To: The Shareholders of SHS Holdings Ltd.

Dear Sir/Madam

THE PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

1. INTRODUCTION

The Company proposes to seek the approval of its Shareholders at the AGM to be held on 27 April 2017 for the proposed renewal of the Share Buyback Mandate.

The Company refers to the Notice of AGM contained in the Annual Report for the financial year ended 31 December 2016 and Resolution 10 in relation to the proposed renewal of the Share Buyback Mandate under the heading "Special Business" set out in the Notice of AGM.

The purpose of this Appendix is to provide Shareholders with information relating to the Share Buyback Mandate.

This Appendix has been prepared solely for the purpose set out herein and may not be relied upon by any persons (other than the Shareholders) or for any other purpose.

The SGX-ST assumes no responsibility for the correctness of any of the statements made, opinions expressed or reports contained in this Appendix.

If any Shareholder is in doubt as to the action he should take, he should consult his stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.

2. THE PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

2.1 Background

The Share Buyback Mandate was first approved by Shareholders at an extraordinary general meeting of the Company held on 26 April 2012. The Share Buyback Mandate was last renewed by Shareholders at the annual general meeting of the Company held on 28 April 2016 and will expire on 27 April 2017, being the date of the forthcoming AGM.

Shareholders' approval is thus being sought at the AGM for the renewal of the general and unconditional Share Buyback Mandate for the purchase or acquisition by the Company of its issued Shares. If approved, the Share Buyback Mandate will take effect from the date of the AGM at which the renewal of the Share Buyback Mandate is approved by the Shareholders and continue in force until the date of the next annual general meeting of the Company or such date as the next annual general meeting is required by law to be held, whichever is earlier, unless prior thereto, Share Buybacks are carried out to the full extent mandated or the Share Buyback Mandate is revoked or varied by the Company in general meeting.

Any purchase or acquisition of Shares by the Company will have to be made in accordance with, and in the manner prescribed by, the Companies Act, the Constitution of the Company, the rules of the Listing Manual, and such other laws and regulations as may for the time being be applicable.

2.2 Rationale

The Share Buyback Mandate will give the Company the flexibility to undertake purchases or acquisitions of its issued Shares up to the 10% limit described in paragraph 2.3.1 below, at any time, subject to market conditions, during the period that the Share Buyback Mandate is in force.

Share Buyback is one of the methods by which return on equity may be enhanced. Share Buybacks also provide the Company with a mechanism to return surplus cash (if any) which is in excess of the Group's financial needs and/or ordinary capital requirements in an expedient and cost-effective manner. The Directors believe that Share Buybacks may help to mitigate short-term market volatility, off-set the effects of short-term speculation and bolster Shareholders' confidence and employees' morale. Share Buybacks will also allow the Directors greater flexibility over the Company's share capital structure with a view to enhancing the EPS and/or NTA per Share.

Whilst the Share Buyback Mandate would authorise Share Buybacks up to the said 10% limit during the duration referred to in paragraph 2.3.2 below, Shareholders should note that purchases or acquisitions of Shares pursuant to the Share Buyback Mandate may not be carried out to the full 10% limit as authorised and the purchases or acquisitions of Shares pursuant to the Share Buyback Mandate would be made only as and when the Directors consider it to be in the best interest of the Company and/or Shareholders and in circumstances which they believe will not result in any material adverse effect to the financial position of the Company or the Group, or result in the Company being delisted from the SGX-ST. The Directors will use their best efforts to ensure that after a Share Buyback pursuant to the Share Buyback Mandate, the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or adversely affect the orderly trading and listing status of the Shares on the SGX-ST.

2.3 Authority and Limits on the Share Buyback Mandate

The authority and limits of the Share Buyback Mandate, if renewed at the AGM, are the same as were first approved by Shareholders at the extraordinary general meeting of the Company held on 26 April 2012. The authority and limitations placed on purchases or acquisitions of Shares by the Company under the Share Buyback Mandate are summarised below:

2.3.1 Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company. The total number of Shares that may be purchased or acquired by the Company is limited to that number of Shares representing not more than 10% of the total number of issued Shares of the Company (ascertained as at the date of the AGM at which the renewal of the Share Buyback Mandate is approved), unless the Company has effected a reduction of its issued share capital in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period, in which event the total number of issued Shares of the Company shall be taken to be the total number of issued Shares of the Company as altered (excluding subsidiary holdings and treasury shares that may be held by the Company from time to time). For purposes of calculating the percentage of issued Shares above, subsidiary holdings and Shares which are held as treasury shares will be disregarded.

For illustrative purposes only, on the basis of 685,127,261 issued Shares (excluding 25,490,900 treasury shares held by the Company and there being no subsidiary holdings) as at the Latest Practicable Date, and assuming that between the Latest Practicable Date and the date of the AGM (i) no new Shares are issued and (ii) no Shares are repurchased by the Company and cancelled or held as treasury shares, not more than 68,512,726 Shares (representing 10% of the issued Shares of the Company as at that date excluding treasury shares and subsidiary holdings) may be purchased or acquired by the Company pursuant to the Share Buyback Mandate.

2.3.2 Duration of Authority

Purchases or acquisitions of Shares may be made, at any time and from time to time, by the Company on and from the date of the AGM at which the renewal of the Share Buyback Mandate is approved, up to the earliest of:

- (a) the date on which the next annual general meeting of the Company is held or required by law to be held;
- (b) the date on which the Share Buybacks are carried out to the full extent mandated; and
- (c) the date on which the authority conferred by the Share Buyback Mandate is revoked or varied by the Company in general meeting.

2.3.3 Manner of Purchase

Purchases or acquisitions of Shares by the Company may be effected by way of:

- (a) on-market purchases transacted on the SGX-ST through the SGX-ST's trading system, through one or more duly licensed stockbrokers appointed by the Company for the purpose ("**Market Purchases**"); and/or

- (b) off-market purchases (if effected otherwise than on the SGX-ST) in accordance with an “equal access scheme” as defined in Section 76C of the Companies Act (“**Off-Market Purchases**”).

In an Off-Market Purchase, the Directors may impose such terms and conditions which are consistent with the Share Buyback Mandate, the Listing Manual, the Companies Act, the Constitution of the Company and other applicable laws and regulations, as they consider fit in the interests of the Company in connection with or in relation to any equal access scheme or schemes.

Under the Companies Act, an equal access scheme must satisfy all of the following conditions:

- (i) offers for the purchase or acquisition of shares shall be made to every person who holds shares to purchase or acquire the same percentage of their shares;
- (ii) all of those persons shall be given a reasonable opportunity to accept the offers made; and
- (iii) the terms of all the offers shall be the same, except that there shall be disregarded, where applicable:
 - (aa) differences in consideration attributable to the fact that the offers relate to shares with different accrued dividend entitlements;
 - (bb) differences in consideration attributable to the fact that the offers relate to shares with different amounts remaining unpaid; and
 - (cc) differences in the offers introduced solely to ensure that each person is left with a whole number of shares.

Pursuant to the Listing Manual, if the Company wishes to make an Off-Market Purchase in accordance with an equal access scheme, it must issue an offer document to all Shareholders containing at least the following information:

- (i) the terms and conditions of the offer;
- (ii) the period and procedures for acceptances;
- (iii) the reasons for the proposed purchase or acquisition of Shares;
- (iv) the consequences, if any, of the purchase or acquisition of Shares by the Company that will arise under the Take-over Code or other applicable take-over rules;
- (v) whether the purchase or acquisition of Shares, if made, would have any effect on the listing of the Shares on the SGX-ST;
- (vi) details of any purchases or acquisitions of Shares made by the Company in the previous twelve (12) months (whether by way of Market Purchases or Off-Market Purchases), giving the total number of Shares purchased, the purchase price per Share or the highest and lowest prices paid for the purchases or acquisitions of Shares, where relevant, and the total consideration paid for the purchases or acquisitions of Shares; and

- (vii) whether the Shares purchased or acquired by the Company would be cancelled or kept as treasury shares.

2.3.4 *Maximum Purchase Price*

The purchase price (excluding brokerage, commission, applicable goods and services tax and other related expenses) to be paid for the Shares purchased or acquired pursuant to the Share Buyback Mandate will be determined by the Directors. However, the purchase price to be paid for the Shares pursuant to any Share Buyback must not exceed:

- (i) in the case of a Market Purchase, 105% of the Average Closing Price (as defined hereinafter); and
- (ii) in the case of an Off-Market Purchase pursuant to an equal access scheme, 115% of the Average Closing Price,

(the “**Maximum Price**”) in either case, excluding related expenses of the Share Buyback.

For the above purposes of determining the Maximum Price:

“**Average Closing Price**” means the average of the closing market prices of the Shares over the last five (5) Market Days on which transactions in the Shares were recorded on the SGX-ST immediately preceding the date of the Market Purchase by the Company or, as the case may be, the date of the making of the offer (as defined below) pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs after the relevant five-day period.

“**date of the making of the offer**” means the date on which the Company announces its intention to make an offer for an Off-Market Purchase, stating therein the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

2.4 **Status of purchased or acquired Shares**

Any Share purchased or acquired by the Company is deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to that Share will expire on such cancellation) unless such Share is held by the Company as treasury share. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or acquired by the Company and which are not held as treasury shares. The Company may decide to cancel Shares which have been purchased or acquired by the Company or hold such Shares as treasury shares, depending on whether it is in the interests of the Company to do so.

All Shares purchased or acquired by the Company (other than treasury shares held by the Company to the extent permitted under the Companies Act) will be automatically delisted by the SGX-ST, and (where applicable) all share certificates in respect thereof will be cancelled and destroyed by the Company as soon as reasonably practicable following settlement of any such purchase or acquisition of Shares.

2.5 Treasury Shares

Under the Companies Act, Shares purchased or acquired by the Company may be held or dealt with as treasury shares. Some of the provisions on treasury shares under the Companies Act are summarised below:

2.5.1 *Maximum Holdings*

- (a) The Company, if having only one class of shares, shall not hold treasury shares exceeding 10% of the total number of issued shares of the Company at any time; or
- (b) The Company, if having more than one class of shares, shall not hold treasury shares of that class exceeding 10% of the total number of issued shares in that class at any time.

In the event that the number of treasury shares held by the Company is more than 10% of the total number of issued shares in any class of its shares, the Company shall dispose of or cancel the excess treasury shares within six (6) months beginning with the day on which that contravention occurs, or such further period as ACRA may allow.

2.5.2 *Voting and Other Rights*

The Company cannot exercise any rights in respect of treasury shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote and the treasury shares shall be treated as having no voting rights.

In addition, no dividend may be paid and no other distribution (whether in cash or otherwise) of the Company's assets (including any distribution of assets to members on a winding up) may be made to the Company in respect of treasury shares. However, the allotment of shares as fully paid bonus shares in respect of treasury shares is allowed. The treasury shares may be sub-divided or consolidated, so long as the total value of the treasury shares after such sub-division or consolidation is the same as the total value of the treasury shares before the sub-division or consolidation, as the case may be.

2.5.3 *Disposal and Cancellation*

Where Shares are held as treasury shares, the Company may at any time:

- (a) sell the treasury shares (or any of them) for cash;
- (b) transfer the treasury shares (or any of them) for the purposes of or pursuant to any share scheme, whether for its employees, directors or other persons;
- (c) transfer the treasury shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (d) cancel the treasury shares (or any of them); or
- (e) sell, transfer or otherwise use the treasury shares for such other purposes as may be prescribed by the Minister of Finance.

Under the Listing Manual, an immediate announcement must be made by the Company of any sale, transfer, cancellation and/or use of treasury shares (in each case, the “usage”). Such announcement must include details such as the date of the usage, the purpose of the usage, the number of treasury shares comprised in the usage, the number of treasury shares before and after the usage and the percentage of the number of treasury shares comprised in the usage against the total number of issued shares (of the same class as the treasury shares) which are listed on the SGX-ST before and after the usage and the value of the treasury shares comprised in the usage.

2.6 Reporting Requirements

Within thirty (30) days of the passing of the Shareholders’ resolution to approve the proposed renewal of the Share Buyback Mandate, the Company shall lodge a copy of such resolution with ACRA.

The Company shall notify ACRA within thirty (30) days of a purchase or acquisition of Shares on the SGX-ST or otherwise. The notification shall include details such as the date of the purchase or acquisition of Shares, the total number of Shares purchased or acquired by the Company, the number of Shares cancelled, the number of Shares held as treasury shares, the Company’s issued share capital before and after the purchase or acquisition of Shares, the amount of consideration paid by the Company for the purchase or acquisition of Shares, whether the Shares were purchased or acquired out of profits or capital of the Company and such other particulars as may be required in the prescribed form.

Within thirty (30) days of the cancellation or disposal of treasury shares in accordance with the provisions of the Companies Act, the Company shall lodge with ACRA, in the prescribed form, the notice of cancellation or disposal of treasury shares.

The Listing Manual specifies that a listed company shall notify the SGX-ST of all purchases or acquisitions of its shares not later than 9.00 a.m.:

- (a) in the case of a market purchase, on the Market Day following the day on which the market purchase was made; and
- (b) in the case of an off-market purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer for the off-market purchase.

The notification of such purchases or acquisitions of Shares to the SGX-ST shall be in such form and shall include such details that the SGX-ST may prescribe. The Company shall make arrangements with its stockbrokers to ensure that they provide the necessary information to the Company in a timely fashion which will enable the Company to make the notification to the SGX-ST.

2.7 Source of Funds

The Company may only apply funds for the purchase or acquisition of Shares in accordance with the applicable laws in Singapore. The Company may not purchase or acquire its Shares for a consideration other than in cash or, in the case of a Market Purchase, for settlement otherwise than in accordance with the trading rules of the SGX-ST.

Pursuant to the Companies Act, any payment made by the Company in consideration of the purchase or acquisition of Shares by the Company may be made out of the Company’s capital or profits, so long as the Company is solvent. It is an offence for a Director or an

officer of the Company to approve or authorise the purchase or acquisition of Shares, knowing that the Company is not solvent. For this purpose, pursuant to the Companies Act, a company is solvent if at the date of the payment of the purchase or acquisition of its shares, the following conditions are satisfied:

- (a) there is no ground on which the company could be found to be unable to pay its debts;
- (b) if:
 - (i) it is intended to commence winding up of the company within the period of twelve (12) months immediately after the date of the payment, the company will be able to pay its debts in full within the period of twelve (12) months after the date of commencement of the winding up; or
 - (ii) it is not intended so to commence winding up, the company will be able to pay its debts as they fall due during the period of twelve (12) months immediately after the date of the payment; and
- (c) the value of the company's assets is not less than the value of its liabilities (including contingent liabilities) and will not, after the proposed purchase or acquisition of shares, become less than the value of its liabilities (including contingent liabilities).

The Company may use internal sources of funds and/or external borrowings to finance purchases or acquisitions of its Shares pursuant to the Share Buyback Mandate. The amount of funding required for the Company to purchase or acquire its Shares and the financial impact on the Company and the Group arising from such purchases or acquisitions of Shares pursuant to the Share Buyback Mandate will depend on, *inter alia*, the aggregate number of Shares purchased or acquired, the consideration paid at the relevant time, and the amount (if any) borrowed by the Company to fund the purchases or acquisitions of Shares. However in considering the option of external financing, the Board will consider particularly the prevailing gearing level of the Group. The Board will only make purchases or acquisitions of Shares pursuant to the Share Buyback Mandate in circumstances which they believe will not result in any material adverse effect to the financial position of the Company or the Group.

The Company intends to use internal sources of funds to finance its purchases or acquisitions of Shares pursuant to the Share Buyback Mandate.

Where the Company chooses to cancel immediately any of the Shares it repurchased (as opposed to being held as treasury shares to the extent permitted under the Companies Act), the Company shall:

- (a) reduce the amount of its share capital where the Shares were purchased or acquired out of the capital of the Company;
- (b) reduce the amount of its profits where the Shares were purchased or acquired out of the profits of the Company; or
- (c) reduce the amount of its share capital and profits proportionately where the Shares are purchased or acquired out of both the capital and the profits of the Company,

by the total amount of the purchase price (including expenses such as brokerage or commission incurred directly by the Company in its purchase or acquisition of Shares) paid by the Company for the Shares cancelled.

2.8 Financial Effects

It is not possible for the Company to realistically calculate or quantify the impact of purchases or acquisitions of Shares that may be made pursuant to the Share Buyback Mandate on the EPS and NTA per Share as the resultant effect would depend on, *inter alia*, the aggregate number of Shares purchased or acquired, whether the purchase or acquisition of Shares is made out of capital or profits, the purchase price paid for such Shares, the amount (if any) borrowed by the Company to fund the purchases or acquisitions of Shares and whether the Shares purchased or acquired are cancelled or held as treasury shares.

Under the Companies Act, purchases or acquisitions of Shares by the Company may be made out of the Company's capital or profits so long as the Company is solvent.

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration (including expenses such as brokerage or commission incurred directly by the Company in its purchase or acquisition of Shares) will correspondingly reduce the amount available for the distribution of cash dividends by the Company. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of capital, the amount available for distribution of cash dividends by the Company will not be reduced.

The Directors do not propose to exercise the Share Buyback Mandate to such an extent that it would have a material adverse effect on the working capital requirements of the Group or on the financial position of the Company or the Group. The purchase or acquisition of Shares will only be effected after considering relevant factors such as the working capital requirements, the availability of financial resources, the expansion and investment plans of the Group and the prevailing market conditions. The Share Buyback Mandate will be exercised with a view to enhance the EPS and/or NTA per Share of the Group.

For illustrative purposes only, the financial effects of the Share Buyback Mandate on the Group, based on the audited consolidated financial statements of the Company for the financial year ended 31 December 2016, are based on the assumptions as set out in the table below:

As such, the Company is able to purchase or acquire a further 45,570,916 Shares and hold them as treasury shares (after taking into account 25,490,900 treasury shares currently held by the Company and assuming that the Company continues to hold the said number of Shares as treasury shares and there being no subsidiary holdings).

Shareholders should note that the financial effects set out above are based on certain assumptions and purely for illustrative purposes only. In particular, it is important to note that the above analysis is based on the audited consolidated financial statements of the Company for the financial year ended 31 December 2016 and is not necessarily representative of the future financial performance of the Company or the Group.

The Company will take into account both financial and non-financial factors (for example, stock market conditions and performance of the Shares) in assessing the relative impact of the Share Buyback before execution. Although the Share Buyback Mandate would authorise the Company to purchase or acquire up to 10% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) ascertained as at the date of the AGM, the Company may not necessarily purchase or acquire or be able to purchase or acquire up to the maximum number of Shares as permitted under the Share Buyback Mandate. In addition, the Company may cancel all or part of the Shares repurchased or hold all or part of the Shares repurchased as treasury shares subject to the limit as permitted by the Companies Act.

2.9 Taxation

Shareholders who are in doubt as to their respective tax positions or any tax implications, or who may be subject to tax in a jurisdiction outside Singapore, should consult their own professional advisers.

2.10 Take-over implications arising from Share Buybacks

Appendix 2 of the Take-over Code contains the Share Buy-Back Guidance Note. The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out below.

2.10.1 Obligation to make a Take-over Offer

If, as a result of any purchase or acquisition by the Company of its Shares, the proportionate interest in the voting capital of the Company of a Shareholder and persons acting in concert with him increases, such increase will be treated as an acquisition for the purposes of Rule 14 of the Take-over Code. Consequently, a Shareholder or a group of Shareholders acting in concert with a Director could obtain or consolidate effective control of the Company and become obliged to make an offer under Rule 14 of the Take-over Code.

2.10.2 Persons acting in concert

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of shares in a company to obtain or consolidate effective control of that company.

Unless the contrary is established, the Take-over Code presumes, *inter alia*, the following individuals and companies to be persons acting in concert with each other:

- (a) a company with its parent company, its subsidiaries, its fellow subsidiaries, any associated companies of the foregoing companies, any company whose associated companies include any of the foregoing companies, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing companies for the purchase of voting rights;
- (b) a company with any of its directors, together with their close relatives, related trusts and any companies controlled by any of the directors, their close relatives and related trusts;
- (c) a company with any of its pension funds and employee share schemes;
- (d) a person with any investment company, unit trust or other fund whose investment such person manages on a discretionary basis, but only in respect of the investment account which such person manages;
- (e) a financial or other professional adviser, including a stockbroker, with its client in respect of the shareholdings of the adviser and persons controlling, controlled by or under the same control as the adviser and all the funds which the adviser manages on a discretionary basis, where the shareholdings of the adviser and any of those funds in the client total 10% or more of the client's equity share capital;

- (f) directors of a company, together with their close relatives, related trusts and companies controlled by any of them, which is subject to an offer or where the directors have reason to believe a bona fide offer for their company may be imminent;
- (g) partners; and
- (h) an individual, his close relatives, his related trusts, any person who is accustomed to act according to his instructions, companies controlled by any of the foregoing persons, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing persons and/or entities for the purchase of voting rights.

For this purpose, ownership or control of at least 20% but not more than 50% of the voting rights of a company will be regarded as the test of associated company status.

The circumstances under which Shareholders, including Directors and persons acting in concert with them respectively, will incur an obligation to make a take-over offer under Rule 14 of the Take-over Code after a purchase or acquisition of Shares by the Company are set out in Appendix 2 of the Take-over Code.

2.10.3 Effect of Rule 14 and Appendix 2

In general terms, the effect of Rule 14 and Appendix 2 of the Take-over Code is that, unless exempted, Directors and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring Shares, the voting rights of such Directors and persons acting in concert with them would increase to 30% or more, or in the event that such Directors and persons acting in concert with them hold between 30% and 50% of the Company's voting rights, if the voting rights of such Directors and persons acting in concert with them would increase by more than 1% in any period of six (6) months. In calculating the percentages of voting rights of such Directors and persons acting in concert with them, treasury shares shall be excluded.

Under Appendix 2 of the Take-over Code, a Shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder would increase to 30% or more, or, if such Shareholder holds between 30% and 50% of the Company's voting rights, the voting rights of such Shareholder would increase by more than 1% in any period of six (6) months. Such Shareholder need not abstain from voting in respect of the resolution authorising the Share Buyback Mandate.

2.10.4 Application of the Take-over Code

Based on the Register of Substantial Shareholders of the Company, Mr Teng Choon Kiat, a substantial shareholder of the Company, holds an aggregate of 194,938,100 Shares, representing approximately 28.45% of the issued share capital of the Company of 685,127,261 Shares (excluding 25,490,900 treasury shares) as at the Latest Practicable Date.

Assuming that the Company purchases or acquires a maximum of 68,512,726 Shares pursuant to the Share Buyback Mandate and assuming that the voting rights of Mr Teng Choon Kiat as at the Latest Practicable Date of 28.45% remains unchanged, his voting rights in the Company will increase from 28.45% to 31.61% solely as a result of Share Buybacks by the Company up to the full 10% limit pursuant to the Share Buyback Mandate.

The Directors confirm that none of them is acting in concert, or would be deemed to be acting in concert, with Mr Teng Choon Kiat under the Take-over Code.

Accordingly, Mr Teng Choon Kiat, being a Shareholder not acting in concert with any of the Directors, will not become obligated to make a take-over offer under Rule 14 should his voting rights in the Company increase to 30% or more by reason only of Share Buybacks under the Share Buyback Mandate even if the Company purchases or acquires the maximum number of its issued Shares as permitted under the Share Buyback Mandate. Mr Teng Choon Kiat is also not required to abstain from voting in respect of the resolution authorising the Share Buyback Mandate.

Accordingly, as at the Latest Practicable Date, none of the Directors or substantial shareholders of the Company will become obliged to make a mandatory take-over offer for the Company by reason only of Share Buybacks under the Share Buyback Mandate even if the Company purchases or acquires the maximum number of its issued Shares as permitted under the Share Buyback Mandate. Further details of the interests of the Directors and substantial shareholders of the Company in the Shares as at the Latest Practicable Date are set out in paragraph 3.1 of this Appendix.

The Directors are not aware of any other Shareholder who may become obligated to make a mandatory take-over offer in the event that the Company purchases or acquires the maximum number of Shares as permitted under the Share Buyback Mandate.

Shareholders who are in doubt as to their obligations, if any, to make a mandatory take-over offer under the Take-over Code as a result of any purchase or acquisition of Shares by the Company should consult the Securities Industry Council and/or their professional advisers at the earliest opportunity.

2.11 Listing Manual

While the Listing Manual does not expressly prohibit any purchase or acquisition of shares by a listed company during any particular time or times, because the listed company would be considered to be an “insider” in relation to any proposed purchase or acquisition of its issued shares, the Company will not undertake any purchase or acquisition of Shares pursuant to the Share Buyback Mandate after a price-sensitive development has occurred or has been the subject of a consideration and/or a decision of the Board until such time as the price-sensitive information has been publicly announced. In particular, in line with the Company’s internal guide on securities dealings, the Company will not purchase or acquire any Shares through Market Purchases during the period of:

- (a) two (2) weeks immediately preceding the announcement of the Company’s results for each of the first three quarters of the financial year; and
- (b) one (1) month immediately preceding the announcement of the Company’s full year results.

The Company is required under Rule 723 of the Listing Manual to ensure that at least 10% of its issued Shares (excluding treasury shares, preference shares and convertible equity securities) are in the hands of the public. The term “public”, as defined under the Listing Manual, are persons other than the directors, chief executive officer, substantial shareholders or controlling shareholders of the listed company or its subsidiary companies, as well as the associates of such persons.

As at the Latest Practicable Date, 329,248,533 Shares, representing approximately 48.06% of the total number of issued Shares (excluding treasury shares), are in the hands of the public. Assuming that the Company purchases or acquires its issued Shares through Market Purchases up to the full 10% limit pursuant to the Share Buyback Mandate from the public, the number of Shares in the hands of the public would be reduced to 260,735,807 Shares, representing approximately 42.29% of the reduced issued share capital of the Company. Accordingly, the Company is of the view that there is a sufficient number of issued Shares held in the hands of the public which would permit the Company to undertake purchases or acquisitions of its issued Shares up to the full 10% limit pursuant to the Share Buyback Mandate without affecting the listing status of the Shares on the SGX-ST, and that the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity.

In undertaking any purchases or acquisitions of Shares pursuant to the Share Buyback Mandate, the Directors will use their best efforts to ensure that, notwithstanding such purchases or acquisitions of Shares, a sufficient float in the hands of the public will be maintained so that the purchases or acquisitions of Shares will not adversely affect the listing status of the Shares on the SGX-ST, cause market illiquidity or adversely affect the orderly trading of the Shares.

2.12 Shares purchased in the previous twelve (12) months

As at the Latest Practicable Date, an aggregate of 25,490,900 Shares are being held by the Company as treasury shares of which:

- (a) 12,790,000 Shares were purchased or acquired by the Company during the period from 28 June 2012 to 26 December 2012;
- (b) 4,310,000 Shares were purchased or acquired by the Company during the period from 17 October 2008 to 24 October 2008; and
- (c) the balance 8,390,900 Shares were purchased or acquired by the Company during the twelve (12) months immediately preceding the Latest Practicable Date.
