The principal activities of the subsidiaries are disclosed in Note 10.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 2.1 Basis of preparation

The condensed interim consolidated financial statements for the six months ended 30 June 2024 have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)") 1-34 Interim Financial Reporting issued by the Accounting Standards Council Singapore. The condensed interim consolidated financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual audited consolidated financial statements of the Group for the financial year ended 31 December 2023 ("FY2023").

The accounting policies and methods of computations adopted are consistent with those adopted by the Group in its most recently audited annual consolidated financial statements for the financial year which were prepared in accordance with SFRS(I)s, except for the adoption of new and amended standards as set out in Note 2.2.

The condensed interim consolidated financial statements are presented in Singapore Dollars ("SGD" or "\$") which is the Company's functional currency, and all values in the tables are rounded to the nearest thousand (S\$'000), except when otherwise indicated.

#### Going concern assumption

As at 30 June 2024, the Group had net current liabilities of S\$2,143,000 (2023: S\$1,464,000) and the Group recorded a net loss of S\$521,000 (2023: net loss S\$1,048,000) for the period ended 30 June 2024.

Notwithstanding the above, the financial statements have been prepared on a going concern basis as the directors of the Company ("Directors") are confident that the Group will generate positive cash flows based on a cash flow projection that was prepared.

In preparing the cash flow projection, the Group has taken the following into consideration:

- (i) in relation to the convertible loan, Tranche 2 totalling of S\$2,500,000 will be drawn down by 31 October 2024 and converted into ordinary shares of the Company, of which an aggregate amount of S\$2,000,000 had been received by 1 August 2024;
- (ii) the letter of undertaking obtained from an investor to undertake, subject to the approval of shareholders of the Company, an additional funding of S\$10,000,000 into the Company within the next 12 months from the date of FY2023 audited financial statements (being 31 July 2024);
- (iii) the letter of undertaking obtained from a director, who is also a shareholder of the Company, to not demand repayment for the amount owed to him of S\$1,927,000 as recorded under amount due to a director and deferred cash settlement for the next 12 months from the date of the FY2023 audited financial statements (being 31 July 2024), if the Group's and the Company's financial situation does not allow for repayment; and
- (iv) positive cash flow generated from its operating activities.

# NOTES TO THE CONDENSED FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED 30 JUNE 2024

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The Directors have assessed and confirmed there is no breach of any loan covenants that may trigger the banks to demand full repayment of all bank facilities (bank overdraft, and loans and borrowings of S\$2,486,000 (2023: S\$2,684,000) respectively within the next 12 months from the date of the FY2023 audited financial statements (being 31 July 2024).

Based on the above, the Directors have assessed and are of the view that it is appropriate that the financial statements of the Group and the Company be prepared on a going concern basis.

If the Group and the Company are unable to continue in operational existence for the foreseeable future, the Group and the Company may be unable to discharge its liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are currently recorded in the balance sheet. In addition, the Group and the Company may have to reclassify non-current assets and liabilities as current assets and liabilities respectively. No such adjustments have been made to these financial statements.

### 2.2 Adoption of new and amended standards and interpretations

The accounting policies adopted are consistent with those of the most recently audited financial year except in the current financial year, the Group has adopted all the new or revised standards which are mandatorily effective for annual financial period beginning on or after 1 January 2024. The adoption of these standards did not have any material effect on the financial performance or position of the Group and the Company.

- Amendments to SFRS(I) 1-1: Classification of Liabilities as Current or Non-current
- Amendments to SFRS(I) 1-7: Amendments to SFRS(I) 1-7 and SFRS(I) 7: Supplier Finance Arrangements
- Amendments to SFRS(I) 1-21: Lack of Exchangeability

- Amendments to SFRS(I) 1-1: Non-current Liabilities with Covenants

The Group has not early adopted any of the above new or revised standards, interpretations and amendments to the existing standards, that have been issued but not yet mandatorily effective for the annual year beginning on or after 1 January 2024.

## 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

In preparing the condensed interim consolidated financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainties were the same as those that applies to the most recently audited consolidated financial statements as at and for the financial year ended 31 December 2023.

## 8. LOSS PER SHARE

Basic loss per share is calculated by dividing the loss for the period attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial period.

Diluted loss per share is calculated by dividing the loss for the period attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial period plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares for diluted loss per share computation respectively.

The following table reflects the income and share data used in the computation of basic and diluted loss per share for the financial periods ended 30 June 2024 and 2023.

Group	30 Jun 24 S\$'000	30 Jun 23 S\$'000
Loss for the period attributable to owners of the Company used in the computation of basic and diluted loss per ordinary share	<u>(521)</u>	<u>(1,048)</u>
Weighted average number of ordinary shares in issue applicable to basic and diluted loss per ordinary share computation (no. of shares, in '000s)	<u>343,445</u>	<u>343,445</u>

The comparative for the half year ended 30 June 2023 was adjusted retrospectively based on weighted average number of shares in issue of 343,445,313, following the completion of the Company's share consolidation of every 65 existing shares of the Company into 1 ordinary share, on 11 June 2024.

Diluted loss per share for the period ended 30 June 2024 is the same as the basic loss per share because the potential ordinary shares to be converted are anti-dilutive. Diluted loss per share for the period ended 30 June 2023 is the same as the basic loss per share because there are no potential ordinary shares to be converted.
