ANNUAL REPORT 2019

 \bigcap

Listed on the Mainboard of the Singapore Exchange Securities Trading Limited ("SGX-ST") since March 2005, our Group is a prominent IT & Components Solutions and Services Group with a significant market presence spanning over 40 years in Hong Kong and the People's Republic of China ("PRC").

From the time when it was established in 1977, our primary business focus has been on electronic components and computer distribution for various electronics industry segments including communications, computer, electrical appliances and utility. During the 1990s, our business expanded to include outsourcing services, IC application design solutions and data storage management solutions. Since our listing on the SGX-ST Mainboard in 2005, we have carved out an escalating presence in three core businesses – Components Distribution; IT Infrastructure Solutions and Services; and Consumer Electronics Products – in Hong Kong and the PRC markets.

In 2007, I M I Kabel Pte Ltd, a Singapore-based distributor of data control cables and manufacturer of power panel for a variety of industries ranging from industrial automation to building, port and shipyard, offshore oil fields and petrochemical facilities, was acquired by our Group.

In 2011, Karin added a retail business arm to its operations under the trade name "In-Smart" which was subsequently disposed of on 30 June 2016 and re-invested on 1 April 2018.

VISION

ALVALU.

Globalization, modernization and technology are the drivers of rapid economic growth and wealth creation, providing many business opportunities to most companies and industries in the coming decades and Hong Kong is indeed the essential gateway to China for the rest of the world while Singapore is the central business hub for ASEAN countries.

MISSION

Providing competitive products and solutions via product development, technical skill-set and field-application after-sales service is the core competency of Karin Group, the value-added service provider in electronic, retail, IT and infrastructure industries in China, Hong Kong, Macau, Singapore, ASEAN countries today and tomorrow.

2

Chairman and CEO Statement and Operation Review FY19

Raymond NG Executive Chairman and CEO, Karin Group

The financial year ended 30 June 2019 (**"FY19**") has been one of the more challenging years for the Karin Group (**"Karin**") since our inception in 1977. However, despite the US-China trade war and recent domestic events, the ongoing development and application of information and communication technologies (**"ICT**"), cloud, big data and artificial intelligence (**"CBA**") and the internet-of-things (**"IoT**") continue to provide new business opportunities in addition to Karin's traditional businesses. Despite the uncertainty of the economy, I am pleased that Karin's financial performance remained strong in FY19, growing in net profit.

PERFORMANCE REVIEW:

Karin's revenue dropped 10.6% to HK\$1.8 billion and gross profit increased 10.7% to HK\$180 million due to our decision to reinforce risk management and focus on quality businesses with higher margin and more stringent customer selection. Though selling and distribution costs rose 14.9% to HK\$75 million and administrative expenses dropped 7.7% to HK\$68 million, Karin invested more in Recruitment and Development as a strategy to enhance our technical and engineering capability to keep in step with the new age of cloud computing, green energy, smart devices and IoT. As a result, Karin's profit attributable to Owners of the Company for the year increased 15.4% to HK\$32 million.

STRATEGIC MANAGEMENT:

The Group's Marketing & Sales Staff ("**MSS**") are grouped into three Strategic Business Units ("**SBU**") as follows:

- IT Solutions and Service (ITSS) understands the current challenges posed by the weak economic outlook, however we are still conservatively optimistic in our IT business in the coming year. While striving to maintain a strong hold in our existing product portfolio, we will invest in critical technologies of IoT, data management and cloud solution to sustain future business growth.
- Components Distribution Electronic and Electrical Components Group (CD-EECG) will be strengthening our current sales activities and 4G/5G on IoT applications in the coming years. The extension of our network coverage in Singapore is expected to bring in new business and revenue to mitigate the potentially increasing supply chain risks in China caused by the US-China trade war and an overall unstable economic environment.
- Components Distribution Industrial Materials and Integration Group (CD-IMIG) will intensify our cooperation with our green energy vendors and IoT team to explore opportunities in the Smart Building and Manufacturing industry, in particular new energy monitoring and saving applications.

ENGINEERING SOLUTIONS AND SERVICE (ESS)

To sustain growth and to capture of new business opportunities in 5G and IoT, Karin has reinforced our current Field Application and Service team and set up a new IoT engineering team to supply business solutions to our MSS customers.

Enterprises have started to form innovation departments to adopt new IoT technologies and apply them onto their traditional businesses. With our ecosystem (including enterprises, end-users, consultants, technical start-up companies, engineering companies), we offer enterprises the latest IoT solutions, integrating cloud transformation and big data analysis to enable new market opportunities and transform business operations in an efficient manner. We will be deploying our resources as follows:

- IC Application Design (ICAD) will enhance the IoT application for Bluetooth Low Power Technology BT4.1 and BT5.0, in particular the WIFI application complementary to bluetooth low energy on smart living and health-related application design.
- IT Professional Service (ITPS) will team up with new IoT security vendors to enhance and strengthen our IoT solutions, and engineering team to support Karin's new business opportunities in cloud and IoT solutions and will enrich the distribution business.
- Internet of Things Project Team (IoTP) recognises Smart Spaces as one of the key technology trends in the coming decade. Karin is in a favourable position to leverage its extensive IT and components business and ecosystem to move into developing the IoT business. We will place our focus on project management for Smart HealthCare, Smart Office/Building, Smart Transportation and Smart Retail, which are the key elements of a Smart City development.

CORPORATE AGILITY:

Karin has always prided itself for our ability to respond nimbly to changing market conditions. It is this corporate agility that has enabled us to weather many storms and grab opportunities throughout the years to emerge profitable in spite of challenges in the macro-environment.

FINANCE AND HR MANAGEMENT

We have a Business Supporting System that focuses on healthy financial discipline and productivity of the company and is responsible for cash flow, operational efficiency and risk management. Introduced over 40 years ago, it has been central to Karin's corporate culture and key to Karin's business continuity and success even during economic crises. Finance and HR have been working closely with joint ventures ("**JV**") partners and MSS on accounts receivable, inventory turnover days, cost management and recruiting talent for business development as well as HR assists JV's legal compliance by Information-as-a-Service.

3

Chairman and CEO Statement and Operation Review FY19

LOGISTICS AND INTERNAL IT SERVICE

We continue to enhance our internal IT services to improve efficiency and management through automation within Karin by migrating some of the services to the cloud. We continue to implement solutions to MSS SBU in managing new, diversified and challenging business models to cope with Karin's new and changing customers' demands. These solutions and services are all delivered securely in a timely manner to meet business needs. Our IT services are accessible anywhere 24-7.

CHALLENGES AHEAD – TECHNOLOGY, BUSINESS AND SOCIETY

The current year ending 30 June 2020 ("**FY20**") will likely be a critical year to most enterprises due to multiple headwinds and tailwinds: the ongoing US-China trade war, potential market correction, interest rate and supply chain changes are countered by the continual growth of new technologies and applications of smart consumer products, ICT, CBA, IoT and green energy developments. Both risks and opportunities lie ahead for Karin.

Acquiring qualified talent with technical skillsets to build up our core competency is Karin's key success factor in building a strong ESS team in supplying CBA and IoT solutions to customers that will bring in new businesses to help Karin stay ahead of the competition in the near future. In closing, I would like to thank all shareholders for your unwavering support for the Group and your confidence in the management team's ability to achieve sustained growth for the business. I also want to thank the Board of Directors for your stewardship and guidance and all staff who have worked relentlessly to achieve results that had contributed to our stellar performance in FY19.

Raymond Ng

Executive Chairman and Chief Executive Officer Karin Technology Holdings Limited

5

Financial Review

PROFIT AND LOSS

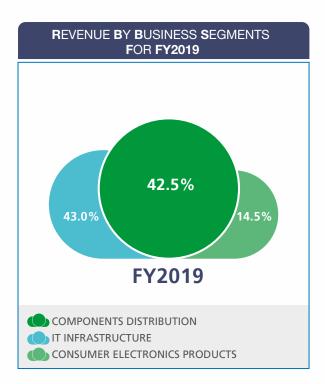

REVENUE

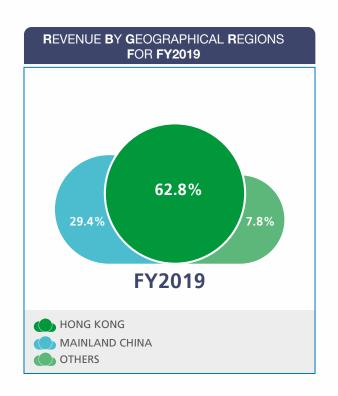

Consolidated revenue of the Group decreased by approximately HK\$212.7 million or 10.6% from HK\$2,013.3 million for the year ended 30 June 2018 to HK\$1,800.6 million for the year ended 30 June 2019.

Revenue from our Components Distribution ("**CD**") segment decreased by HK\$105.6 million or 12.1%, from HK\$870.1 million for the year ended 30 June 2018 to HK\$764.5 million for the year under review. The decrease was mostly due to (1) tighter credit control through customer selection as explained in the FY19 interim results announcement, and (2) orders from customers on design-in changes on certain electronic component modules for smart phones slowed down shipments in the second half of the year under review.

Revenue from our Information Technology Infrastructure ("**IT Infrastructure**") segment decreased by HK\$162.8 million or 17.4%, from HK\$937.0 million for the year ended 30 June 2018 to HK\$774.2 million for the current year. The decrease was mostly due to the change of the Group's policy in focusing on relatively higher margin business and tighter credit control through customer selection during the year under review.

Revenue from our Consumer Electronics Products ("**CEP**") segment increased by HK\$55.7 million or 27.0%, from HK\$206.3 million for the year ended 30 June 2018 to HK\$262.0 million for the current year. The increase was mainly due to the re-investment into retail stores business in March 2018 and securing of a few more distribution rights for prestigious CEP brands during the year under review.

Financial **Review**

GROSS PROFIT

Gross profit increased by HK\$17.4 million or 10.7%, from HK\$162.3 million for the year ended 30 June 2018 to HK\$179.7 million for the year ended 30 June 2019. The increase was mainly due to (1) selling more solution based projects in both CD and IT segments; (2) selling more relatively high margin technical services in IT segment; and (3) increase in revenue in CEP segment during the year under review as mentioned in the FY19 Interim results announcement offset by decreased provision of obsolete inventories of HK\$1.4 million from HK\$5.7 million for the year ended 30 June 2018 to HK\$4.3 million for the year ended 30 June 2019.

OTHER INCOME AND GAINS, NET

Other income and gains, net decreased by HK\$7.4 million or 51.0%, from HK\$14.5 million for the year ended 30 June 2018 to HK\$7.1 million for the year ended 30 June 2019. The decrease was mostly due to (1) decrease in exchange gain of HK\$3.5 million; (2) decrease in sundry income of HK\$2.3 million; (3) fair value gains on investment properties of HK\$1.0 million in last year turned into fair value losses on investment properties in the current year which is recorded under Other expenses, net; and (4) gain on bargain purchase arising from the re-investment in retail stores business of HK\$2.7 million recorded last year which did not recur in the current year.

SELLING AND DISTRIBUTION COSTS

Selling and distribution costs increased by HK\$9.7 million or 14.9%, from HK\$65.2 million for the year ended 30 June 2018 to HK\$74.9 million for the year ended 30 June 2019. The increase was mainly due to (1) increase in salary, bonus and commission of HK\$6.9 million, specifically to enhance our technical and engineering capabilities; and (2) increase in shops rent and rates of HK\$2.6 million as a result of re-investment in retail stores business in April 2018.

ADMINISTRATIVE EXPENSES

Administrative expenses decreased by HK\$5.7 million or 7.7%, from HK\$74.1 million for the year ended 30 June 2018 to HK\$68.4 million for the year ended 30 June 2019. The decrease was mainly due to decrease in depreciation of HK\$5.0 million from HK\$17.1 million for the year ended 30 June 2018 to HK\$12.1 million for the year ended 30 June 2019. Decrease in depreciation was due to certain leasehold improvements and furniture and fixtures were fully depreciated in the early part of the year under review.

OTHER EXPENSES, NET

Other expenses, net increased by HK\$2.7 million from HK\$0.1 million for the year ended 30 June 2018 to HK\$2.8 million for the year ended 30 June 2019. The increase was mainly due to fair value gains on investment properties of HK\$1.0 million for the year ended 30 June 2018 recorded under other income and gains, net turned into losses of HK\$2.0 million for the year under review.

FINANCE COSTS

Finance costs increased by HK\$1.4 million or 41.2%, from HK\$3.4 million for the year ended 30 June 2018 to HK\$4.8 million for the year ended 30 June 2019. The increase was mainly due to the utilizing of banking facilities in the PRC to finance local operations.

NET PROFIT

Net profit attributable to owners of the Company increased by HK\$4.3 million or 15.4%, from HK\$28.0 million for the year ended 30 June 2018 to HK\$32.3 million for the year ended 30 June 2019. The increase was mostly due to

increase in gross profit and offset by increase in selling and distribution costs as explained above respectively.

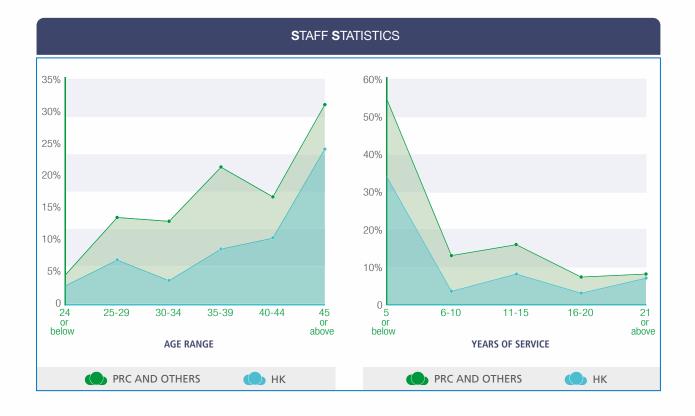

NON-CONTROLLING INTERESTS

Non-controlling interests represented the non-controlling shareholders' share of loss in our non-wholly owned subsidiaries.

STATEMENT OF FINANCIAL POSITION

NON-CURRENT ASSETS

Non-current assets comprised goodwill of HK\$2.1 million; investment properties, office equipment, leasehold land and buildings and motor vehicles amounting to HK\$176.7 million; investments in associates of HK\$2.8 million; prepayments of HK\$1.6 million and deferred tax assets of HK\$5.3 million. At 30 June 2019, non-current assets amounted to HK\$188.5 million, representing approximately 19.5% of the total assets. Non-current assets increased by HK\$14.7 million or 8.5% from HK\$173.8 million for the year ended 30 June 2018 to HK\$188.5 million for the year ended 30 June 2019. The increase was mostly due

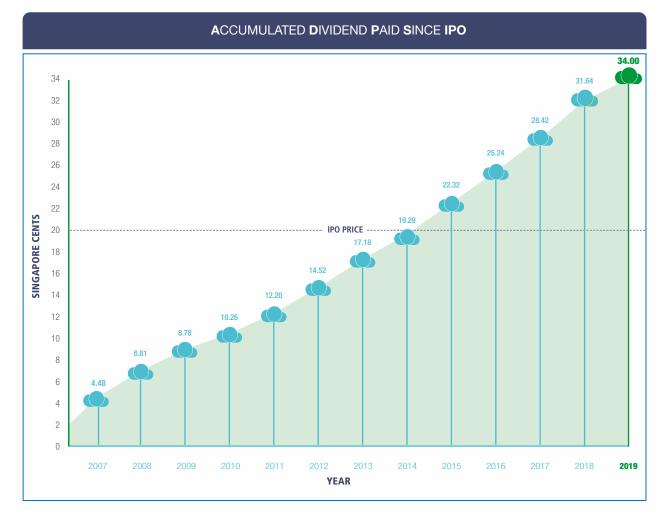

Financial **Review**

to increase in investment properties of HK\$26.4 million offset by (1) decrease in property, plant and equipment of HK\$12.6 million as a result of depreciation, and (2) there being no long term trade receivables and factored trade receivables as at the end of the current year (2018: HK\$3.3 million).

CURRENT ASSETS

As at 30 June 2019, current assets amounted to HK\$777.8 million, an increase of HK\$53.9 million compared to the immediately preceding financial year end at 30 June 2018. The increase was mostly due to (1) increase in prepayments, deposits and other receivable of HK\$76.9 million as a result of requesting prepayments from customers on certain huge projects; (2) increase in cash and cash equivalent of HK\$19.0 million offset by (1) decrease in inventories of HK\$14.3 million; and (2) decrease in trade and bill receivables of HK\$28.1 million.

CURRENT LIABILITIES

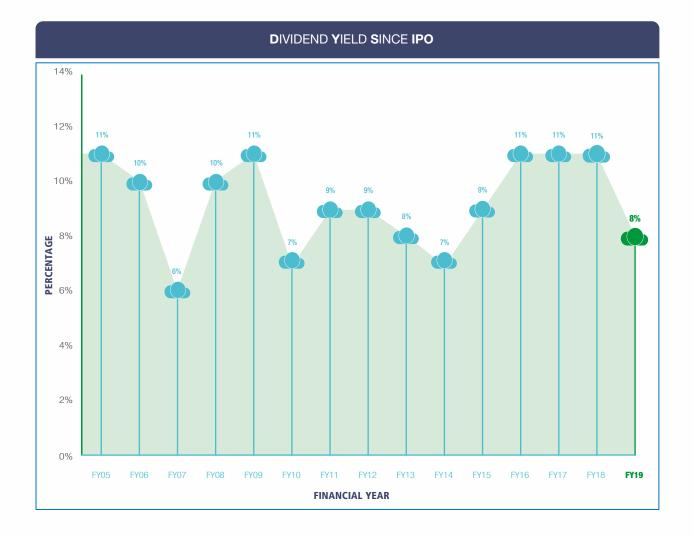

As at 30 June 2019, current liabilities amounted to approximately HK\$509.8 million, an increase of HK\$61.4 million compared to the immediately preceding financial year end as at 30 June 2018. The increase was mainly due to (1) focusing on relatively higher margin business during the year under review. Accordingly quite a few beyond one year service contracts have been secured and resulting a HK\$74.2 million contract liabilities balance; (2) increase in other payables and accruals of HK\$14.8 million offset by (1) decrease in trade payables of HK\$11.7 million; (2) decrease in interest-bearing bank and other borrowings of HK\$14.0 million; and (3) decrease in tax payable of HK\$1.8 million.

NON-CURRENT LIABILITIES

Non-current liabilities amounted to HK\$4.5 million, representing 0.9% of the total liabilities as at 30 June 2019. The amount was comprised of deferred tax liabilities, long term contract liabilities and long term finance lease payable. Deferred tax liabilities were recognised as a result of temporary differences between the carrying amounts and tax bases of our investment properties.

LIQUIDITY AND CASH FLOW

As at 30 June 2019, cash and cash equivalents amounted to HK\$73.2 million. Total interest bearing loans and borrowings as at 30 June 2019 were HK\$126.5 million and the gearing ratio which is defined as total borrowings and finance leases to total equity, is 0.28 times (2018: 0.32 times).

Board of **Directors**

Mr. Ng Kin Wing, Raymond Executive Chairman and Chief Executive Officer

Mr. Ng Kin Wing, Raymond, is the Executive Chairman, Chief Executive Officer and an Executive Director of our Group. He was appointed as Executive Chairman on 9 October 2014 and a member of our Board since 5 September 2002. Mr. Ng is one of the founders of our Group and is responsible for overseeing the Group's entire operations and general management. He has over 40 years of experience in the components distribution business. Mr. Ng is a full member of the Hong Kong Management Association, a fellow member of the Hong Kong Institute of Marketing, a member of the Society of Automotive Engineers International and a Chartered Engineer and a member of the Institution of Mechanical Engineers. Mr. Ng obtained his Higher Certificate in Mechanical Engineering at the Hong Kong Technical College (former college of the Hong Kong Polytechnic University) in 1971 and Bachelor of Business Administration degree from the University of East Asia of Macau in 1990. In 2004 he obtained a Master of Business Administration degree from the Macquarie University of Sydney, Australia. In addition, he was awarded the degrees of Master of Arts in Applied Translation from The Open University of Hong Kong in 2008 and Master of Science in Energy and Environment from City University of Hong Kong in 2015. He is the younger brother of Mr. Philip Ng, the elder brother of Mr. Allan Ng and uncle of Mr. Michael Ng.

Mr. Ng Mun Kit, Michael Executive Director

Mr. Ng Mun Kit, Michael, is an Executive Director of our Group. He joined our Group in 2014 and was appointed to our Board on 1 July 2018. He is responsible for business strategy, marketing and service operation for the Group. He graduated from the University of New South Wales, Australia with a Bachelor of Commerce degree with majors in Finance and Marketing in 1998. In 2002, Mr. Ng obtained a Graduate Diploma in Applied Finance and Investments from the Securities Institute of Australia, and a Diploma in Technical Analysis from the Australian Technical Analysis Association. From 2000 to 2014, Mr. Ng worked at Thomson Reuters in Sydney and Hong Kong where he was the senior consultant and responsible for the training execution across the group in Asia. He is the son of Mr. Philip Ng and nephew of Mr. Raymond Ng and Mr. Allan Ng.

Mr. Lee Yiu Chung, Eugene Chief Operating Officer

Mr. Lee Yiu Chung, Eugene, is the Chief Operating Officer and an Executive Director of our Group. He joined our Group in July 1988 and was appointed to our Board on 26 January 2003. Mr. Lee has over 20 years of experience in marketing and sales management and is responsible for overseeing the implementation of the entire operations of our Group. He obtained his Bachelor of Science degree in 1988 and Master of Science degree in Finance in 2005 both from the Chinese University of Hong Kong.

Prof. Ng Tung Sang Independent Director

Prof. Ng Tung Sang is one of our Independent Directors. He has been a member of The University of Hong Kong Council, a Director of the Board Directors of School of Professional and Continuing Education, Head of Department of Electrical and Electronic Engineering and Dean of the Faculty of Engineering, all at The University of Hong Kong. Prof. Ng has extensive expertise in wireless communications, particularly in the third and fourth generation mobile systems. He is distinguished for his contributions in signal processing techniques in spread spectrum communication systems. Prof. Ng had been appointed as a consultant to Canon Inc. Japan, BHP Steel International and several other companies in Australia. He was awarded the Honorary Doctor of Engineering degree by the University of Newcastle, Australia, in 1997, the Senior Croucher Foundation Fellowship by The Croucher Foundation in 1999, and the IEEE Millennium medal by the Institute of Electrical & Electronic Engineers in 2000. Prof. Ng was previously appointed as our independent director on 26 January 2003. He was reappointed to our Board on 20 January 2005 after his resignation on 31 May 2003.

Board of Directors

Mr. Lim Yew Kong, John Independent Director

Mr. Lim Yew Kong, John, was appointed an Independent Director of the Company on 20 January 2005. Since 1991, Mr. Lim has been involved in the private equity industry in Asia as a director of various investment advisory firms engaged in direct investments. From 1989 to 1991, Mr. Lim worked in Dowell Schlumberger in the United Kingdom, where he was UK division controller. Between 1984 and 1988, he was with Arthur Andersen & Co, London. Mr. Lim graduated with a Bachelor's Degree in Economics in 1984 from the London School of Economics and Political Science in the United Kingdom. He qualified as a chartered accountant in 1987 from the Institute of Chartered Accountants in England and Wales. Mr. Lim also serves as an Independent Director on other SGX listed companies.

Mr. Lawrence Kwan Independent Director

Mr. Lawrence Kwan was appointed an Independent Director of the Company on 13 July 2012. He has more than 40 years of experience in financial services and professional corporate secretarial services. He currently serves as an Independent Director of SBI Offshore Ltd and the Company Secretary for Marco Polo Marine Ltd; both companies are listed on the Stock Exchange of Singapore (SGX).

Between 2008 and 2014, he was a Board Member and Audit Committee Member of the Accounting and Corporate Regulatory Authority of Singapore (ACRA).

Mr. Kwan is a Fellow member of the Institute of Chartered Secretaries and Administrators, United Kingdom, a Fellow member of the Chartered Secretaries Institute of Singapore (CSIS). He is currently a Council Member and the past Chairman of the Singapore Association of the Institute of Chartered Secretaries and Administrators (SAICSA) now known as Chartered Secretaries Institute of Singapore (CSIS). He holds a Master of Business Administration degree from the University of East London, United Kingdom. He is a Graduate member of the Australian Institute of Company Directors and a full member of the Singapore Institute of Directors.

Senior Management

Mr. Ng Yuk Wing, Philip Executive Advisor

Mr. Ng Yuk Wing, Philip, is the Executive Advisor of our Group after he stepped down as Senior Executive Director from 1 July 2018. Mr. Ng continues to contribute to the Group on significant matters relating to the Group strategy and responsible to advise for the overall strategic planning and business development of our Group. Mr. Ng is one of the founders of our Group, having established Karin Electronic Supplies Co. Ltd. in 1977. Mr. Ng has over 30 years of experience in the components distribution business. He graduated from the University of Hong Kong with a Bachelor of Science degree in Electrical Engineering in 1972. He is the elder brother of Mr. Raymond Ng and Mr. Allan Ng and father of Mr. Michael Ng.

Mr. Cheng Pak Cheong, Ray General Manager of IC Application Design Division

Mr. Cheng Pak Cheong, Ray, is responsible for the IC application design division of our Group. He has over 20 years of experience in the electronic industry including sales, marketing and engineering. He holds a Bachelor of Science degree from the University of Hong Kong; a Master of Management degree in Financial Management and a Master of Business Administration degree from the Macquarie Graduate School of Management; and a Master of Laws degree from the Renmin University of China. Mr. Cheng joined our Group in July 1988.

Mr. Chong Shi Fan, Stephen General Manager of Industrial Materials & Instrumentation Division

Mr. Chong Shi Fan, Stephen, is responsible for the sales and marketing of industrial components and parts in our Group. Mr. Chong graduated from PCL – University of Westminster with a Bachelor of Mechanical Engineering degree. He has over 20 years of experience in Sales & Marketing of Electrical and Mechanical parts. Mr. Chong joined our Group in March 1991.

Ms. Fan Shu Yung, Cecilia

Human Resources & Administration Manager and Legal Coordinator

Ms. Fan Shu Yung, Cecilia, is responsible for human resources management and office administration and legal affairs coordinator of our Group. Ms. Fan graduated from the University of Wollongong, Australia with a Bachelor of Commerce degree and holds a Master of Management degree in Human Resources Management from the Macquarie University, Australia. Ms. Fan has been working in the management position for over 20 years. She joined our Group in November 1996.

Mr. Leung Yiu Chown, Desmond

Chief Technology Officer and General Manager of IT Infrastructure Division

Mr. Leung Yiu Chown, Desmond, has been appointed Chief Technology Officer the Group on 8 January 2019. Mr. Leung supervises overall IT functions (internally and externally) including application system design and development, office automation and communication networks, services delivery and end user support, as well as strategic planning to meet the business/organization objectives in the most cost-effective manner.

Mr. Leung is also the General Manager of IT Infrastructure Division of the Group. He is responsible for new business development and overall operation for Information Technology business with our Group. He holds a Bachelor of Science degree in Electrical Engineering from the University of Washington. He has been in the IT industry over 20 years. He had been a system analyst, software specialist and operations manager for software services at Digital Equipment Ltd where he was responsible for the business process and establishment of the technical support group providing technical support for the whole region between 1982 to 1992. From 1992 to 1994, he was the general manager of Winup Investment Ltd, where he was responsible for real estate development in the PRC. From 1994 to 2001, Mr. Leung was the managing director of EPro Systems Ltd before joining our Group in November 2001.

Senior Management

Mr. Mok Pui Wah, Kenneth

General Manager of Electronic Components Division

Mr. Mok Pui Wah, Kenneth, joined our Group in March 1988 and is responsible for overseeing the sales and marketing of the electronic components of our Group. Mr. Mok graduated from the University of Kent at Canterbury with a Bachelor of Electronic Engineering degree. He is an associate member of the Institute of Electronic Engineers and has over 20 years of experience in engineering, sales and marketing of electronic and electrical components.

Mr. Ng Kam Wing, Allan

Chief Technology Officer (resigned on 1 January 2019)

Mr. Ng Kam Wing, Allan, was responsible for the overall IT (Information Technology) system control and the development of ITSD (Information Technology Service Division) of our Group until his resignation as Chief Technology Officer of the Group with effect from 1 January 2019. Mr. Ng holds a Bachelor of Science in Civil Engineering degree from the University of Hong Kong. He is a member of the Hong Kong Institution of Engineers, professional member of the Association of Computer Machinery, member of ISACA and a CISSP. He was an engineer at various companies between 1978 and 1985, a project manager at a construction company from 1985 to 1989 and a senior engineer at a telecommunication company from 1989 to 1991. He also has over 20 years of experience in the IT industry, having worked as a General Manager at various companies where he was responsible for business software and IT development from 1991 to 2001. Mr. Ng joined our Group in October 2001 and is the younger brother of Mr. Philip Ng and Mr. Raymond Ng and uncle of Mr. Michael Ng.

Ms. Ng Shuk Yi, Louisa Financial and Accounting Manager

Ms. Ng Shuk Yi, Louisa, is responsible for the overall accounting affairs and credit policy setting and implementation of our Group. She has over 20 years of experience in the field of finance and accounting. Ms. Ng joined our Group in March 1980.

Mr. Wong Chi Cheung, Clarence Financial Controller and Joint Company Secretary

Mr. Wong Chi Cheung, Clarence, is responsible for the financial management and secretarial affairs of our Group. Mr. Wong holds a Bachelor of Commerce degree from the University of Western Australia. He is a Fellow of the Hong Kong Institute of Certified Public Accountants, a Fellow of the CPA Australia and a Fellow of the Institute of Singapore Chartered Accountants. He joined our Group in May 2007 and has over 20 years of experience in auditing, accounting, and financial management as well as secretarial affairs. Prior to joining our Group, he had worked with Hong Kong listed companies, multinational corporations and international accounting firms.

OUR WEBSITE

http://www.karingroup.com

Corporate Governance is central to Karin Technology Holdings Limited's (the "**Company**" or the "**Group**") approach to the enhancement of shareholder value and the protection of shareholders' funds. The Directors and Management of the Company are committed to maintaining a high standard of corporate governance practices and transparency.

The Board has reviewed the Company's corporate governance policies and practices and is pleased to confirm that for the financial year ended 30 June 2019, the Group has adhered to the principles and guidelines as set out in the Code of Corporate Governance 2012 (the "**2012 Code**"), except where otherwise stated. This report outlines the corporate governance practices adopted by the Group, embodying the principles of the 2012 Code. The Board will continue to improve with developments by enhancing its principles and framework.

BOARD MATTERS

PRINCIPLE 1 – BOARD'S CONDUCT OF ITS AFFAIRS

Karin is governed by a board of directors ("**Board**") each of whom is re-elected by the Company's shareholders. The Board is accountable to shareholders for the strategic direction of the Company and value-creation for shareholders. The Board works closely with management who optimizes operational efficiency and seeks to achieve this objective for the long-term success of the Company. Management is accountable to the Board. All Directors objectively make decisions in the interests of the Company.

The Board has adopted the Board Terms of Reference which sets out the principal roles of the Board, functions, responsibilities and power of the Board and various Board Committees of the Company.

The principal roles of the Board include, but not limited to, the following corporate matters:-

- Provide entrepreneurial leadership, set strategic objectives and ensure that the necessary financial and human resources are in place for the Company to meet its objectives;
- Establish a framework of prudent and effective controls which enables risks to be assessed and managed;
- Review management performance;
- Set the Company's values and standards (including ethical standards), and ensure that obligations to shareholders and other stakeholders are understood and met;
- Safeguarding of shareholders' interests and the Company's assets and identify key stakeholder groups whose perceptions may affect the Company's reputation; and
- Consider sustainability issues as part of its strategic formulation.

Matters which are specially reserved for the approval of the Board include, among others, investments in subsidiaries and associates, advances to subsidiaries or associates, increase of share capital, any material acquisitions and disposals of assets and major undertakings (other than in the ordinary course of business), banking matters and review and release of announcements relating to financial statements and Board changes.

To facilitate effective execution of its function, the Board has delegated specific responsibilities to three subcommittees namely the Audit and Risk Management, Nominating and Remuneration Committees. These Committees are to assist the Board in exercising its responsibilities and to provide it with recommendations and advice. Each of the committees has its own terms of reference setting out its role and has the authority to examine particular issue and report back to the Board with their recommendations. The ultimate responsibility for the final decision on all matters lies with the entire Board.

The Board will meet at least twice a year. Ad-hoc meetings are convened when circumstances require. Minutes of all Board Committees and Board meetings are circulated to members for review and confirmation. These minutes enable Directors to be kept abreast of matters discussed at such meetings. The number of the Board and the Board committees meetings held and the attendance of each Director during FY2019 are set out as follows:

ATTENDANCE OF MEMBERS AT MEETINGS OF THE BOARD AND THE BOARD COMMITTEES HELD DURING FY2019

	Воа	Board Audit and Risk Committee			Nominating committee		Remuneration committee	
Name of director	No. of meetings held while a member	No. of meetings attended	No. of meetings held while a member	No. of meetings attended	No. of meetings held while a member	No. of meetings attended	No. of meetings held while a member	No. of meetings attended
Mr. Ng Kin Wing, Raymond (Executive Chairman and CEO)	2	2	-	_	_	-	_	_
Mr. Ng Mun Kit, Michael (Executive Director)	2	2		_	_	_	_	_
Mr. Lee Yiu Chung, Eugene (Chief Operating Officer)	2	2		_	_	_	_	_
Prof. Ng Tung Sang (Independent Director)	2	2	2	2	2	2	2	2
Mr. Lim Yew Kong, John (Independent Director)	2	2	2	2	2	2	2	2
Mr. Lawrence Kwan (Independent Director)	2	2	2	2	2	2	2	2

Under the existing Bye-laws of the Company, the Directors may participate in any meeting of the Board by means of such telephone, electronic or other communication facilities as permit all persons participating in the meeting to communicate with each other simultaneously and instantaneously, and participation in such a meeting shall constitute presence in person at such meeting.

New director is provided a formal letter setting out the director's duties and obligations. The Company makes available to each new Director an opportunity to discuss and obtain briefing on the Company's operations to ensure that he is familiar with the Company's business and governance practices and inform each new Director of the Company's policies which affect Directors. The Directors were updated on major events of the Group by the Management. The Directors were briefed and updated on the business and organization structure of the Group and its strategic plans and objectives from time to time. The Directors were provided sufficient information about macro perspectives on developments on the region major long-term trends and strategic alternatives available to the Company.

The Board recognizes the importance of appropriate orientation, training and continuing education for its Directors. The Company provides training to Directors annually on changes to the relevant new laws, regulations and changing commercial risks. During FY2019, one training session was provided to Directors by the Company's legal advisor and external auditor. The Directors were furnished with updates on the relevant laws such as changes to the Listing Manual of the Singapore Exchange Securities Trading Limited ("SGX-ST") and new International Financial Reporting Standards ("IFRSs"). The Company makes available to the Directors, at the Company's cost, training or professionally conducted programmes regarding director responsibilities, changes to the relevant new laws and other matters related to service on the Board.

PRINCIPLE 2 - BOARD COMPOSITION AND BALANCE

The Board comprises six Directors, three of whom are independent. There is an independent element on the Board, with Independent Directors constituting half of the Board. Key information of the Board is found under the Board of Directors section of the Annual Report.

The independence of each Director is reviewed by the Nominating Committee ("**NC**"). The NC adopts the 2012 Code definition of what constitutes an Independent Director in its review. The Board considers an "independent" director as one who has no relationship with the Group, its related companies, its 10% shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgment with a view to the best interests of the Company and Group. The Board is of the view that all the three Non-executive Directors are independent. The Board is able to exercise independent judgment on corporate affairs and provide management with a diverse and objective perspective on issues.

For the purpose of evaluating the true independence of directors who have served beyond nine years from the date of his appointment, the NC had set out the evaluation criteria and had conducted a rigorous evaluation on Mr. Lim Yew Kong, John and Prof. Ng Tung Sang who have served beyond nine years using similar evaluation criteria for the past few years. The NC and the Board (with the directors concerned abstained from deliberating) agreed that each Mr. Lim Yew Kong, John and Prof. Ng Tung Sang had expressed his views independently at all times, objectively and constructively challenged the assumptions and viewpoints presented by the Management. Robust involvement in deliberations at Boardroom by each Mr. Lim Yew Kong, John and Prof. Ng Tung Sang provides different perspectives. The Board has benefited greatly from the presence of Mr. Lim Yew Kong, John and Prof. Ng Tung Sang who have over time gained valuable insight into the Group and as a result, provided the Board with discussions containing their objective, constructive and independent views. The independence of Mr. Lim Yew Kong, John and Prof. Ng Tung Sang was not in any way affected or impaired by the length of service. The Board is satisfied that Mr. Lim Yew Kong, John and Prof. Ng Tung Sang was not in any way affected or impaired independent in their judgement and can continue to discharge their duties objectively. No NC member is involved in the deliberation in respect of his independence.

The Board also considered the need for progressive refreshing of the Board. The Board agreed that the progressive refreshing of the Board should come around the concept of performance management within a culture that demands accountability of directors and future needs of the Board for long-term success of the Company. The change of Director in 2012, succession planning for the Chairman in 2014 and change of Director on 1 July 2018 allows progressive refreshing in the Board. The Board has considered the need to avoid undue disruptions from changes to the composition of the Board.

With half of the Board deemed to be independent, the Board is able to exercise independent judgment on corporate affairs and provide management with diverse and objective perspective on issues. The Board interacts and works through robust exchange of ideas and views to help shape the Group's strategic decision.

The Board has examined its size and is of the view that it is an appropriate size for effective decision-making, taking into account the scope and nature of the operations of the Company. The Board is of the view that no individual or small group of individuals dominates the Board's decision-making process. As a team, the Board collectively provides core competencies in the areas of finance, business, electronic engineering, business acumen and management experience. One of the independent directors has expertise in the industry of electrical and electronic engineering and he is instrumental in providing industry knowledge for effective oversight and guidance.

The Board is of the view that the current Board and its Board Committees consists of the appropriate mix of expertise, skills and experience with knowledge of the Company to provide the necessary guidance to lead and direct the Group. The effective blend of these expertise, skills and experiences in areas identified by the Board remains a priority so as not to compromise on qualification, experience and capabilities without discriminating gender. While it is important to have gender diversity in the Board, it is even more imperative to construct a quality board based on caliber, breadth of perspective and chemistry that allow effective execution of corporate governance and strategic oversight. The Company is aware of the coming of the Great Age comprises new horizon of the clean energy and digital economy. It is necessary to have diversity of age as the Company embraces the Great Age. With the presence of the new director, Mr Ng Mun Kit, Michael who belongs to the Generation X, the Board received different skills set and perspectives for the IoT (Internet of Things) business on smart city concept launched across all 3 segments. The Board recognizes the relationship and information flow between the Board and Senior Management is pivotal to the Company. The Board is supported by Senior Management, of whom at least a quarter are women team members who have been with the Company for over 20 years. The Company values the contribution by each member of the Senior Management. Qualifications and experiences of the Board members and Senior Management are set out under the Board of Directors and Senior Management section of the Annual Report. The Board will constantly examine its size with a view of determining its impact on its effectiveness.

The primary role of the Independent Director is to act as a check and balance on the acts of the Board and Management of the Company. In summary, the Independent Director is to promote the best interests of minority shareholders and as a whole, promote the interests of all shareholders. Independent Directors review and monitor the performance of the Management of the Company. To facilitate a more effective check on management performance, Independent Directors meet regularly, at least twice annually, without management present.

PRINCIPLE 3 - EXECUTIVE CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Mr. Ng Kin Wing, Raymond ("**Mr. Raymond Ng**") is the Executive Chairman and Chief Executive Officer ("**CEO**") of the Company. Mr. Raymond Ng is one of the founders of the Group and has over 40 years of experience in the components distribution business.

The Board believes that the role of Chairman of the Board and CEO need not be separated with the combination of a balance of power, accountability and capacity of the Board for independent decision making with the Board Committees chaired by Independent Directors. No one individual represents a considerable concentration of power.

As Executive Chairman, Mr. Raymond Ng is responsible for the effective working of the Board. The Executive Chairman's responsibilities include, but not limited to:

- effective working of the Board;
- schedule meetings to enable the Board to perform its duties and responsibilities;
- prepare the agenda of meetings;
- ensure proper conduct of meetings and accurate documentation of the proceedings;
- encourage constructive relations within the Board and between the Board and Management;
- ensure smooth and timely flow of information between the Board and Management;
- ensuring effective communication with shareholders;
- promote a culture of openness and debate at the Board; and
- promote high standards of corporate governance.

In addition to the above duties, the Executive Chairman will assume duties and responsibilities as may be required from time to time.

Mr. Raymond Ng is primarily responsible for overseeing the overall management, and strategic planning and business development of the Group. Mr. Raymond Ng manages the business operations of the Group and day-to-day Management of the Company, organizational effectiveness and implementation of Board policies. Mr. Raymond Ng works closely with the other Executive Directors and assisted by a team of Senior Management.

The Board has written terms of reference for the Lead Independent Director ("**LID**") that describes the responsibilities and authority of a LID. Prof. Ng Tung Sang has replaced Mr Lim Yew Kong, John as LID since 2018 AGM on 25 October 2018. The LID shall be available to the shareholders where they have concerns which contact through the normal channels of the Executive Chairman and CEO has failed to resolve or for which such contact is inappropriate.

The Independent Directors, led by the LID, meet amongst themselves without the presence of the other Directors where necessary, and the LID will provide any feedback to the Chairman after such meetings.

Karin Technology Holdings Limited Annual Report 2019

27

REPORT ON CORPORATE GOVERNANCE

PRINCIPLE 4 – BOARD MEMBERSHIP

Nominating Committee ("NC")

The NC comprises three members, all are independent directors. The Lead Independent Director is Chairman of the NC. Members of the NC are as follow:

Prof. Ng Tung Sang	_	Chairman
Mr. Lim Yew Kong, John	_	Member
Mr. Lawrence Kwan	-	Member

The NC is responsible for:

- recommending to the Board on all Board appointments having regard to the Directors' contribution and performance;
- recommending to the Board for review and discussion on board succession plans, in particular of the Chairman and CEO;
- review training and professional development programs for the Board;
- reviewing and determining the independence of each Director annually;
- deciding whether or not a Director is able and has been adequately carrying out his duties as a Director;
- identifying and making recommendations to the Board as to the Directors who are retiring by rotation and to be put forward for re-election at each Annual General Meeting ("**AGM**") of the Company, having regard to the Directors' contribution and performance, including Independent Directors; and
- deciding whether a Director who has multiple Board representations, is able to and has been adequately carrying out his duties as a Director of the Group.

The NC has written terms of reference that describe its responsibilities, which include maintaining an effective Board and ensuring that only competent individuals capable of contributing to the success of the Company are appointed. Where new appointments are required, the NC will consider recommendations for new Directors, review their qualifications and meet with such candidates before decision is made on a selection. The NC also promotes transparency in the selection and appointment of new Board members as well as their subsequent re-nomination/re-election.

The duties and responsibilities of the executive directors are clearly set out in their service agreements. The Board is responsible for the training needs of the Company's Directors. During FY2019, the Directors have been briefed on the latest proposed changes and developments such as updates on the relevant laws and IFRSs, changes in technology and industrial practice relating to the Company's business as well as the Company's strategic directions. The NC and the Board discussed the 2018 Code of Corporate Governance ("**2018 CG**") issued in August 2018 and amendments to the Listing Rules, among others, non-executive directors make up a majority of the Board and is reviewing its composition to comply with the 2018 CG and amendments to Listing Rules. The NC and the Board have agreed to continuously review training programmes for the Board.

The NC was apprised of the Board succession plans of the Chairman and CEO through a committee of key senior management staff who works closely with the Chairman and CEO.

In accordance with the provisions of the Company's Bye-Laws, one-third of the Directors shall retire from office at every AGM and each Director shall retire at least once every 3 years. A retiring director shall be eligible for re-election at the said AGM. The NC had identified Mr. Ng Kin Wing, Raymond and Mr. Lim Yew Kong, John for re-appointment at the forthcoming AGM. Their profiles are shown in the Board of Directors section of the Annual Report.

The NC considered an independent director as one who has no relationship with the Company, its related companies, its 10% shareholders or its officers that would interfere with the exercise of the Directors' independent business judgement, which is in the best interest of the Company. On an annual basis, each director is required to submit a return on his independence to the Company Secretary. The NC shall review the returns and determine whether the director is to be considered independent. During the year, the NC had reviewed and determined that Prof. Ng Tung Sang, Mr. Lim Yew Kong, John and Mr. Lawrence Kwan are Independent Directors of the Company.

The Board allows each of the Directors to personally determine the time commitment when he has multiple board representation. Each of the non-executive directors is aware that he should commit sufficient time, attention, resources and expertise to the affairs of the Company. The Board has not determined the maximum number of listed company board representations which any director may hold. Although the non-executive directors had directorships in other companies which are not within the Group, the NC is of the view that such multiple board representation do not hinder them from carrying out their duties as directors. These Directors would widen the experience of the Board and give it a broader perspective. Directors update the Company of any changes in his external appointment and these changes are noted at the Board meetings. The NC reviews whether a director is able to and has adequately carried out his duties, in particular where a director has multiple board representations. The NC is satisfied that each of the Director was able to give sufficient time and attention to the affairs of the Company and was able to adequately carry out his duties as a director of the Company despite their board representations in other listed companies.

Presently, the Company does not have alternate director.

Particulars of Directors as at 30 June 2019

Name of director	Date of first appointment	Date of last re-election	Nature of appointment	Membership of Board committees	Directorship/ chairmanship of both present and those held over the preceding three years in other listed company
Mr. Ng Kin Wing, Raymond (Executive Chairman and Chief Executive Officer)	05.09.2002	20.10.2017	Executive Chairman, Chief Executive Officer and Executive Director	None	None
Mr. Ng Mun Kit, Michael (Executive Director)	01.07.2018	25.10.2018	Executive Director	None	None

Mr. Lawrence Kwan (Independent Director)	13.07.2012	20.10.2017	Independent Director	Chairman of Remuneration Committee and a Member of Audit and Risk Management Committee and Nominating Committee	SBI Offshore Ltd (SGX)

PRINCIPLE 5 – BOARD PERFORMANCE

The NC has adopted a formal process and assessed the effectiveness of the Board as a whole and its Board Committees and each individual director and Chairman to the effectiveness of the Board for FY2019. The performance criteria remained the same as last year. During FY2019, the Board had reviewed the performance criteria which includes evaluation on matters relating to risk management. Some of the factors considered relate to Board's conduct of affairs, Board information on provision of sufficient information for major long-term trends and strategic alternatives and accountability to effectively identify, assess and respond to significant risks. The Group has conducted Board-approved evaluation process and performance criteria for such evaluation and determination.

The objective of the performance evaluation exercise is to identify strengths and challenges so that the Board is in better position to provide the required expertise and oversight. Meanwhile, the objective of assessment by each individual director is for directors to evaluate their skills and motivate directors to be more effective contributors.

29

The assessment process involves and includes circulation of the evaluation of questionnaire to all Board members with the performance criteria recommended by the NC and approved by the Board. The Directors' input are collated and reviewed by the Chairman of the NC, who presents a summary of the overall assessment to the NC for review. The NC would discuss areas where the Board's performance and effectiveness could be enhanced and recommendations for improvement are then submitted to the Board for discussion and for implementation. The NC Chairman presented the key summary of the overall assessment. The Directors discussed on the strategic planning process, business objectives and risk management while the Management, represented by the Executive Chairman and CEO, Chief Operating Officer ("**COO**") and Executive Director, provides insight on the business and industry with the objective of finding opportunities for improvement and enhance long-term shareholder value. The NC provides its views to the Board for the Board's consideration. The Chairman ensures that action is taken on the results of the performance evaluation.

During the year, the Board's performance was evaluated. The Board concluded that the performance of the Board as a whole has been satisfactory and the Board and various Board Committees operate effectively with each Director and the Chairman contributing to the overall effectiveness of the Board.

PRINCIPLE 6 - ACCESS TO INFORMATION

The Board is furnished with Board papers prior to any Board meeting. These papers include key information that is complete, adequate and issued in sufficient time to enable the Directors to obtain additional information or explanations from the Management, if necessary. The Board papers include minutes of the previous meeting, financial results announcements, and reports from Management, internal and external auditors. Each director reviews all materials provided by the Company relating to matters to be considered at the meetings. Summary of financial data would be provided by Management to the Board on quarterly basis. The Management has been providing all the Executive Directors with monthly consolidated financial reports.

A calendar of meetings is scheduled for the Board a year in advance. At each Board meeting, Independent Directors are briefed on the Company's business including risk issues and financial environment and they are also updated on the issues discussed at the monthly management meeting. These information will enable the directors to make informed decisions.

The Directors have separate and independent access and they may communicate directly with the Management team and Company Secretary on all matters whenever they deem necessary.

In carrying out their duties, the Directors, whether individually or as a group, have direct access to the independent professional advisors to obtain advice. Any cost of obtaining such professional advice will be borne by the Company.

The Company Secretaries administer, attend and prepare minutes of Board and Board Committee meetings. The Chairman of all Board and Board Committees will be assisted by the Company Secretaries in ensuring that procedures are followed and reviewed so that the Board and the Board Committees functions effectively and ensures that the Company's Bye-Laws and relevant rules and regulations, including the Listing Manual of the SGX-ST are complied with. During FY2019, the Company Secretaries attended all Board meetings. The Company Secretaries also act as the primary channel of communication between the Company and the SGX-ST. The appointment and removal of the Company Secretaries are subject to the Board's approval.

Karin Technology Holdings Limited Annual Report 2019

31

REPORT ON CORPORATE GOVERNANCE

REMUNERATION COMMITTEE ("RC")

PRINCIPLE 7 – PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

The RC comprises three members, all are independent directors. They are:

Mr. Lawrence Kwan	-	Chairman
Mr. Lim Yew Kong, John	-	Member
Prof. Ng Tung Sang	_	Member

The Board has approved the written terms of reference of the RC. The RC performs, but not limited to, the following functions:

- recommending to the Board a framework of remuneration for the Board and the key executives of the Group covering all aspects of remuneration such as Director's fees, salaries, allowances, bonuses, options and benefits-in-kind;
- proposing to the Board, appropriate and meaningful measures for assessing the Executive Directors' performance;
- determining the specific remuneration packages for each Executive Director;
- considering the eligibility of Directors for benefits under long-term incentive schemes; and
- considering and recommending to the Board the disclosure of the details of the Company's remuneration, specific remuneration packages of the Directors and key executives of the Company to those required by law or by the 2012 Code.

The Directors do not participate in any decision concerning their own remuneration. The RC met to discuss and review the service agreements of the executive directors.

As part of its review, the RC will ensure that the remuneration package of employees related to Executive Directors and controlling shareholders of the Group are in line with the Group's staff remuneration guidelines and commensurate with their respective job scopes and level of responsibilities.

The RC reviews the fairness and reasonableness of the termination clauses of the service agreements of the Executive Directors and key management personnel. RC will obtain advice from external consultants for benchmarking, where necessary.

The Share Option Scheme Committee, consists of all members of the RC, was established to administer the Karin Employee Share Option Scheme (the "**2005 ESOS**") in accordance with the objectives and regulations of the 2005 ESOS and to determine participation eligibility, options offers and share allocation and to attend to such other matters that may be required. The 2005 ESOS was adopted on 20 January 2005. A member of the RC who is also a participant of the 2005 ESOS shall not be involved in the deliberation of Options granted or to be granted to him. Controlling shareholders and their Associates will not be eligible to participate in the 2005 ESOS.

The 2005 ESOS had a maximum duration of ten years and expired on 20 January 2015. Before the expiring of the 2005 ESOS, the Company had terminated the 2005 ESOS and adopted the 2014 Karin Employee Share Option Scheme ("**2014 ESOS**") in substitution for the 2005 ESOS. The 2014 ESOS was approved by the shareholders on 9 October 2014 at the 2014 AGM.

During FY2019, the Company has issued 150,000 new ordinary shares upon the exercise of options under the 2005 ESOS. No options were granted under the 2014 ESOS during FY2019. There was no share option outstanding as at 30 June 2019 as all share options granted under 2005 ESOS were either exercised or lapsed.

The RC also administers the Karin Performance Share Plan (the "**Share Plan**") in accordance with the Rules of the Share Plan approved by Shareholders on 21 October 2010. The key objectives of the Share Plan are to motivate eligible participants to optimise their performance standards and efficiency and to reward them for their significant contributions with participation in the equity of the Company. Group employees and non-executive directors are eligible to participate in the Share Plan. No member of the RC shall be involved in any deliberation of Awards to be granted to him. During FY2019, no treasury shares were awarded to any key executives pursuant to the Share Plan.

The purpose of adopting more than one share plan is to give the Company greater flexibility in aligning the interests of a person selected to participate in the share plan ("**Participants**") with those of shareholders. It is also intended that the 2014 ESOS and Share Plan will complement each other in the Company's continuing efforts to reward and motivate Participants to achieve superior performance. The 2014 ESOS and Share Plan will further strengthen the Company's competitiveness in attracting and retaining employees, especially employees who have the requisite knowledge, technical skills and experience whom the Company believes could contribute to the development and growth of the Group.

The RC hopes that the implementation of the 2014 ESOS in conjunction with the Share Plan will inculcate in the eligible participants a stronger and more lasting sense of identification with the Group.

On 21 October 2010, shareholders have approved the participation in the Share Plan by the respective controlling shareholder, Mr. Raymond Ng and Mr. Philip Ng. The Company is required to seek a specific and separate approval from independent shareholders at a general meeting to approve the specific number of shares and terms of the Share Plan to be granted. During FY2019, the Company did not convene a general meeting on the grant of specific number of shares under the Share Plan to Mr. Raymond Ng or Mr. Philip Ng.

Mr. Raymond Ng and Mr. Philip Ng have been substantial shareholders of the Company since incorporation. None of the directors or CEO buys and sells shares for the past 3 years.

No external remuneration consultant was appointed in FY2019. If necessary, the RC shall seek expert advice on remuneration of all directors and ensure that any relationship between the appointed consultant and any of its director or company will not affect the independence and objectivity of the remuneration consultant.

PRINCIPLE 8 - LEVEL AND MIX OF REMUNERATION

The RC recommends to the Board a framework of remuneration for the Directors and key executive officers, and determines specific remuneration packages for each Executive Director. The recommendations of the RC on the remuneration of Directors would be submitted for endorsement by the entire Board. All aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses, options and benefits-in-kind shall be covered by the RC.

The remuneration of the Executive Directors and key executive officers comprises fixed component, variable component and other benefits.

The fixed component relates to basic salary, statutory contributions and fixed allowances. The variable component comprises profit sharing bonus for the Executive Directors based on the Group's performance, and variable bonus for key executive officers that is linked to the performance of the Group and individual. Another element of the variable component under the remuneration package is the long-term incentive schemes such as 2014 ESOS and Share Plan, set to ensure that it is competitive and sufficient to attract, retain and motivate directors and key executive officers of the required experience and expertise to run the Company successfully. Award of long-term incentive schemes is based on the Group's financial health such as profit and loss and growth and qualitative and quantitative assessment of individual performance over a period of time. There are appropriate and meaningful measures for the purpose of assessing the performance of Executive Directors and key executive officers.

Other benefits are provided, which are consistent with market practice, and include medical benefits, travel allowances, car expenses and other flexible benefits. For staff who are located outside their home market, additional benefits such as cost of living allowances and home leave passages are provided.

The Remuneration Committee is satisfied that performance conditions of the Directors and key management for the year under review were met.

The service agreement of the Executive Directors is subject to review by the RC. The key terms among others, appointment period, remuneration and renewal term will be reviewed by the RC on annual basis.

Independent directors are paid a fee for sitting on any of the Board Committees. Save for Directors' fees which have to be approved by the shareholders at every AGM, independent directors do not receive any remuneration from the Company.

There are no termination or retirement benefits that are granted to the Directors. Having considered the variable components of the Executive Directors and key executive officers, the RC is of the view that it is currently not necessary to use contractual provisions to allow the Company to reclaim incentive components of remuneration from the Executive Directors and key management personnel in exceptional circumstances of misstatement of financial statements, or of misconduct resulting in financial loss to the Company.

PRINCIPLE 9 – DISCLOSURE ON REMUNERATION

The annual remuneration band of each individual Director and the top 5 key executives for the financial year ended 30 June 2019 are set out below:

Directors' Remuneration

Name of director	Remuneration band	Director's fee %	Salary & benefit %	Variable bonus %	Grant of share options %	Total %
Mr. Ng Kin Wing, Raymond	I	-	78.3	21.7	_	100.0
Mr. Ng Mun Kit, Michael	I	-	62.1	37.9		100.0
Mr. Lee Yiu Chung, Eugene	I	-	77.8	22.2	-	100.0
Prof. Ng Tung Sang	1	100.0	_	_	-	100.0
Mr. Lim Yew Kong, John	1	100.0	-	-	-	100.0
Mr. Lawrence Kwan	I	100.0	-	_	_	100.0

Top 5 Key Executives' Remuneration

Name of key executive	Remuneration band	Salary & benefit %	Variable bonus %	Grant of share options %	Total %

Karin Technology Holdings Limited Annual Report 2019

REPORT ON CORPORATE GOVERNANCE

Mr Ng Kam Wing, Allan has resigned from the Company effective 1 January 2019 to pursue his personal retirement plans.

Information on immediate family members of a director or CEO and whose remuneration exceeds S\$50,000 during FY2019 is set out below:

Name	Family relationship with any Director and/or substantial shareholder	Remuneration band
Ng Yuk Wing, Philip	Father of Ng Mun Kit, Michael, brother of Ng Kin Wing, Raymond and Ng Kam Wing, Allan, Executive Director, Executive Chairman and CEO, Executive Technology Officer of the Group, respectively.	S\$300,000 to S\$349,999
Ng Kam Wing, Allan	Brother of Ng Yuk Wing, Philip and Ng Kin Wing, Raymond, Executive Advisor and Executive Chairman and CEO of the Group, respectively.	S\$100,000 to S\$149,999

For competitive reasons, the Company is not disclosing each individual Director's remuneration. Instead, the Company is disclosing remuneration of each Director in bands of \$\$250,000.

To maintain confidentiality of staff remuneration and to prevent poaching of key management personnel, especially in the evolving and fast-paced IT and Components industry which the Company is operating, the Company shall not disclose the aggregate remuneration paid to the key management personnel of the Group in this report. Instead, the Company discloses the total remuneration paid to the top 5 key management personnel which is approximately S\$1,030,000. Key executives' remuneration is set in accordance with a remuneration framework comprising salary (including basic salary and benefits-in-kind), and variable payments.

Mr. Ng Kin Wing, Raymond and Mr. Ng Mun Kit, Michael were not involved in the deliberation and determination of the remuneration of their family members.

Details of the 2014 ESOS are set out in the Notes to the financial statements.

PRINCIPLE 10 – ACCOUNTABILITY

The Board provides shareholders with half yearly and annual financial results. In presenting the financial results, the Board aims to provide shareholders with a balanced and understandable assessment of the Company's performance, position and prospects on a half-yearly basis. Such responsibility is extended to the other price-sensitive public reports and reports to regulators (if required).

The Board takes adequate steps to ensure compliance with legislative and regulatory requirements.

The Board accepts that it is accountable to the shareholders while the Management is accountable to the Board. Management provides all members of the Board with a balanced and understandable key financial data with such information and explanation on a quarterly basis. Furthermore, the Management has been providing all the Executive Directors with monthly consolidated financial reports.

PRINCIPLE 11 - RISK MANAGEMENT AND INTERNAL CONTROLS

The Board believes in the importance of maintaining a sound system of internal controls to safeguard the interests of the shareholders and the Group's assets. The system of internal controls provides reasonable, but not absolute, assurance that the Group will not be adversely affected by any event that could be reasonably foreseen as it strives to achieve its business objectives.

The Board oversees Management in the areas of risk management and internal control system. The Board regularly reviews and improves the Company's business and operational activities to identify areas of significant risks as well as take appropriate measures to control and mitigate these risks.

The Board, with the assistance of the Audit and Risk Management Committee ("**ARMC**"), assesses the effectiveness of the system of internal controls established and maintained by the Group, addressing financial, operational and compliance risks, by considering reviews performed by the Management and the internal assessment reports performed by internal audit staff from the Internal Audit Department.

The internal audit staff ("**Internal Auditor**") reviews the effectiveness of the system of internal controls established and maintained by the Group based on the Internal Audit Plan approved by the ARMC, after consultation with Management so as to suit the specific requirements of the Group. The Internal Audit Reports are presented to the ARMC regularly. The Internal Auditor also monitors and evaluates the effectiveness of the Group's risk management processes. The Internal Auditor reviews the Karin Group Risk Register which consists of risks identified and recorded by Management and reports to the ARMC on the assessment of the risk management in connection with the risk to which they are related. The key executives hold monthly management meeting to discuss issues on business risks and its assessments.

The Board reviews the adequacy and effectiveness of the Company's internal control systems (including financial, operational, compliance and information technology) and risk management systems. Based on the reports presented, the Board, with the concurrence of the ARMC, is of the opinion that the system of internal controls established and maintained by the Group addressing financial, operational, compliance and information technology controls as well as risk management systems, were adequate to meet the needs of the Group in its current business environment. The controls relating to information technology were reviewed by the internal audit staff and reviewed by the ARMC during FY2019.

The Board, with the assistance of the ARMC, oversees risk management and does not have a separate risk committee.

The Board received assurance in writing from the CEO and Group Financial Controller, namely, Mr. Ng Kin Wing, Raymond and Mr. Wong Chi Cheung, Clarence, that financial records have been properly maintained and financial statements of the Company give a true and fair view of the Company's operations and finances. The assurance from Mr. Ng Kin Wing, Raymond and Mr. Wong Chi Cheung, Clarence also includes effectiveness of the Company's risk management and internal control systems.

37

REPORT ON CORPORATE GOVERNANCE

PRINCIPLE 12 – AUDIT AND RISK MANAGEMENT COMMITTEE ("ARMC")

The ARMC comprises three members, all are independent directors. They are:

Mr. Lim Yew Kong, John	-	Chairman
Prof. Ng Tung Sang	-	Member
Mr. Lawrence Kwan	-	Member

At least 2 members of the ARMC including the Chairman have accounting or related financial management expertise or experience.

The role of the ARMC is to assist the Board with discharging its responsibilities to safeguard the Company's assets, maintain adequate accounting records and, develop and maintain effective system of internal controls. The ARMC has explicit authority to investigate any matter within its Terms of Reference with full access to and co-operation by Management.

The ARMC, which has written terms of reference, meets periodically to perform its functions which include, but not limited to, the following:

- review the significant reporting issues and judgements to ensure integrity of financial statements of the Company and formal announcements relating to the Company's financial performance;
- review adequacy and effectiveness of the Group's internal controls including financial, operational, compliance and information technology controls;
- review the effectiveness of the Company's internal audit function;
- review the scope and results of external audit and independence and objectivity of the Company's external auditor;
- review the co-operation given by the Company's officers to the external auditor;
- nominate external auditors for re-appointment;
- review interested person transactions, if any; and
- review Whistle-Blowing Policy.

During the year, the ARMC has performed, among others, the following:

- reviewed the Management Letter from Ernst & Young, Hong Kong ("E&Y");
- reviewed all non-audit services provided by E&Y. Details of the audit and non-audit fees paid to E&Y and other auditors are set out on page 100 of the Annual Report. The ARMC is satisfied that such services would not affect the independence and objectivity of the external auditor;
- reviewed the Karin Group Risk Register and assessed the Group's risks reported by the Internal Auditor, which includes both emerging and current risks;
- Internal Audit Plan of the Group and outcome of the internal audit review presented to the ARMC;
- updated on the follow-up action to the internal audit review;
- reviewed financial statements of the Company prior to its release;
- obtained quarterly update on the status of whistle-blowing; and
- reviewed all interested person transactions.

The ARMC reviewed the scope and quality of the audits and the independence and objectivity of the external auditor as well as the cost effectiveness. The ARMC is satisfied that the external auditor, E&Y is able to meet the audit requirements and statutory obligation of the Company. The ARMC has nominated E&Y, for re-appointment as external auditor of the Company at the forthcoming AGM. E&Y is an auditing firm acceptable by the Singapore Exchange Securities Trading Limited (the "SGX-ST"). The Company is in compliance with Rule 712 of the Listing Manual of the SGX-ST. E&Y has been appointed as the Company's external auditor since its public listing in Singapore in 2005.

The ARMC and Board are satisfied that the appointment of different auditors for its subsidiaries incorporated in Singapore and the People's Republic of China ("**PRC**") would not compromise the standard and effectiveness of the audit of the Company. The Company therefore is in compliance with Rules 715 and 716 of the Listing Manual of SGX-ST. The Company has engaged suitable auditing firms for its significant foreign-incorporated subsidiaries and associated company. Accordingly, the names of auditing firms for its significant subsidiaries and associated company are disclosed below, pursuant to Rule 717 of the Listing Manual of SGX-ST:

Name of significant subsidiaries and associated companies	Name of auditing firm					
New Spirit Electronic Technology Development (Shenzhen) Company Limited	Wongga Partners Certified Public Accountants (SZ) General Partner					
Karin Electronic Trading (Shenzhen) Company Limited	Wongga Partners Certified Public Accountants (SZ) General Partner					
Karin International Trading (Shanghai) Company Limited	Shanghai Jialiang CPAs Limited					
Karltec Information System (Shenzhen) Company Limited	Wongga Partners Certified Public Accountants (SZ) General Partner					
Matrix Power Technology (Shenzhen) Co. Ltd.	Shenzhen Zhonghang Certified Public Accountants					
I M I Kabel Pte. Ltd.	KBH Integra PAC					
Karsing Pte. Ltd.	HLB Atrede LLP					
Shanghai Cosel International Trading Co. Ltd.	Shanghai HDDY Certified Public Accountants Co., Ltd.					

The ARMC meets periodically and also holds informal meetings and discussion with Management from time to time. The ARMC has full discretion to invite any director or executive officer to attend its meetings.

The ARMC met, including but not limited to telephone conference, with the external auditor and Internal Auditor without the presence of Management, at least once annually.

The ARMC had established a written whistle-blowing policy, by which staff of the Company and any other persons may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters. Whistleblower channels, such as email addresses and phone numbers are created for reporting of whistle-blowing events. All staff should be aware about the existence of the whistle-blowing policy. The whistle-blowing policy has been posted on the Group's corporate website. Each of the ARMC members or two of the senior management is the channel for reporting of suspicious non-compliance or improprieties. The ARMC obtained quarterly update on the status of whistle-blowing.

The ARMC has reasonable resources to enable it to discharge its functions properly. The ARMC is updated annually on any changes in accounting standards by the external auditor. During the year, E&Y briefed the Directors on the new IFRSs and received updates relating to accounting practices. No former partner or director of the Company's existing auditing firm is a member of the ARMC.

39

PRINCIPLE 13 - INTERNAL AUDIT

The Company has established an Internal Audit Department and employed a full time Internal Auditor ("**Internal Auditor**") whom is a member of the Hong Kong Institute of Certified Public Accountants to perform the internal audit function and to improve the system and processes of internal controls of the Company. The Internal Auditor primarily reports to the Chairman of ARMC. The ARMC is responsible for the hiring, removal, evaluation and compensation of the Internal Auditor. The Internal Auditor has unfettered access to all the Company's documents, records, properties and personnel including access to the ARMC.

The ARMC has bi-annually reviewed the internal audit programme, the scope and results of internal audit procedures. The ARMC reviews the adequacy and effectiveness of the internal audit function. The Internal Auditor carries out its function in accordance to the Standards for Professional Practice of Internal Auditing set by The Institute of Internal Auditors. The ARMC is satisfied that the internal audit function is adequately resourced and has appropriate standing within the Company. The ARMC is also satisfied that the Internal Auditor is staffed by suitably qualified and experienced personnel.

COMMUNICATION WITH SHAREHOLDERS

PRINCIPLE 14 – SHAREHOLDER RIGHTS

In line with the continuing disclosure obligations of the Company pursuant to the Listing Rules of the SGX-ST, the Board's policy is to facilitate the exercise of ownership rights by all shareholders, particularly shareholders would be informed promptly of all major developments that impact the Group or business which would likely materially affect the price or value of the Company's shares.

The AGM of the Company is the principal forum for dialogue and interaction with all shareholders. Shareholders are given the opportunity to participate at the AGM. Notice of AGM is dispatched to shareholders, together with explanatory notes or a circular on items of special business (if necessary), at least 14 days before the meeting. There are separate resolutions at general meetings on each separate issue. Shareholders are informed of the rules and voting procedures at the AGM.

Under the existing Bye-laws of the Company, corporations which provide nominee or custodial services are allowed to appoint more than two proxies to attend and vote at the same general meeting. A registered shareholder of the Company entitled to attend and vote at a meeting of the Company is entitled to appoint one or two proxies to attend and vote instead of him.

PRINCIPLE 15 - COMMUNICATION WITH SHAREHOLDERS

Information is communicated to shareholders on a timely basis, through annual reports that are issued to all shareholders within the mandatory period, half-yearly and full year results announcements, notice of the general meeting and explanatory memoranda for annual general meetings and special general meetings, press releases and disclosures to the SGX-ST. The Company also holds media and analyst briefings. The Company ensures that price sensitive information is publicly released and is announced on an immediate basis, where required, under the listing Manual of the SGX-ST. Where an immediate announcement is not possible, the announcement is made as soon as possible to ensure that shareholders and the public have a fair access to the information.

The Company has appointed an Investor Relations ("**IR**") firm in Singapore to handle all its investor relations affairs, including but not limited to establish and maintain regular dialogue with shareholders. The IR prepared press releases relating to the Company's products and business and it was released to the SGX-ST on a timely manner. Details of the IR firm are disclosed in the Corporate Information page of the Annual Report.

The Company always updates its corporate website in English with an investor relations section at www.karingroup.com through which shareholders will be able to access information of the Group. The website provides a business profile, corporate announcements, press releases, annual reports and other information of the Group.

The Board may from time to time review the provisions of the existing Bye-laws of the Company to ensure they are in line with the good corporate governance practices as recommended by the 2012 Code. If the Board deems fit, it may propose any necessary amendment to the same to the shareholders for approval.

In its consideration for dividend payment, the Company takes into account, among other factors, current cash position, future cash needs, profitability, retained earnings and business outlook. The Company takes the view that, committing to a fixed dividend policy, may jeopardize its financial position in times of adverse changes in market conditions. Hence it does not have a fixed dividend policy. Nevertheless, it has been making dividend payments each and every year since its public listing in 2005. For FY2019, in addition to the already paid HK5.8 cents per share interim dividend (tax not applicable), the Company is recommending a final dividend of HK7.8 cents per share (tax not applicable), subject to approval by shareholders at the Annual General Meeting.

PRINCIPLE 16 - CONDUCT OF SHAREHOLDER MEETINGS

The Company holds its AGM in Singapore. The Board welcomes shareholders to voice out their views and direct questions regarding the Group at the AGM. The members of the Board and the Board Committees, senior management and external auditor would be present at the AGM to answer questions from shareholders. As the present Bye-Laws of the Company do not have a provision to allow shareholders to vote in absentia, via methods such as e-mail, fax, etc., and the legal and regulatory environment is not entirely conducive for voting in absentia, the Company does not allow a shareholder to vote in absentia at general meetings. The introduction of absentia voting methods will be deferred until an appropriate time.

Minutes of general meetings include substantial and relevant queries or comments from shareholders discussed in the AGM relating to the agenda of the meeting and responses from the Board and Management. These minutes would be available to shareholders upon their request.

The Company puts all resolutions to vote by poll at the AGM and releases an announcement on the detailed results of voting.

DEALINGS IN SECURITIES

The Directors of the Company have devised and adopted its own internal compliance code on Securities Transactions by Officers to govern the dealings in securities by the Company, the Directors and Officers of the Company and the Group, which is guided by the requirements of Rule 1207(19) of the Listing Manual of the SGX-ST.

In line with the internal compliance code, the Company issues circulars to its Directors, Officers and employees of the Group to ensure that there must be no dealings in the Company's listed securities by the Company, its Directors, Officers and employees on short term considerations or one month before release of the half-yearly and full year financial results, and if they are in possession of any unpublished material price-sensitive information. All Directors are also required to file with the Company reports on all their dealings in the listed securities of the Company on a timely basis.

MATERIAL CONTRACTS

There are no material contracts of the Company or its subsidiaries involving the interest of the Executive Chairman and CEO or any other Directors or controlling shareholders subsisting at the end of the financial year.

INTERESTED PERSON TRANSACTIONS

All interested person transactions are documented and reported in a timely manner to the ARMC to ensure the transactions are conducted on an arm's length basis and are not prejudicial to the interest of the shareholders.

The Company does not have an Interested Person Transactions mandate.

The transaction with an interested person for transactions entered into for the financial year ended 30 June 2019 is as follow:

Name of interested person	Aggregate value of all interested person transactions during the financial year under review (excluding transactions less than S\$100,000 and transactions conducted under shareholders' mandate pursuant to Rule 920)	Aggregate value of all interested person transactions conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than S\$100,000)
JP Software Inc – Provision of IT programming services	HK\$662,148 (equivalent to S\$114,780)	NIL

Apart from the above, there were no other interested person transaction during the financial year.

RISK MANAGEMENT

The Company regularly reviews and improves its business on operational level by taking into account the risk management perspective. The Company seeks to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks. The Company reviews all significant control policies and procedures and highlights all significant matters to the ARMC.

WHISTLE-BLOWING POLICY AND PROCEDURES

The Group has established a whistle-blowing policy and appropriate procedures have been developed to provide a proper process within the Group for reporting malpractices, illegal acts or acts of omission that employees may encounter at work. No reporting for any of such incidents happened during the financial year ended 30 June 2019. Whistle-blowing policy both in English and Chinese are made available to all stakeholders of the Company through publishing it on the Group's corporate website.

SUSTAINABILITY REPORT

The Group recognises that sustainability is increasingly important for business. We focus on economic, environmental and social areas to underpin our sustainability strategy. We are committed to managing the relevant sustainability risks and opportunities across the portfolio to ensure the long-term well-being of our business while contributing positively to the environment and community.

Currently, the Group is in the process of preparing its 2019 Sustainability Report and compiling the relevant ESG factors, with the support of an external consultant. Within this report, the Group will disclose the environmental, social and governance factors that are most relevant, how these will be measured, monitored and managed and the targets for the forthcoming year. The Group looks forward to share this report on the website of SGX-ST.

REPORT OF THE DIRECTORS

The directors present their report and the audited financial statements of Karin Technology Holdings Limited (the "**Company**") and its subsidiaries (together, the "**Group**") for the year ended 30 June 2019.

DIRECTORS

The directors of the Company in office during the year and up to the date of this report were:

EXECUTIVE DIRECTORS:

Mr. Ng Kin Wing, Raymond – Executive Chairman and Chief Executive Officer Mr. Ng Mun Kit, Michael – Executive Director Mr. Lee Yiu Chung, Eugene – Chief Operating Officer

INDEPENDENT DIRECTORS:

Prof. Ng Tung Sang Mr. Lim Yew Kong, John Mr. Lawrence Kwan

In accordance with the bye-laws of the Company, Mr. Ng Kin Wing, Raymond and Mr. Lim Yew Kong, John will retire and, being eligible, will offer themselves for re-election at the forthcoming annual general meeting ("**AGM**").

PRINCIPAL ACTIVITIES

The principal activity of the Company is investment holding. Details of the principal activities of the principal subsidiaries are set out in notes 1 and 14 to the financial statements. There were no significant changes in the nature of the Group's principal activities during the year.

RESULTS AND DIVIDENDS

Details of the results of the Group for the year ended 30 June 2019 and the financial position of the Company and of the Group at that date are set out in the financial statements on pages 54 to 136.

An interim dividend of HK5.8 cents per ordinary share with a total amount of approximately HK\$12,455,000 was paid on 20 March 2019. The directors of the Company proposed a final dividend for the year ended 30 June 2019 of HK7.8 cents per ordinary share with a total amount of approximately HK\$16,750,000. This recommendation is subject to the approval of the Company's shareholders at the forthcoming annual general meeting.

ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES AND DEBENTURES

Except for the share options as described in this report, neither at the end of nor at any time during the year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures of the Company or any other body corporate.

REPORT OF THE DIRECTORS (continued)

DIRECTORS' INTERESTS IN SHARES AND DEBENTURES

According to the register of directors' shareholdings, the following directors, who held office at the end of the financial year, had an interest in shares of the Company and related corporations (other than wholly-owned subsidiaries) as stated below:

	Direct ir	nterest	Deemed	interest
Name of director	At the beginning of the financial year		At the beginning of the financial year	At the end of the financial year
The Company (ordinary shares of HK\$0.10 each)				
Mr. Ng Kin Wing, Raymond	_	_	70,639,950	70,639,950
Mr. Ng Mun Kit, Michael	_	_	70,639,950	70,639,950
Mr. Lee Yiu Chung, Eugene (*)	_	_	5,995,000	5,995,000
Prof. Ng Tung Sang (*)	_	-	100,000	100,000
Mr. Lim Yew Kong, John	100,000	100,000	_	
	100,000	100,000	147,374,900	147,374,900

(*): Prof. Ng Tung Sang and Mr. Lee Yiu Chung, Eugene respectively are deemed interested in the shares held by DBS Bank (Hong Kong) Limited.

Mr. Ng Kin Wing, Raymond and Mr. Ng Mun Kit, Michael, who by virtue of their interests of not less than 20% of the issued capital of the Company, are deemed to have interests in the shares of the subsidiaries of the Company.

There was no change in any of the aforementioned interests between the end of the financial year and 21 July 2019, being 21 days from the end of the financial year.

Except as disclosed in this report, no director of the Company who held office at the end of the financial year had interests in shares, share options, warrants or debentures of the Company, or of related corporations, either at the beginning of the financial year, or date of appointment if later, or at the end of the financial year.

DIRECTORS' CONTRACTUAL BENEFITS

Except for the directors' remuneration as disclosed in the consolidated financial statements, since the end of the previous financial year, no director of the Company has received or become entitled to receive any benefit by reason of a contract made by the Company, a related corporation with the director, a firm of which the director is a member, or a company in which the director has a substantial financial interest.

REPORT OF THE DIRECTORS (continued)

SHARE OPTIONS

The 2005 Karin Employee Share Option Scheme (the "**2005 ESOS**") for employees of the Group including executives and independent directors was adopted on 20 January 2005. Since the adoption of the 2005 ESOS, a total of 12,860,000 share options were granted to the directors and employees of the Group, a total of 12,760,000 share options were exercised and a total of 100,000 share options were lapsed due to resignation of an employee before exercising the share options.

The committee administering the 2005 ESOS comprises three independent directors, namely Prof. Ng Tung Sang, Mr. Lim Yew Kong, John and Mr. Lawrence Kwan.

As at 30 June 2019, there was no outstanding share option held by any directors holding office or employees who received 5% or more of the total number of options granted pursuant to the Scheme.

During the year under review, no share option was granted pursuant to the 2005 ESOS and 150,000 share options were exercised. Further details of the 2005 ESOS are set out in note 28 to the financial statements.

Pursuant to a resolution passed at the annual general meeting held on 9 October 2014, the 2005 ESOS was cancelled and the 2014 Karin Employee Share Option Scheme (the "**2014 ESOS**") has been adopted. Since the adoption of the 2014 ESOS and during the year under review, no share option was granted pursuant to the 2014 ESOS and no share options were exercised. Further details of the 2014 ESOS are set out in note 28 to the financial statements.

KARIN PERFORMANCE SHARE PLAN

The Karin Performance Share Plan (the "Plan") was adopted on 21 October 2010.

The committee administering the Plan is the Remuneration Committee which comprises the three independent directors, namely Prof. Ng Tung Sang, Mr. Lim Yew Kong, John and Mr. Lawrence Kwan.

During the current financial year and the prior financial year, no treasury share was awarded to employees of the Group.

As at 30 June 2019, save for the above, no shares have been awarded pursuant to the Plan and in particular, no shares were awarded pursuant to the Plan to:

- (i) any directors of the Company;
- (ii) any controlling shareholders and their associates; and
- (iii) any employees of the Group which results in them receiving 5% or more of the total number of shares available under the Plan.

Since the commencement of the Plan, an aggregate of 6,935,000 shares have been awarded to employees of the Group.

Karin Technology Holdings Limited Annual Report 2019

REPORT OF THE DIRECTORS (continued)

AUDIT AND RISK MANAGEMENT COMMITTEE

The Audit and Risk Management Committee comprises three members, all being independent directors. The current composition is as follows:

Mr. Lim Yew Kong, John (Chairman) Prof. Ng Tung Sang Mr. Lawrence Kwan

The Audit and Risk Management Committee performs the functions specified in the Listing Manual and the Best Practice Guide of the Singapore Exchange Securities Trading Limited, and the Code of Corporate Governance 2012. The functions performed are detailed in the Report on Corporate Governance on pages 22 to 42 of the Annual Report.

The Audit and Risk Management Committee has nominated Ernst & Young, Certified Public Accountants, Hong Kong for re-appointment as auditors of the Company at the forthcoming annual general meeting. The Audit and Risk Management Committee has conducted an annual review of the non-audit services to satisfy itself that the nature and extent of such services will not prejudice the independence and objectivity of the external auditors before confirming their re-nomination.

AUDITORS

The auditors, Ernst & Young, Certified Public Accountants, Hong Kong, have expressed their willingness to accept the re-appointment.

On behalf of the board of directors:

Ng Kin Wing, Raymond *Executive Chairman and CEO*

27 September 2019

Ng Mun Kit, Michael *Executive Director*

STATEMENT BY DIRECTORS

We, Ng Kin Wing, Raymond and Mr. Ng Mun Kit, Michael, being two of the directors of Karin Technology Holdings Limited, do hereby state that, in the opinion of the directors,

- (i) the accompanying consolidated and company statements of financial position, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows together with notes thereto as set out on pages 54 to 136 are drawn up so as to present fairly, in all material respects, the financial position of the Company and of the Group as at 30 June 2019 and of the results of the business, changes in equity and cash flows of the Group for the year then ended, and
- (ii) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

On behalf of the board of directors:

Ng Kin Wing, Raymond *Executive Chairman and CEO* **Ng Mun Kit, Michael** *Executive Director*

27 September 2019

INDEPENDENT AUDITOR'S REPORT

To the shareholders of Karin Technology Holdings Limited (Incorporated in Bermuda with limited liability)

OPINION

We have audited the consolidated financial statements of Karin Technology Holdings Limited (the "**Company**") and its subsidiaries (the "**Group**") set out on pages 54 to 136, which comprise the consolidated statement of financial position of the Group and the financial position of the Company as at 30 June 2019, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows of the Group for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 30 June 2019, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("**IFRSs**") issued by the International Accounting Standards Board (the "**IASB**").

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing ("**ISAs**") issued by the International Auditing and Assurance Standards Board. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with *Code of Ethics for Professional Accountants* (the "**Code**") issued by the Hong Kong Institute of Certified Public Accountants and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matter

Impairment assessment of trade receivables

As at 30 June 2019, the Group had trade receivables of HK\$391,985,000, which represented 41% of the total assets of the Group.

Significant management judgements and estimations are required in assessing the expected credit losses ("ECL") for the trade receivables, with reference to the ageing profile of the trade receivables, historical credit loss experience and both the current and forecast general economic conditions at the reporting date.

The related disclosures are included in notes 3 and 18 to the consolidated financial statements.

Provision for obsolete and slow-moving inventories

As at 30 June 2019, the Group recorded inventories of HK\$176,096,000 after provision against obsolete and slow-moving inventories, which accounted for 18% of the total assets of the Group.

The provision against obsolete and slow-moving inventories is estimated based on the net realisable value of the inventories with reference to the rapid technological advancement and macroeconomic challenges.

We focused on this area because significant judgements and estimations are required due to uncertainty about the impact of technological advancement, product life cycle, market conditions and future sales plans which require management to make judgement based on information available.

The disclosures in relation to inventories and provision for obsolete and slow-moving inventories are included in note 3 to the consolidated financial statements.

How our audit addressed the key audit matter

In evaluating management's impairment assessment, our procedures included: (i) obtaining evidence of subsequent settlements for trade receivable balances on a sample basis; (ii) evaluating management's assumptions used to determine the ECL through testing of the underlying information in the ageing reports and assessing the historical credit loss experience of the debtors as well as the forward-looking factors with reference to the related publicly available information; and (iii) assessing the adequacy of the Group's disclosures in relation to trade receivables included in the financial statements.

We evaluated the Group's forecasted future sales levels based on past experience, subsequent sales status and market-specific considerations.

We considered the inventory provisioning estimation and how it was applied. We obtained an understanding of the analyses and assessments made by management with respect to slow moving and obsolete inventories and endof-life products, including the specific identification of these inventories.

We tested the accuracy of the stock ageing report. We also reviewed and tested the calculation of inventory provision with reference to stock ageing analysis and net realisable value of inventories by checking to subsequent sales after the year end.

OTHER INFORMATION INCLUDED IN THE ANNUAL REPORT

The directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs issued by the IASB, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit and Risk Management Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit and Risk Management Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit and Risk Management Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit and Risk Management Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Chung Chi Ming.

Ng Kin Wing, Raymond *Executive Chairman and CEO* **Ng Mun Kit, Michael** *Executive Director*

30 June 2019

1. CORPORATE INFORMATION

Karin Technology Holdings Limited (the "**Company**") is a limited liability company incorporated in Bermuda. The registered office of the Company is located at Clarendon House, 2 Church Street, Hamilton, HM11, Bermuda. The principal place of business of the Company is located at 2nd Floor, Karin Building, 166 Wai Yip Street, Kwun Tong, Kowloon, Hong Kong.

During the year, the Company and its subsidiaries (collectively referred to as the "**Group**") were involved in the following principal activities:

- (i) the distribution of electronic components ("**Components Distribution**");
- (ii) the provision of computer data storage management solutions and services ("**IT Infrastructure**"); and
- (iii) the distribution and retailing of consumer electronics products ("**Consumer Electronics Products**").

2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with International Financial Reporting Standards ("**IFRSs**") as issued by the International Accounting Standards Board (the "**IASB**"). They have been prepared on a historical cost basis, except for investment properties, financial asset at fair value through profit or loss, financial assets at fair value through other comprehensive income and derivative financial instruments which have been measured at fair value. These financial statements are presented in Hong Kong dollars and all values are rounded to the nearest thousand (HK\$'000) except when otherwise indicated.

BASIS OF CONSOLIDATION

The consolidated financial statements include the financial statements of the Company and its subsidiaries for the year ended 30 June 2019. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group's voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. Adjustments are made to bring into line any dissimilar accounting policies that may exist.

Karin Technology Holdings Limited Annual Report 2019

63

NOTES TO FINANCIAL STATEMENTS

30 June 2019

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following new and revised IFRSs for the first time in the financial statements for the financial year ended 30 June 2019:

Amendments to IFRS 2	Classification and Measurement of Share-based Payment
	Transactions
Amendments to IFRS 4	Applying IFRS 9 Financial Instruments with
	IFRS 4 Insurance Contracts
IFRS 9	Financial Instruments
IFRS 15	Revenue from Contracts with Customers
Amendments to IFRS 15	Clarifications to IFRS 15 Revenue from Contracts with Customers
Amendments to IAS 40	Transfers of Investment Property
IFRIC 22	Foreign Currency Transactions and Advance Consideration
Annual Improvements 2014-2016 Cycle	Amendments to IFRS 1 and IAS 28

Except for the amendments to IFRS 4 and *Annual Improvements 2014-2016 Cycle*, which are not relevant to the preparation of the Group's financial statements, the nature and the impact of the new and revised IFRSs are described below:

Amendments to IFRS 2 Classification and Measurement of Share-based Payment Transactions

Amendments to IFRS 2 address three main areas: the effects of vesting conditions on the measurement of a cash-settled share-based payment transaction; the classification of a share-based payment transaction with net settlement features for withholding a certain amount in order to meet an employee's tax obligation associated with the share-based payment; and accounting where a modification to the terms and conditions of a share-based payment transaction changes its classification from cash-settled to equity-settled. The amendments clarify that the approach used to account for vesting conditions when measuring equity-settled share-based payments also applies to cash-settled share-based payments. The amendments introduce an exception so that a share-based payment transaction with net share settlement features for withholding a certain amount in order to meet the employee's tax obligation is classified in its entirety as an equity-settled share-based payment transaction when certain conditions are met. Furthermore, the amendments clarify that if the terms and conditions of a cash-settled share-based payment transaction is accounted for as an equity-settled transaction from the date of the modification. The amendments have had no impact on the financial position or performance of the Group as the Group does not have any cash-settled share-based payment transactions and has no share-based payment transactions with net settlement features for withholding tax.

30 June 2019

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

IFRS 9 FINANCIAL INSTRUMENTS

IFRS 9 Financial Instruments replaces IAS 39 Financial Instruments: Recognition and Measurement for annual periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement, impairment and hedge accounting.

Classification and measurement

The following information sets out the impacts of adopting IFRS 9 on the statement of financial position, including the effect of replacing IAS 39's incurred credit loss calculations with IFRS 9's expected credit losses ("**ECLs**").

A reconciliation between the carrying amounts under IAS 39 and the balances reported under IFRS 9 as at 1 July 2018 is as follows:

	IAS 39 measurement			IFRS 9 measurement

65

NOTES TO FINANCIAL STATEMENTS

30 June 2019

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

IFRS 9 FINANCIAL INSTRUMENTS (continued) Classification and measurement (continued) Notes:

- (i) The gross carrying amount of the trade and bill receivables under the column "IAS 39 measurement Amount" represents the amount after adjustments for the adoption of IFRS 15 but before the measurement of ECLs.
- (ii) The Group has classified its investment in a project previously classified as loans and receivables as financial asset at fair value through profit or loss as the cash flow characteristics fail the solely comprised of principal and interest criterion or are not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell.
- (iii) The Group has reclassified the factored trade receivables, previously classified as loans and receivables as financial assets at fair value through other comprehensive income as these factored trade receivables are managed within a business model with the objective of both holding to collect contractual cash flows and selling for working capital management and the contractual terms of these receivables give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Impairment

The following table reconciles the aggregate opening impairment allowances under IAS 39 to the ECL allowances under IFRS 9.

	Impairment allowances under IAS 39 at 30 June 2018 HK\$'000	Re-measurement HK\$'000	ECL allowance under IFRS 9 at 1 July 2018 HK\$'000
Trade and bills receivables	5,718	(3,191)	2,527

IFRS 15 REVENUE FROM CONTRACTS WITH CUSTOMERS

IFRS 15 and its amendments replace IAS 11 *Construction Contracts*, IAS 18 *Revenue* and related interpretations and it applies, with limited exceptions, to all revenue arising from contracts with customers. IFRS 15, establishes a new five-step model to account for revenue arising from contracts with customers. Under IFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The principles in IFRS 15 provide a more structured approach for measuring and recognising revenue. The standard also introduces extensive qualitative and quantitative disclosure requirements, including disaggregation of total revenue, information about performance obligations, changes in contract asset and liability account balances between periods and key judgements and estimates.

The Group has adopted IFRS 15 using the modified retrospective method of adoption. Under this method, the standard can be applied either to all contracts at the date of initial application or only to contracts that are not completed at this date. The Group has elected to apply the standard to contracts that are not completed as at 1 July 2018. Set out below are the amounts by which each financial statement line item was affected as at 1 July 2018 as a result of the adoption of IFRS 15:

30 June 2019

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

30 June 2019

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

IFRS 15 REVENUE FROM CONTRACTS WITH CUSTOMERS (continued)

The nature of the adjustment as at 1 July 2018 and the reason for the changes in the statement of financial position as at 30 June 2019 are described below:

Notes:

(i) Volume rebates

Before the adoption of IFRS 15, the Group estimated the expected volume rebates using the probability-weighted average amount of rebates approach and included an allowance for rebates in other payables and accruals.

Under IFRS 15, volume rebates give rise to variable consideration. To estimate the variable consideration to which it will be entitled, the Group applied the 'most likely amount method' as the contracts offer fixed amount of rebates for a single volume threshold for each particular product. The Group then applies the requirements on constraining estimates of variable consideration. Upon adoption of IFRS 15, the Group recognised refund liabilities under other payables and accruals for the expected future rebates and derecognised the provision for rebates under other payables and accruals of HK\$348,000 as at 1 July 2018. The adoption of IFRS 15 did not result in any impact on the opening balance of retained profits as at 1 July 2018 as the estimation of variable considerations and application of constraint are not materially different from the provision estimation under IAS 18.

As at 30 June 2019, under IFRS 15, the Group recognised refund liabilities of HK\$2,529,000 under other payables and accruals for the provision for rebates.

(ii) Consideration received from customers in advance

Before the adoption of IFRS 15, the Group recognised consideration received from customers in advance as receipts in advance included in other payables and accruals. Under IFRS 15, the amount is classified as contract liabilities.

Therefore, upon adoption of IFRS 15, the Group reclassified HK\$49,728,000 from receipts in advance included in other payables and accruals to contract liabilities as at 1 July 2018, in relation to the consideration received from customers in advance as at 1 July 2018.

As at 30 June 2019, under IFRS 15, HK\$135,188,000 was reclassified from receipts in advance included in other payables and accruals to contract liabilities, in relation to the consideration received from customers in advance for the IT infrastructure segment.

30 June 2019

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

AMENDMENTS TO IAS 40 TRANSFERS OF INVESTMENT PROPERTY

Amendments to IAS 40 clarify when an entity should transfer property, including property under construction or development, into or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. A mere change in management's intentions for the use of a property does not provide evidence of a change in use. The amendments have had no impact on the financial position or performance of the Group.

IFRIC 22 FOREIGN CURRENCY TRANSACTIONS AND ADVANCE CONSIDERATION

IFRIC 22 provides guidance on how to determine the date of the transaction when applying IAS 21 to the situation where an entity receives or pays advance consideration in a foreign currency and recognises a non-monetary asset or liability. The interpretation clarifies that the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it) is the date on which an entity initially recognises the non-monetary asset (such as a prepayment) or non-monetary liability (such as deferred income) arising from the payment or receipt of the advance consideration. If there are multiple payments or receipts in advance of recognising the related item, the entity must determine the transaction date for each payment or receipt of the advance consideration. The interpretation has had no impact on the Group's financial statements as the Group's accounting policy for the determination of the exchange rate applied for initial recognition of non-monetary assets or non-monetary liabilities is consistent with the guidance provided in the interpretation.

Karin Technology Holdings Limited Annual Report 2019

NOTES TO FINANCIAL STATEMENTS

30 June 2019

2.3 ISSUED BUT NOT YET EFFECTIVE IFRSs

The Group has not applied the following new and revised IFRSs, that have been issued but are not yet effective, in these financial statements.

Amendments to IFRS 3	Definition of a Business ²
Amenuments to invo 5	Deminition of a business
Amendments to IFRS 9	Prepayment Features with Negative Compensation ¹
Amendments to IFRS 10 and IAS 28	Sale or Contribution of Assets between an Investor and
	its Associate or Joint Venture ⁴
IFRS 16	Leases ¹
IFRS 17	Insurance Contracts ³
Amendments to IAS 1 and IAS 8	Definition of Materia [®]
Amendments to IAS 19	Plan Amendment, Curtailment or Settlement ¹
Amendments to IAS 28	Long-term Interests in Associates and Joint Ventures ¹
IFRIC Interpretation 23	Uncertainty over Income Tax Treatments ¹
Annual Improvements 2015-2017 Cycles	Amendments to IFPS 3, IFRS 11, IAS 12 and IAS 23^{1}

¹ Effective for annual periods beginning on or after 1 January 2019

² Effective for annual periods beginning on or after 1 January 2020

³ Effective for annual periods beginning on or after 1 January 2021

⁴ No mandatory effective date yet determined but available for adoption

Further information about certain of these new and revised IFRSs that are expected to be applicable to the Group is described below.

Amendments to IFRS 3 clarify and provide additional guidance on the definition of a business. The amendments clarify that for an integrated set of activities and assets to be considered a business, it must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output. A business can exist without including all of the inputs and processes needed to create outputs. The amendments remove the assessment of whether market participants are capable of acquiring the business and continue to produce outputs. Instead, the focus is on whether acquired inputs and acquired substantive processes together significantly contribute to the ability to create outputs. The amendments have also narrowed the definition of outputs to focus on goods or services provided to customers, investment income or other income from ordinary activities. Furthermore, the amendments provide guidance to assess whether an acquired process is substantive and introduce an optional fair value concentration test to permit a simplified assessment of whether an acquired set of activities and assets is not a business. The Group expects to adopt the amendments prospectively from 1 July 2020.

30 June 2019

2.3 ISSUED BUT NOT YET EFFECTIVE IFRSs (continued)

IFRS 16 replaces IAS 17 Leases, IFRIC 4 Determining whether an Arrangement Contains a Lease, SIC 15 Operating Leases — Incentives and SIC 27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise assets and liabilities for most leases. The standard includes two elective recognition exemptions for lessees — leases of low-value assets and short-term leases. At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). The right-of-use asset is subsequently measured at cost less accumulated depreciation and any impairment losses unless the right-of-use asset meets the definition of investment property in IAS 40, or relates to a class of property, plant and equipment to which the revaluation model is applied. The lease liability is subsequently increased to reflect the interest on the lease liability and reduced for the lease payments. Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset. Lessees will also be required to remeasure the lease liability upon the occurrence of certain events, such as change in the lease term and change in future lease payments resulting from a change in an index or rate used to determine those payments. Lessees will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset. Lessor accounting under IFRS 16 is substantially unchanged from the accounting under IAS 17. Lessors will continue to classify all leases using the same classification principle as in IAS 17 and distinguish between operating leases and finance leases. IFRS 16 requires lessees and lessors to make more extensive disclosures than under IAS 17. Lessees can choose to apply the standard using either a full retrospective or a modified retrospective approach. The Group will adopt IFRS 16 from 1 July 2019. The Group plans to adopt the transitional provisions in IFRS 16 to recognise the cumulative effect of initial adoption as an adjustment to the opening balance of retained earnings at 1 July 2019 and will not restate the comparatives. In addition, the Group plans to apply the new requirements to contracts that were previously identified as leases applying IAS 17 and measure the lease liability at the present value of the remaining lease payments, discounted using the Group's incremental borrowing rate at the date of initial application. The right-of-use asset will be measured at the amount of the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to the lease recognised in the statement of financial position immediately before the date of initial application. The Group plans to use the exemptions allowed by the standard on lease contracts whose lease terms end within 12 months as of the date of initial application. Further analysis, however, will be needed to determine the amount of new rights-of-use assets and lease liabilities to be recognised.

Amendments to IAS 1 and IAS 8 provide a new definition of material. The new definition states that information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. The amendments clarify that materiality will depend on the nature or magnitude of information. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users. The Group expects to adopt the amendments prospectively from 1 July 2020. The amendments are not expected to have any significant impact on the Group's financial statements.

NOTES TO FINANCIAL STATEMENTS

30 June 2019

2.3 ISSUED BUT NOT YET EFFECTIVE IFRSs (continued)

IFRIC 23 addresses the accounting for income taxes (current and deferred) when tax treatments involve uncertainty that affects the application of IAS 12 (often referred to as "uncertain tax positions"). The interpretation does not apply to taxes or levies outside the scope of IAS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments. The interpretation specifically addresses (i) whether an entity considers uncertain tax treatments separately; (ii) the assumptions an entity makes about the examination of tax treatments by taxation authorities; (iii) how an entity determines taxable profits or tax losses, tax bases, unused tax losses, unused tax credits and tax rates; and (iv) how an entity considers changes in facts and circumstances. The interpretation is to be applied retrospectively, either fully retrospectively without the use of hindsight or retrospectively with the cumulative effect of application as an adjustment to the opening equity at the date of initial application, without the restatement of comparative information. The Group expects to adopt the interpretation from 1 July 2019. The interpretation is not expected to have any significant impact on the Group's financial statements.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

INVESTMENTS IN ASSOCIATES

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Group's investments in associates are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses. Adjustments are made to bring into line any dissimilar accounting policies that may exist.

The Group's share of the post-acquisition results and other comprehensive income of associates are included in profit or loss. In addition, when there has been a change recognised directly in the equity of the associate, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associates are eliminated to the extent of the Group's investment in the associates, except where unrealised losses provide evidence of an impairment of the assets transferred. Goodwill arising from the acquisition of the associates is included as part of the Group's investments in associates.

If an investment in an associate becomes an investment in a joint venture, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method. In all other cases, upon loss of significant influence over the associate, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BUSINESS COMBINATIONS AND GOODWILL

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group and liabilities assumed by the Group to the former owners of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts of the acquiree.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 30 June. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill has been allocated to a cash-generating unit (or group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative value of the operation disposed of and the portion of the cash-generating unit retained.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

FAIR VALUE MEASUREMENT

The Group measures its investment properties, financial asset at fair value through profit or loss, financial asset at fair value through other comprehensive income and derivative financial instruments at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
- Level 3 based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

IMPAIRMENT OF NON-FINANCIAL ASSETS

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, financial assets, deferred tax assets and investment properties), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to profit or loss in the period in which it arises.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to profit or loss in the period in which it arises.

RELATED PARTIES

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group;

or

NOTES TO FINANCIAL STATEMENTS

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

RELATED PARTIES (continued)

- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Group are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a holding company, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the Group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a holding company of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

PROPERTY, PLANT AND EQUIPMENT AND DEPRECIATION

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost or valuation of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Leasehold land and buildings	Over the lease terms or 5%, whichever is shorter
Leasehold improvements	20%
Furniture and fixtures	20%
Office equipment	30%
Motor vehicles	25%

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

PROPERTY, PLANT AND EQUIPMENT AND DEPRECIATION (continued)

Where parts of an item of property, plant and equipment have different useful lives, the cost or valuation of that item is allocated on a reasonable basis among the parts and each part is depreciated separately.

Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

INVESTMENT PROPERTIES

Investment properties are interests in land and buildings (including the leasehold interest under an operating lease for a property which would otherwise meet the definition of an investment property) held to earn rental income and/or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes; or for sale in the ordinary course of business. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the end of the reporting period.

Gains or losses arising from changes in the fair values of investment properties are included in profit or loss in the year in which they arise.

Any gains or losses on the retirement or disposal of an investment property are recognised in profit or loss in the year of the retirement or disposal.

If a property occupied by the Group as an owner-occupied property becomes an investment property, the Group accounts for such property in accordance with the policy stated under "Property, plant and equipment and depreciation" up to the date of change in use, and any difference at that date between the carrying amount and the fair value of the property is accounted for as a revaluation in accordance with the policy stated under "Property, plant and equipment and depreciation" above.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

LEASES

Leases that transfer substantially all the rewards and risks of ownership of assets to the Group, other than legal title, are accounted for as finance leases. At the inception of a finance lease, the cost of the leased asset is capitalised at the present value of the minimum lease payments and recorded together with the obligation, excluding the interest element, to reflect the purchase and financing. Assets held under capitalised finance leases are included in property, plant and equipment, and depreciated over the shorter of the lease terms and the estimated useful lives of the assets. The finance costs of such leases are charged to profit or loss so as to provide a constant periodic rate of charge over the lease terms.

Assets acquired through hire purchase contracts of a financing nature are accounted for as finance leases, but are depreciated over their estimated useful lives.

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group is the lessor, assets leased by the Group under operating leases are included in non-current assets, and rentals receivable under the operating leases are credited to profit or loss on the straight-line basis over the lease terms. Where the Group is the lessee, rentals payable under operating leases net of any incentives received from the lessor are charged to profit or loss on the straight-line basis over the lease terms.

Prepaid land lease payments under operating leases are initially stated at cost and subsequently recognised on the straight-line basis over the lease terms. When the lease payments cannot be allocated reliably between the land and buildings elements, the entire lease payments are included in the cost of the land and buildings as a finance lease in property, plant and equipment.

INVESTMENTS AND OTHER FINANCIAL ASSETS (POLICIES UNDER IFRS 9 APPLICABLE FROM 1 JULY 2018)

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income and fair value through profit or loss. The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value, plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under IFRS 15 in accordance with the policies set out for "Revenue recognition (applicable from 1 July 2018)" below.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INVESTMENTS AND OTHER FINANCIAL ASSETS (POLICIES UNDER IFRS 9 APPLICABLE FROM 1 JULY 2018) (continued)

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Financial assets at amortised cost (debt instruments)

The Group measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows.
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)

The Group measures debt investments at fair value through other comprehensive income if both of the following conditions are met:

- (i) The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling.
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

For debt investments at fair value through other comprehensive income, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in other comprehensive income. Upon derecognition, the cumulative fair value change recognised in other comprehensive income is recycled to profit or loss.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

NOTES TO FINANCIAL STATEMENTS

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INVESTMENTS AND OTHER FINANCIAL ASSETS (POLICIES UNDER IFRS 9 APPLICABLE FROM 1 JULY 2018) (continued)

Financial assets at fair value through profit or loss (continued)

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

This category includes derivative instruments and equity investments which the Group had not irrevocably elected to classify at fair value through other comprehensive income. Dividends on equity investments classified as financial assets at fair value through profit or loss are also recognised as other income in profit or loss when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

INVESTMENTS AND OTHER FINANCIAL ASSETS (POLICIES UNDER IAS 39 APPLICABLE BEFORE 1 JULY 2018)

Initial recognition and measurement

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss and loans and receivables, as appropriate. When financial assets are recognised initially, they are measured at fair value plus transaction costs that are attributable to the acquisition of the financial assets, except in the case of financial assets recorded at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition as at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of sale in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments as defined by IAS 39.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with positive net changes in fair value presented as "Other income and gains, net" and negative net changes in fair value presented as "Other expenses, net" in profit or loss. These net fair value changes do not include any dividends or interest earned on these financial assets, which are recognised in accordance with the policy set out for "Revenue recognition" (applicable before 1 July 2018) below.

Financial assets designated upon initial recognition as at fair value through profit or loss are designated at the date of initial recognition and only if the criteria in IAS 39 are satisfied.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INVESTMENTS AND OTHER FINANCIAL ASSETS (POLICIES UNDER IAS 39 APPLICABLE BEFORE 1 JULY 2018) (continued)

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such assets are subsequently measured at amortised cost using the effective interest rate method less any allowance for impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and includes fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in "Other income and gains, net" in profit or loss. The loss arising from impairment is recognised in profit or loss in "Finance costs" for loans and in "Other expenses, net" for receivables.

DERECOGNITION OF FINANCIAL ASSETS (POLICIES UNDER IFRS 9 APPLICABLE FROM 1 JULY 2018 AND POLICIES UNDER IAS 39 APPLICABLE BEFORE 1 JULY 2018)

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred assets is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

IMPAIRMENT OF FINANCIAL ASSETS (POLICIES UNDER IFRS 9 APPLICABLE FROM 1 JULY 2018)

The Group recognises an allowance for ECLs for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

NOTES TO FINANCIAL STATEMENTS

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

IMPAIRMENT OF FINANCIAL ASSETS (POLICIES UNDER IFRS 9 APPLICABLE FROM 1 JULY 2018) (continued) General approach

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information.

For debt investments at fair value through other comprehensive income, the Group applies the low credit risk simplification. At each reporting date, the Group evaluates whether the debt investments are considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Group reassesses the external credit ratings of the debt investments. In addition, the Group considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due.

The Group considers a financial asset in default when contractual payments are 180 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial assets at amortised cost and debt investments at fair value through other comprehensive income are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for trade receivables which apply the simplified approach as detailed below.

- Stage 1 Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs.
- Stage 2 Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs.
- Stage 3 Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

IMPAIRMENT OF FINANCIAL ASSETS (POLICIES UNDER IFRS 9 APPLICABLE FROM 1 JULY 2018) (continued) Simplified approach

For trade receivables that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach in calculating ECLs. Under the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For trade receivables that contain a significant financing component and lease receivables, the Group chooses as its accounting policy to adopt the simplified approach in calculating ECLs with policies as described above.

IMPAIRMENT OF FINANCIAL ASSETS (POLICIES UNDER IAS 39 APPLICABLE BEFORE 1 JULY 2018)

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. An impairment exists if one or more events that occurred after the initial recognition of the asset have an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that a debtor or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and observable data indicating that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses whether impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The amount of any impairment loss identified is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate (i.e., the effective interest rate computed at initial recognition).

The carrying amount of the asset is reduced through the use of an allowance account and the loss is recognised in profit or loss. Interest income continues to be accrued on the reduced carrying amount using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Loans and receivables together with any associated allowance are written off when there is no realistic prospect of future recovery.

If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to "Other expenses, net" in profit or loss.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

FINANCIAL LIABILITIES (POLICIES UNDER IFRS 9 APPLICABLE FROM 1 JULY 2018 AND IAS 39 APPLICABLE BEFORE 1 JULY 2018)

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as loans and borrowings and payables. All financial liabilities are recognised initially at fair value and net of directly attributable transaction costs.

The Group's financial liabilities include trade payables, financial liabilities included in other payables and accruals, and interest-bearing bank and other borrowings.

Subsequent measurement

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in profit or loss.

DERECOGNITION OF FINANCIAL LIABILITIES (POLICIES UNDER IFRS 9 APPLICABLE FROM 1 JULY 2018 AND IAS 39 APPLICABLE BEFORE 1 JULY 2018)

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in profit or loss.

OFFSETTING OF FINANCIAL INSTRUMENTS (POLICIES UNDER IFRS 9 APPLICABLE FROM 1 JULY 2018 AND IAS 39 APPLICABLE BEFORE 1 JULY 2018)

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

DERIVATIVE FINANCIAL INSTRUMENTS

The Group uses derivative financial instruments, such as forward currency contracts, to manage its foreign currency risk. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. The fair value of forward currency contracts is calculated by reference to current forward exchange rates for contracts with similar maturity profiles. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

The Group's forward currency contracts do not qualify for hedge accounting and accordingly any gains or losses arising from changes in fair value are taken directly to profit or loss.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

TREASURY SHARES

Own equity instruments which are reacquired and held by the Company or the Group (treasury shares) are recognised directly in equity at cost. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

INVENTORIES

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the weighted average basis and net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

CASH AND CASH EQUIVALENTS

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits that are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, which are not restricted as to use.

PROVISIONS

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in profit or loss.

INCOME TAX

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

NOTES TO FINANCIAL STATEMENTS

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INCOME TAX (continued)

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries and associates, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries and associates, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INCOME TAX (continued)

Deferred tax assets and liabilities are offset if and only if the Group has a legally enforceable right exists to set off current tax assets and current tax liabilities and the deferred taxes assets and deferred tax liabilities relate to the income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

REVENUE RECOGNITION (APPLICABLE FROM 1 JULY 2018)

Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

(a) Revenue from the sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods.

Some contracts for the sale of products provide customers with volume rebates. The volume rebates give rise to variable consideration.

Volume rebates

Retrospective volume rebates may be provided to certain customers once the quantity of products purchased during the period exceeds a threshold specified in the contract. Rebates are offset against amounts payable by the customer. To estimate the variable consideration for the expected future rebates, the most likely amount method is used for contracts with a single-volume threshold. The requirements on constraining estimates of variable consideration are applied and a refund liability for the expected future rebates is recognised.

(b) Revenue from the provision of warranty and support services is recognised at the point of time when the services is rendered, or recognised over the scheduled period on a straight-line basis because the customer simultaneously receives and consumes the benefits provided by the Group.

Revenue from other sources

Rental income is recognised on a time proportion basis over the lease terms.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

REVENUE RECOGNITION (APPLICABLE FROM 1 JULY 2018) (continued)

Other income

Interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

REVENUE RECOGNITION (APPLICABLE BEFORE 1 JULY 2018)

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- (a) from the sale of goods, when the significant risks and rewards of ownership have been transferred to the buyer, provided that the Group maintains neither managerial involvement to the degree usually associated with ownership, nor effective control over the goods sold;
- (b) from the rendering of services, when the services have been rendered;
- (c) rental income, on a time proportion basis over the lease terms; and
- (d) interest income, on an accrual basis using the effective interest rate method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

CONTRACT LIABILITIES (APPLICABLE FROM 1 JULY 2018)

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received a consideration (or an amount of consideration that is due) from the customer. If a customer pays the consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

REFUND LIABILITIES (APPLICABLE FROM 1 JULY 2018)

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Group ultimately expects it will have to return to the customer.

The Group updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

EMPLOYEE BENEFITS

Share-based payments

(a) Share option scheme

The Company operates a share option scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (i.e., "equity-settled transactions" under IFRS 2).

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted. The fair value is determined by an external valuer using a binomial model.

The cost of equity-settled transactions is recognised in employee benefit expense, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to profit or loss for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

For awards that do not ultimately vest because non-market performance and/or service conditions have not been met, no expense is recognised. Where awards include a market or non-vesting condition, the transactions are treated as vesting irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

EMPLOYEE BENEFITS (continued)

Share-based payments (continued)

(b) Employee performance share plan

The Group operates an employee performance share plan (the "**Performance Share Plan**") for the purpose of motivating participants to optimise performance standards and efficiency and to maintain a high level of contribution to the Group. Employees and independent directors are eligible to participate in the plan. Eligible participants receive fully paid shares of the Company free of charge upon achieving a performance target, whereby employees render services as consideration for the equity instruments (i.e., "equity-settled transactions" under IFRS 2).

The remuneration committee of the board of directors will determine the grant of awards to participants at any time. A participant who is a member of the remuneration committee shall not be involved in deliberations in respect of awards issued from the Performance Share Plan.

The Group will record the expense only at the time the awards are granted and shares of the Company are issued to eligible participants. The amount charged to profit or loss for the grant of awards will be the same as the closing stock price of the Company on the Singapore Exchange Securities Trading Limited (the "SGX-ST") at the date of grant when the Group delivers treasury shares in fulfilment of the awards.

Pension schemes

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the "**MPF Scheme**") under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees' relevant income and are charged to profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group's subsidiaries which operate in Mainland China are required to participate in defined contribution social security schemes operated by the local municipal government. These subsidiaries are required to contribute certain percentages of their payroll costs to the social security schemes. The contributions are charged to profit or loss as they become payable in accordance with the rules of the social security schemes.

BORROWING COSTS

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. All borrowing costs are expensed in the period in which they are incurred.

DIVIDENDS

Interim dividends are proposed and declared, because the Company's bye-laws grant the directors of the Company the authority to declare interim and special dividends. Consequently, interim and special dividends are recognised immediately as a liability when they are proposed and declared.

Final dividends are recognised as a liability when they have been approved by the shareholders in a general meeting and declared. Proposed final dividends are disclosed in the notes to the financial statements.

30 June 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

FOREIGN CURRENCIES

These financial statements are presented in Hong Kong dollars, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with recognition of the gain or loss on change in fair value of the item (i.e., transaction difference on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss is also

In determining the exchange rate on initial recognition of the related asset, expense or income on the derecognition of a non-monetary asset or non-monetary liability relating to an advance consideration, the date of initial transaction is the date on which the Group initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Group determines the transaction date for each payment or receipt of the advance consideration.

The functional currencies of certain overseas and Mainland China subsidiaries and associates are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into Hong Kong dollars at the exchange rates prevailing at the end of the reporting period and their statements of profit or loss and other comprehensive income are translated into Hong Kong dollars at the weighted average exchange rates for the year. The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas and Mainland China subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

30 June 2019

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

JUDGEMENTS

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

Classification between investment properties and owner-occupied properties

The Group determines whether a property qualifies as an investment property, and has developed criteria in making that judgement. Investment property is a property held to earn rentals or for capital appreciation or both. Therefore, the Group considers whether a property generates cash flows largely independently of the other assets held by the Group.

Whether the presumption that investment properties stated at fair value are recovered through sale is rebutted in determining deferred tax

Investment properties are properties held to earn rentals or for capital appreciation or both. The Group has investment properties located in Hong Kong, Singapore and Mainland China which are measured at fair value. In considering whether the presumption in IAS 12 *Income Taxes* that an investment property measured at fair value will be recovered through sale is rebutted in determining deferred tax, the Group has developed certain criteria in making that judgement, such as whether an investment property is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time or through sale. The presumption is rebutted only in the circumstance that there is sufficient evidence such as historical transaction, future development plan and management's intention to demonstrate the investment property is held with the objective to consume substantially all of the presumption for the investment properties located in Mainland China is rebutted. Continuous assessments on the presumption will be made by management at each reporting date.

Deferred tax liabilities on unremitted earnings

Pursuant to the PRC Corporate Income Tax Law, a 10% withholding tax is levied on dividends declared to foreign investors from the foreign investment enterprises established in Mainland China. The requirement is effective from 1 January 2008 and applies to earnings after 31 December 2007. The Group is therefore liable for withholding taxes on dividends distributed by those subsidiaries established in Mainland China in respect of earnings generated from 1 January 2008.

At 30 June 2019 and 2018, no deferred tax has been recognised for withholding taxes that would be payable on the unremitted earnings that are subject to withholding taxes of the Group's subsidiaries established in Mainland China. In the opinion of the directors, it is not probable that these subsidiaries will distribute such earnings in the foreseeable future.

30 June 2019

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

JUDGEMENTS (continued)

Deferred tax liabilities on unremitted earnings (continued)

At 30 June 2019, the aggregate amount of temporary differences associated with investments in subsidiaries in Mainland China for which deferred tax liabilities have not been recognised in the consolidated statement of financial position was approximately HK\$8,618,000 (2018: HK\$8,493,000), details of which are set out in note 26(b) to the financial statements.

ESTIMATION UNCERTAINTY

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Fair value of investment properties

Investment properties are carried in the consolidated statement of financial position at their fair value. The fair value was based on a valuation on these properties conducted by independent professionally qualified valuers using property valuation techniques which incorporate inputs such as current prices in an active market for similar properties and involve making assumptions on certain market conditions existed at the end of the reporting period. Favourable or unfavourable changes to these assumptions would result in changes in the fair value of the Group's investment properties and the corresponding adjustments to the gain or loss recognised in profit or loss and the land and buildings revaluation reserve, respectively.

Write-down of inventories to net realisable value and provision of obsolete and slow-moving inventories

Management reviews the ageing analysis and condition of inventories of the Group at the end of each reporting period, the provision of obsolete and slow-moving inventories is estimated based on the net realisable value of the inventories with reference to the rapid technology advancement and macroeconomic challenges. Significant judgements and estimations are required due to uncertainty about the impact of technological advances, product life cycle, market conditions and future sales plans which require management to make judgement based on information available at the year end.

Provision for expected credit losses on trade receivables

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic products) are expected to deteriorate over the next year which can lead to an increased number of defaults in the sector, the historical default rates are adjusted. At each reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation among historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables is disclosed in note 18 to the financial statements.

30 June 2019

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

ESTIMATION UNCERTAINTY (continued)

Financial assets at fair value through profit or loss

The unlisted equity investment has been valued based on the expected cash flows discounted at current rates applicable for items with similar terms and risk characteristics. These valuations requires the Group to make estimates about expected future cash flows, credit risk and discount rates, and hence they are subjected to uncertainty. The fair value of the unlisted equity investment at 30 June 2019 was HK\$1,017,000. Further details are included in note 16 to the financial statements.

4. OPERATING SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on their products and services and has three reportable operating segments as follows:

- (a) the "Components Distribution" operating segment engages in the distribution and trading of electronic components and cables;
- (b) the "IT Infrastructure" operating segment engages in the provision of computer data storage management solutions and services; and
- (c) the "Consumer Electronics Products" operating segment engages in the distribution and retailing of consumer electronics products.

Management monitors the results of the Group's reportable operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment results, which is a measure of adjusted profit before tax. The adjusted profit before tax is measured consistently with the Group's profit before tax except that bank interest income, other income, fair value changes on investment properties and financial asset at fair value through profit or loss, and derivative financial instruments, finance costs, share of profits and losses of associates and corporate and other unallocated expenses are excluded from such measurement.

Segment assets exclude investments in associates, deferred tax assets, derivative financial instruments, income tax recoverable, cash and cash equivalents and corporate and other unallocated assets as these assets are managed on a group basis.

Segment liabilities exclude income tax payable, interest-bearing bank and other borrowings, deferred tax liabilities and corporate and other unallocated liabilities as these liabilities are managed on a group basis.

Intersegment sales and transfers are transacted with reference to the selling prices used for sales made to third parties at the then prevailing market prices.

5. REVENUE, OTHER INCOME AND GAINS, NET (continued)

Revenue from contracts with customers (continued)

(i) Disaggregated revenue information (continued)

The following shows the amount of revenue recognised in the current reporting period that were included in the contract liabilities at the beginning of the reporting period:

	Total HK\$'000
Revenue recognised that was include in contract liabilities at the beginning of the reporting period:	
Sales of goods	33,495
Provision of professional and warranty services	16,233
	49,728

(ii) Performance obligations

Information about the Company's performance obligations is summarised below:

Sale of goods

The performance obligation is satisfied upon product delivery and payment is generally due within 30 to 60 days from delivery, where payment in advance is normally required.

Provision of professional and warranty services

The performance obligation is satisfied upon service delivery, or over time as services are rendered and payment is generally due within 30 to 60 days from the date of billing.

The transaction prices allocated to the remaining performance obligations (unsatisfied or partially unsatisfied) as at 30 June 2019 are as follows:

	HK\$'000
Within one year	133,460
More than one year	1,728
	135,188

The remaining performance obligations expected to be recognised in more than one year relate to warranty services that are to be satisfied within two years. All the other remaining performance obligations are expected to be recognised within one year. The amounts disclosed above do not include variable consideration which is constrained.

Interest on bank and other borrowings	4,814	3,436
Interest on finance leases	13	10
	4,827	3,446

8. INCOME TAX EXPENSE

Hong Kong profits tax has been provided at the rate of 16.5% (2018: 16.5%) on the estimated assessable profits arising in Hong Kong during the year. Taxes on profits assessable elsewhere have been calculated at the rates of tax prevailing in the jurisdictions in which the Group operates.

	Group	Group	
	2019	2018	
	НК\$'000	HK\$'000	
Current			
Charge for the year	7,396	6,348	
(Overprovision)/underprovision in prior years	(307)	293	
	7,089	6,641	
Deferred (note 26)	(2,579)	238	
	(_;;;;;)		
Tabel too summer for the same	4 540	6 070	
Total tax expense for the year	4,510	6,879	

New Spirit Electronic Technology Development (Shenzhen) Company Limited, a wholly-owned subsidiary of the Group, is subject to a preferential tax rate of 15% (2018: 15%) as it was designated as a high technology enterprise for the years ended 30 June 2019 and 2018.

30 June 2019

8. INCOME TAX EXPENSE (continued)

A reconciliation of the tax expense applicable to profit before tax at the statutory rate of Hong Kong to the tax expense at the effective tax rate is as follows:

	Group	
	2019	2018
	HK\$'000	HK\$'000
Profit before tax	36,824	34,149
Tax at the statutory rate of Hong Kong of 16.5% (2018: 16.5%)	6,076	5,635
Adjustments in respect of current tax of previous periods	(307)	293
Income not subject to tax	(493)	(1,081)
Expenses not deductible for tax	443	667
Tax losses utilised from previous periods	(327)	(944)
Tax losses not recognised	613	2,406
Profits and losses attributable to associates	(158)	(22)
Others	(1,337)	(75)
Tax expense at the Group's effective rate of 12.2% (2018: 20.1%)	4,510	6,879

The weighted average applicable tax rate was 12.2% (2018: 20.1%). The change in the weighted average applicable tax rate was caused by a change in the profitability of the certain subsidiaries of the Company in the respective jurisdictions.

9. DIVIDENDS

	Grou	0
	2019	2018
	НК\$'000	HK\$'000
Interim dividend – HK\$0.058 (2018: HK\$0.068)		
per ordinary share	12,455	14,593
Proposed final dividend – HK\$0.078 (2018: HK\$0.118)		
per ordinary share	16,750	25,323
	29,205	39,916

The proposed final dividend for the year ended 30 June 2018 was approved by the Company's shareholders at the annual general meeting held during the current financial year on 25 October 2018.

The proposed final dividend for the current financial year is subject to the approval of the Company's shareholders at the forthcoming annual general meeting.

10. EARNINGS PER SHARE ATTRIBUTABLE TO ORDINARY SHAREHOLDERS OF THE COMPANY

The calculation of the basic earnings per share amount is based on the profit for the year attributable to ordinary shareholders of the Company of approximately HK\$32,304,000 (2018: HK\$28,000,000), and the weighted average of 214,700,739 (2018: 214,598,000) ordinary shares in issue during the year, which has taken into account the effect of treasury shares.

The calculation of the diluted earnings per share amount is based on the profit for the year attributable to ordinary shareholders of the Company of approximately HK\$32,304,000 (2018: HK\$28,000,000), as used in the basic earnings per share calculation, and 214,732,235 (2018: 214,697,170) ordinary shares, which was the weighted average of 214,700,739 (2018: 214,598,000) ordinary shares in issue during the year and the weighted average of 31,496 (2018: 99,170) ordinary shares deemed to have been issued at no consideration on the deemed exercise of all the outstanding share options during the year.

Notes:

- (a) The Group's investment properties are commercial properties situated in Hong Kong, Mainland China and Singapore. They are leased to third parties under operating leases, further summary details of which are included in note 33(a) to the financial statements.
- (b) The Group's investment properties were revalued on 30 June 2019 by BMI Appraisals Limited and Atlas 21 Realty PTE Ltd., independent professionally qualified valuers, using the direct comparison approach and income capitalisation method. Each year, the Group's senior management decide which external valuers to be appointed for the external valuations of the Group's properties. Selection criteria include market knowledge, independence and whether professional standards are maintained. The Group's financial controller has ongoing discussions with the valuer on the valuation assumptions and valuation results when the valuation is performed.

Fair value hierarchy

At 30 June 2019, fair value measurements of all of the Group's investment properties are using significant unobservable inputs (Level 3) as defined in IFRS 13. During the year, there were no transfers of fair value measurements between Level 1 (quoted prices in active markets) and Level 2 (significant observable inputs) and no transfers into or out of Level 3.

Below is a summary of the valuation techniques used and the key inputs to the valuation of the Group's investment properties:

Valuation techniques	Significant unobservable inputs	Input/range of input		
		2019	2018	
Commercial properties Property located in Hong Kong				
Direct comparison method	Price per square feet (s.q.f)	HKD6,371 to HKD7,394	HKD5,300 to HKD5,900	
Properties located in Mainland China				
Direct comparison method and	(i) Capitalisation rate (%)	3.0% to 3.5%	4.0% to 4.5%	
income capitalisation method	(ii) Prevailing market rents	RMB117 to RMB210	RMB110 to RMB140	
		per s.q.m	per s.q.m	
	(iii) Price per square metre	RMB25,000 to RMB28,800	RMB24,500 to RMB29,000	
	(s.q.m)	per s.q.m	per s.q.m	
Property located in Singapore	Drice per cause feet (c.a.f.)	5\$470 to 5\$490 por c g f	C¢ 410 to C¢EE0 par c a f	
Direct comparison method	Price per square feet (s.q.f)	S\$479 to S\$480 per s.q.f	S\$418 to S\$558 per s.q.f	

30 June 2019

12. INVESTMENT PROPERTIES (continued)

Notes: (continued)

(b) (continued)

Under the direct comparison method, the Group assumes sale in the existing status with the benefit of vacant possession and refers to comparable sales evidence as available in the relevant market. Appropriate adjustments have then been made to account for the differences between the properties and the comparables in terms of age, time, location, floor level and other relevant factors.

The income capitalisation approach used in valuation of properties located in Mainland China was used to cross-check the valuation results from the direct comparison method. The income capitalisation approach is applied based on net rental income that can be generated from the properties under existing tenancies and the reversionary potential of the tenancies if they have been or would be let to tenants.

The aforementioned valuations have been made on the assumption that the Group sells the properties in the market without the benefit of deferred term contracts, leasebacks, joint ventures, management agreements or any similar arrangements which would serve to affect the values of the properties. In addition, no account has been taken of any option or right of pre-emption concerning or affecting the sale of the properties and no allowance has been made for the properties to be sold in one lot or to a single purchaser.

An increase/(decrease) in the capitalisation rate in isolation would result in a decrease/(increase) in the fair value of the investment properties, while an increase/(decrease) in the annual rental income or sales price per square metre/feet in isolation would each result in an increase/(decrease) in the fair value of the investment properties.

IMPAIRMENT ASSESSMENT

The recoverable amounts of these cash-generating units have been determined based on a value in use calculation using cash flow projections which are based on financial budgets approved by management covering a period of five years and cash flows for the following years are extrapolated based on an estimated average growth rate of 3% (2018: 3%) per annum. The discount rate applied to cash flow projections is 8% (2018: 6%).

Assumptions were used in the value in use calculation of the relevant cash-generating units for 30 June 2019 and 2018. The following describes each key assumption on which management has based its cash flow projections to undertake impairment testing of goodwill:

Budgeted revenue

The basis used to determine the budgeted revenue is with reference to the expected growth rate of the market in which the assessed cash-generating unit operates.

Budgeted gross margins

The basis used to determine the value assigned to the budgeted gross margins is the average gross margins achieved in the year immediately before the budget year, increased for expected efficiency improvements.

Business environment

There will be no major changes in the existing political, legal and economic conditions in Hong Kong, Mainland China and Singapore in which the assessed entities within the cash-generating units carry on their businesses.

Discount rate

The discount rate used is before tax and reflects specific risks relating to the relevant units.

After the assessment, no impairment of goodwill was recognised in profit or loss during the year (2018: Nil).

* The English names of the subsidiaries are direct translations of their registered Chinese names.

^ Not audited by Ernst & Young, Hong Kong or another member firm of the Ernst & Young global network.

The above table lists the subsidiaries of the Company which, in the opinion of the directors, principally affected the results for the year or formed a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

- (b) The balances with subsidiaries are unsecured, interest-free and repayable on demand. The carrying amounts of the balances approximate to their fair values.
- (c) Management is of the opinion that the Group does not have any material non-wholly-owned subsidiary which requires additional disclosures in accordance with the requirements set out in IFRS 12.

15. INVESTMENTS IN ASSOCIATES

		Group	
		2019 2018	
	Note	HK\$'000 HK\$'00	
Share of net assets	(a)	2,800	2,109

Notes:

(a) Particulars of associates are as follows:

Name	Place of registration and operations	Nominal value of registered capital	Percentage of equity indirectly attributable to the Company	Principal activities
Shanghai Cosel International Trading Co., Ltd. ("SCIT")	PRC/Mainland China	US\$200,000	30	Trading of switch mode power supplies and provision of consulting services
MasterKloud Technology Limited ("MasterKloud")	Hong Kong	HK\$100,000	20	Cloud-related technology services and hosting cloud solutions for corporate customers

The Group's voting power held and profit sharing arrangement in relation to SCIT is 30% (2018: 30%). The Group's voting power held and profit sharing arrangement in relation to MasterKloud is 20% (2018: 20%). SCIT is not audited by Ernst & Young, Hong Kong or another member firm of the Ernst & Young global network.

(b) The Group has discontinued the recognition of its share of losses of MasterKloud because the share of losses of the associate exceeded the Group's interest in the associate and the Group has no obligation to take up further losses. The amounts of the Group's unrecognised share of losses of this associate for the current year and cumulatively were approximately HK\$1,432,000 (2018: HK\$1,050,000) and HK\$2,482,000 (2018: HK\$1,050,000), respectively.

		Group	
		2019 20	
	Note	HK\$'000	HK\$'000
Current			
Unlisted equity investment	(a)	1,017	-

Note:

(a) On 25 June 2015, the Group entered an investment agreement with an independent third party (the "Investee"), pursuant to which the Group invested in a product development project undertaken by the Investee (the "Project") at an initial investment cost of HK\$2 million. In the current year, IFRS 9 *Financial Instruments* became effective and the investment in the Project was reclassified from prepayment to financial asset at fair value through profit or loss and was stated at fair value at 30 June 2019.

During the year ended 30 June 2019, fair value gain of the investment in the Project amounting to HK\$281,000 was credited to profit or loss as "Other income and gains, net".

113

NOTES TO FINANCIAL STATEMENTS

30 June 2019

16. FINANCIAL ASSET AT FAIR VALUE THROUGH PROFIT OR LOSS (continued)

FAIR VALUE HIERARCHY

At 30 June 2019, fair value measurement of the Group's financial asset at fair value through profit or loss is using significant unobservable inputs (Level 3) as defined in IFRS 13. During the year, there were no transfers of fair value measurements between Level 1 (quoted prices in active markets) and Level 2 (significant observable inputs) and no transfers into or out of Level 3.

Reconciliation of fair value measurements categorised within Level 3 of the fair value hierarchy:

	Group	
	2019	2018
	HK\$'000	HK\$'000
Carrying amount at beginning of year	-	11,602
Receipt of dividends	-	(199)
Transfer of prepayment to unlisted equity investment upon		
adoption of IFRS 9	736	_
Net gain from a fair value adjustment recognised in profit or loss	281	-
Disposal of unlisted financial products	-	(10,373)
Transfer of unlisted equity investment to prepayment upon		
expiration of the non-financial option	-	(1,464)
Exchange realignment	-	434
Carrying amount at end of year	1,017	_

Below is a summary of the valuation technique used and the key input to the valuation in the current year:

	Valuation	Significant	Input/range of input
	techniques	unobservable inputs	(weighted average)
Unlisted equity investment	Income approach	Discount rate	10.16%

17. INVENTORIES

Inventories of the Group are trading stocks.

18. TRADE AND BILLS RECEIVABLES

		Group	
		2019	2018
	Notes	HK\$'000	HK\$'000
Trade receivables	(a)	395,291	424,599
Less: Impairment of trade receivables	(b)	(3,306)	(5,718)
		391,985	418,881
Bills receivables		9,867	13,365
		401,852	432,246
Portion classified as current assets		(401,852)	(429,911)
Non-current portion		-	2,335

Notes:

(a) The Group offers credit terms to certain customers. Trade receivables, which are non-interest-bearing, are recognised and carried at their original invoice amounts less allowances for any uncollectible amounts. The Group does not hold any collateral or other credit enhancements over these balances. An estimate for doubtful debts is made when collection of the full amount is no longer probable and bad debts are written off as incurred.

(b) The movements in the loss allowance of trade receivables are as follows:

	Group	Group		
	2019	2018		
	HK\$′000	HK\$'000		
At beginning of financial year	5,718	7,574		
Effect of adoption of IFRS 9	(3,191)	-		
At beginning of financial year (restated)	2,527	7,574		
Impairment losses/(reversal of impairment), net (note 6)	807	(829)		
Amount written off as uncollectible	_	(1,174)		
Exchange realignment	(28)	147		
At end of financial year	3,306	5,718		

Impairment under IFRS 9 for the year ended 30 June 2019

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar geographical regions. The calculation reflects the reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written off if past due for more than one year and are not subject to enforcement activity.

Karin Technology Holdings Limited Annual Report 2019

115

418,881

NOTES TO FINANCIAL STATEMENTS

30 June 2019

18. TRADE AND BILLS RECEIVABLES (continued)

(b) (continued)

Impairment under IFRS 9 for the year ended 30 June 2019 (continued)

Set out below is the information about the credit risk exposure on the Group's trade receivables using a provision matrix:

As 30 June 2019

			_			
	Default	Current	Less than 1 Month	1 to 3 months	Over 3 months	Total
	Delault	Current	rmonth	montins	montins	TOtal
Expected credit loss rate	100%	0.11%	0.09%	0.78%	13.02%	0.84%
Gross carrying amount (HK'000)	468	259,611	79,770	38,686	16,756	395,291
Expected credit losses (HK'000)	468	282	73	301	2,182	3,306

Impairment under IAS 39 for the year ended 30 June 2018

The ageing analysis of the trade receivables as at 30 June 2018 that were not individually nor collectively considered to be impaired under IAS 39 is as follows:

	2018 HK'000
Neither past due nor impaired	314,782
Past due for less than one month	51,609
Past due for one to three months	32,906
Past due for over three months	19,584
Past due for over three months	19,5

Trade receivables that were neither past due nor impaired related to a large number of diversified customers for whom there was no recent history of default. Trade receivables that were past due but not impaired related to a number of independent customers that had a good track record with the Group. Based on past experience, the directors of the Company were of the opinion that no provision for impairment under IAS 39 was necessary in respect of these balances as there had not been a significant change in credit quality and the balances were still considered fully recoverable.

19. FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME/ FACTORED TRADE RECEIVABLES

The Group entered into receivable purchase agreements with a financial institution for the factoring of trade receivables with certain designated customers. At 30 June 2019, trade receivables factored to the financial institution aggregating to approximately HK\$950,000 (2018: HK\$3,929,000) were not derecognised from the consolidated statement of financial position because the derecognition criteria for financial assets were not met. Accordingly, the advances from the financial institution of approximately HK\$906,000 (2018: HK\$3,683,000) received by the Group as consideration at 30 June 2019 were recognised as "factoring loans" and included in "interest-bearing bank and other borrowings" (note 24).

At 30 June 2019, the aforementioned factored trade receivables were not past due.

30 June 2019

20. PREPAYMENTS, DEPOSITS AND OTHER RECEIVABLES

	Group		
	2019	2018	
	HK\$'000	HK\$'000	
Prepayments	113,243	37,243	
Deposits	2,887	1,487	
Other receivables	8,728	7,637	
	124,858	46,367	
Current portion included in prepayments, deposits and other			
receivables	(123,219)	(46,367)	
Non-current portion	1,639	-	

None of the above assets is either past due or impaired. The financial assets included in the above balances relate to deposits and receivables for which there was no recent history of default. The Group has thereby concluded that the expected credit loss rates for trade receivables are a reasonable approximation of the rates for the deposits and other receivables. Since the deposits and other receivables are related to receivables which are still in current and the payment is not due, the expected credit loss rates of deposits and other receivables are assessed to be minimal.

21. DERIVATIVE FINANCIAL INSTRUMENTS

The Group has entered into various forward currency contracts to manage its exchange rate exposures which did not meet the criteria for hedge accounting under IFRSs. The forward currency contracts are derivatives and are classified as financial assets at fair value through profit or loss and are stated at fair values at the end of the reporting period. The fair values disclosed in these financial statements were based on valuation techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly (Level 2 of the fair value hierarchy as defined in IFRS 7).

Fair value losses of forward currency derivatives amounting to HK\$68,000 were charged to profit or loss as "Other income and gains, net" in 2019.

The fair value of the Group's forward currency contracts is determined by discounting the estimated future cash flows which are based on the terms and conditions of the forward currency contracts, the historical prices of the underlying currencies, the contractual period, discount rate and other factors materially affecting the values of the forward contracts.

During the year, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3 for the financial instruments.

30 June 2019

22. CASH AND CASH EQUIVALENTS

	Gro	oup	Company		
	2019 2018 HK\$'000 HK\$'000		2019 HK\$'000		
Cash and bank balances	73,227	54,211	627	495	

At 30 June 2019, the cash and bank balances of the Group denominated in Renminbi ("**RMB**") amounted to HK\$13,456,000 (2018: HK\$9,007,000). The RMB is not freely convertible into other currencies, however, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at floating rates based on daily bank deposit rates. The bank balances are deposited with major international banks in Mainland China, Hong Kong and Singapore and state-owned banks in Mainland China with no recent history of default.

23. TRADE PAYABLES, OTHER PAYABLES AND ACCRUALS

		Gro	oup	Com	pany
	Note	2019 HK\$'000	2018 HK\$'000	2019 HK\$'000	2018 HK\$'000
Trade payables		209,945	229,707	-	_
Receipts in advance		-	49,728	-	-
Contract liabilities	(a)	135,188	-	-	-
Refund liabilities		2,529	-	-	-
Other payables		7,989	7,841	-	
Accruals		25,476	23,037	3,465	3,156
Other payables and accruals		171,182	80,606	3,465	3,156
		381,127	310,313	3,465	3,156
Current portion included in trade					
payables, other payables and					
accruals		(379,399)	(302,283)	(3,465)	(3,156)
Non-current portion		1,728	8,030	-	-

The trade and other payables are non-interest-bearing and are normally settled on 30 - 60 days, except for certain trade payables which will be settled in one to two years.

117

30 June 2019

23. TRADE PAYABLES, OTHER PAYABLES AND ACCRUALS (continued)

(a) Details of contract liabilities as at 30 June 2019 and 1 July 2018 are as follows:

	30 June 2019 HK\$'000	1 July 2018 HK\$'000
Advances received from customers		
Sales of goods	41,369	33,495
Provision of professional and warranty services	93,819	16,233
and the second	135,188	49,728

Contract liabilities include advances received to sell the goods and render professional and warranty services. The increase in contract liabilities in 2019 was mainly due to the increase in advances received from customers in relation to warranty services at the end of the year.

24. INTEREST-BEARING BANK AND OTHER BORROWINGS

	2019		2018	
	Maturity	HK\$'000	Maturity	HK\$'000
Current				
Finance lease payables (note 25)	2019	88	2019	133
Bank loans, unsecured	2019	125,181	2019	136,346
Factoring loans, unsecured (note 19)	2019	906	2019	3,683
		126,175		140,162
Non-current				
Finance lease payables (note 25)		357		_
		126,532		140,162

The Group's bank loans bear interest at floating rates ranging from 1.3% to 3.5% (2018: 1.0% to 2.1%) per annum, and the factoring loans bear interest at 4.6% (2018: 4.6%) per annum.

All the bank and other borrowings of the Group as at 30 June 2019 and 2018 were denominated in Hong Kong dollars. At 30 June 2019, bank borrowings of HK\$125,181,000 (2018: HK\$136,346,000) were covered by cross corporate guarantees given by the Company and certain of its subsidiaries.

Karin Technology Holdings Limited Annual Report 2019

119

NOTES TO FINANCIAL STATEMENTS

30 June 2019

25. FINANCE LEASE PAYABLES

The Group leases certain of its office equipment of which the leases are classified as finance leases and have remaining lease terms of three years (2018: one year) from 30 June 2019.

At the end of reporting period, the total future minimum lease payments under finance leases and their present values were as follows:

G	RO	UP

	Minimum lea	se payments	Present value of minimum lease payments		
	2019 HK\$'000	2018 HK\$'000	2019 HK\$'000	2018 HK\$'000	
Amounts payable:					
Within one year	109	135	88	133	
In the second year	109	-	93	_	
In the third to fifth years, inclusive	282	_	264	_	
Total minimum finance lease payments	500	135	445	133	
Future finance charges	(55)	(2)			
Total net finance lease payables	445	133			
Portion classified as current liabilities (note 24)	(88)	(133)			
Non-current portion (note 24)	357	_			

The implicit interest rate in the lease is 5.1% (2018: 5.0%) per annum.

At 30 June 2019, the finance lease obligations were secured by the underlying office equipment acquired (note 11).

30 June 2019

26. DEFERRED TAX

The movements in deferred tax assets and liabilities of the Group during the year are as follows:

GROUP

	Notes	Assets provision HK\$'000	Losses available for offsetting against future taxable profits HK\$'000	Tax depreciation allowance in excess of related depreciation HK\$'000	Fair value adjustment from acquisition of a subsidiary HK\$'000	Total HK\$'000
At 1 July 2017		1,165	3,168	(3,679)	-	654

At 30 June 2018 and at 1 July 2018		647	3,152	(3,511)	(93)	195
Deferred tax credited to profit or loss during the year Exchange realignment	8	793 7	1,290 -	496 67	-	2,579 74
At 30 June 2019		1,447	4,442	(2,948)	(93)	2,848

30 June 2019

26. DEFERRED TAX (continued)

For presentation purposes, certain deferred tax assets and liabilities have been offset in the consolidated statement of financial position. The following is an analysis of the deferred tax assets/(liabilities) recognised in the consolidated statement of financial position:

	2019 HK\$'000	2018 HK\$'000
Deferred tax assets Deferred tax liabilities	5,289 (2,441)	3,461 (3,266)
	2,848	195

Notes:

- (a) At 30 June 2019 and 2018, there was no significant unrecognised deferred tax liability for taxes that would be payable on the unremitted earnings of the Company as the Company has no liability to additional tax should such amounts be remitted to its shareholders in the form of dividends.
- (b) Pursuant to the PRC Corporate Income Tax Law, a 10% withholding tax is levied on dividends declared to foreign investors from the foreign investment enterprises established in Mainland China. The requirement is effective from 1 January 2008 and applies to earnings after 31 December 2007. A lower withholding tax rate may be applied if there is a tax treaty between Mainland China and the jurisdiction of the foreign investors. For the Group, the applicable rate is 5% or 10%. The Group is therefore liable for withholding taxes on dividends distributed by those subsidiaries established in Mainland China in respect of earnings generated from 1 January 2008.

At 30 June 2019 and 2018, no deferred tax has been recognised for withholding taxes that would be payable on the unremitted earnings of the Group's subsidiaries established in Mainland China that are subject to withholding taxes. In the opinion of the directors, it is not probable that these subsidiaries will distribute such earnings in the foreseeable future. At 30 June 2019, the aggregate amount of temporary differences associated with investments in subsidiaries in Mainland China for which deferred tax liabilities have not been recognised was approximately HK\$8,618,000 (2018: HK\$8,493,000).

(c) At 30 June 2019, deferred tax assets have not been recognised in respect of unused tax losses of HK\$31,457,000 (2018: HK\$31,216,000) as they have arisen in the Company and certain subsidiaries that have been loss-making for some time and it is not probable that taxable profits will be available against which such tax losses can be utilised. Out of this amount, unrecognised tax losses of HK\$7,614,000 (2018: HK\$1,266,000) will expire in five years.

30 June 2019

Karin Technology Holdings Limited Annual Report 2019

123

NOTES TO FINANCIAL STATEMENTS

30 June 2019

28. SHARE OPTION SCHEMES

The Company operates the 2005 Karin Employee Share Option Scheme (the "**2005 ESOS**") for the purpose of providing incentives and rewards to eligible participants who have contributed significantly to the growth and performance of the Group. Eligible participants of the 2005 ESOS include the Company's directors, including independent directors, and other employees of the Group.

The offer of a grant of share options may be accepted within 30 days after the relevant offer date by completing, signing and returning to the Company the acceptance form accompanied by payment of HK\$1.00 as consideration by the grantee. The exercise period of the share options granted at market price commences at any time after the first anniversary from the offer date of that option and the exercise period of the share options granted at below market price commences at any time after the second anniversary from the offer date of that option, provided that the options shall be exercised before the tenth anniversary of the relevant offer date, except that the options granted to independent directors shall be exercised before the fifth anniversary of the relevant offer date, or an earlier date as may be determined by the committee of the Scheme (the "**Committee**").

The exercise price of the share option is determined by the Committee at its absolute discretion and fixed by the Committee at (i) the average last dealt price for the Company's shares determined by reference to the daily official lists published by the SGX-ST for the five consecutive trading days immediately prior to the relevant offer date (the "**Price**"), or (ii) a price which is set at a discount of not exceeding 20% of the Price and approved by the shareholders at a general meeting in a separate resolution in respect of that option. The aggregate number of shares in respect of which options may be offered to a grantee for subscription in accordance with the Scheme shall be determined at the absolute discretion of the Committee.

Pursuant to a resolution passed at the annual general meeting held on 9 October 2014, the 2005 ESOS was cancelled and the 2014 Karin Employee Share Option Scheme (the "**2014 ESOS**") has been adopted. There is no material difference between the terms of the 2005 ESOS and the 2014 ESOS, save that the definition of "eligible participants" and necessary modification and/or amendments have been made pursuant to the Listing Manual of the SGX-ST. The purpose of the 2014 ESOS is to replace the 2005 ESOS and to enable the Company to give recognition to the contributions made by eligible participants towards the success and continued wellbeing of the Group. Upon the termination of the 2005 ESOS, no further share options will be granted under the 2005 ESOS, and there is no outstanding and unexercised options as at 30 June 2019 as all share options granted pursuant to the 2005 ESOS were either exercised or lapsed. Since the adoption of the 2014 ESOS and during the year, no share option was granted pursuant to the 2014 ESOS and no share options were exercised.

Share options do not confer rights on the holders either to dividends, or to vote at shareholders' meetings.

30 June 2019

28. SHARE OPTION SCHEMES (continued)

The following share options were outstanding under the 2005 ESOS during the year:

		2019 Weighted		20	2018		
			average		Weighted		
			exercise		average		
			price		exercise price		
		Number of	Singapore	Number of	Singapore		
		options	dollar ("S\$")	options	dollar ("S\$")		
	Notes	'000	per share	'000	per share		
At beginning of financial year	(a)	150	0.1060	150	0.1060		
Exercised during the year	(b)	(150)	0.1060	_	_		
At end of financial year	(c)	-	-	150	0.1060		

Notes:

(a) The share options granted by the Company in the prior years were fully vested to the grantees as at 1 July 2011. Therefore, no equity-settled share option expense was recognised in profit or loss in the current and prior years.

(b) The 150,000 share options exercised during the current year resulted in the issue of 150,000 ordinary shares of the Company and new share capital of HK\$15,000 and share premium of HK\$125,000 (before issue expenses), as further detailed in note 27 to the financial statements.

At the end of the reporting period, the Company had no (2018: 150,000) share options outstanding under the 2005 ESOS. In the prior year, the exercise in full of the outstanding share options would, under the capital structure of the Company, result in the issue of 150,000 additional ordinary shares of the Company and additional share capital of HK\$15,000 and share premium of HK\$76,000 (before issue expenses and transfer from share option reserve).

(c) The exercise prices and exercise periods of the share options outstanding as at the end of the reporting period are as follows:

		Number of share options		
		At 30 June	At 30 June	
		2019	2018	
Exercise price*				
S\$ per share	Exercise period	' 000	'000	
	7 November 2010 –			
0.1060	6 November 2018	-	150	

* The exercise price of the share options is subject to adjustment in case of rights or bonus issues, or other similar changes in the Company's share capital.

NOTES TO FINANCIAL STATEMENTS

30 June 2019

29. RESERVES

(a) GROUP

The amounts of the Group's reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity of the financial statements.

- (i) The Group's contributed surplus represents the difference between the aggregate of the nominal value of issued share capital and the balance of the contributed surplus account the Company acquired, and the nominal value of the shares of the Company issued in exchange therefor, pursuant to a group restructuring completed in prior years.
- (ii) In accordance with the relevant PRC regulations, each of the Group's PRC subsidiaries is required to transfer not less than 10% of its profit after tax, as determined in accordance with the PRC accounting standards and regulations, to the general reserve until such reserve reaches 50% of its registered capital. The quantum of the annual transfer is subject to the approval of the respective boards of directors of the PRC subsidiaries in accordance with their respective articles of association. No transfer was made in the current and prior years as the general reserves of the relevant subsidiaries had reached 50% of their respective registered capital.
- (iii) The Group's other reserve represents the difference between the amounts by which the non-controlling interests are adjusted and the fair value of the consideration paid to acquire additional interest in a subsidiary.

(b) COMPANY

30 June 2019

30. ACQUISITION OF A SUBSIDIARY

On 1 April 2018, Karin Technology (BVI) Limited ("**Karin BVI**"), an indirect wholly-owned subsidiary of the Group, acquired a 80% equity interest in KCF A Store Limited ("**KCF**") from Mr. Sham Wai Kit, an independent third party, at a cash consideration of HK\$2,000,000.

The fair value of the identifiable assets and liabilities of KCF as at the date of acquisition were as follows:

	Note	HK\$'000
Property, plant and equipment	11	42
Inventories		9,037
Trade receivables		7,489
Prepayments, deposits and other receivables		4,044
Cash and cash equivalents		6,731
Trade payables		(613)
Other payables and accruals		(20,217)
Income tax payable		(442)
Deferred tax liabilities	26	(202)
Total identifiable net assets at fair value		5,869
Non-controlling interests		(1,174)
		4,695
Gain on bargain purchase recognised in other income and gains in the		
consolidated statement of profit or loss and other comprehensive income	5	(2,695)
Satisfied by cash		2,000

The Group incurred transaction costs of HK\$127,000 for this acquisition. These transaction costs had been expensed and are included in administrative expenses in the consolidated statement of profit or loss and other comprehensive income.

Since the date of the acquisition, the KCF in aggregate contributed approximately HK\$16,722,000 and HK\$484,000 to the Group's revenue and consolidated loss, respectively, for the year ended 30 June 2018.

Had the acquisition of KCF taken place at the beginning of the prior year, the revenue of the Group and the profit of the Group would have been approximately HK\$2,122,767,000 and HK\$36,610,000, respectively, for the year ended 30 June 2018.

127

NOTES TO FINANCIAL STATEMENTS

30 June 2019

30. ACQUISITION OF A SUBSIDIARY (continued)

An analysis of the net inflow of cash and cash equivalents in respect of the acquisition of a subsidiary is as follows:

	HK\$'000
Cash consideration	(2,000)
Cash and bank balances acquired	6,731
Net inflow of cash and cash equivalents included in cash flows from investing activities	4,731
Transaction costs of the acquisition included in cash flows from operating activities	(127)

31. NOTE TO THE CONSOLIDATED STATEMENT OF CASH FLOWS

At 30 June 2018	140,029	133

30 June 2019

32. CONTINGENT LIABILITIES

At the end of the reporting period, contingent liabilities not provided for in the consolidated financial statements were as follows:

	Gro	oup	Com	pany
	2019	2018	2019	2018
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Bank guarantee given in lieu of a utility deposit Guarantees given to banks in connection with facilities granted to	207	207	-	_
subsidiaries Guarantees given to suppliers in connection with credit facilities	-	-	700,000	700,000
granted to subsidiaries	-	-	360,062	156,964
	207	207	1,060,062	856,964

As at 30 June 2019, the guarantees given to banks and suppliers by the Company in connection with facilities granted to subsidiaries were utilised to the extent of approximately HK\$125,181,000 (2018: HK\$136,346,000) and HK\$83,392,000 (2018: HK\$64,722,000), respectively.

33. OPERATING LEASE ARRANGEMENTS

(a) AS LESSOR

The Group leases its investment properties (note 12) and servers to third parties under operating lease arrangements, with leases negotiated for terms ranging from two to three years. The terms of the leases generally also require the tenants to pay security deposits and provide for periodic rent adjustments according to the then prevailing market conditions.

At the end of the reporting period, the Group had total future minimum lease receivables under noncancellable operating leases with its tenants falling due as follows:

	Group	
	2019	2018
	НК\$'000	HK\$'000
Within one year	723	637
In the second to fifth years, inclusive	193	14
	916	651

129

NOTES TO FINANCIAL STATEMENTS

30 June 2019

33. OPERATING LEASE ARRANGEMENTS (continued)

(b) AS LESSEE

The Group leases certain of its warehouses, offices and office equipment under operating lease arrangements with leases negotiated for terms ranging from one to three years (2018: one to five years).

At the end of the reporting period, the Group had total future minimum lease payments under noncancellable operating leases falling due as follows:

	Group	
	2019	2018
	НК\$'000	HK\$'000
Within one year	2,180	1,265
In the second to fifth years, inclusive	961	2,110
	3,141	3,375

Payment obligations in respect of the contingent rent payables are not included in the above future minimum lease payment calculation.

34. RELATED PARTY DISCLOSURES

(a) TRANSACTIONS AND BALANCES WITH RELATED PARTIES

Other than the related party transactions and balances disclosed elsewhere in these financial statements, the Group had no material transaction with related parties during the year and at the end of the reporting period.

(b) REMUNERATION OF DIRECTORS

	2019 HK\$'000	2018 HK\$'000
Fees Other emoluments	776 5,858	802 8,605
	6,634	9,407

30 June 2019

34. RELATED PARTY DISCLOSURES (continued)

(b) REMUNERATION OF DIRECTORS (continued)

The remuneration of the directors of the Company analysed into the following bands is disclosed in compliance with Rule 1207(11) of Chapter 12 of the Listing Manual of the SGX-ST:

	N	umber of directors	
-	Executive	Independent	Total
		·	
Year ended 30 June 2019			
		-	-
Below S\$250,000 (HK\$1,443,000) S\$250,000 to S\$500,000	-	3	3
(HK\$1,443,000 to HK\$2,886,000)	3	_	3
	3	3	6
Year ended 30 June 2018			
Below S\$250,000 (HK\$1,430,000)	-	3	3
S\$250,000 to S\$500,000	2		2
(HK\$1,430,000 to HK\$2,859,000)	3	-	3
	3	3	G
	3	3	6

(c) COMPENSATION OF KEY MANAGEMENT PERSONNEL (INCLUDING DIRECTORS' REMUNERATION AS DISCLOSED IN (B) ABOVE) OF THE GROUP

	2019 HK\$'000	2018 HK\$'000
Short term employee benefits Post-employment benefits	16,294 154	15,278 418
	16,448	15,696

Other than the foregoing, there were no principal interested party relationships where control over financial and operating policies existed as at the end of the reporting period.

In the opinion of the directors, the above related party transactions were entered into in the ordinary course of the Group's business and were in accordance with the terms of arrangements governing the transactions.

Since the carrying amounts of the Group's financial instruments approximate to their fair values, no separate disclosure of the fair values of the Group's financial instruments is made in these financial statements.

30 June 2019

36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments mainly comprise interest-bearing bank and other borrowings and cash and cash equivalents. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial assets and liabilities such as trade, bills and other receivables, factored trade receivables and trade and other payables, which arise directly from its operations.

It is, and has been throughout the year under review, the Group's policy that no trading in financial instruments shall be undertaken.

The main risks arising from the Group's financial instruments are (a) interest rate risk, (b) foreign currency risk, (c) credit risk and (d) liquidity risk. The board of directors reviews and agrees policies for managing each of these risks and they are summarised below.

(a) INTEREST RATE RISK

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's bank balances with floating interest rates and the interest-bearing bank and other borrowings. The Group monitors the movements in interest rates on an ongoing basis and evaluates the exposure for its bank balances.

(b) FOREIGN CURRENCY RISK

The Group's exposure to market risk for changes in foreign currency exchange rate relates primarily to certain trade receivables and payables and certain bank balances denominated in currencies other than the units' functional currencies. The Group uses foreign currency forward contracts to reduce its foreign currency risk, but the transactions do not qualify for hedge accounting in accordance with IAS 39. Further details of the forward currency contracts are set out in note 21 to the financial statements.

(c) CREDIT RISK

The carrying amounts of trade receivables included in the consolidated statement of financial position represents the Group's maximum exposure to credit risk in relation to the Group's financial assets. The Group has no significant concentration of credit risk in relation to trade receivables due to the Group's large customer base. Concentrations of credit risk are analysed by customer/counterparty, by geographical region and by industry sector. The Group performs ongoing credit evaluations of its customers' financial condition and requires no collateral from its customers.

30 June 2019

36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(c) CREDIT RISK (continued)

Maximum exposure and year-end staging as at 30 June 2019

The table below shows the credit quality and the maximum exposure to credit risk based on the Group's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification as at 30 June 2019. The amounts presented are gross carrying amounts for financial assets.

	ECLs	L	12-month ifetime ECL	s	
	Stage 1 HK\$'000	Stage 2 HK\$'000	Stage 3 HK\$'000	Simplified approach HK\$'000	HK\$'000
Trade receivables*	_	-	-	395,291	395,291
Bills receivables**	9,867	_	_	_	9,867
Financial assets included in					
prepayment, deposits and other receivables					
– Normal**	11,615	_	_	_	11,615
Cash and cash equivalents					
– Not yet past due	73,227	_	_	_	73,227
	94,709	_	-	395,291	490,000

* For trade receivables to which the Group applies the simplified approach for impairment, information based on the provision matrix is disclosed in note 18 to the financial statements.

** The credit quality of the financial assets included in prepayment, deposits and other receivables and bills receivables is considered to be "normal" when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. Otherwise, the credit quality of the financial assets is considered to be "doubtful".

Maximum exposure as at 30 June 2018

The allowance for doubtful debts is based upon a review of the expected collectability of all trade receivables. In this regard, the directors of the Company consider that the Group's credit risk is minimal. Further quantitative data in respect of the Group's exposure to credit risk arising from trade receivables are disclosed in note 18 to the financial statements.

With respect to credit risk arising from the other financial assets of the Group, which comprise cash and cash equivalents, deposits, and other receivables, the Group's exposure to credit risk arises from default of the counterparty, with a maximum exposure being equal to the carrying amounts of these instruments. There is no significant concentration of credit risk within the Group in relation to these other financial assets.

30 June 2019

36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(d) LIQUIDITY RISK

The Group monitors its risk to a shortage of funds using a recurring liquidity planning tool. This tool considers the maturity of both its financial liabilities and financial assets (e.g., trade receivables) and projected cash flows from operations.

The Group adopts a prudent liquidity risk management which implies maintaining sufficient cash and the ability to apply for bank loan facilities if necessary.

The Group's financial liabilities as at 30 June 2019, based on the contractual undiscounted payments, of approximately HK\$350,140,000 (2018: HK\$373,782,000) and HK\$391,000 (2018: HK\$8,278,000) would mature within one year and over one year, respectively. Further details of the financial liabilities of the Group are set out in note 35 to the financial statements. The balances due within one year and over one year approximate to their carrying balances as the impact of the discount is not significant. In addition, as at 30 June 2019, the Group had a bank guarantee given in lieu of a utility deposit of HK\$207,000 (2018: HK\$207,000), which was repayable on demand.

The Company's financial liabilities as at 30 June 2019, based on the contractual undiscounted payments, of approximately HK\$1,251,000 (2018: HK\$775,000) would mature within one year. Further details of the financial liabilities of the Company are set out in note 35 to the financial statements. The balances due within one year from the end of the reporting period approximate to their carrying balances as the impact of the discount is not significant. In addition, the Company is also exposed to liquidity risk through the granting of financial guarantees. At 30 June 2019, the Company had guarantees given to banks and suppliers in connection with facilities granted to subsidiaries and utilised as to an aggregate of HK\$208,573,000 (2018: HK\$201,068,000) which were repayable on demand, further details of which are disclosed in note 32 to the financial statements.

(e) CAPITAL MANAGEMENT

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders, repurchase its own shares or issue new shares. The Group is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the years ended 30 June 2019 and 2018.

30 June 2019

36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(e) CAPITAL MANAGEMENT (continued)

The Group monitors its capital using a gearing ratio, which is interest-bearing bank and other borrowings and finance lease payables divided by the total equity. The Group's policy is to keep the gearing ratio at a reasonable level. The gearing ratios as at the end of the reporting periods were as follows:

	Group	
	2019	2018
	НК\$'000	HK\$'000
Interest-bearing bank and other borrowings other than		
finance lease payables	126,087	140,029
Finance lease payables	445	133
	126,532	140,162
Total equity	451,974	438,017
		130,017
Coorting ratio	0.20	0.22
Gearing ratio	0.28	0.32

37. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the board of directors on 27 September 2019.

137

FINANCIAL SUMMARY

FIVE YEAR FINANCIAL SUMMARY

A summary of the results and of the assets, liabilities and non-controlling interests of the Group for the last five financial years, as extracted from the published audited financial statements is set out below. This summary does not form part of the audited financial statements.

and the second se	Year ended 30 June

Karin Technology Holdings Limited Annual Report 2019

NOTICE OF ANNUAL GENERAL MEETING

(Incorporated in Bermuda on 30 August 2002) Company Registration Number 32514

NOTICE IS HEREBY GIVEN that an Annual General Meeting of the Company will be held at Turquoise Hall, Level 3, Sheraton Towers Singapore, 39 Scotts Road, Singapore 228230 on Thursday, 24 October 2019 at 10.00 a.m. to transact the following businesses:

AS ORDINARY BUSINESS

- To receive and adopt the Audited Financial Statements of the Company for (Resolution 1) the financial year ended 30 June 2019 together with the Directors' Report and the Auditor's Report thereon.
- 2. To approve a final dividend of HK7.8 cents per ordinary share for the financial year **(Resolution 2)** ended 30 June 2019.
- 3. To approve Directors' Fees of HK\$776,000 for the financial year ended 30 June 2019. (Resolution 3)
- 4. To re-elect the following Directors retiring pursuant to Bye-law 86 of the Company's Bye-laws (the "**Bye-laws**"), and who, being eligible, offer themselves for re-election:

(i) Mr. Lim Yew Kong, John (See explanatory Note 1)	(Resolution 4)
---	----------------

- (ii) Mr. Ng Kin Wing, Raymond (See explanatory Note 2) (Resolution 5)
- 5. To re-appoint Messrs Ernst & Young, Hong Kong as auditors of the Company and to authorise **(Resolution 6)** the Directors to fix their remuneration.

143

AS SPECIAL BUSINESS

To consider and, if thought fit, to pass the following Resolutions as Ordinary Resolutions, with or without modifications:

6. Authority to allot and issue shares

(Resolution 7)

"That, pursuant to Rule 806 of the Listing Manual of the Singapore Exchange Securities Trading Limited ("**SGX-ST**"), authority be and is hereby given to the Directors of the Company to:-

- (a) (i) issue shares in the capital of the Company ("**Shares**") whether by way of rights, bonus or otherwise; and/or
 - (ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

(b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue Shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

provided that:

- (1) the aggregate number of Shares to be issued pursuant to this Resolution (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 50% of the Company's total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of Shares to be issued other than on a pro-rata basis to existing shareholders of the Company (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 20% of the Company's total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (2) below). Unless prior shareholder approval is required under the Listing Manual of the SGX-ST, an issue of treasury shares will not require further shareholder approval, and will not be included in the aforementioned limits.
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the total number of issued Shares (excluding treasury shares and subsidiary holdings) is based on the Company's total number of issued Shares (excluding treasury Shares and subsidiary holdings) at the time this Resolution is passed, after adjusting for:
 - (i) new Shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this Resolution is passed; and
 - (ii) any subsequent bonus issue, consolidation or subdivision of shares;

- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Bye-Laws for the time being of the Company; and (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier." (See Explanatory Note 3)
- 7. Authority to allot and issue Shares under the Karin Performance Share Plan

(Resolution 8)

"That the Directors of the Company be and are hereby authorised to grant awards in accordance with the provisions of the Karin Performance Share Plan (the "**Plan**") and to allot and issue such number of fully paid Shares from time to time as may be required to be issued pursuant to the vesting of awards under the Plan provided always that the aggregate number of Shares to be issued pursuant to the Plan and all share awards or share options granted under any other schemes implemented by the Company (if any) shall not exceed 15% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) of the Company from time to time and that such authority shall, unless revoked or varied by the Company in general meeting, shall continue in full force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier." (See Explanatory Note 4)

8. Authority to grant options and issue shares under the 2014 Karin Employee Share Option **(Resolution 9)** Scheme

"That the Directors of the Company be and are hereby authorised to offer and grant options in accordance with the provisions of the 2014 Karin Employee Share Option Scheme ("**Scheme**") and to allot and issue from time to time such number of shares as may be required to be issued pursuant to the exercise of the options under the Scheme provided always that the aggregate number of shares to be issued pursuant to the Scheme shall not exceed 15% of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company from time to time." (See Explanatory Note 5)

9. Authority to grant options at a discount under the 2014 Karin Employee Share Option Scheme (Resolution 10)

"That, subject to and contingent upon the passing of Resolution 10, the Directors of the Company be and are hereby authorised to offer and grant Options in accordance with the provisions of the 2014 Karin Employee Share Option Scheme ("**2014 ESOS**") to participants with exercise prices set at a discount to the Market Price (as defined in the Appendix dated 24 September 2014) subject to the following conditions:

- (a) the maximum discount shall not exceed 20% of the market price, which is the average of the last dealt prices for a Share as determined by reference to the daily official list or any other publication published by the SGX-ST for five (5) consecutive market days immediately prior to the relevant date of offer of the option to a participant of the 2014 ESOS (as determined in accordance with the rules of the 2014 ESOS); and
- (b) in no event shall the exercise price be less than the nominal value of each Share."

145

Karin Technology Holdings Limited

Annual Report 2019

10. Proposed renewal of the Share Buyback Mandate

(Resolution 11)

"That:

- (a) pursuant to the Bye-laws, the Companies Act 1981 of Bermuda (the "Companies Law") and the Listing Manual of the SGX-ST, approval be and is hereby given for the renewal of the Share Buyback Mandate (as hereinafter defined) and the Directors be authorised to exercise all the powers of the Company to purchase or otherwise acquire Shares not exceeding in aggregate the Prescribed Limit (as hereinafter defined), at such price(s) as may be determined by the Directors from time to time up to the Maximum Price (as hereafter defined) whether by way of:
 - (i) on-market purchase(s) ("Market Purchases"), transacted on the SGX-ST through its ready market or, as the case may be, any other stock exchange on which the Shares may for the time being be listed and quoted, through one or more duly licensed stockbrokers appointed by the Company for the purpose; and/or
 - (ii) off-market purchase(s) ("Off-Market Purchases") (if effected otherwise than on the SGX-ST) in accordance with an equal access scheme(s) as may be determined or formulated by the Directors as they may consider fit and in the interests of the Company, which scheme(s) shall satisfy all the conditions prescribed by the Bye-laws and the Listing Manual,

and otherwise in accordance with other laws and regulations (the "Share Buyback Mandate"); and

- (b) any Share that is purchased or otherwise acquired by the Company pursuant to the proposed Share Buyback Mandate shall, at the discretion of the Directors, either be cancelled or held in treasury and dealt with in accordance with the Companies Law;
- (c) unless varied or revoked by the Company in general meeting, the authority conferred on the Directors pursuant to the Share Buyback Mandate may be exercised by the Directors at any time and from time to time during the period commencing from the passing of this resolution and expiring on the earlier of:
 - the date on which the Annual General Meeting is held or required by law or the Bye-laws to be held;
 - (ii) the date on which Share purchases or acquisitions pursuant to the Share Buyback Mandate are carried out to the full extent mandated; or
 - (iii) the date on which the authority conferred by the Share Buyback Mandate is varied or revoked at a general meeting,

(the "Relevant Period").

In this resolution:

"**Prescribed Limit**" means 10% of the issued ordinary share capital of the Company as at the date of passing of this resolution unless the Company has effected a reduction of the share capital of the Company in accordance with the applicable provisions of the Companies Law, at any time during the Relevant Period, in which event the issued ordinary share capital of the Company shall be taken to be the amount of the issued ordinary share capital of the Company as altered (excluding any treasury shares that may be held by the Company from time to time); and

"**Maximum Price**" in relation to a Share to be purchased, means an amount (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) not exceeding:

- (i) in the case of a Market Purchase: 105% of the Average Closing Price (as hereinafter defined); and
- (ii) in the case of an Off-Market Purchase: 120% of the Highest Last Dealt Price (as hereinafter defined), where:

"Average Closing Price" means the average of the closing market prices of a Share over the last five (5) market days, on which transactions in the Shares were recorded, preceding the day of the Market Purchase, and deemed to be adjusted for any corporate action that occurs after the relevant five-day period;

"Highest Last Dealt Price" means the highest price transacted for a Share as recorded on the market day on which there were trades in the Shares immediately preceding the day of the making of the offer pursuant to the Off-Market Purchase; and

"day of the making of the offer" means the day on which the Company announces its intention to make an offer for the purchase of Shares from shareholders of the Company stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase; and

the Directors be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they and/or any of them may consider expedient, necessary, incidental or in the interests of the Company to give effect to the transactions contemplated and/or authorised by this resolution." (See Explanatory Note 6)

BY ORDER OF THE BOARD

Wong Chi Cheung, Clarence Chan Lai Yin Joint Company Secretaries

Singapore, 9 October 2019

Explanatory Notes on Businesses to be Transacted:-

- 1. Mr Lim Yew Kong, John, if re-elected, will remain as Chairman of the Audit and Risk Management Committee, Member of Nominating Committee and Remuneration Committee. Mr Lim Yew Kong, John will be considered independent for the purposes of Rule 704(8) of the Listing Manual of the Singapore Exchange Securities Trading Limited. The detailed information of Mr Lim Yew Kong, John can be found under Board of Directors Section of the Company's Annual Report. There are no relationships (including immediate family relationship) between Mr Lim Yew Kong, John and the other Directors and the Company or its 10% shareholders.
- 2. Mr Ng Kin Wing, Raymond is the Executive Chairman and Chief Executive Officer of the Company. The detailed information of Mr Ng Kin Wing, Raymond can be found under Board of Directors section of the Company's Annual Report. Mr Ng Kin Wing, Raymond is the uncle of Mr Ng Mun Kit, Michael, the Executive Director of the. Save as aforesaid, there are no relationships (including immediate family relationship) between Mr Ng Kin Wing, Raymond and the other Directors and the Company or its 10% shareholders.
- 3. Resolution 7, if passed, will empower the Directors from the date of the above Meeting until the date of the next Annual General Meeting, to allot and issue Shares and convertible securities in the Company. The aggregate number of Shares (including any Shares issued pursuant to the convertible securities) which the Directors may allot and issue under this Resolution will not exceed 50% of the Company's total number of issued shares (excluding treasury shares and subsidiary holdings) of the Company. For issues of shares other than on a pro rata basis to all shareholders, the aggregate number of shares to be issued will not exceed 20% of Company's total number of issued Shares (excluding treasury shares and subsidiary holdings) of the Company. This authority will, unless previously revoked or varied at a general meeting, expire at the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier. However, notwithstanding the cessation of this authority, the Directors are empowered to issue Shares pursuant to any Instrument made or granted under this authority.
- 4. Resolution 8, if passed, will empower the Directors, from the date of the above meeting until the next Annual General Meeting, to grant awards and to allot and issue such number of fully paid Shares from time to time as may be required to be issued pursuant to the Plan, provided that the aggregate number of Shares to be issued pursuant to the Plan and all share awards or share options granted under any other schemes implemented by the Company (if any) shall not exceed 15% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) from time to time.
- 5. Resolution 9, if passed, will empower the Directors of the Company to offer and grant options under the Scheme and to allot and issue shares pursuant to the exercise of such options under the Scheme not exceeding 15 percent of the total number of issued shares (excluding treasury Shares and subsidiary holdings) in the capital of the Company from time to time.
- 6. Resolution 11, if passed, will empower the Directors, from the date of the above meeting until the next Annual General Meeting, to repurchase Shares by way of Market Purchases or Off-Market Purchases of up to 10% of the issued ordinary share capital of the Company at such price up to the Maximum Price. Information relating to this proposed resolution is set out in the appendix attached to the annual report.

Karin Technology Holdings Limited Annual Report 2019
