

UPDATE PURSUANT TO RULE 704(22) OF THE CATALIST RULES

*Unless otherwise defined herein, capitalised terms have the same meanings as defined in the Company's announcements dated, inter alia, 28 June 2017, 25 July 2017, 8 August 2017, 12 August 2017, 15 August 2017, 30 August 2017, 6 October 2017, 9 October 2017, 7 November 2017, 13 November 2017, 15 December 2017, 29 December 2017, 22 January 2018, 29 January 2018, 31 January 2018, 9 February 2018, 12 February 2018, 13 February 2018 and 23 February 2018 (collectively, the "**Previous Announcements**").*

The board of directors (the "**Board**" or "**Directors**") of Resources Prima Group Limited (the "**Company**", and together with its subsidiaries, the "**Group**"), refers to the Previous Announcements and wishes to provide the following update pursuant to Catalist Rule 704(22).

(A) PT Rinjani Kartanegara ("Rinjani") – Bankruptcy proceedings

As set out in the announcement dated 22 January 2018 in relation to the update pursuant to Rule 704(22) of the Catalist Rules ("**January 2018 monthly update**"), the bankruptcy process is in its early stage. The Group continues to monitor the bankruptcy process and will update the shareholders should the Group be aware of any significant development in respect of the bankruptcy proceedings of Rinjani.

(B) State of negotiations between the Company and its principal bankers or trustee

The Company currently has no credit lines or facilities with its bankers or trustee.

(C) Litigation

The Company refers to its announcement dated 9 February 2018 and advises that the Group's subsidiary, PT Pilar Mas Utama Perkasa ("**Pilar Mas**"), received a notice dated 24 January 2018 from the State Court of West Jakarta, Indonesia (the "**Notice**") in relation to a statement of claim filed by a former shareholder of PT Rinjani Kartanegara ("**Rinjani**"), being Ruznie Oms., S.H. M.Hum ("**Ruznie**"). The statement of claim is filed against, Pilar Mas, Agus Sugiono, the Group's Executive Chairman and Chief Executive Officer ("**Defendant II**"), Rinjani ("**Defendant III**"), Nordiansyah Nasrie, the Group's Chief Operating Officer ("**Defendant IV**") and other third parties (collectively, the "**Defendants**").

The statement of claim against the Defendants, claims, *inter alia*, losses arising from events and transactions pertaining to the sale and purchase of Rinjani's shares from its original shareholders prior to the reverse takeover back in 2014, one of which being Ruznie. The amount being claimed of Rp665 billion (approximately US\$50 million), represents, amongst others, Ruznie's loss of rights from the sale of Rinjani's shares and loss of opportunity to profit from the sale of Rinjani coal.

(Company Registration No. 198602949M)

The Company in conjunction with Pilar Mas, the Defendants II and IV is seeking additional professional advice on the merits of the claim and will make further announcements on the matter as necessary.

Other than as set out above, the Company has not been or is a party in any legal proceedings.

As previously announced, with effect from 9 October 2017, all litigation matters and decisions with respect to the legal proceedings against Rinjani will be handled by the curators appointed by the Commercial Court Jakarta.

(D) Group's future direction and other material developments that may have a significant impact on the Group's financial situationOngoing Operations:

As previously announced, EIR recommenced coal hauling operations in October 2017, prior to the contracted start date of 1 November 2017, under a coal hauling service agreement with PT Coalindo Adhi Nusantara ("**CAN**"). Commencement of coal hauling operations prior to the contracted start date was at the request of CAN.

For the month of January 2018, EIR's coal hauling activities under the coal hauling service agreement with CAN continued to be adversely affected by the ongoing heavy rainfall and the poor condition of the coal hauling road, as it is not an "all-weather" road and therefore easily damaged, resulting in lesser trips made by EIR's trucks during the wet season. These factors have resulted in a substantial decrease in the quantities of coal obtained from CAN's operations.

As a result of the above, the actual coal hauled by EIR for January 2018 amounted to 33,157 tonnes. The average quantity of coal hauled of 33,110 tonnes per month for the 3-months November 2017, December 2017 and January 2018 is significantly less than the 100,000 tonnes per month as set out in the Company's announcement dated 6 October 2017.

Management has taken the various steps set out in the announcement dated 22 January 2018 to address the situation set out above, including *inter alia*:

1. Renegotiated with CAN for higher rates for the coal hauling services.;
2. Identified and resolved certain of the operational issues faced by EIR which is expected to improve efficiency of the operation;
3. Reviewed EIR's cost structure and implemented measures to control the cost involved in providing the coal hauling services to CAN.

In spite of implementing the above steps, the profitability of the coal hauling contract with PT CAN has not improved significantly due to the substantial difference in the actual quantity of coal hauled from initial expectations. EIR did however make a small profit before tax for January but for the 3-months period (i.e. November 2017 to January 2018), EIR operations generated a slight loss before tax. Cashflows for the month of January 2018 and for the 3-months period (i.e. November 2017 to January 2018) are positive albeit marginal.

The Management continues to work with PT CAN to try to improve efficiency of the operations as well as commercial viability of the contract in view of the continued lower quantity hauled. There continues to be no assurance that such efforts will result in a positive outcome for EIR's operations and/or for EIR to contribute significantly to the cashflow of the Group. As

announced on 22 January 2018, the Board has instructed the Management to explore other options and alternatives for EIR (including but not limited to the winding up of EIR). In this respect Management has explored the provision of EIR's coal hauling services to other coal mining companies in East Kalimantan in order to improve EIR's future profitability and cashflows. However, parties are still in discussions in this regard.

Cashflow analysis:

As a result of the Rinjani situation (including without limitation the loss of control of Rinjani), the Group has been operating under severe cashflow constraints as there was no operating cashflow for the period from July to October 2017. The severe underperformance of the coal hauling agreement with CAN as set out above has added more uncertainty to the cash flows that can be generated by the Group. The Board also announced on 28 June 2017 that the Board is of the view that the Company is currently unable to demonstrate that it is able to continue as a going concern or reasonably assess its financial position.

Based on currently available information, the Board and Management note that the Group will face a liquidity issue in the immediate future (first half of 2018) unless the Group undertakes corporate and fund-raising exercises. This conclusion is subject to *inter alia* the following:

1. No distribution from Rinjani during the financial year ending 31 December 2018;
2. No financial support obtained from current shareholders of the Company;
3. No new funds raised;
4. No positive outcome for EIR's operations and/or for EIR to contribute significantly to the cashflow of the Group; and
5. No unusual or unforeseen expenses incurred relating to/or including without limitation those associated with Rinjani's litigation, arbitration, taxation and bankruptcy.

The Board and Management continue to evaluate various options (including but not limited to obtaining financial support from current shareholders and introduction of new investors to the Company), and will bear in mind the best interest of stakeholders of the Company and will provide update to the shareholders where there is significant development in this aspect.

(E) Board and Board Committee Changes

Further to January 2018 monthly update, there have been changes made to the Company's Board and Board Committees as set out below:

- resignation of Mr Rozano Satar as Independent Director of the Group with effect from 31 January 2018 and as a member of the Audit and Risk Management Committee ("**ARMC**"), Nominating Committee ("**NC**") and the Remuneration Committee ("**RC**").
- resignation of Mr Low Yew Shen as Independent Director of the Group with effect from 12 February 2018 and as Chairman of the NC and a member of the ARMC as well as the RC.
- resignation of Mr Giang Sovann as the Lead Independent Director of the Group with effect from 13 February 2018 and as Chairman of the ARMC and RC and a member of the NC

Following the above resignations, the ARMC will be unable to meet the minimum requirement under Catalyst Rule 704(7) and the Company will endeavour to fill the positions within 2 months, but in any case, not later than 3 months from 13 February 2018 and make the necessary announcements in due course.
