

**FUXING CHINA GROUP LIMITED**  
(Incorporated in Bermuda)  
(Company Registration No.: 38973)

**PROPOSED CAPITAL REORGANISATION**

---

**1. INTRODUCTION**

- 1.1 The Board of Directors (the “**Board**”) of Fuxing China Group Limited (the “**Company**” together with its subsidiaries, the “**Group**”) wishes to announce that the Company is proposing to undertake a reorganisation of its share capital to, *inter alia*, reduce the par value of each ordinary share in the capital of the Company (each, a “**Share**” and collectively, the “**Shares**”) from S\$5.00 to S\$0.10 (the “**Proposed Capital Reorganisation**”).
- 1.2 The Proposed Capital Reorganisation is subject to, *inter alia*, the approval of the shareholders of the Company (the “**Shareholders**”), which will be sought at a special general meeting of the Company (“**SGM**”) to be convened. A circular to the Shareholders containing further information on the Proposed Capital Reorganisation and, together with the notice of the SGM, will be despatched to the Shareholders in due course.

**2. OVERVIEW OF THE PROPOSED CAPITAL REORGANISATION**

- 2.1 Under the laws of Bermuda, shares of a Bermuda company may not be issued for an amount which is less than the par value of the shares. As at the date of this announcement, the authorised share capital of the Company is S\$200,000,000 divided into 40,000,000 Shares of a par value of S\$5.00 each, of which 17,205,438 Shares of a par value of S\$5.00 each have been issued and are fully paid-up or credited as fully paid.
- 2.2 Bye-law 6 of the bye-laws of the Company (“**Bye-laws**”) provides that the Company may, from time to time, by special resolution (as defined in Bye-laws), subject to any confirmation or consent required by law, reduce its authorised or issued share capital or any share premium account or other undistributable reserve in any manner permitted by law.
- 2.3 The Directors intend to convene an SGM to seek Shareholders’ approval for the Proposed Capital Reorganisation to, *inter alia*, reduce the par value of each Share from S\$5.00 to S\$0.10.

**3. RATIONALE FOR THE PROPOSED CAPITAL REORGANISATION**

- 3.1 The closing prices of the Shares ranged between S\$0.200 and S\$0.550 during the six (6) months prior to the date of this announcement with a volume weighted average price of approximately S\$0.386, which is below the existing par value of its Shares of S\$5.00.
- 3.2 The concept of par value is applicable to the Company as it is a company incorporated in Bermuda, which (unlike certain other jurisdictions such as Singapore) have yet to abolish this concept. Under the laws of Bermuda, shares of a Bermuda company may not be issued for an amount which is less than the par value of the shares. The Proposed Capital Reorganisation will provide the Company with greater flexibility to issue new Shares with a par value of S\$0.10

each at an issue price closer to its volume weighted average price in the future should fund raising opportunities or requirements arise and facilitate corporate actions which may require the issuance of new Shares, such as a rights issue or placement. Additionally, the Proposed Capital Reorganisation will help to facilitate the Company to carry out the proposed issue of an aggregate of 3,400,000 new ordinary shares in the capital of the Company for an aggregate consideration of S\$860,200 to the subscribers as disclosed in the announcements released by the Company on SGXNet dated 18 January 2024, 5 February 2024 and 15 February 2024.

- 3.3 The amount of credit arising from the Capital Reduction will be transferred to the contributed surplus account of the Company. Any credit balance in the contributed surplus account of the Company may, as long as the Company is solvent, be applied in such manner as the Directors may determine in accordance with the Bye-laws and all applicable laws. The credit balance will provide the Company with greater flexibility in relation to future distributions, if any, out of contributed surplus. Shareholders should note that whether or not the Company will make a distribution out of contributed surplus and the timing and amount of any distribution to be paid will depend on the Company's earnings, financial position including cash flow position, future capital requirements, future plans and other relevant factors. Shareholders should note that as at the date of this Circular, there are currently no plans to make any distribution out of the increased contributed surplus arising from the Proposed Capital Reorganisation.
- 3.4 The Directors are therefore of the view that the Proposed Capital Reorganisation will mitigate the limitations generally associated with the concept of par value and provide the Company with greater flexibility on its future capital structure to enable the Company to take advantage of opportunities as and when they arise.

#### 4. DETAILS OF THE PROPOSED CAPITAL REORGANISATION

The Proposed Capital Reorganisation will involve the following:

- (a) the reduction of the issued and paid-up share capital of the Company of a sum of S\$84,306,646.20 (the "**Capital Reduction**"), by the cancellation of the paid-up share capital of the Company to the extent of S\$4.90 on each of the Shares with a par value of S\$5.00 in issue on the effective date of the Proposed Capital Reorganisation ("**Proposed Capital Reorganisation Effective Date**") so that each issued Share with a par value of S\$5.00 shall be treated as one (1) fully paid Share with a par value of S\$0.10 as at the Proposed Capital Reorganisation Effective Date, and any liability of the holder of such Shares to make any further contribution to the share capital of the Company on each such Share shall be treated as satisfied. As at the date of this announcement, all issued Shares in the capital of the Company have been fully paid-up;

17,205,438 Shares of a par value of S\$0.10 each to S\$200,000,000 divided into 2,000,000,000 Shares of a par value of S\$0.10 each by the creation of 1,982,794,562 Shares with a par value of S\$0.10 each (representing the difference between 2,000,000,000 Shares with a par value of S\$0.10 each and the number of Shares with a par value of S\$0.10 each in issue after the Capital Reduction) (the “**Authorised Capital Increase**”), as it is not intended for the par value reduction to lead to a reduction in the authorised share capital, which is currently S\$200,000,000;

- (c) the issued and paid-up share capital (based on the number of issued Shares as at the date of this announcement) will be reduced by S\$84,306,646.20 from S\$86,027,190 to S\$1,720,543.80 divided into 17,205,438 Shares with a par value of S\$0.10 each.
