2.2 The aggregate value of the IPTs entered into between the Group and the IPT Group for the period from 1 April 2017 to 31 March 2018, is approximately S\$6,843,000 (the “Aggregate Value”), representing approximately 4.04% of the Group’s latest audited net tangible assets of approximately S\$169,392,000 as at 31 March 2017 (the “Group NTA”).

3. Rationale and Benefit of the IPTs

3.1 The Group’s core business includes the provision of foundation and geotechnical engineering works, soil investigation, instrumentation and specialised surveying works, sales and lease of foundation engineering equipment and accessories and property business.

3.2 THHE, THPL, THPH and THM are principally involved in the rental and sale of heavy equipment, machinery and accessories. THHE is also involved in the rental of office, yard and workers’ accommodation. It is in line with the Group’s ordinary course of business to enter into transactions with THHE, THPL, THPH and THM for available resources as long as the terms of the relevant transactions are assessed to be in its commercial interests and that of the Group, taking into consideration factors such as pricing competitiveness and priority and/or flexibility in terms of delivery. Such transactions are recurring transactions that are likely to occur with some degree of frequency and are part of the day-to-day operations of the Group, and could arise at any time.

3.3 THAB is developing an industrial development in the Nusajaya area of Iskandar Malaysia (the “Development”). Iskandar Malaysia is set to become Southern Peninsular Malaysia’s most developed region where living, entertainment, environment and business seamlessly converge within a bustling metropolis. As a partner in THAB, the Group is able to participate in future creation of value through the Development in Iskandar Malaysia. The shareholder’s loan granted by the Group to THAB is according to its shareholding proportion in THAB.

4. Audit Committee’s Statement

The Audit Committee of the Company has reviewed the above IPTs and is of the view that the IPTs are transacted on normal commercial terms and are not prejudicial to the interests of the Company and its minority shareholders.

5. Interest of Directors and Substantial Shareholders

Save as disclosed above and other than through their respective shareholdings in the Company, none of the Directors or substantial shareholders of the Company has any interest, direct or indirect, in the IPTs.
