POSITIVE PROFIT GUIDANCE FOR THE HALF YEAR ENDED 30 JUNE 2026

The Board of Directors (the "**Board**") of International Cement Group Ltd. (the "**Company**" and together with its subsidiaries and related companies, the "**Group**") wishes to announce that based on preliminary assessment of the Group's unaudited financial statements for the half year ended 30 June 2026 ("**1H2026**"), the Group expects a significant improvement in profitability compared to 1H2025. The increase was mainly supported by higher revenue from greater sales volume and improved selling prices.

Sales volume improved due to the continued strong market demands from all markets in 1H 2026, including our maiden export sales into Kyrgyzstan since FY2025. The strong demand pushed up market prices for cement and further contributed to the top and bottom line.

The information contained in this announcement is based on the preliminary assessments of the unaudited financial statements of the Group. The Group is in the process of finalising its unaudited financial statements for 1H2026 and will provide further details in its results announcement, scheduled in mid-August 2026.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
