PRESS RELEASE

Wee Hur Holdings donates S$1.5 million to SUTD to nurture next generation of innovators and entrepreneurs

The donation will fund student entrepreneurship and sustainability initiatives through SUTD's DIVE platform, including innovation, venture development, and overseas learning opportunities

Singapore, 06 August 2026 – SGX Mainboard-listed Wee Hur Holdings Limited ("Wee Hur" or the "Group") [伟合控股有限公司] is pleased to announce a donation of S$1.5 million to the Singapore University of Technology and Design ("SUTD") to support the next generation of innovators and entrepreneurs.

The donation will fund student entrepreneurship and sustainability initiatives through SUTD's Design·AI Innovation & Venture Exploration (DIVE) platform, including innovation projects, venture development and overseas learning opportunities. Made as an unrestricted gift, the donation will also support the broader advancement of education at SUTD and fund the establishment of the Wee Hur Think Tank on campus. The space will become a lasting fixture of SUTD's entrepreneurship ecosystem, one where good ideas find the room, and the community, they need to grow.

The initiative reflects values that have anchored Wee Hur since its founding in 1980: discipline, prudence and a belief that enduring value is built patiently by people who are given the opportunity to learn, try and improve. By supporting SUTD, which champions a design-led, hands-on approach to education and problem-solving, Wee Hur is investing in the young minds who will build Singapore's next chapter.

Wee Hur presented the gift at a ceremony held in SUTD on 5 August 2026, with Ms Jessica Tan, adviser to East Coast GRC grassroots organisation and Member of Parliament for East Coast GRC (Changi-Simei), as Guest of Honour. The ceremony opened with a welcome address by SUTD President Professor Phoon Kok Kwang, followed by a speech from Mr Goh Wee Ping, Chief Investment Officer of Wee Hur Holdings. Mr Goh and Prof Phoon then unveiled the Wee Hur Think Tank, and guests rounded off the event with a tour of student sustainability projects.

Mr Goh said: "We have always believed that good ideas deserve the chance to grow, and that the next generation is worth investing in. Through this gift and the Wee Hur Think Tank, we want to give young people the room to test ideas, learn quickly, and build ventures that last, in Singapore and beyond."

Prof Phoon said: “We are honoured to receive Wee Hur Holdings’ generous contribution of S$1.5 million. This gift is valuable as it supports our DIVE platform, through which our students are empowered to explore ideas beyond the classroom, take risks, and translate concepts into real-world impact. With Wee Hur’s support, more students will be able to embark on entrepreneurial journeys, such as robotics, where design, engineering, and imagination come together to solve complex challenges."
