unimpeded flow of relevant information in a timely manner is crucial for the Board to be effective in discharging its duties and responsibilities.

The Board has identified, without limitation, the following matters that require its approval:

- Declaration of dividends and other returns to shareholders of the Company;
- Major corporate policies on key areas of operation;
- Major funding proposals or bank borrowings;
- Corporate or financial restructuring and share issuances;
- Mergers and acquisitions;
- Material acquisitions and disposals;
- Approval of transactions involving interested person transactions; and
- Appointments of new Directors.

All Directors are updated regularly on changes in Company's policies and business updates. Newly appointed Directors will be provided with a formal letter, setting out the Director's duties and obligations and will be given appropriate briefings by the management on the business activities of the Group, its strategic directions and the Company's corporate governance policies and practices.

Directors are encouraged to attend relevant training to enhance their skills and knowledge, particularly on new laws and regulations affecting the Group's operations.

The Directors are provided with continuing briefings from time to time and are kept updated on relevant new laws and regulations, including directors' duties and responsibilities, corporate governance and developing trends and financial reporting standards to enable them to properly discharge their duties as members of the Board and/or Board Committees.

The Directors are aware of the requirements in respect of disclosure of interests in securities, disclosure of conflicts of interest in transactions involving the Company, prohibition on dealings in the Company's securities and restrictions on the disclosure of price-sensitive information.

The Directors may also attend other trainings, conference and seminar which may have a bearing on their duties and contribution to the Board, organised by the professional bodies, regulatory institutions and corporations at the Company's expense, if required.

The attendance of the Directors at meetings of the Board and Board Committees held in FY2016 are as follows:

	Board	NC	AC	RC
Number of meetings held	3	2	2	1
Name	Number of meetings attended			
Zhang Jiming	3	2*	2*	1*
Quan Yuhong	3	2	2	1
Ngiam Zee Moey	2	1	2	1
Liu Xiuwen	3	2	2	1
Tham Mun Chee	3	2	2	1

Note

* By invitation.

Corporate Governance Report

Board Composition and Guidance

Principle 2: There should be a strong and independent element on the Board, which is able to exercise objective judgement on corporate affairs independently, in particular, from Management and 10% shareholders. No individual or small group of individuals should be allowed to dominate the Board's decision making.

The Board comprises one Executive Director, one Non-Executive Director and three Independent Directors, with the Independent Directors making up more than half of the Board. Each Director possesses the appropriate core competencies, quality and diversity of experience to lead and contribute to the development of the Group's strategies and performance. The NC is also of the view that the current Board members comprise persons with a broad range of expertise and experience in diverse areas such as accounting, finance, business and management, and strategic planning.

The current Board comprises persons who as a group provide an appropriate balance and diversity of skills, experience, gender and capabilities required for the Board to be effective.

	Number of Directors	Proportion of Board
Core Competencies		
- Accounting or finance	4	80%
- Business management	4	80%
- Legal or corporate governance	3	60%
- Relevant industry knowledge or experience	2	80%
- Strategic planning experience	4	80%
- Customer based experience or knowledge	3	60%
Gender		
- Male	3	60%
- Female	2	40%

Non-Executive Directors are encouraged to participate and provide constructive challenge, and develop strategies and review and monitor the performance of management, agreed goals and objectives. When necessary, Non-Executive Directors will meet without the presence of management to review any matters that must be raised privately. Though the Non-Executive Directors did not meet in person but they have in several occasion, discussed through phone on Company's matters in the absence of the management in FY2016.

Mr Zhang Jiming and Ms Quan Yuhong are the representatives from SDIC Zhonglu Fruit Juice Co., Ltd. ("**SDIC Zhonglu**"), the major shareholder holding 53.11% interest in the share capital of Company as at the date of this report. The Board is of the view that its current size and composition are appropriate and provide sufficient diversity of expertise to lead and govern the Company effectively, considering the scope and nature of its operations.

The independence of each Director is reviewed annually, and upon notification by a Director of a change in circumstances, by the NC based on the criteria of independence defined in the Code. The NC will recommend to the Board as to whether the Director is considered independent. No individual or small group of individuals dominates the Board's decision making.

The Independent Directors, namely Mr Ngiam Zee Moey, Mr Tham Mun Chee and Ms Liu Xiuwen, have confirmed that they have no relationship with the Company, its related corporations, its 10% shareholders or its officers that could interfere, or be reasonably perceived to interfere with the exercise of their independent business judgement with a view to the best interests of the Company and its shareholders. The NC had reviewed and confirmed the independence of the above named Directors in accordance with the Code.

Corporate Governance Report

The Lead Independent Director, Mr Ngiam Zee Moey, has served on the Board for more than nine years from the date of his first appointment in 2005. In assessing Mr Ngiam's independence, the NC had taken into consideration amongst others, the evaluation criteria such as (i) the independent expression of views and deliberations, (ii) the level of familiarity and/or coziness with management and major shareholder which may impede or compromise the independent judgement, (iii) the occurrence of any instances which may affect the integrity of the Independent Director in discharging his duties and responsibilities, (iv) the benefits received by the Company from the presence of the Directors who have over time gained valuable insight into the Group and its markets. The Board, on the recommendation of the NC, had reviewed and considered Mr Ngiam to be independent notwithstanding that he has served on the Board beyond nine years. The Board was of the opinion that Mr Ngiam had constructively repetitiously demonstrated strong independence character and judgement over the years in discharging his duties as an independent director. The Board considered that his familiarity with the business will continue to contribute positively to the deliberations at the Board and Board Committees. Mr Ngiam had abstained from deliberations in respect of assessment of his own independence.

Mr Ngiam Zee Moey (the Lead Independent Director), and Ms Quan Yuhong (the Non-Executive Director), are also the Directors of the Company's two principal subsidiaries namely Xuzhou Zhongxin Fruit & Juice Company Limited and Yuncheng Zhongxin Fruit & Juice Company Limited in China since February 2013.

Chairman and Chief Executive Officer

Principle 3: There should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the company's business. No one individual should represent a considerable concentration of power.

The role of Chairman is assumed by Mr Zhang Jiming, the Executive Director of the Company. Mr Zhang Jiming leads the Board and is responsible for the management of the Group. The Executive Chairman is in charge of charting the business direction as well as corporate planning and strategic developments of the Group. The Executive Chairman encourages Board's interaction with the Management, facilitates effective contribution of the Directors, encourages constructive relationships among the Directors and promotes high standards of corporate governance. In addition, the Executive Chairman ensures that the Directors receive accurate, timely and clear information and there is effective communication with shareholders of the Company.

The Company currently has no Chief Executive Officer. Mr Ma Fei, the General Manager of the Company, assumes the role of a Chief Executive Officer, and is responsible for overseeing the operations of the Group.

Mr Zhang Jiming and Mr Ma Fei are not related to each other.

In view that the Chairman is part of the management team, the Lead Independent Director, Mr Ngiam Zee Moey, will be available to address shareholders' concerns when contact through the normal channels of the Executive Chairman or the Chief Financial Officer (or equivalent) have failed to provide a satisfactory resolution or when such contact is inappropriate.

When necessary, Independent Directors will meet without the presence of other Directors to review any matters that must be raised privately before providing feedback to the Executive Chairman. The Independent Directors had met once in person, in the absence of management and other directors and had through telephone conversations several times during FY2016.

Board Membership

Principle 4: There should be a formal and transparent process for the appointment and re-appointment of directors to the Board.

As at the date of this report, NC comprises the following members, the majority of whom, including the NC Chairman, are independent:-

Liu Xiuwen – Chairman
Tham Mun Chee – Member
Ngiam Zee Moey – Member
Quan Yuhong – Member

Corporate Governance Report

The principal functions of the NC are summarized as follows:-

- (a) Reviews and makes recommendations to the Board on all Board appointment and re-appointment;
- (b) Reviews the Board structure, size and composition and makes recommendations to the Board with regards to any adjustments that are deemed necessary;
- (c) Reviews the Board's succession plans for Directors, in particular, the Executive Chairman;
- (d) Determines the independence of each Director using the guidelines in the Code;
- (e) Assesses the effectiveness of the Board, Board Committees and contribution of each Director; and
- (f) Reviews training and professional development programmes for the Board.

For new appointments to the Board, the NC will consider the Company's current board size and its composition and decide if the candidate's background, expertise and knowledge will complement the skills and competencies of the existing Directors on the Board. The candidate must be a person of integrity and must be able to commit sufficient time and attention to the affairs of the Company, especially if he/she is serving on multiple boards.

If a vacancy arises under any circumstances, or where it is considered that the Board would benefit from the services of a new Director, the NC, in consultation with the Board, will determine the selection criteria and select the appropriate candidate for the position.

The NC is charged with the responsibility of re-nomination of Directors having regard to the Director's contribution and performance (e.g. attendance, preparedness, participation and candour) including, if applicable, independency. Each member of the NC will abstain from voting on any resolutions in respect of the assessment of his/her performance or re-nomination as a Director. The Company was informed on 3 June 2016 by its Lead Independent Director, Mr Ngiam Zee Moey, that he is being interviewed by the Commercial Affairs Department of the Singapore Police Force for possible infringements under Section 203(2) reading with Section 331 of the Securities and Futures Act (Chapter 289) of Singapore, for matters happened during the period from 2006 to 2009 when the Company was known as New Lakeside Holdings Limited then. The business and operations the Company are not affected in any way by this investigation and will continue as normal.

Pursuant to the provision of the Company's Constitution, one-third of the Directors shall retire from office at every Annual General Meeting ("**AGM**") and a retiring Director shall be eligible for re-election at the said AGM. All Directors shall retire from office at least once every three years. A newly appointed Director shall also submit himself for retirement at the AGM immediately after his appointment and shall be eligible for re-election at the said AGM.

The NC had recommended to the Board in which the Board has accepted the re-appointment of the following Directors at forthcoming AGM:-

Mr Ngiam Zee Moey (retiring pursuant to Article 107)
Mr Tham Mun Chee (retiring pursuant to Article 107)

All the above named Directors, being eligible for re-election, have offered themselves for re-election. Mr Ngiam Zee Moey and Mr Tham Mun Chee, each being a member of the NC, have abstained from reviewing and approving their own re-election.

Mr Ngiam Zee Moey will, upon re-election as Director, remain as the Lead Independent Director, Chairman of AC and member of the NC and RC. The Board considers Mr Ngiam Zee Moey to be independent for the purpose of Rule 704(7) of the Catalyst Rules.

Mr Tham Mun Chee will, upon re-election as Director, remain as the Independent Director, Chairman of RC and member of the AC and NC. The Board considers Mr Tham Mun Chee to be independent for the purpose of Rule 704(7) of the Catalyst Rules.

Corporate Governance Report

In making the above recommendation, the NC had considered the said Directors' overall contribution and performance. Please refer to the Notice of AGM for the resolutions put forth on their proposed re-election and re-appointment.

The following sets out the date of Directors' initial appointment and last re-election and their directorship and/or principal commitments:-

Name of Director	Date of initial appointment	Date of last re-election	Present directorship in listed companies	Past (preceding 3 years) directorship in listed companies	Other Principal Commitments, if any

Tham Mun Chee	01/01/2015	29/10/2015	Nil	Nil	Accounting and Administration Manager of Elms Industrial Pte Ltd and Elms Industrial (Phils) Co., Inc.

Please refer to the "Board of Directors' section in the Annual Report for the profile of the Directors.

Corporate Governance Report

The NC has taken cognizance of the Code with regard to the fixing of maximum number of board representations a Director may hold on other listed companies. Based on the attendance of the Directors and their contributions at meetings of the Board and Board Committees, and their time commitment to the affairs of the Company, the NC believes that it would not be necessary to put a maximum limit on the number of listed company board representations and other principal commitment of each Director. However, the NC would continue to review from time to time, the Board representations and other principal commitments to ensure that Directors continue to meet the demands of the Group and are able to discharge their duties adequately.

Board Performance

Principle 5: There should be a formal annual assessment of the effectiveness of the Board as a whole and its board committees and the contribution by each director to the effectiveness of the Board.

The Board and the NC strive to ensure that Directors on the Board possess the experience, knowledge and skills critical to the Group's business so as to enable the Board to make sound and well-considered decisions.

The NC had implemented a process for evaluating the effectiveness of the Board as a whole, its Board Committees and the contribution by each individual Director to the effectiveness of the Board and set objective performance criteria for such evaluation. Each member of the NC abstains from voting on any resolutions in respect of the assessment of his/her performance or re-nomination as a Director. Evaluations of individual Director aim to assess whether that individual continues to contribute effectively and demonstrate commitment to the role (including commitment of time for Board and Board Committee meetings, and any other duties).

Annually, the Directors will complete a board and board committee assessment checklist which sets out the performance criteria for evaluating the effectiveness of the Board and Board Committee in its monitoring role and the attainment of the strategic objectives set by the Board. Performance criteria to assess the Board and Board Committees' effectiveness as a whole include size and composition, access to information, Board processes, roles, responsibilities, and conduct.

Each Director will also complete a self-assessment checklist individually. Some factors considered in the individual review include the Director's attendance, his/her preparation and participation in the Board or Board Committees meetings, the quality of Director's intervention and the industry and business knowledge of the Director.

The NC has performed the assessment in FY2016 and is of the view that the performance of the individual Directors, the Board Committees and the Board as a whole were satisfactory and the Board has met its performance objectives.

No external facilitator was used in the evaluation process in FY2016.

Access to Information

Principle 6: In order to fulfill their responsibilities, directors should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.

The Board is provided with adequate and timely information on operation and financial performance of the Company. For matters where the Board is required to make decisions, the management provides the Board with sufficient background and explanation information on financial, business and corporate issues to enable the Directors to be properly briefed on issues to be considered. The Board has separate, independent access to the senior management of the Group at all times. Requests for information from the Board are dealt with promptly by the senior management. The Board is informed of all material events and transactions as and when they occur.

The Company Secretary attends all Board and Board Committees' meetings and is responsible for ensuring that established procedures and all relevant statutes and regulations that are applicable to the Company are complied with. The Company Secretary assists the Executive Chairman by preparing meeting agendas, attending Board and Board Committees' meetings and preparing minutes of Board proceedings. Under the direction of the Executive Chairman, the Company Secretary, with the support of the management staff, ensures good information flows within the Board and the Board Committees and between senior management and Non-Executive Directors.

Corporate Governance Report

The appointment and replacement of the Company Secretary is a matter for the Board as a whole, and is subject to the Board's approval.

The Board seeks independent professional advice as and when necessary to enable it to discharge its responsibilities effectively. The Directors, whether as a Group or individually, may seek and obtain legal and other independent professional advice, at the Company's expense, concerning any aspect of the Group's operations or undertakings in order to fulfill their roles and responsibilities as Directors.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 7: There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

The RC comprises the following members, the majority of whom, including the RC Chairman, are independent:

Tham Mun Chee – Chairman
Ngiam Zee Moey – Member
Liu Xiuwen – Member
Quan Yuhong – Member

The functions of the RC include the following:-

- recommend to the Board a framework of remuneration for the Directors and key executives, and determine specific remuneration packages for each Director and key executive, with the recommendations of the RC submitted for endorsement by the entire Board. All aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses, options and benefits-in-kind shall be covered by the RC; and
- perform an annual review of the remuneration of employees related to the Directors and key executives (if applicable) to ensure that their remuneration packages are in line with the staff remuneration guidelines and commensurate with their respective job scopes and level of responsibilities. RC also reviews and approves any bonuses, pay increases and/or promotions for these employees.

The RC also reviews the Company's obligations arising in the event of termination of the Executive Director' and key executives' contracts of service, if any, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous and avoid rewarding poor performance. If necessary, the RC would seek expert advice inside and/or outside the Company on remuneration of all Directors. Each member of the RC will abstain from voting on any resolutions in respect of his/her remuneration package or that of employees related to him/her.

No remuneration consultants were engaged by the Company in FY2016.

Level and Mix of Remuneration

Principle 8: The level and structure of remuneration should be aligned with the long-term interest and risk policies of the company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, and (b) key management personnel to successfully manage the company. However, companies should avoid paying more than is necessary for this purpose.

The Company adopts a remuneration policy for Executive Director and key executives comprising a fixed component and a variable component. The Executive Director does not receive Director's fees but is remunerated as a member of management. The fixed component is in the form of a base salary and the variable component is in the form of a variable bonus that is linked to the performance of the Company and the individual. This is designed to align remuneration with the interests of shareholders and link rewards to corporate and individual performance so as to promote the long-term sustainability of the Group.

Corporate Governance Report

Service contract for the Executive Director is for a fixed appointment period and does not contain onerous removal clauses.

The Company does not use contractual provisions to allow the Company to reclaim incentive components of remuneration from Executive Director and key executives in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The Executive Director owes a fiduciary duty to the Company. The Company should be able to avail itself to remedy against the Executive Director in the event of such breach of fiduciary duties.

Mr Zhang Jiming ("**Mr Zhang**") joined the Company since 5 June 2015 and has since then opted not to receive remuneration for his services rendered to the Company, as the Executive Director and Chairman of the Board. There was no remuneration paid to Mr Zhang in FY2016.

The Non-Executive Directors are paid Directors' fees, in accordance with their contributions, taking into account factors such as effort, time spent, responsibilities of the Directors and the need to pay competitive fees to attract, motivate and retain such Directors. Directors' fees are recommended by the Board for approval by the shareholders at the Company's AGM.

Ms Quan Yuhong ("**Ms Quan**") has since 30 October 2013 opted not to receive Director's fee for her services as a Non-Executive Director and member of the Board Committees. There was no remuneration paid to Ms Quan in FY2016.

The Company has no share-based compensation scheme or any long-term incentive scheme involving the offer of shares or options in place.

The RC had reviewed and is satisfied that the performance conditions of its remuneration policy were met in FY2016.

Disclosure on Remuneration

Principle 9: Every company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration, in the company's Annual Report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management personnel, and performance.

A breakdown of the level and mix of remuneration paid/payable to each Director in FY2016 is as follows:-

	Fees	Salary	Bonus	Other Benefits	Total
Below S\$250,000	S\$	S\$	S\$	S\$	S\$
Zhang Jiming [#]	–	–	–	–	–
Quan Yuhong [#]	–	–	–	–	–
Ngiam Zee Moey	40,000	–	–	–	40,000
Liu Xiuwen [@]	12,194	–	–	–	12,194
Tham Mun Chee	40,000	–	–	–	40,000

Notes

[#] Both Mr Zhang Jiming and Ms Quan Yuhong have opted not to receive fee/remuneration in FY2016.

[@] Ms Liu Xiuwen's director fee is payable in RMB at the exchange rate of S\$1 – RMB4.9203 as at 30 June 2016.

Corporate Governance Report

Remuneration of Key Executives

The remuneration paid to the top key executives (who are not Directors) of the Group set out in bands of S\$250,000 in FY2016 is as follows:-

	Base/Fixed Salary (%)	Variable or Bonuses (%)	Benefits in Kind (%)	Total (%)
Below S\$250,000				
Ma Fei [@]	–	–	–	–
Hou Lei [#]	57	43	–	100
Liu Zhenzhe	71	29	–	100

Notes

@ Mr. Ma Fei was appointed as the General Manager of the Company on 5 August 2016.

Mr. Hou Lei has resigned as the General Manager of the Company on 5 August 2016.

As at the end of the FY2016, the Company only has two top executives.

The aggregate remuneration paid to the abovementioned top key executives in FY2016 was S\$89,882.

There are no termination, retirement and post-employment benefits granted to the Directors and/or the top key executives.

There was no employee of the Group who is immediate family member of any Director whose remuneration exceeds S\$50,000 in FY2016.

ACCOUNTABILITY AND AUDIT

Accountability

Principle 10: The Board should present a balanced and understandable assessment of the company's performance, position and prospects.

The Board is responsible for providing a balanced and understandable assessment of the Company's performance, position and prospects. Financial reports and other price sensitive information are disseminated to shareholders through announcements and press releases via SGXNet.

Management provides the Board with management accounts and keeps the Board informed of, on a balanced and understandable basis, the Group's performance, position and prospects on a regular basis and enables the Board to discharge its duties efficiently.

Risk Management and Internal Controls

Principle 11: The Board is responsible for the governance of risk. The Board should ensure that Management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the company's assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.

The Company does not have a risk management committee. However, the Group regularly reviews its business and operational activities to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks. The internal auditor reviews regularly all significant control policies and procedures and highlight all significant matters to the senior management, the AC and the Board.

Corporate Governance Report

The AC will review, at least annually, the reports submitted by the external and internal auditors relating to the adequacy and effectiveness of the Group's significant internal controls, including financial, operational, compliance and information technology controls, risk management, and risks of fraud and irregularities. Any material non-compliance and recommendations for improvement are reported to the AC. A copy of the report is also issued to the relevant department for its follow-up action. The timely and proper implementation of all required corrective, preventive or improvement measures are closely monitored.

The AC will also review the effectiveness of the actions taken by the management on the recommendations made by the external and internal auditors in this respect.

For FY2016, the General Manager and Deputy General Manager (Finance) had provided their confirmation and assurance to the Board that (i) financial records have been properly maintained and that the financial statements give a true and fair view of the Company's operations and finances and (ii) the Company's risk management and internal controls systems are effective.

The internal auditors had conducted a comprehensive Control Self-Assessment ("CSA") exercise for the Company and its subsidiaries in FY2016. Based on their review and assessment, the internal auditors confirmed to the AC that the system of internal controls of the Group in place in FY2016 was satisfactory and achieved the internal control objectives, as well as addressed the financial, operational, compliance and information technology controls and risks management systems of the Company.

Based on the internal controls established and maintained by the management, the negative assurance provided by the General Manager and Deputy General Manager (Finance), the works performed by internal and external auditors and reviews performed by management and various Board Committees and the Board, the Board, with the concurrence of the AC, is of the opinion that the Group's internal controls, addressing the financial, operational, compliance and information technology risks and the risk management systems in place were adequate and effective in FY2016.

The system of internal controls and risk management established by the Group provides reasonable, but not absolute, assurance that the Group will not be adversely affected by any event that can be reasonably foreseen as it strives to achieve its business objectives. The Group is also consistently seeking to improve its internal controls and adopting the recommendations highlighted by the internal and external auditors to further enhance the Group's assets.

Audit Committee

Principle 12: The Board should establish an AC with written terms of reference which clearly set out its authority and duties.

The AC comprises the following members, all of whom are Non-Executive Directors and majority of whom, including the AC Chairman, are independent:

Ngiam Zee Moey – Chairman
Tham Mun Chee – Member
Liu Xiuwen – Member
Quan Yuhong – Member

All of the AC members, including the Chairman, have accounting and related financial management expertise and experience.

To enable the AC to discharge its function properly, it has full access to and cooperation by management and has full discretion to invite any Director or executive officer to attend its meetings. The AC has power to conduct or authorise investigations into any matter within the AC's scope of responsibility. The AC is authorised to obtain independent professional advice if deems necessary to discharge its responsibilities properly. Such expenses would be borne by the Company.

The AC members met twice in FY2016, the Executive Director and senior management were invited to attend the meetings.

Corporate Governance Report

The AC assists the Board in discharging its responsibility to safeguard the assets of the Company, maintain adequate accounting records, and develop and maintain effective systems of internal control. The AC provides a channel of communication between the Board, the management and the external auditors on matters relating to audit.

The AC has been entrusted with the following functions:

- Review with the external and internal auditors their audit plans, evaluation of the internal control, audit reports, their letter to management and the management's response. The AC also reviews the cooperation given by the Company's officers to the internal and external auditors;
- Review the scope and results of the audit and its cost effectiveness;
- Review the adequacy of the Group's internal controls, including financial, operational, compliance and information technology controls and risk management policies and systems established by the management;
- Review key financial risk areas and the outcome of such review to be disclosed in the annual reports, with a view to provide an independent oversight on the Group's financial reporting;
- Review the financial statements before submission to the Board for approval, focusing in particular on changes in accounting policies and practices, major risk areas, significant adjustments resulting from audit compliance with accounting standards and compliance with the Catalist Rules and other relevant statutory or regulatory requirements;
- Conduct investigation into any matter within the AC's scope of responsibility and review of any significant findings of investigations with full access to management;
- Review and discuss with the external auditors any suspected fraud or irregularities, or suspected infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position, and the management's response;
- Make recommendation to the Board on the appointment, re-appointment and removal of external auditors and approve the remuneration and terms of engagement of the external auditors. The AC also assesses the independence and objectivity of the external auditors;
- Review interested person transactions falling within the scope of Chapter 9 of the Catalist Rules;
- Undertake such other reviews and projects as may be requested by the Board, and report to the Board its findings from time to time on matters arising and requiring the attention of the AC; and
- Undertake such other functions and duties as may be required by the statute or by the Catalist Rules, or by such amendments as may be made thereto from time to time.

The AC has been granted full authority and access to the Company's external and internal auditors and finance and accounts department without the presence of the senior management.

The AC is kept abreast by the management and the external auditors of changes to accounting standards, Catalist Rules and other regulations which could have an impact on the Group's business and financial statements.

The AC has met once with the external and internal auditors without the presence of the management in FY2016.

The AC constantly bears in mind the need to maintain a balance between the independence and objectivity of the external auditors and the work carried out by the external auditors based on value for money consideration. During the financial year under review, the aggregate amount of fees paid to the external auditors for the audit and non-audit services amounted to S\$85,000 and S\$2,800 respectively.

Corporate Governance Report

The AC reviews the independence and objectivity of external auditors annually. During the financial year under review, the AC has reviewed the independence of RT LLP including the volume of all non-audit services provided to the Group, and is satisfied that the nature and extent of such services do not prejudice the independence and objectivity of the external auditors.

The AC has recommended to the Board for the shareholders' approval of the re-appointment of RT LLP as external auditors of the Company at the forthcoming AGM.

The Group has appointed different auditors for its overseas subsidiaries and associate. The Board and the AC have reviewed the appointment of the different auditors for its overseas subsidiaries and associated company, and are satisfied that the appointment of the different auditors would not compromise the standard and effectiveness of the audit of the Group.

The AC is satisfied that the Company has complied with Rule 712 and 715 of the Catalist Rules.

The Company has adopted a whistle blowing policy which provides well-defined and accessible channels in the Group through which employees of the Group may raise concerns about improper conduct within the Group. The AC will review arrangements by which staff of the Company may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters directly to Mr Ngiam Zee Moey, the AC Chairman and Lead Independent Director. Details of the whistle blowing policies and arrangement have been made available to all employees. The AC's objectives are to ensure that arrangements are in place for the independent investigation of such matters and for appropriate follow-up action.

There have been no reported incidents pertaining to whistle-blowing for the FY2016.

Internal Audit

Principle 13: The company should establish an effective internal audit function that is adequately resourced and independent of the activities it audit.

The Group has outsourced its internal audit function to JF Virtus Pte Ltd, a qualified professional firm which meets the standards set by internationally recognised professional bodies including the International Professional Practices Framework issued by the Institute of Internal Auditors.

The main objective of the internal audit function is to assist the Group in evaluating and assessing the effectiveness of internal controls and to consequently highlight the areas where control weaknesses exist, if any, and thus improvements could be made.

The internal auditor function is independent and the internal auditors report directly to the AC on audit matters and to the General Manager and Deputy General Manager (Finance) on administrative matters. The internal auditors assist the Board in monitoring and managing risks and internal controls of the Group.

The AC also reviews and approves the internal auditors' plan for each financial year to ensure that the scope of the plan is adequate and covers the review of the significant internal controls of the Group, including financial, operational, compliance and information technology controls. The internal auditors will report its audit findings and recommendations to the AC.

The management, together with the Board, will review all audit reports and findings from internal auditors and external auditors during the AC meetings.

The AC had reviewed the adequacy of the internal audit function and is satisfied that the team is adequately resourced and has appropriate standing within the Company.

Corporate Governance Report

SHAREHOLDER RIGHTS AND RESPONSIBILITIES

Shareholder Rights

Principle 14: Companies should treat all shareholders fairly and equitably, and should recognize, protect and facilitate the exercise of shareholders' rights, and continually review and update such governance arrangements.

Communication with Shareholders

Principle 15: Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.

Conduct of Shareholder Meetings

Principle 16: Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the company.

The Board believes in regular, timely and effective communication with shareholders. The Company does not practise selective disclosure. In line with continuous obligations of the Company pursuant to the Catalist Rules, it is the Board's policy that shareholders are kept informed of all important developments concerning the Group that will or expect to have an impact on the Company or the Group through timely dissemination of information via SGXNet announcements, press releases, annual reports and various other announcements made whenever necessary.

Shareholders are encouraged to attend AGMs and/or general meetings to stay informed of the Company's goals and strategies and to ensure a high level of accountability by the management. Notice of the meeting will be dispatched to shareholders, together with explanatory notes or a circular on items of special business (if necessary), within the stipulated time before the meeting. The Board welcomes questions from shareholders who have an opportunity to raise issues either informally or formally before or at the meeting. The Chairman of the respective Board Committees is normally available at the meeting to answer those questions relating to the work of these committees. The Company's external auditors are also present to assist the Directors in addressing queries relating to the audited accounts raised by shareholders.

Whilst there is no limit imposed on the number of proxy votes for nominee companies, the Company's Constitution allows each shareholder to appoint up to two proxies to attend AGM and any other general meetings. The Board will review the Company's Constitution from time to time, and where an amendment to the Company's Constitution is required to align the relevant provisions with the requirements of the Catalist Rules, shareholders' approval will be obtained.

The Company is not implementing absentia voting methods such as voting via mail, e-mail or fax until security, integrity and other issues are satisfactorily resolved. This is also subject to legislative amendment to recognize electronic voting.

Resolutions to be passed at general meetings are always separate and distinct in terms of issue and are consistent with the Code's recommendation that companies should avoid "bundling" resolutions unless the resolutions are interdependent and linked so as to form one significant proposal.

The Group does not have a dividend policy at present. The form, frequency and amount of dividends declared each year will take into consideration the Group's profit growth, cash position, positive cash flow generated from operations, projected capital requirements for business growth and other factors as the Board may deem appropriate. For FY2016, the Company did not propose any dividends so as to retain the cash in the Group for its future growth plans.

All resolutions put forth at the general meetings are voted by way of poll. Detailed voting results including each of the total number of votes cast 'For' or 'Against' the resolutions are announced on the same day after the meeting via SGXNet.

The Company prepares minutes of general meetings that include substantial and relevant comments or queries from shareholders relating to the agenda of the meeting, and responses from the Board and management. All minutes of general meetings are available to shareholders for inspection upon request.

Corporate Governance Report

Dealings in Securities

The Company has adopted an internal code on dealings in securities. The Company, its Directors, senior management and employees (collectively the “**Officers**”) are not permitted to deal in the Company's securities during the periods commencing one month before the announcement of the Group's half year and full financial year results and ending on the date of announcement of such result, or when they are in possession of unpublished price-sensitive information on the Group. In addition, the Officers are advised not to deal in the Company's securities for a short term considerations and are expected to observe the insider trading laws at all times even when dealing in securities within the permitted trading periods.

Independent Auditor's Report

TO THE MEMBERS OF ZHONGXIN FRUIT AND JUICE LIMITED
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

Report on the Financial Statements

We have audited the accompanying financial statements of Zhongxin Fruit and Juice Limited (the "Company") and its subsidiaries (the "Group"), which comprise the statements of financial position of the Group and of the Company as at 30 June 2016, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the financial year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Company as at 30 June 2016 and the financial performance, changes in equity and cash flows of the Group for the financial year ended on that date.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. Corporate information

Zhongxin Fruit and Juice Limited (Co. Reg. No. 200208395H) is a limited liability company incorporated and domiciled in Singapore and is listed on the Catalist of the Singapore Exchange Securities Trading Limited. The immediate holding company is SDIC Zhonglu Fruit Juice Co., Ltd ("SDIC Zhonglu") which is incorporated in the People's Republic of China ("PRC") and listed on the Shanghai Stock Exchange. The Company's ultimate holding company is State Development and Investment Corporation ("SDIC"), a state owned enterprise in PRC.

The registered office of the Company and its principal place of business are located at 25 International Business Park #02-53, German Centre, Singapore 609916.

The principal activity of the Company is that of investment holding. The principal activities of the subsidiaries are shown in Note 12 to the financial statements.

The statement of financial position of the Company and consolidated financial statements of the Group for the financial year ended 30 June 2016 were authorised for issue in accordance with a resolution of the directors on the date of the Statement by Directors.

2. Summary of significant accounting policies

2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards ("FRS") and the related Interpretations to FRS ("INT FRS") as issued by the Singapore Accounting Standards Council, and the Singapore Companies Act, Chapter 50. The financial statements are prepared on a going concern basis under the historical cost convention except for the accounting policies as disclosed below.

The financial statements are presented in Chinese Renminbi and all values in the tables are rounded to the nearest thousand (RMB'000), except when otherwise indicated.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

2.2 Adoption of new and revised standards

In the current financial year, the Group has adopted all the new and revised FRSs and INT FRS that are relevant to its operations and effective for annual periods beginning on or after 1 July 2015. The adoption of these new/revised FRSs and INT FRSs does not result in changes to the Group's and Company's accounting policies and has no material effect on the amounts reported for the current or prior years.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

2. Summary of significant accounting policies (Cont'd)

2.3 Standards issued but not yet effective

The Group has not adopted the following standards and interpretations that have been issued but not yet effective which are relevant to the Group and Company:

Title	Effective for annual periods beginning on or after
Amendments to FRS 1 <i>Disclosure Initiative</i>	1 January 2016
Amendments to FRS 16 and FRS 38 <i>Clarification of Acceptable Methods of Depreciation and Amortisation</i>	1 January 2016
Amendments to FRS 27 <i>Equity Method in Separate Financial Statements</i>	1 January 2016
Amendments to FRS 110 and FRS 28 <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	1 January 2016
Improvements to FRSs (November 2014):	
- Amendments to FRS 107 <i>Financial Instruments: Disclosures</i>	1 January 2016
- Amendments to FRS 19 <i>Employee Benefits</i>	1 January 2016
- Amendments to FRS 34 <i>Interim Financial Reporting</i>	1 January 2016
Amendments to FRS 7: <i>Disclosure Initiative</i>	1 January 2017
FRS 109 <i>Financial Instruments</i>	1 January 2018
FRS 115 <i>Revenue from Contracts with Customers</i>	1 January 2018
Amendments to FRS 115: <i>Clarifications to FRS 115 Revenue from Contracts with Customers</i>	1 January 2018
FRS 116 <i>Leases</i>	1 January 2019

The Directors do not anticipate that the adoption of the above FRS and INT FRS in future periods will have a material impact on the financial statements of the Company and the Group in the period of their initial adoption except for FRS 109, FRS 115, and FRS 116. The nature of the impending changes in accounting policy on adoption of FRS 109, FRS 115, and FRS 116 are described below.

FRS 109 *Financial Instruments*

FRS 109 introduces new requirements for classification and measurement of financial assets, impairment of financial assets and hedge accounting. Financial assets are classified according to their contractual cash flow characteristics and the business model under which they are held. The impairment requirements in FRS 109 are based on an expected credit loss model and replace the FRS 39 incurred loss model. Adopting the expected credit losses requirements will require the Group to make changes to its current systems and processes.

FRS 109 is effective for annual periods beginning on or after 1 January 2018 with early application permitted. Retrospective application is required, but comparative information is not compulsory. The Group is currently assessing the potential impact of the application of FRS 109 on the financial statements of the Group in the period of their initial application.

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

2. Summary of significant accounting policies (Cont'd)

2.3 Standards issued but not yet effective (Cont'd)

FRS 115 Revenue from Contracts with Customers

FRS 115 establishes a five-step model that will apply to revenue arising from contracts with customers. Under FRS 115, revenue is recognised at an amount that reflects the consideration which an entity expects to be entitled in exchange for transferring goods or services to a customer. The principles in FRS 115 provide a more structured approach to measuring and recognising revenue when the promised goods and services are transferred to the customer i.e. when performance obligations are satisfied.

Key issues for the Group include identifying performance obligations, accounting for contract modifications, applying the constraint to variable consideration, evaluating significant financing components, measuring progress toward satisfaction of a performance obligation, recognising contract cost assets and addressing disclosure requirements.

Either a full or modified retrospective application is required for annual periods beginning on or after 1 January 2018 with early adoption permitted. The Group is currently assessing the potential impact of the application of FRS 115 on the financial statements of the Group in the period of their initial application.

FRS 116 Leases

FRS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases. The objective is to ensure that lessees and lessors provide relevant information in a manner that faithfully represents those transactions. This information gives a basis for users of financial statements to assess the effect that leases have on the financial position, financial performance and cash flows of the entity.

FRS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognise a right-to-use asset representing its right to use the underlying lease asset and a lease liability representing its obligation to make lease payments.

FRS 116 is effective for annual periods beginning on or after 1 January 2019 with early application permitted for entities that apply FRS 115 *Revenue from Contracts with Customers* at or before the date of initial application of FRS 116. The Group is currently assessing the potential impact of the application of FRS 116 on the financial statements of the Group in the period of their initial application.

2.4 Revenue recognition

Sales comprise the fair value of the consideration received or receivable for the sale of goods and rendering of services in the ordinary course of the Group's activities. Sales are presented, net of value-added tax, rebates and discounts, and after eliminating sales within the Group.

The Group recognises revenue when the amount of revenue and related cost can be reliably measured, when it is probable that the collectability of the related receivables is reasonably assured and when the specific criteria for each of the Group's activities are met as follows:

(i) Sale of goods

Sale of goods is recognised upon the transfer of significant risk and rewards of ownership of the goods to the customer which generally coincides with delivery and acceptance of the goods sold.

(ii) Interest income

Interest income is recognised using the effective interest method unless collectability is in doubt.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

2. Summary of significant accounting policies (Cont'd)

2.5 Government grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Government grants receivable are recognised as income over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are shown separately as other income.

Government grants relating to assets are deducted against the carrying amount of the assets.

2.6 Group accounting

(i) Subsidiaries

Subsidiaries are entities (including special purpose entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date on which control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity and statements of financial position. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations by the Group.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary measured at their fair values at the acquisition date.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date; any gains or losses arising from such remeasurement are recognised in profit or loss.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

2. Summary of significant accounting policies (Cont'd)

2.6 Group accounting (Cont'd)

(ii) Acquisitions (Cont'd)

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition date fair value of any previously held equity interest in the acquiree over the fair values of the net identifiable assets acquired net of the fair values of the liabilities and any contingent liabilities assumed is recorded as goodwill.

(iii) Disposals

When a change in the Group's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

(iv) Joint Venture

The Group accounts for its investment in joint venture using the equity method from the date on which it becomes a joint venture.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities is accounted as goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the joint venture's profit or loss in the period in which the investment is acquired.

Under the equity method, the investment in joint venture is carried in the statement of financial position at cost plus post-acquisition changes in the Group's share of net assets of the joint venture. The profit or loss reflects the share of results of the operations of the joint venture. Distributions received from joint venture reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the joint venture, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and joint venture are eliminated to the extent of the interest in the joint venture.

When the Group's share of losses in a joint venture equals or exceeds its interest in the joint venture, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint venture.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in joint venture. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value and recognises the amount in profit or loss.

The financial statements of the joint venture are prepared as the same reporting date as the Company. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

2. Summary of significant accounting policies (Cont'd)

2.7 Property, plant and equipment

(i) Measurement

(a) Property, plant and equipment

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(b) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. The cost of dismantlement, removal or restoration is also recognised as part of the cost of property, plant and equipment if the obligation for the dismantlement, removal or restoration is incurred as a consequence of either acquiring the asset or using the asset.

(ii) Depreciation

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

	<u>Useful lives</u>
Buildings	20 – 40 years
Plant and machinery	20 years
Furniture, fittings and office equipment	3 – 10 years
Motor vehicles	5 – 10 years

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at the end of each reporting period. The effects of any revision are recognised in profit or loss when the changes arise.

Fully depreciated property, plant and equipment still in use are retained in the financial statements.

(iii) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

(iv) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss.

2.8 Land use rights

Land use rights are initially measured at cost. Following initial recognition, land use rights are measured at cost less accumulated amortisation and any impairment losses. Land use rights are amortised on a straight-line basis over the remaining years of rights allocated to use the land of 50 years.

The amortisation period and amortisation method are reviewed at the end of each financial period.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

2. Summary of significant accounting policies (Cont'd)

2.9 Investments in subsidiaries and joint venture

In the Company's separate financial statements, investments in subsidiaries and joint venture are accounted for at cost less accumulated impairment losses. On disposal of investments in subsidiaries and joint venture, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

2.10 Impairment of non-financial assets

- Property, plant and equipment
- Land use rights
- Investments in subsidiaries and joint venture

Property, plant and equipment, land use rights and investments in subsidiaries and joint venture are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost of disposal and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the cash generating unit ("CGU") to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss, unless the asset is carried at revalued amount, in which case, such impairment loss is treated as a revaluation decrease.

An impairment loss for an asset other than goodwill is reversed only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

2.11 Financial assets

(i) Classification

Financial assets are classified into the following specified categories: financial assets "at fair value through profit or loss", "loans and receivables", "held-to-maturity investments" and "available-for-sale" financial asset. The classification depends on the nature of the asset and the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition. The designation of financial assets is re-evaluated and classification may be changed at the reporting date with the exception that the designation of financial assets at fair value through profit or loss is irrevocable.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those maturing later than 12 months after the end of the reporting period which are classified as non-current assets. Loans and receivables are presented as "other receivables", "receivable from subsidiaries", "receivable from related parties", "receivable from immediate holding company" and "cash and bank balances" on the statements of financial position.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

2. Summary of significant accounting policies (Cont'd)

2.11 Financial assets (Cont'd)

(ii) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is transferred to profit or loss.

Trade receivables that are factored out to banks and other financial institutions with recourse to the Group are not derecognised until the recourse period has expired and the risks and rewards of the receivables have been fully transferred. The corresponding cash received from the financial institutions is recorded as borrowings.

(iii) Initial measurement

Financial assets classified as loans and receivables are initially recognised at fair value plus transaction costs.

(iv) Subsequent measurement

Loans and receivables financial assets are subsequently carried at amortised cost using the effective interest method.

(v) Impairment

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognises an allowance for impairment when such evidence exists.

Loans and receivables

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy, and default or significant delay in payments are objective evidence that these financial assets are impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised against the same line item in profit or loss.

The impairment allowance is reduced through profit or loss in a subsequent period when the amount of impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortised cost had no impairment been recognised in prior periods.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

2. Summary of significant accounting policies (Cont'd)

2.12 Cash and cash equivalents

Cash and cash equivalents are defined as cash on hand, demand deposits and short-term, highly liquid investments readily convertible to known amounts of cash and subject to insignificant risk of changes in value. Cash on hand and in banks and short-term deposits which are held to maturity are carried at cost.

For the purposes of presentation in the consolidated statement of cash flows, cash and cash equivalents include cash on hand and deposits with financial institutions which are subject to an insignificant risk of change in value.

2.13 Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case they are presented as non-current liabilities.

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

2.14 Financial liabilities

Financial liabilities include trade and other payables, payable to related parties, payable to immediate holding company and borrowings. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities. Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. Financial liabilities are initially recognised at fair value of consideration received less directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method.

Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process. The liabilities are derecognised when the obligation under the liability is discharged or cancelled or expired.

2.15 Fair value estimation of financial assets and liabilities

The fair values of current financial assets and liabilities carried at amortised cost approximate their carrying amounts.

2.16 Leases

(i) When the Group is the lessee:

The Group leases property, plant and equipment under operating leases.

Lessee - Operating leases

Leases of property, plant and equipment where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised as storage cost included in the distribution expenses in profit or loss on a straight-line basis over the period of the lease.

Contingent rents are recognised as an expense in the profit or loss when incurred.

2.16 Leases (Cont'd)

- (ii) When the Group is the lessor:

The Group leases its properties under operating leases.

Lessor – Operating leases

Leases of properties where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognised in profit or loss on a straight-line basis over the lease term.

Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised as an expense in profit or loss over the lease term on the same basis as the lease income.

Contingent rents are recognised as income in profit or loss when earned.

2.17 Inventories

Inventories are carried at the lower of cost and net realisable value. Cost is determined on a weighted average basis and includes all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Costs of conversion include direct labour, other direct costs and related production overheads which are allocated based on normal capacity of the production facilities. Normal capacity is the production expected to be achieved on average over a number of periods or season under normal circumstances. A write down on cost is made when the cost is not recoverable or if their selling prices have declined.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Work-in-progress are fruit juice concentrate produced that have not been packaged.

2.18 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period, in the countries where the Group operates and generates taxable income.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiaries and joint venture except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

2. Summary of significant accounting policies (Cont'd)

2.18 Income taxes (Cont'd)

Deferred income tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Value-added-tax

The Group's sales of goods in the PRC are subject to value-added tax ("VAT") at the applicable tax rate of 17% for PRC domestic sales. Input VAT on purchases can be deducted from output VAT. The net amount of VAT recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statements of financial position, respectively.

Revenue, expenses and assets are recognised net of the amount of VAT except:

- (i) where the VAT incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the VAT is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- (ii) receivables and payables that are stated with the amount of VAT included.

2.19 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past events, it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Other provisions are measured at the present value of the expenditure expected to be required to settle the obligation using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risk specific to the obligation. The increase in the provision due to the passage of time is recognised as finance expense.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

2.20 Employee benefits

Employee benefits are recognised as an expense, unless they can be capitalised as an asset.

- (i) Pension obligation

Pursuant to the relevant regulations of the PRC government, the employees of the Group's subsidiaries which operate in the PRC are required to participate in a central pension scheme operated by the local municipal government ("the Central Pension Scheme"), whereby the subsidiaries of the Company in the PRC are required to contribute a certain percentage of the basic salaries of their employees to the Central Pension Scheme. The only obligation of the Group with respect to the Central Pension Scheme is to pay the ongoing required contributions under the Central Pension Scheme. Contributions under the Central Pension Scheme are charged to profit or loss as incurred. The assets of the Central Pension Scheme are held separately from those of the Group in independently administered funds.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

2. Summary of significant accounting policies (Cont'd)

2.20 Employee benefits (Cont'd)

(i) Pension obligation (Cont'd)

A defined contribution national pension scheme is a post-employment benefit plan under which an entity pays fixed contribution into a separate entity and will have no legal or constructive obligation to pay further amounts. The contributions to national pension scheme are charged to profit or loss in the period to which the contributions made. The Group is subject only to defined contribution schemes.

(ii) Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. An accrual is made for the estimated liability for leave as a result of services rendered by employees up to the end of the reporting period.

2.21 Foreign currency transactions and translation

(i) Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Chinese Renminbi, which is the Company's functional currency.

(ii) Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency translation differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the end of the reporting period are recognised in profit or loss.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

2.22 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the board committee whose members are responsible for allocating resources and assessing performance of the operating segments.

For management purposes, there is no breakdown by operating segments in the financial year as the Group's operations and sales were predominantly related to fruit juice concentrate.

2.23 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

2.24 Dividends to Company's shareholders

Dividends to the Company's shareholders are recognised when the dividends are approved for payment.

2. Summary of significant accounting policies (Cont'd)

2.25 Contingencies

A contingent liability is:

- (i) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (ii) a present obligation that arises from past events but is not recognised because:
 - a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - b) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the statement of financial position of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

2.26 Related parties

A related party is defined as follows:

- (i) A person or a close member of that person's family is related to the Group and Company if that person:
 - a) has control or joint control over the Company;
 - b) has significant influence over the Company; or
 - c) is a member of the key management personnel of the Group or Company or of a parent of the Company.
- (ii) An entity is related to the Group and the Company if any of the following conditions applies:
 - a) the entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - b) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - c) both entities are joint ventures of the same third party.
 - d) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - e) the entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company.
 - f) the entity is controlled or jointly controlled by a person identified in (i).
 - g) a person identified in (i) (a) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - h) the entity, or any member of a group of which it is a part, provides key management personal services to the reporting entity or to the parent of the Company.

3. Critical Accounting Estimates, Assumptions and Judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3.1 Critical judgements made in applying the Group's accounting policies

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimates, which have the most significant effect on the amounts recognised in the consolidated financial statements.

(i) Impairment of assets

In determining whether an asset is impaired or whether the event previously causing the impairment no longer exists, the Group has to exercise judgement in the area of asset impairment, particularly in assessing: (i) whether an event has occurred that may affect the asset value, or such an asset value has been in existence, (ii) whether the carrying value of an asset can be supported either by the net present value of future cash flows, which are estimated based upon the continued use of the asset or the fair value less costs of disposal, based on independent professional valuation report; and (iii) the appropriate key assumptions to be applied in preparing cash flow projections including whether these cash flow projections are discounted using an appropriate rate, or the appropriate key assumptions used by the independent external professional valuer in their valuation report. Changing the assumptions selected by management to determine the level of impairment could have a material effect on the net recoverable amount used in the impairment test.

3.2 Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(i) Impairment and collectability of receivables

The Group follows the guidance of FRS 39 as detailed in Note 2.11(v) to determine when receivables are impaired. This determination requires certain level of judgement. The Group first assesses whether objective evidence of impairment exists for individually significant debtors and collectively for debtors which are not individually significant. The Group evaluates, among other factors, financial status of the debtor, and changes in the collection status and changes in industry conditions that affect the debtors. Trade and other receivables that are collectively evaluated for impairment are based on historical loss experience for receivables with similar credit risk characteristics.

The methodology and assumptions used for estimating potential impairment loss are reviewed regularly to reduce the differences between loss estimates and actual loss experience.

Where the expected outcome is different from the original estimate, such differences will impact the carrying value of the receivables, including the impairment or write-back of impairment in the period in which such estimates has been made.

The carrying amounts of the other receivables, receivable from subsidiaries, receivable from related parties and receivable from immediate holding company of the Group and Company at the end of the reporting period are disclosed in Note 16, 17, 18 and 19 to the financial statements respectively.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

3. Critical Accounting Estimates, Assumptions and Judgements (Cont'd)

3.2 Critical accounting estimates and assumptions (Cont'd)

(ii) Useful lives of property, plant and equipment

The estimates for the useful lives and related depreciation charges for property, plant and equipment is based on commercial and production factors which could change significantly as a result of technical innovations and competitor actions in response to severe market conditions. The depreciation charge is increased where useful lives are less than previously estimated lives, or the carrying amounts written off or written down for technically obsolete or non-strategic assets that have been abandoned or sold.

Management estimates the useful lives of property, plant and equipment to be within 3 to 40 years. The carrying amount of the Group's property, plant and equipment as at the end of reporting period was RMB66,143,000 (2015: RMB68,698,000). Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets. Therefore future depreciation charges could be revised.

(iii) Allowances for slow moving inventories

Management carries out an inventory review at the end of each reporting period to determine any need for allowance for slow moving inventory items. Management estimates the net realisable value for such inventories based primarily on the latest invoice prices and current market conditions. In the event of significant changes to the current market conditions, possible changes in these estimates could result in revisions to the carrying amount of the inventories. The carrying amount of the inventories at the end of the reporting period as disclosed in Note 20 to the financial statements of the Group is RMB16,309,000 (2015: RMB48,028,000).

(iv) Income tax

The Group has exposure to income taxes in PRC jurisdictions. Significant judgement and estimation process is involved in determining the Group's provision for income taxes. There are certain transactions and computations for which the determination of ultimate tax is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax computation in the financial year in which such determination is made. The carrying amount of income tax liabilities and deferred income tax assets and deferred income tax liabilities at the end of the reporting period are disclosed in Note 9 to the financial statements.

4. Revenue

Revenue of the Group represents the invoiced value of the goods sold to customers, net of sales discount and returns. It represents mainly sales of fruit juice concentrate to related parties as disclosed in Note 30.

9. Income tax expense (Cont'd)

A reconciliation between tax expense and the product of the accounting profit multiplied by the applicable corporate tax rate for the financial years ended 30 June 2016 and 30 June 2015 are as follows:

	Group	
	2016	2015
	RMB'000	RMB'000
Profit before income tax	2,049	2,282
Tax calculated at tax rate of 17%	348	388
Effect of different tax rate in PRC	147	183
Income not subject to tax	(91)	(589)
Expenses not deductible	330	18
	734	—

Income tax expense for the financial year was related to Yuncheng Zhongxin with respect to the income tax paid for the write-back of trade and other payables recognised in FY2016.

Pursuant to Section 149 of Finance Bill (2008), a special incentive was granted by the Tax Authorities of PRC to companies engaging in preliminary processing of farm products. Pursuant to this special incentive, the profits of the subsidiaries would be fully exempted from PRC corporate income tax for the financial year 2015 and 2016. Certain provinces in the PRC will require the application of tax exemption in year 2015 and 2016.

No provision for Singapore tax has been made as the Company did not derive taxable income in Singapore during the financial year. At the end of the reporting period, the Company has unabsorbed tax losses amounting to approximately RMB12,501,000 (2015: RMB12,501,000). The availability of these unabsorbed tax losses for carrying forward to offset against the Company's future taxable income is subject to compliance with certain provisions of the Singapore Income Tax Act.

Deferred tax benefits have not been recognised in respect of the tax losses due to uncertainty of realisation.

10. Earnings per share

Basic and diluted earnings per share are calculated by dividing the net profit for the financial year attributable to owners of the Company, by the weighted average number of ordinary shares.

The basic earnings per share ratio is based on the weighted average number of ordinary shares outstanding during each reporting year. There were no potential dilutive shares for financial years 2016 and 2015.

	Group	
	2016	2015
Net earnings for the year (RMB'000)	1,315	2,282

* Based on the effective equity interest of the Group in Linyi of 50%.

28. Contingent liabilities

Environmental remediation

The Group has not incurred any expenditure for environmental remediation, is currently not involved in any environmental remediation, and has not accrued any amounts for environmental remediation relating to its operations. Under existing legislation, management believes that there are no probable liabilities that will have a material adverse effect on the financial position or operating results of the Group. The PRC government may move further towards more rigorous enforcement of applicable laws, and towards the adoption of more stringent environmental standards. The outcome of environmental liabilities under proposed or future environmental legislation cannot be reasonably estimated at present and hence not provided for but which could be material.

29. Segment information

(a) Business segment

There is no breakdown by business segments as the Group's operations and sales in the financial year were predominantly related to fruit juice concentrate.

(b) Geographical information

There is no breakdown by geographical markets as the Group's operations and customers were all based in the PRC.

(c) Revenue from major products

Revenues from external customers were derived from the sale of fruit juice concentrate.

31. Fair value of assets and liabilities

The fair values of cash and bank balances, other receivables, receivable from subsidiaries, related parties and immediate holding company, trade and other payables, payable to related parties and immediate holding company approximate their carrying amounts largely due to the short-term maturities of these instruments.

32. Financial risk management

Financial risk factors

The Group's activities expose it to a variety of financial risks. The Group's overall business strategies, tolerance of risk and general risk management philosophy are determined by directors in accordance with prevailing economic and operating conditions.

It is the Group's policy not to trade in derivative contracts.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

32. Financial risk management (Cont'd)

Cash flow and fair value interest rate risks

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates. As the Group has no significant interest-bearing assets, the Group's income is substantially independent of changes in market interest rates.

The Group is not materially exposed to cash flow interest rate risks as its current loans and advances from the immediate holding company are at variable rates. The Group is not materially exposed to fair value interest rate risk as it has no financial assets or liabilities which are measured at fair value at the end of the reporting period. The Group and the Company's policy are to manage its interest cost of fixed interest rate borrowings, where applicable.

The Group and the Company have cash balances placed with reputable banks. The Group and the Company manage their cash flow interest rate risks on their interest income by placing the cash balances in varying maturities and interest rate terms.

The Group's and the Company's interest bearing financial assets and liabilities are as set out in the table below:

	Group			Company		
	Interest bearing	Non-interest bearing	Total	Interest bearing	Non-interest bearing	Total

As at 30 June 2016, the Group's current liabilities exceeded its current assets by RMB13,198,000 (2015: RMB9,185,000).

The ability of the Group to meet its financial obligations is dependent on the continuing support from its bankers and its immediate holding company, and the Group generating sufficient positive cash flows from its operations. The directors have obtained a letter of financial support from its immediate holding company who has undertaken that they will provide the required financial support to enable the Group and the Company to operate as a going concern.

Currency risk

Currency risk arises from a change in foreign currency exchange rate, which is expected to have an adverse effect on the Group and the Company in the current reporting period and in future years.

The Group has minimal monetary balances denominated in Singapore dollar. Accordingly, the exposure to foreign exchange risk is minimal. In addition, the Group's operational activities are mainly carried out in Renminbi. The risk arising from movements in foreign exchange rates is minimised as the Group has minimal transactions in foreign currencies.

Exposure to foreign currency risk is insignificant as the Group's income and related expenses, assets and liabilities are substantially denominated in Renminbi which is the functional currency of the Group entities. The exposure is monitored on an ongoing basis and the Group endeavours to keep the net exposure at an acceptable level.

The Group and the Company also maintain foreign currency bank accounts for operating purposes.

32. Financial risk management (Cont'd)

Credit risk

Credit risk is the risk that companies and other parties will be unable to meet their obligations to the Group resulting in financial loss to the Group and the Company. The Group and the Company manage such risks by dealing with a diversity of credit-worthy counterparties to mitigate any significant concentration of credit risk. Credit policy includes assessing and evaluation of existing and new customers' credit reliability and monitoring of receivable collections. The Group places its cash and cash equivalents with creditworthy institutions.

As at 30 June 2016:

- (i) the concentration of credit risk in the Group relate to the amount receivable from immediate holding company; and
- (ii) the concentration of credit risk in the Company relate to the amount receivable from subsidiaries.

The maximum exposure to credit risk in the event that the counterparties fail to perform the obligations as at the end of the financial year in relation to each class of financial assets is the carrying amount of these assets in the statements of financial position.

The credit risk for trade receivables based on the information provided to key management is as follows:

- (i) Financial assets that are neither past due nor impaired

Bank deposits that are neither past due nor impaired are mainly deposits with banks with high credit-ratings assigned by international credit-rating agencies. Trade receivables that are neither past due nor impaired are substantially companies with a good collection track record with the Group and the Company.

- (ii) Financial assets that are past due and/or impaired

There is no class of financial assets that is past due and/or impaired.

Capital risk

The Company's objectives when managing capital are:

- to safeguard the Company's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- to provide an adequate return to shareholders by pricing its products and services commensurately with the level of risk.

The Company sets the amount of capital in proportion to risk. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

Given the cyclical nature of the Group's operations, the Group's gearing ratio varies substantially over the course of a financial year, peaking at around November each year at the middle of the apple and pear harvest season before settling down around April the following year.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

32. Financial risk management (Cont'd)

Capital risk (Cont'd)

Management monitors capital based on an analysis of gearing ratio. The amount of interest bearing loans the Group takes up depends on various factors, of which the two most important are: (i) the prices of apples and pears which is the Group's main raw material; and (ii) the quantity of fruit juice concentrate the Group decides to produce taking into account the market conditions, trends and market demand for fruit juice concentrate. To operate within these internally set parameters, the Group may issue new shares or enter into other non-recourse financing arrangements such as entering into joint production arrangements with third parties. There has been no change in the Group's capital management practices during the financial year under review.

The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as total debt (as shown in the statements of financial position) less cash and bank balances. Total capital is equity plus net debt. The gearing ratios at 30 June 2016 and 30 June 2015 were as follows:

	Group		Company	
	2016	2015	2016	2015
	RMB'000	RMB'000	RMB'000	RMB'000
Total debt	55,639	76,200	1,270	1,268
Less: Cash and bank balances	(1,785)	(3,637)	(1,399)	(3,294)
Net debt/(cash)	53,854	72,563	(129)	(2,026)
Total equity	68,992	67,677	123,839	125,092
Total capital	122,846	140,240	123,710	123,066
Gearing ratio	44%	52%	NA	NA

The Company does not have any externally imposed capital requirement. However, both the Group's operating companies, namely Xuzhou Zhongxin and Yuncheng Zhongxin are registered in and under the laws of the PRC. Both these subsidiaries are required by the PRC's Law on Foreign Enterprises to contribute to and maintain a non-distributable statutory reserve fund whose utilisation is subject to the approval of the relevant PRC authorities. As at the date of this report, the Group is in compliance with the aforesaid externally imposed capital requirement.

To: The Shareholders of **ZHONGXIN FRUIT AND JUICE LIMITED**

Dear Sir/Madam,

ADDENDUM RELATING TO THE PROPOSED RENEWAL OF IPT MANDATE

1. INTRODUCTION

The Directors wish to seek approval of shareholders ("**Shareholders**") of Zhongxin Fruit and Juice Limited (the "**Company**", together with its subsidiaries, the "**Group**") at the forthcoming annual general meeting ("**AGM**") to be held on 27 October 2016 at 8 Wilkie Road #03-08, Wilkie Edge, Singapore 228095 at 10.00 a.m. for the Proposed Renewal of IPT Mandate (as defined below).

The purpose of this Addendum to the annual report of the Company for the current financial year (the "**Annual Report**") is to provide Shareholders with relevant information pertaining to the aforesaid proposal to be tabled as a special matter at the AGM and to seek Shareholders' approval for the resolution relating to the same. The Notice of the AGM is set out on pages 70 to 73 of the Annual Report.

2. PROPOSED RENEWAL OF IPT MANDATE

2.1 Background

The Company anticipates that (a) the Company and (b) subsidiaries of the Company that is not listed on the SGX-ST or an approved exchange, being the entities at risk ("**EAR Group**") would, in the ordinary course of business, enter into transactions with persons which are considered 'Interested Persons' as defined in Chapter 9 of the SGX-ST Listing Manual Section B: Rules of Catalyst ("**Catalist Rules**"). It is likely that such transactions will occur with some degree of frequency and could arise at any time and from time to time.

Chapter 9 of the Catalyst Rules permits a listed company to seek a general mandate from its shareholders for recurrent transactions of a revenue or trading nature or those necessary for its day-to-day operations such as the purchase and sale of supplies and materials (but not in respect of the purchase or sale of assets, undertakings or businesses) that may be carried out with the interested persons, provided such transactions are entered into at an arm's length basis and on normal commercial terms and are not prejudicial to the interests of the listed company and its minority shareholders.

Shareholders had approved a general mandate ("**IPT Mandate**") at the extraordinary general meeting of the Company held on 21 September 2012 to enable the EAR Group to enter into transactions with SDIC Zhonglu Fruit Juice Co., Ltd. ("**SDIC Zhonglu**") and its associates (SDIC Zhonglu together with its associates, the "**SDIC Interested Persons**") ("**SDIC Interested Person Transactions**"), provided that such SDIC Interested Person Transactions are carried out on normal commercial terms and in accordance with the review procedures set out in the circular dispatched to Shareholders.

Addendum

The IPT Mandate was last renewed by Shareholders at the annual general meeting held by the Company on 29 October 2015 (“**Previous AGM**”) and was expressed to take effect and be in force until the forthcoming AGM.

Accordingly, the Directors propose to seek the approval of Shareholders for the renewal of the IPT Mandate (“**Proposed Renewal of IPT Mandate**”) at the forthcoming AGM. The renewed IPT Mandate (“**Renewed IPT Mandate**”) will take effect from the date of the passing of the ordinary resolution relating thereto at the forthcoming AGM and continue in force until the conclusion of the next annual general meeting of the Company.

Save for as elaborated in paragraph 2.2, the scope of the Renewed IPT Mandate for the provision of loans and financing and the details of such SDIC Interested Person Transactions remain unchanged from the last renewal of the IPT Mandate at the Previous AGM and is as set out in Appendix A of this Addendum.

The scope of the Renewed IPT Mandate for the sale of products, the SDIC Interested Persons, details of the SDIC Interested Person Transactions for the sale of products, approval and review procedures for the SDIC Interested Person Transactions and the general administrative procedure for SDIC Interested Person Transactions, remain unchanged from the last renewal of the IPT Mandate at the Previous AGM and are as set out in Appendix A of this Addendum.

2.2 Receipt of interest in relation to security provided by the EAR Group in the form of cash

The current scope of the IPT Mandate for the provision of loans and financing includes the provision of guarantees, indemnities or security by the EAR Group in favour of the SDIC Interested Persons to secure loans or financing.

One of the key terms of loans or financing from the SDIC Interested Persons to the EAR Group is that the SDIC Interested Persons making the loan or providing the financing may require the loan or financing to be secured by collateral from the EAR Group, for example, by way of a charge, fixed or floating, over the assets of the EAR Group. The current arrangements between the EAR Group and SDIC Interested Persons in relation to such security is that when the EAR Group has cash in excess of its current needs, the EAR Group may be required to deposit such excess cash (“**Excess Cash Deposit**”) with any of the SDIC Interested Person which serves as a form of security in favour of SDIC Interested Person (the “**Excess Cash Deposit Arrangement**”). The Excess Cash Deposit Arrangement and the provision the loans or financing from the SDIC Interested Persons to the EAR Group are not separable and independent arrangements. As such, there is no separate approval or review process for the Excess Cash Deposit Arrangement.

Under the Excess Cash Deposit Arrangement, the consent of SDIC Interested Persons is not required for the EAR Group to withdraw the Excess Cash Deposit unless the EAR Group is in default of any loan or financing provided by any of the SDIC Interested Persons. The deposit and withdrawal of Excess Cash Deposit is managed by the Group’s finance department as part of the Group’s cash management process. The auditor of the Group has reviewed the current arrangement and has classified the Excess Cash Deposit as “cash equivalent” in the Group’s account.

In the past, the EAR Group does not receive any interest over such Excess Cash Deposit. SDIC Zhonglu has agreed that immediately after the Renewed IPT Mandate is adopted, interest will be paid by SDIC Zhonglu or the relevant SDIC Interested Persons to the EAR Group on such Excess Cash Deposit. The interest rate shall be the same as the interest rate for the loans and financing taken by the EAR Group from the SDIC Interested Persons. Since there is no separate approval or review procedure for the Excess Cash Deposit Arrangement, it follows that no additional approval or review procedure is required in relation to the interest over such Excess Cash Deposit.

For avoidance of doubt, the extended scope of the IPT Mandate does not cover cash and/or other security deposited with any of the SDIC Interested Persons for any reason other than as security for the provision of loans and financing by the SDIC Interested Persons.

Addendum

2.3 Rationale for the Proposed Renewal of IPT Mandate and benefits to Shareholders

The Group's requirement for working capital during the apple and other fruits production season is critical as apple and other fruits production are seasonal in nature. The Group needs sufficient working capital to purchase apples or other fruits from suppliers to produce apple and other fruit juice concentrate and related products for the forthcoming and future apple and other fruits pressing seasons.

The Company believes that the Renewed IPT Mandate will enable the EAR Group additional flexibility to tap on the financial support from the SDIC Interested Persons as and when the need arises.

As apple and other fruits production are seasonal and apples and other fruits are perishable, it is unlikely that a supplier will be willing to set aside the stock while waiting for the buyer's confirmation on funding to purchase the stock. If the Company is constantly required to seek Shareholders' approval for the financing transactions with the SDIC Interested Persons, the Company will have to expend substantial administrative time and resources as well as incur additional expenses associated therewith.

The Group will also risk losing its suppliers if it does not have sufficient working capital to finance the purchase of stock. The Group has appointed SDIC Interested Person(s) as non-exclusive distributor(s) under the IPT Mandate, and the Group shall continue to rely on the sales networks of SDIC Interested Person(s) as the Group currently does not have the resources to establish a sizeable sales and distribution team. Furthermore, the Group will need time to gain confidence of the purchasers of its products.

The Audit Committee of the Company is of the view that the appointment of SDIC Interested Person(s) as a non-exclusive distributor(s) is in the best interest of the Company and should be renewed in the AGM.

The Renewed IPT Mandate and the renewal thereof on an annual basis is intended to facilitate the SDIC Interested Person Transactions which are likely to be transacted with some frequency from time to time, provided that they are carried out on normal commercial terms and are not prejudicial to the interests of the Company and its minority Shareholders.

As (i) the loans and financing (directly or indirectly) from the SDIC Interested Persons and the sale of the products of the EAR Group to the SDIC Interested Persons are recurring and mostly short term in nature and (ii) the interest payable on the loan(s) or financing to be extended by the SDIC Interested Persons (directly or indirectly) and the transaction value of the sale of the products of the EAR Group to the SDIC Interested Persons may exceed 5% of the Group's latest audited net tangible assets for the financial year ended 30 June 2016, the Company is proposing to table the resolution in respect of the Proposed Renewal of IPT Mandate for approval by Shareholders at the AGM.

2.4 Disclosures

The Company will announce the aggregate value of transactions conducted with the SDIC Interested Persons pursuant to the IPT Mandate and Renewed IPT Mandate for each financial period on which the Company is required to report on pursuant to the Catalist Rules.

Disclosure will also be made in the annual report of the Company of the aggregate value of the SDIC Interested Person Transactions conducted pursuant to the IPT Mandate and the Renewed IPT Mandate during the current financial year, and in the annual reports for the subsequent financial years during which the renewal is in force, in accordance with the Catalist Rules.

4. AUDIT COMMITTEE'S STATEMENT

The Audit Committee of the Company (other than Ms. Quan Yuhong) has reviewed the terms of the Renewed IPT Mandate and is satisfied that the review procedures proposed by the Company as set out in Appendix A to this Addendum are sufficient to ensure that the SDIC Interested Person Transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders. The Audit Committee of the Company (other than Ms. Quan Yuhong) confirms that the methods or procedures for determining the transaction prices have not changed since the Previous AGM and is also of the view that the amendments as explained in paragraph 2.2 are not substantive in nature.

Ms. Quan Yuhong is nominated by SDIC Zhonglu, and hence, shall abstain from expressing any views and making any recommendation on the Proposed Renewal of IPT Mandate.

5. DIRECTORS' RECOMMENDATION

Having reviewed and considered the rationale for and benefits of the Proposed Renewal of IPT Mandate and the views of the Audit Committee, the Directors (excluding Mr. Zhang Jiming and Ms. Quan Yuhong) are of the opinion that the Proposed Renewal of IPT Mandate is beneficial to, and in the best interests of the Company. Accordingly, the Directors (excluding Mr. Zhang Jiming and Ms. Quan Yuhong) recommend that Shareholders vote in favour of the Ordinary Resolution 7 relating to the Proposed Renewal of IPT Mandate as set out in the Notice of AGM.

The Directors (excluding Mr. Zhang Jiming and Ms. Quan Yuhong) are of the opinion that the Renewed IPT Mandate is not prejudicial to the interests of the Company and its minority Shareholders and are satisfied that the review procedures set out in Appendix A to this Addendum are sufficient to ensure that the SDIC Interested Person Transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.

Mr. Zhang Jiming and Ms. Quan Yuhong are nominated by SDIC Zhonglu and hence, shall abstain from expressing any views and making any recommendation of the Proposed Renewal of IPT Mandate.

Addendum

6. ANNUAL GENERAL MEETING

The AGM, notice of which is set out in the Annual Report, will be held at 8 Wilkie Road #03-08, Wilkie Edge, Singapore 228095 on 27 October 2016 at 10.00 a.m. for the purpose of considering and if, thought fit, passing, with or without modification, the resolution relating to the Proposed Renewal of the IPT Mandate at the AGM.

7. DIRECTORS' RESPONSIBILITY STATEMENT

The Directors collectively and individually accept full responsibility for the accuracy of the information given in this Addendum and confirm after making all reasonable enquiries that, to the best of their knowledge and belief, this Addendum constitutes full and true disclosure of all material facts about the SDIC Interested Person Transactions, the Proposed Renewal of IPT Mandate, the Company and its subsidiaries, and the Directors are not aware of any facts the omission of which would make any statement in this Addendum misleading. Where information in this Addendum has been extracted from published or otherwise publicly available sources or obtained from a named source, the sole responsibility of the Directors has been to ensure that such information has been accurately and correctly extracted from those sources and/or reproduced in this Addendum in its proper form and context.

8. ABSTENTION FROM VOTING

SDIC Zhonglu will abstain and have undertaken to ensure that its associates will abstain from voting on the Ordinary Resolution 7 relating to the Proposed Renewal of IPT Mandate as set out in the Notice of AGM. SDIC Zhonglu and its associates will also not accept appointments as proxies unless specific instructions as to voting are given. As Mr. Zhang Jiming and Ms. Quan Yuhong are nominated by SDIC Zhonglu, both of them will not accept nominations to act as proxy, corporate representative or attorney to vote in respect of Ordinary Resolution 7 unless the Shareholder appointing him or her indicates clearly how votes are to be cast in respect of Ordinary Resolution 7.

9. DOCUMENT AVAILABLE FOR INSPECTION

The Constitution of the Company may be inspected by Shareholders at the registered office of the Company at 25 International Business Park #02-53 German Centre Singapore 609916 during normal business hours from the date of this Addendum up to the date of the AGM.

Yours faithfully,

For and on behalf of Zhongxin Fruit and Juice Limited

Ngiam Zee Moey
Lead Independent Director

Scope of the IPT Mandate

The IPT Mandate will cover the following transactions:

- (a) the recurring loans or financing from or made on behalf of the SDIC Interested Persons to the EAR Group, which include
 - (i) the lending of working capital by the SDIC Interested Persons to the EAR Group;
 - (ii) the provision of guarantees, indemnities or security by the SDIC Interested Persons in favour of the EAR Group's creditors, in respect of borrowings which are incurred by the EAR Group; and
 - (iii) the provision of guarantees, indemnities or security by the EAR Group in favour of the SDIC Interested Persons to secure loans or financing and the receipt of interest from the SDIC Interested Persons in relation any Excess Cash Deposit; and
- (b) the sale of the products of the EAR Group to the SDIC Interested Persons and the appointment of SDIC Interested Persons as distributor(s) of the EAR Group.

The IPT Mandate does not cover any transaction between the EAR Group and the SDIC Interested Persons that is below S\$100,000 in value, as the threshold and aggregation requirements of Chapter 9 of the Catalyst Rules do not apply to such transactions.

The Interested Person

SDIC Zhonglu is a controlling shareholder of the Company and it is considered an interested person of the Company under Chapter 9 of the Catalyst Rules. Accordingly, any transaction between SDIC Zhonglu (or any of its associates) and any member of the EAR Group shall constitute an interested person transaction.

As at the 16 September 2016, SDIC Zhonglu owns 560,598,425 Shares representing 53.11% of the total issued Shares.

Details of the Proposed SDIC Interested Person Transactions

The Proposed Recurring Loans or Financing From or Made on behalf of the SDIC Interested Persons to the EAR Group

It is proposed that SDIC Interested Persons shall lend directly (to the extent permissible under the laws of the People's Republic of China ("**PRC**") or the relevant jurisdiction) or procure a licenced financial institution in PRC ("**intermediary financing institution**") to grant loans or financing to any member of the EAR Group ("**Borrower**"). Such loans and/or financing may be (i) secured by collateral provided by a SDIC Interested Person or (ii) guaranteed by a SDIC Interested Person. The Borrower will be paying interest to the relevant SDIC Interested Person either directly or indirectly. Any arrangement for the SDIC Interested Person to directly or indirectly grant loans or financing to the EAR Group will have to comply with the laws of the PRC or the relevant jurisdiction.

The proposed loans or financing will be made directly by SDIC Interested Persons or indirectly through intermediary financial institution in the PRC and such loans or financing will be used to finance the working capital requirements and operations of the EAR Group. The key terms of such loans or financing include, inter alia, the following:

- (a) the interest rate shall be agreed between the Borrower and the SDIC Interested Person making the loan and such interest shall accrue to the relevant SDIC Interested Person. Any interest premium over the prevailing benchmark lending interest rate formulated by the People's Bank of China or the cost of funds (if the SDIC Interested Person has to obtain financing to provide the loans and/or financing) shall not be more than 10% of the prevailing benchmark lending interest rate formulated by the People's Bank of China or 10% over the cost of funds, whichever is applicable;

Addendum

- (b) financing by SDIC Interested Person or intermediary financial institution can be in the form of factoring, advance sales receipts, or any form permissible under the laws of the PRC or the relevant jurisdiction;
- (c) each loan or financing facility shall be repayable within a period to be agreed between the Borrower, the SDIC Interested Person making the loan and the intermediary financial institution (if applicable);
- (d) the SDIC Interested Person making the loan or providing the financing may require the loan or financing to be secured by collateral from the EAR Group, for example, by way of a charge, fixed or floating, over the assets of the EAR Group. If the collateral is in the form of cash, the EAR Group is entitled to interest. The intermediary financial institution may also require collateral from the EAR Group. The exact terms for such arrangement will be agreed between the Borrower, the SDIC Interested Person and the intermediary financial institution (if applicable); and
- (e) if the Borrower is unable to make full or part repayment of the loan or financing facility by the due date to SDIC Interested Person, SDIC Interested Person may request that payment of any outstanding sums be settled by way of the Company's issuance of new Shares to SDIC Interested Person or its nominee on terms to be agreed, subject to the prior approval of the Board and/ or Shareholders as well as the compliance with the Catalyst Rules and the applicable laws and regulations.

The Proposed Sale of the Products of the EAR Group to SDIC Interested Persons and The Proposed Appointment of SDIC Interested Persons as Distributor(s) of the EAR Group

The Company proposes to (i) sell products of the EAR Group to SDIC Interested Persons and (ii) appoint SDIC Interested Person(s) as the EAR Group's distributor(s) in the PRC for the sale of juice concentrate produced by the EAR Group. The distributorship arrangement will enable the EAR Group to tap on the sales network of SDIC Zhonglu to increase the sales of the EAR Group.

The key terms of the distributorship arrangement include, inter alia, the following:

- (a) the appointment of SDIC Interested Persons as the EAR Group's distributor(s) in the PRC on a non-exclusive basis;
- (b) the selling price of juice concentrate produced by the EAR Group and distributed to the customers by SDIC Interested Persons shall be based on market price to be agreed between the customers and the EAR Group. SDIC Interested Persons will use its best effort to help the EAR Group negotiate with the customers for the best price;
- (c) SDIC Zhonglu shall be entitled to a commission of US\$10 per tonne of juice concentrate sold, which shall be set-off against the sum received by the EAR Group for the sale of juice concentrate to SDIC Interested Persons; and
- (d) the sum received by the EAR Group for the sale of juice concentrate to SDIC Interested Persons may be used towards the payment of the loans or financing granted by the SDIC Interested Persons to the EAR Group.

If juice concentrate produced by the EAR Group is sold to a SDIC Interested Persons without an end customer, the terms of sale, insofar as practical, will be similar to the general terms that SDIC Interested Persons are selling to their customers, save for those stipulated in the preceding paragraph above. The price will be derived from either (a) the average price (nett of any commission) of recent sales with similar quality and batch size by SDIC Interested Persons to their customers; or (b) the average verifiable price information of similar quality and batch size from three existing and/or potential customers. All preference prices (either way of deriving) shall be current and valid for not more than 90 days.

In arriving at the commission of US\$10 per tonne, the Company has taken into account the expected costs to the EAR Group to set up its own sales and marketing team, as well as associated marketing costs. The commission of US\$10 per tonne is subject to the review by the Audit Committee.

Addendum

Approval and Review Procedures for the SDIC Interested Person Transactions

Review Procedures

The Audit Committee shall review the SDIC Interested Person Transactions and their terms every half-yearly to ensure that the terms are not prejudicial to the interests of the Company and its minority Shareholders.

The Audit Committee will adopt such procedures and consider such evidence as it deems appropriate for such review, and shall where appropriate consider if it is feasible for the EAR Group to (i) obtain loans or financing from non-interested parties on terms acceptable to the EAR Group or (ii) set-up its own sale and distribution team.

Approval Limits for Loans or Financing

In addition to the review procedures, the Group shall supplement its internal review system by establishing the following approval limits for the loans or financing.

The chief executive officer (or such person holding interim chief executive officer position or who is assuming the role of chief executive officer) ("**Chief Executive Officer**") and the chief financial officer (or such person holding interim chief financial officer position or who is assuming for the role of chief financial officer) ("**Chief Financial Officer**") of the Company are authorised jointly to review and approve any loan or financing between the Group and the SDIC Interested Persons if the aggregate amount of the outstanding loans and financing between the EAR Group and the SDIC Interested Persons does not exceed RMB50,000,000. Only the principal amount of the loans and financing will be aggregated for this purpose to facilitate easy calculation. The CEO and the CFO of the Company may jointly request the Audit Committee to review and increase the approval limit, and the Audit Committee may increase the approval limit provided that each increase shall not exceed RMB50,000,000. In reviewing the approval limit, the Audit Committee may require the management of the Company to provide to the Audit Committee all information it deems necessary for it to undertake such a review.

Having considered the working capital requirements of the Group, the Directors in concurrence with the Audit Committee are of the opinion that the above approval process reflects a risk control level that is acceptable to the Company.

Approval Limits under the Distribution Arrangement

In addition to the review procedures, the Group shall supplement its internal review system by establishing approval threshold limits to its sale or distribution transactions under the distribution arrangement with any SDIC Interested Person as follows:

- (a) a Category 1 transaction i.e. where the value of the transaction is below or equal to RMB10,000,000, does not require the prior review and approval of the Audit Committee but it shall be reviewed and approved jointly by the CEO and the CFO of the Company before such transaction is entered into. The Category 1 transactions will be reviewed every half year by the Audit Committee; and
- (b) a Category 2 transaction i.e. where the value of the transaction is more than RMB10,000,000, must be reviewed and approved by the Audit Committee before such transaction is entered into.

The threshold of RMB10,000,000 is selected to strike a balance between commercial efficiency and the requirement of oversight by the Audit Committee. Having considered the current market prices, the prevailing market conditions and the expected sale volume, the Directors in consultation with the Audit Committee are of the opinion that the threshold limit of RMB10,000,000 reflects a risk control level that is acceptable to the Company.

Further to the above mentioned, the approval limit of the aggregate amount of the sale to SDIC Interested Persons without an end customer within a financial year by the CEO and the CFO of the Company shall not exceed RMB30,000,000. The CEO and the CFO of the Company may jointly request the Audit Committee to review and increase the approval limit, and the Audit Committee may increase the approval limit provided that each increase shall not exceed RMB30,000,000. In reviewing the approval limit, the Audit Committee may require the management of the Company to provide to the Audit Committee all information it deems necessary for it to undertake such a review.

Addendum

In the event that a member of the Audit Committee (where applicable) is interested in any SDIC Interested Person Transactions or related to any SDIC Interested Person in any transactions, he will abstain from reviewing that particular transaction. Review and/or approval of that transaction will accordingly be undertaken by the remaining members of the Audit Committee. Further, in the event that any of the CEO and CFO of the Company is interested in any SDIC Interested Person Transactions or related to any SDIC Interested Person in any transactions, he will abstain from reviewing and approving the that particular transaction. Review and/or approval of that transaction will be undertaken by a general manager or other executive officer of equivalent authority selected by the Audit Committee (and who shall not be interested in that transaction) instead.

General Administrative Procedures for the SDIC Interested Person Transactions

The Company will also implement the following administrative procedures in respect of the SDIC Interested Person Transactions:

- (a) A register will be maintained by the Company to record all SDIC Interested Person Transactions that are entered into pursuant to the Renewed IPT Mandate. The internal audit plan shall incorporate an annual review of all SDIC Interested Person Transactions entered into pursuant to the Renewed IPT Mandate to ensure compliance with the established procedures under the Renewed IPT Mandate.
- (b) The internal auditors of the Company will review the established guidelines and procedures for the SDIC Interested Person Transactions annually. The results of such reviews will be submitted to the Audit Committee.
- (c) If the Audit Committee comes to the view that the guidelines and procedures as stated above are not sufficient to ensure that the SDIC Interested Person Transactions will be on normal commercial terms and will not be prejudicial to the interests of the Company and the minority Shareholders, the Company will obtain a fresh mandate from the Shareholders in the event that the guidelines and procedures for the SDIC Interested Person Transactions become inappropriate.
