Board of Directors

Mr Ang Boon Cheow Edward

Executive Chairman & Chief Executive Officer

Mr Ang Boon Cheow Edward has been instrumental in spearheading the Group's expansion since its inception in 1995 and provides strong leadership to the Group in the area of strategic direction and planning. Before the divestment of the Group's apparel business, Mr Ang has been in the apparel industry for more than 15 years, with his contribution to the industry being recognized by his peers when he was elected President of the Textile & Fashion Federation (Singapore) from 2002 to 2006 and has been Honorary President since 2007.

In addition, Mr Ang is familiar with the construction and civil engineering sector as he has invested in ATS, now an associate company of the Group, for more than 20 years. As Managing Director of ATS from 1992 to 2003, Mr Ang was actively involved in the executive management of ATS with responsibilities for overall business development, strategic planning and project management. Since 2003, he has been the non-executive chairman of ATS and maintains oversight of ATS' operations at the board level.

Mr Ang has a Business Degree from the USA and is currently the Vice-Chairman for International Affairs Committee and Council Member of Singapore Chinese Chamber of Commerce & Industry.

Mr Ang Boon Chong

Non-Executive Director

Mr Ang Boon Chong played a pivotal role in steering the marketing, business development and customer relationship management of the Group's previous apparel business. As previous Chief Operating Officer of the apparel business, he provided the stewardship for the Group's market development strategies and plans, particularly in the areas of marketing, research, merchandising and sourcing as well as product development. Mr Ang is also well-versed in the management of global manufacturing operations. Following the divestment of the Group's apparel business, Mr Ang was redesignated from an Executive Director to a Non-Executive Director.

Prior to joining Ocean Sky International Limited, Mr Ang has assumed various management positions in ATS for approximately 10 years. He is currently a non-executive director of ATS and oversees ATS' operations at the board level.

Chairman's Statement

Dear Shareholders,

On behalf of the board and management, I am pleased to present to you the annual report of Ocean Sky International Limited ("Ocean Sky" or the "Group") for the financial year ended 31 December 2014 ("FY2014").

Business Overview

As you are aware, the Group is involved in the construction and civil engineering business through its associate company, Ang Tong Seng Brothers Enterprises Pte. Ltd. ("ATS"). ATS is a civil engineering and construction company that operates primarily in Singapore and provides engineering services such as earthwork, roadwork, drainage work, basement work and structural works involving demolition and underground infrastructure as well as other general building works. FY2014 proved to be a challenging year for the Group as Singapore's construction industry faced headwinds due to increasing business costs arising from the tight labour market. The Board is of the view that this tight labour market may continue to pose similar or even greater challenges in 2015 and will closely monitor the situation for its construction and civil engineering business.

For the property investment and management business, the Group has a freehold land in Cambodia which is being leased to third parties at US\$60,000 per month for a period of 20 years starting from January 2013, with an option to renew for a first term of 10 years and a further second term of 15 years, at different revised rental rates for each term. This investment generates a stable rental income to the Group. The Group will continue to explore other business and investment opportunities in the Asia property sector within and beyond Singapore and Cambodia.

Performance Review

The Group's FY2014 results have been classified as continuing and discontinued operations, and it paid an interim tax-exempt cash dividend of S\$0.03 per ordinary share to shareholders in April 2014.

The Group recorded revenue of US\$0.72 million for continuing operations which comprised of rental income from land leasing. Other income of US\$2.75 million was recorded for FY2014 due mainly to fair value gain on investment property. Lower staff cost and professional fees resulted in administrative and other operating expenses decreased 46.2% to US\$1.30 million for FY2014.

For the discontinued operations in FY2014, the Group recorded a loss after income tax mainly due to the provision for settlement of claims on warranties from Sunny Force Limited on the realisable value of inventories and tax liabilities in relation to the disposed apparel operations ("Claims").

As a result of the above, the Group registered a loss after income tax of US\$0.46 million for FY2014.

In March 2015, the Company has paid US\$2.70 million to Sunny Force Limited from its internal funds as full and final settlement of all payments and liabilities arising from the Claims.

Chairman's Statement

Exploring opportunities

In line with the Group's diversification strategy into the construction and engineering business and property business, the Group has entered into a conditional sale and purchase agreement in March 2015 with Mr Tan Heng Mong, Ms Tan Bee Hoon, Mr Chan Teck Huat and Mr Tan Heng Kiat (the "Vendors") for a proposed acquisition of the Vendors' entire equity interest in Link (THM) Holdings Pte. Ltd. (the "Proposed Acquisition"). This Proposed Acquisition is expected to result in a reverse take-over of Ocean Sky and is subject to shareholders' approval.

The Board believes that the Proposed Acquisition will present an opportunity for Ocean Sky to acquire a profitable business in the property sector with a credible and proven operating track record and growth potential. In addition, the Proposed Acquisition would allow the Group to venture into and participate in the rapidly growing property development market in Iskandar, Malaysia.

Looking ahead, the Group will continue to progressively develop its civil engineering, construction and property businesses and will prudently explore and assess investment opportunities with great business potential such as the Proposed Acquisition, so as to ultimately add value for all stakeholders of the Group.

Acknowledgements

On behalf of the board and management, I would like to thank our shareholders for their continuous faith to the Group in this FY2014. I would also like to take this opportunity to thank our staff for their commitment and diligence, as well as our business associates for their valuable assistance and support.

Ang Boon Cheow Edward Executive Chairman & Chief Executive Officer

Operations Review

Continuing Operations

Revenue & Other Income

The Group recorded a revenue of US\$0.72 million for the financial year ended 31 December 2014 ("FY2014"). This revenue comprised rental income from land leasing during the financial year, which was 50.0% higher than the US\$0.48 million recorded for the preceding financial year ended 31 December 2013 ("FY2013"). The revenue for FY2013 consisted of only eight months of rental income from land leasing following the disposal of the apparel business in April 2013.

Other income decreased to US\$2.75 million for FY2014 from US\$3.04 million for FY2013, due to the recognition of a one-off gain on disposal of two Hong Kong properties and a key person insurance surrender payment for FY2013, and lower interest income, which was offset by a higher fair value gain on investment property.

Expenses

Administrative and other operating expenses decreased by 46.2% to US\$1.30 million for FY2014 from US\$2.42 million for FY2013, which was mainly due to lower staff cost and professional fees.

The share of results of associate increased from US\$0.002 million for FY2013 to US\$0.62 million for FY2014, due mainly to a gain on disposal of investment property in FY2014 and the recognition of amortisation of intangibles of US\$0.342 million in accordance with FRS 103 for FY2013.

Income tax expenses decreased to US\$0.62 million for FY2014 from US\$0.63 million for FY2013. This was mainly attributable to the one-off withholding tax on dividend from an overseas subsidiary for FY2013, offset by a higher income tax payable for a higher fair value gain on investment property.

Discontinued Operations

For FY2014, the loss after income tax from discontinued operations was mainly due to a provision for settlement of claims on warranties from Sunny Force Limited on the realisable value of inventories and tax liabilities in relation to the disposed apparel operations.

Overall, the Group registered a loss after income tax in FY2014 of US\$0.46 million, compared to a profit after income tax of US\$11.32 million for FY2013.

Financial Position

Investment property increased to US\$10.48 million as at 31 December 2014 from US\$7.80 million as at 31 December 2013 due to a recognition of the gain in fair value of the land in Cambodia.

Trade and other receivables decreased to US\$0.10 million as at 31 December 2014 from US\$0.98 million as at 31 December 2013 due mainly to the refund of the terminated pre-paid leases and payment from customers in relation to the discontinued apparel operations.

Trade and other payables decreased to US\$2.06 million as at 31 December 2014 from US\$4.46 million as at 31 December 2013 mainly due to the payment of directors' incentive bonus for FY2013 and the lower provision of staff bonus and professional expenses.

Provision for warranty claims of US\$2.70 million as at 31 December 2014 was for settlement of claims on warranties from Sunny Force Limited on realisable value of inventory and tax liabilities in relation to the disposed apparel operations.

The payment of taxes resulted in the decrease in income tax payable to US\$0.67 million as at 31 December 2014, from US\$2.17 million as at 31 December 2013.

As at 31 December 2014, cash and bank balances decreased to US\$13.32 million from US\$28.14 million as at 31 December 2013, mainly due to the payment of dividend, income taxes and trade and other payables.

Operations Review

Cashflows

For FY2014, the Group incurred cash outflow from operating activities of US\$4.02 million. Proceeds from the disposal of subsidiaries, properties and other plant, equipment and motor vehicles contributed mainly to the net cash inflow of US\$49.0 million from investing activities for FY2013. Dividend payment was the main contributor to the net cash outflow of US\$10.72 million from financing activities for FY2014.

Overall, total cash and cash equivalents decreased from US\$38.14 million as at 31 December 2013 to US\$23.32 million as at 31 December 2014.

The Company is committed to maintaining a high standard of corporate governance, and adherence to the principles and guidelines of the revised Code of Corporate Governance 2012 (the "Code"). This report outlines the Company's corporate governance practices throughout the financial year under review with specific reference to the Code. The Company has complied with the principles of the Code where appropriate.

(A) **BOARD MATTERS**

PRINCIPLE 1: THE BOARD'S CONDUCT OF AFFAIRS

The Board of Directors ("Board") comprises:

Ang Boon Cheow Edward	(Executive Chairman & Chief Executive Officer)
Ang Boon Chong	(Non-Executive Director)
Chua Keng Hiang	(Lead Independent Director)
Ng Ya Ken	(Independent Director)
Tan Min-Li	(Independent Director)

The Board's key responsibilities are in the following areas:

- formulate the Group's overall corporate strategies and directions and ensure adequate resources are available to meet these objectives;
- assume responsibility for overall performance of the Group;
- approve major funding, investment and divestment decisions;
- ensure adequate and effective system of internal controls and risk management processes to safeguard shareholders' interest and Group's assets;
- ensure compliance with statutory and financial reporting requirements, including approval of results, annual report and financial statements;
- ensure compliance with the law and the Company's Memorandum and Articles of Association;
- determine and propose payment of dividends;
- provide guidance and advice to Management;
- determine and monitor corporate governance practices;
- identify key shareholder groups and recognise their perceptions affect the Group's reputation;
- set the Group's value and standards, and ensure that obligations to shareholders and other stakeholders are understood and met; and
- consider sustainability issues including environmental and social factors in the formulation of the Group's strategies.

The Board meets on a quarterly basis. Ad-hoc meetings are held whenever circumstances require. The Company's Articles of Association (the "Articles") allow the Board to convene meetings through teleconferencing, video conferencing or similar communication equipment whereby all persons participating in the meeting are able to hear one another.

The Board recognises that in the ordinary course of the operations, there are instances where it would not be time or cost efficient to convene a meeting of all directors to approve general matters that are routine or immaterial in nature. In this regard, the Board has an Executive Committee comprising the Executive Directors to whom the Board has delegated authority over recurring operational matters and matters that are not material in nature.

Recurring operational matters include:

- review the Company's and the Group's financial requirements and approve matters relating to:
 - opening and closing of bank accounts;
 - opening and closing of securities trading accounts;
 - change in banking signatories and signing conditions; and
 - acceptance of banking facilities and other banking related matters;
- approve the incorporation, acquisition and/or disposal of company or companies resulting from internal restructuring and re-organisation within our Group;
- authorise the affixation of the Common Seal of our Company in accordance with the Articles;
- review and approve yearly business plans of all operating companies within our Group including amendments thereto;
- review quarterly and monthly reports of all operating companies within our Group;
- review and decide on appropriate actions on major variances in budgets for operating companies within our Group; and
- review and approve remuneration packages of all senior appointments (other than directors), of all companies within our Group.

Matters that are considered immaterial include:

- approve the incorporation and acquisition of companies other than those intended for material transactions; and
- approve the disposal/de-registration/application for strike off/liquidation in respect of companies whose values are not material.

Following the re-designation of Mr Ang Boon Chong from an Executive Director to a Non-Executive Director of the Company with effect from 15 May 2013, the Executive Committee was temporarily suspended. The Executive Committee will be re-formed as and when appropriate.

The Board has also delegated specific responsibilities to three committees namely, the Audit Committee ("AC"), the Nominating Committee ("NC") and the Remuneration Committee ("RC") to assist in the execution of its responsibilities. These committees function within clearly defined terms of references and operating procedures, which are reviewed on a regular basis. The Board acknowledges that while these various Board Committees have the authority to examine particular issues and report back to the Board with their decisions and recommendations, the ultimate responsibility on all matters lies with the Board.

The Board holds four scheduled meetings each year and such additional meetings as may be necessary to address any specific matters that may arise. The Directors' attendance at Board and Board Committee meetings held during the financial year under review is as follows:

		Meetings						
	Board		Audit Committee		Remuneration Committee		Nominating Committee	
	Number of meetings							
Name of Director	Held	Attended	Held	Attended	Held	Attended	Held	Attended
Ang Boon Cheow Edward	4	4	N/A	N/A	N/A	N/A	1	1

Teo Kiang Kok **	1	1	1	1	1	1	1	1

* Appointed as Independent Director with effect from 15 May 2014

** Retired as Independent Director with effect from 29 April 2014

The Board is updated on a regular basis on key changes in relevant regulatory requirements, code of corporate governance, financial reporting standards, risk management and industry-related matters so as to enable them to properly discharge their duties as Board or Board Committee members. For the financial year under review, the Board was briefed on the strategic and business development of the Group by the CEO, MAS and SGX responses to Consultation on the Review of the Securities Market Structure and Practices and key changes to the revised Guidebook for Audit Committee by the Company Secretary, and Financial Reporting updates by the external auditors.

When a new director is to be appointed, a formal letter of appointment setting out the duties and obligations shall be given to the new director. Newly appointed directors will be given briefings by Management on the business activities and its strategic directions. For the financial year under review, a new Independent Director has been appointed following the retirement of an Independent Director.

PRINCIPLE 2: BOARD COMPOSITION AND GUIDANCE

The Board now consists of one Executive Director, one Non-Executive Director and three Independent Directors. The Independent Directors make up more than half of the Board.

Name of Directors	Board of Directors	Audit Committee	Remuneration Committee	Nominating Committee
Ang Boon Cheow Edward	Executive Chairman & Chief Executive Officer	-	_	Member
Ang Boon Chong	Non-Executive Director	-	-	_
Chua Keng Hiang	Lead Independent Director	Chairman	Member	Member
Ng Ya Ken	Independent Director	Member	Chairman	_
Tan Min-Li	Independent Director	Member	Member	Chairman

The NC believes that the current size of the Board is appropriate, taking into account the scope and nature of the Group's operations and the mix of expertise and experiences of its members.

The Board possesses the core competencies in areas such as accounting and finance, legal, business and management experience, industry knowledge and strategic planning experience to lead and control the Company. In particular, the Executive Director possesses good industry knowledge while the Non-Executive Directors, who are mostly professionals and experts in their own fields, are able to take a broader view of the Group's activities, contribute their valuable experiences and provide independent judgement during Board deliberations.

The role of Non-Executive Directors is to constructively challenge and help develop proposals on strategy, review the performance of Management in meeting agreed goals and objectives and monitor the reporting of performance.

To ensure that the Non-Executive Directors are well supported by accurate, complete and timely information, they have unrestricted access to Management, and have sufficient time and resources to discharge their oversight functions effectively. The Non-Executive Directors also receive board briefings on prospective deals and potential development at an early stage before formal board approval is sought.

When necessary, the Non-Executive Directors meet without the presence of management to discuss and review any matters regarding the Group.

The composition of the Board and independence of each Independent Director are reviewed annually by the NC. All the Independent Directors have confirmed in writing of their independence in accordance with the Code.

The NC, in its deliberation as to the independence of a Director, took into account examples of relationships as set out in the Code, considered whether a Director had business relationships with the Group, and if so, whether such relationships could interfere, or be reasonably perceived to interfere, with the exercise of the director's independence judgement.

Mr Chua Keng Hiang has served on the Board as Independent Director for more than nine years.

The NC has considered specifically his length of service and continued independence and determined that the Director concerned has demonstrated strong independence in character and judgement over the years in discharging his duties and responsibilities as Independent Director of the Company in upholding the interest of the non-controlling shareholders.

The Board is of the view that Mr Chua Keng Hiang brings invaluable expertise, experience and knowledge to the Board and resolved that Mr Chua Keng Hiang continue to be considered Independent Director, notwithstanding he has served on the Board for more than nine years from the date of his first appointment.

PRINCIPLE 3: CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Mr Ang Boon Cheow Edward is the Executive Chairman and Chief Executive Officer ("CEO") of the Group. The Board believes that this arrangement is appropriate due to his instrumental role in developing and managing the Group's business, competitive and industry factors, and ownership structure. The roles of the Chairman and the CEO are assumed by the same person, Mr Ang Boon Cheow Edward. The Board feels that the separation of the said roles is not necessary as Mr Ang is able to perform his roles and responsibilities so as to ensure balance of power and authority such that no individual represents a concentration of power. The Chairman, with the assistance of the Company Secretary, schedules board meetings, determines meeting agendas in consultation with other Board members, co-ordinates the flow of information between Management and the Board and ensures compliance with the Code.

As recommended by the Code, the Board has appointed Independent Director, Mr Chua Keng Hiang, as the Lead Independent Director with effect from 25 March 2014. Shareholders of the Company with serious concerns that could have a material impact on the Group shall be able to contact Mr Chua Keng Hiang for which contact through the normal channels of the Chairman, CEO or Financial Controller have failed to resolve or is inappropriate.

PRINCIPLE 4: BOARD MEMBERSHIP

The Nominating Committee comprises:

Ms Tan Min-Li (Chairman)	Independent Director
Mr Chua Keng Hiang	Lead Independent Director
Mr Ang Boon Cheow Edward	Executive Chairman & Chief Executive Officer

The principal functions of the NC under its written terms of reference include:

- make recommendations to the Board on all Board appointments, including re-nominations, having regard to the director's contribution and performance (e.g. attendance, preparedness, participation and candour) including, if applicable, as an Independent Director;
- review the Board's structure, size and composition, having regard to the principles of corporate governance and the Code;
- identify and nominate candidates for the approval of the Board to fill vacancies in the Board as and when they arise;
- review the Board succession plans for directors, in particular, the Chairman and for the CEO;
- determine annually, and as and when required, whether or not a director is independent, based on the Code's definition of what constitutes independence in a director;
- in respect of a director who has multiple Board representations on various companies, decide whether or not such director is able to and has been adequately carrying out his/her duties as a director;
- decide how the Board's performance may be evaluated and propose objective performance criteria as approved by the Board and address how the Board can enhance long term shareholders' value. Such relevant performance evaluation criteria may include the Company's share price performance and returns on assets/ equity/investment;
- assess annually the effectiveness of the Board as a whole and the contribution of individual directors to the effectiveness of the Board; and
- review and recommend to the Board, training and professional development programmes for the Directors.

The NC adopts the Code's definition of what constitutes an Independent Director in its review. The NC is of the view that the three Independent Directors (who represent more than one-half of the Board) are independent. No individual or small groups of individuals dominate the Board's decision making process.

The NC has reviewed each of the Directors' contributions at meetings of the Board and Board Committees, and their time commitment to the affairs of the Company and is of the view that the multiple Board representations presently held by the Directors do not impede their performance in carrying out their duties to the Company. Therefore, it would not be necessary to put a maximum limit on the number of listed company board representations and other principal commitments of each Director. The NC will continue to review from time to time the board representations and other principal commitments of each Director to ensure that the Directors continue to meet the demands of the Group and are able to discharge their duties adequately.

New directors are appointed by way of a Board resolution, after the NC approves their appointments. Such new directors must submit themselves for re-election at the next Annual General Meeting ("AGM") of the Company pursuant to Article 88 of the Articles. Article 89 of the Articles requires one third of the Board to retire by rotation at every AGM and be re-elected at least once every three years. The exception is in respect of the Executive Chairman and CEO who is not subject to retirement pursuant to Article 85 of the Articles.

When a vacancy on the Board arises, the NC will identify and consider each candidate for directorship based on the selection criteria determined after consultation with the Board and after taking into consideration the qualification and experience of such candidate, his/her ability to increase the effectiveness of the Board and to add value to the Group's business. The NC will then recommend the appropriate candidate to the Board for approval. For the financial year under review, a new Independent Director has been appointed to the Board following the retirement of an Independent Director.

Currently, there is no alternate director on the Board.

Name of Director	Year of Initial Appointment	Year of Last Re-election
Ang Boon Cheow Edward	1995	2000
Ang Boon Chong	1995	2013

Ng Ya Ken*	2003	2013
Tan Min-Li**	2014	_

The year of initial appointment and the year of last re-election of the Directors are set out below:

* Re-designated from Non-Executive Director to Independent Director with effect from 13 August 2010

** Appointed as Independent Director with effect from 15 May 2014

According to Article 89 of the Articles, Mr Ang Boon Chong will retire at the Company's forthcoming AGM and be eligible for re-election. According to Article 88 of the Articles, Ms Tan Min-Li will retire at the Company's forthcoming AGM and be eligible for re-election.

Key information regarding the Directors can be found on pages 6-7 of the Annual Report. Shareholdings of Mr Ang Boon Cheow Edward and Mr Ang Boon Chong can be found on page 92 of the Annual Report. None of the Independent Directors hold shares in the Company.

PRINCIPLE 5: BOARD PERFORMANCE

The NC is responsible for recommending and implementing a process to assess the performance and effectiveness of the Board and the Board Committees as well as the contributions of each individual Director to the overall effectiveness of the Board. The NC uses a self-assessment process to assess the contribution by each Director to the effectiveness of the Board. The criteria for assessing directors include assessing each Director's contribution and commitment to the role taking into consideration, inter alia, attendance at meetings, the quality of contributions and functional expertise. The review of Board performance is undertaken collectively by the Board annually taking into account the performance criteria set out in the Code. In assessing the effectiveness of the Board as a whole, both quantitative and qualitative criterions are considered. The results of the assessments are analysed and discussed with a view to implementing any recommendation(s) to enhance the effectiveness of the Board.

For the financial year under review, no external facilitator has been engaged to perform the Board assessment process. The NC has assessed the current Board and Board Committees' performances to-date, as well as the performance of each individual Director, and is of the view that the Board and its Board Committees operate effectively and each director is contributing to the overall effectiveness of the Board.

PRINCIPLE 6: ACCESS TO INFORMATION

Board members have unrestricted access to the Company's records and are given all information and documents in advance of each Board and Committee meeting. Any additional materials or information requested by the Directors to make informed decisions are promptly furnished by Management.

All the Directors have separate and independent access to the Company Secretary who attends all Board and Board Committee meetings. The Company Secretary is responsible for ensuring that Board procedures are followed and that the relevant rules and regulations, including requirements of the Companies Act, Securities and Futures Act and the Listing Manual are complied with. The Company Secretary also assists the Chairman in ensuring good information flows within the Board and its Board Committees and between the Management and Non-Executive Directors. The appointment and removal of the Company Secretary are subject to the approval of the Board.

Subject to the approval of the Chairman, Management can assist the Directors, either individually or as a group, to obtain independent professional advice to assist them in furtherance of their duties, at the expense of the Company.

(B) **REMUNERATION MATTERS**

PRINCIPLE 7: PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

The Remuneration Committee comprises:

Mr Ng Ya Ken (Chairman) Mr Chua Keng Hiang Ms Tan Min-Li Independent Director Lead Independent Director Independent Director

The principal functions of the RC under its written terms of reference include:

- recommend to the Board a framework of remuneration for the directors and key executives, and to determine specific remuneration packages for each Executive Director and the CEO, such recommendations to be made in consultation with the Chairman of the Board and submitted for endorsement by the entire Board and would cover all aspects of remuneration, including but not limited to directors' fees, salaries, allowances, bonuses, share options, and benefits-in-kind. The Group's remuneration policy is to provide compensation packages at market rates which reward successful performance and attract, retain and motivate the directors and key executives to run the Group successfully;
- in the case of service contracts, consider what compensation commitments the directors' contracts of service, if any, would arise in the event of early termination with a view to be fair and avoid rewarding poor performance;
- in respect of the Ocean Sky Share Option Scheme and such other long-term incentive schemes (if any) including share schemes as may be implemented, consider whether directors should be eligible for benefits under such long-term incentive schemes; and
- set the remuneration packages of Executive Directors not under service contracts, taking into account the pay and employment conditions within the industry, the performance of the Group and that of the individual Executive Director.

No Director is involved in deciding his own remuneration, compensation or any form of benefits to be granted to him.

If necessary, the RC would seek professional advice internally and/or externally pertaining to the remuneration of all Directors.

PRINCIPLE 8: LEVEL AND MIX OF REMUNERATION

In setting the remuneration packages, the RC considers that the level of remuneration should be appropriate to attract, retain and motivate the directors and key executives to run the Company successfully.

The remuneration packages of Executive Directors and key management personnel comprise a basic salary component and a variable component which is the annual bonus based on the performance of the Group as a whole and their individual performance. This is designed to align the remuneration of Executive Directors and key management personnel with the interests of shareholders and link rewards to corporate and individual performance. Executive Directors are not paid directors' fees.

Non-Executive Directors are paid basic fees which are subject to shareholders' approval on a lump sum basis at the AGM of the Company, taking into account factors such as responsibilities, effort and time spent for serving the Board and Board Committees.

For those Executive Directors under service contracts, there is a fixed appointment period. A portion of the remuneration packages of the Executive Directors is performance-related. The service contracts do not have excessively long or onerous removal from office clauses.

The RC is of the view that there is no requirement to institute contractual provisions to allow the Company to reclaim incentive components of the Executive Directors' remuneration paid in prior years in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss. The Executive Directors owe a fiduciary duty to the Company. The Company should be able to avail itself to remedies against the Executive Directors in the event of such breach of fiduciary duties.

PRINCIPLE 9: DISCLOSURE ON REMUNERATION

The Group's remuneration policy is to provide compensation packages at market rates which reward successful performance and attract, retain and motivate the directors and key executives to run the Group successfully.

The breakdown of remuneration of Directors of the Company and key management personnel of the Group for the financial year under review are as follows:

	Salary	Bonus	Incentive Bonus	Fees	Benefits	Total
Directors	%	%	%	%	%	%
(a) Between S\$500,001 and S\$750,000						
Ang Boon Cheow Edward	76	19	-	_	5	100
(b) Below \$\$250,000						
Ang Boon Chong	-	-	-	100	-	100
Chua Keng Hiang	-	-	-	100	-	100
Ng Ya Ken	_	-	-	100	-	100
Tan Min-Li *	-	-	-	100	-	100
Teo Kiang Kok **	-	-	-	100	_	100

* Appointed as Independent Director with effect from 15 May 2014

* Retired as Independent Director with effect from 29 April 2014

Key Management Personnel Below S\$250,000	Salary %	Bonus %	Incentive Bonus %	Fees %	Benefits %	Total %
Chia Yau Leong	92	8	_	_	_	100

The Board is of the view that it would not be in the best interest of the Group to disclose the specific remuneration of each individual director and key management executive (who are not directors of the Company) for competitive reasons. The Board believes that the above disclosure of the remuneration in bands of \$\$250,000 provides sufficient overview and is of the opinion that such disclosure would be adequate for purposes of compliance with the Code.

The employees related to directors or the CEO and whose remuneration exceed S\$50,000 for the financial year under review are as follows:

	Salary %	Bonus %	Benefits %	Total %
Between \$\$100,001 and \$\$150,000:				
Hoon Pang Heng Joanna				
Spouse of Ang Boon Cheow Edward	82	7	11	100

The Company has a share option scheme known as the "Ocean Sky Share Option Scheme". There were no share options granted by the Company for the financial year under review. The Company has no outstanding share options of unissued reserved shares as at the end of financial year.

(C) ACCOUNTABILITY AND AUDIT

PRINCIPLE 10: ACCOUNTABILITY

The Board is accountable to the shareholders and is responsible for providing shareholders a balanced and understandable assessment of the Group's performance, position and prospects. The Group makes announcement of its financial results on a quarterly and full year basis via SGXNET on a timely manner. Management is accountable to the Board and provides members of the Board with management accounts which present a balanced and understandable assessment of the Group's performance, position and prospects on a quarterly and full year basis.

The Board reviews legislative and regulatory compliance reports from the Management to ensure that the Group complies with the relevant requirements.

In line with the Listing Manual, the Board provides a negative assurance statement in its quarterly financial results announcement, confirming to the best of its knowledge that nothing had come to the attention of the Board which might render the financial statements false or misleading in any material aspect.

PRINCIPLE 11: RISK MANAGEMENT AND INTERNAL CONTROLS

The Group does not have a Risk Management Committee. However, the Management regularly reviews the Company's business, operations and activities to identify possible areas of significant business risks as well as appropriate measures to control and mitigate these risks. The Management reviews all significant control policies and procedures and highlights all significant matters to the Board and the AC.

The Board acknowledges that it is responsible for ensuring that the Management maintains a sound system of internal controls to safeguard the shareholders' investments and the Group's assets. The AC, together with the Board, reviews the effectiveness of the Group's system of internal controls put in place to provide reasonable assurance that assets are safeguarded, proper accounting records are maintained and financial information are reliable.

The Group does not utilise sophisticated and complex computer systems in its operations and considers its exposure to information technology risks to be low.

The Board is of the opinion that the system of internal controls maintained by the Management and that was in place throughout the financial year was adequate and provides reasonable, but not absolute, assurance against material financial misstatements of loss, and include the safeguarding of assets, the maintenance of proper accounting records, the reliability of financial information, compliance with appropriate legislation, regulation and best practice, and the identification and containment of business risk.

The Board is responsible for the governance of risk and sets the tone and direction for the Group in the way risks are managed in the Group's businesses. The Board has ultimate responsibility for approving the internal processes of the Group in a manner which addresses stakeholders' expectations and does not expose the Group to an unacceptable level of operational, financial and compliance risks.

For the financial year under review, the Board has received assurance from the CEO and Financial Controller that:

- the Group's risk management and internal controls system in place is adequate and effective in addressing the material risks in the Group in its current business environment including material financial, operational, compliance and information technology risks; and
- the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances.

Based on the framework of risk management controls and internal controls established and maintained by the Group, work performed by the external auditors and reviews performed by the Management, the Board, with the concurrence of the AC, is of the opinion that the Group's system of internal controls, which addresses the financial, operational, compliance and information technology risks, and risk management system in place were adequate and effective as at 31 December 2014.

PRINCIPLE 12: AUDIT COMMITTEE

The Audit Committee comprises:

Mr Chua Keng Hiang (Chairman)	Lead Independent Director
Mr Ng Ya Ken	Independent Director
Ms Tan Min-Li	Independent Director

The Board ensures that the members of the AC are qualified to discharge their responsibilities. The members of the AC bring with them many years of accounting, legal, economics and marketing expertise and experience.

The AC has explicit authority to investigate any matter within its terms of reference, full access to and co-operation by Management and full discretion to invite any Director or executive officer to attend its meetings, and reasonable resources to enable it to discharge its functions properly.

The duties of the AC include:

- review with the external auditors the audit plan of their evaluation of the system of internal controls, their audit report and the assistance given by the Company's officers to the external auditors;
- review of the scope and results of the external audit and cost effectiveness and the independence and objectivity of external auditors;
- meet with the external auditors without the presence of Management;

- review of the financial statements of the Company and consolidated financial statements of the Group before their submission to the Board;
- review of the nature and extent of non-audit services provided by external auditors to the Company, seeking to balance the maintenance of objectivity and value for money;
- make recommendations on the appointment, re-appointment and removal of external auditors;
- review of the scope and results of internal audit procedures;
- review of the adequacy and effectiveness of the internal audit function; and
- review of the transactions falling within the scope of Chapter 9 of the Listing Manual.

The AC assists the Board with regard to discharging its responsibility to safeguard the Company's assets, maintain adequate accounting records, and develop and maintain effective system of internal controls with an overall objective of ensuring that the Management has created and maintained an effective control environment in the Group, and that the Management demonstrates and stipulates the necessary aspects of the Group's internal control structure among all parties.

The AC held four meetings during the financial year under review.

The AC meets regularly with the Management and the external auditors to review auditing and risk management matters and discuss accounting implications of any major transactions including significant financial reporting issues.

The AC is kept abreast by the Management and the external auditors of changes to accounting standards, Listing Manual and other regulations which could have an impact on the Group's business and financial statements.

On a quarterly basis, the AC also reviews the interested person transactions and the financial results announcements before their submission to the Board for approval.

The AC meets with the external auditors at least once a year without the presence of the Management to review any matters that might be raised.

The AC recommends to the Board the appointment, re-appointment and removal of external auditors, and the remuneration and terms of engagement of the external auditors. The re-appointment of the external auditors is always subject to shareholders' approval at the AGM of the Company.

The AC undertook the review of the independence and objectivity of the external auditors through discussions with the external auditors as well as reviewing the non-audit fees awarded to them. The AC is satisfied with their independence and hence has recommended to the Board the re-appointment of BDO LLP as the Company's external auditors at the forthcoming AGM. BDO LLP, which is registered with the Accounting and Corporate Regulatory Authority, is the external auditor of the Company. In this respect, the Company complies with Rule 712 of the Listing Manual.

Other BDO Member Firms are auditors of all its significant subsidiaries and associated company. The Company is therefore in compliance with Rule 715 read with 716 of the Listing Manual.

The aggregate amount of fees paid/payable to the auditors of the Company for audit services amount to US\$43,000 in respect of the audit for financial year ended 31 December 2014 and US\$2,000 for non-audit services relating to tax and corporate advisory. The AC has undertaken a review of all non-audit services provided by the auditors and the AC is satisfied that the provision of such services does not affect the independence of the auditors.

No former partner or director of the Company's existing auditing firm or auditing corporation is a member of the AC.

The Company adopted a whistle-blowing framework whereby staff of the Group may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters. The framework includes arrangements for independent investigation and appropriate follow-up of such matters. No whistle-blowing report was received during the financial year under review.

PRINCIPLE 13: INTERNAL AUDIT

The AC evaluates the need for an internal audit function so as to align it to the changing needs and risk profile of the Group's activities. On the recommendation of the AC, the Board has from time to time engaged external independent auditors to undertake an internal audit. If an internal audit is deemed necessary, the AC will set the internal audit scope, approve the internal audit plans, review the internal audit reports and assess the effectiveness of the internal auditor, such as its scope of work and the quality of its audit reports. Any material weaknesses and risks identified in the course of the audit will be communicated to the Management. Management will provide updates to the AC on the status of the remedial action plans.

Following the divestment of apparel business operations, no internal audit has been performed. The AC enquired and relied on reports from Management and external auditors on any material non-compliance and internal control weakness. The AC has reviewed with the external auditors their findings of the existence and adequacy of material internal control procedures as part of their audit for the financial year under review. The AC is of the view that in the light of the present business operations of the Group, the internal controls put in place by Management are adequate to address the key risks identified.

(D) SHAREHOLDER RIGHTS AND RESPONSIBILITIES

PRINCIPLES 14: SHAREHOLDER RIGHTS

The Company welcomes the views of shareholders on matters affecting the Company, whether at shareholders' meetings or on an ad-hoc basis. Shareholders are informed of shareholders' meetings through notices published in the Annual Report sent to all shareholders and the SGXNET, and advertised in a major local newspaper. Resolutions tabled at general meetings are passed through a process of voting by poll whereby procedures are clearly explained by the scrutineers at such general meetings.

The Articles provide for a shareholder to appoint one or two proxies to attend and vote in his stead at all general meetings. There is no provision in the Articles to allow for other absentia voting methods such as by mail, email and fax until security, integrity, legitimacy and other related issues are satisfactorily resolved.

PRINCIPLES 15: COMMUNICATIONS WITH SHAREHOLDERS

The Board subscribes to the Code's principle that the Company should engage in regular, effective and fair communication with shareholders and the investing public. To this end, it is the Company's policy that all material information will be disseminated on a timely basis through the SGXNET and not released to any selected group of persons. The Company also strives to promptly respond to enquiries from shareholders, investors, analysts, fund managers and the press. The Company has a team of investor relations personnel who focus on facilitating the communications with all stakeholders on a regular basis and to attend to their queries or concern.

Annual or extraordinary general meetings have been and are still the principal forum for dialogue with shareholders. At these meetings, shareholders are able to engage the Board and Management on the Group's business activities, financial performance and other business-related matters.

The Group does not have a fixed dividend policy at present. The form, frequency and the amount of dividends declared each year will take into consideration the Group's profit, cash position, and other factors as the Board may deem appropriate.

PRINCIPLES 16: CONDUCT OF SHAREHOLDER MEETINGS

All shareholders receive reports or circulars of the Company including notice of general meeting by post within the mandatory period. Notice of general meeting is announced through SGXNET and published in a major local newspaper within the same period.

All registered shareholders are invited to participate and given the right to vote on resolutions at general meetings. Every matter requiring shareholder's approval is proposed as a separate resolution. Each item of special business included in the notice of meeting is accompanied by an explanation for the resolution to be passed. Proxy form is sent with notice of general meeting to all shareholders. A shareholder may appoint one or two proxies to attend and vote in his stead at all general meetings. For the time being, the Company has decided not to allow for absentia voting methods such as by mail, email and fax at the general meetings due to concern over the authentication of shareholders' identity.

All the Directors, Management, Company Secretary and external auditors are normally present at the general meetings to address any questions. General meetings provide shareholders the opportunity to ask questions relating to each resolution tabled for approval and open communication are encouraged by the shareholders with the Directors on their view on matters relating to the Company. All resolutions at general meetings are put to vote by poll and the results showing the number of votes cast for and against each resolution and the respective percentage are announced to the audience at the general meetings. The polling results are also announced after the meeting via SGXNET.

The Company Secretary prepares minutes of general meetings that include substantial and relevant comments and queries from shareholders relating to the agenda of the meeting, and responses from the Board and Management. These minutes are available to shareholders upon request.

DEALINGS IN SECURITIES

The Company has issued guidelines to directors and employees prohibiting dealings in securities while in possession of unpublished price-sensitive information. They are also prohibited from dealing in securities of the Company during the period of two weeks before the announcement of the Group's quarterly results and one month before the announcement of the Group's financial year-end results. In addition, they are also prohibited from dealing in the Company's securities on short-term considerations.

The Group has adopted the best practices on dealings in securities according to Rule 1207(19) of the Listing Manual.

INTERESTED PERSON TRANSACTIONS

The Group has established procedures to ensure that all transactions with interested persons are reported on a timely manner to the AC and that the transactions are carried out on normal commercial terms and are not prejudicial to the interests of the Company and its minority shareholders.

The Board and the AC will review all interested person transactions to be entered to ensure that the relevant rules under Chapter 9 of the Listing Manual are complied with. When a potential conflict of interest arises, the director concerned does not participate in discussions and refrains from exercising any influence over other members of the Board.

There was no interested person transaction for the financial year under review.

MATERIAL CONTRACTS

Save for the service agreements of Executive Director, Mr Ang Boon Cheow Edward, there were no material contracts entered into by the Company and its subsidiaries involving the interest of the Chairman, each Director or controlling shareholder, which were either still subsisting at the end of the financial year or, if not then subsisting, entered into since the end of the previous financial year.

USE OF PROCEEDS

On 29 March 2012, the Company issued 23,630,000 shares by way of a private placement and the net proceeds amounted to approximately US\$2,468,000. The following table shows an update on the use of proceeds as at the date of this report:

In accordance with the continuing listing requirements of the Singapore Exchange Securities Trading Limited ("SGX-ST"), the Directors of the Company state that, according to the Register of the Directors' Shareholdings, the Directors' interests as at 21 January 2015 in the shares of the Company have not changed from those disclosed as at 31 December 2014.

Report of the Directors

4. Directors' receipt and entitlement to contractual benefits

Since the end of the previous financial year, no Director has received or become entitled to receive a benefit which is required to be disclosed under Section 201(8) of the Act by reason of a contract made by the Company or a related corporation with the Director or with a firm of which he is a member, or with a company in which he has a substantial financial interest except as disclosed in the financial statements.

5. Share options

On 30 January 2003, the shareholders of the Company approved the Ocean Sky Share Option Scheme (the "Scheme"). During the previous financial year, the remaining options had lapsed due to cessation of employment of option holders with the Group.

There were no share options granted by the Company during the financial year.

There were no shares issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company.

There were no unissued shares of the Company under option as at the end of the financial year.

6. Audit Committee

The Audit Committee of the Company is chaired by Chua Keng Hiang, an Independent Director, and includes Ng Ya Ken and Tan Min-Li, both Independent Directors. The Audit Committee has met four times since the last Annual General Meeting.

The Audit Committee carries out its functions in accordance with Section 201B(5) of the Act and the Code of Corporate Governance, which include the following:

- (a) review with the external auditors the audit plan of their evaluation of the system of accounting controls, their audit report and the assistance given by the Company's officers to the external auditors;
- (b) review the scope and results of the external audit and cost effectiveness and the independence and objectivity of external auditors;
- (c) meet with the external auditors without the presence of Management;
- (d) review of the consolidated financial statements of the Group and the statement of financial position of the Company before their submission to the Board;
- (e) review of the nature and extent of non-audit services provided by external auditors to the Company, seeking to balance the maintenance of objectivity and value for money;
- (f) make recommendations on the appointment, re-appointment and removal of external auditors;
- (g) review of the scope of internal audit procedures;
- (h) review of the adequacy and effectiveness of the internal audit function; and
- (i) review of the transactions falling within the scope of Chapter 9 of the Listing Manual.

Report of the Directors

6. Audit Committee (Continued)

The Audit Committee has full access to and has the co-operation of the management and has been given the resources required for it to discharge its function properly. It also has full discretion to invite any Director and executive officer to attend its meetings. The external auditors have unrestricted access to the Audit Committee.

The Audit Committee also carried out annual review of non-audit services provided by the external auditors to satisfy itself that the nature and extent of such services will not affect the independence of the external auditors.

The Audit Committee has recommended to the Board of Directors the nomination of BDO LLP for re-appointment as external auditors of the Company at the forthcoming Annual General Meeting.

7. Auditors

The auditors, BDO LLP, have expressed their willingness to accept re-appointment.

8. Additional disclosure requirements of the Listing Manual of the SGX-ST

The auditors of the subsidiaries and associate of the Company are disclosed in Note 7 and Note 8 to the financial statements, respectively. In the opinion of the Board of Directors and the Audit Committee, Rules 712, 715 and 716 of the Listing Manual of SGX-ST have been complied with.

Independent Auditors' Report

TO THE MEMBERS OF OCEAN SKY INTERNATIONAL LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of Ocean Sky International Limited (the "Company") and its subsidiaries (the "Group") as set out on pages 36 to 90, which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2014, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the financial year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the state of affairs of the Group and of the Company as at 31 December 2014, and of the results, changes in equity and cash flows of the Group for the financial year ended on that date.

Independent Auditors' Report

TO THE MEMBERS OF OCEAN SKY INTERNATIONAL LIMITED

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

1. General corporate information

Ocean Sky International Limited (the "Company") is a public limited company incorporated and domiciled in Singapore with its registered office and principal place of business at 300 Tampines Avenue 5, #09-05 NTUC Income Tampines Junction, Singapore 529653. The Company is listed on the mainboard of the Singapore Exchange Securities Trading Limited. The Company's registration number is 198803225E.

The principal activity of the Company is that of an investment holding company. Following the disposal of the Group's apparel business in year 2013 as disclosed in Note 24 to the financial statements, the principal activity of the subsidiaries is disclosed in Note 7 to the financial statements.

The financial statements for the financial year ended 31 December 2014 were authorised for issue in accordance with a resolution of the Directors on 31 March 2015.

2. Summary of significant accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been drawn up in accordance with the provisions of the Singapore Companies Act, Chapter 50 and Singapore Financial Reporting Standards ("FRS") including related Interpretations of FRS ("INT FRS") and are prepared under the historical cost convention, except as disclosed in the accounting policies below.

The individual financial statements of each Group entity are measured and presented in the currency of the primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group and the statement of financial position of the Company are presented in United States dollar, which is the functional currency of the Company and the presentation currency for the consolidated financial statements. The financial statements are expressed in United States dollar ("US\$") and rounded to the nearest thousand ("US\$'000"), unless otherwise stated.

The preparation of financial statements in conformity with FRS requires management to make judgements, estimates and assumptions that affect the Group's application of accounting policies and reported amounts of assets, liabilities, revenue and expenses. Although these estimates are based on management's best knowledge of current events and actions, actual results may differ from those estimates. Critical accounting judgements and key sources of estimation uncertainty used that are significant to the financial statements are disclosed in Note 3 to the financial statements.

During the financial year, the Group and the Company adopted the new or revised FRS and INT FRS that are relevant to their operations and effective for the current financial year. The adoption of the new or revised FRS and INT FRS did not result in any substantial changes to the Group's and the Company's accounting policies and has no material effect on the amounts reported for the current and prior financial years, except as detailed below.

2. Summary of significant accounting policies (Continued)

2.1 Basis of preparation of financial statements (Continued)

FRS 110 Consolidated Financial Statements and FRS 27 (Revised) Separate Financial Statements

FRS 110 introduces a single new control model, as the basis for determining which entities are consolidated in the Group's financial statements. Under FRS 110, control exists when the Group has:

- power over an investee;
- exposure, or rights, to variable returns from the investee; and
- the ability to use its power over an investee to affect the Group's returns from the investee.

The Group has applied FRS 110 retrospectively, in accordance with the transitional provisions of FRS 110 and changed its accounting policy for determining whether it has control over an entity and whether it is required to consolidate that interest. The adoption of FRS 110 did not result in any changes to the control conclusions reached by the Group in respect of its involvement with other entities as at the date of initial adoption on 1 January 2014. The adoption of FRS 27 (Revised) did not result in any material changes to the Group's or the Company's financial statements.

FRS 112 Disclosure of Interests in Other Entities

FRS 112 prescribes comprehensive disclosure requirements for all types of interests in other entities. It requires an entity to disclose information that helps users to assess the nature and financial effects of relationships with subsidiaries, associates, joint arrangements and unconsolidated structured entities. As the new standard affects only disclosure, there is no effect on the Group's financial position or performance. Certain new disclosures are included in these financial statements following adoption of FRS 112 on 1 January 2014.

FRS issued but not yet effective

At the date of authorisation of these financial statements, the following FRS were issued but not yet effective, and have not been adopted early in these financial statements:

		Effective date (annual periods beginning on or after)
FRS 1	: Amendments to FRS 1 – Disclosure Initiative	1 January 2016
FRS 16 and FRS 38	: Amendments to FRS 16 and FRS 38 – Clarification of Acceptable Methods of Depreciation and Amortisation	1 January 2016
FRS 16 and FRS 41	: Amendments to FRS 16 and FRS 41 – Agriculture: Bearer Plants	1 January 2016
FRS 19	: Amendments to FRS 19 – Defined Benefit Plans: Employee Contributions	1 July 2014
FRS 27	: Amendments to FRS 27 – Equity Method in Separate Financial Statements	1 January 2016
FRS 109	: Financial Instruments	1 January 2018
FRS 110 and FRS 28	: Amendments to FRS 110 and FRS 28 – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	1 January 2016
FRS 110, FRS 112 and FRS 28	: Amendments to FRS 110, FRS 112 and FRS 28 – Investment Entities: Applying the Consolidation Exception	1 January 2016
FRS 111	: Amendments to FRS 111 – Accounting for Acquisitions of Interests in Joint Operations	1 January 2016
FRS 114	: Regulatory Deferral Accounts	1 January 2016
FRS 115	: Revenue from Contracts with Customers	1 January 2017
Improvements to FRSs	2014 (January 2014 and February 2014)	1 July 2014
Improvements to FRSs	5 2014 (November 2014)	1 January 2016

Consequential amendments were also made to various standards as a result of these new or revised standards.

The management anticipates that, based on the Group's and the Company's current operations, the adoption of the above FRS in future periods, if applicable, will not have a material impact on the financial statements of the Group and the Company in the period of their initial adoption except as discussed below.

FRS 109 Financial Instruments

FRS 109 supersedes FRS 39 Financial Instruments: Recognition and Measurement with new requirements for the classification and measurement of financial assets and liabilities, impairment of financial assets and hedge accounting.

Under FRS 109, financial assets are classified into financial assets measured at fair value or at amortised cost depending on the Group's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Fair value gains or losses will be recognised in profit or loss except for certain equity investments, for which the Group will have a choice to recognise the gains and losses in other comprehensive income. A third measurement category has been added for debt instruments – fair value through other comprehensive income. This measurement category applies to debt instruments that meet the Solely Payments of Principal and Interest contractual cash flow characteristics test and where the Group is holding the debt instrument to both collect the contractual cash flows and to sell the financial assets.

FRS 109 carries forward the recognition, classification and measurement requirements for financial liabilities from FRS 39, except for financial liabilities that are designated at fair value through profit or loss, where the amount of change in fair value attributable to change in credit risk of that liability is recognised in other comprehensive income unless that would create or enlarge an accounting mismatch. In addition, FRS 109 retains the requirements in FRS 39 for de-recognition of financial assets and financial liabilities.

FRS 109 introduces a new forward-looking impairment model based on expected credit losses to replace the incurred loss model in FRS 39. This determines the recognition of impairment provisions as well as interest revenue. For financial assets at amortised cost or fair value through other comprehensive income, the Group will now always recognise (at a minimum) 12 months of expected losses in profit or loss. Lifetime expected losses will be recognised on these assets when there is a significant increase in credit risk after initial recognition.

FRS 109 also introduces a new hedge accounting model designed to allow entities to better reflect their risk management activities in their financial statements.

The Group plans to adopt FRS 109 in the financial year beginning on 1 January 2018 with retrospective effect in accordance with the transitional provisions. There may be a potentially significant impact on the accounting for financial instruments on initial adoption. Due to the recent release of this standard, the Group has not yet made a detailed assessment of the impact of this standard, however the Group will be required to reassess the classification and measurement of financial assets, and the new impairment requirements are expected to result in changes for impairment provisions on trade receivables and other financial assets not measured at fair value through profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. Subsidiaries are entities over which the Group has control. The Group controls an investee if the Group has power over the investee, exposure to variable returns from the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

Subsidiaries are consolidated from the date on which control is obtained by the Group up to the effective date on which control is lost, as appropriate.

Intra-group balances and transactions and any unrealised income and expenses arising from intragroup transactions are eliminated on consolidation. Unrealised losses may be an impairment indicator of the asset concerned.

The financial statements of the subsidiaries are prepared for the same reporting period as that of the Company, using consistent accounting policies. Where necessary, accounting policies of subsidiaries are changed to ensure consistency with the policies adopted by other members of the Group.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary it derecognises the assets and liabilities of the subsidiary and any non-controlling interest. The profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained earnings) in the same manner as would be required if the relevant assets or liabilities were disposed of.

The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under FRS 39 *Financial Instruments: Recognition and Measurement* or, when applicable, the cost on initial recognition of an investment in an associate or joint venture.

In the separate financial statements of the Company, investments in subsidiaries are carried at cost, less any impairment loss that has been recognised in profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.3 Business combinations

Business combinations from 1 January 2010

The acquisition of subsidiaries is accounted for using the acquisition method. The consideration transferred for the acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred. Consideration also includes the fair value of any contingent consideration. Contingent consideration classified as a financial liability is remeasured subsequently to fair value through profit or loss.

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under FRS 103 are recognised at their fair values at the acquisition date.

Where a business combination is achieved in stages, the Group's previously held interests in the acquired entity are remeasured to fair value at the acquisition date (i.e. the date the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

Goodwill arising on acquisition is recognised as an asset at the acquisition date and initially measured at the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest (if any) in the entity over net acquisition-date fair value amounts of the identifiable assets acquired and the liabilities assumed.

If, after reassessment, the Group's interest in the net fair value of the acquiree's identifiable net assets exceeds the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Business combinations before 1 January 2010

In comparison to the above mentioned requirements, the following differences applied:

Business combinations were accounted for by applying the purchase method. Transaction costs directly attributable to the acquisition formed part of the acquisition costs. The non-controlling interest (formerly known as minority interest) was measured at the proportionate share of the acquiree's identifiable net assets.

Business combinations achieved in stages were accounted for as separate steps. Adjustments to those fair values relating to previously held interests were treated as a revaluation and recognised in equity.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.3 **Business combinations (Continued)**

Business combinations before 1 January 2010 (Continued)

When the Group acquired a business, embedded derivatives separated from the host contract by the acquiree were not reassessed on acquisition unless the business combination resulted in a change in the terms of the contract that significantly modified the cash flows that would otherwise have been required under the contract.

Contingent consideration was recognised if, and only if, the Group had a present obligation, the economic outflow was probable and a reliable estimate was determinable. Subsequent measurements to the contingent consideration affected goodwill.

2.4 Financial instruments

Financial assets and financial liabilities are recognised on the statements of financial position when the Group becomes a party to the contractual provisions of the instrument.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and allocating the interest income or expense over the relevant period. The effective interest rate exactly discounts estimated future cash receipts or payments (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial instrument, or where appropriate, a shorter period, to the net carrying amount of the financial instrument. Income and expense are recognised on an effective interest basis for debt instruments other than those financial instruments at fair value through profit or loss.

Financial assets

All financial assets are recognised on a trade date where the purchase of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

Financial assets are classified as loans and receivables. The classification depends on the nature and purpose of these financial assets and is determined at the time of initial recognition.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.4 Financial instruments (Continued)

Financial assets (Continued)

Loans and receivables

Trade and other receivables, excluding prepayments, and cash and cash equivalents that have fixed or determinable payments that are not quoted in an active market are classified as "loans and receivables". Loans and receivables are measured at amortised cost, where applicable, using the effective interest method less impairment. Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Impairment of financial assets

Financial assets are assessed for indicators of impairment at the end of each financial year. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial asset have been impacted.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

The carrying amounts of all financial assets are reduced by the impairment losses directly with the exception of trade receivables where the carrying amounts are reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds receivables.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.4 Financial instruments (Continued)

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. The Group classifies ordinary shares as equity instruments.

Financial liabilities

Financial liabilities are classified as other financial liabilities.

Other financial liabilities

Trade and other payables

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, where applicable, using the effective interest method, with interest expense recognised on an effective yield basis.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount and the consideration paid is recognised in profit or loss.

2.5 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits and other short-term highly liquid investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.6 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses. The cost of property, plant and equipment includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

Subsequent expenditure relating to the property, plant and equipment that has already been recognised is added to the carrying amount of the asset when it is probable that the future economic benefits, in excess of the standard of performance of the asset before the expenditure was made, will flow to the Group and the cost can be reliably measured. Other subsequent expenditure is recognised as expense during the financial year in which it is incurred.

Freehold land is not depreciated. Depreciation for property, plant and equipment is provided on straight-line basis so as to write off their depreciable amounts over their estimated useful lives as follows:

Leasehold buildings	-	Over the terms of leases from 14 to 39 years
Plant, machinery and equipment	-	3 to 10 years
Motor vehicles	-	5 to 10 years
Furniture, fittings and other equipment	-	3 to 10 years

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The estimated useful lives, residual value and depreciation methods are reviewed, and adjusted as appropriate, at the end of each financial year.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets or, if there is no certainty that the lessee will obtain ownership by the end of the lease term, the asset shall be fully depreciated over the shorter of the lease term and its useful life.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.7 Investment property

Investment property, which is property held to earn rentals and/or for capital appreciation, is measured initially at its cost, including transaction costs. Subsequent to initial recognition, investment property is measured at fair value. Gains or losses arising from changes in the fair value of investment property are included in profit or loss for the period in which they arise.

Investment property is subject to renovations or improvements at regular intervals. The costs of major renovations and improvements are capitalised as additions and the carrying amounts of the replaced components are written off to profit or loss. The costs of maintenance, repairs and minor improvement are charged to profit or loss when incurred.

On disposal or retirement of an investment property, the difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss.

Transfers are made to or from investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the deemed cost for subsequent accounting is the fair value at the date of change in use. For a transfer from owner-occupied property to investment property that will be carried at fair value, any difference between the carrying amount and fair value as at the date of change in use is accounted for in the same way as revaluation in accordance with FRS 16 Property, Plant and Equipment whereby any revaluation surplus is recognised in other comprehensive income and accumulated in equity under the revaluation reserve, except to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss, in which case the increase is recognised in profit or loss. A revaluation deficit is recognised in profit or loss, except to the extent that it offsets an existing surplus on the same asset carried in the asset revaluation reserve.

2.8 Intangible assets

Computer software

Acquired computer software are initially capitalised at cost which includes the purchase price (net of any discounts and rebates) and other directly attributable costs of preparing the asset for its intended use. Direct expenditure which enhances or extends the performance of computer software beyond its specifications and which can be reliably measured is added to the original cost of the software. Costs associated with maintaining computer software are recognised as expense as incurred.

Computer software is subsequently carried at cost less accumulated amortisation and any accumulated impairment losses. These costs are amortised to profit or loss using the straight-line method over their estimated useful life of three to five years.

2. Summary of significant accounting policies (Continued)

2.9 Associates

An associate is an entity over which the Group has significant influence, but that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The results and assets and liabilities of associates are incorporated in these financial statements using the equity method of accounting. Under the equity method, investment in associate is carried in the consolidated statement of financial position at cost as adjusted for post-acquisition changes in the Group's share of the net assets of the associate, less any impairment loss of individual investments. Any premium paid for an associate above the fair value at the Group's share of identifiable net assets is included in the carrying amount of the associate.

Losses of an associate in excess of the Group's interest in that associate (which includes any longterm interests that, in substance, form part of the Group's net investment in the associate) are not recognised, unless the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

Where a Group entity transacts with an associate of the Group, profits and losses are eliminated to the extent of the Group's interest in the relevant associate. This applies to unrealised losses which are also eliminated but only to the extent that there is no impairment.

Investment in associate in the Company's statement of financial position is carried at cost less any impairment loss that has been recognised in profit or loss.

2.10 Impairment of non-financial assets

At the end of each financial year, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.10 Impairment of non-financial assets (Continued)

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

2.11 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the financial year, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The increase in the provision due to the passage of time is recognised in the statement of comprehensive income as finance expense.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

2.12 Leases

The Group and the Company as lessees

Finance leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the leased assets to the lessee. All other leases are classified as operating leases.

Assets held under finance leases are recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statements of financial position as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly to profit or loss, unless they are directly attributable to the acquisition, construction or production of qualifying assets, in which case they are capitalised in accordance with the Group's policy on borrowing costs.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.12 Leases (Continued)

The Group and the Company as lessees (Continued)

Operating leases

Rentals payable under operating leases are charged to profit or loss on a straight-line basis over the term of the relevant lease unless systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

The Group as a lessor

Operating leases

Rental income from operating leases (net of any incentives given to lessees) is recognised on a straightline basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which user benefit derived from the leased asset is diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

2.13 Share-based payments

The Group issues equity-settled share-based payments to certain employees.

Equity-settled share-based payments are measured at fair value of the equity instruments (excluding the effect of non market-based vesting conditions) at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of the number of equity instruments that will eventually vest and adjusted for the effect of non market-based vesting conditions. At the end of each financial year, the Group revises the estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised over the remaining vesting period with a corresponding adjustment to the share option reserve.

Fair value is measured using the Binomial pricing model. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations.

2. Summary of significant accounting policies (Continued)

2.14 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates, other similar allowances and sales related taxes.

Rental income

Rental income from investment property is recognised on a straight-line basis over the term of the relevant lease.

Sale of goods

Revenue from the sale of goods is recognised when the Group has transferred to the buyer the significant risks and rewards of ownership of the goods and retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

2.15 Retirement benefit costs

Payments to defined contribution retirement benefit plans are charged as an expense as they fall due. Payments made to state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, are dealt with as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

2.16 Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. An accrual is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the financial year.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.17 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.18 Dividends

Equity dividends are recognised when they become legally payable. Interim dividends are recorded in the financial year in which they are declared payable. Final dividends are recorded in the financial year in which the dividends are approved by the shareholders.

2.19 Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current income tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit reported as profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Group's liability for current tax is recognised at the amount expected to be paid or recovered from the tax authorities and is calculated using tax rates (and tax laws) that have been enacted or substantively enacted in countries where the Company and subsidiaries operate by the end of the financial year.

Current income taxes are recognised in profit or loss, except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

Deferred tax

Deferred tax is recognised on all temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.19 Taxes (Continued)

Deferred tax (Continued)

Deferred tax liabilities are recognised on taxable temporary differences arising on investments in subsidiaries and associates, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the financial year.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects to recover or settle its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax is recognised in profit or loss, except when it relates to items recognised outside profit or loss, in which case the tax is also recognised either in other comprehensive income or directly in equity, or where it arises from the initial accounting for a business combination. Deferred tax arising from a business combination, is taken into account in calculating goodwill on acquisition.

Sales tax

Revenue, expenses and assets are recognised net of the amount of sales tax except:

- when the sales tax that is incurred on purchase of assets or services is not recoverable from the tax authorities, in which case the sales tax is recognised as part of cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statements of financial position.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

2. Summary of significant accounting policies (Continued)

2.20 Foreign currency transactions and translation

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency are recorded at the rate of exchange prevailing on the date of the transaction. At the end of each financial year, monetary items denominated in foreign currencies are retranslated at the rates prevailing as of the end of the financial year. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in United States dollar using exchange rates prevailing at the end of the financial year. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising are recognised initially in other comprehensive income and accumulated in the Group's foreign currency translation reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities (including monetary items that, in substance, form part of the net investment in foreign entities), and of borrowings and other currency instruments designated as hedges of such investments, are taken to the foreign currency translation reserve.

On disposal of a foreign operation, the accumulated foreign currency translation reserve relating to that operation is reclassified to profit or loss.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

2. Summary of significant accounting policies (Continued)

2.21 Non-current assets (or disposal groups) classified as held-for-sale and discontinued operations

Non-current assets (or disposal groups) are classified as held-for-sale if their carrying amount will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets (and disposal groups) classified as held-for-sale are measured at the lower of the asset's previous carrying amount and fair value less costs to sell. Any impairment loss on initial classification and subsequent measurement is recognised as an expense. Any subsequent increase in fair value less costs to sell (not exceeding the accumulated impairment loss that has been previously recognised) is recognised in profit or loss.

A discontinued operation is a component of an entity that either has been disposed of, or is classified as held-for-sale, and

- (a) represents a separate major line of business or geographical area of operations;
- (b) is part of a single co-ordinated plan to dispose of a separate major line or geographical area of operations; or
- (c) is a subsidiary acquired exclusively with a view to resale.

2.22 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the chief executive officer who make strategic decisions.

3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in Note 2 to the financial statements, management made judgements, estimates and assumptions about the carrying amounts of assets and liabilities that were not readily apparent from other sources. The estimates and associated assumptions were based on historical experience and other factors that were considered to be reasonable under the circumstances. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

3.1 Critical judgements in applying the entity's accounting policies

Management is of the opinion that there are no critical judgements (other than those involving estimates) that has a significant effect on the amounts recognised in the financial statements.

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the financial year, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Fair value of investment property

The Group's investment property is stated at fair value as determined by independent valuers. These estimated market values may differ from the prices at which the Group's asset could be sold at a particular time, since actual selling prices are negotiated between willing buyers and sellers. Also, certain estimates require an assessment of factors not within management's control, such as overall market conditions. As a result, actual results of operations and realisation of net assets in the future could differ from the estimates set forth in these financial statements. The carrying amount of the Group's investment property was disclosed in Note 5 to the financial statements.

Provision for warranty claims

The Company recognised a provision for warranty claims for settlement of claims on warranties and tax liabilities in relation to the disposed apparel operations. Such warranties and tax indemnities for tax liabilities pertaining to the financial years prior to the completion of the disposal were granted by the Company pursuant to the terms of the sale and purchase agreement. Further claims on warranties and tax indemnities in the future could impact the Group's and the Company's financial results and financial position. Significant judgement is required in determining if the Company has to provide for additional warranty claims. In making this judgement, the Group and the Company's provision for warranty claims as at 31 December 2014 was disclosed in Note 12 to the financial statements.

Impairment of investments in subsidiaries and associate

An assessment is made at the end of each financial year on whether there is objective evidence that the investments in subsidiaries and associate are impaired. The Company evaluates, among other factors, the duration and extent to which the recoverable amount of an investment is less than its costs and the financial health of and near-term business outlook for the investment, including factors such as industry and sector performance, changes in technology and operational and financing cash flow.

As at the end of the financial year, the Company carried out a review of the recoverable amount of its investments in certain subsidiaries which had indications of impairment. The recoverable amount of investments in subsidiaries was determined based on the estimated fair value of net assets less costs to sell. The carrying amount of the Company's investment in subsidiaries was disclosed in Note 7 to the financial statements. The carrying amounts of the Group's and the Company's investment in associate were disclosed in Note 8 to the financial statements.

In the previous financial year, there was a change in use of the Group's freehold land. Accordingly, the property was transferred from owner-occupied property to investment property (Note 5). Prior to the transfer, the property was revalued in accordance with the Group's accounting policy in Note 2.7 to the financial statements.

As at 31 December 2014, the Group and the Company had a motor vehicle with a carrying amount of US\$141,000 (2013: US\$184,000) purchased under a finance lease arrangement.

In the previous financial year, the Group acquired plant and equipment amounting to US\$452,000 of which cash payments of US\$299,000 were made to purchase the plant and equipment and the remaining were purchased by means of finance leases.

In 2013, the Group's freehold land was leased to certain subsidiaries of the Disposal Group (Note 24) and was therefore accounted for as property, plant and equipment being an owner-occupied property. Subsequent to the completion of the disposal in 2013, the property continues to be leased by the former subsidiaries and has since been accounted for as investment property at fair value.

As at 31 December 2014, the fair value of the freehold land amounted to approximately US\$10,484,000 (2013: US\$7,798,000) and a fair value gain of US\$2,686,000 (2013: US\$409,000) was recognised in "Other income". The freehold land was revalued by an independent professional valuer who holds a recognised and relevant professional qualification, with recent experience in the location and category of the property held by the Group. The valuation was arrived at using the sales comparison approach whereby sales prices of comparable properties in similar locations were adjusted for differences in key attributes such as property size. The most significant input into the valuation model was the price per square metre of the properties. The valuation was based on the property's highest and best use, which was in line with its actual use. The resulting fair value of the investment property is considered level 2 recurring fair value measurement.

The Directors have exercised their judgement in relying on the valuation reports and are satisfied that the fair values are reflective of current market situations.

The following amounts are recognised in profit or loss:

At 1 January	8,310	6,861
Impairment loss during the financial year	20	1,449
At 31 December	8,330	8,310

During the financial year, the Company recognised an impairment loss of US\$20,000 (2013: US\$1,449,000) subsequent to the assessment performed by the management on the net recoverable amount of the subsidiaries which had ceased operations. The assessment was made with reference to their respective estimated fair value of net assets less costs to sell as at the end of the financial year. Management assessed that the net asset values of the subsidiaries approximated their fair values in view that these mainly comprise short-term financial instruments.

Due from subsidiaries – non-trade

As at 31 December 2014, non-trade receivables from subsidiary comprise of advances of US\$5,216,000 (2013: US\$5,216,000) which were unsecured, interest-free and with no fixed terms of repayment. The settlement of the advances will be made upon the sale of the investment property held by the subsidiary in the future.

It is not practicable to determine the fair value of the non-trade receivables of US\$5,216,000 as at 31 December 2014 (2013: US\$5,216,000) as there is no fixed terms of repayment and these are not expected to be repaid within the next 12 months.

- (a) Trade receivables are non-interest bearing and generally have credit terms of 14 to 90 days (2013: 14 to 90 days).
- (b) The non-trade amounts due from third parties in the previous financial year included an amount of US\$702,000 relating to the refund of prepaid leases for early termination of two long-term leases following the disposal of apparel business. This was fully collected in the current financial year.
- (c) The non-trade amounts due from subsidiaries mainly comprise advances which are unsecured, interest-free and repayable on demand.

10. Cash and cash equivalents

Cash and cash equivalents comprise the following:

	Group		Company	
	2014 US\$'000	2013 US\$'000	2014 US\$'000	2013 US\$′000
Cash and bank balances	13,317	28,138	11,736	22 724

	23,317	38,138	21,736	33,724

Fixed deposits earn interest at rates ranging from 0.15% to 0.25% (2013: 0.15% to 0.21%) per annum and have tenors of approximately 28 to 33 (2013: 30 to 32) days.

Significant restrictions

Cash and bank balances of US\$905,000 (2013: US\$1,067,000) held in People's Republic of China are subject to local exchange control regulations. These regulations place restrictions on exporting capital out of the country other than through dividends or upon liquidation and thus significantly affect the Group's ability to access or use assets, and settle liabilities, of the Group.

12. Provision for warranty claims

	Group and Company	
	2014	2013
	US\$'000	US\$'000
Provision for warranty claims	2,700	_

During the current financial year, the Company received claims on warranties from Sunny Force Limited on the realisable value of inventories and tax liabilities in relation to the disposed apparel operations ("Claims").

As agreed with Sunny Force Limited, the Company has, on 6 March 2015, paid US\$2.70 million to Sunny Force Limited from its internal funds as full and final settlement of all payments and liabilities arising from the Claims.

As at the date of authorisation of these financial statements, management is not aware of any further warranty and tax liability claims that may arise in relation to the disposed apparel operations. The provision for warranty claims recognised as at 31 December 2014 represents the management's best estimate of the Company's contractual obligations as at the end of the financial year.

13. Finance lease payable

The present value of finance lease payable is repayable as follows:

	Group and Company	
	2014 US\$′000	2013 US\$′000
Within one year	28	31
After one year but within five years	67	99
	95	130

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

13. Finance lease payable (Continued)

- (a) The finance lease term is 5 years.
- (b) Finance lease liability is secured by rights to the leased asset which will revert to the lessor in the event of default.
- (c) The interest rate charged is 2.28% per annum. The finance lease was on a fixed repayment basis and no arrangements had been entered into for contingent rental payments.

The management estimates that the carrying amount of the Group's and the Company's finance lease payable approximates its fair value.

14. Deferred tax liabilities

At the end of the financial year, the aggregate amount of temporary differences associated with undistributed earnings of subsidiaries for which deferred tax liabilities have not been recognised is US\$3,743,000 (2013: US\$1,082,000). No liability was recognised in respect of these differences because the Group is in a position to control the timing of the reversal of the temporary differences and it is probable that such differences will not reverse in the foreseeable future.

Foreign currency translation reserve

The foreign currency translation reserve is used to record exchange differences arising from the translation of financial statements of foreign operations whose functional currencies are different from that of the Group's presentation currency.

Revaluation reserve

The revaluation reserve represents the increase in the fair value of freehold land net of tax, prior to the change in use from property, plant and equipment to investment property, and is distributable.

17. Share-based payments

The Group has a share options scheme for certain employees and a Director of the Company.

The subscription price was equal to the average of the last dealt price for a share, as determined by reference to the financial news published by the Singapore Exchange Securities Trading Limited, for the last market day immediately preceding the offering date of the option.

The options may be exercised in whole or in part as follows:

- (i) up to 80% of the share options at any time within the period from 22 January 2011 till 21 January 2012; and
- (ii) up to 100% of the share options at any time within the period from 22 January 2012 till 21 January 2016.

All unexercised options will expire after 21 January 2016.

The share options, to the extent unexercised, shall immediately lapse without any claim against the Group upon the participant pursuant to the Scheme ceasing to be in the full-time employment of the Group for any reason whatsoever.

The following table illustrates the number and exercise price of, and movements in, share options during the financial year.

	Group and Company

Exercisable at end of the financial year	-	-	_	_		

In the previous financial year, the remaining balance of 365,000 options lapsed due to cessation of employment of the option holders.

The fair value of the share options granted on 22 January 2009 was \$\$0.03.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

17. Share-based payments (Continued)

The fair value was calculated using the Binomial Pricing Model. The inputs into the model were as follows:

Share price (S\$) Weighted average exercise price (S\$)	0.08 0.08
Expected life of share options (years)	7
Risk free interest rate (%)	1.66
Expected volatility (%)	30
Dividend yield (%)	0

The expected life of share options was based on historical data and was not necessarily indicative of exercise patterns that may occur. The expected volatility reflected the assumption that the historical volatility was indicative of future trends, which may also not necessarily be the actual outcome.

Ocean Sky Global (S) Pte. Ltd. ("OSG") and the Operating Subsidiaries ("Disposal Group")

On 6 January 2013, the Company entered into a conditional sale and purchase agreement (the "Agreement") with Luen Thai Holdings Limited ("Luen Thai"), a company incorporated in the Cayman Islands and listed on the main board of the Stock Exchange of Hong Kong Limited, and Sunny Force Limited (the "Purchaser"), a wholly-owned subsidiary of Luen Thai, pursuant to which the Company has agreed to sell and the Purchaser has agreed to acquire, the entire issued share capital of Ocean Sky Global (S) Pte. Ltd., a wholly-owned subsidiary of the Company, for an aggregate cash consideration of up to US\$55,000,000 ("Consideration"), subject to any adjustments as provided for in the Agreement (the "Divestment").

The apparel business represents the Group's sole business segment and this segment has been presented as "Discontinued operations" in accordance with FRS 105 Non-current Assets Held for Sale and Discontinued Operations. In 2014, the Group's results pertaining to the disposed apparel business have been presented as discontinued operations.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

28. Operating lease arrangements

The Group and Company as lessees

At the end of the financial year, commitments in respect of non-cancellable operating leases for office premises are as follows:

	Group		Company	
	2014 US\$'000	2013 US\$'000	2014 US\$′000	2013 US\$'000
Within one year	128	317	128	135
Within two to five years	75	214	75	214
	203	531	203	349

During the current financial year, leases for office premises are negotiated for a term of 3 years with no arrangement on contingent rents. The Group and the Company are given an option to renew the leases before expiry. Lease payments are usually increased upon renewals to reflect market rentals.

In the previous financial year, leases for office premises were negotiated for a term of 2 to 3 years with no arrangement on contingent rents.

The Group as lessor

At the end of the financial year, the Group has contracted with tenants for the following minimum lease receivables:

	Group		
	2014	2013	
	US\$'000	US\$'000	
Within one year	720	720	
Within two to five years	2,880	2,880	
More than five years	9,360	10,080	
	12,960	13,680	

The lease for the investment property was negotiated for a term of 20 years with no arrangement on contingent rents. There is an option to renew the lease for a further term of 10 years before expiry. Lease payments will be reviewed upon renewal to reflect market rentals.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

29. Significant related party transactions

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Group and Company if that person:
 - (i) Has control or joint control over the Company;
 - (ii) Has significant influence over the Company; or
 - (iii) Is a member of the key management personnel of the Group or Company or of a parent of the Company.
- (b) An entity is related to the Group and the Company if any of the following conditions applies:
 - (i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

The outstanding balances with related parties as at the end of the financial year are unsecured, interest-free and repayable on demand, unless otherwise stated.

30. Segment reporting

The management has determined the operating segments based on the reports reviewed by the chief operating decision-maker.

In prior years, the Group had only one business segment which was the provision of a one-stop fully integrated apparel service with global end-to-end supply chain management capabilities from design to distribution. Following the disposal of the Group's apparel business during the previous financial year, the Group's business has become that of investment holding. Accordingly, the management considers the business from a geographic segment perspective.

The Group's reportable segments are strategic geographical units that are organised based on their function and economic environment. The segments are managed separately because each segment is subject to risks and rewards that are different from those of other segments.

In 2013, the geographical areas were Singapore, Southeast Asia (Vietnam and Cambodia) and North Asia (Hong Kong and Guangzhou, China). Singapore, comprising mainly the Company, served as the Corporate Headquarters and handled the sales, marketing, finance and administrative functions of the Group. Southeast Asia and North Asia served as the production arms of the Group. In 2014, following the disposal of the Group's apparel business, the geographical areas are Singapore which remains as the Corporate Headquarters, Southeast Asia (Cambodia) which is in investment property holding and North Asia (Guangzhou, China) which ceased operations in 2013.

Revenue by geographical segment is analysed in accordance to the location of the Group entity generating the revenue. Revenue by geographical market is analysed in accordance to the location of the customers, regardless of where the goods were produced.

Non-current assets and capital expenditure are shown by the geographical location of assets.

Income taxes are managed on a Group basis.

The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies. There is no asymmetrical allocation to reportable segments.

There is no change from prior periods in the measurement methods used to determine reported segment profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

30. Segment reporting (Continued)

The Group accounts for intersegment sales and transfer as if the sales or transfers were to third parties, which approximate market prices. These intersegment transactions are eliminated on consolidation. Profit or loss is reviewed after elimination of intersegment transactions.

Major customer

The Group's total revenue from continuing operations of US\$720,000 (2013: US\$480,000) is derived from a single customer.

In the previous financial year, the Group's revenue from discontinued operations included an amount of US\$27,646,000 which was derived from one customer and was substantially under the geographical market for United States of America.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

31. Financial instruments and financial risk management

The Group's activities expose it to credit risk, market risks (including foreign currency risk and interest rate risk) and liquidity risk. The Group's overall risk management strategy seeks to minimise adverse effects from the volatility of financial markets on the Group's financial performance.

The Board of Directors is responsible for setting the objectives and underlying principles of financial risk management for the Group. The Group management then establishes the detailed policies such as authority levels, oversight responsibilities, risk identification and measurement, exposure limits and hedging strategies, in accordance with the objectives and underlying principles approved by the Board of Directors.

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risk. Market risk exposures are measured using sensitivity analysis indicated below.

31.1 Credit risk

In 2013, the Group has only one class of trade receivables which arose from sale of goods from the disposed apparel operations.

Activities that give rise to credit risk include granting credit to customers and placing deposits with banks.

Credit risk is managed through transacting with customers with a good credit history, requesting for letters of credit, where applicable, as part of sales terms for new customers and performing credit checks and monitoring procedures. Bank deposits are mainly deposits with banks with high credit-ratings assigned by international credit rating agencies.

The amount that best represents its maximum exposure to credit risk is the carrying amount of financial assets in the financial statements. There are no collaterals held as security or other credit enhancements.

In the previous financial year, trade receivables which were neither past due nor impaired were mainly owing by customers with no past history of default. There are no past due other receivables in the current or previous financial year.

The carrying amounts and age analysis of trade receivables which are past due but not impaired are as follows:

	-	153

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

31. Financial instruments and financial risk management (Continued)

31.1 Credit risk (Continued)

The Group and the Company do not have any significant credit exposure to any single counterparty or any group of counterparties having similar characteristics except as follows:

- (a) The Group and the Company have trade receivables which are past due and impaired amounting to US\$662,000 (2013: US\$662,000) owing from a customer which had been placed under chapter 11 of the United States Bankruptcy Code. The Company had filed its claims against this customer and distributions have been made progressively.
- (b) The Company has non-trade receivables from its subsidiaries of US\$6,069,000 (2013: US\$6,231,000) which are neither past due nor impaired. As at 31 December 2014, these receivables comprise 98.6% (2013: 96.5%) of the Company's total current and non-current receivables.

31.2 Liquidity risk

The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of receipts and payments. The Group manages liquidity risks by keeping committed lines of credit available.

The following table details the Group and the Company's remaining contractual maturity for its financial instruments. The table has been drawn up based on undiscounted cash flows of financial instruments based on the earlier of the contractual date or when the Group and the Company are expected to receive or pay. The table includes both interest and principal cash flows.

31.3 Currency risk

The Group has foreign currency exposures arising from expenses or purchases that are denominated in a currency other than the respective functional currencies of Group entities, primarily the Singapore dollar, United States dollar, and Hong Kong dollar.

The Group does not have a formal hedging policy against foreign exchange fluctuations. The Group continuously monitors the exchange rates on a daily basis so as to realise the currencies at the most favourable exchange rate.

As at the end of the financial year, the net carrying amounts of monetary assets and liabilities denominated in currencies other than the respective group entities' functional currencies were as follows:

	Group		Company

31.4 Interest rate risk

The Group's and the Company's interest exposure arises primarily from the finance lease liability which bears a fixed interest rate. The management considers the Group's and the Company's exposure to changes in interest rates to be insignificant.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

32. Capital management policies and objectives

The Group's objectives when managing capital are:

- (i) to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The capital structure of the Group consists of equity attributable to owners of the parent, comprising issued capital, reserves and retained earnings.

The Group sets the amount of capital in proportion to risk. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

The Group is not subject to externally imposed capital requirements for the financial years ended 31 December 2014 and 31 December 2013.

The Group's overall strategy remains unchanged from 2013.

33. Fair value of financial assets and financial liabilities

Financial instruments whose carrying amount approximate fair value

The management of the Group has determined that the carrying amounts of cash and cash equivalents, trade and other receivables, and trade and other payables approximate their respective fair values due to the relatively short-term maturity of these financial instruments. The fair values of other classes of financial liabilities are disclosed in the respective notes to the financial statements.

34. Event subsequent to the reporting period

As announced by the Company on 25 March 2015, the Company had entered into a conditional sale and purchase agreement in relation to a proposed acquisition of the equity interest of Link (THM) Holdings Pte. Ltd. ("Proposed Acquisition").

The Proposed Acquisition, if undertaken and completed, is expected to result in a "Reverse Take-over" of the Company as defined under Chapter 10 of the listing manual of the Singapore Exchange Securities Trading Limited ("SGX-ST") and is subject to, inter alia, the approval of shareholders of the Company at an extraordinary general meeting to be convened, and the approval of the SGX-ST.

The disclosures required by FRS 103 Business Combinations have not been made as the acquisition has not been completed as at the date of this report.

SPECIAL BUSINESS

To consider and, if thought fit, to pass the following resolutions, with or without amendments, as Ordinary Resolutions:-

6. Authority to issue shares and convertible securities

"That pursuant to Section 161 of the Companies Act, Chapter 50, the Articles of Association and the listing rules of the Singapore Exchange Securities Trading Limited ("SGX-ST"), authority be and is hereby given to the directors of the Company to:

- (a) (i) allot and issue shares in the capital of the Company (the "Shares") (whether by way of rights, bonus or otherwise); and/or
 - make or grant offers, agreements, or options (collectively, "Instruments") that might or would require Shares to be issued, including but not limited to the creation and issue of warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the directors may in their absolute discretion deem fit; and

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force):
 - (i) issue additional instruments as adjustments in accordance with the terms and conditions of the Instruments made or granted by the directors while this Resolution was in force; and
 - (ii) issue Shares in pursuance of any Instruments made or granted by the directors while this Resolution was in force or such additional Instruments in (b)(i) above,

provided that:

- (1) the aggregate number of Shares to be issued pursuant to this Resolution (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed fifty per cent. (50%) of the total number of issued Shares (excluding treasury shares, if any) at the time of the passing of this Resolution (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of Shares issued other than on a pro rata basis to existing shareholders (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed twenty per cent. (20%) of the Company's total number of issued Shares (excluding treasury shares, if any) (as calculated in accordance with sub-paragraph (2) below); and
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (1) above, the total number of issued Shares (excluding treasury shares, if any) shall be calculated based on the total number of issued Shares (excluding treasury shares, if any) at the time of the passing of this Resolution, after adjusting for:-
 - (a) new Shares arising from the conversion or exercise of convertible securities;
 - (b) new Shares arising from the exercise of share options or vesting of share awards outstanding or subsisting at the time this Resolution is passed, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the SGX-ST Listing Manual; and
 - (c) any subsequent bonus issue, consolidation or subdivision of Shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the listing rules of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Articles of Association for the time being of the Company; and

(4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required by law to be held, whichever is the earlier."

[See Explanatory Note (iii)]

7. Authority to grant options and issue shares pursuant to the Ocean Sky Share Option Scheme

"That approval be and is hereby given to the Directors to: (a) offer and grant options in accordance with the provisions of the Ocean Sky Share Option Scheme (the "Share Option Scheme"); and (b) allot and issue from time to time such number of ordinary shares in the capital of the Company as may be required to be issued pursuant to the exercise of options under the Share Option Scheme, provided that the aggregate number of ordinary shares to be issued pursuant to the Share Option Scheme shall not exceed fifteen per cent. (15%) of the total number of issued shares of the Company from time to time."

[See Explanatory Note (iv)]

8. Renewal of Share Purchase Mandate

"That:

- (a) for the purposes of the Companies Act, Chapter 50 of Singapore (the "Act"), the exercise by the Directors of the Company of all the powers of the Company to use Funds (as hereafter defined) to purchase or otherwise acquire the ordinary shares in the capital of the Company ("Shares") not exceeding in aggregate the Maximum Limit (as hereafter defined), at such price(s) as may be determined by the Directors of the Company from time to time up to the Maximum Price (as hereafter defined), whether by way of:
 - (i) on-market purchases (each an "On-Market Purchase") on the Singapore Exchange Securities Trading Limited ("SGX-ST"); and/or
 - (ii) off-market purchases (each an "Off-Market Purchase") effected otherwise than on the SGX-ST in accordance with any equal access schemes as may be determined or formulated by the Directors of the Company as they consider fit based on the requirements of section 76C of the Act,

and in accordance with all other laws and regulations of Singapore and the listing rules of the SGX-ST as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally (the "Share Purchase Mandate")

(Resolution 6)

(Resolution 7)

- (b) unless varied or revoked by the Company in general meeting, the authority conferred on the Directors of the Company pursuant to the Share Purchase Mandate may be exercised by the Directors of the Company at any time and from time to time during the period commencing from the passing of this Resolution and expiring on the earlier of:
 - the date on which the next Annual General Meeting of the Company ("AGM") is held or required by the law to be held;
 - (ii) the date on which the share purchases are carried out to the full extent mandated; or
 - (iii) the date on which the authority contained in the Share Purchase Mandate is revoked or varied;
- (c) in this Resolution:

"Funds" means internal sources of funds and/or external borrowings as may be determined by the Directors of the Company. Illustrations of the financial impact of the use of Funds are set out in the Appendix 1;

"Maximum Limit" means that number of Shares representing ten per cent. (10%) of the issued ordinary share capital of the Company as at the date of passing of this Resolution unless the Company has effected a reduction of the share capital of the Company in accordance with the applicable provisions of the Act, at any time during the Relevant Period (as defined hereinafter), in which event the issued ordinary share capital of the Company shall be taken to be the amount of the issued ordinary share capital of the Company as altered (excluding any treasury shares that may be held by the Company from time to time);

"Relevant Period" means the period commencing from the date on which the last AGM was held and expiring on the date the next AGM is held or is required by law to be held, whichever is the earlier, after the date of this Resolution; and

"Maximum Price", in relation to a Share to be purchased or acquired, means an amount (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) not exceeding:

- (i) in the case of an On-Market Purchase: 105% of the Average Closing Price;
- (ii) in the case of an Off-Market Purchase: 130% of the Highest Last Dealt Price, where:

"Average Closing Price" means the average of the closing market prices of a share over the last five (5) market days, on which transactions in the Shares were recorded, preceding the day of the On-Market Purchase, and deemed to be adjusted for any corporate action that occurs after the relevant five (5) market days period;

"Highest Last Dealt Price" means the highest price transacted for a share on the market day on which the Shares were transacted on the SGX-ST immediately preceding the date of the making of the offer pursuant to the Off-Market Purchase;

"date of the making of the offer" means the date on which the Company announces its intention to make an offer for an Off-Market Purchase, stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase; and

(d) the Directors of the Company be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they may consider expedient or necessary to give effect to the transactions contemplated by this Resolution."

(Resolution 8)

[See Explanatory Note (v)]

Any Other Business

9. To transact any other business which may properly be transacted at an Annual General Meeting.

By Order of the Board

Chia Yau Leong Company Secretary

Singapore, 13 April 2015

Explanatory Notes:

- (i) Ms Tan Min-Li, upon re-election as a Director of the Company, will remain as the Chairman of the Nominating Committee and a member of the Audit Committee and Remuneration Committee and will be considered independent.
- (ii) Mr Ang Boon Chong, upon re-election as a Director of the Company, will continue to serve as Non-Executive Director.
- (iii) Ordinary Resolution 6, if passed, will empower the Directors from the date of the above Meeting until the date of the next annual general meeting, to issue shares and convertible securities in the Company. The number of shares and convertible securities that the Directors may allot and issue under this Resolution would not exceed fifty per cent. (50%) of the total number of issued shares (excluding treasury shares, if any) of the Company at the time of the passing of this resolution. For issue of shares and convertible securities (other than on a pro rata basis to all shareholders), the aggregate number of shares and convertible securities to be issued shall not exceed twenty per cent. (20%) of the total number of issued shares, if any) of the Company.
- (iv) Ordinary Resolution 7, if passed, will empower the Directors to offer and grant options, and to issue ordinary shares in the capital of the Company, pursuant to the Share Option Scheme (which was approved by shareholders at the Extraordinary General Meeting held on 30 January 2003), provided that the aggregate number of ordinary shares to be issued pursuant to the Share Option Scheme shall not exceed fifteen per cent. (15%) of the total number of issued shares (excluding treasury shares, if any) of the Company from time to time pursuant to the exercise of the options under the Share Option Scheme.
- (v) Ordinary Resolution 8, if passed, will empower the Directors of the Company to make purchases or otherwise acquire the Company's issued shares from time to time subject to and in accordance with the guidelines set out in the Appendix 1 accompanying this Notice. The authority will expire at the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required by law to be held, whichever is earlier, unless previously revoked or waived at a general meeting.

Notes:

- 1. A member entitled to attend and vote at a meeting of the Company is entitled to appoint not more than two proxies to attend and vote on his behalf. A proxy need not be a member of the Company.
- 2. If the appointer is a corporation, the instrument appointing a proxy must be executed under seal or the hand of its duly authorised officer or attorney.
- 3. An instrument of proxy must be deposited at the registered office of the Company at 300 Tampines Avenue 5, #09-05 NTUC Income Tampines Junction, Singapore 529653, not less than forty-eight (48) hours before the time appointed for the holding of this Meeting or adjourned Meeting.

Personal Data Privacy:

Where a member of the Company submits an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxy(ies) and/or representative(s) appointed for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, proxy lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

OCEAN SKY INTERNATIONAL LIMITED

(Registration No. 198803225E) (Incorporated in the Republic of Singapore)

SUMMARY SHEET FOR RENEWAL OF SHARE PURCHASE MANDATE

The SGX-ST assumes no responsibility for the correctness of any of the statements made, reports contained or opinions expressed in this Appendix. If you are in doubt as to the action that you should take, you should consult your stockbroker or other professional adviser immediately.

(A) Shares Purchased In The Previous Twelve Months

The Company has not made any share purchases pursuant to the Share Purchase Mandate obtained at the Annual General Meeting on 29 April 2014 in the last 12 months immediately preceding 26 March 2015 (the "Latest Practicable Date").

(B) Renewal of The Share Purchase Mandate

The Ordinary Resolution No. 8 if passed at the Annual General Meeting to be held on 28 April 2015 ("2015 AGM"), will renew the Shares Purchase Mandate approved by the shareholders of the Company from the date of the Annual General Meeting until the date that the next annual general meeting of the Company is held or is required by law to be held, whichever is the earlier (the "Relevant Period").

(C) Rationale For The Share Purchase Mandate

The Proposed Share Purchase Mandate will provide the Company with the flexibility to undertake share purchases of up to the ten per cent. (10%) limit during the period when the Proposed Share Purchase Mandate is in force.

In addition to the growth and expansion of the Group's business, a share purchase at the appropriate price level may also increase shareholders' value in the Company as it is one of the ways in which the return on equity of the Group may be enhanced.

Share purchases may also provide the Company with a mechanism to facilitate the return of surplus cash over and above its ordinary capital requirements in an expedient, effective and cost-efficient manner. It will also provide the Directors with greater flexibility over the Company's share capital structure with a view to enhancing the earnings per share and/or net tangible assets value per share.

The Directors may also purchase or acquire shares pursuant to the Proposed Share Purchase Mandate, hold the repurchased shares as treasury shares and utilise such treasury shares for the purposes of granting options under the Ocean Sky Share Option Scheme.

Short term speculation may at times cause the market price of the Shares to be depressed below the true value of the Group. In a depressed share price situation, the Directors further believe that share purchases by the Company will help mitigate short-term market volatility, offset the effects of short-term speculation which in turn protect shareholders' investments and bolster shareholder confidence.

The Directors will only effect a share purchase as and when the circumstances permit, after taking into account, amongst other things, the Company's financial condition, the prevailing market conditions and whether such share purchases represent the most cost-effective and efficient approach in enhancing share value. The Directors do not propose to carry out share purchases to an extent that would, or in circumstances that might, result in a material adverse effect on the liquidity and/or the orderly trading of the Shares and/ or the financial position of the Group.

The Directors will ensure that the share purchases will not have any effect on the listing of the Company's securities including the Shares listed on the Singapore Exchange Securities Trading Limited (the "SGX-ST"). Rule 723 of the Listing Manual of the SGX-ST requires at least ten per cent. (10%) of any class of a company's listed securities to be held by the public at all times. The Directors shall safeguard the interests of public shareholders before undertaking any share purchases. Before exercising the Share Purchase Mandate, the Directors shall at all times take due cognisance of (a) the then shareholding spread of the Company in respect of the number of Shares held by substantial shareholders and by non-substantial shareholders and (b) the volume of trading on the SGX-ST in respect of the Shares immediately before the exercise of any share purchase.

Currently, 200,988,330 Shares (44.72%) of a total of 449,441,053 Shares issued by the Company are held by 1,238 public shareholders. The Company is of the view that there is sufficient number of Shares in issue held by public shareholders which would permit the Company to undertake share purchases of up to ten per cent. (10%) of its issued ordinary share capital without affecting the listing status of the Shares on the SGX-ST. The Company will ensure that the share purchases will not cause market illiquidity or affect orderly trade.

(D) Financial Impact Of The Proposed Shares Purchases

- 1. The purchased Shares shall be cancelled immediately on purchase or acquisition unless held in treasury in accordance with Section 76H of the Companies Act, Chapter 50 (the "Act"). Section 76H of the Act allows purchased Shares to be:
 - (i) held by the Company; or
 - (ii) dealt with, at any time, in accordance with Section 76K of the Act, as treasury shares.

Section 76K of the Act allows the Company to:

- (i) sell the Shares (or any of them) for cash;
- (ii) transfer the Shares (or any of them) for the purposes of or pursuant to an employees' share scheme;
- (iii) transfer the Shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person; or
- (iv) cancel the Shares (or any of them).

The aggregate number of Shares held as treasury shares shall not at any time exceed ten per cent. (10%) of the total number of Shares at that time. Any Shares in excess of this limit shall be disposed of or cancelled in accordance with Section 76K of the Act within six (6) months.

Any share purchase will:

- reduce the amount of the Company's share capital where the Shares were purchased or acquired out of the capital of the Company;
- (ii) reduce the amount of the Company's profits where the Shares were purchased or acquired out of the profits of the Company; or
- (iii) reduce the amount of the Company's share capital and profits proportionately where the Shares were purchased or acquired out of both the capital and the profits of the Company;

by the total amount of the purchase price paid by the Company for the Shares cancelled.

The Company cannot exercise any right in respect of treasury shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Act, the Company shall be treated as having no right to vote and the treasury shares will be treated as having no voting rights.

- 2. The financial effects on the Company and the Group arising from the proposed purchases of the Company's Shares which may be made pursuant to the proposed Share Purchase Mandate will depend on, inter alia, the aggregate number of Shares purchased and the consideration paid at the relevant time.
- 3. Based on the existing issued and paid-up share capital of the Company of US\$29,343,553 comprising 449,441,053 shares in issue as at the Latest Practicable Date, the proposed purchases by the Company of up to a maximum of ten per cent. (10%) of its issued share capital under the Share Purchase Mandate will result in the purchase of 44,944,105 Shares.
- 4. An illustration of the impact of share purchases by the Company pursuant to the Share Purchase Mandate on the Group's and the Company's financial position is set out below based on the following assumptions:
 - (a) audited accounts of the Group and the Company as at 31 December 2014;
 - (b) in full exercise of the Share Purchase Mandate, 44,944,105 Shares were purchased;
 - (c) the maximum price for the On-Market Purchases is S\$0.134, which is 105% above the Average Closing Price (as defined in paragraph F(2));
 - (d) the maximum price for the Off-Market Purchases is S\$0.182, which is 130% of the Highest Last Dealt Price (as defined in paragraph F(2));
 - (e) the maximum amount of funds required for the share purchases in the aggregate is approximately US\$4.54 million and US\$6.17 million for On-Market Purchases and Off-Market Purchases respectively.

Off-Market Purchases and held as Treasury Shares or cancelled

- 5. Shareholders should note that the financial effects set out above are based on the audited financial accounts of the Group and the Company for the financial year ended 31 December 2014 and are for illustration only. The results of the Group and the Company for the financial year ended 31 December 2014 may not be representative of future performance.
- 6. The Company intends to use its internal sources of funds to finance its purchases of the Shares. The Company does not intend to obtain or incur any borrowings to finance its purchases of the Shares. The Directors do not propose to exercise the Share Purchase Mandate in a manner and to such extent that the working capital requirements of the Group would be materially affected.
- 7. The Company will take into account both financial and non-financial factors, among other things, the market conditions at such time, the Company's financial condition, the performance of the Shares and whether such share purchases would represent the most efficient and cost-effective approach to enhance the share value. Share purchases will only be made if the Board believes that such purchases are likely to benefit the Company and increase economic value for shareholders.

(E) Consequences of Shares Purchases Under The Singapore Code on Take-overs and Mergers

- 1. In accordance with The Singapore Code on Take-overs and Mergers (the "Take-over Code"), a person will be required to make a general offer for a public company if:
 - (a) he acquires 30 per cent. (30%) or more of the voting rights of the company; or
 - (b) he already holds between 30 per cent. (30%) and 50 per cent. (50%) of the voting rights of the company, and he increases his voting rights in the company by more than one per cent. (1%) in any six-month period.
- 2. As at the Latest Practicable Date, the substantial shareholders' and Directors' interests are as follows:

	< Direct Interest> Number of		<pre></pre>		< Total Interest > Number of	
	Shares	%	Shares	%	Shares	%
Directors

Charisma Asia						
Limited ("CAL") $^{(3),(4)}$	_	-	94,153,089	20.95	94,153,089	20.95

Notes:

- (1) Mr Ang Boon Cheow Edward and Mr Ang Boon Chong are brothers.
- (2) Mr Ang Boon Cheow Edward is deemed interested in 139,814,634 Shares of which 6,585,000 Shares are owned by Mr Ang Boon Cheow Edward and registered in the name of Raffles Nominees (Pte) Limited. The remaining Shares are held indirectly by ANA which is wholly-owned by Mr Ang Boon Cheow Edward. Mr Ang Boon Cheow Edward is, by virtue of his interest in ANA, deemed interested in the 133,229,634 Shares held by ANA.
- (3) Mr Ang Boon Chong is deemed interested in 108,638,089 Shares of which 14,485,000 Shares are owned by Mr Ang Boon Chong and (i) 14,200,000 shares are registered in the name of HSBC (Singapore) Nominees Pte Ltd (ii) 285,000 shares are registered in the name of Raffles Nominees (Pte) Limited. The remaining Shares are held indirectly by CAL which is wholly-owned by Mr Ang Boon Chong. Mr Ang Boon Chong is, by virtue of his interest in CAL, deemed interested in the 94,153,089 Shares deemed held by CAL.
- (4) The Shares held by ANA and CAL are registered in the name of HSBC (Singapore) Nominees Pte Ltd.

In the event the Company undertakes share purchases within the Relevant Period of up to ten per cent. (10%) of the issued share capital of the Company as permitted by the Share Purchase Mandate, the shareholdings and voting rights of Mr Ang Boon Cheow Edward and Mr Ang Boon Chong and their concert parties, ANA and CAL, will remain above 50%. Accordingly, no Director or substantial shareholder is required to make a general offer pursuant to the Take-over Code.

(F) Miscellaneous

- 1. The maximum number of Shares that may be purchased or acquired by the Company is limited to that number of Shares representing not more than ten per cent. (10%) of the issued ordinary share capital of the Company as at the date of the 2015 AGM at which the proposed renewal of the Share Purchase Mandate is approved (unless the Company has effected a reduction of the share capital of the Company in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period, in which event the issued ordinary share capital of the Company shall be taken to be the amount of the issued ordinary share capital of the Company as altered (excluding any treasury shares that may be held by the Company from time to time)). Any Shares which are held as treasury shares will be disregarded for the purposes of computing the ten per cent. (10%) limit. As at the Latest Practicable Date, the Company does not hold any treasury shares.
- 2. Any share purchases undertaken by the Company shall be at a price of up to but not exceeding:
 - (a) in the case of an On-Market Purchase, 105% of the Average Closing Price (as defined hereinafter); and
 - (b) in the case of an Off-Market Purchase, 130% of the Highest Last Dealt Price,

(the "Maximum Price") in either case, excluding related expenses of the purchase.

For the above purposes:

"Average Closing Price" means the average of the closing market prices of a share over the last five (5) Market Days, on which transactions in the Shares were recorded, preceding the day of the On-Market Purchase, and deemed to be adjusted for any corporate action that occurs after the relevant five (5) day period.

"Highest Last Dealt Price" means the highest price transacted for a share on the Market Day on which the Shares were transacted on the SGX-ST immediately preceding the date of the making of the offer pursuant to the Off-Market Purchase; and

"date of the making of the offer" means the date on which the Company announces its intention to make an offer for an Off-Market Purchase, stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

- 3. In making share purchases, the Company will comply with the requirements of the SGX-ST Listing Manual, in particular, Rule 886 with respect to notification to the SGX-ST of any share purchases. Rule 886 is reproduced below:
 - "(1) An issuer must notify the Exchange of any share purchase as follows:
 - (a) In the case of an On-Market acquisition, by 9.00 am on the market day following the day on which it purchased shares,
 - (b) In the case of an Off-Market acquisition under an equal access scheme, by 9.00 am on the second market day after the close of acceptances of the offer.
 - (2) Notification must be in the form of Appendix 8.3.1 (or 8.3.2 for an issuer with a dual listing on another stock exchange)."
- 4. Share purchases will be made in accordance with the "Terms of the Share Buyback Mandate" as set out in the Company's Circular to Shareholders dated 9 April 2009. All information required under the Act relating to the Share Purchase Mandate is contained in the said Terms.
- 5. The SGX-ST Listing Manual does not expressly prohibit any purchase of shares by a listed company during any particular time or times. However, as a listed company would be considered an "insider" in relation to any proposed purchase or acquisition of its shares, the Company will undertake not to purchase or acquire shares pursuant to the proposed Share Purchase Mandate at any time after a price sensitive development has occurred or has been the subject of a decision until the price sensitive information has been publicly announced. In particular, the Company will not purchase or acquire any shares during the period commencing one month immediately preceding the announcement of the Company's full-year and half year (if applicable) results and the period of two weeks immediately preceding the announcement of its quarterly results.

(G) Directors' Responsibility Statement

The Directors collectively and individually accept full responsibility for the accuracy of the information given in this Appendix and confirm after making all reasonable enquiries that, to the best of their knowledge and belief, this Appendix constitutes full and true disclosure of all material facts about the Proposed Share Purchase Mandate. The Company and its subsidiaries, and the Directors are not aware of any facts the omission of which would make any statement in this Appendix misleading.

Where information in the Appendix has been extracted from published or otherwise publicly available sources or obtained from a named source, the sole responsibility of the Directors has been to ensure that such information has been accurately and correctly extracted from those sources and/or, reproduced in this Appendix in its proper form and context.

(H) Directors' Recommendation

The Directors of the Company are of the opinion that the renewal of the proposed Share Purchase Mandate is in the best interests of the Company. Accordingly, the Directors of the Company recommend that shareholders vote in favour of Ordinary Resolution No. 8.

(I) Taxation

Shareholders who are in doubt as to their respective tax positions or any tax implications, or who may be subject to tax in a jurisdiction outside Singapore, should consult their own professional tax advisers.
