	S\$'000	S\$'000	S\$'000	%
Printing revenue	1,876	1,773	103	5.8%

Overview

The Group's revenue for 1Q2017 is wholly derived from its printing segment as the Technology and Media and Events Management segments have yet to commence operations during 1Q2017.

For 1Q2017, the Group recorded Printing Revenue of S\$1.88 million, a 5.8% increase from the previous corresponding quarter. During the last quarter ended 31 July 2016, the Group acquired a new offset printing machine that is of the latest technology and the printing plant can now provide a wider range of commercial special print products.

Raw materials and consumables used and changes in inventories of finished goods and work-in-progress

In 1Q2017, the cost of raw materials and consumables such as paper, films and plates increased by 31.4% to S\$0.57 million compared to S\$0.43 million in 1Q2016, mainly due to an increase in outsourcing costs in this quarter to overcome production bottlenecks as a result of disruption caused by the trial run period spent on the new printing machine.

Other income

Other income was S\$0.08 million in 1Q2017, similar to 1Q2016.

Staff costs

Staff costs for 1Q2017 was S\$0.87 million, 8% lower than the S\$0.94 million in 1Q2016, mainly due to cost cutting measures.

Depreciation

Depreciation charges for 1Q2017 were higher than that of 1Q2016 mainly due to the depreciation charges recorded for the new offset printing machine.

Other operating expenses

Other operating expenses were 5.8% lower in 1Q2017 compared to 1Q2016, mainly due to cost cutting measures that were implemented. The Group had in 1Q2017 incurred higher one-off legal and professional fees for various corporate actions such as investment acquisitions and convening the Extraordinary Shareholders' Meeting and therefore the other operating expenses in 1Q2017 would have been even lower if not for such expenditure.

Taxation

There was no taxation for the Group as the profitable companies within the Group had tax losses from prior years available for set off against the current year's taxable income. The taxation for 1Q2016 was a tax refund in relation to a prior year.

STATEMENT OF FINANCIAL POSITION

Property, plant and equipment

The Group's plant and equipment of S\$1.88 million was lower at the end of 1Q2017 compared to 31 July 2016 due to the 1Q2017's depreciation charge.

Investment in associate corporations

The increase in the investment in associate corporations refers to the acquisition of 10% interest in the newly formed joint venture company, Sheng Siong (China) Supermarket Co., Ltd.

Trade and other receivables

Trade receivables increased by S\$0.29 million from S\$1.18 million as at 31 July 2016 to S\$1.47 million as at 31 October 2016 mainly due to uncollected receivable for sales mainly relating to 1Q2016.

Other receivables amounted to S\$2.0 million as at 31 October 2016, same as the amount as at 31 July 2016. These consist of the amount receivable for the sale of subsidiary corporations, deposit paid for a proposed acquisition and other deposits related to the printing operations.

Trade and other payables

Trade and other payables increased from S\$4.1 million as at 31 July 2016 to S\$4.9 million as at 31 October 2016 mainly due to S\$0.7 million that is the balance 50% payable for the share capital contribution committed for the Group's 10% stake in the joint venture - Sheng Siong (China) Supermarket Co. Ltd (investment in associate corporation).

Borrowings

The Group's borrowings consist only of finance lease obligations and the quarterly decline from 31 July 2016 to 31 October 2016 is due to the instalment payments made during 1Q2017.

REVIEW OF CASH FLOWS

In 1Q2017, the Group's cash and cash equivalents increased by S\$3.0 million mainly due to the S\$4.0 million proceeds received from a share placement exercise, partially offset by the payment for the share capital contribution of S\$0.7 million regarding the investment in 10% equity stake of Sheng Siong (China) Supermarket Co. Ltd.

9 Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results

Not applicable.

10 A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months

The Group has managed to stay profitable in the first quarter of FY2017 despite having retained just the Singapore operations after the recent restructuring of the Group through a disposal of subsidiary corporations exercise.

A brief update of the status of the new business segments is provided as follows:

Smart technologies segment

The Group's technology business is expected to commence in 2Q2017. A newly incorporated wholly owned subsidiary, A-Smart Technologies Pte Ltd, will develop and/or work in partnership with reputable overseas developers to introduce to the Singapore market hi-tech products such as intelligent IT solutions for the F&B sector, bespoke smart gadgets, E Commerce mobile applications and portals, visual and augmented reality software for the retail sector etc. By diversifying towards smart technologies for urban living, the Group aims to become one of the leading smart innovators through serving Singapore's growth as a Smart Nation and the rise of smart cities globally.

The proposed acquisition of Amplify Me Pte Ltd is still undergoing legal and financial due diligence which is expected to be concluded in the next few weeks. The Company will make further announcements to update the shareholders in due course.

Media and events management segment

The Group's media and events management arm whose activities are carried out under its wholly-owned subsidiary, A-Smart Media Pte Ltd, will be organising its maiden event, a 3D theatre musical show at the Star Theatre in Singapore on 6 and 7 January 2017.

A-Smart Media will also be the selling agent for the digital advertising space for mobile applications and portals operated by the Smart Technologies team.

Going forward, the Board is cautiously optimistic that the additional revenue contribution from the Group's new business segments will also contribute positively to its bottom line for the current financial year.
