## **THE PROPOSED RENEWAL OF THE SHAREHOLDERS' MANDATE FOR INTERESTED PERSON TRANSACTIONS**

### **1. INTRODUCTION**

The purpose of this Appendix is to provide the Shareholders with information pertaining to the proposed renewal of the IPT Mandate, for the purpose of obtaining Shareholders' approval thereof at the Annual General Meeting.

The Company had, at an extraordinary general meeting held on 11 April 2003, obtained approval from Shareholders for an IPT Mandate, details of which were set out in the Circular dated 25 March 2003. The IPT Mandate was subsequently renewed on a yearly basis.

At the previous Annual General Meeting of the Company held on 27 November 2014, Shareholders approved and renewed the IPT Mandate for the Company.

The Company is now seeking approval from Shareholders to renew the existing IPT Mandate at the forthcoming Annual General Meeting of the Company.

### **2. RATIONALE FOR, AND BENEFITS OF, THE PROPOSED RENEWAL OF THE EXISTING IPT MANDATE**

The Group engages in a range of activities, principally those relating to investment holding, general trading, including but not limited to the trading of wheat flour, other edible products and commodities, and trading in quoted securities.

In the ordinary course of its business, the Group will enter into the Interested Person Transactions described in paragraph 3 below. Such Interested Person Transactions will occur with some degree of frequency and could arise at any time. In view of the time-sensitive, confidential and frequent nature of such Interested Person Transactions, the Directors are seeking Shareholders' approval for the renewal of the IPT Mandate in respect of recurrent transactions in the normal course of business between the Group and the classes of Interested Persons set out in paragraph 3 below, provided that such transactions are entered into at arm's length and on normal commercial terms and subject to the review procedures set out in paragraph 4 below.

The approval of the Shareholders will be sought annually for the renewal of the IPT Mandate, subject to the Audit Committee being satisfied that the IPT Mandate continues to be required and that the guidelines and review procedures continue to be adequate.

The IPT Mandate will facilitate transactions in the normal course of business of the Group and allow the Group to conduct its business efficiently by eliminating the need to convene separate general meetings from time to time to seek Shareholders' approval as and when potential Interested Person Transactions which exceed the threshold specified in Rule 906 of the Listing Manual arise. The IPT Mandate will facilitate more efficient operation of the Group's business by reducing substantially administrative time and expenses in convening such general meetings, without compromising the corporate objectives and adversely affecting the business opportunities available to the Group. The IPT Mandate will also help in maintaining the Group's competitiveness in that it will not be at a disadvantage to other parties that do not require shareholders' approval for entering into such transactions.

Disclosures will be made in the annual report of the Company, in accordance with Rules 907 and 920(1)(a)(i) of the Listing Manual and any other requirements as may be prescribed in the Listing Manual, of the aggregate value of Interested Person Transactions carried out pursuant to the IPT Mandate during the current financial year and in the annual reports for subsequent financial years

during which the IPT Mandate is in force. The name of the Interested Person and the corresponding aggregate value of the Interested Person Transactions will be presented in the following format:-

Name of Interested Person	Aggregate value of all Interested Person Transactions conducted under the IPT Mandate (excluding transactions less than S\$100,000)

Pursuant to Rules 907 and 920(1)(a)(ii) of the Listing Manual, the Company is also required to announce, in the format set out above, the aggregate value of transactions conducted pursuant to the IPT Mandate for the financial periods which it is required to report on pursuant to Rule 705 of the Listing Manual within the time required for the announcement of such report.

### New Interested Person Transactions

In addition to the existing Interested Person Transactions described above, the Group may, from time to time, consider entering into other Interested Persons Transactions with the parties identified above, in respect of products similar to those covered under the existing Interested Person Transactions.

Transactions with Interested Persons which do not fall within the ambit of the proposed IPT Mandate will be subject to the relevant provisions of Chapter 9 and/or other applicable provisions of the Listing Manual.

## 4. GUIDELINES AND REVIEW PROCEDURES

To ensure that transactions with Interested Persons are undertaken on an arm's length basis and on the Group's normal commercial terms, the following guidelines and review procedures are being implemented :-

### ***For existing Interested Person Transactions (as described in paragraph 3 above):-***

- (a) Each individual transaction with an Interested Person of a value exceeding a specific threshold (the "**Individual Threshold**") set by the Audit Committee will be reviewed and approved by a manager, who must not have any interest in the transaction.

To ensure that each existing Interested Person Transaction is conducted at arm's length and on normal commercial terms consistent with the Group's usual business practices and policies, and will not be prejudicial to Shareholders, the manager will obtain, where appropriate, at least one other quotation from an unrelated vendor, or one other indication of interest from an unrelated purchaser of similar products (as the case may be), for comparative purposes. Such information will be used by the manager to assess if the terms of the Interested Person Transaction are as competitive as the terms of a transaction entered into with an unrelated party. In the event that comparative quotations or indications of interest cannot be obtained (for instance, if there are no unrelated vendors or purchasers of similar products), or in the case of the sale of products, it is not commercially feasible to obtain such quotations, the manager will then assess if the commercial terms are reasonable based on his knowledge of the industry and commercial sense and in accordance with the Group's usual business

---

practices and policies, and are consistent with the usual margins for the same or substantially similar types of transactions entered into by the Group with unrelated parties.

- (b) Where the aggregate value of transactions entered into with an Interested Person for a particular year is a value equal to or exceeding a specific threshold (the “**Aggregate Threshold**”) set by the Audit Committee, each subsequent transaction exceeding the Individual Threshold entered into with that particular Interested Person will be reviewed and approved by the Audit Committee.

The Audit Committee will procure the management of the Company to obtain, where appropriate, at least one other quotation from an unrelated vendor, or one other indication of interest from an unrelated purchaser of similar products (as the case may be), for comparative purposes. Such information will be used by the management to assess if the terms of the Interested Person Transaction are as competitive as the terms of a transaction entered into with an unrelated party; and advise the Audit Committee accordingly. The Audit Committee will then consider such advice in deciding whether to approve the Interested Person Transaction. In the event that comparative quotations or indications of interest cannot be obtained (for instance, if there are no unrelated vendors or purchasers of similar products), or in the case of the sale of products, it is not commercially feasible to obtain such quotations, the management will then assess if the commercial terms are reasonable based on their knowledge of the industry and commercial sense and in accordance with the Group’s usual business practices and policies, and are consistent with the usual margins for the same or substantially similar types of transactions made by the Group with unrelated parties; and advise the Audit Committee accordingly. The Audit Committee will consider such advice in deciding whether to approve the Interested Person Transactions.

- (c) The Individual and Aggregate Thresholds are determined by the Audit Committee on an annual basis. The audit committee had revised the value of the aggregate thresholds of the related companies in the mandate for last year. But, due to the significant improvement on the sales of oats products with the successful marketing strategies in East Malaysia, the Audit Committee would hence propose to increase the value of the aggregate thresholds of the two related companies there. The proposed revision in the value of the aggregate thresholds is shown in an appendix attached to the notice for the meeting.

### ***For new Interested Person Transactions:-***

Where the Group is entering into a particular Interested Person Transaction for the sale or purchase of products (similar to the products covered under the existing Interested Person Transactions described in paragraph 3 above) for the first time, the following procedures will be applied:-

- (a) Where appropriate, at least one other quotation from an unrelated vendor, or one other indication of interest from an unrelated purchaser of similar products (as the case may be), will be obtained by the management for comparative purposes. Such information will be used by the management to assess if the terms of the proposed Interested Person Transaction are as competitive as the terms of a transaction entered into with an unrelated party and advise the Audit Committee accordingly. In the event that comparative quotations or indications of interest cannot be obtained (for instance, if there are no unrelated vendors or purchasers of similar products), or in the case of the sale of products, it is not commercially feasible to obtain such quotations, the management will then assess if the commercial terms are reasonable based on their knowledge of the industry and commercial sense and in accordance with the Group’s usual business practices and policies, and are consistent with the usual margins for the same or substantially similar types of transactions made by the Group with unrelated parties, advise the Audit Committee accordingly.

## THE PROPOSED RENEWAL OF THE SHAREHOLDERS' MANDATE FOR INTERESTED PERSON TRANSACTIONS

---

- (b) The proposed Interested Person Transaction shall be reviewed and approved by the Audit Committee prior to it being entered into.

In addition, the following procedures are being implemented for both existing and new Interested Person Transactions:-

- (i) The Company will maintain a register of Interested Person Transactions carried out pursuant to the IPT Mandate (recording the basis, including quotations and/or offers obtained, if any, where applicable to support such basis, on which they are entered into).
- (ii) The annual internal audit plan shall incorporate a review of all Interested Person Transactions entered into pursuant to the IPT Mandate.
- (iii) The Audit Committee may, as it deems fit, request for additional information pertaining to the Interested Person Transaction under review from independent sources or advisers.
- (iv) If the approving party or a member of the Audit Committee has an interest in an Interested Person Transaction, he shall abstain from participating in the review and approval process in relation to that transaction.
- (v) The Audit Committee will also:-
- (a) carry out periodic reviews (not less than twice a year) of Interested Person Transactions that have been entered into pursuant to the IPT Mandate;
  - (b) carry out periodic reviews (not less than twice a year) to ascertain that the established guidelines and procedures for transactions with Interested Persons have been complied with and the relevant approvals have been obtained; and
  - (c) consider from time to time whether the established guidelines and procedures for transactions with Interested Persons remain appropriate and continue to be able to ensure that the transactions will be carried out on normal commercial terms, and are not prejudicial to the interests of the Company and the Shareholders. If during their periodic reviews, the Audit Committee is of the view that the established guidelines and procedures are inappropriate or are not sufficient to ensure that the Interested Person Transactions are conducted on an arm's length basis, and may be prejudicial to the interests of Shareholders, the Company will revert to Shareholders for a fresh mandate based on new procedures and guidelines for Interested Person Transactions.

### 5. AUDIT COMMITTEE'S STATEMENT

The Audit Committee has reviewed the guidelines and procedures in relation to the IPT Mandate and confirms the methods and procedures for determining transaction prices of Interested Person Transactions as set out in paragraph 4 have not changed since the latest Shareholders' approval and that such guidelines and procedures are sufficient to ensure that the Interested Person Transactions described in paragraph 3 above will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and the minority Shareholders. However, should the Audit Committee subsequently no longer hold this opinion, the Company will revert to Shareholders for a fresh mandate based on new guidelines and procedures for transactions with Interested Persons.
