In addition, whether or not the transactions contemplated in the USD Notes Engagement will be consummated or the USD Notes Engagement will be terminated, the Company shall pay or cause to be paid to Morgan Stanley the USD Notes Underwriting Expenses.

LETTER FROM THE BOARD

USD Notes Indemnity

The Company has provided the USD Notes Indemnity to Morgan Stanley pursuant to the terms of the USD Notes Engagement, on terms that at any time prior to the receipt of the Independent Shareholders' Approval for the USD Notes Indemnity in accordance with the Listing Rules, the liability of the Company under the USD Notes Indemnity (if any) and the USD Notes Engagement Consideration, when aggregated with any fees, expenses and other amounts under any transaction to be paid by the Company to or on behalf of Morgan Stanley or its affiliates, shall not exceed such amount which would otherwise require the Independent Shareholders' Approval.

At any time prior to the receipt of the Independent Shareholders' Approval, the USD Notes Indemnity provided by the Company to Morgan Stanley under the terms of the USD Notes Engagement is capped and it shall not exceed an amount which would otherwise require the Independent Shareholders' Approval. Upon obtaining the Independent Shareholders' Approval, the USD Notes Indemnity provided by the Company to Morgan Stanley under the terms of the USD Notes Engagement will be unlimited.

With regard to the assessment of the potential liabilities for the Group under the USD Notes Indemnity, the actual amount of the USD Notes Indemnity cannot be ascertained at this point of time because it is subject and equal to any and all losses, claims, damages and liabilities (including but not limited to any legal costs or other expenses reasonably incurred in connection with defending or investing any such action or claim) caused by (i) any untrue statement or alleged untrue statement of a material fact contained in the Company's offering memoranda in connection with the USD Notes Issue, or (ii) any omission or alleged omission to state in the offering memoranda in connection with the USD Notes Issue a material fact necessary to make the statements therein in the light of the circumstances under which they were made not misleading, except for certain circumstances. None of the Directors have a material interest in the USD Notes Engagement and hence no Director shall be required to abstain from voting on the board resolution approving the USD Notes Engagement.

With regard to the assessment of the potential liabilities for the Group under the RMB Notes Indemnity, the actual amount of the RMB Notes Indemnity cannot be ascertained at this point of time because it is subject and equal to any and all losses, claims, damages and liabilities (including but not limited to any legal costs or other expenses reasonably incurred in connection with defending or investing any such action or claim) caused by (i) any untrue statement or alleged untrue statement of a material fact contained in the Company's offering memoranda in connection with the RMB Notes Issue, or (ii) any omission or alleged omission to state in the offering memoranda in connection with the RMB Notes Issue a material fact necessary to make the statements therein in the light of the circumstances under which they were made not misleading, except for certain circumstances. 3. INFORMATION ABOUT THE GROUP AND MORGAN STANLEY

The Group is one of the leading property developers in the PRC. The Group focuses primarily on the development and sale of large-scale high-quality residential properties in the PRC. It offers a wide range of real estate products, including low-density units (comprising stand-alone houses, semi-detached houses and townhouses), duplexes and apartments, to satisfy a broad range of customers of varying income levels with a majority of the Group's products targeting middle to upper class customers. The Group also develops commercial properties, including retail shops, shopping malls, office buildings and hotels. The Group also provides property management services.

Morgan Stanley is an indirect substantial shareholder of Crystal I, which in turn holds 30% interest in Crown Golden. Morgan Stanley is a global renowned financial institution and was introduced as a strategic investor of Crown Golden.

In June 2008, Morgan Stanley Real Estate Fund VI International and Morgan Stanley Real Estate Global Special Situations Fund III (both associates of Morgan Stanley), through their subsidiary, Crystal I, acquired a 30% equity interest in Crown Golden.

LETTER FROM THE BOARD

4. REASONS FOR THE USD NOTES ENGAGEMENT, THE RMB NOTES ENGAGEMENT AND THE PROVISION OF THE INDEMNITIES

The main reason for the USD Notes Engagement and the provision of the USD Notes Indemnity to Morgan Stanley is to assist the Company in managing the USD Notes Issue pursuant to which the Company intends to use the net proceeds raised to finance existing and new project projects, refinance existing indebtedness and for general corporate purposes.

The main reason for the RMB Notes Engagement and the provision of the RMB Notes Indemnity to Morgan Stanley is to assist the Company in managing the RMB Notes Issue pursuant to which the Company intends to use the net proceeds raised to refinance the 2009 Notes.

The Directors consider that the terms of the USD Notes Engagement and the RMB Notes Engagement, specifically the terms relating to the provision of the Indemnities are similar to the indemnities provided under the agreements entered into by the Company with other financial institutions and are no more favourable than those provided to the relevant financial institutions under such agreements. The terms of the Indemnities are on terms no more favourable to the terms of indemnity of similar transactions (including but not limited to the issue of senior notes by the Company in the past) entered into by the Company and other financial institutions. In addition, the same unlimited indemnity was provided by the Company to all other joint lead managers of the Notes Issue.

The provision of the Indemnities by the Company to the joint lead managers of the Notes Issues under each of the USD Notes Purchase Agreement and the RMB Notes Purchase Agreement is a remedy to the joint lead managers for any breach or alleged breach of any of the undertakings or agreements under the USD Notes Purchase Agreement and the RMB Notes Purchase Agreement, respectively, by the Company including any representations and warranties given by the Company thereunder. The provision of such indemnity by the Company is customary practice in capital market transactions, without which it is unlikely that the Company will be able to finalize the USD Notes Purchase Agreement and the RMB Notes Purchase Agreement with the joint lead managers. As with other transactions of the same type which contain a similar provision of indemnity by the Company, the disadvantage of providing such Indemnities is that the potential liability of the Group is unlimited. However, the Group understands that the provision of such Indemnities is customary practice in the market.

The Directors consider that the Indemnities are on normal commercial terms that are fair and reasonable as far as the Independent Shareholders are concerned and the provision of which is in the interests of the Company and the Shareholders as a whole.

5. FINANCIAL EFFECTS OF THE USD NOTES ENGAGEMENT AND THE RMB NOTES ENGAGEMENT

The net proceeds from the USD Notes Issue, after deduction of the underwriting commissions and other estimated fees and expenses, amount to approximately US\$487.5 million (equivalent to approximately HK\$3,802.5 million) and the Company intends to use such sum to finance existing and new property projects, refinance existing indebtedness and for general corporate purposes.

The net proceeds from the RMB Notes Issue, after deduction of the underwriting commissions and other estimated fees and expenses, amount to approximately RMB1,961 million (equivalent to approximately HK\$2,490.5 million) and the Company intends to use such sum to refinance the 2009 Notes. On 30 March 2014 (the “**Redemption Date**”), the Company redeemed all the outstanding 2009 Notes in full at a redemption price equal to 105% of the principal amount thereof, plus accrued and unpaid interest,

LETTER FROM THE BOARD

if any, to the Redemption Date using the net proceeds from the RMB Notes Issue and internal resources of the Group. Upon redemption of the outstanding 2009 Notes on the Redemption Date, all the redeemed 2009 Notes were cancelled.

The Company may change the foregoing plans in response to changing market conditions and reallocate the use of the net proceeds.

6. IMPLICATIONS UNDER THE LISTING RULES

As Morgan Stanley is an indirect substantial shareholder of Crystal I, which in turn holds 30% interest in Crown Golden, Morgan Stanley is therefore an associate of Crystal I and thus a connected person of the Company for the purpose of the Listing Rules. The USD Notes Engagement and the RMB Notes Engagement (when aggregated pursuant to Rule 14A.25 of the Listing Rules) constitutes connected transactions of the Company pursuant to Chapter 14A of the Listing Rules.

Each of the applicable percentage ratios (other than the profits ratio) under Rule 14A.34 of the Listing Rules in respect of the USD Notes Engagement Consideration and the RMB Notes Engagement, when aggregated with any fees, expenses and other amounts under any transaction to be paid by the Company to or on behalf of Morgan Stanley or its affiliates, is less than 5%. In addition, it is contemplated under the USD Notes Purchase Agreement and the RMB Notes Purchase Agreement that the liability of the Company under the Indemnities (if any) and the USD Notes Engagement Consideration and the RMB Notes Engagement Consideration, when aggregated with any fees, expenses and other amounts under any transaction to be paid by the Company or on behalf of Morgan Stanley or its affiliates, shall not exceed an amount which would otherwise require the Independent Shareholders' Approval. As such, the USD Notes Engagement and the RMB Notes Engagement are only subject to the reporting and announcement requirements set out in Rule 14A.32 of the Listing Rules and are exempted from the Independent Shareholders' Approvals.

The Company however intends to seek the Independent Shareholders' Approvals for the provision of the Indemnities to Morgan Stanley pursuant to the terms of the USD Notes Engagement and the RMB Notes Engagement in accordance with Chapter 14A of the Listing Rules, notwithstanding that at any time prior to the receipt of the Independent Shareholders' Approvals, the liability of the Company under the Indemnities (if any) and the USD Notes Engagement Consideration, when aggregated with any fees, expenses and other amounts under any transaction to be paid by the Company to or on behalf of Morgan Stanley or its affiliates, shall not exceed an amount which would otherwise require the Independent Shareholders' Approval. The Independent Shareholders' Approvals for the provision of the "uncapped" Indemnities by the Company to Morgan Stanley is required under the requirement of Chapter 14A of the Listing Rules given that the amount of indemnity is potentially unlimited. If the Independent Shareholders vote down on the relevant resolutions approving the Indemnities provided by the Company at the EGM, the Indemnities will be limited to the amount which would otherwise require the Independent Shareholders' Approvals as contractually agreed by the parties in the USD Notes Purchase Agreement and the RMB Notes Purchase Agreement.

However, Mr. Chen Zhuo Lin, the chairman of the Board, together with his associates have an aggregate interests in the Company of more than 60% and they intend to vote in favour of the relevant resolutions approving the Indemnities provided by the Company at the EGM. As such, it is unlikely that the relevant resolutions will be voted down. Despite the unlikelihood that the relevant resolutions will be voted down, the Directors consider that the terms of the USD Notes Engagement and the RMB Notes Engagement, the payment of the USD Notes Engagement Consideration and the RMB Notes Engagement Consideration and the Indemnities are in the interests of the Company and the Shareholders as a whole.

LETTER FROM THE BOARD

This is because even though the Indemnities will be limited to the amount which would otherwise require the approval of the Independent Shareholders under the Listing Rules as contractually agreed by the parties in the USD Notes Purchase Agreement and the RMB Notes Purchase Agreement. If the Independent Shareholders vote down on the relevant resolutions approving the Indemnities provided by the Company at the EGM, Morgan Stanley may require to re-negotiate the terms of its engagement and in turn incur additional time and costs for the Company in similar future fund raising exercises (if any), and may ruin the good and long-standing working relationship between the Group and Morgan Stanley. In addition, given that such uncapped indemnities are customary for capital market transactions, and the Indemnities given to Morgan Stanley is on terms no more favourable than those given to other joint bookrunners and the terms of the indemnity of similar transactions entered into by the Company and other financial institutions.

As recipient of the benefit of the Indemnities, Morgan Stanley, together with its associates, is interested in the relevant resolutions approving the provision of the Indemnities by the Company and has shareholding interest in the Company, so Morgan Stanley and its associates should abstain from voting on the relevant resolutions approving the Indemnities provided by the Company at the EGM.

An Independent Board Committee has been formed by the Company to advise the Independent Shareholders in relation to the provision of the Indemnities and Somerley has been appointed to advise the Independent Board Committee and the Independent Shareholders in the same regard.

7. EGM

The EGM will be held to consider and, if thought fit, to approve the provision of the Indemnities. A notice convening the EGM to be held at the Four Seasons Grand Ballroom, Level 2, Four Seasons Hotel Hong Kong, 8 Finance Street, Central, Hong Kong on Friday, 13 June 2014 at 2:45 p.m. or immediately after the conclusion of the AGM, whichever is later as set out at pages 26 to 28 of this circular. A form of proxy for use at the EGM is enclosed with this circular. Whether or not you are able to attend the EGM, please complete the enclosed form of proxy in accordance with the instructions printed thereon and return it to the Company's branch share registrar and transfer office in Hong Kong, Tricor Investor Services Limited at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong.

8. RECOMMENDATION

Having considered the reasons set out under the section headed "Reasons for the USD Notes Engagement, the RMB Notes Engagement and the provision of the Indemnities" and the advice from Somerley, the Directors (including the independent non-executive Directors) consider that Indemnities are on normal commercial terms and are fair and reasonable as far as the Independent Shareholders are concerned and the provision of which is in the interests of the Company and the Shareholders as a whole. Accordingly, the Directors recommends that the Independent Shareholders vote in favour of ordinary resolutions approving the provision of the Indemnities.

9. ADDITIONAL INFORMATION

Your attention is drawn to the letter from independent board committee, letter from Somerley and general information set out in the Appendix to this circular.

Yours faithfully,
For and on behalf of the Board
WAI Ching Sum
Company Secretary

We have been appointed by the Board as members of the Independent Board Committee to advise the Independent Shareholders on whether the Indemnities are on normal commercial terms that are fair and reasonable so far as the Shareholders are concerned and that the provision of which is in the interests of the Company and the Shareholders as a whole.

We wish to draw your attention to the letter of advice from Somerley, the Independent Financial Adviser appointed to advise the Independent Board Committee and the Independent Shareholders in relation to the provision of the Indemnities as set out on pages 15 to 18 of the Circular and the letter from the Board set out on pages 6 to 13 of the Circular.

Having considered, among other matters, the factors and reasons considered by, and the opinion of Somerley as stated in its letter of advice, we consider that the Indemnities are on normal commercial terms and are fair and reasonable so far as the Independent Shareholders are concerned and the provision of which is in the interests of the Company and the Shareholders as a whole. Accordingly, we recommend you to vote in favour of ordinary resolutions to be proposed at the EGM in relation to the provision of the Indemnities.

Yours faithfully,

LETTER FROM SOMERLEY

The following is the letter of advice from Somerley to the Independent Board Committee and the Independent Shareholders, which has been prepared for the purpose of inclusion in this circular.

SOMERLEY CAPITAL LIMITED

20th Floor
China Building
29 Queen's Road Central
Hong Kong

25 April 2014

*To: the Independent Board Committee and the Independent Shareholders of
Agile Property Holdings Limited*

Dear Sirs,

CONNECTED TRANSACTIONS

INTRODUCTION

We refer to our appointment to advise the Independent Board Committee and the Independent Shareholders in relation to the provision of the Indemnities. Details of the Indemnities are set out in the letter from the Board contained in the circular (the “**Circular**”) of the Company to the Shareholders dated 25 April 2014, of which this letter forms part. Unless otherwise defined, capitalised terms used in this letter shall have the same meanings as those defined in the Circular.

As Morgan Stanley is an indirect substantial shareholder of Crystal I, which in turn holds 30% interest in Crown Golden, a subsidiary of the Company, Morgan Stanley is therefore an associate of Crystal I and thus a connected person of the Company for the purpose of the Listing Rules. The USD Notes Engagement and the RMB Notes Engagement (when aggregated pursuant to Rule 14A.25 of the Listing Rules) constitutes connected transactions for the Company pursuant to Chapter 14A of the Listing Rules.

As the maximum amount to be paid in respect of the Indemnities by the Company (if any) is uncapped, the provision of the Indemnities to Morgan Stanley is therefore subject to the requirements of reporting, announcement and Independent Shareholders' Approval at the EGM under Chapter 14A of the Listing Rules. If the Independent Shareholders vote down on the relevant resolutions approving the Indemnities provided by the Company at the EGM, the Indemnities will be limited to the amount which would otherwise require the approval of the Independent Shareholders under the Listing Rules as contractually agreed by the parties in the USD Notes Purchase Agreement and the RMB Notes Purchase Agreement.

The Independent Board Committee, comprising all of the independent non-executive Directors, namely Dr. Cheng Hon Kwan, Mr. Kwong Che Keung, Gordon and Mr. Cheung Wing Yui, has been established to make a recommendation to the Independent Shareholders as to the Indemnities. We, Somerley, have been appointed as the independent financial adviser to advise the Independent Board Committee and the Independent Shareholders in the same regard.

LETTER FROM SOMERLEY

We are not associated with the Company, Morgan Stanley, or their respective substantial shareholders or associates, and accordingly, are considered eligible to give independent advice on the Indemnities. Apart from normal professional fees payable to us in connection with this and similar appointments, no arrangement exists whereby we will receive any fees or benefits from the Company, Morgan Stanley, or their respective substantial shareholders or associates.

In formulating our opinion, we have reviewed, among other things, the announcements of the Company dated 11 February 2014 and 23 February 2014 in relation to the Notes Issues, the USD Notes Purchase Agreement, the RMB Notes Purchase Agreement and the Circular. We have also discussed with the Company regarding the Notes Issues.

In addition, we have relied on the information and facts supplied, and the opinions expressed, by the Company and have assumed that the information and facts provided, and the opinions expressed to us are true, accurate and complete in all material aspects at the time they were made and will remain true, accurate and complete up to the date of the EGM. We have also sought and received confirmation from the Company that no material facts have been omitted from the information supplied by them and that their opinions expressed to us are not misleading in any material respect. We consider that the information we have received is sufficient for us to formulate our opinion and recommendation as set out in this letter and we neither have any reasons to believe that any material information has been omitted or withheld, nor to doubt the truth or accuracy of the information provided to us. We have not, however, conducted any independent investigation into the business and affairs of the Group, nor have we carried out any independent verification of the information supplied.

PRINCIPAL FACTORS AND REASONS CONSIDERED

In formulating our opinion with regard to the Indemnities, we have taken into account the following principal factors and reasons:

1. Information on the Group

The Group is one of the leading property developers in the PRC. The Group focuses primarily on the development and sale of large-scale high-quality residential properties in the PRC. It offers a wide range of real estate products, including low-density units (comprising stand-alone houses, semi-detached houses and townhouses), duplexes and apartments, to satisfy a broad range of customers of varying income levels with a majority of the Group's products targeting middle to upper class customers. The Group also develops commercial properties, including retail shops, shopping malls, office buildings and hotels. The Group also provides property management services.

2. Reasons for the provision of the Indemnities

As set out in the letter from the Board in the Circular, the main reason for the USD Notes Engagement and the provision of the USD Notes Indemnity to Morgan Stanley is to assist the Company in managing the USD Notes Issue pursuant to which the Company intends to use the net proceeds raised to finance existing and new projects, refinance existing indebtedness and for general working capital purposes. The main reason for the RMB Notes Engagement and the provision of the RMB Notes Indemnity to Morgan Stanley is to assist the Company in managing the RMB Notes Issue pursuant to which the Company intends to use the net proceeds raised to refinance the 2009 Notes.

LETTER FROM SOMERLEY

The Company has entered into the USD Notes Purchase Agreement and the RMB Notes Purchase Agreement with Morgan Stanley and other financial institutions, which are independent third parties not connected with the Company, to engage them to act as, among other things, the joint lead managers in connection with the Notes Issues. The provision of the Indemnities by the Company to the joint lead managers, including Morgan Stanley, under the USD Notes Purchase Agreement and RMB Notes Purchase Agreement is a remedy to the joint lead managers for any breach or alleged breach of any of the undertakings or agreements under the USD Notes Purchase Agreement and the RMB Notes Purchase Agreement, respectively, by the Company including any representations and warranties given by the Company thereunder. The provision of such Indemnities by the Company is customary practice in capital market transactions, without which it is unlikely that the Company will be able to finalize the USD Notes Purchase Agreement and RMB Notes Purchase Agreement with the joint lead managers. For the avoidance of doubt, we are explicitly not advising on the terms of the USD Notes Purchase Agreement and RMB Notes Purchase Agreement save for the Indemnities.

Morgan Stanley is a global renowned financial institution and was introduced as a strategic investor of Crown Golden. The management of the Company is of the view that the experience of Morgan Stanley in executing transactions similar to those contemplated in the Notes Issues contributed to the smooth implementation and consummation of the Notes Issues.

3. Principal terms of the Indemnities

In connection with the Notes Issues, the Company has engaged Morgan Stanley to act as one of the joint lead managers and one of the joint lead manager and joint bookrunners pursuant to the terms of the USD Notes Engagement and RMB Notes Engagement respectively. The provision of the Indemnities is one of the terms of the USD Notes Purchase Agreement and RMB Notes Purchase Agreement. Pursuant to the USD Notes Engagement and RMB Notes Engagement, the Company will provide market customary Indemnities to Morgan Stanley pursuant to which the Company will indemnify and hold harmless each Morgan Stanley, each person, if any, who controls Morgan Stanley within the meaning of the Securities Act or the Exchange Act, or each affiliate of Morgan Stanley within the meaning of the Securities Act and each officer, director, employee or their affiliates from and against any and all losses, claims, damages and liabilities (including but not limited to any legal costs or other expenses reasonably incurred in connection with defending or investing any such action or claim) caused by (i) any untrue statement or alleged untrue statement of a material fact contained in the Company's offering memoranda in connection with the USD Notes Issue or the RMB Notes Issue (as the case may be), or (ii) any omission or alleged omission to state in the offering memoranda in connection with the USD Notes Issue or the RMB Notes Issue (as the case may be) a material fact necessary to make the statements therein in the light of the circumstances under which they were made not misleading, except for certain circumstances. We note that the Indemnities have been given to each joint lead managers including Morgan Stanley under the USD Notes Purchase Agreement and each joint lead managers and joint bookrunners under RMB Notes Purchase Agreement, except that the Indemnities provided to Morgan Stanley are capped prior to obtaining the Independent Shareholders' Approval.

In the past, the Company was required to give similar uncapped Indemnities to the independent financial institutions engaged under the agreements relating to the US\$400 million notes, the US\$300 million notes, the US\$650 million notes, the US\$500 million convertible bonds, the US\$700 million notes and the US\$700 million subordinated perpetual capital securities issued by the Company in 2006, 2009, 2010, 2011, 2012 and 2013 (the "**Past Fund Raising Exercises**") respectively. Therefore, it is our view that the terms of the Indemnities given to Morgan Stanley by the Company are no more favourable than the Indemnities given to other joint lead managers and the terms of the indemnities of similar transactions entered into by the Company and other financial institutions in the Past Fund Raising Exercises.

LETTER FROM SOMERLEY

4. Potential effects of limitation on the Indemnities

As mentioned in this letter above, if the Independent Shareholders do not approve the Indemnities provided by the Company at the EGM, the Indemnities will be limited to the amount which would otherwise require the approval of the Independent Shareholders under the Listing Rules. Putting the limitation on the Indemnities, on a stand-alone basis in these Notes Issues, may be beneficial to the Company and the Independent Shareholders. However, the Independent Shareholders should be aware of the limitation on the Indemnities may have material adverse consequences on future fund raising exercises or business development to be carried out by the Company, either with Morgan Stanley or other investment banks.

As a matter of fact, Morgan Stanley participated in the majority of the Past Fund Raising Exercises and purchased, as initial purchasers, significant portion of the issues in the Past Fund Raising Exercises which it participated. In light of the established fund raising track records of the Company as mentioned in above and the long history of cooperation and good standing working relationship between the Company and Morgan Stanley, it is anticipated that Morgan Stanley will likely play a role in the Company's future fund raising exercises. In the event that the uncapped Indemnities, which are on normal commercial terms, are not approved by the Independent Shareholders, it may pose significant and adverse effect on the structure (e.g. fund raising sizes may need to be reduced since Morgan Stanley may not participate due to the limitation on Indemnities) and terms (e.g. higher fees because of limited Indemnities given) of, as well as the time and costs required in the negotiation of new engagement terms with Morgan Stanley in, the Company's future fund raising exercises.

The limitation on the Indemnities may also affect the Company's future business development opportunity or cooperation with other investment banks similar to Morgan Stanley, which participated in both the Group's property development projects and fund raising exercises. The impaired rights (i.e. limitation on Indemnities) of the investment banks as a result of "connected person" status may eventually hinder the future business development and fund raising capability of the Company, even though the terms of which are on normal commercial terms.

All in all, although the limitation on the Indemnities may have short-term benefit to the Company, it may jeopardise the long-term business relationship between the Company and investment banks (including Morgan Stanley) with respect to the future fund raising plans and business development of the Company. On the above basis, we are of the view that the provision of uncapped Indemnities to Morgan Stanley is, in the long-run, in the interests of the Company and the Shareholders as a whole.

OPINION AND RECOMMENDATION

Based on the principal factors and reasons above, we consider that uncapped Indemnities are on normal commercial terms that are fair and reasonable as far as the Independent Shareholders are concerned and the provision of which are in the interests of the Company and the Shareholders as a whole.

Accordingly, we recommend the Independent Board Committee to recommend, and we ourselves recommend, the Independent Shareholders to vote in favor of the ordinary resolutions to be proposed at the EGM in relation to the Indemnities.

Yours faithfully,
for and on behalf of
SOMERLEY CAPITAL LIMITED

Pursuant to the Article 86(3) of the Articles of Association, Mr. Huang Fengchao, Mr. Liang Zhengjian and Mr. Chen Zhongqi, being additional Directors appointed to the Board on 28 March 2014, will only hold office until the AGM. Accordingly, they will retire as Directors at the AGM and, being eligible, will offer themselves for re-election at the AGM.

As at the Latest Practicable Date, none of the Directors had any existing or proposed service contracts with the Company or any of its subsidiaries other than contracts expiring or determinable by the Group within one year without payment of compensation (other than statutory compensation).

4. COMPETING INTERESTS

For the year ended 31 December 2013 and up to the Latest Practicable Date, the Directors were considered to have interests in the following businesses, which are to be disclosed as required pursuant to Rule 8.10 of the Listing Rules, being businesses which competed or were likely to compete, either directly or indirectly, with the businesses of the Group, other than those businesses in which (i) the Group was interested and (ii) the Directors' only interests were as directors appointed to represent the interests of the Group.

To avoid any business, apart from the Group's business, which competes or is likely to compete, either directly or indirectly, with businesses of the Group, on 23 November 2005, Mr. Chen Zhuo Lin, Mr. Chan Cheuk Yin, Ms. Luk Sin Fong, Fion, Mr. Chan Cheuk Hung, Mr. Chan Cheuk Hei and Mr. Chan Cheuk Nam (the "**Six Directors**") entered into a deed of non-competition and compensation with the Company (the "**Deed**") to undertake that they will not, and shall procure their controlled affiliates not to engage in any possible competing business.

Pursuant to Clause 2.2 of the Deed, the Company has a priority to participate in such business and the Six Directors would not directly or indirectly participate in any competing business with the Group from time to time operated. Any decision on acquisition of such business will be made by the independent non-executive Directors.

The Group has gradually developed its hotels business operation, and Six Directors have interests in the Shares of Zhongshan Agile Hotel Company Limited ("**Zhongshan Agile**") and Zhongshan Agile Changjiang Hotel Company Limited ("**Changjiang Hotel**"). The business of these companies also includes holding and operating hotels (the "**Excluded Businesses**"). In view of this, the Six Directors issued a letter dated 10 September 2007 to the Company inviting the Company to exercise its rights to acquire the Excluded Businesses. A Board committee comprising the independent non-executive Directors (the "**INED Committee**") was formed to consider the acquisition of the Excluded Businesses. As the Excluded Businesses were in operation before the Group started its own hotel business and that the scale of the Excluded Businesses were considered insignificant compared with the businesses of the Group as a whole, the INED Committee concluded that the Excluded Businesses were unlikely to compete with the hotel business of the Group and decided not to acquire the Excluded Businesses. Zhongshan Agile was acquired by the Group in 2011.

Since the business of Changjiang Hotel is operated and managed independently by individual companies, the Directors are of the view that the Group is capable of carrying on its hotel businesses independently and at arm's length from Changjiang Hotel.

The Directors, including those interested in Changjiang Hotel, will, as and when required under the Company's articles of association and "Statement of Policy for Corporate Governance", abstain from voting on any resolution of the Board in respect of any contract, arrangement or proposal in which he or she or any of his or her associates has material interest.

Save as disclosed herein, as at the Latest Practicable Date, none of the Directors or their respective associates was interested in any business which competes or is likely to compete, either directly or indirectly, with the business of the Group.

5. MATERIAL ADVERSE CHANGE
