About Us

China Sports International Limited is mainly engaged in the design, manufacture and sale of sports fashion footwear and design and sale of sports fashion apparel under its own YELI (野力) brand. Additionally we have also been licensed by Paws, Inc to use the graphic images of various characters from the Garfield[®] comic strip in our footwear kids, including shoes, sandals and slippers throughout mainland China. Our Group's products are designed for both functional use and casual use, catering to the lifestyle of our targeted consumer group comprising both kids and young adults. The products are mainly sold through distributors who have a retail network of more than 1,205 points-of-sale throughout first, second, third and fourth tier cities in the PRC.

Chairman's Statement

Dear Shareholders,

On behalf of the Board of Directors of China Sports International Limited, I am pleased to present our Annual Report for the financial year ended 31 December 2014 ("FY 14").

FINANCIAL HIGHLIGHTS OF 2014

In FY 14, Group's revenue increased by approximately RMB 7.7 million or 0.9% to approximately RMB 825.9 million from about RMB 818.2 million in the financial year ended 31 December 2013 ("FY 13"). This increase is mainly attributed to the Group focusing on high margin footwear products — namely the enhanced functionality of our popular YELI breathable shoes and orders from selected OEM customers

With the increase in revenue, our Group's gross profit improved by 13.4% from RMB 137.8 million in FY 13 to RMB 156.3 million in FY 14, as a result from an increase in gross profit contribution from footwear products which had exceeded the reduction of gross profit contribution from apparel and accessories products. The overall gross profit margin increased from approximately 16.8% in FY 13 to 18.9% in FY 14, mainly due to higher margin derived from the breathable shoes in FY 14 which were partially offset by the lower margin from apparel products.

Our Group's footwear products recorded approximately RMB 766.6 million in sales in FY 14, representing an increase of approximately RMB 24.5 million or approximately 3.3% over sales of footwear products of approximately RMB 742.1 million in FY 13. This increase was mainly due to increase in OEM footwear revenue, and the increased demand from new and existing OEM customers due to the consistent quality of our OEM footwear products.

The YELI range of breathable shoes continues to distinguish us from other footwear manufacturers, as its quality differentiates it from lower margin products in the highly competitive footwear industry in the PRC. In FY 14, YELI footwear recorded an estimated RMB 555.7 million in sales, which represented approximately 72.5% of our Group's total footwear revenue and 67.3% of our total revenue as compared to approximately 77.2% of our total footwear revenue and 70.0% of our total revenue in FY 13.

In FY 14, our Group recorded OEM footwear revenue of approximately RMB 210.9 million which was an increase of approximately RMB 41.4 million or approximately 24.4% over revenue of approximately RMB 169.5 million in FY 13. Sales of OEM footwear continued to increase in FY 14 and it was mainly attributable to the increase in demand from both new and existing customers. We continued to pursue our new strategy of selectively accepting higher margin orders from our existing and new OEM customers.

In FY 14, our Group recorded apparel revenue of approximately RMB 59.3 million, a decrease of

approximately RMB 12.9 million or 17.9% as compared to approximately RMB 72.2 million in FY 13. The weaker consumer demand as well as prudence on the part of distributors in order placement, coupled with the intensified price competition has led to the decrease in the average selling price of YELI apparel, which has affected the overall revenue of YELI apparel in FY 14.

Our Group has no accessories revenue recorded in FY 14 as compared to approximately RMB 3.9 million in FY 13. This was due to our strategic decision to discontinue our accessories business in 3Q 2013.

FACING THE CHALLENGES

Although there was an increase in our Group's overall revenue, the persistent and increased competition shows no signs of abating in the sportswear industry. Our distributors continued to be wary of the intensified competition. By steadily improving the quality of our products, particularly OEMs, we saw more orders from existing and new OEM customers.

Our Group's target consumers increasingly prefer casual fashion wear over sportswear. We have accelerated our transformation to reposition the range of YELI footwear with added emphasis towards the casual fashion wear market. Furthermore, we have made efforts to differentiate YELI footwear by leveraging on its breathable shoes technology.

In order to streamline our distribution network, we have continued encouraging our distributors to close down inefficient specialty stores and instead set up more shops and counters within departmental stores in first, second and third-tier cities in the PRC.

FORGING AHEAD

China's GDP increased by 7.4% to RMB 63.6 billion during FY 14 while total retail sales of consumer goods rose by 13.1% to RMB 23.8 billion, based on data from the China National Bureau of Statistics. The doubledigit growth for retail sales in the domestic economy is an indication of good prospects for the China sportswear industry, which has been facing challenges stemming from excessive inventory and over-expanded retail channels over the past few years.

With measures taken by major industry players by destocking and network consolidation, the worst may be over for the industry as some peers have also seen improving inventories and stabilising same-store sales growth in recent quarters.

Despite this, there remains uncertainty arising from the lack of product differentiation but intense competition amongst market players. Footwear and apparel brands that are more differentiated, more responsive to market trends and more capable of delivering value for money and innovative products to consumers will benefit from the industry consolidation.

Our Group has taken various measures to develop better differentiated products, and to improve our retail channel management and operational efficiency to face these challenging times in the market. Such measures include the change in product positioning

Chairman's Statement

with added emphasis on casual fashion wear as well as the streamlining of distribution networks through reduction of inefficient stores and the establishment of more shops and counters within departmental stores.

Henceforth, our Group will strategically strive to sustain our market share and continue to invest in product design and development in response to market trends as well as to better distinguish our products from our competitors. Operationally, our Group will endeavour to improve our financial performance in financial year 2015 through cost control measures and reducing the subsidies given to distributors.

ACKNOWLEDGEMENTS

On behalf of the Board of Directors, I would like to close by expressing my gratitude as always to our directors, shareholders, management and staff for all the contributions, hard work and dedication in delivering improved results for FY 14. My appreciation is also extended to our business partners and customers for your continuous trust and confidence in YELI products. I look forward to working with you all in the coming year.

Financial Highlights

Profit/(Loss) After Income Tax (RMB'000)

Revenue

For the year ended 31 December 2014, ("FY 14"), our Group's revenue increased by approximately RMB 7.7 million or 0.9% to approximately RMB 825.9 million from approximately RMB 818.2 million in the previous corresponding period ("FY 13"). The increase in revenue in FY 14 was mainly attributable to our Group focusing on high margin footwear products, specifically our YELI breathable shoes and orders from selected OEM customers.

Footwear

In FY 14, our footwear products recorded approximately RMB 766.6 million in sales, representing an increase of approximately RMB 24.5 million or approximately 3.3% over sales of footwear products of approximately RMB 742.1 million in FY 13. The increase in overall footwear revenue in FY 14 was mainly due to increase in OEM footwear revenue whereby there were more orders from new and existing OEM customers as a result of consistent quality of our OEM footwear products.

Our YELI footwear sales was approximately RMB 555.7 million which represented approximately 72.5% of our YELI revenue and 67.3% of our total revenue respectively as compared to approximately 77.2% of our YELI revenue and 70.0% of our total revenue in FY 13. Our YELI breathable shoes continue to distinguish our footwear products from others, and to elevate our brand from lower margin products in the highly competitive footwear industry in the PRC.

In FY 14, our Group recorded OEM footwear revenue of approximately RMB 210.9 million, an increase of approximately RMB 41.4 million or approximately 24.4% over revenue of approximately RMB 169.5 million in FY 13.

OEM footwear revenue continued to increase in FY 14 mainly due to the increase in orders from our existing and new OEM customers. We continued to pursue our new strategy of selectively accepting higher margin orders from our existing and new OEM customers. By steadily improving the quality of our OEM products, we saw more orders from existing and new OEMcustomers. All in, there was an increase in OEM footwear revenue contribution to total footwear revenue from approximately 22.8% in FY 13 to approximately 27.5% in FY 14.

| | FY2014 | FY2013 | Growth | |
|-----------------------|-------------|-------------|--------|--|
| Points-of-sale | Over 1,205* | Over 1,365* | (12)% | |
| YELI specialty stores | Over 175 | Over 265 | (34)% | |

* The number of points-of-sale were compiled by aggregating the number of sales outlets provided to our Group by each of our distributors. The points-of-sale include YELI specialty stores.

Apparel

In FY 14, our Group recorded apparel revenue of approximately RMB 59.3 million, a decrease of approximately RMB 12.9 million or 17.9% as compared to approximately RMB 72.2 million in FY 13. The apparel sales in FY 14 contributed to approximately 10.0% of our YELI revenue and 7.2% of our total revenue respectively, from approximately 11.1% of our YELI revenue and 8.8% of our total revenue in FY 13.

The weaker consumer demand, as well as the prudence on the part of our distributors during order placement, together with the intensified price competition has led to the decrease of average selling price of YELI apparel, which has affected the overall revenue of YELI apparel in FY 14.

Accessories

Our Group has no accessories revenue recorded in FY 14 as compared to approximately RMB 3.9 million in FY 13. This was due to our strategic decision to discontinue our accessories business in 3Q 2013.

Distribution Network

The distribution network for our YELI products in PRC decreased by approximately 12% from over 1,365 points-of-sale as at 31 December 2013 to over 1,205 points-of-sale as at 31 December 2014. Over the same period, the number of specialty stores decreased by 34% from over 265 to over 175. Our Group will continue to execute our strategy to improve the mix of our points of sale. In view of the rising costs in running a YELI speciality store, our Group has encouraged our distributors to reduce the number of YELI speciality stores so that they can focus their resources to work on changing product positioning and vary the product line-up with greater emphasis on breathable shoes.

Cost of Goods Sold and Gross Profit Margin

The cost of sales decreased by approximately RMB 10.9 million or 1.6% from approximately RMB 680.5 million in FY 13 to approximately RMB 669.6 million in FY 14.

The decrease is mainly due to better cost controls which were in place during the year. In addition, the production of apparel is completely outsourced and more of the production of footwear products is being shifted back from sub-contractors to our factories for better quality and cost control and to achieve better gross margin.

Our gross profit increased approximately RMB 18.5 million or 13.4% from approximately RMB 137.8 million in FY 13 to approximately RMB 156.3 million in FY 14 due to an increase in gross profit contribution from footwear products exceeding reduction of gross profit contribution from apparel and accessories. Our overall gross profit margin increased from approximately 16.8% in FY 13 to 18.9% in FY 14.

The increase of overall gross profit margin was mainly due to higher margin derived from breathable shoes in FY 14 which were partially offset by the lower margin from apparel products. The increase of the gross profit margin of our footwear in FY 14 as compared to the corresponding period last year was mainly attributable to the resilient gross profit margin registered by YELI breathable shoes.

The gross profit margin of YELI apparel in FY 14 has decreased 2.1% as compared to FY 13. The decrease in gross profit margin of YELI apparel was mainly attributed to higher sub-contracting cost and higher raw material costs compounded by the intensified price competition from various market players clearing excess inventory. Our Group has lowered the selling price of our apparel products in response to the current market environment which has affected the margin from this business segment.

Other Operating Income

Other operating income comprises interest income from bank deposits, government subsidies and exchange differences. The decrease in other operating income, mainly interest income, in FY 14 as the amount in FY 13 consisted of interest obtained from the deposit paid in relation to the acquisition of an equity stake in Jinjiang Guosheng Shoe Material Co., Ltd. of approximately RMB 4.6 million. In addition, the interest income from bank deposits reduced by approximately RMB 0.9 million in FY 14 as compared to FY 13 due to lower bank balances.

Operating Expenses

Operating expenses, which is comprised of selling and distribution expenses and administrative expenses, decreased by approximately RMB 207.9 million or 60.4% from approximately RMB 344.4 million in FY 13 to approximately RMB 136.5 million in FY 14. As a percentage of revenue, operating expenses decreased to approximately 16.5% in FY 14 from approximately 42.3% in FY 13.

The main reduction in total operating expenses came from selling and distribution costs which has decreased by approximately RMB 276.4 million or 86.0% from approximately RMB 321.7 million in FY 13 to approximately RMB 45.3 million in FY 14. The decrease was due to no subsidy being provided in FY 14. We have provided subsidy of approximately RMB 252.3 million in FY 13 to our distributors to transform certain specialty stores at good locations to ensure alignment with our new product position and to clear off the excess and possibly obsolete inventory. In addition, our Group spent RMB 33.5 million in FY 14 for advertising on the internet to create and promote the awareness of the YELI brand and the functionality of YELI breathable shoes on various ecommerce platforms, as compared to approximately RMB 39.7 million in FY 13.

OEM footwear revenue continued to increase in FY 14 mainly due to the increase in orders from our existing and new OEM customers. We continued to pursue our new strategy of selectively accepting higher margin orders from our existing and new OEM customers. Administrative expenses has increased by approximately RMB 68.6 million from approximately RMB 22.7 million in FY 13 to approximately RMB 91.3 million in FY 14. This was mainly due to impairment loss from trade receivables and interest receivables balances registered of approximately RMB 61.4 million and RMB 4.6 million respectively, in view of the uncertainties encountered in the collection of certain long outstanding debts.

Finance costs

Finance costs has decreased by approximately RMB 0.4 million or 4.5% from approximately RMB 8.3 million in FY 13 to approximately RMB 7.9 million in FY14. The decrease was due to lower outstanding bank loans in FY 14 as compared to FY 13.

Income tax

Income tax expense in FY 14 of approximately RMB 5.0 million was due to profit registered from our operating subsidiaries in PRC as compared to loss incurred in FY 13.

When the existing directors were appointed, there were briefed by Management on the business activities and strategic directions of the Group. Directors have open access to all relevant information, including discussions with Management and subject matter experts, and visits to operations. Directors may meet independently with Management at any time to discuss areas of interest or concern. They were also briefed and provided with information relating to corporate conduct and governance including continuing disclosure requirements of the Company under the Listing Manual; disclosure of interests in securities; restrictions on disclosure of confidential or price sensitive information. The Directors are encouraged to participate in continuous professional development to develop and refresh their skills. They have attended presentations, participated in site-visits and received briefings and updates relevant to the Group's businesses and/or to the Directors' duties and responsibilities. The Directors are also provided with opportunities for continuing education in areas such as directors' duties and responsibilities, corporate governance, so as to update them on matters that affect or may enhance their performance as Board or Board committee members.

| Generally, a formal letter is provided to each Director upon his appointment, setting out the Director's duties and obligations. | CG Guideline 1.7 |
|--|------------------|
| To assist the Board in the discharge of its responsibilities, the Board has established the Audit Committee ("AC"), Remuneration Committee ("RC"), and Nominating Committee ("NC"). These Board Committees function within clearly defined terms of reference and operating procedures, which are reviewed on a regular basis by the Board. The Board also constantly reviews the effectiveness of each Committee. | CG Guideline 1.3 |

The Board meets on a regular basis and as and when necessary to address any specific significant matters that may arise. *Ad hoc* meetings will be convened to deliberate on urgent substantive matters when necessary. Attendance by means of telephone and conference via electronic communications at Board meetings is allowed under the Company's Bye-laws.

The number of Board and Board Committee meetings held during the financial year and the attendance of Directors during these meetings are set out as CG Guideline 1.4 follows:

Principle 2: There should be a strong and independent element on the Board, which is able to exercise objective judgement on corporate affairs independently, in particular, from Management and 10% shareholders. No individual or small group of individuals should be allowed to dominate the Board's decision making.

The Board comprises two Executive Directors and three Independent non-executive Directors. The NC's review of the independence of each Director for the financial year ended 2014 ("FY2014") is based on the Code's definition of what constitutes an Independent Director. With three of the Directors deemed to be independent, the NC is of the view that the Board is able to exercise objective judgement on corporate affairs and provide the Management with a diverse and objective perspective on issues, and further, that no individual or small group of individuals dominate the Board's decision making process.

CG Guidelines 2.1 and 2.2

CG Guidelines 4.3

and 2.6

There is presently a good balance between the executive and non-executive Directors and a strong and independent element on the Board. The Board, through the delegation of its authority to the NC, has used its best efforts to ensure that Directors appointed to the Board and its Board Committees comprise directors who as a group provide an appropriate balance and diversity of skills, experience, gender and knowledge of the Group and provide core competencies such as accounting or finance, business or management experience, industry knowledge, strategic planning experience and customer-based experience or knowledge to enable the Board to make sound and well-considered decisions.

As a group, the Directors bring with them a broad range of industry knowledge, expertise and experience. Each Director has been appointed on the strength of his/ her calibre, experience and potential to contribute to the Company and its businesses. The Directors bring valuable insights from different perspectives vital to the strategic interests of the Company.

Principle 4: There should be a formal and transparent process for the appointment and re-appointment of directors to the Board.

Nominating Committee

The NC comprises the following non-executive and Independent Directors:

Mr Lim Kim Huat (Chair) Mr Tham Hock Chee Ms Lai Chin Yee

The NC meets at least once annually and had full attendance by its committee members during FY2014. The Chair of the NC is neither a substantial shareholder of CG Guideline 4.1 the Company nor directly associated with a substantial shareholder of the Company. The Lead Independent Director is a member of the NC.

The NC has adopted its own terms of reference in compliance with the Code that describes the responsibilities of the members. Amongst them, the NC is CG Guideline 4.1 responsible for making recommendations to the Board on all Board appointments.

The primary function of the NC is to determine the criteria for identifying candidates and to review nominations for the appointment of Directors to the Board, to consider how the Board's performance may be evaluated and to propose objective performance criteria for the Board's approval. Its duties and functions are outlined as follows:

- to make recommendations to the Board on the appointment of new executive and non-executive Directors, including making recommendations on the composition of the Board generally and the balance between executive and non-executive Directors appointed to the Board;
- to assist the Board when the Board examines its size with a view to determining the impact of the number upon effectiveness and deciding on what it considers an appropriate size for the Board which facilitates effective decision making. The NC may make recommendations to the Board with regards to any adjustments that are deemed necessary;
- to review, assess and recommend nominees or candidates for appointment or election to the Board, having regard to his/her requisite qualifications and competency and whether or not he/she is independent and in the case of a re-nomination, to his/her contribution and performance (e.g. attendance, preparedness, participation and candour);
- to review and make recommendations to the Board on board succession plans for Directors, in particular, the Chair of the Board and for the Chief Executive Officer;
- to determine, on an annual basis, and as and when circumstances require, if a Director is independent in character and judgement and whether there are relationships, or circumstances which are likely to affect, or could appear to affect, the Director's judgement bearing in mind the circumstances set forth in Guideline 2.3 and 2.4 of the Code and other salient factors;

CG Guideline 4.1

- to decide if a Director is able to and has been adequately carrying out his/her duties as a Director, taking into consideration the Director's number of listed CG Guideline 4.4 company board representations and other principle commitments;
- to make recommendations to the Board on the maximum number of listed company board representations which any Director may hold;
- to assist the Board by undertaking a particularly rigorous review of the independence of any Director who has served on the Board beyond 9 years from the date of his first appointment and to provide its views to the Board as to why such a Director should be considered independent for the Board's consideration;
- to consult with the Chair of the Board when he acts on the results of the performance evaluation and, where appropriate, proposes new members to be appointed to the Board or seeks the resignation of Directors;
- to recommend Directors who are retiring by rotation to be put forward for re-election;
- to assist the Board to implement a process for assessing the effectiveness of the Board as a whole and for assessing the contribution of each individual Director to the effectiveness of the Board;
- to decide how the Board's performance may be evaluated and propose objective performance criteria. Such performance criteria, which allow for comparison with industry peers, should be approved by the Board and address how the Board has enhanced long-term Shareholders' value. These performance criteria should not be changed from year to year, and where circumstances deem it necessary for any of the criteria to be changed, the onus should be on the Board to justify this decision. In addition to any relevant performance criteria which the Board may propose, the performance evaluation should also consider the Company's share price performance over a 5 year period vis-à-vis the Singapore Straits Times Index and a benchmark index of its industry peers. The Chairman of the NC should act on the results of the performance evaluation and where appropriate, propose new members be appointed to the Board or seek the resignation of Directors, in consultation with the NC; and
- to provide a description of the process for the selection and appointment of new Directors to the Board. This should include disclosure on the search and nomination process.

Under the Company's Bye-laws, any Director appointed by the Board shall retire at the next annual general meeting ("AGM") of the Company and shall then be eligible for re-election at that meeting. Each Director shall retire at least once every three years and is eligible for re-election. The retiring Directors for FY2014 are Mr Lim Kim Huat, who will retire pursuant to Bye-law 85(6) of the Company's Bye-laws; and Mr Lin Shaoxiong and Ms Lai Chin Yee, who will retire pursuant to Bye-law 86(1) of the Company's Bye-laws.

In its search, nomination and selection for new Directors, the NC identifies the key attributes that an incoming Director should have, based on a matrix of attributes of the existing Board and the requirements of the Group. After endorsement by the Board of the key attributes, the NC taps on the resources of Directors' personal contacts and recommendations of potential candidates, and goes through a short-listing process. If candidates identified from this process are not suitable, executive recruitment agencies are appointed to assist in the search process. Interviews are set up with potential candidates for NC members to assess them, before a decision is reached.

The Chair of the Board will give feedback to the NC on the appointment of new Directors or retirement or resignation of existing Directors, following the outcome of an annual performance evaluation of individual Directors, and the NC will take into consideration his views in this regard.

| The NC is also responsible for determining annually, the independence of Directors. In doing so, the NC takes into account the circumstances set forth in Guidelines 2.3 and 2.4 the Code and any other salient factors. Following its annual review, the NC has endorsed the independence of the following Directors, Mr Lim Kim Huat, Mr Tham Hock Chee and Ms Lai Chin Yee. | CG Guideline 4.3 |
|---|------------------|
| Notwithstanding that some of our Independent Directors has multiple board representations, he or she has sufficient time and given sufficient attention to the affairs of the Company. The NC is satisfied that sufficient time and attention is being given by the Directors to the affairs of the Group, notwithstanding that some of the Directors have multiple board representations, and there is presently no need to implement internal guidelines to address their competing time commitments. This matter is reviewed on an annual basis by the NC. The Board had accepted the NC's recommendation in 2014 that the maximum number of listed company board representations that a Director may hold is 4. | CG Guideline 4.4 |
| No alternate directors has been appointed to the Board | CG Guideline 4.5 |
| Principle 5: There should be a formal annual assessment of the effectiveness of the Board as a whole and its board committees and the contribution by each director to the effectiveness of the Board. | |
| The Board has implemented a process carried out by the NC for assessing the effectiveness of the Board as a whole and for assessing the contribution by each individual Director to the effectiveness of the Board. For the year under review, the NC has evaluated and discussed the results of individual Directors' assessment and of the Board's performance and effectiveness as a whole and carried out a review of the independence of Directors. Each year, each Director is requested to complete a comprehensive evaluation questionnaire with regard to board performance. The aim of the questionnaire is to assess whether each director continues to contribute effectively and demonstrate commitment to the role (including commitment of time for meetings of the Board and Board Committees, and any other duties). | CG Guideline 5.1 |
| The questionnaire covers various aspect of board effectiveness, including: | CG Guideline 5.2 |
| • effectiveness of discussions and debate; | |
| • relationship between the Board and Management, including the flow of information and level of engagement; | |
| • the level and quality of Directors' contributions and standard of conduct; | |
| • Board processes, including level and timeliness of information provided to the Board; | |
| • adequacy of composition of the Board; and | |
| • degree of diversity of skills, experience and knowledge of Directors. | |

The responses to the questionnaire will be collated and reviewed by the NC and the NC will make its recommendation to the Board.

The Chairman, in consultation with the NC, will, if necessary, propose steps to be undertaken to strengthen the Board's leadership so as to improve the effectiveness of the Board's oversight of the Company.

Principle 6: In order to fulfill their responsibilities, directors should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.

The Board has separate and independent access to senior Management and the Company Secretary at all times in carrying out their duties. Requests for information from the Board are dealt with promptly by Management. The Board is informed of all material events and transactions as and when they occur. Directors are given Board papers, background or explanatory information, including risk, benefits, and financial impact, relating to matters to be brought before the Board, in advance of meetings for them to be adequately prepared for meetings and senior Management is, where necessary, in attendance at the Board meetings. The Company Secretary attends Board meetings of the AC, NC and RC when invited. Thereafter, the Company Secretary or her representatives minutes of Board and Board Committees meetings, and assist the Chairman in ensuring that Board procedures are followed in accordance with the Company's Bye-laws so that the Board functions effectively.

The Directors have, individually or as a group, the right to seek independent legal and other professional advice, where necessary, in order to fulfill his duties and CG Guideline 6.5 responsibilities as Director. Any expense incurred in this aspect shall be borne by the Company.

(B) REMUNERATION MATTERS

Principle 7: There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

The RC is responsible for ensuring a formal and transparent procedure for developing policy on executive remuneration, and for fixing the remuneration packages of individual Directors and senior Management.

Remuneration Committee

The RC comprises the following non-executive and Independent Directors:

Mr Tham Hock Chee (Chair) Mr Lim Kim Huat Ms Lai Chin Yee

The principal responsibilities of the RC are:

• to review and submit its recommendations for endorsement by the Board, a general framework of remuneration for the Board and the key personnel, such framework should include appropriate and meaningful measures of assessing executive Directors and key management personnel's performance;

CG Guideline 7.1

CG Guideline 7.1

| • | to review and submit its recommendations for endorsement by the Board, the specific remuneration packages and terms of employment (where applicable) for each Director and key management personnel. In particular, the Independent Directors on the RC shall review and approve annually all aspects of remuneration of the Directors and key management personnel and other employees, who are related to the substantial shareholders and Directors; | CG Guideline 7.2 |
|--------|---|------------------|
| • | to review and submit its recommendations for endorsement by the Board, Employees' Share Option Schemes or any long term incentive schemes that may be set up from time to time and to do all acts necessary in connection therewith; | CG Guideline 7.2 |
| • | to review and submit its recommendations for endorsement by the Board, whether executive Directors and key management personnel should be eligible for benefits under long-term incentive schemes; | CG Guideline 7.2 |
| • | to consider implementing schemes to encourage non-executive Directors to hold shares in the Company so as to better align the interests of such non- executive Directors with the interest of shareholders; | CG Guideline 7.2 |
| • | to review the Company's obligations arising in the event of termination of the executive Directors' and key management personnel's contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous. The RC should aim to be fair and avoid rewarding poor performance; | CG Guideline 7.2 |
| • | to ensure that existing relationships, if any, between the Company and its appointed remuneration consultants will not affect the independence and objectivity of the remuneration consultants; and | |
| • | to carry out its duties as it deems expedient to discharge its duties under the Code, subject always to any regulations or restrictions that may be imposed upon the RC by the Board from time to time. | |
| | RC meets at least once annually and had full attendance by its committee members during FY2014. The RC has adopted its own terms of reference in liance with the Code that describes the responsibilities of the members. | CG Guideline 7.1 |
| Each | member of the RC shall abstain from voting on any resolutions in respect of his/her remuneration package. | |
| Havin | g considered the matter, the RC has not sought external advise on remuneration of all Directors. | CG Guideline 7.3 |
| the G | IC reviews the terms and conditions of service agreements of the Executive Directors before their execution. In the course of such review, the RC will consider roup's obligations arising in the event of termination of these service agreements, to ensure that such agreements contain fair and reasonable termination as and are not overly generous so as to avoid rewarding poor performance. | CG Guideline 7.4 |
| Princi | ole 8: The level and structure of remuneration should be aligned with the long-term interest and risk policies of the company, and should be appropriate to | |

Principle 8: The level and structure of remuneration should be aligned with the long-term interest and risk policies of the company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, and (b) key management personnel to successfully manage the company. However, companies should avoid paying more than is necessary for this purpose.

In structuring a compensation framework for Executive Directors and key executives, the RC seeks to link a significant and appropriate proportion of executive CG Guidelines 8.1 and 8.3 compensation to the individual and the Group's performance. In structuring the compensation framework, the RC also takes into account the risk policies of the Group, the need for compensation to be symmetric with risk outcomes and the time horizon of risks. In assessing executive Directors' and key management personnel's performance, the RC considers appropriate and meaningful measures. Further, in considering whether the compensation is appropriate for Independent Directors, the RC takes into account factors such as effort and time spent, and responsibilities of the Directors; and the principal that Independent Directors should not be over-compensated to the extent that their independence might be compromised. The RC's recommendation will be made in consultation with the Chair of the Board and submitted for endorsement by the entire Board.

The Company has established the China Sports Employee Share Option Scheme (the "ESOS") in 2010 as a long-term incentive scheme for directors and employees CG Guidelines 8.2 and 8.3 of the Group. The RC is tasked to review the grant of options under the ESOS. The ESOS is also a scheme under which Independent Directors can be encouraged to hold Shares so as to better align their interests with those of the Shareholders. The Company has to date, not granted any options.

The Company does not use contractual provisions to allow the Group to reclaim incentive components of remuneration from executive directors and key CG Guidelines 8.4 management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. Executive Directors owe a fiduciary duty to the Company. The Company should be able to avail itself to remedies against the executive directors in the event of such breach of fiduciary duties.

Principle 9: Each company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration, in the company's Annual Report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management personnel, and performance.

(C) ACCOUNTABILITY AND AUDIT

regulations, rules directive and guidelines.

| Principle 10: The Board should present a balanced and understandable assessment of the company's performance, position and prospects. | |
|--|-------------------------------|
| The Board is responsible for providing a balanced and understandable assessment of the Group's performance, position, prospects, operations and financial position and updating the Shareholders through the quarterly, half yearly and full year results announcements as well as timely announcements of other matters as prescribed by the relevant rules and regulations. | CG Guideline 10.1 |
| The Board receives from Management regular updates and financial information which present a balanced and understandable assessment of the Company's performance, position and prospects. The Chief Financial Officer ("CFO") circulates quarterly financial reports to the AC which includes the income statement, statement of financial positions, statement of comprehensive income and cash flow statement of the Group, transactions between the Group and any interested person (namely, any of the Directors or any of the Controlling Shareholders or any of their Associates) and latest corporate developments. | CG Guidelines 10.2 |
| Having regard to limited resources of the Company, Management provides management accounts to the Board together with explanation and information on a quarterly basis, and also as and when the Board requires the same. These enable the Board to make balanced and informed assessment of the Company's performance, position and prospects. | CG Guideline 11.3 |
| Written policies are established where appropriate to ensure compliance by the Board with applicable legislative and regulatory requirements. For example, the Company has adopted a set of insider trading policy; and whistle-blowing policy. | CG Guideline 10.2 |
| Principle 11: The Board is responsible for the governance of risk. The Board should ensure that Management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the company's assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives. | |
| The Board recognises the importance of sound internal controls and risk management practices to good corporate governance. The Board affirms its overall responsibility for the Group's systems of internal controls and risk management. In this regard, the Board: | CG Guideline 11.1 and 11.2 |
| • ensures that Management maintains a sound systems of risk management to safeguard Shareholders' interests and the Group's assets; | |
| • determines the nature and extent of significant risks that the Board is willing to take in achieving its strategic objective; | |
| • determines the Company's levels of risk tolerance and risk policies; | |
| • oversees Management in the design, implementation and monitoring of risk management and internal control systems (including financial, operational, compliance and information technology controls and risk management systems); and | |
| • reviews annually the adequacy and effectiveness of the risk management and internal control systems, including systems for compliance with applicable laws, | |

The Group faces a variety of risks including risks from the industry and geographic region in which it operates. The effective management of risks enhances the Company's ability to achieve its financial and operational goals, and to meet its legal and compliance responsibilities, thereby protecting and enhancing shareholder value. The Company's commitment is to manage the business risks to an acceptable level, so as to maximise opportunities and minimise negative outcomes. It should however be noted that the Company's risk management systems are designed to manage rather than to eliminate the risk. In addition, it should be noted that any system can provide only reasonable, and not absolute, assurance against risks.

The Board will deliberate further the necessity of establishing a Board Risk Committee in 2015.

For the FY2014, the Board has received assurance from CEO of the Company that:

- the financial records of the Group have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and
- the system of risk management and internal control in place within the Group (including financial, operational, compliance and information technology controls) is adequate and effective in addressing the material risks in the Group in its current business environment.

Principle 12: The Board should establish an Audit Committee with written terms of reference which clearly set out its authority and duties.

Audit Committee

The AC comprises the following non-executive and Independent Directors:

Ms Lai Chin Yee (Chair) Mr Tham Hock Chee Mr Lim Kim Huat

The AC held nine meetings during FY2014. The AC meets regularly with the Group's external and internal auditors and Management to review accounting, auditing and financial reporting matters so as to ensure that an effective system of control is maintained in the Group. The AC met once with the external auditors without the presence of the Management during FY2014.

The Board is of the view that the AC members are appropriately qualified in that they have sufficient accounting or related financial management expertise and cG Guideline 12.2 experiences to discharge the AC's function. The AC Chair, has recent and relevant accounting or related financial management expertise or experience. As and when necessary or appropriate, the Company will engage external professionals to assist the AC.

CG Guidelines 11.4

CG Guideline 11.3

CG Guideline 12.1

The AC has adopted its own terms of reference in compliance with the Code that describes the responsibilities of the members. During the meetings of the AC held CG Guideline 12.1 during the financial year, the AC performed its functions and responsibilities as set out in its terms of reference, which include the following:

• to review with the external auditors:

CG Guideline 12.4

- (a) the audit plan, including the nature and scope of the audit before the audit commences;
- (b) their evaluation of the system of internal accounting controls;
- (c) their audit report; and
- (d) their management letter and Management's response;
- to ensure co-ordination where more than one audit firm is involved;
- to review all announcements relating to the Company's financial performance and the quarterly, half-year and annual financial statements to ensure the integrity of the said financial statements and formal announcements; and thereafter to submit them to the Board for approval. The AC will focus, amongst other things, on the following:
 - (a) significant financial reporting issues and judgements;
 - (b) changes in accounting policies and practices;
 - (c) major risk areas;
 - (d) significant adjustments resulting from the audit;
 - (e) the going-concern statement;
 - (f) compliance with accounting standards;
 - (g) audit qualifications (if any);
 - (h) concerns and issues arising from the audits; and
 - (i) compliance with stock exchange and statutory/regulatory requirements;

- to discuss problems and concerns, if any, arising from the quarterly, half-year and final audits, in consultation with the external auditors and the internal auditors where necessary;
- to meet with the external auditors and internal auditors in each case without the presence of Management, at least annually, to discuss any problems and concerns they may have. The external auditors have the right to appear and be heard at any meeting of the AC and shall appear before the AC when required to do so by the AC;
- to review the independence of the external auditors annually and to state in the annual report:
 - (a) the aggregate amount of fees paid to the external auditors for that financial year; and
 - (b) breakdown of the fees paid in total for audit and non-audit services respectively, or an appropriate negative statement;
- to review the assistance given by Management to the external auditors;
- to review annually the scope and results of the external audit and the independence and objectivity of the external auditors;
- where the external auditors also provide a substantial volume of on-audit services to the Group, to review the nature and extent of such services in order to maintain objectivity, and to ensure that the independence of the auditors would not be affected;
- to review the internal audit programme and ensure co-ordination between the internal and external auditors and the Management;
- to review the effectiveness of the internal audit function, the scope and results of the internal audit procedures and to ensure that the internal audit function CG Guideline 13.5 has adequate resources and has appropriate standing within the Company and to review and ensure annually the adequacy of the internal audit function;
- to recommend to the Board if the internal audit function be undertaken in-house or out-sourced to a reputable public accounting/auditing firm or corporation, or performed by a major shareholder, holding company or controlling enterprise with an internal audit staff;
- to review and report to the Board, at least annually, the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and information technology controls. Such review can be carried out internally or with the assistance of any competent third parties;
- to review the audited (consolidated) financial statements of the Company, and thereafter to submit to the Board;

CG Guideline 13.1

- to review all internal audit reports. The internal auditor's primary line of reporting should be to the Chair although the internal auditor would also report administratively to the CFO;
- to commission and review the findings of internal investigations into matters where there is any suspected fraud or irregularity, or failure of internal controls or infringement of any Singapore law, rule or regulation, which has or is likely to have an impact on the Company's and Group's operating results or financial position. To also discuss the above with the external auditors and to review Management's response;

- to investigate any matter within its terms of reference, with full access to and co-operation by Management and full discretion to invite any Director or CG Guideline 12.3 executive officer to attend its meetings, and with reasonable resources to enable it to discharge its functions properly;
- to review arrangements by which employees of the Company, its subsidiaries, and associates may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters and ensure that arrangements are in place for the independent investigations of such matters and for appropriate follow up actions;
- to report to the Board its findings from time to time on matters arising and requiring the attention of the AC. In addition, upon the request of the auditor, the Chairman of the AC shall convene a meeting of the AC to consider any matters the auditor believes should be brought to the attention of the Directors or Shareholders;
- to recommend to the Board the appointment, re-appointment, removal and matters arising from the resignation of the external auditors, and approve the remuneration and terms of engagement of the external auditors;
- to review all other existing and future IPTs not having been approved by the Shareholders to ensure that they are carried out at arm's length basis and on normal commercial terms and are not prejudicial to the interests of the Company and minority Shareholders;
- to review all IPTs to ensure compliance with Chapter 9 of the Listing Manual of the SGX-ST;
- where appropriate, to update the SGX-ST on any findings of the independent accounting firm commissioned to review the adequacy of the Group's existing system of internal controls relating to transactions with IPTs to review procedures (in the event trade transactions with IPTs in aggregate account for more than 5% of the total sales or purchases in the preceding year, as the case may be), and any follow up action taken by the AC, if any;
- to review the payment terms for IPTs (not previously approved by the Shareholders) on a quarterly basis;
- to review IPTs, including but not restricted to, comment in annual report as to whether the IPTs are conducted in accordance with the review procedures;
- to review any potential conflict of interest;
- to review the hedging policies, all types of instruments used for hedging as well as the foreign exchange policies and practices of the Group;
- to review the reporting structure relating to the Group's accounting function and conduct semi-annual meetings with the CFO to ensure that the CFO is able to discharge his responsibilities effectively;
- to undertake such other reviews and projects as may be requested by the Board and report to the Board its findings from time to time on matters arising and requiring the attention of the AC; and
- to undertake generally such other functions and duties as may be required by law or the Listing Manual of the SGX-ST, and by such amendments made thereto from time to time.

In July 2010, the Singapore Exchange Limited and Accounting and Corporate Regulatory Authority had launched the "Guidance to Audit Committees on Evaluation of Quality of Work performed by External Auditors" which aims to facilitate the AC in evaluating the external auditors. The AC will evaluate the performance of the external auditors based on the key indicators of audit quality set out in the guidance in due course.

The AC also implements and administers the Group's Whistle-Blowing Policy which set out the provisions by which employees and other persons may, in confidence, raise serious concerns about possible improprieties in matters of financial reporting or other matters that could have a large impact on the Company and is authorised to do such acts as are necessary to ensure, *inter alia*, that (i) independent investigations are carried out in an appropriate and timely manner, (ii) appropriate action is taken to correct the weaknesses in internal controls and policies which had allowed such incidences to prevent recurrence and (iii) administrative, disciplinary, civil or other actions that are initiated following the completion of investigations are appropriate, balanced and fair.

The AC is satisfied with the independence and objectivity of the external auditors and recommends to the Board the nomination of RT LLP ("RT") for re-appointment CG Guideline 12.6 as external auditors of the Company at the forthcoming AGM. The external auditors do not provide non-audit services to the Company. The aggregate fees paid to the external auditors comprise only fees for audit services and amount to S\$140,000.

Pursuant to Rule 712 of the Listing Manual, the Company has appointed RT as its external auditors having regard to, amongst other things, the following factors:

- (a) its adequacy of the resources and experience of the auditing firm and the audit engagement partner assigned to the audit;
- (b) the firm's other audit engagements;
- (c) the size and complexity of the Group; and
- (d) the number and experience of supervisory and professional staff assigned to the particular audit.

In satisfaction of Rule 712 of the Listing Manual, RT is an auditing firm registered with the Accounting and Corporate Regulatory Authority (ACRA).

Rule 715 provides that, subject to Rule 716 of the Listing Manual, the Company must engage a suitable auditing firm for its significant subsidiaries and associated companies.

Rule 716 of the Listing Manual further provides that the Company may appoint different auditing firms for the Company's subsidiaries or significant associated companies provided that:

- (a) the Board and AC are satisfied that the appointment would not compromise the standard and effectiveness of the audit; or
- (b) the Company's subsidiary or associated company is listed on a stock exchange.

The Company does not have any associated companies and none of the Company's subsidiaries are listed on a stock exchange. The Company's significant subsidiaries are 恒发(福建)轻工业发展有限公司 (Hengfa (Fujian) Light Industry Development Co., Ltd); and 野力体育(中国)有限公司 (YELI Sports (China) Co., Ltd.) (the "Significant Subsidiaries") and the Company's other subsidiaries include Theme Way and YELI HK, both of which are investment holding companies and not considered significant subsidiaries.

The Company's Significant Subsidiaries are audited by local audit firm, being 福州鼓楼征安联合会计师事务所 (Zhengan Joint Certified Public Accountants) ("Zhengan"), to comply with local regulations. The financial statements of the Significant Subsidiaries are prepared in accordance with local Generally Accepted Accounting Principles (GAAP). As a Singapore registered firm, RT is not able to sign off the financial statements required by the local authorities according to local regulations. To this end, Zhengan will continue to be the statutory auditors of the Company's Significant Subsidiaries.

Notwithstanding that the Significant Subsidiaries will be audited by Zhengan, RT, as the Group's auditor, has and will also conduct a full scope audit of the PRC subsidiaries in accordance with the International Standards on Auditing (ISA) for consolidation purposes which audit will be performed to serve the objective of RT as group auditors of the Company, the Singapore-listed entity, and not for PRC reporting purposes. RT will perform the audit of the PRC subsidiaries in accordance with ISA on account balances, transactions and disclosures to obtain assurance as to compliance with International Financial Reporting Standards (IFRS) and to assess appropriateness of account balances, transactions and disclosures included in our group financial statements.

The Board and AC are satisfied that the continued appointment of Zhengan as statutory auditors of our Significant Subsidiaries will not compromise the standard and effectiveness of the audit of the Company and of the Group having regard to RT is also undertaking the audit of our Significant Subsidiaries in accordance with IAS, if they are re-appointed as our Auditors and the Company's experience with working with Zhengan.

The Company is in compliance with Rule 715 of the Listing Manual.

P'rinciple 13: The company should establish an effective internal audit function that is adequately resourced and independent of the activities it audits.

The Company has outsourced the internal audit functions to Cachet Certified Public Accountants Limited. It has performed and implemented internal reviews, to ensure that the system of internal controls maintained by the Company is sufficient to provide reasonable assurance that the Company's assets are safeguarded against loss from unauthorised use or disposal; transactions are properly authorised and proper financial records are being maintained.

The internal auditors have a direct and primary reporting line to the AC Chair and assist the Board in monitoring and managing risks and internal controls of the CG Guidelines 13.1 Group. The AC approves the internal audit plan and ensures the adequacy of internal audit resources prior to the commencement of the internal audit.

The AC is satisfied that the internal audit function has adequate resources and has appropriate standing within the Company. The Internal Auditor has unfettered access to all the Company's documents, records, properties and personnel, including access to the AC.

The Internal Auditor carries out its function according to standards set by the "Internal Control-Integrated Framework" established by the Committee of Sponsoring CG Guidelines 13.4 Organizations of the Trendway Commission (COSO).

The AC and the Board have reviewed the Company's risk assessment based on the reports and work performed by the internal auditors and external auditors and the management controls in place, the Board is of the opinion, with the concurrence of the AC, that there are adequate internal controls in place within the Group addressing material financial, operational, compliance and information technology risks to meet the needs of the Group in its current business environment, having regard to the scale and nature of the Group's business.

(C) SHAREHOLDERS RIGHTS AND RESPONSIBILITIES; COMMUNICATION WITH SHAREHOLDERS; CONDUCT OF SHAREHOLDER MEETING

- Principle 14: Companies should treat all shareholders fairly and equitably, and should recognise, protect and facilitate the exercise of shareholders' rights, and continually review and update such governance arrangements.
- Principle 15: Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.
- Principle 16: Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the company.

The Company believes in timely, fair and adequate disclosure of relevant information to the Shareholders and investors so that they will be apprised of developments that may have a material impact on the price or value of Company's securities. The Company does not practice selective disclosure. In this respect, the Board presents a balanced and understandable assessment of the Group's performance, position and prospects in its announcements, including quarterly, half-year and full-year results and reports to regulators, if any, all of which are released through SGX-ST's website at SGXNet (www.sgx.com). Press releases are announced through SGXNet before they are published. The Company also strives to be as descriptive, detailed and forthcoming as possible. The Company has a policy that where there is inadvertent disclosure made to a selected group, the Company will ensure that the information is disclosed publicly to all others as soon as practicable. To date, there has not been any such inadvertent disclosures.

Before and after every general meeting, the Chairman and other members of the Board will engage in dialogue with Shareholders, to gather views or inputs, and address Shareholders' concerns. The Company also solicits the views of the Shareholders through analyst briefings and meetings with investors and fund managers. The Company is open to meetings with investors and analysts, and in conducting such meetings, the Company is mindful of the need to ensure fair disclosure. Information is also available on the Company's website http://www.chinasportsintl.com/. Shareholders and potential investors have 24-hour access to the Company's website which includes a dedicated Investor Relations link providing the Company's latest press releases and stock details. Enquiries may also be posed to our investor relations contact by mail, phone or email. The Company believes that all these accesses to information will facilitate the Shareholders in their exercise of their ownership rights.

All Shareholders will receive the annual report and notice of AGM. At general meetings of shareholders, the Shareholders will be given the opportunity to voice their views and ask Directors or Management questions regarding the Company's affairs. The Chairmen of the AC, RC and NC will normally be present at the AGM to answer questions from the Shareholders about the conduct of audit and the preparation and content of the Auditors' Report. To ensure that the Shareholders have the opportunity to participate effectively in and vote at general meetings, voting at general meetings of the Company has since 2011 been conducted by poll. The chair of the meeting, with the assistance of service providers engaged by the Company, will brief shareholders to familiarise them with the detailed procedures involved in conducting a poll. An announcement of the detailed results of the poll showing the number of votes cast for and against each resolution and the respective percentages will be announced after the general meeting via SGXNet. Having undertaken a cost/benefit analysis, the Company has decided not to undertake polling by means of electronic polling at this juncture.

The Company records minutes of all general meetings and questions and comments from Shareholders together with the responses of the Board and Management. CG Guideline 16.4 These are available to Shareholders at their request.

A Shareholder who is entitled to attend and vote may either vote in person or *in absentia* through the appointment of one or two proxies (who can either be named individuals nominated by the Shareholder to attend the meeting or the Chair of the meeting as the Shareholder may select). The Bye-laws of the Company allows a member of the Company with two or more Shares to appoint one or two proxies to attend and vote instead of the member. Further, where the member is a Central Depository (Pte) Ltd (or its nominee as notified in writing to the Company), it can appoint more than 2 proxies.

Subject to compliances to any relevant laws or regulations and the demand for voting *in absentia*, such as by mail, e-mail or fax, etc., the Company may evaluate the possibility of such voting method. In connection with such evaluation, careful study will have to be undertaken to ensure the integrity of the information and the authentication of the identity of members through the web is not compromised.

Separate resolutions are proposed at general meetings for approval for each substantially separate issue. "Bundling" of resolutions are kept to a minimum and are done only where the resolutions are interdependent so as to form one significant proposal and only where there are reasons and material implications justifying the same. Each item of special business included in the notice of the meeting will be accompanied by a full explanation of the effects of a proposed resolution. Separate resolutions are proposed for substantially separate issues at the meeting.

The Company does not have a policy on payment of dividends. Instead the issue of the payment of dividend is deliberated seriously and at length by the Board CG Guidelines 15.5 annually having regard to various factors. Where dividends are not paid, the Company discloses the reasons at the general meetings.

DEALINGS IN SECURITIES

The Company acknowledges the importance to adopt its own internal Code of Best Practices on Securities Transactions to provide guidance to all Directors and officers of the Company and its subsidiaries with regard to dealings in the Company's securities in compliance with the Rule 1207(19) of the Listing Manual of the SGX-ST.

The Company's internal code, Code of Best Practices on Securities Transactions by the Company and its Officers, provides guidance to all directors and officers of the Company that:

- (a) officers should not deal in the Company's securities on short-term considerations and should be mindful of the law on insider trading.
- (b) the Company and its officers are prohibited from dealing in the Company's securities when the window period is closed. The window period is 'closed' commencing two weeks before the announcement of the Company's financial statements for the first, second and third quarters of its financial year and one month before the announcement of the Company's financial statements for its full financial year, and ending after the announcement of the relevant results. Officers will be notified of the 'closed' window period by email or internal memo or notices.

MATERIAL CONTRACTS

Apart from those related party transactions disclosed in the (Note 29) of the audited financial statements, there were no material contracts of the Company or its subsidiary involving the interest of any director or controlling shareholder subsisting at the end of FY2014.

The Group regularly reviews and improves its business and operational activities to identify areas of significant business risks as well as taking appropriate measures to control and mitigate these risks. The Group reviews all significant control policies and procedures and highlights all significant matters to the AC and the Board. The financial risk management objectives and policies are outlined in the financial statements.

USE OF PLACEMENT PROCEEDS

As previously announced, with the termination of our distribution rights for the Federation Internationale de Football Association's collection of football, lifestyle clothing and accessories, the Directors had changed the use of the balance proceeds from a placement.

The following table sets out the details of the utilisation of placement proceeds up to 31 December 2014:

INTERESTED PERSON TRANSACTIONS

The Company has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC and that the transactions are on an arm's length basis.

Mr Lin Shaoxiong and Mr Lin Yongjian have jointly provided a personal guarantee to secure Hengfa (Fujian) Light Industry Development Co., Ltd.'s banking facility. The Group has not paid either of them any form of consideration for the provision of the personal guarantee.

Mr Lin Shaoxiong has provided a personal guarantee to secure the banking facility of YELI China. The Group has not paid him any form of consideration for the provision of the personal guarantee.

In addition, Mr Lin Yongjian is the owner of certain intellectual property utilised in our breathable shoes. Mr Lin Yongjian has on a goodwill basis allowed our Group utilise his intellectual property till 30 September 2011. On 12 December 2011, our Group had entered a licensing agreement with Mr Lin Yongjian relating to the rights to utilise the technology of the breathable shoes (the "License"). The royalty fee payable for the License is calculated as a percentage of the revenue generated from the sale of breathable shoes; being 5% from 1 January 2012.

On 26 February 2013, the Company announced that it had signed an agreement with Licensor to extend the term of the License for a period of 6 months (1 January 2013 till 30 June 2013). The royalty fee to be paid during the extended period continues to be on the same terms in the Agreement but with an enlarged range of products to which our Group could utilise the technology.

By agreement, the Licence was further extended in August 2013 (for 12 months commencing 1 July 2013) and in August 2014 (for 6 months commencing 1 July 2014) on the same terms as set out in the License.

Audit Committee

The Audit Committee comprises the following members:

Ms Lai Chin Yee (Chairman) Mr Lim Kim Huat Mr Tham Hock Chee

The Audit Committee performs the functions set out in the SGX Listing Manual and the Code of Corporate Governance. In performing its functions, the Audit Committee reviewed the following:

- (i) the overall scope of both the internal and external audits and the assistance given by the Company's officers to the auditors. It met with the Company's internal and external auditors to discuss the results of their respective examination and their evaluation of the Company's system of internal accounting controls;
- (ii) the audit plan of the Company's independent auditor and any recommendations on internal accounting controls arising from the statutory audit;
- (iii) the quarterly financial information and the statement of financial position of the Company and the consolidated financial statements of the Group for the financial year ended 31 December 2014 as well as the auditor's report thereon; and
- (iv) interested person transactions (as defined in Chapter 9 of the SGX Listing Manual).

The Audit Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any director or executive officer to attend its meetings. The Audit Committee also recommends the appointment of the external auditors and reviews the level of audit and non-audit fees.

The Audit Committee is satisfied with the independence and objectivity of the external auditors and has recommended to the Board of Directors that the auditors, RT LLP, be nominated for re-appointment as auditors at the forthcoming Annual General Meeting of the Company.

Statement by Directors

Year ended 31 December 2014

In the opinion of the directors, the consolidated financial statements of the Group and the statement of financial position of the Company are drawn up so as to give a true and fair view of the state of affairs of the Group and the Company as at 31 December 2014 and of the results, changes in equity and cash flows of the Group for the financial year then ended on that date; and at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

On behalf of the Directors

Independent Auditor's Report

To the Members of China Sports International Limited

Report on the consolidated financial statements

We were engaged to audit the accompanying financial statements of China Sports International Limited ("the Company") and its subsidiaries ("the Group") which comprise the statements of financial position of the Group and the Company as at 31 December 2014, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the financial year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with International Standards on Auditing. Because of the matters described in the Basis for disclaimer of opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

1. Existence and recoverability of trade and other receivables

As set out in Note 11 to the financial statements, the Group has net trade receivables of approximately RMB429,904,000, of which approximately RMB210,466,000 was past due the Group's credit terms of 90 days. The management is of the view that no allowance for impairment is necessary. At the date of this report, we have not received third party confirmation replies from the circularized trade receivables amounting to RMB429,904,000. In addition, the management has also not provided us with evidence of subsequent collections from these customers. As such, we were unable to ascertain the existence and recoverability of the net trade receivable balances amounting to RMB429,904,000 as at balance sheet date. Accordingly, we were unable to determine if there are any adjustments that would need to be made for the impairment of trade receivables.

2. <u>Completeness of trade and bills payable</u>

Stated on the face of the consolidated statement of financial position as at 31 December 2014 were trade and bills payable of approximately RMB147,534,000. At the date of this report, we have not received third party confirmation replies from the circularized trade and bills payable amounting to approximately RMB40,411,000. The management has also not provided us with evidence of subsequent payments to these trade and bills payable. As such, we were unable to carry out alternative procedures to enable us to conclude on the completeness of trade payables as at 31 December 2014.

3. Post balance sheet information

The absence of financial information in relation to post balance sheet receipts from trade receivables and post balance sheet payments to trade and bills payable constitute a limitation of scope on our audit. In addition, as part of our audit procedures, we have not received confirmation reply from the Group's legal counsel on the existence of any legal suits against the Company or the Group, if any. As such, we are unable to ascertain if any adjustment, provision or contingency is required for the financial year ended 31 December 2014.

Independent Auditor's Report

To the Members of China Sports International Limited

4. <u>Going concern assumption</u>

Although the Group recorded profit before taxation of approximately RMB15,600,000 for the financial year ended 31 December 2014, it also recorded net operating cash outflows of approximately RMB153,568,000. We also draw attention to the uncertainty surrounding the collectability of the Group's trade receivables in view of current poor business conditions in the sports shoes and apparels industry which is further exacerbated by the deterioration of trade receivables collection patterns from previous year (Note 31.3).

Management was not able to provide cash flow projections of the Group's future operations including information such as the current and expected profitability, debt repayment schedules, potential sources of replacement financing and future business plans etc. In the absence of management's cash flow projections and business plans, we are not able to obtain sufficient evidence regarding the appropriateness of using the going concern assumption in the preparation of the financial statements.

Disclaimer of opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the consolidated financial statements.

1 General information

The financial statements of the Company and of the Group for the year ended 31 December 2014 were authorised for issue in accordance with a resolution of the directors on the date of the Statement By Directors.

The Company is incorporated in Bermuda under the name of China Sports International Limited on 27 March 2007 as an exempted company with limited liability under the Bermuda Companies Act 1981. The Company was admitted to the Official List of the Singapore Exchange Mainboard ("SGX-ST") on 18 July 2007 pursuant to an Initial Public Offering ("IPO").

The Company is domiciled in Bermuda. The registered office is located at Clarendon House, 2 Church Street, Hamilton HM11, Bermuda.

The principal activity of the Company is that of an investment holding. The principal activities of the subsidiaries are stated in Note 8.

2(a) Basis of preparation

The financial statements are prepared in accordance with International Financial Reporting Standards ("IFRS") including related Interpretations promulgated by the IFRS Interpretation Committee ("IFRSIC") applicable to companies reporting under IFRS. The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

The financial statements are presented in Renminbi which is the Company's functional currency. All financial information are presented in Renminbi (to the nearest thousand), unless otherwise stated.

Going concern

The Group has recorded a profit before taxation of approximately RMB 15,600,000 for the financial year but recorded a net operating cash outflow of approximately RMB 153,568,000. The financial statements have been prepared on the assumption that the Company and the Group will continue as going concern as the management believe that:

- (a) there is no issue on the recoverability of trade receivables of RMB 429,904,000 (Note 11);
- (b) the group will generating sufficient cash flows from operations to meet the Group's operational needs, commitments and liabilities; and
- (c) sufficient cash and bank balances of RMB532,506,000 as at 31 December 2014

Year ended 31 December 2014

2(a) Basis of preparation (Cont'd)

Significant accounting estimates and judgements

The preparation of the financial statements in conformity with IFRS requires the use of judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the end of the reporting period and the reported amounts of revenue and expenses during the financial year. Although these estimates are based on management's best knowledge of current events and actions, actual results may differ from those estimates.

The critical accounting estimates and assumptions used and areas involving a high degree of judgement are described below:

Critical assumption used and accounting estimates in applying accounting policies

Depreciation of property, plant and equipment

Property, plant and equipment are depreciated on a straight-line basis over their estimated useful lives. Management estimates the useful lives of property, plant and equipment to be within 2 to 20 years. The carrying amounts of the Company's and the Group's property, plant and equipment as at 31 December 2014 are RMB 13,000 and RMB 113,749,000 (2013 - RMB 58,000 and RMB 125,352,000) respectively. Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised.

Allowance for inventory obsolescence

The Group reviews the aging analysis of inventories at each reporting date, and makes provision for obsolete and slow moving inventory items that are no longer suitable for sale. The carrying amounts of the Company's and the Group's inventory as at 31 December 2014 are RMB Nil and RMB 26,111,000 (2013 - RMB Nil and RMB 20,172,000) respectively. The net realisable value for such inventories are estimated based primarily on the latest invoice prices and current market conditions. Possible changes in these estimates could result in revisions to the valuation of inventories.

Allowance for bad and doubtful debts

Allowances for bad and doubtful debts are based on an assessment of the recoverability of trade and other receivables. Allowances are applied to trade and other receivables where events or changes in circumstances indicate that the balances may not be collectible. The carrying amounts of the Company's and the Group's trade and other receivable as at 31 December 2014 are RMB 10,000 and RMB 550,595,000 (2013 - RMB 13,000 and RMB 382,346,000) respectively. The identification of bad and doubtful debts requires the use of judgement and estimates. Where the expected outcome is different from the original estimate, such difference will impact carrying value of trade and other receivables and doubtful debt expenses in the period in which such estimate has been changed.

Year ended 31 December 2014

2(a) Basis of preparation (Cont'd)

Critical assumption used and accounting estimates in applying accounting policies (Cont'd)

Impairment of investment in subsidiary

Determining whether investment in subsidiary is impaired requires an estimation of the value-in-use of that investment. The value-in-use calculation requires the Group to estimate the future cash flows expected from the cash-generating units and an appropriate discount rate in order to calculate the present value of the future cash flows. Management has evaluated the recoverability of the investment based on such estimates. As at year ended 31 December 2014, cost of investment in subsidiaries amounting to RMB 456,986,000 (2013 - RMB 456,986,000).

Income taxes

The Group has exposure to income taxes in the People's Republic of China (PRC). Significant judgement is involved in determining the group-wide provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business.

According to the Corporate Income Tax Law and its Implementation Rules, withholding tax is imposed on dividends declared in respect of profit earned by PRC subsidiaries from 1 January 2008 onward. For the Group, the applicable rate for the withholding tax rate is 10%.

The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

The accounting policies used by the Company and Group have been applied consistently to all periods presented in these financial statements.

2(b) Interpretations and amendments to published standards effective in 2014

On 1 January 2014, the Company and the Group adopted the new or amended IFRS and IFRIC interpretations that are mandatory for application from that date. Changes to the Company's and the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective IFRSs and IFRIC interpretations.

The adoption of these new or amended IFRS and IFRIC Interpretations did not result in substantial changes to the Company's and the Group's accounting policies and had no material effect on the amounts reported for the current or prior financial years.

Year ended 31 December 2014

2(c) IFRSs and IFRICs issued but not yet effective

Below are the mandatory new or amended IFRS and IFRIC interpretations that have been published, and are relevant for the Company's and the Group's accounting periods beginning on or after 1 January 2015 and which the Company and the Group have not early adopted:

Effective for the Company's and the Group's annual accounting period beginning on 1 January 2015

- Various improvements to IFRSs (Annual Improvements 2010-2012)
 - o Amendments to IFRS 8 Operating Segments
 - o Amendment to IAS 16 Property, Plant and Equipment
 - o Amendment to IAS 24 Related Party Disclosures
 - o Amendment to IAS 38 Intangible Assets
- Various improvements to IFRSs (Annual Improvements 2011-2013)
 - o Amendments to IFRS 13 Fair Value Measurement

Effective for the Company's and the Group's annual accounting period beginning on 1 January 2016

- Amendments to IAS 1: Disclosure Initiative
- Amendments to IAS 27: Equity Method in Separate Financial Statements
- Various improvements to IFRSs (Annual Improvements 2012-2014)
 - o Amendments to IFRS 7 Financial Instruments: Disclosures
 - o Amendments to IAS 19 Employee Benefits
- Amendments to IAS 16 and IAS 38: Clarification of Acceptable Methods of Depreciation and Amortisation

Effective for the Company's and Group's annual accounting period beginning on 1 January 2017

• IFRS 15 Revenue from Contracts with Customers

Effective for the Company's and Group's annual accounting period beginning on 1 January 2018

• IFRS 9 (2014) Financial Instruments

The directors do not anticipate that the adoption of the above new or amended IFRS in future periods will have a material impact on the financial statements of the Group and Company in the period of their initial adoption except for IFRS 15 and IFRS 9 (2014). Management is currently evaluating the potential impact of the application of IFRS 15 and IFRS 9 (2014) on the financial statements of the Group and of the Company in the period of their initial application.

2(d) Summary of significant accounting policies

Consolidation

The financial statements of the Group include the financial statements of the Company and its subsidiaries made up to the end of the financial year. Information on its subsidiaries is given in Note 8.

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognizes any non-controlling interest in the acquiree on an acquisition-by-acquisition basis, either at fair value or at the non-controlling interest's proportionate share of the recognized amounts of acquiree's identifiable net assets.

The use of merger accounting principles has resulted in a balance on Group capital and reserves that have been classified as a merger reserve and included in the Group's shareholders' funds. The consolidated financial statements include the results of the Company and all its subsidiary undertakings made up to the same accounting date.

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of assets transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Please refer to the paragraph "Subsidiaries" for the accounting policy on investments in subsidiaries in the separate financial statements of the Company.

Land use rights

Land use rights represent up-front payment to acquire long-term interests in the usage of land and are stated at cost less accumulated amortisation and impairment losses, if any. Amortisation is charged so as to write off the cost of the land use rights, using the straight-line method, over the period of the grant of 50 years, which is the lease term.

Year ended 31 December 2014

2(d) Summary of significant accounting policies (Cont'd)

Intangible assets and rights

Intangible assets and rights are accounted for using the cost model. Capitalised costs are amortised on a straight-line basis over their estimated useful lives for those considered as finite useful lives as follows:

| Patents | 10 years |
|-------------------|----------|
| Computer software | 5 years |
| Licensing rights | 4 years |

After initial recognition, they are carried at cost less accumulated amortisation and accumulated impairment losses, if any. In addition, they are subject to annual impairment testing. Indefinite life intangibles are not amortised but are subject to annual impairment testing.

Intangible assets and rights are written off where, in the opinion of the directors, no further future economic benefits are expected to arise.

Property, plant and equipment and depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Depreciation is computed using the straight-line method to write off the cost of these assets after deducting the residual values over their estimated useful lives as follows:

| Buildings | 20 years |
|--|---------------|
| Plant and machinery | 5 to 10 years |
| Furniture, fixtures and office equipment | 3 to 20 years |
| Motor vehicles | 5 years |
| Outlet fixtures | 2 years |

No depreciation is provided on construction work-in-progress.

Year ended 31 December 2014

2(d) Summary of significant accounting policies (Cont'd)

Property, plant and equipment and depreciation (Cont'd)

The cost of property, plant and equipment includes expenditure that is directly attributable to the acquisition of the items. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the asset.

Subsequent expenditure relating to property, plant and equipment is added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the standard of performance of the asset before the expenditure was made, will flow to the Group and the cost can be reliably measured. Other subsequent expenditure is recognised as an expense during the financial year in which it is incurred.

For acquisition and disposal during the year, with the exception of outlet fixtures, depreciation is provided from the month of acquisition and to the month before disposal respectively. In the case of outlet fixtures, depreciation is provided from the year of acquisition and to the year of disposal. Fully depreciated property, plant and equipment are retained in the books of accounts until they are no longer in use.

Depreciation methods, useful lives and residual values are reviewed, and adjusted as appropriate, at each reporting date as a change in estimates.

Subsidiaries

In the Company's separate financial statements, shares in subsidiaries are stated at cost less allowance for any impairment losses on an individual subsidiary basis.

Inventories

Inventories are carried at the lower of cost and net realisable value. Cost is determined on weighted average cost model, and include all costs in bringing the inventories to their present location and condition. Cost incurred in bringing each product to its present location and conditions are accounted as follows:

- (a) Raw materials at purchase cost on a weighted average basis; and
- (b) Finished goods and work-in-progress at cost of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity.

Provision is made for obsolete, slow-moving and defective inventories in arriving at the net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

2(d) Summary of significant accounting policies (Cont'd)

Financial assets

Financial assets, other than hedging instruments, can be divided into the following categories: financial assets at fair value through profit or loss, held-to-maturity investments, loans and receivables and available-for-sale financial assets. Financial assets are assigned to the different categories by management on initial recognition, depending on the purpose for which the assets were acquired. The designation of financial assets is re-evaluated and classification may be changed at the reporting date with the exception that the designation of financial assets at fair value through profit or loss is not revocable.

All financial assets are recognised on their trade date - the date on which the Company and the Group commit to purchase or sell the asset. Financial assets are initially recognised at fair value, plus directly attributable transaction costs except for financial assets at fair value through profit or loss, which are recognised at fair value.

Derecognition of financial instruments occurs when the rights to receive cash flows from the investments expire or are transferred and substantially all of the risks and rewards of ownership have been transferred. An assessment for impairment is undertaken at least at each reporting date whether or not there is objective evidence that a financial asset or a group of financial assets is impaired.

Non-compounding interest and other cash flows resulting from holding financial assets are recognised in profit or loss when received, regardless of how the related carrying amount of financial assets is measured.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Group provides money, goods or services directly to a debtor with no intention of trading the receivables. They are included in current assets, except for maturities greater than 12 months after the end of the reporting period. These are classified as non-current assets.

Loans and receivables include trade and other receivables and cash and bank balances (excluding advances to suppliers and prepayments). They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. If there is objective evidence that the asset has been impaired, the financial asset is measured at the present value of the estimated future cash flows discounted at the original effective interest rate. Impairment losses are reversed in subsequent periods when an increase in the asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to a restriction that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised. The impairment or write-back is recognised in profit or loss.

Year ended 31 December 2014

2(d) Summary of significant accounting policies (Cont'd)

Provisions

Provisions are recognised when the Company and the Group have a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Present obligations arising from onerous contracts are recognised as provisions.

The directors review the provisions annually and where in their opinion, the provision is inadequate or excessive, due adjustment is made.

If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of the time is recognised as finance costs.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and bank deposits which are readily convertible to cash and which are subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents are presented net of fixed deposit pledged to the bank for banking facilities.

Share capital and treasury shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

When any entity within the Group purchases the Company's ordinary shares ("treasury shares"), the consideration paid including any directly attributable incremental cost is presented as a component within equity attributable to the Company's equity holders, until they are cancelled, sold or reissued.

When treasury shares are subsequently cancelled, the cost of treasury shares are deducted against the share capital account if the shares are purchased out of capital of the Company, or against the retained earnings of the Company if the shares are purchased out of earnings of the Company.

When treasury shares are subsequently sold or reissued pursuant to the employee share option scheme, the cost of treasury shares is reversed from the treasury share account and the realised gain or loss on sale or reissue, net of any directly attributable incremental transaction costs and related income tax, is recognised in the capital reserve of the Company.

Year ended 31 December 2014

2(d) Summary of significant accounting policies (Cont'd)

Dividends

Final dividends proposed by the directors are not accounted for in shareholders' equity as an appropriation of retained profits, until they have been approved by the shareholders in a general meeting. When these dividends have been approved by the shareholders and declared, they are recognised as a liability.

Interim dividends are simultaneously proposed and declared, because of the bye-laws of the Company grant the directors the authority to declare interim dividends. Consequently, interim dividends are recognised directly as a liability when they are proposed and declared.

Financial liabilities

The Group's financial liabilities include borrowings, trade and bill payables, and accrued liabilities and other payables.

Financial liabilities are recognised when the Group becomes a party to the contractual agreements of the instrument. All interest related charges are recognised as an expense in "finance cost" in profit or loss. Financial liabilities are derecognised if the Group's obligations specified in the contract expire or are discharged or cancelled.

Borrowings are recognised initially at the fair value of proceeds received less attributable transaction costs, if any. Borrowings are subsequently stated at amortised cost which is the initial fair value less any principal repayments. Any difference between the proceeds (net of transaction costs) and the redemption value is taken to the profit or loss over the period of the borrowings using the effective interest method. The interest expense is chargeable on the amortised cost over the period of the borrowings using the effective interest method.

Gains and losses are recognised in the profit and loss account when the liabilities are derecognised as well as through the amortisation process.

Borrowings which are due to be settled within twelve months after the reporting date are included in current borrowings in the statement of financial position even though the original terms was for a period longer than twelve months and an agreement to refinance, or to reschedule payments, on a long-term basis is completed after the reporting date. Borrowings to be settled within the Group's normal operating cycle are classified as current. Other borrowings due to be settled more than twelve months after the end of the reporting period are included in non-current borrowings in the statement of financial position.

Trade and bill payables, other payables and accruals are initially measured at fair value, net of transaction costs and subsequently measured at amortised cost, using the effective interest rate method.

Research costs

Research costs are expensed as incurred, except for development costs which relates to the design and testing of new or improved materials, products or processes which are recognised as an asset to the extent that it is expected that such assets will generate future economic benefits.

2(d) Summary of significant accounting policies (Cont'd)

Income tax

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

The PRC corporate income tax is provided at rates applicable to an enterprise in the PRC on income for financial reporting purpose, adjusted for income and expenses items which are not assessable or deductible for income tax purposes.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiaries, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Value added tax

The Group's sales of goods in the PRC are subjected to Value-added tax ("VAT") at the applicable tax rate of 17% for PRC domestic sales. Input VAT on purchases can be deducted from output VAT. The net amount of VAT recoverable from, or payable to, the tax authority is included as part of "other receivables" or "other payables" in the statement of financial position. The Group's export sales are not subject to VAT.

2(d) Summary of significant accounting policies (Cont'd)

Value added tax (Cont'd)

Revenues, expenses and assets are recognised net of the amount of VAT except:

- Where the VAT incurred on a purchase of assets or services is not recoverable from the tax authority, in which case the VAT is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of VAT included.

Borrowing cost

Borrowing costs are recognised in profit or loss using the effective interest rate method.

Employee benefits

Retirement benefits scheme

Pursuant to the relevant regulations of the PRC government, the Group participates in a local municipal government retirement benefits scheme (the "Scheme"), whereby the subsidiaries of the Company in the PRC are required to contribute a certain percentage of the basic salaries of its employees to the Scheme to fund their retirement benefits. The local municipal government undertakes to assume the retirement benefits obligations of all existing and future retired employees of the subsidiaries of the Company. The only obligation of the Group with respect to the Scheme is to pay the ongoing required contributions under the Scheme mentioned above. Contributions under the Scheme are charged to profit and loss as incurred.

There are no provisions under the Scheme whereby forfeited contributions may be used to reduce future contributions.

Employee leave entitlements

No provision has been made for employee leave entitlements as any unconsumed annual leave not utilised will be forfeited.

Key management personnel

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the entity. Directors (and certain general managers) are considered key management personnel.

Related parties

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered related if they are subject to common control. Related parties may be individuals or corporate entities.

Impairment of non-financial assets

The carrying amounts of the Company's and Group's non-financial assets subject to impairment are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated.

If it is not possible to estimate the recoverable amount of the individual asset, then the recoverable amount of the cash-generating unit to which the assets belong will be identified.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level. Goodwill is allocated to those cash-generating units that are expected to benefit from synergies of the related business combination and represent the lowest level within the Company at which management controls the related cash flows.

Individual assets or cash-generating units that include goodwill and other intangible assets with an indefinite useful life or those not yet available for use are tested for impairment at least annually. All other individual assets or cash-generating units are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the carrying amount exceeds the recoverable amount of the asset or cash generating unit. The recoverable amount is the higher of fair value, reflecting market conditions less costs of disposal and value-in-use, based on an internal discounted cash flow evaluation. Impairment losses recognised for cash-generating units, to which goodwill has been allocated, are credited initially to the carrying amount of goodwill. Any remaining impairment loss is charged pro rata to the other assets in the cash-generating unit. With the exception of goodwill, all assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist.

Any impairment loss is charged to profit or loss unless it reverses a previous revaluation in which case it is charged to equity.

Revenue recognition

Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer. Revenue excludes value added taxes and is arrived at after deduction of trade discounts. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

Interest income is recognised on a time-apportioned basis using the effective interest rate method.

Currency translation

Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The consolidated financial statements are presented in Renminbi ("RMB"), which is the Company's presentation currency and the functional currency of the Company and principal operating subsidiaries of the Group.

Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency translation differences from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the reporting date are recognised in the profit or loss, unless they arise from borrowings in foreign currencies, other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations. Those currency translation differences are recognised in the profit or loss as part of the gain or loss on disposal of the foreign operation.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the date of translation.

Group entities

The results and financial position of all the entities within the Group that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) Assets and liabilities are translated at the closing rate at the end of the reporting period;
- (ii) Income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the translation dates, in which case income and expenses are translated using the exchange rates at the dates of the transaction); and
- (iii) All resulting currency translation differences are recognised in the currency translation reserve in equity.

Operating leases

Leases of office and factory premises where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised in profit or loss on a straight-line basis over the period of the lease.

Contingent rents are recognised as an expense in profit or loss when incurred.

Operating segments

For management purposes, operating segments are organised based on their products which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers are directly accountable to the chief executive officer who regularly reviews the segment results in order to allocate resources to the segments and to assess segment performance.

3 Revenue and other income

Revenue represents the net invoiced value of goods sold, after allowance for returns and trade discounts.

9 Deferred tax assets and liabilities

Deferred tax liabilities are offset against deferred tax assets when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income taxes relate to the same fiscal authority. The amounts, determined after appropriate offsetting, are shown on the statement of financial position as follows:

| | 31 December 2014 | 31 December 2013 |
|--------------------------------------|---------------------|---------------------|
| The Group | RMB'000 | RMB'000 |

| Balance at end | (44,244) | (49,245) |
| Deferred tax liabilities | | |
| Balance at beginning and at end | 7,377 | 7,377 |

Deferred tax liabilities represent withholding tax payable on dividend to be declared by PRC subsidiaries.

According to the Corporate Income Tax Law and its Implementation Rules, withholding tax is imposed on dividends declared in respect of profit earned by PRC subsidiaries from 1 January 2008 onward. For the Group, the applicable rate for withholding tax is 10%. In estimating the withholding taxes on dividends expected to be distributed by the subsidiaries established in PRC in respect of earnings generated from 1 January 2008, the directors have made an assessment based on the factors which included the dividend policy and the level of capital and working capital required for the Group's operations in the foreseeable future. No deferred tax liabilities has been recognized for current year profit as the company does not intend to declare current year profit as dividend for a foreseeable future.

Deferred income tax assets are recognized for tax losses carried forward to the extent that the realization of the related tax benefits through taxable profit is probable. The tax losses carried forward of RMB 175,567,000 in 2014(2013-RMB 196,980,000) can be carried forward for a period of 5 years subject to approval by Tax authority.

30 Operating segments

For management purposes, the Group is organised into two reportable operating segments, which are footwear as well as apparels and accessories. There are no operating segments that have been aggregated to form the above reportable operating segments.

Management monitors the operating results of its operating segments for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain respects, as set out in the table below, is measured differently from operating profit or loss in the consolidated financial statements.

Group's financing and income taxes are managed on a group basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties, if any.

Insofar as to the analysis of major customers, the Group does not have a single customer whose revenue reports 10% of the Group's total revenue.

31 Financial risk management objectives and policies

The Group does not have written risk management policies and guidelines. However, the board of directors meets periodically to analyse and formulate measures to manage the Group's exposure to market risk, including principally changes in interest rates and currency exchange rates. Generally, the Group employs a conservative strategy regarding its risk management. As the Group's exposure to market risk is kept at a minimum level, the Group has not used any derivatives or other instruments for hedging purposes. The Group does not hold or issue derivative financial instruments for trading purposes.

As at 31 December 2014, the Group's financial instruments mainly consisted of cash and cash equivalents, trade and other receivables (excluding advances to suppliers and prepayments), trade and bill payables, accrued liabilities and other payables, and bank borrowings.

Year ended 31 December 2014

31 Financial risk management objectives and policies (Cont'd)

31.1 Foreign currency risk

Foreign currency risk is the risk that the value of a financial instrument that is denominated in a currency other than respective functional currencies of Group entities will fluctuate due to changes in foreign exchange rates.

The Group's businesses are principally conducted in Renminbi, except that interest income is mainly in Singapore dollar.

As at 31 December 2014, the non-Renminbi assets and liabilities of the Company and the Group are mainly bank deposits and non-trade payables in Singapore dollar. The Group has not entered into any forward exchange contract to hedge its exposure to foreign exchange risk.

Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity to a reasonably possible change in SGD exchange rates (against RMB), with all other variable held constant, of the Group's profit net of tax and equity.

31.2 Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of the Company's and the Group's financial instruments will fluctuate because of changes in market interest rates.

In respect of interest-bearing financial assets and financial liabilities, the following table indicates their effective interest rates at end of the reporting period and the periods in which they reprice or mature, whichever is earlier:

The Group

| Financial liabilities Bank borrowings | 20 | 6.62 | 108,900 | 108,900 | |

The Company and the Group are not exposed to any cash flows risk as they do not have any monetary financial instruments with variable interest rates.

Year ended 31 December 2014

31 Financial risk management objectives and policies (Cont'd)

31.3 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Group's exposure to credit risk arises primarily from bank deposits and trade receivables.

For bank deposits, a majority of the cash at banks is held with reputable financial institutions in the PRC.

For trade receivables, management has a credit control policy in place. Credit evaluations are performed on all customers requiring credit over a certain amount. Transactions are conducted with customers with appropriate credit histories. The credit risk and amount outstanding is monitored on an on-going basis. With this credit evaluation process, credit control policies and collection procedures in place, the credit risk is mitigated substantially.

The Group performs on-going credit evaluation of its customers' financial condition and requires no collateral from its customers. The allowance for doubtful debts is based upon a review of the expected collectibility of all trade and other receivables.

There is no concentration of credit risk.

Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are creditworthy debtors with good payment record with the Group. Cash and cash equivalents, investment securities that are neither past due nor impaired are placed with or entered into with reputable financial institutions or companies with high credit ratings and no history of default.

Financial assets that are past due but not impaired

The age analysis of trade receivables that are past due but not impaired is as follows. They are related to a number of independent customers for whom there is no recent history of default.

| | 31 December 2014 | 31 December 2013 |

32 Capital management

The Group's objectives when managing capital are:

- (a) To safeguard the Group's ability to continue as a going concern;
- (b) To support the Group's stability and growth;
- (c) To provide capital for the purpose of strengthening the Company's risk management capability; and
- (d) To provide an adequate return to shareholders.

The Group actively and regularly reviews and manages its capital structure to ensure optimal capital structure and shareholder returns, taking into consideration the future capital requirements of the Group and capital efficiency, prevailing and projected profitability, projected operating cash flows, projected capital expenditures and projected strategic investment opportunities.

The Group also monitors its capital based on the net debt-to-adjusted capital ratio. Net debt is calculated as borrowings plus trade and other payables less cash and bank balances. Adjusted capital comprises all components of equity less restricted statutory reserve.

The Group's net debt to equity ratio as at 31 December 2014 and 2013 are as follows:

| | 2014 | 2013 |
|------------------------------------|-----------|-----------|
| The Group | RMB'000 | RMB'000 |
| Total debt | 290,238 | 333,341 |
| Less: Cash and bank balances | (532,506) | (694,301) |
| Net cash | (242,268) | (360,960) |
| Total equity | 1,032,535 | 1,022,355 |
| Less: Statutory reserve | (87,938) | (87,938) |
| Adjusted capital | 944,597 | 934,417 |
| Net debt-to-adjusted capital ratio | N/A | N/A |

In order to maintain or adjust the capital structure the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce debt.

There were no changes in the Group's overall approach to capital management during the year. The Group currently does not adopt any formal dividend policy.

Year ended 31 December 2014

AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolution as an Ordinary Resolution, with or without any modifications:

- 6. Authority to issue shares (Resolution 6)
 - (a) That pursuant to Bye-law 12(3) of the Bye-laws of the Company and Rule 806 of the Listing Manual of the Singapore Exchange Securities Trading Limited, the directors of the Company be authorised and empowered to:
 - (i) issue shares in the Company ("shares") whether by way of rights, bonus or otherwise; and/or
 - (ii) make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into shares, at any time and upon such terms and conditions and for such purposes and to such persons as the directors of the Company may in their absolute discretion deem fit; and

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the directors of the Company while this Resolution was in force, provided that:
 - (i) the aggregate number of shares (including shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution) and Instruments to be issued pursuant to this Resolution shall not exceed 50% of the total number of issued shares (excluding treasury shares) in the capital of the Company (as calculated in accordance with sub-paragraph (ii) below), of which the aggregate number of shares and Instruments to be issued other than on a pro rata basis to existing shareholders of the Company shall not exceed 20% of the total number of issued shares (excluding treasury shares) in the capital of the Company shares) in the capital of the Company (as calculated in accordance with sub-paragraph (ii) below), of which the aggregate number of shares and Instruments to be issued other than on a pro rata basis to existing shareholders of the Company shall not exceed 20% of the total number of issued shares (excluding treasury shares) in the capital of the Company (as calculated in accordance with sub-paragraph (ii) below);
 - (ii) subject to such calculation as may be prescribed by the Singapore Exchange Securities Trading Limited, for the purpose of determining the aggregate number of shares and Instruments that may be issued under sub-paragraph (i) above, the percentage of issued shares and Instruments shall be based on the total number of issued shares (excluding treasury shares) in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
 - (1) new shares arising from the conversion or exercise of the Instruments or any convertible securities;
 - (2) new shares arising from exercising share options or vesting of share awards outstanding and subsisting at the time of the passing of this Resolution; and
 - (3) any subsequent bonus issue, consolidation or subdivision of shares;
- (c) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the Singapore Exchange Securities Trading Limited for the time being in force (unless such compliance has been waived by the Singapore Exchange Securities Trading Limited) and the Bye-laws of the Company; and
- (d) unless revoked or varied by the Company in a general meeting, such authority shall continue in force (i) until the conclusion of the next annual general meeting of the Company is required by law to be held, whichever is earlier; or (ii) in the case of shares to be issued in pursuance of the Instruments made or granted pursuant to this Resolution, until the issuance of such shares in accordance with the terms of the Instruments.

[See Explanatory Note (i)]

7. Any other business which may properly be transacted at an Annual General Meeting.

By Order of the Board

Nicole Tan Siew Ping Company Secretary

Singapore 15 April 2015

Explanatory Note:

(i) **Resolution 6**, if passed, will empower the directors of the Company, from the date of this meeting until the date of the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue shares, make or grant instruments convertible into shares and to issue shares pursuant to such instruments, up to a number not exceeding, in total, 50% of the total number of issued shares (excluding treasury shares) in the capital of the Company, of which up to 20% may be issued other than on a pro rata basis to existing shareholders of the Company.

For determining the aggregate number of shares that may be issued, the percentage of issued shares in the capital of the Company will be calculated based on the total number of issued shares (excluding treasury shares) in the capital of the Company at the time **Resolution 6** is passed after adjusting for new shares arising from the conversion or exercise of the Instruments or any convertible securities, the exercise of share options or the vesting of share awards outstanding or subsisting at the time when **Resolution 6** is passed and any subsequent bonus issue, consolidation or subdivision of shares.

Notes:
