GREEN RUBBER

Move Forward to the Green Rubber Company

With over 25 years of our extensive experience and our commitment to sustainably developing natural rubber industry, we have initiated the concept of

“The Green Rubber Company”

Green Rubber Products

We are committed to delivering to our customers the clean products for safety and hygiene of end-users.

Green Factory

We are committed to a sound concept of safe energy, rid of waste and odor to ensure that our production facilities are environmental and community friendly.

Green Supply

We passionately drive the industry towards the clean & clear natural rubber through our fair procurement system with natural rubber farmers and dealers.

Green Company

Is the symbol of our transparency in operation and attitudes towards sustainable natural rubber business development.
