

Appendix 7.4.1
Announcement of Appointment

As a registered Insolvency Practitioner, I have been appointed as Receiver & Manager, Judicial Manager and Liquidator in numerous administrations. Some of the insolvent companies managed by me involved extensive investigations that resulted in findings of breaches of law. In some cases, I have lodged police reports and in some cases legal suits were commenced in my name as the appointed administrator for and on behalf of the insolvent companies concerned.

In addition, as a Public Accountant, I have accepted engagements as forensic investigator and/or as expert witness in accounting and financial matters of clients or on behalf of clients against other companies.
