5. If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change

On January 2018, the Group adopted the new financial reporting framework - Singapore Financial Reporting Standards (International) (SFRS(I)) which is identical to the International Financial Reporting Standards (IFRS). SFRS(I) 1 First-time Adoption of Singapore Financial Reporting Standards (International) will be applied in the first set of SFRS(I) financial statements.

The Group has performed an assessment of the transition options and other requirements of SFRS(I) and has determined that there are no changes to the Group's current accounting policies under the financial reporting Standards in Singapore or material adjustment on the initial transition of the new framework.

In addition, the Group has adopted SFRS(I) 15 Revenue from Contracts with Customers, which is effective for financial periods beginning January 1, 2018. SFRS(I) 15 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers.

The core principle of SFRS(I) 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specially, the Standard introduces a 5-step approach to revenue recognition:

Under SFRS(I) 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in SFRS(I) 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by SFRS(I) 15.

The application of SFRS(I) 15 has change the Group's accounting relating to revenue recognition for certain revenue streams.

The effect to the Group's financial statements after the adoption of SFRS(I) 15 are as follows:

| Other Operating Expenses | 60,360 | $(6,034)$ | 54,326 |

Under SFRS(I) 15, the Group has assessed that it acts as an agent in delivery of services for certain projects. Accordingly, the Group recognises the net fee which it is entitled to as revenue, in exchange for arranging for the delivery of such services for the projects

Except for SFRS(I) 15 as disclosed above, the adoption of the new SFRS(I)s, amendments and interpretations of SFRS(I)s which took effect in the current financial year, there were no other changes in accounting policies and methods of computation adopted in the financial statements for the current reporting period as compared to the most recent audited financial statements.

## Statement of Financial Position

Total assets increased $0.4 \%$ from $\$ 192.7$ million as at 31 December 2017 to $\$ 193.5$ million as at 31 December 2018.

Current assets increased $4.8 \%$ from $\$ 92.1$ million as at 31 December 2017 to $\$ 96.5$ million as at 31 December 2018. The increase was mainly due to the increase in cash and cash equivalents offset by lower trade and other receivables and lower inventories level.

Trade and other receivables decreased by $6.9 \%$ from $\$ 50.5$ million in the previous year to $\$ 47.0$ million as at 31 December 2018, mainly due to subsequent collection in the current financial year as well as lower sales in the twelve months ended 31 December 2018.

Non-current assets decreased $3.6 \%$ from $\$ 100.7$ million as at 31 December 2017 to $\$ 97.1$ million as at 31 December 2018. This was primarily due to the decrease in property, plant and equipment, land use rights and joint venture offset by the increase in other assets.

For the twelve months ended 31 December 2018, the Group generated positive cash flow of $\$ 20.0$ million from operations after working capital changes.
