HOMEGROWN TECHNOLOGY COMPANY, REVEZ CORPORATION BAGS TWO INDUSTRY AWARDS

The SGX-listed company is recognised for its digital innovations in two recent awards - SBR Technology Excellence Awards 2021 and South East Asia Business Awards 2021.

Singapore, 9 June 2021 – Homegrown B2B technology group, [REVEZ Corporation](#) (REVEZ) has clinched two industry awards in Q2 2021, winning regional recognition for their digital innovations and technological excellence. The company was awarded for its work in enhancing the national e-library complete with an overhaul of digital archives in the [SBR Technology Excellence Awards 2021](#) under the category for “Information Management - Non-Profit or Government Organizations”. REVEZ Corporation is also awarded as “Most Innovative B2B Technology Company 2021 – Singapore” in the South East Asia Business Awards 2021 hosted by APAC Insider.

"Winning two industry awards is extraordinary and we are honoured to be recognised for our industry-leading work", said Mr Victor Neo, Deputy Board Chairman and Group CEO of REVEZ Corporation Ltd. " Integrating the right piece of technology to achieve organisational outcomes is key to successful digitalisation. Our innovative digital solutions are designed to provide our clients with greater efficiency, smoother workflows and a competitive edge in this digital age. This recognition is testimony to the hard work put in by all employees across REVEZ and their commitment to deliver value and quality to all our clients."

SBR Technology Excellence Awards 2021: Information Management - Non-Profit or Government Organisations

Organised by Singapore Business Review and now in its third year, the SBR Technology Excellence Awards is a prestigious awards programme for technological innovations, recognising exceptional companies in Singapore that are riding the digital disruption wave and leading the technological revolution and digital journeys of their respective industries.

REVEZ was recognised for developing an e-Request System with IT Process Automation (ITPA) for National Library Board's Archives Reading Room. Besides the development of a proprietary content management system, the automation processes increased the efficiency of approval

process, reduces manpower operations, increases productivity, and sped up retrieval, approval and payment processes. These enhanced features translated to quicker turnaround times that benefit both staff and end-users.

South East Asia Business Awards 2021 - Most Innovative B2B Technology Company 2021 (Singapore)

REVEZ is recognised as a CreativeTech group incorporating innovators, technologists and creative capabilities to drive enterprise and consumer value across its 7 domain expertise - Immersive Multimedia, Information and Communications Technology (ICT), Cybersecurity, Deep Tech - specialising in Artificial Intelligence (AI), Internet of Things (IoT), Smart Integrated Spaces, Industrial Automation and Digital Media Networks.

REVEZ continues to embed innovation and digital creative thinking in the company's DNA, from their operations, talent hiring and training strategies and investment in Research and Development (R&D) efforts. Leveraging the demand surge for digital solutions due to COVID-19, REVEZ developed and commercialised a Software-as-a-service (SaaS) model with its long-standing capabilities in Immersive Multimedia and Info-Comms Technology. They have since achieved strong traction in virtual event solutions, multimedia content management platform and value-added distribution for AI-enabled cybersecurity solutions.
