1 (a)(i) **Notes to income statement**

**Loss is stated after charging / (crediting) :**

|   |       |      |      |
|---|-------|------|------|
| Allowance / (write-back) for doubtful debts | 163   | (12) | N/M  |
| Bad debts written off / (write-back)        | 6     | (19) | N/M  |
| Foreign exchange (gain) / loss, net         | (163) | 44   | N/M  |
| Operating lease expenses                    | 394   | 507  | -22% |

- (a)(ii) Staff costs decreased by \$630,000 (31%) to \$1,405,000 mainly due to headcount reduction for Singapore entities, as compared to prior period.
- (a)(iii) Depreciation of property, plant and equipment decreased by \$29,000 (51%) to \$28,000 mainly due to disposal and provision for impairment of fixed assets in second half of FY2018.
- (a)(iv) Other operating expenses decreased by \$425,000 (23%) to \$1,460,000 as compared with prior period. The decrease was mainly attributed to lower cost of sales (accreditation and assessment cost) and operating lease expenses (explained in 1(a)(vii)).
- (a)(v) Allowance for doubtful debts was \$163,000 as compared to a write back of \$12,000 in prior period. The increase was mainly attributed to higher aged receivables for the United Kingdom operations.
- (a)(vi) Foreign exchange gain of \$163,000 was due to favorable foreign exchange rate movement for overseas subsidiaries' operation, as compared to a loss in the prior period.
- (a)(vii) Operating lease expenses decreased by \$113,000 (22%) to \$394,000 as compared to prior period. This was mainly due to the consolidation of the corporate office in Singapore during the prior period.

The Group has applied the same accounting policies and methods of computation in the financial statements for the current reporting period as compared with the audited financial statements as at 31 March 2018, except for the adoption of the new and revised Singapore Financial Reporting Standard (International) (SFRS(I)) which are effective for the financial period beginning 1 April 2018.

- 5 If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change.

The Group has applied the same accounting policies and methods of computation in the presentation of the financial information for the current period as compared with the audited financial statements as at 31 March 2018 except for the adoption of Singapore Financial Reporting Standards (International) (SFRS(I)s).

As required by the listing requirements of the Singapore Exchange, the Group has adopted SFRS(I) framework and the new/revised SFRS(I) applicable for the financial period beginning 1 April 2018 as follows:

- SFRS(I) 1 First-time Adoption of Singapore Financial Reporting Standards (International)
- SFRS(I) 9 Financial Instruments
- SFRS(I) 15 Revenue from Contracts with Customers

- a) SFRS(I) 1 First-time Adoption of Singapore Financial Reporting Standards (International)

The Group has elected for the optional exemption to set the cumulative translation differences for all foreign operations to be zero at the date of transition at 1 April 2017.

Please refer to the Statement of Changes in Equity for the Group on page 6 for further details on the quantum of the respective adjustments made in relation to SFRS(I) 1.

- b) SFRS(I) 9 Financial Instruments

SFRS(I) 9 required the Group to record expected credit losses on all of its debt securities, loans, trade receivables and financial guarantees, either on a 12-month or lifetime basis.

The Group has elected to apply the simplified approach and record lifetime expected losses on all trade receivables and is assessed to have no material impact to the results and financial position of the Group and of the Company for the year ended 31 March 2018.

- c) SFRS(I) 15 Revenue from Contracts with Customers

SFRS(I) 15 establishes a five-step model to account for revenue arising from contracts with customers, and introduces new contract cost guidance. Under SFRS(I) 15, revenue is recognised at an amount that reflects the consideration which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The Group has elected to apply the changes in accounting policies retrospectively to each reporting year presented, using the full retrospective approach.

Please refer to pages 5 and 6 for further details on the quantum of the respective adjustments made in relation to SFRS(I) 15.

If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change. (Continued)
