PROFIT GUIDANCE

The Board of Directors of Santak Holdings Limited (the "Company") considers it appropriate to issue profit guidance, ahead of the announcement of the financial results of the Company and its subsidiaries (the "Group") for the six months of FY2015 ended 31 December 2014 ("HY2015").

Following a preliminary assessment of the financial results for HY2015, the Group's turnover for HY2015 is expected to remain relatively stable compared to the previous corresponding period ("HY2014"). However, the Group is expected to report a loss before taxation for HY2015 compared to a profit before taxation for HY2014. The above is mainly attributable to lower gross margin for our existing precision machined component products as well as the Group continuing to incur significant costs for the qualification and development process of our new precision machined component projects which encountered delays in the commencement of mass production ramp up in HY2015.

Further details of the Group's results will be made available when the Company announces its unaudited consolidated financial results for HY2015, which is expected to be on or before mid February 2015.
