PROFIT GUIDANCE – UNAUDITED FINANCIAL RESULTS FOR HALF YEAR ENDED 30 SEPTEMBER 2026

The Board of Directors ("**Board**") of H2G Green Limited (the "**Company**", together with its subsidiaries, collectively the "**Group**") wishes to inform shareholders of the Company that the Group is expected to report a net loss for the half year ended 30 September 2026 ("**1H FY2027**"), albeit at a lower net loss compared with the previous half year ended 31 March 2026 ("**2H FY2026**").

The lower loss in 1H FY2027 versus 2H FY2026 is due mainly to (i) the absence of impairment charges incurred in 2H FY2026 by Green Energy Investment Holding Private Limited ("**GEIH**"), a 50.1%-owned subsidiary of the Company which was disposed of in July 2026; (ii) the deconsolidation of GEIH's results post disposal; and (iii) the absence of inventory obsolescence provision which was incurred in 2H FY2026.

None of the financial figures or information underlying this profit guidance has been audited or reviewed by the Company's auditors.

The Company is in the process of finalising the Group's unaudited financial results for 1H FY2027 and will provide further details of the Group's performance when it releases the unaudited financial results announcement on or before 14 November 2026.

Caution in Trading

Shareholders and investors of the Company are advised to exercise caution when dealing in the shares of the Company. If in doubt as to the action they should take, shareholders and investors should consult their stockbrokers, bankers, solicitors, accountants or other professional advisers.
