3Q 2025 Gross Profit Increased Y-o-Y

Healthy performance due to stronger operating performance, portfolio reconstitution and AEIs

- 3Q 2025 gross profit increased 1% year-on-year (y-o-y)
- Stronger operating performance, portfolio reconstitution and asset enhancement initiatives (AEI) drove the increase, mitigating the impact of depreciation of foreign currencies against the SGD
- On a same-store basis, excluding acquisitions and divestments¹ between 3Q 2024 and 3Q 2025, gross profit was 2% lower y-o-y due to a one-off land tax adjustment relating to a property in Australia
- For 9M 2025, gross profit increased 4% y-o-y; on a same-store basis, the increase was 2%

Gross Profit	3Q 2025 vs 3Q 2024	9M 2025 vs 9M 2024
Actual	▲ 1%	▲ 4%
Same-store, excluding acquisitions and divestments ¹	▼ 2%	▲ 2%

Note:
1. Acquisitions include: lyf Funan Singapore (in Dec 2024), ibis Styles Tokyo Ginza and Chisun Budget Kanazawa Ekimae (in Jan 2025) and 3 rental housing properties in Osaka and Kyoto (in Aug 2025); Divestments include: Novotel Sydney Parramatta (in Sep 2024), Citadines Karasuma-Gojo Kyoto and Infini Garden (in Oct 2024) and Somerset Olympic Tower Tianjin (in Apr 2025)

3Q 2025 Performance Summary

Portfolio RevPAU increased 3% y-o-y

		3Q 2025 RevPAU	Y-o-Y % Change in RevPAU	
			Actual	Excluding acquisitions and/or divestments ¹
Australia	AUD	166	22%	22%
Japan	JPY	11,281	(23%)	7%
Singapore	S\$	197	(2%)	
United Kingdom	GBP	195	9%	
USA	USD	258	8%	

		3Q 2025 Revenue	Y-o-Y % Change in Revenue	
			Actual	Excluding property undergoing AEI
France (all master leases)	EUR	5.8 mil	(2%) due to AEI	1%

Notes: RevPAU relates to properties under management contracts and MCMGI, excludes master leases, rental housing and student accommodation

1. Computation excludes acquisitions and divestments between 3Q 2024 and 3Q 2025

2. Percentage of gross rental income for master leases expiring at respective years over the total gross rental income for all master leases

Well-staggered master lease expiry

2025

- The master lease in Japan had been renewed on a new 11-year lease starting from Jan 2026 at similar rent terms
- The master lease in Australia was renewed for another 5 years until 2030; the fixed rent is an increase of 4% in the first year, and 3% for each subsequent year

2026

- One master lease in Australia expiring in 4Q 2026

Australia

RevPAU growth supported by sports events in 2H 2025

10% of total assets, **5%** of 3Q 2025 gross profit: **2** SRs and **4** hotels under management contracts;
1 hotel under MCMGI; **5** SRs under master leases

Management Contracts and MCMGI – SRs & Hotels

- 3Q 2025 RevPAU for properties under management contracts and MCMGI **increased 22% y-o-y to AUD 166** on **higher occupancy and ADR during sports events**, such as the Australian Football League Finals, British and Irish Lions Rugby Tour and Sydney Marathon
- Gross profit for the quarter was lower compared to 3Q 2024 as there was a one-off land tax adjustment relating to Pullman and Mercure Brisbane King George Square

- Continued RevPAU growth in 4Q 2025 is expected** to be driven by a **strong line-up of events**; notable events include The Ashes cricket matches, National Rugby League grand final and several popular concerts

Master Leases – SRs

- 3Q 2025 revenue from master leases was **higher y-o-y** mainly due to the absence of one-off rent adjustments for a property which was undergoing works in the previous year
- The properties receive **fixed rent with annual indexation**, providing stability to CLAS

Notes:

- Pertains to the hotels and SRs under management contracts and MCMGI only
- 3Q 2024 RevPAU is AUD 136, both including and excluding Novotel Sydney Parramatta (NSP) which was divested in Sep 2024

France

Slight dip in revenue mainly due to a property undergoing AEI; demand for lodging remains healthy

8% of total assets, 8% of 3Q 2025 gross profit: 12 SRs under master leases

- 3Q 2025 **revenue dipped 2% y-o-y** mainly due to **lower variable rent from Citadines République Paris, which is undergoing AEI**, partially offset by rent indexation for 2 properties
- Excluding Citadines République Paris, revenue would have increased 1% y-o-y
- **Underlying performance** of the properties remains healthy
- Performance in 4Q 2025 expected to be **driven by transient bookings** in Paris with support from a **base of corporate and group business**, which will provide resilience during periods of lower demand

Japan

Inbound tourism drove demand in 3Q 2025; expected to remain robust in 4Q 2025

18% of total assets, **17%** of 3Q 2025 gross profit: **2** hotels and **1** student accommodation under master lease;
2 SRs, **2** hotels and **26** rental housing under management contracts

Management Contracts – SRs and hotels

- 3Q 2025 RevPAU was 23% lower y-o-y at JPY 11,281 mainly due to the addition of Chisun Budget Kanazawa Ekimae, which was acquired in Jan 2025 and has a lower RevPAU
- On a same-store basis², 3Q 2025 RevPAU was **7% higher y-o-y at JPY 18,024** due to higher occupancy
- Demand was robust on strong inbound tourism and group bookings; **positive trend is expected to continue into 4Q 2025**
- Divestment of Citadines Central Shinjuku Tokyo was completed on 2 Oct 2025

Management Contracts – Rental Housing

- **Acquisition of 3 rental housing properties** in Aug 2025 at an expected net operating income yield of 4% in FY 2025
- Rental housing portfolio **continues to offer stable income** with an **average occupancy of >95%**

Master Leases – Hotels & Student Accommodation

- **Strong performance at the hotels, with higher variable rent received** y-o-y; demand was boosted by the Expo 2025 in Osaka
- Received fixed rent at the student accommodation property in Osaka

Notes:

1. Pertains to the hotels and SRs under management contracts only; excludes rental housing properties
2. Excluding Citadines Karasuma-Gojo Kyoto (CKK) which was divested in Oct 2024, and ibis Styles Tokyo Ginza and Chisun Budget Kanazawa Ekimae which were acquired in Jan 2025

Singapore

Y-o-Y dip in 3Q 2025 mainly due to shift in F1 event dates; uplift expected in 4Q 2025

19% of total assets, **11%** of 3Q 2025 gross profit: **1** SR and **1** hotel under MCMGI; **1** SR under management contract; **1** hotel under master lease; **1** SR under development

MCMGI and Management Contracts – SRs and hotel

- 3Q 2025 RevPAU for properties under MCMGI and management contracts **decreased by 2% y-o-y to S\$197** mainly due to lower ADR
- The decrease was within expectations, given the **shift in the Formula 1 Singapore Grand Prix (F1 event)** from Sep traditionally to Oct this year
- Occupancy increased slightly y-o-y, supported by the World Aquatics Championships

Master Lease – Hotel

- In 3Q 2025, lyf Funan Singapore recorded healthy RevPAU performance relative to its peers

- Performance of the Singapore portfolio in 4Q 2025 is expected to be **stronger y-o-y**, with the F1 event taking place in Oct
- **Demand during the F1 period this year was stronger than last year**, boosting the performance of several CLAS properties

Note:

1. Pertains to the hotel and SRs under management contracts and MCMGI only

United Kingdom

RevPAU growth mainly driven by CHCGL post-AEI

12% of total assets, **14%** of 3Q 2025 gross profit: **4** SRs and **1** hotel under MCMGI

- 3Q 2025 RevPAU **increased 9% y-o-y to GBP 195**, mainly due to **higher RevPAU at Citadines Holborn-Covent Garden London (CHCGL) post-AEI**; ADR at the property increased more than 20% post-AEI
- **Demand in 3Q 2025 was observed across all segments**, with corporate groups providing a stable occupancy base
- **Forward bookings in 4Q 2025 are healthy**, from transient travellers as well as group bookings
- **The Cavendish London is** scheduled to commence renovations in 2026; while RevPAU of the UK portfolio is expected to be impacted during the renovations, **CLAS remains committed to delivering stable distributions** to Stapled Securityholders

United States

Growth led by the hotels, on the back of stronger corporate demand and city-wide events

18% of total assets, **23%** of 3Q 2025 gross profit: **3** hotels and **8** student accommodation under management contracts

RevPAU (USD)¹

Management Contracts – Hotels

- 3Q 2025 RevPAU **increased 8% y-o-y to USD 258** mainly due to higher ADR
- **An increase in corporate travel and city-wide events**, such as the United Nations General Assembly, Ryder Cup and New York Fashion Week, boosted demand during the quarter
- **CLAS' hotels have a higher proportion of domestic guests** and are expected to be less impacted by trade tensions
- **Outlook for 4Q 2025 is softer** due to the government shutdown and slower international demand, though mitigated by major seasonal and retail events
- **Limited new supply of hotel rooms** is expected to support performance going forward

Management Contracts – Student Accommodation

- Properties have an **average occupancy of c.89%** for academic year (AY) 2025-2026, as of Sep 2025, in line with the market
- **Rent decreased marginally by c.0.9%** for AY 2025-2026 over the previous AY due to softer demand and an increase in supply in some markets
- As over 90% of tenants are **local students** from reputable universities with high enrolment rates, CLAS' properties are **less affected by changes in international visa policies**

Note:

1. Pertains to the 3 hotels and excludes the student accommodation properties

Portfolio Updates

CapitaLand
Ascott Trust

Proactive Investment & Portfolio Reconstitution

Building a stronger portfolio, enhancing the quality and performance of CLAS' properties

Divestments to unlock value

- Divesting **properties which have reached the optimal stage of their life cycle**
- **Redeploying proceeds into more optimal uses**, including investing in higher-yielding properties, funding AEs and paying down debts with higher interest rates

Accretive Investments in quality properties

- **Accretive investments** in **prime locations** within key gateway cities supported by **strong demand drivers for travel and/or living**
- **Selectively undertaking development projects** with attractive stabilised yields

Asset Enhancement to uplift performance and valuations

- AEs from 2025 to 2027 and beyond provide CLAS with **further capacity for growth**

- Built about five years ago, the properties are in **prime areas of key gateway cities** with **expanding economic opportunities**
 - Two of the properties are in Osaka, while the third is in Kyoto
- Acquisition is **funded by proceeds from the divestment** of Citadines Karasuma-Gojo Kyoto (CKK) in Oct 2024 **and JPY-denominated debt**
- Expected net operating income (NOI) entry yield of the acquisition is **4% in FY 2025, significantly higher than the NOI exit yield of 0.4%¹** from the divestment of CKK
 - Distributable income from the 3 properties is expected to **more than fully replace the income from the divestment**
- **Strengthens portfolio resilience** with average lease terms of about two years and average occupancy of c.97%²

Net gain after tax

Citadines Central Shinjuku Tokyo

- Built in 2008, **substantial capital expenditure and temporary closure would be required** to enhance its operational performance and maintain competitiveness
- CLAS has divested the property at **approximately 100% premium to book value** of the property as at 30 Jun 2025, unlocking an **attractive net gain after tax of JPY5.7 bil (S\$50.8 mil)**
- CLAS will redeploy the proceeds more effectively into other uses, such as repaying higher-interest debt, funding AELs, reinvesting in higher-yielding properties, and/or for general corporate purposes
- Assuming the net proceeds are used to repay debt with an effective rate of 4.6% p.a.³, and accounting for the loss of income from the divestment, the **expected DPS accretion is 1.0% on a FY 2024 pro forma basis**

Notes: For illustrative purposes, certain JPY amounts have been translated into Singapore dollars. Unless otherwise indicated, such translations have been made based on an illustrative exchange rate of JPY1.00 = S\$0.008908.

1. The Divestment Consideration includes the price for the furniture, fixtures and equipment (FFE) at JPY3.9 mil (or approximately S\$34,000), which is the estimated book value of the FFE as at completion date

2. The exit EBITDA yield of 3.2% is based on the Property's FY 2024 EBITDA of JPY0.8 bil over the Divestment Consideration of JPY25.0 bil

3. The effective interest rate of 4.6% was determined based on the actual interest expense for FY2024 incurred on the loans identified for repayment

Asset Enhancement & Development Initiatives

Uplifting the value and profitability of properties in prime locations of key gateway cities

Asset Enhancement Initiatives

- CLAS completed 6 projects in 2024 and 1 project, ibis Ambassador Seoul Insadong, in 1H 2025
- Total capital expenditure for the 5 remaining AEIs is c.S\$240 mil, of which CLAS' investment is c.S\$180 mil; the remaining will be funded by the master lessee or operator of the properties
- Given the uncertain global outlook, CLAS will monitor the macroeconomic situation, lodging demand and renovation costs, and may adjust the AEI schedules

Development

- Redevelopment of former Somerset Liang Court Singapore to a 192-unit serviced residence with hotel licence in the popular riverfront lifestyle and entertainment Clarke Quay precinct
- Development work is expected to be completed in 2026, with the property commencing operations in 2027

Looking Ahead

Resilience Amid Macroeconomic Uncertainties

CLAS' diversification and stable income sources cushion the impact from tariffs

Tariffs may lead to...

...higher costs

...volatility in travel demand

...interest rate and
foreign currency volatility

Mitigated by...

- CLAS' predominantly long-stay properties have **leaner cost structures** compared to full-service hospitality properties
- For properties under master leases, **operating costs are largely covered by the lessees**, and for living sector, **utility costs are borne by the tenants**
- CLAS' properties have the flexibility to **adjust room rates to mitigate inflationary pressures**
- Further steps will be taken to manage costs, including **deferring non-essential capital expenditure**

- **Stable income sources comprise 60% - 70% of CLAS' gross profit**
 - Average length of stay of CLAS' portfolio was c.2 months in FY 2024
 - Living sector is counter-cyclical and resilient through market cycles
 - Master leases and MCMGI offer downside protection
- **Diversified guest mix** across corporate, leisure, international and domestic segments
- Properties are primarily in the **mid-tier segment**
 - Well-positioned to cater to travellers who now seek more affordable options

- High proportion of debt effectively on **fixed rates**
- **Average cost of debt is low** at 2.9% p.a. and **interest cover is healthy** at 3.1 times
- **Geographically diversified** with 12 currencies, and the strengthening of some currencies balances out the weakening of others
- CLAS adopts a **natural hedge** by borrowing in the currency of the underlying assets and **hedging instruments** are used where appropriate

Stable Returns, Future-Focused Growth

Committed to delivering stable distributions to Stapled Securityholders

Resilience from diversification and stable income sources

- Amid the global uncertainties, CLAS remains cautiously optimistic
- Resilience from diversification across geographies, lodging asset classes, and contract types
- In 3Q 2025, 69% of CLAS' gross profit was from stable income sources, of which 14% of the gross profit was from living sector assets

Growth from proactive portfolio reconstitution and management

- CLAS continues to actively enhance the quality of its portfolio and earnings
- Asset enhancement and development projects are expected to uplift distribution income and portfolio value
- Proactive portfolio reconstitution, divesting properties and reinvesting the proceeds into acquisitions, AELs, and/or repayment of higher-interest debt

Delivering stable distributions notwithstanding market conditions

- CLAS has a strong financial position and remains disciplined in capital management
- CLAS is committed to distributing stable distributions through enhancing core distribution income from its operating performance and distributing non-periodic and/or divestment gains when appropriate

Thank You
