INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Continuum Energy Levanter Pte. Limited (the 'Company')

Opinion

We have audited the Special Purpose Combined Financial Statements of Continuum Energy Levanter Pte. Ltd (referred to as "the Company"), Bothe Windfarm Development Private Limited, DJ Energy Private Limited, Uttar Urja Projects Private Limited, Watsun Infrabuild Private Limited, Trinethra Wind and Hydro Power Private Limited and Renewables Trinethra Private Limited (together referred to as the "Restricted Group" and individually considered as "Identified Entities"), which comprise the Special Purpose Combined Balance Sheets as at March 31, 2022, the Special Purpose Combined Statements of Profit and Loss and the Special Purpose Combined Cash Flow Statements for the year ended March 31, 2022 and Notes to the Special Purpose Combined Financial Statements including a summary of significant accounting policies and other explanatory information (collectively, the "Special Purpose Combined Financial Statements"). As more fully described in note 2, 'Basis of Preparation' to the Special Purpose Combined Financial Statements, the accompanying Special Purpose Combined Financial Statements have been prepared for the purpose stated in note 1 of the accompanying Special Purpose Combined Financial Statements.

In our opinion, the accompanying Special Purpose Combined Financial Statements of the Restricted Group for the year ended March 31, 2022 prepared, in all material respects, in accordance with the basis of preparation as set out in Note 2 to the Special Purpose Combined Financial Statements.

Basis for Opinion

We conducted our audit of the Special Purpose Combined Financial Statements in accordance with the Standards on Auditing (SAs), issued by the Institute of Chartered Accountants of India (ICAI). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of this report. We are independent of the Restricted Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Special Purpose Combined Financial Statements.

Emphasis of Matter

We draw attention to Note 2 to the Special Purpose Combined Financial Statements, which states that the Restricted Group has not formed a separate group of entities during the years ended March 31, 2022; the basis of preparation, including the approach to and the purpose for preparing the Special Purpose Combined Financial Statements, as stated in Note 1, there in. Consequently, the Special Purpose Combined Financial Statements may not necessarily be indicative of the financial performances and financial position of the Restricted Group that would have occurred if it had operated as a separate standalone entity during the period presented. Our opinion is not modified in relation to the above matter.

Responsibilities of management and those charged with governance for the Special Purpose Combined Financial Statements

The management of the Identified Entities is responsible for the preparation and fair presentation of the Special purpose Combined Financial Statements in accordance with basis of preparation set out in Note 2 to the Special Purpose Combined Financial Statements. This responsibility also includes safeguarding of the assets of the Restricted Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the special purpose combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Special Purpose Combined Financial Statements, the Management is responsible for assessing the entities forming part of the Restricted Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate any entity forming part of the Restricted Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Restricted Group's financial reporting process.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the Special Purpose Combined Financial Statements of the Restricted Group as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs issued by the ICAI will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Special Purpose Combined Financial Statements.

As part of an audit in accordance with SAs issued by the ICAI, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Special Purpose Combined Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Restricted Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entities

forming part of Restricted Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Special Purpose Combined Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entities forming part of Restricted Group to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards

Restriction of Use

This report on the Special Purpose Combined Financial Statements has been issued for the purpose of submission to Singapore Stock Exchange Securities Trading Limited (SGX-ST) in connection with the USD Senior secured notes issued by Continuum Energy Levanter Pte. Ltd and listed on the SGX-ST. Our report should not be used, referred to or distributed for any other purpose.

CONTINUUM RESTRICTED GROUP
NOTES TO THE SPECIAL PURPOSE COMBINED FINANCIAL STATEMENTS
(All amounts in INR millions, unless otherwise stated)

1 Background and purpose of special purpose combined financial statements

Continuum Green Energy Limited (erstwhile known as Continuum Wind Energy Limited) ("CGEL") a Singapore holding company, through its 100% owned Indian subsidiary Continuum Green Energy (India) Private Limited (erstwhile known as Continuum Wind Energy (India) Private Limited) ("CGE IPL") owns 100% in all its Indian Subsidiaries including following Indian Subsidiaries except Watson where it holds majority share holding:

- Bothe Windfarm Development Private Limited ("Bothe")
- DJ Energy Private Limited ("DJEPL")
- Uttar Urja Projects Private Limited ("UUPPL")
- Watson Infrabuild Private Limited ("Watson")
- Trinethra Wind and Hydro Power Private Limited ("Trinethra")
- Renewables Trinethra Private Limited ("RTPL")

Continuum Energy Levanter Pte Ltd ("CELPL"/Senior NCD holder") has been incorporated, as a 100% subsidiary of CGEL, on 30 May 2017, domiciled in Singapore has issued 4.50% Senior Notes ("securities") and invested proceeds, net of issue expenses into redeemable, unlisted, unsecured, coupon, Non-Convertible Debentures in Indian rupees (INR) issued by Identified Subsidiaries. The registered office is situated at 10 Changi Business Park, Central 2, #01-02, Hansapoint @CBP, Singapore.

These special purpose combined financial statements comprises of CELPL, Bothe, DJEPL, UUPPL, Watson, Trinethra and RTPL, together considered as the "Restricted Group" and individually considered as the "Identified Subsidiaries" of Continuum Restricted Group.

The Restricted Group is engaged in the business of generation and sale of electricity from renewable energy sources in India. The Restricted Group has entered/enters into long term power purchase agreements with various governments agencies and private institutions to sell electricity generated from its wind farms/solar plants (with operational capacity of approx 723 megawatts ("MW")) in the states of Maharashtra, Madhya Pradesh, Gujarat and Tamil Nadu, India.

The Identified Subsidiaries, except CELPL, are domiciled in India and Corporate office of these Identified Subsidiaries is located at 402 & 404, Delphi, C Wing, Hiranandani Business Park, Orchard Avenue, Powai, Mumbai - 400076, India.

The management of Identified Subsidiaries are responsible for the preparation of special purpose combined financial statements of the Restricted Group.

As per the requirement of SGX listing manual, these special purpose combined financial statements for the year ended March 31, 2022 have been prepared for the purpose of submission to Singapore Exchange Securities Trading Limited (SGX-ST) in connection with the securities issued by Continuum Energy Levanter Pte. Ltd and listed on the SGX-ST. CELPL has issued 4.5% senior notes amounting to USD 561 million on February 9, 2021.

2 Basis of preparation

The special purpose combined financial statements of the Restricted Group comprises of special purpose combined balance sheets as at March 31, 2022, the special purpose combined statements of profit and loss, special purpose combined cash flow statements and a summary of significant accounting policies and other explanatory information for the year ended March 31, 2022.

The Restricted Group in the past has not constituted a separate legal group of the Identified Subsidiaries for the purpose of preparation of the special purpose combined financial statements, and individually, the Identified Subsidiaries except CELPL within the Restricted Group reported their financial statements under Indian GAAP. Taking into account the specifics to be considered in preparing special purpose combined financial statements which are explained below, in preparing these Financial Statements, they have been prepared in accordance with the recognition, measurement and disclosure principles specified in the accounting standards notified under Section 133 of the Companies Act, 2013, except for disclosure requirement of AS-20 Earnings per share, read together with Companies (Accounting Standard) Amendment Rules, 2016 (together referred as "Indian GAAP") and the Guidance Note on Combined and Carve-Out Financial Statements issued by the Institute of Chartered Accountants of India ("The Guidance Note").

For the purposes of the special purpose combined financial statements, the Identified Subsidiaries have measured its assets and liabilities at the carrying amounts that gets included in CGE IPL's consolidated financial statements prepared under Indian GAAP including goodwill on consolidation and minority interest (MI) recorded by CGE IPL for the Identified Subsidiaries. Accordingly, the special purpose combined financial statements have been prepared on a "carve-out" basis from the consolidated financial statements of CGE IPL prepared under Indian GAAP.

These special purpose combined financial statements have been prepared on the accrual and going concern basis of respective identified subsidiaries, using the historical cost convention, except for derivative financial instruments which have been measured at fair value. The Special Purpose Combined financial statements have been prepared using uniform accounting policies for like to like transactions and other events in similar circumstances. The financial statements of all the Identified Subsidiaries used for the purpose of combination are drawn up to the same reporting date i.e. year ended on March 31 each year.

Due to the preparation of special purpose combined financial statements, disclosures related to the presentation of share capital, reserves and surplus, foreign currency translation reserves, hedge reserve and net assets attributable to parent and MI, differs from the presentation as prescribed by Schedule III Combined Shareholders Fund represents aggregate amount of share capital and reserves and surplus of Identified Subsidiaries as part of Restricted Group.

Identified subsidiaries except CELPL file statement of trade receivables on monthly basis with working capital lender. Due to preparation of special purpose combined financial statements, disclosure related to summary of reconciliation and reasons for material discrepancies between statement of trade receivables and books of accounts prescribed by Schedule III are not applicable and hence not disclosed.

There are certain disclosures prescribed under Schedule III which are exempted for Consolidated financial statements as per Guidance Note on Schedule III, related to accounting ratios, register of charges and title deeds of immovable properties and accordingly, not disclosed in these special purpose combined financial statements.

All assets and liabilities are presented as current or non-current as per the Identified Subsidiaries' normal operating cycle and other criteria as set out in the Schedule III of the Companies Act, 2013. The Identified subsidiaries have ascertained their operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

CONTINUUM RESTRICTED GROUP
NOTES TO THE SPECIAL PURPOSE COMBINED FINANCIAL STATEMENTS
(All amounts in INR millions, unless otherwise stated)

Scope of combination

As required by the Guidance Note on Combined and Carve-Out Financial Statements issued by the Institute of Chartered Accountants of India, the details of various entities comprised in the special purpose combined financial statements is as given below:

Name	Principal activities	Control w.e.f.	Country of Incorporation	% of interest held by CGEL as at	
				31/Mar/2022	31/Mar/2021
Continuum Energy Levanter Private Limited	Holding of investment securities	30-May-17	Singapore	100%	100%
Bothe Windfarm Development Private Limited	Generation and sale of wind energy	18-Jun-12	India	100%	100%
DJ Energy Private Limited	Generation and sale of wind energy	23-Aug-13	India	100%	100%
Uttar Urja Projects Private Limited	Generation and sale of wind energy	23-Aug-13	India	100%	100%
Watsun Infrabuild Private Limited	Generation and sale of wind / solar energy	30-May-16	India	71.24%	72.15%
Trinethra Wind and Hydro Power Private Limited	Generation and sale of wind energy	18-Jun-12	India	100%	100%
Renewables Trinethra Private Limited	Generation and sale of wind energy	13-Jun-19	India	100%	100%

3 Basis of combination

Indian GAAP does not provide specific guidance for the preparation of Combined Financial Statements and, accordingly, in preparing these special purpose combined financial statements, accounting conventions commonly used for the preparation of Consolidated Financial Statements in accordance with AS 21 Consolidated Financial Statements have been applied along with principles of the Guidance Note issued by ICAI. Pursuant to the same these financial statements are prepared on a basis that combines the results and assets and liabilities of each of the Identified Subsidiaries and include the assets, liabilities, revenues and expenses that management has determined are specifically attributable to the business.

Accordingly, intra-group balances within the Restricted Group, income and expenses, unrealized gains and losses resulting from transactions between the Restricted Group entities have been eliminated in the Special Purpose Combined Financial Statements.

Minority shareholders' funds represents equity shares held by the Group captive customers of Watsun. Further, it also includes share in reserves and surplus of Watsun from the date on which investment in Watsun was made by group captive customers.

Minority Interest in the net assets of the Identified Subsidiaries is identified and presented in the special purpose combined balance sheet separately from liabilities and equity of the Combined shareholders funds as Minority shareholders' funds. Minority interest in the net assets of the Identified Subsidiaries consists of:

- The amount of equity attributable to minority at the date on which investment in the Identified Subsidiary is made; and
- The minority share movements in equity since the date of such investment in the Identified Subsidiary.

Minority interest's share in Net Profit / Loss for the year of the Identified Subsidiaries is identified and presented separately as Minority shareholders' funds.

Transactions with the other entities which are directly or indirectly controlled by CGEL are disclosed as transactions with related parties (refer Note 30).

The special purpose combined financial statements include allocations of direct and indirect costs related to the operations of the Identified Subsidiaries made by CGEPL to depict the business on a standalone basis till March 31, 2022. Indirect costs relate to certain support functions those are sourced on a centralised basis within CGEPL and such costs are allocated basis projected capacity of subsidiary company based on their project completion stage.

The management believes that the methodology used for allocation of common overheads reflects its best estimate of how the benefits arise from relevant activities.

Earnings per Share (EPS) is not disclosed at the Restricted Group level since the Restricted Group does not constitute a separate legal group of the Identified Subsidiaries as explained above.

CONTINUUM RESTRICTED GROUP
NOTES TO THE SPECIAL PURPOSE COMBINED FINANCIAL STATEMENTS
(All amounts in INR millions, unless otherwise stated)

4 Summary of significant accounting policies

The policies set out below have been consistently applied to all the periods presented in the special purpose combined financial statements

a. Use of estimates

The preparation of special purpose combined financial statements in conformity with Indian GAAP requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring material adjustment to the carrying amounts of assets or liabilities in future periods.

b. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Restricted Group and the revenue can be reliably measured. The specific recognition criteria described below must also be met before revenue is recognized.

Sale of Electricity

Revenue from the sale of electricity is recognized on the basis of the number of units of power generated and supplied in accordance with joint meter readings undertaken on a monthly basis by representatives of the licensed distribution or transmission utilities and the company at the rates prevailing on the date of supply to grid as determined by the power purchase agreements entered into with such discoms/customers under group captive mechanism / Open access sale / third party power trader or as per the average power purchase cost (APPC) rates prescribed under tariff order issued by Maharashtra Electricity Regulatory Commission (MERC) in case of Bothe's unsigned power purchase agreement's (PPA's) and the surplus power as per the rate prescribed by relevant state regulatory commission to State distribution utilities ("State discoms").

Active and reactive charges are recorded as operating expenses and not adjusted against sale of electricity

Unbilled revenue represents the revenue that Bothe recognises at eligible rates for the arrangement where Bothe has all approvals in place except that PPA is pending to be signed between Bothe and State discom.

Accrued revenue represents the revenue that the Restricted Group recognizes where the PPA is signed but invoiced to customer subsequently

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest earned on temporary investment of borrowed funds, to the extent eligible for adjustment in capital cost has been adjusted in the cost of property, plant and equipment. Interest earned from customers on delayed payment are accounted on receipt basis. Interest income is included under the head "other income" in the special purpose combined statement of profit and loss.

Insurance claims

Receipts from insurance claims are accounted after the same are approved by the insurance company

c. Government grants

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Restricted Group will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

Sale of GBI

Generation Based Incentive ("GBI") income is earned and recognized on certain projects which sell electricity to licensed distribution utilities at tariffs determined by relevant State Electricity Regulatory Commissions ("SERCs"). GBI is paid at a fixed price of INR 0.50/kwh of electricity units sold subject to a cap of INR 10 million/MW of capacity installed for the electricity fed into the grid for a period not less than four years and a maximum of ten years.

Sale of Verified Carbon Units (VCUs)

Revenue from VCUs is recognised upon issuance and sale of VCUs. Any unsold VCUs which are granted to the Restricted Group are accrued at a nominal value.

d. Foreign currency transactions and translations

Initial recognition

Foreign currency transactions are recorded in the reporting currency by applying the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Exchange differences

Exchange differences arising on translation/settlement of foreign currency monetary items are recognized as income or as expenses in the period in which they arise. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

CONTINUUM RESTRICTED GROUP
NOTES TO THE SPECIAL PURPOSE COMBINED FINANCIAL STATEMENTS
(All amounts in INR millions, unless otherwise stated)

Translation of integral and non-integral foreign operation

The Restricted Group classifies all its foreign operations as either "integral foreign operations" or "non-integral foreign operations".

The financial statements of an integral foreign operation are translated as if the transactions of the foreign operation have been those of the company itself.

The assets and liabilities of a non-integral foreign operation are translated into the reporting currency at the exchange rate prevailing at the reporting date. Their statement of profit and loss are translated at exchange rates prevailing at the dates of transactions or weighted average weekly rates, where such rates approximate the exchange rate at the date of transaction. The exchange differences arising on translation are accumulated in the foreign currency translation reserve. On disposal of a non-integral foreign operation, the accumulated foreign currency translation reserve relating to that foreign operation is recognized in the statement of profit and loss.

Further any exchange difference arising on an intra-group monetary item, whether short-term or long-term, is not eliminated against a corresponding amount arising on other intra-group balances because the monetary item represents a commitment to convert one currency into another and exposes the reporting enterprise to a gain or loss, such an exchange difference continues to be recognised as income or an expense in the statement of profit and loss.

c. Derivative and hedge accounting

In the normal course of business, the Restricted Group uses derivative instruments for management of exposure due to fluctuations in foreign currency exchange rates arising from future transactions in respect of highly probable forecasted transactions denominated in certain foreign currencies and to minimize earnings and cash flow volatility associated with changes in foreign currency exchange rates, and not for speculative trading purposes. The company designates these derivative instruments in a hedging relationship by applying the hedge accounting principles as set out in the Guidance note on Accounting for Derivative Contracts issued by The Institute of Chartered Accountants of India (ICAI) issued in 2015.

The use of derivatives can give rise to credit and market risk. The Company tries to control credit risk as far as possible by only entering into contracts with reputable banks and financial institutions. The use of derivative instruments is subject to limits, authorities and regular monitoring by appropriate levels of management. The limits, authorities and monitoring systems are periodically reviewed by management and the Board. The market risk on derivatives is mitigated by changes in the valuation of the underlying assets, liabilities or transactions, as derivatives are used only for risk management purposes.

Contracts designated as Cash Flow Hedge

At the inception of a hedge relationship, the Restricted Group formally designates and documents the hedge relationship to which the Restricted Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Restricted Group's risk management objective and strategy for undertaking hedge, the hedging/economic relationship, identification of the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The Restricted Group evaluates hedge effectiveness of cash flow hedges at the time a contract is entered into as well as on an ongoing basis. The effective portion of the gain or loss on the hedging instrument is recognized directly under shareholders fund in the "Cash flow hedge reserve", while any ineffective portion is recognized immediately in the statement of profit and loss.

Amounts recognized in the Cash flow hedge reserve are transferred to the statement of profit and loss when the hedged transaction affects profit or loss, such as when the hedged income or expense is recognized or when a forecast transaction occurs.

If the forecast transaction is no longer expected to occur, the cumulative gain or loss previously recognized in the hedging reserve is transferred to the statement of profit and loss. If an entity terminates a hedging instrument prior to its maturity / contractual term, hedge accounting is discontinued prospectively. Any amount previously recognised in the hedge reserve is reclassified into the statement of profit and loss only in the period when the hedged item impacts the earnings. The cost of effective portion of cash flow hedges is expensed over the period of the hedge contract. Derivative assets and liabilities that are hedges of forecasted transactions are classified in the balance sheet as current or non-current based on the settlement date / maturity dates of the derivative contracts.

CONTINUUM RESTRICTED GROUP
NOTES TO THE SPECIAL PURPOSE COMBINED FINANCIAL STATEMENTS
(All amounts in INR millions, unless otherwise stated)

f. Property, plant and equipment

Property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The costs comprises of the purchase price, borrowings costs if capitalisation criteria are met and directly attributable costs of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the cost of the property, plant and equipment. Any subsequent expenses related to a property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other day to day repairs and maintenance expenditure and the cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

The Restricted Group identifies and determines cost of each component/part of the asset separately, if it has a cost that is significant to the total cost of the asset and has a useful life that is materially different from that of the remaining life.

Capital Work-In-Progress:

Costs and Direct expenses incurred for construction of assets or assets to be acquired and for assets not ready for use are disclosed under "Capital Work-in-Progress".

g. Depreciation on property, plant and equipment

The Restricted Group provides depreciation on Straight line basis and Written down value basis on all assets on the basis of useful life estimated by the management. The Restricted Group has used the following useful life to provide depreciation on its property, plant and equipment.

Category of fixed assets	SLM/WDV	Useful life
Leasehold land	SLM	over the lease term
Building	SLM	30 Years
Plant and equipment*	WDV	3 - 15 years
	SLM	25 - 40 years
Furniture and fixtures	WDV	10 Years
Vehicles	WDV	10 Years
Office equipment	WDV	15 Years
Computer	WDV	3 Years
Electrical fittings*	SLM	8 and 25 Years

*Based on the technical estimate, the useful life of the Plant and equipment and electrical fittings are different than the useful life as indicated in Schedule II to the Companies Act, 2013.

Temporary structures are depreciated fully in the year in which they are capitalised.

The useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

h. Goodwill attributable to Identified Subsidiaries

Goodwill attributable to Identified Subsidiaries represents the difference between the cost of investment in the Identified subsidiaries, and CGEIP's share of net assets at the time of acquisition of share in the identified subsidiaries.

i. Borrowing costs

Borrowing cost includes interest and amortisation of ancillary cost incurred in connection with the arrangement of borrowings.

Borrowing cost directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing cost are expensed in the period they occur.

CONTINUUM RESTRICTED GROUP
NOTES TO THE SPECIAL PURPOSE COMBINED FINANCIAL STATEMENTS
(All amounts in INR millions, unless otherwise stated)

j. Impairment

The Restricted Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Restricted Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or the Restricted Group's of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Restricted Group estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss.

k. Leases

Where the Restricted Group is lessee

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

l. Investments

Investments which are readily realisable and intended to be held for not more than a year from the date on which such investments are made are classified as current investments. All other investments are classified as long term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the special purpose combined financial statements at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and the net disposal proceeds is charged/credited to the special purpose combined statement of profit and loss.

m. Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdiction where the Restricted Group operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and the deferred tax liabilities related to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Restricted Group has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and the deferred tax liabilities relate to the same taxable entity and the same taxation authority.

CONTINUUM RESTRICTED GROUP
NOTES TO THE SPECIAL PURPOSE COMBINED FINANCIAL STATEMENTS
(All amounts in INR millions, unless otherwise stated)

o. Retirement and other employee benefits

Retirement benefits in the form of Provident Fund is a defined contribution scheme. The contributions are charged to the statement of profit and loss for the year when the contributions are due. The Restricted Group has no obligation, other than the contribution payable to the provident fund.

The Restricted Group operates only one defined benefit plan for its employees i.e. gratuity. The costs of providing this benefit are determined on the basis of actuarial valuation at each year end. Actuarial valuation is carried out using the projected unit credit method. Actuarial gains and losses of the defined benefit plan are recognised in full in the period in which they occur in the statement of profit and loss.

Accumulated leave, which is expected to be utilised within the next twelve months, is treated as short term employee benefit. The Restricted Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Restricted Group treats accumulated leave expected to be carried forward beyond twelve months, as long term employee benefit for measurement purposes. Such long term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Restricted Group presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where the Restricted Group has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

p. Provisions

A provision is recognised when the Restricted Group has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of obligation. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the reporting date. These are reviewed at each reporting date and adjusted to reflect the current best estimates.

Where the Restricted Group expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

q. Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

Other bank balances

It includes deposits having maturity of more than three months but less than twelve months which can be readily convertible to cash with insignificant risk of changes in value.

r. Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Restricted Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle an obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Restricted Group does not recognise a contingent liability but discloses its existence in the special purpose combined financial statements.

s. Current and non-current classification

The Restricted Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle; or
 - Expected to be realised within twelve months after the reporting period; or
 - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle; or
 - There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.
- The Restricted Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Restricted Group has ascertained its operating cycle as twelve months for the purpose of current / non-current classification of assets and liabilities.

t. Measurement of EBITDA

As per the Guidance Note on the Schedule III to the Companies Act, 2013, the Restricted Group has opted to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The Restricted Group measures EBITDA on the basis of profit/ (loss) from continuing operations. In its measurement, the Restricted Group does not include depreciation and amortization expense, finance costs and tax expense.

	<u>7,844</u>	<u>7,844</u>

A Details and salient terms of CFCDs:

- CFCDs include CFCDs issued by Bothe 214,375,000 (March 31, 2021: 214,375,000) and Watson 362,290,000 (March 31, 2021: 362,290,000) issued to CGEPL;
- Debentures shall be convertible into equity shares at any time at the option of the debenture holders subject to prior intimation to be provided to Lender for conversion of CFCDs into ordinary shares; in case of Watson, post such conversion 51% of shares so converted shall be pledged with the lender of the project;
- CFCDs shall be compulsorily convertible into equity shares of the company at the end of the 20 years from the date of allotment, if not converted earlier;
- Debentures shall be convertible into equity shares at par into one equity share for each debenture;
- Coupon for the Debentures shall be ten percent per annum compounded annually, on cumulative basis, but at any point of time should not be higher than the interest rate applicable for the project by the lender;
- Interest on CFCDs shall be accrued but any dividend/interest/coupon on CFCDs shall be paid out of dividend distribution surplus left in the Trust and Retention Account ("TRA") after meeting all reserve requirements & all debt obligation and with prior permission of lender;
- The equity shares to be issued to the debenture holders upon conversion of debentures shall rank pari passu with the existing equity shares;
- Promoters contribution by way of Compulsorily Fully Convertible Debentures shall not have any charge/ recourse to project assets;
- Prior approval of the Lender would be required for transferring CFCDs to any other party other than the present CFCD holders;
- No interest shall be payable / accumable on such instruments till COD of the project;
- CFCDs shall not be redeemed during the tenure of lender's loan except such release is made on fresh infusion of equity (either proportionately or fully) or by conversion;
- CFCDs holders would have no voting rights in any Annual General Meeting / Extra-ordinary General Meeting of the respective Identified Subsidiaries of the Restricted Group;
- Interest on CFCDs accrued will be paid in accordance with "permitted distribution" as defined in the financing documents executed with Senior NCD holder of Restricted Group;
- In case of Watson, interest on debentures for the year ended March 31, 2021 has been entirely waived off by CGEPL;

CONTINUUM RESTRICTED GROUP

 (All amounts in INR millions, unless otherwise stated)

B Details and salient terms of CCDs:

- 1 CCDs include CCDs issued by DJEPL 79,442,888 (March 31, 2021; 79,442,888), UUPPL 63,478,000 (March 31, 2021; 63,478,000), Trinetra 50,000,000 (March 31, 2021; 50,000,000) and RTPL 14,165,000 (March 31, 2021; 14,165,000) issued to CGEPL.
- 2 Debentures shall be convertible into equity shares at any time at the option of the debenture holders subject to prior intimation to be provided to Lender for conversion of CCDs to ordinary share.
- 3 CCDs shall be compulsorily convertible into equity shares of the company at the end of the 20 years from the date of allotment, if not converted earlier.
- 4 Debentures shall be convertible into equity shares at par into one equity share for each debenture.
- 5 Coupon for the Debentures shall be ten percent per annum compounded annually, on cumulative basis; but at any point of time should not be higher than the interest rate applicable for the project by the lender.
- 6 Interest on CCDs shall be accrued but any dividend/interest/coupon on CCDs shall be paid out of dividend distribution surplus left in the Trust and Retention Account ("TRA") after meeting all reserve requirements & all debt obligation and with prior permission of lenders.
- 7 The equity shares to be issued to the debenture holders upon conversion of debentures shall rank pari passu with the existing equity shares.
- 8 Promoters contribution by way of Compulsorily Convertible Debentures shall not have any charge/ recourse to project assets.
- 9 Prior approval of the Lender would be required for transferring CCDs to any other party other than the present CFCD holders.
- 10 No interest shall be payable / accruable on such instruments till COD of the project.
- 11 CCDs shall not be redeemed during the tenure of lender's loan except such release is made on fresh infusion of equity (either proportionately or fully) or by conversion.
- 12 CCDs holders would have no voting rights in any Annual General Meeting / Extra-ordinary General Meeting of the respective Identified Subsidiaries of the Restricted Group.
- 13 Interest on CCDs accrued will be paid in accordance with "permitted distribution" as defined in the financing documents executed with Senior NCD holder of Restricted Group.

7 Long term borrowings

Particulars	Non-current		Current	
	As at March 31, 2022	As at March 31, 2021	As at March 31, 2022	As at March 31, 2021
USD Senior Notes (secured)				
4.50% Senior Notes	39,550	40,669	2,392	567
Non convertible debentures (NCD) (unsecured)				
Nil (March 31, 2021 - 28,330,000) 10.50% Non convertible debentures of INR 10/- each (refer note 30)	-	283	-	-
	39,550	40,952	2,392	567
Current maturities disclosed under the head "Short term borrowings" (refer note 11)	-	-	(2,392)	(567)
Total long term borrowings	39,550	40,952	-	-

The borrowing have been obtained by respective Identified subsidiaries of the Restricted Group. The salient terms of the loan and the security thereon are summarised below:

1) Salient terms and Security details for Long term borrowing outstanding as at March 31, 2022.

- A Continuum Energy Levantier Pte Ltd - Senior Secured Notes of USD 561 Mn, outstanding balance of USD 553 Mn (INR 41,942) (at March 31, 2021: USD 561 Mn (INR 41,236)) from foreign investors.**

Terms of Notes:

- Unsubordinated obligations of CELPL.
- Senior in right of payment to any obligations of CELPL expressly subordinated in right of payment to the Notes.
- At least pari passu in right of payment with all unsubordinated indebtedness of CELPL (subject to any priority rights of such unsubordinated indebtedness pursuant to applicable law).
- Effectively junior to any secured indebtedness of CELPL, to the extent of the value of assets securing such indebtedness (other than the Collateral, to the extent applicable); and
- Secured by first-priority liens on the Collateral.

Security of Notes:

- Each of a first-priority fixed share charge (the "Share Charge") by CGEL over the Capital Stock of the CELPL and a first-priority security interest in the Offshore Cash Account (together with the Share Charge, the "Pari Passu Collateral") pursuant to the charge over Offshore Cash Account (together with the Share Charge, the "Pari Passu Collateral Documents"); and
- Prior to the release therefrom, a first-priority security interest in the Escrow Account (the "Notes Collateral") pursuant to the charge over Escrow Account (the "Notes Collateral Document").

Interest and Repayment

- Notes have coupon rate of 4.5% p.a. payable semi annually in arrears on each February 9 and August 9, commencing on August 9, 2021. Further, Notes are issued for a period of six years from issuance date i.e.: February 9, 2021.
- Notes are redeemable in 12 semi-annual unequal installments over the period of six years ranging from 0.63% to 4.88% as per the Mandatory Amortization Redemption and Mandatory Cash Sweep (MCS) Amortization Redemption schedule as included in the financing document of Senior Notes.

B Renewables Trinetra Private Limited - NCDs of Nil (March 31, 2021; INR 283) from related party.

Salient terms of NCDs:

- NCDs shall be rupee denominated, redeemable, unsecured, unrated and unlisted non-convertible debenture.
- No interest payable/accruable on such instruments till commercial operation date of the project.
- Coupon for the NCDs shall be ten point five percent per annum compounded annually, on cumulative basis from commercial operation date of the project.
- Any dividend/interest/coupon on NCDs shall be out of dividend distribution surplus left in the trust and retention account after meeting all reserve requirements and all debt obligation and with prior permission of the lender.
- NCDs shall not be redeemed during the tenure of lender loan except such release is made on fresh infusion of equity (either proportionately or fully).
- Rights under NCDs shall always be subordinated to facility during the tenor of the facility.
- Prior approval of the Lender would be required for transferring NCDs to any other party other than the present NCD holders.
- NCDs shall be redeemed at the end of the 20 years from the date of allotment.
- Interest on NCDs accrued will be paid in accordance with permitted distribution as defined in the financing documents executed with Senior NCD holder of Restricted Group.
- The said NCDs has been redeemed by way of adjustment against unsecured loan given by the company to CGEPL on June 09, 2021.

The Identified Subsidiaries have used the borrowings from banks and financial institutions as applicable for the FY 2020-21 for the specific purpose for which it was taken.

28 Employee Benefits

a) Defined Contribution Plan

Amount recognised and included in Note 23 "Contribution to Provident and other Funds" - INR 5 (March 31, 2021; INR 4)

b) Defined Benefit Plan

Gratuity is a defined benefit plan under which employees who have completed five years or more of service are entitled to receive gratuity calculated @ 15 days (for 26 days a month) of last drawn salary for number of years of their completed year of service. The gratuity plan is unfunded.

The following table summarises the components of net benefit expense recognised in the special purpose combined statement of profit and loss and amounts recognised in the balance sheet:

i) Expenses recognised:

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Current service cost	2	2
Past service cost	-	-
Interest cost	1	1
Actuarial loss	0	1
Net benefit expense	3	4

ii) Amount recognised in the balance sheet:

Particulars	As at March 31, 2022	As at March 31, 2021
Present value of defined benefit obligation	15	17
Fair value of plan assets	-	-
Plan liability	15	17

iii) The changes in the present value of the defined benefit obligation are as follows:

Particulars	As at March 31, 2022	As at March 31, 2021
Opening defined benefit obligation	13	14
Current service cost	2	2
Past service cost	-	-
Interest cost on benefit obligation	1	1
Liability transferred in/(out) (net)	1	0
Benefits paid	(2)	(1)
Actuarial loss	0	1
Closing defined benefit obligation	15	17
*Note:		
Non-current (refer note 10)	17	14
Current (refer note 10)	2	3
Total	19	17

iv) The principal assumptions used in determining the gratuity obligations are as follows:

Particulars	As at March 31, 2022	As at March 31, 2021
Discount rate	6.34%	6.49%
Rate of Salary Increase	10.00%	10.00%
Expected rate of return on planned assets	Not applicable	Not applicable
Rate of employee turnover	12.00%	12.00%
Retirement age	60 years	60 years
Mortality Rate	Indian Assured Lives Mortality 2012-14	Indian Assured Lives Mortality (2006-08)

The estimates of future salary increases, considered in actuarial valuation take into account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.

29 Capitalisation of expenditure

The Restricted Group has capitalised the following expenses of revenue nature in the cost of property, plant and equipment/ capital work-in-progress (CWIP). Consequently, expenses disclosed under the respective notes elsewhere in these special purpose combined financial statements are net of amounts capitalised by the Restricted Group.

34 Unbilled revenue

Out of 199.9 MW capacity, Wind Energy Purchase Agreements (WEPA) have been signed between Bothe and Maharashtra State Electricity Distribution Company Limited (MSEDCL) for 193.4 MW. Due to delay in implementation of policy for renewable energy by the state government and also due to delay in receipt of registration certificates from Maharashtra Energy Development Agency (MEDA) against these 3 WTGs, a pre-requisite for execution of WEPAs, WEPAs are not executed for 6.3 MW capacity of these 3 WTGs. Upon receipt of registration certificates, Bothe had approached MSEDCL for signing of PPAs towards these WTGs. However, MSEDCL has taken a contrary & arbitrary view and rejected Bothe's valid application for signing PPAs. The matter is currently before Appellate Tribunal for Electricity (APTEL).

The units injected into the MSEDCL grid generated from these 6.3 MW have been acknowledged by MSEDCL under Joint Meter Reading (JMR) reports and as well as the credit notes issued by MSEDCL until March 31, 2022. On the basis of the same Bothe has recognized revenues for sale of electricity in the statement of profit and loss at the eligible rates for the units generated and supplied to MSEDCL during the year ended March 31, 2022 and year ended March 31, 2021 and corresponding receivables are accounted as unbilled revenue under non-current assets. However, in the absence of WEPA, Bothe cannot raise the invoices for the electricity sold out of these WTGs.

During the year ended March 31, 2022; Bothe has received collection of INR 91 against generation till March 31, 2017 as per MERC order. As the matter is sub-judice, Bothe has created provision against such revenue and as at March 31, 2022, the outstanding provision is INR 225 (for the year ended March 31, 2022: INR 49).

35 Contingent liabilities

	As at March 31, 2022	As at March 31, 2021
Income tax demand	5	5

36 Hedging activities and derivatives

Contracts designated as Cash flow hedges

During the year ended March 31, 2021, CELPL, preparing its books in USD (as its functional currency), hedged the foreign currency exposure risk related to its investments in Restricted Group entities denominated in INR through call spread option for principal repayment proceeds and cross currency swap for coupon payments ("together referred to as derivative financial instruments"). These derivative financial instruments are not entered for trading or speculative purposes.

CELPL documented each hedging relationship and assessed its initial effectiveness on inception date and the subsequent effectiveness is being tested on a quarterly basis using dollar offset method. CELPL uses the Swap pricing model based on present value calculations and option pricing model based on the principles of the Black-Scholes model to determine the fair value of the derivative instruments. These models incorporate various market observable inputs such as underlying spot exchange rate & forward rate, the contracted price of the respective contract, the term of the contract, the implied volatility of the underlying foreign exchange rates and the interest rates in respective currency. The changes in counterparty's or CELPL's credit risk had no material effect on the hedge effectiveness assessment for derivatives designated in hedge relationship and the value of other financial instruments recognised at fair value. The hedge contracts were effective as of March 31, 2022.

Derivative financial instruments

The fair value of the company's derivative position recorded under derivative assets and derivative liabilities are as follows:

	As at March 31, 2022		As at March 31, 2021	
	Assets	Liabilities	Assets	Liabilities

Notes:

Operating Results

A. Revenue from Operations

The operating revenue for FY22 are at INR 9,126 mn i.e., increased by 19.1% over FY21 INR 7,661 mn. Increase in revenue in FY22 is due to (i) higher wind speeds in FY22 (ii) Renewables Trinethra Private Limited (RTPL) was running with full capacity operations in FY22 but was only partially operating in FY21 (iii) Watsun Infrabuild Private Limited (Watsun) solar project started generating revenue from 1st March 2021.

The operating revenue during Q4 FY22 are at INR 1,457 mn i.e., increased by 17.4% over Q4 FY21 INR 1,241 mn. During Q4 FY21, Wind power projects across India experienced unusually lower wind speeds. Increase in revenue in Q4 FY22 is due to (i) higher wind speeds in Q4 FY22 and (ii) Watsun solar project started generating revenue from 1st March 2021.

**Discussion on Results of Operations of Restricted Group for Quarter and Year Ended
March 31, 2022**

B. Other Income

The other income increased from INR 615 mn in FY21 to INR 967 mn in FY22. Other income increased from INR 444 mn in FY21 to INR 803 mn in FY22 due to increase of interest income on unsecured loans granted to related parties in accordance with the use of proceeds provided in the Offering Circular for Senior Green Notes offered in Feb 2021. Increase in Income from interest on delayed payment from MSEDCL from NIL in Q4 FY21 to INR 38 mn in Q4 FY22 and insurance claims received from NIL in FY21 to INR 29 mn in FY22, which partially got setoff due to decrease in interest on bank deposits from INR 132 mn in FY21 to INR 71 mn in FY22.

The other income increased from INR 142 mn in Q4 FY21 to INR 282 mn in Q4 FY22. Other income increased from INR 121 mn in Q4 FY21 to INR 197 mn in Q4 FY22 due to increase of interest on loans granted to related parties in Q4 FY22 in accordance with the use of proceeds provided under the Offering Circular for Senior Green Notes issued in Feb 2021. Increase in interest on bank deposits from INR 14 mn in Q4 FY21 to INR 45 mn in Q4 FY22. Both have received interest on delayed payment from MSEDCL of INR 38 mn in Q4 FY22.

C. Operating and Maintenance Expenses

The O&M expenses of FY22 at INR 1,605 mn have increased by 18.7% against INR 1,352 mn of FY21. This is primarily due to (i) addition of O&M expenses of INR 29 mn for Watsun Solar project as this project is fully operational in FY22 (ii) increase in O&M expense of Trinethra of INR 61 mn as 2 years free O&M period ended in July 2021 and (iii) increased transmission/ open access charges due to higher throughput of C&I projects in FY22 vs FY21.

The O&M expenses of Q4 FY22 at INR 387 mn have increased by 0.3% against INR 386 mn of Q4 FY21. This is primarily due increased transmission/direct access charges due to higher throughput of C&I projects in Q4 FY22 vs Q4 FY21 which partially got setoff due to provision for deviation and settlement mechanism (DSM) charges in DJEPL & UUPPL (for the period from Aug 18 to Mar 21) of INR 38 mn in Q4 FY21.

D. Combined EBITDA

The Combined EBITDA for FY22 at INR 7,662 mn is higher than Combined EBITDA for FY21 INR 6,048 mn due to increased revenue resulting from higher wind speeds and sale of power from Solar project which started from Mar 2021. This increase in revenue was partially, offset by general increase in operating expenses leading to Combined EBITDA increased by 26.7%.

The Combined EBITDA for Q4 FY22 at INR 1,138 mn is higher than Combined EBITDA for Q4 FY21 INR 562 mn due to increased revenue resulting from higher wind speeds and sale of power from Solar project in Q4 FY22 which was only for March 2021 in Q4 FY21. During FY22 there was reduction of other expenses to INR 178 mn in Q4 from 407 mn in Q4 FY21, majorly due to decrease in foreign exchange loss of 143 mn and provision for contingencies of INR 44 mn. This increase was partially offset by general increase in operating expenses resulting into net Combined EBITDA increased by 102.5%.

E. Depreciation and Amortisation Expense

The depreciation and amortization expense increased by 2.1% from INR 1,788 mn in FY21 to INR 1,826 mn in FY22, due to depreciation in FY22 for RTPL & Watsun Solar assets which were not fully commissioned in FY21.

Discussion on Results of Operations of Restricted Group for Quarter and Year Ended
March 31, 2022

F. Borrowings and Finance Costs

a) Borrowings

(INR Millions)

Details	As at 31 Mar 2022			As at 31 Mar 2021		
	Non-Current	Current	Total	Non-Current	Current	Total
Long Term Borrowings						
4.50% Senior Notes*	39,550	2,392	41,942	40,669	567	41,236
10.5% NCDs to related party	-	-	-	283	-	283
Total (a)	39,550	2,392	41,942	40,952	567	41,519
Short Term Borrowings						
Working capital loan from bank	-	2,282	2,282	-	-	-
From related party	-	-	-	-	41	41
Total (b)	-	2,282	2,282	-	41	41
Total (a + b)	39,550	4,674	44,224	40,952	608	41,560

* During FY22, Company has made repayment of Senior Notes equivalent to INR 575 mn and same is offset by increase in senior notes balances due to fluctuation in USD INR exchange rate which closed at INR 75.81/USD as on March 31, 2022 as against INR 73.51 / USD as on March 31 ,2021.

b) Finance costs

The finance costs have decreased by INR 1,265 mn in FY22 due to onetime prepayment premium charges on repayment of term loan of INR 909 mn in FY21 and decrease in other borrowing cost from INR 458 mn in FY21 to INR 101 mn related to unamortized borrowing cost charged off for loans prior to refinancing.

G. Trade Receivables

Details	As on March 31, 2022	As on March 31, 2021
Receivables from Discoms	4,347	3,455
Receivables from C&I customers	140	85
Total	4,487	3,540

Receivables are higher mainly due to increase in MPPMCL (Ratlam project) outstanding by INR 998 i.e 8 months in Mar 21 vis a vis 12 months in Mar 22.

H. Share of Loss attributable to minority shareholders' funds

Watsun's 28.75% equity share capital is held by Group Captive (GC) Customers as on March 31, 2022. The corresponding number for March 31, 2021, was 27.85%. Their proportionate share in loss before tax is provided as minority interest i.e., INR 40 mn represents their share of loss during FY22 vis-a-vis INR 30 mn which represents their share of loss for FY21.

**Discussion on Results of Operations of Restricted Group for Quarter and Year Ended
March 31, 2022**

Cash flows and liquidity

I. Cashflow from Operating Activities

The net cashflow from operating activities increased from INR 3,235 mn in FY21 to INR 5,767 mn in FY22. Increase is due to higher operating profit (before working capital changes) in FY22 as compared to FY21 by INR 1,214 mn and also due to positive net working capital movement in FY22 as compared to FY 21 by INR 1,318 mn.

J. Cashflow from Investing Activities

The net cash flow used in investing activities was higher at INR 2,233 mn in FY22 as compared to INR 1,123 mn in FY21. This increase is primarily due to investment in fixed deposit of INR 2,252 mn in FY 22 vis a vis proceeds out of maturity of fixed deposit of INR 2,520 mn in FY21. This increase is compensated due to reduction in unsecured loans granted to related parties from INR 3,016 mn in FY21 to INR 108 mn in FY22, lower investment in property plant and equipment INR 61 mn in FY22 compared to INR 512 mn in FY21 and decrease in foreign exchange loss on translation of investment from INR 554 mn in FY21 to INR NIL in FY22.

K. Cashflow from Financing Activities

The cash used in financing activities was INR 1,711 mn in FY22 compared to INR 2,602 mn in FY21. This decrease is caused due to lower finance cost paid in FY22 compared to FY21 by INR 2,376 mn and also due to short-term borrowing (working capital facility) availed in FY22 of INR 2,241 mn compared to repayment of INR 979 mn in FY21. This got offset by due to repayment of long-term borrowing of INR 575 mn (NCD's repayment) in FY22 whereas in FY21 there was net inflow of INR 4,130 mn due to Notes Issuance.

L. Liquidity Position

The cash and bank balance increased from INR 645 mn as on March 31,2021 to INR 4,719 mn as on March 31, 2022. The balance as of March 31, 2022, includes an amount of INR 2,120 mn held as deposit in Debt Service Reserve Account (DSRA) representing half yearly interest and principal repayments due in next six month from December 31, 2021.
