PROFIT GUIDANCE FOR HALF YEAR UNAUDITED FINANCIAL RESULTS FOR FINANCIAL PERIOD ENDED 30 JUNE 2026

The Board of Directors (the "**Board**") of Anchun International Holdings Ltd. (the "**Company**") and together with its subsidiary, Hunan Anchun Advanced Technology Co., Ltd. (collectively known as "**Group**") wishes to provide an update and profit guidance for the Group's unaudited consolidated results for the half year unaudited financial results for financial period ended 30 June 2026 ("**1H 2026**").

Based on a preliminary review of the Group's unaudited management accounts, the Group expects to record a loss for 1H 2026, mainly attributable to lower revenue from the Catalyst, Chemical Systems and Components (CSC), and Engineering Services business segments. The decline in revenue was primarily driven by external factors, including global political instability and market uncertainty, which prompted customers to exercise greater caution in committing to new contracts and orders, thereby affecting revenue generation across all business segments.

The Group is in the process of finalising its undated consolidated financial results for 1H 2026. The aforementioned is only a preliminary assessment based on information currently available. Further details of the Group's unaudited consolidated financial statements for 1H 2026 will be disclosed when the Company announces its unaudited consolidated financial statements for 1H 2026 on or around 14 August 2026.

Shareholders and investors are advised to exercise option when dealing in the shares of the Company. In the event if any doubt, they should consult their stockbrokers, bankers, solicitor, accountants, or other professional advisors.
