ANNUAL GENERAL MEETING TO BE HELD ON 29 APRIL 2026 RESPONSE TO QUESTIONS FROM SHAREHOLDERS

Q1: O.Z. S.p.A performed creditably in 2025. Are wheel productions carried out in Europe?

Company's Response

OZ SpA produces about 5% to 10% of its total Wheels sales in Italy and the balance is outsourced to other Contract Manufacturers outside of Italy (For example, YHI Manufacturing (Malaysia) Sdn Bhd).

Q2. The segment report states that the wheel operation outside Malaysia incurred a loss of \$12 million. Did it mean the operating loss was \$4 million, after factoring in \$8 million retrenchment costs?

Company's Response

Besides retrenchment costs of about \$8 million, our Suzhou and Taiwan factories also incurred about \$2.8 million of other closure-related costs, such as losses on disposal of immovable assets and repairs & maintenance expenses to restore factory premises to its original Make Good Condition. The balance of \$1.2 million was the operating loss after excluding the retrenchment and closure-related costs.
