Dear Sir / Madam

THE PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

1. INTRODUCTION

1.1 We refer to:

- (a) the Notice of AGM to the Shareholders of the Company dated 7 July 2025, convening the AGM to be held on 29 July 2025, and;
- (b) Ordinary Resolution 9 in relation to the proposed renewal of the Share Buyback Mandate under the heading “Special Business” set out in the Notice of AGM.

1.2 The purpose of this Letter is to provide Shareholders with information in relation to the proposed renewal of the Share Buyback Mandate and to seek their approval for the resolution in respect thereof to be tabled at the AGM.

2. THE PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

2.1 Background

At the extraordinary general meeting of the Company held on 30 July 2019, Shareholders had approved the adoption of the Share Buyback Mandate to enable the Company to purchase or otherwise acquire Shares in the capital of the Company. As the said Share Buyback Mandate will expire on the forthcoming AGM, being 29 July 2025, the Directors propose that the Share Buyback Mandate be renewed at the Company’s forthcoming AGM.

If approved, the renewed Share Buyback Mandate will take effect from the date of the AGM (“**Approval Date**”) and continue to be in force until the date of the next annual general meeting of the Company or such date of the next annual general meeting is required by law or by its Constitution, unless prior thereto, Share Buybacks are carried out to the full extent mandated or the Share Buyback Mandate is revoked or varied by the Company in a general meeting. The Share Buyback Mandate will be put to Shareholders for renewal at each subsequent annual general meeting of the Company.

Section 76B(1) of the Companies Act provides, *inter alia*, that notwithstanding Section 76 of the Companies Act, a Singapore-incorporated company may purchase or otherwise acquire its issued ordinary shares, stocks and preference shares if the purchase or acquisition is expressly permitted under the company's Constitution. The Constitution permits the Company to purchase or otherwise acquire shares issued by it. Any purchase or acquisition of shares by the Company would have to be made in accordance with, and in the manner prescribed by, the Companies Act and such other laws and regulations as may, for the time being, be applicable. As the Company is listed on the SGX-ST, it is also required to comply with Part XI of Chapter 8 of the Catalist Rules, which relates to the purchase or acquisition by an issuer of its own issued ordinary shares.

It is also a requirement under the Companies Act and the Catalist Rules that a company which wishes to purchase or acquire its own shares must obtain approval from its shareholders to do so at a general meeting of the company. Accordingly, approval is being sought from Shareholders at the AGM for the proposed renewal of the Share Buyback Mandate.

2.2 Rationale for the Share Buyback Mandate

The rationale for the renewal of the Share Buyback Mandate to allow the Company to undertake a purchase or acquisition of its Shares is as follows:

- (a) Directors are constantly seeking to increase Shareholders' value and to improve, *inter-alia*, the return on equity of the Group. Amongst other alternative corporate actions, Share Buybacks at the appropriate price level are one of the ways through which the return on equity of the Company may be enhanced;
- (b) The Share Buyback Mandate will give the Directors the flexibility to purchase or acquire Shares as and when circumstances permit;
- (c) The Share Buyback Mandate will provide the Company with greater flexibility in managing its capital and maximising returns to its Shareholders. To the extent that the Company has capital and surplus funds which are in excess of its financial needs, taking into account its growth and expansion plans, the Share Buyback Mandate will facilitate the return of excess cash and surplus funds to Shareholders in an expedient, effective and cost-efficient manner; and
- (d) The Directors further believe that a Share Buyback by the Company may help mitigate short-term market or price volatility, offset the effects of short-term share speculations or demand and bolster Shareholders' confidence.

The purchase or acquisition of Shares will only be undertaken if the Directors consider it to be in the best interests of the Company and its Shareholders. No purchase or acquisition of Shares will be made in circumstances which would have or may have a material adverse effect on the listing status of the Shares on the SGX-ST, the liquidity and capital adequacy positions of the Company or the Group, or result in the Company being delisted from the SGX-ST.

2.3 Authority and Limits of the Share Buyback Mandate

The authority and limitations placed on purchases or acquisitions of Shares by the Company under the Share Buyback Mandate, for which the approval is sought, are summarised below:

2.3.1 Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company. The total number of Shares that may be purchased or acquired by the Company during the Relevant Period (as defined in paragraph 2.3.2) shall not exceed 10% of the total number of issued Shares of the Company as at the date of the AGM at which the proposed renewal of Share Buyback Mandate is approved, unless the Company has, at any time during the Relevant Period, effected a reduction of its share capital in accordance with the applicable provisions of the Act, in which event the total number of issued Shares of the Company shall be taken to be the total number of issued Shares of the Company as altered. Any Shares which are held as Treasury Shares will be disregarded for purposes of computing the 10% limit.

Purely for illustrative purposes only, based on the issued and paid-up share capital of the Company as at the Latest Practicable Date comprising 317,364,199 Shares, and assuming that no further Shares are issued on or prior to the AGM, not more than 31,736,419 Shares (representing 10% of the total number of issued and paid-up Shares) may be purchased or acquired by the Company pursuant to the proposed Share Buyback Mandate.

2.3.2 Duration of Authority

Purchases or acquisitions of Shares may be made, at any time and from time to time, by the Company on and from the Approval Date up to the earliest of:

- (a) the conclusion of the next AGM or the date by which such AGM of the Company is held or required by law to be held;
- (b) the date on which the purchases and acquisitions of Shares pursuant to the Share Buyback Mandate are carried out to the full extent mandated; or
- (c) the date on which the authority conferred by the Share Buyback Mandate is revoked or varied by the Shareholders in a general meeting.

(the “**Relevant Period**”)

The authority conferred on the Directors by the Share Buyback Mandate to purchase or acquire Shares may be renewed by the Shareholders in a general meeting of the Company, such as at the next AGM of the Company or at an extraordinary general meeting to be convened immediately after the conclusion or adjournment of the next AGM.

2.3.3 Manner of Purchases or Acquisitions of Shares

Purchases or acquisitions of Shares can be effected by the Company by way of:

- (a) on-market purchases transacted on the SGX-ST or through any other securities exchange on which the Shares may, for the time being, be listed and quoted, and which may be transacted through one or more duly licensed stockbrokers appointed by the Company for the purpose of the Share Buyback (“**Market Purchases**”); and/or
- (b) off-market purchases (if effected otherwise than on the SGX-ST or any other securities exchange) in accordance with an “equal access scheme” as defined in Section 76C of the Act (“**Off-Market Purchases**”).

In an Off-Market Purchase, the Directors may impose such terms and conditions which are not inconsistent with the Share Buyback Mandate, the Catalyst Rules, the Act, the Constitution and other applicable laws and regulations, as they consider fit in the interests of the Company in connection with or in relation to any equal access scheme or schemes.

Under the Act, an Off-Market Purchases must satisfy all the following conditions:

- (i) offers for the purchase or acquisition of Shares shall be made to every person who holds Shares, to purchase or acquire the same percentage of their Shares;
- (ii) all of the abovementioned persons shall be given a reasonable opportunity to accept the offers made to them; and
- (iii) the terms of all the offers shall be the same, except that there shall be disregarded, where applicable:
 - (a) differences in consideration attributable to the fact that the offers may relate to Shares with different accrued dividends entitlements;
 - (b) differences in consideration attributable to the fact that the offers may relate to Shares with different amounts remaining unpaid; and

- (c) differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

Pursuant to Rule 870 of the Catalist Rules, if the Company wishes to make an Off-Market Purchase in accordance with an equal access scheme, it must issue an offer document to all Shareholders containing at least the following information:

- (aa) the terms and conditions of the offer;
- (bb) the period and procedures for acceptances;
- (cc) the reasons for the proposed purchase or acquisition of Shares;
- (dd) the consequences, if any, of the purchases or acquisitions of Shares by the Company that will arise under the Take-over Code or other applicable takeover rules;
- (ee) whether the purchases or acquisitions of Shares, if made, would have any effect on the listing of the Shares on the SGX-ST;
- (ff) details of any purchases or acquisitions of Shares made by the Company in the previous twelve (12) months (whether by way of Market Purchases or Off-Market Purchases), giving the total number of Shares purchased or acquired, the purchase price per Share or the highest and lowest prices paid for the purchases or acquisitions of Shares, where relevant, and the total consideration paid for the purchases or acquisitions of Shares; and
- (gg) whether the Shares purchased by the Company will be cancelled or kept as Treasury Shares.

2.3.4 Maximum Purchase Price

The purchase price per Share (excluding related brokerage, commission, applicable goods and services tax, stamp duties, clearance fees and other related expenses) to be paid for a Share purchased or acquired pursuant to the Share Buyback Mandate will be determined by the Directors, provided that such purchase price must not exceed:

- (a) in the case of a Market Purchase, 105% of the Average Closing Price (as defined hereinafter) of the Shares; and
- (b) in the case of an Off-Market Purchase pursuant to an equal access scheme, 120% of the Average Closing Price (as defined hereinafter) of the Shares,

(the “**Maximum Price**”) in either case, excluding related expenses of the purchase or acquisition.

For the above purposes of determining the Maximum Price:

“**Average Closing Price**” means the average of the closing market prices of a Share over the last five (5) Market Days on which transactions in the Shares were recorded immediately preceding the date of the Market Purchases by the Company or, as the case may be, the date of the making of the offer (as defined below) pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs after during the relevant five (5) Market Days period and the day on which the purchases are made;

“**date of making of the offer**” means the date on which the Company announces its intention to make an offer for an Off-Market Purchase, stating therein the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchases calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

2.4 Status of Purchased or Acquired Shares

Any Share purchased or acquired by the Company pursuant to the Share Buyback Mandate is deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to that Share will expire on such cancellation) unless such Share is held by the Company as Treasury Share to the extent permitted under the Companies Act. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or acquired by the Company and which are not held as Treasury Shares.

All Shares purchased or acquired by the Company (other than Treasury Shares held by the Company to the extent permitted under the Act) will be automatically delisted by the SGX-ST, and (where applicable) the certificates in respect thereof will be cancelled and destroyed by the Company as soon as reasonably practicable following settlement of any such purchase or acquisition.

At the time of each purchase or acquisition of Shares by the Company, the Directors may decide to cancel Shares which have been purchased by the Company or hold such Shares as Treasury Shares, depending on whether it is in the interests of the Company to do so.

2.5 Treasury Shares

Under the Act, the Shares purchased or acquired by the Company may be held or dealt with as Treasury Shares. Certain of the provisions on Treasury Shares under the Act are summarised below:

2.5.1 Maximum Holdings

The aggregate number of Shares held as Treasury Shares shall not at any time exceed 10% of the total number of issued Shares of the Company. In the event that the aggregate number of Treasury Shares held by the Company exceeds the aforesaid limit, the Company shall dispose of or cancel the excess Treasury Shares in accordance with Section 76K of the Act within six (6) months from the day the aforesaid limit is first exceeded or such further periods as ACRA may allow.

2.5.2 Voting and Other Rights

The Company cannot exercise any right in respect of the Treasury Shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Act, the Company shall be treated as having no right to vote and the Treasury Shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution (whether in cash or otherwise) of the Company's assets (including any distribution of assets to members of the Company on a winding up) may be made, to the Company in respect of Treasury Shares. However, the allotment of shares as fully paid bonus shares in respect of the Treasury Shares is allowed.

The Treasury Shares may be sub-divided or consolidated, so long as the total value of the Treasury Shares after such sub-division or consolidation is the same as the total value of the Treasury Shares before the sub-division or consolidation, as the case may be.

2.5.3 Disposal and Cancellation

Where Shares are held as Treasury Shares, the Company may at any time but subject always to the Take-over Code:

- (a) sell the Treasury Shares (or any of them) for cash;
- (b) transfer the Treasury Shares (or any of them) for the purposes of or pursuant to any share scheme, whether for employees, Directors or other persons;
- (c) transfer the Treasury Shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person;

- (d) cancel the Treasury Shares (or any of them); or
- (e) sell, transfer or otherwise use the Treasury Shares for such other purposes as may be prescribed by the Minister for Finance.

2.6 Reporting Requirements

Within thirty (30) days of the passing of the Shareholders' resolution approving the proposed renewal of the Share Buyback Mandate, the Company shall lodge a copy of such resolution with ACRA.

The Company shall notify ACRA in the prescribed form within thirty (30) days of a purchase or acquisition of Shares on the SGX-ST or otherwise. Such notification shall include, *inter alia*, details of the purchase or acquisition, the total number of Shares purchased or acquired by the Company, the number of Shares cancelled, the number of Shares held as Treasury Shares, the Company's issued share capital before and after the purchase or acquisition of Shares and the amount of consideration paid by the Company for the purchase or acquisition, whether the Shares were purchased or acquired out of profits or the capital of the Company and such other particulars as may be required by ACRA.

Within thirty (30) days of the cancellation or disposal of Treasury Shares in accordance with the provisions of the Companies Act, the Directors shall lodge with ACRA the notice of cancellation or disposal of Treasury Shares in the prescribed form as required by ACRA.

Pursuant to Rule 704(31) of the Catalist Rules, the Company shall also immediately announce any sale, transfer, cancellation and/or use of Treasury Shares, stating the following:

- (a) date of the sale, transfer, cancellation and/or use;
- (b) purpose of such sale, transfer, cancellation and/or use;
- (c) number of Treasury Shares sold, transferred, cancelled and/or used;
- (d) number of Treasury Shares before and after such sale, transfer, cancellation and/or use;
- (e) percentage of the number of Treasury Shares against the total number of shares outstanding in a class that is listed before and after such sale, transfer, cancellation and/or use; and
- (f) value of the Treasury Shares if they are used for a sale or transfer, or cancelled.

Rule 871 of the Catalist Rules specify that a listed company shall notify the SGX-ST of all purchases or acquisitions of its shares not later than 9.00 a.m.:

- (a) in the case of a Market Purchase, on the Market Day following the day on which the Market Purchase was made; or
- (b) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptance of the offer for the Off-Market Purchase.

The notification of such purchases or acquisitions of Shares to the SGX-ST shall be in the form of Appendix 8D of the Catalist Rules or such form that the SGX-ST may prescribe. The Company shall make arrangements with its stockbrokers to ensure that they provide the Company in a timely fashion the necessary information which will enable the Company to make the notifications to the SGX-ST.

2.7 Source of Funds

In purchasing or acquiring its own Shares, the Company may only apply funds legally available for such purchase or acquisition as provided in the Constitution, Catalist Rules and the applicable laws in Singapore.

The Company may not purchase or acquire its Shares for a consideration other than in cash or, in the case of a Market Purchase, for settlement otherwise than in accordance with the trading rules of the SGX-ST.

It is an offence for a Director or an officer of the Company to approve or authorise the purchase or acquisition of Shares, knowing that the Company is not solvent. For this purpose, pursuant to Section 76F(4) of the Act, a company is solvent if the following conditions are satisfied:

- (a) there is no ground on which the company could be found to be unable to pay its debts;
- (b) if:-
 - (i) it is intended to commence the winding up of the company within the period twelve (12) months immediately after the date of payment, the company will be able to pay its debts as they fall due during the period of twelve (12) months after the date of commencement of the winding up; or
 - (ii) it is not intended so to commence winding up, the company will be able to pay its debts as they fall due in the normal course of business during the period of twelve (12) months immediately after the date of payment; and
- (c) the value of the company's assets is not less than the value of its liabilities (including contingent liabilities) and will not after the proposed purchase, acquisition or release, become less than the value of its liabilities (including contingent liabilities).

The Company intends to use internal sources of funds or external borrowings or a combination of both to finance purchases or acquisitions of its Shares pursuant to the Share Buyback Mandate. The amount of funding required for the Company to purchase or acquire its Shares and the financial impact on the Company and the Group arising from such purchases or acquisitions of Shares pursuant to the Share Buyback Mandate will depend on, *inter alia*, the aggregate number of Shares purchased or acquired, the consideration paid at the relevant time, and the amount (if any) borrowed by the Company to fund the purchases or acquisitions. However, in considering the option of external financing, the Board will consider particularly the prevailing gearing level of the Group. The Board will only make purchases or acquisitions of Shares pursuant to the Share Buyback Mandate in circumstances which they believe will not result in any material adverse effect to the financial position of the Company or the Group.

2.8 Financial Effects

It is not possible for the Company to realistically calculate or quantify the impact of purchases or acquisitions of Shares that may be made pursuant to the Share Buyback Mandate on the Company and Group's NTA and EPS as the resultant effect would depend on, *inter alia*, the aggregate number of Shares purchased or otherwise acquired, whether the purchase or acquisition is made out of capital or profits, the purchase prices paid for such Shares and the amount (if any) borrowed by the Company to fund the purchase or acquisition and whether the Shares purchased or otherwise acquired are cancelled or held as Treasury Shares.

2.8.1 Key Assumptions

The financial effects on the Company and the Group arising from purchases or acquisitions of Shares which may be made pursuant to the Share Buyback Mandate will depend on, *inter alia*, the number of Shares purchased or acquired, the price paid for such Shares, whether the Shares are purchased or acquired out of profits and/or capital of the Company and whether the Shares purchased or acquired are held by the Company as Treasury Shares or cancelled.

The financial effects set out in paragraph 2.8.2 below have been prepared based on the latest audited financial statements of the Group and Company for the most recently completed financial year, being financial year ended 31 March 2025 ("FY2025"), and on the following key assumptions:

(a) Purchase or Acquisition out of Capital and/or Profits

Pursuant to the Act, any payment made by the Company in consideration of the purchase or acquisition of Shares by the Company may be made out of the Company's capital or profits, so long as the Company is solvent.

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration (including brokerage, stamp duties, applicable goods and services tax and other related expenses) will correspondingly reduce the amount available for the distribution of cash dividends by the Company.

Where the consideration (including brokerage, stamp duties, applicable goods and services tax and other related expenses) paid by the Company for the purchase or acquisition of Shares is made out of capital, this will not reduce the amount available for the distribution of cash dividends by the Company.

In determining whether the Company is solvent, the Directors must have regard to the most recently audited financial statements, other relevant circumstances, and may rely on valuations of assets or estimates of liabilities. In determining the value of the contingent liabilities, the Directors may take into account the likelihood of the contingency occurring, as well as any counter-claims by the Company.

(b) Number of Shares Purchased or Acquired

Based on 317,364,199 Shares in issue as at the Latest Practicable Date, and assuming that no further Shares are issued, purchased and kept as Treasury Shares on or prior to the AGM, the purchase or acquisition by the Company of 10% of its issued Shares will result in the purchase or acquisition of 31,736,419 Shares (**"Maximum Buyback Shares"**);

(c) Aggregate Consideration Paid for Maximum Buyback Shares

Assuming that the Company purchases or acquires or made an offer to purchase the Maximum Buyback Shares, the maximum amount of funds (excluding related expenses of the purchase or acquisition) required for the purchase or acquisition of the 31,736,419 Shares,

- (i) in the case of Market Purchases by the Company under the Maximum Market Purchase Price of S\$0.0955 (being the price equivalent to 5% above the Average Closing Price of the Shares over the last five (5) consecutive Market Days on the SGX-ST preceding the Latest Practicable Date on which transactions in the Shares were recorded) is approximately S\$3,032,000; and
- (ii) in the case of Off-Market Purchases by the Company under the Maximum Off-Market Purchase Price of S\$0.1092 (being the price equivalent to 20% above the Average Closing Price of the Shares over the last five (5) Market Days on the SGX-ST preceding the Latest Practicable Date on which transactions in the Shares were recorded) is approximately S\$3,466,000.

2.8.2 Illustrative Financial Effects

The financial effects of the purchases and acquisitions of Shares as set out below are purely for illustrative purposes only and do not reflect the actual financial performance or position of the Group. In particular, it is important to note that the financial analysis set out below are based on the audited financial statements for the Group and the Company for FY2025 and are not necessarily representative of future financial performance of the Group and the Company.

On the basis of the key assumptions set out in the paragraph 2.8.1 above and assuming the following:

- (a) the purchase or acquisition of Shares is made out of the Company's capital and financed solely by internal sources of funds;
- (b) the Share Buyback Mandate had been effective on 1 April 2024; and

Notes:

- (1) NTA per Share is calculated based on NTA attributable to Shareholders divided by the number of Shares outstanding (excluding Treasury Shares) as at 31 March 2025.
- (2) Gearing ratio represents total borrowings divided by total equity.

- (3) Current ratio is calculated based on current assets divided by current liabilities.
- (4) EPS is calculated based on net profit attributable to Shareholders divided by aggregated weighted average number of issued and paid-up Shares (excluding Treasury Shares) as at 31 March 2025.
- (5) The Company will utilise outstanding intercompany receivables from its subsidiaries to fund the Share Buyback.

The actual impact will depend on the number and price of the Shares bought back. As stated, the Directors do not propose to exercise the Share Buyback Mandate to carry out Share Buyback to such an extent that it would have a material adverse effect to the financial position of the Company or the Group. The purchase of Shares will only be effected after assessing the relative impact of a share buyback taking into consideration both financial factors (such as cash surplus, debt position and working capital requirements) and non-financial factors (such as share market conditions and performance of the Shares).

Shareholders should note that the financial effects illustrated above, based on the respective aforesaid assumptions, are for illustration purposes only. In particular, it is important to note that the above analysis is based on the audited financial statements of the Company and the Group for FY2025, and is not necessarily representative of the future financial performance of the Company and the Group.

It should be noted that although the Share Buyback Mandate would authorise the Company to purchase or otherwise acquire up to 10% of the issued Shares (excluding treasury shares and subsidiary holdings), the Company may not necessarily purchase or acquire or be able to purchase or otherwise acquire the entire 10% of the issued Shares. In addition, the Company may cancel, or hold as Treasury Shares, all or part of the Shares purchased or otherwise acquired provided that the number of Shares held as Treasury Shares does not at any time exceed 10% of the total number of issued Shares.

The Company will take into account both financial and non-financial factors (for example, stock market conditions and the performance of the Shares) in assessing the relative impact of a Share purchase or acquisition before execution.

2.9 Interested Persons

The Company is prohibited from knowingly buying Shares on the SGX-ST from an interested person, that is, a Director, the chief executive officer of the Company or Substantial Shareholder of the Company or any of their Associates, and an interested person is prohibited from knowingly selling his Shares to the Company.

2.10 Take-over Implications Arising from Share Buybacks

Appendix 2 of the Take-over Code ("**Appendix 2**") contains the Share Buyback Guidance Note applicable as at the Latest Practicable Date. The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out below:

2.10.1 Obligation to Make a Take-over Offer

If, as a result of any purchase or acquisition by the Company of its Shares, the proportionate interest in the voting capital of the Company of a Shareholder and persons acting in concert with him/her increases, such increase will be treated as an acquisition for the purposes of Rule 14 of the Singapore Take-over Code ("**Rule 14**") if such increase results in the change of effective control, or, as a result of such increase, a Shareholder or group of Shareholders acting in concert obtains or consolidates effective control of the Company, such Shareholder or group of Shareholders acting in concert could become obliged to make a mandatory take-over offer for the Company under Rule 14 of the Take-over Code.

2.10.2 Persons Acting in Concert

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of shares in a company, to obtain or consolidate effective control of that company.

Unless the contrary is established, the Take-over Code presumes, *inter-alia*, the following individuals and companies to be acting in concert with each other:

- (a) a company with its parent company, subsidiaries, fellow subsidiaries, any associated companies of the foregoing companies, any company whose associated companies include any of the foregoing companies, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing for the purchase of voting rights;
- (b) a company with any of its directors, together with their close relatives, related trusts and any companies controlled by any of the directors, their close relatives and related trusts;
- (c) a company with any of its pension funds and employee share schemes;
- (d) a person with any investment company, unit trust or other fund whose investment such person manages on a discretionary basis, but only in respect of the investment account which such person manages;
- (e) a financial or other professional adviser, including a stockbroker, with its client in respect of the shareholdings of the adviser and the persons controlling, controlled by or under the same control as the adviser and all the funds which the adviser manages on a discretionary basis, where the shareholdings of the adviser and any of those funds in the client total 10% or more of the client's equity share capital;
- (f) directors of a company, together with their close relatives, related trusts and companies controlled by any of them, which is subject to an offer or where they have reason to believe a *bona fide* offer for their company may be imminent;
- (g) partners; and
- (h) an individual, his close relatives, his related trusts, any person who is accustomed to act according to his instructions, companies controlled by any of the foregoing persons, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing persons and/or entities for the purchase of voting rights.

For this purpose, ownership or control of at least 20% but not more than 50% of the voting rights of a company will be regarded as the test of associated company status. The circumstances under which Shareholders, including Directors and persons acting in concert with them respectively, will incur an obligation to make a take-over offer under Rule 14 after a purchase or acquisition of Shares by the Company are set out in Appendix 2 of the Take-over Code.

2.10.3 Effect of Rule 14 and Appendix 2 of the Take-over Code

In general terms, the effect of Rule 14 and Appendix 2 of the Take-over Code is that, unless exempted, Directors of the Company and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring Shares, the voting rights of such Directors and their concert parties would increase to 30% or more, or in the event that such Directors and their concert parties hold between 30% and 50% of the Company's voting rights, if the voting rights of such Directors and their concert parties would increase by more than 1% in any period of six (6) months. In calculating the percentages of voting rights of such Directors and their concert parties, Treasury Shares shall be excluded.

Under Appendix 2, a Shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder would increase to 30% or more, or, if such Shareholder holds between 30% and 50% of the Company's voting rights, the voting rights of such Shareholder would increase by more than 1% in any period of six (6) months. Such Shareholder need not abstain from voting in respect of the resolution authorising the proposed renewal of the Share Buyback Mandate.

The details of the shareholdings of the Directors and substantial shareholders of the Company as at the Latest Practicable Date are set out in paragraph 4 below. Save as disclosed in paragraph 4 below, the Directors and the Substantial Shareholders of the Company do not have any interest, whether direct or indirect, in the Shares.

In accordance with the Take-over Code, Mr Ong Teck Meng and Mr Ong Lim San who are siblings, and Tembusu Asia Holdings Pte Ltd are deemed to be parties acting in concert with each other. As at the Latest Practicable Date, Mr Ong Teck Meng and Mr Ong Lim San have an aggregate interest of more than 50% of the total voting rights of the Company. Assuming that there is no change in the number of Shares held or deemed to be held by Mr Ong Teck Meng, Mr Ong Lim San and Tembusu Asia Holdings Pte Ltd and their concert parties (collectively referred to as the **"Relevant Parties"**), in the event of the purchase or acquisition by the Company of the maximum limit of 10% of the issued and paid-up share capital of the Company (excluding Treasury Shares), none of the Relevant Parties will become obligated to make a mandatory offer under Rule 14 and Appendix 2 of the Take-over Code.

Save as disclosed, the Directors are not aware of any facts or factors which suggest or imply that any particular person(s) and/or Shareholder(s) are, or may be regarded as, parties acting in concert such that their respective interests in voting shares in the capital of the Company should or ought to be consolidated, and consequences under the Take-over Code would ensue as a result of a purchase of shares by the Company pursuant to the Share Buyback Mandate.

SHAREHOLDERS WHO ARE IN DOUBT AS TO THEIR OBLIGATIONS, INTER ALIA, TO MAKE A MANDATORY TAKEOVER OFFER UNDER THE TAKE-OVER CODE AS A RESULT OF ANY PURCHASE OR ACQUISITION OF SHARES BY THE COMPANY SHOULD CONSULT THE SECURITIES INDUSTRY COUNCIL OF SINGAPORE AND/OR THEIR PROFESSIONAL ADVISERS AT THE EARLIEST OPPORTUNITY.

2.11 Listing Status of Shares on the SGX-ST

Rule 723 of the Catalist Rules requires a listed company to ensure that at least 10% of the total number of issued shares (excluding Treasury Shares, preference shares and convertible equity securities) in a class that is listed is at all times held by public shareholders.

The expression **"public"** is defined under the Catalist Rules as persons other than (a) the directors, chief executive officer, substantial shareholders or controlling shareholders of a company and its subsidiaries and (b) the associates (as defined in the Catalist Rules) of the persons described in paragraph (a).

As at the Latest Practicable Date, there are 96,712,255 Shares in the hands of the public, representing 30.47% of the issued Shares of the Company (excluding Treasury Shares). Assuming that the Company purchases its Shares through Market Purchases up to the full 10% limit pursuant to the Share Buyback Mandate from the public on the Latest Practicable Date, the number of Shares in the hands of the public would be reduced to 64,975,835 Shares, representing 22.75% of the issued Shares of the Company (excluding Treasury Shares). The Company does not have any individual shareholding limit or foreign shareholding limit.

Accordingly, the Company is of the view that there is a sufficient number of Shares held by public shareholders which would permit the Company to undertake purchases or acquisitions of its Shares up to the full 10% limit pursuant to the proposed Share Buyback Mandate without affecting the listing status of the Shares on the SGX-ST, and that the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or to affect orderly trading.

2.12 Timing of Purchases

While the Catalist Rules do not expressly prohibit any purchase of shares by a listed company during any particular time or times, because the listed company would be regarded as an “insider” in relation to any proposed purchase or acquisition of its issued shares, the Company will not undertake any purchase or acquisition of Shares pursuant to the Share Buyback Mandate at any time after a price sensitive development has occurred or has been the subject of a decision until the price sensitive information has been publicly announced. In particular, in observing the best practices recommended in the Catalist Rules on securities dealings, the Company will not purchase or acquire any Shares through Market Purchases during the period of one (1) month immediately preceding the announcement of the Company’s interim and full-year results respectively, as the case may be, and ending on the date of announcement of the relevant results.

2.13 Tax Implications

Shareholders who are in doubt as to their respective tax positions or the tax implications arising from the purchase or acquisition of Shares by the Company, or who may be subject to tax in a jurisdiction, should consult their own professional advisers.

3. SHARES BUYBACK IN THE PREVIOUS 12 MONTHS

The Company did not purchase or acquire any Shares during the 12-month period immediately preceding the Latest Practicable Date.

As at the Latest Practicable Date, the Company does not hold any Treasury Shares.
