Management Discussion and Analysis

BUSINESS REVIEW AND OUTLOOK

In the first half of 2026, we recorded revenue of RMB232.1 million, compared with RMB291.1 million in the first half of 2025, mainly due to a decline in the number of existing operating bars (self-operated bars and franchise bars) compared with the same period last year, as well as a decrease in same-store daily revenue.

In the first half of 2026, the total number of the Group's bars decreased from 576 at the beginning of the year to 555 as of June 30, 2026. Among them, the number of self-operated bars and franchised bars decreased by a net of 2 and HiBeer Partnership bars decreased by a net of 19.

In the first half of 2026, the contribution gross margin of our self-operated bars decreased from 73.9% in the first half of 2025 to 73.6%, of which the gross margin of our branded alcoholic drinks decreased from 80.2% in the first half of 2025 to 75.8%. This was mainly attributable to the decline in end-store prices.

We are actively implementing multiple initiatives to restore same-store performance, including: (1) continuously optimizing product portfolio, refining product mix and enhancing product quality; (2) reinforcing the marketing system, membership systems and the construction of public and private domain systems to enhance customer acquisition and repeat purchase. Going forward, as same-store daily sales stabilize and recover, bar-level operating profit margins are expected to further improve.

Looking ahead, on the one hand, we will continue to consolidate and expand our self-operated bar network; on the other hand, while continuously optimizing "HiBeer Partnership" bar model. At the same time, we will continue to strengthen supply chain integration and space design capabilities, thereby continuously creating new value for consumers' evolving lifestyles.

REVENUE

Our revenue decreased by 20.3% from RMB291.1 million for the six months ended June 30, 2025 to RMB232.1 million for the six months ended June 30, 2026, mainly due to a decline in the number of existing operating bars (self-operated bars and franchise bars) compared with the same period last year, as well as a decrease in same-store daily revenue.

The following table sets forth the revenue by segment and services and a breakdown of revenue during the indicated periods.

OTHER INCOME

Our other income increased by 57.1% from RMB0.7 million for the six months ended June 30, 2025 to RMB1.1 million for the six months ended June 30, 2026, mainly due to rental income generated from renting out a portion of our office building.

Management Discussion and Analysis

COST OF RAW MATERIALS AND CONSUMABLES USED

The cost of our raw materials and consumables used decreased by 22.0% from RMB116.1 million for the six months ended June 30, 2025 to RMB90.5 million for the six months ended June 30, 2026, including the cost of raw materials and consumables of self-operated bars of RMB39.1 million and the cost of raw materials and consumables generated by sales of products to “HiBeer Partnership” bars of RMB51.4 million. The decrease in the cost of raw materials and consumables used was mainly due to the decrease in the revenue and the amount of the required raw materials and consumables.

EMPLOYEE BENEFIT AND MANPOWER SERVICE EXPENSES

Our employee benefit and manpower service expenses decreased by 15.1% from RMB61.6 million for the six months ended June 30, 2025 to RMB52.3 million for the six months ended June 30, 2026. The decrease in employee benefit and manpower services expenses was primarily due to a concurrent reduction in employee wages and benefits resulting from the decline in the number of our employees.

DEPRECIATION OF RIGHT-OF-USE ASSETS

The depreciation of our right-of-use assets basically remained stable with RMB16.7 million for the six months ended June 30, 2025 and RMB16.4 million for the six months ended June 30, 2026.

DEPRECIATION OF PROPERTY, PLANT AND EQUIPMENT

The depreciation of our property, plant and equipment decreased by 19.5% from RMB15.9 million for the six months ended June 30, 2025 to RMB12.8 million for the six months ended June 30, 2026. The decrease was mainly due to a reduction in the property, plant and equipment of self-operated bars as the number of bars declined.

DEPRECIATION OF INVESTMENT PROPERTIES

The depreciation of investment properties increased by 52.9% from RMB1.7 million for the six months ended June 30, 2025 to RMB2.6 million for the six months ended June 30, 2026. The increase was mainly due to change in use arisen from the conversion of a portion of our office asset for rental purposes.

SHORT-TERM RENTAL AND OTHER RELATED EXPENSES

Our short-term rental and other related expenses decreased by 49.5% from RMB9.7 million for the six months ended June 30, 2025 to RMB4.9 million for the six months ended June 30, 2026. The decrease was primarily due to a reduction in the number of employees at our self-operated bars as a result of the optimization and adjustment of our bar network, which in turn led to a decrease in the number of short-term employee dormitories leased by us.

UTILITIES EXPENSES

Our utilities expenses basically remained stable with RMB4.8 million for the six months ended June 30, 2025 and RMB4.7 million for the six months ended June 30, 2026.

Management Discussion and Analysis

TRAVELLING AND RELATED EXPENSES

Our travelling and related expenses basically remained stable with RMB2.4 million for the six months ended June 30, 2025 and RMB2.5 million for the six months ended June 30, 2026.

ADVERTISING AND PROMOTION EXPENSES

Our advertising and promotion expenses increased by 22.7% from RMB2.2 million for the six months ended June 30, 2025 to RMB2.7 million for the six months ended June 30, 2026. The increase was mainly due to our increased investment in online marketing since the beginning of this year.

NET REVERSAL OF IMPAIRMENT LOSSES OF TRADE RECEIVABLES

For the six months ended June 30, 2026, our net reversal of impairment trade receivables amounted to RMB19,000 (for the six months ended June 30, 2025: impairment trade receivables of RMB19,000).

OTHER EXPENSES

Our other expenses increased by 32.8% from RMB20.1 million for the six months ended June 30, 2025 to RMB26.7 million for the six months ended June 30, 2026. The increase was primarily due to corresponding increase in our daily operation and maintenance expenses.

OTHER LOSSES, NET

For the six months ended June 30, 2026, we incurred net other losses of RMB8.8 million which primarily comprised (i) losses on optimization and adjustment of our bars of RMB3.1 million, including losses on disposal of plant and equipment (approximately RMB2.1 million), loss on rental deposits (approximately RMB0.7 million), penalties and compensation for early termination (approximately RMB0.04 million), and loss on termination of leases (approximately RMB0.3 million); (ii) exchange loss of RMB5.9 million due to depreciation of USD and/or HKD denominated assets; and (iii) fair value changes of financial assets at fair value through profit or loss (approximately RMB0.2 million).

FINANCE INCOME

Our finance income decreased from RMB19.2 million for the six months ended June 30, 2025 to RMB8.8 million for the six months ended June 30, 2026. The decrease was primarily due to the reduction in bank deposit amounts.

FINANCE COSTS

Our finance costs decreased by 21.1% from RMB3.8 million for the six months ended June 30, 2025 to RMB3.0 million for the six months ended June 30, 2026. The decrease in finance costs was mainly attributable to lease liabilities decline with a decrease in the number of bars, resulting in a decrease in related interest.

Management Discussion and Analysis

PROFIT BEFORE INCOME TAX

As a result of the foregoing, the profit before income tax was RMB14.2 million for the six months ended June 30, 2026, and the profit before income tax was RMB51.9 million for the six months ended June 30, 2025, and the profit before income tax margin was 6.1% and 17.8% for the same periods, respectively.

INCOME TAX EXPENSES

The income tax expenses was RMB0.4 million for the six months ended June 30, 2026 and RMB1.6 million for the six months ended June 30, 2025. This was mainly due to the expiration of unused tax losses recognized as deferred tax assets previously.

PROPERTY, PLANT AND EQUIPMENT

Our property, plant and equipment represent (i) building, (ii) office equipment such as printers, (iii) computer equipment, (iv) furniture and fixture used in bars such as tables and chairs and facilities in kitchens, (v) leasehold improvement and (vi) motor and vehicle. Our property, plant and equipment decreased from RMB159.9 million as of December 31, 2025 to RMB147.8 million as of June 30, 2026. The decrease in our property, plant and equipment in the first half of 2026 was mainly due to depreciation and reclassification of certain property, plant and equipment as investment properties.

INTANGIBLE ASSETS

Our intangible assets mainly include office systems and software that we have purchased. Our intangible assets remained generally stable with RMB24,000 and RMB15,000, respectively, as of December 31, 2025 and June 30, 2026, respectively.

RIGHT-OF-USE ASSETS

Our right-of-use assets (i.e. our confirmed long-term leased properties) decreased from RMB78.2 million as of December 31, 2025 to RMB76.4 million as of June 30, 2026. Such decrease was due to depreciation and the termination of certain self-operated bars' lease contracts under the optimization and adjustment of the strategic transformation of the Company.

INVESTMENT PROPERTIES

Our investment properties increased from RMB66.9 million as of December 31, 2025 to RMB67.7 million as of June 30, 2026. The increase in investment properties was mainly due to further conversion of a portion of our office asset for rental purposes, which was subsequently classified as investment properties during the first half of 2026.

DEFERRED TAX ASSETS

The deferred tax assets slightly decreased from RMB71.3 million as of December 31, 2025 to RMB70.9 million as of June 30, 2026 mainly due to the expiration of unused tax losses that had previously been recognised as deferred tax assets.

Management Discussion and Analysis

INVENTORIES

Our inventories represent the alcoholic drinks, food and consumables used in our bar operations.

The following table sets forth our inventory balance as of the dates indicated.

	As of	
	June 30, 2026 (RMB in thousands)	December 31, 2025 (RMB in thousands)
Inventories		
Alcoholic drinks	8,938	11,472
Food	3,047	3,219
Consumables	6,482	857
Total	18,467	15,548

Our inventory balance increased from RMB15.5 million as of December 31, 2025 to RMB18.5 million as of June 30, 2026, while our inventory turnover days increased from 29.2 days as of December 31, 2025 to 33.8 days as of June 30, 2026.

PREPAYMENTS, DEPOSITS AND OTHER RECEIVABLES

Our prepayments, deposits and other receivables primarily include rental and other deposits, other tax receivable and other prepayments. Our prepayments, deposits and other receivables decreased from RMB62.9 million as of December 31, 2025 to RMB56.2 million as of June 30, 2026. The decrease was mainly due to the Group's strategic consideration of bars optimization and adjustment, resulting in the decrease in rental deposit.

TRADE RECEIVABLES

Our trade receivables decreased by 14.1% from RMB26.2 million as of December 31, 2025 to RMB22.5 million as of June 30, 2026, mainly due to the structural changes in the revenue from franchise business. During the Reporting Period, our revenue from franchise business was mainly from the sales of products to "HiBeer Partnership" bars. Trade receivables corresponding to such revenue had a faster turnover, resulting in a decrease in the balance of trade receivables.

FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

As of June 30, 2026, we had financial assets at fair value through profit or loss of RMB25.0 million (as of December 31, 2025: RMB55.8 million), mainly because we purchased less low-risk bond products.

CASH AND BANK BALANCES

Our cash and bank balances comprise cash and cash equivalents, term deposits with original maturity over three months and restricted cash. Our cash and bank balances were RMB588.9 million and RMB479.5 million as of December 31, 2025 and June 30, 2026, respectively, and the decrease in cash and bank balances in the first half of 2026 was mainly due to the payment of the 2025 final dividend.

Management Discussion and Analysis

LEASE LIABILITIES

We had lease liabilities of RMB102.4 million and RMB92.5 million as of December 31, 2025 and June 30, 2026, respectively. The decrease in lease liabilities was mainly because of the decrease in number of bars as a result of the Group's strategic consideration of bars optimization and adjustment.

TRADE PAYABLES

Our trade payables mainly represent the expenses payable to our suppliers to purchase raw materials, equipment and other supplies that are necessary for our bar operations. Our trade payables decreased from RMB21.8 million as of December 31, 2025 to RMB19.3 million as of June 30, 2026. The decrease was primarily due to a drop in our revenue, which led to a corresponding reduction in procurement from suppliers. Our trade payables turnover days slightly decreased from 41.3 days as at December 31, 2025 to 40.8 days as at June 30, 2026, remaining relatively stable over the period.

OTHER PAYABLES AND ACCRUALS

Our other payables and accruals decreased from RMB40.7 million as of December 31, 2025 to RMB36.7 million as of June 30, 2026. Such decrease was mainly due to reduced product procurement, which also resulted in a decrease in other payables associated with logistics, services and other related operations.

LIQUIDITY AND CAPITAL RESOURCES

We have adopted a prudent treasury management policy. We placed a strong emphasis on having funds readily available and accessible and were in a stable liquidity position with sufficient funds in standby banking facilities to cope with daily operations and meet its future development demands for capital.

During the Reporting Period, we mainly used cash generated from operating activities for our business. Our cash and bank balances were RMB588.9 million and RMB479.5 million as of December 31, 2025 and June 30, 2026, respectively. Our cash were mainly used to meet the needs of business operation.

Going forward, we expect to fund our operations in part with revenue generated from operations of our bars. However, with the continuing expansion of our business, we may require further funding through public or private equity offerings, debt financing and other sources. We will continue to evaluate potential financing opportunities based on our need for capital resources and market conditions.

INDEBTEDNESS

Bank borrowings

As of June 30, 2026, we had bank borrowings with maturity within one year of RMB11.2 million (December 31, 2025: RMB40.0 million), and bank borrowings with maturity over one year of RMB8.5 million (December 31, 2025: nil), all of which were secured with guarantee.

Lease liabilities

As of June 30, 2026, our lease liabilities amounted to RMB92.5 million.

Management Discussion and Analysis

CONTINGENT LIABILITIES

As of June 30, 2026, we did not have any material contingent liabilities.

CAPITAL COMMITMENTS

As of June 30, 2026, we did not have any capital commitments.

CAPITAL EXPENDITURES

Our capital expenditures were incurred primarily for opening new bars, acquiring equipment, refurbishing existing bars and purchasing furniture and equipment required for bar operations. Our total capital expenditures increased from RMB3.9 million as of June 30, 2025 to RMB6.2 million as of June 30, 2026. The increase was due to the fact that the Group continued to promote the upgrading and renovation of certain existing bars, resulting in an increase in the corresponding renovation expenditure.

GEARING RATIO

As of June 30, 2026, our gearing ratio was 2.6% (as of June 30, 2025: 3.0%). The gearing ratio is calculated by the total debt (including interest-bearing bank and other borrowings) divided by total equity at the end of the period multiplied by 100%.

FOREIGN EXCHANGE RISK

For the six months ended June 30, 2026, we mainly operated in China. We are exposed to foreign exchange risk primarily because the proceeds from the Global Offering are denominated in Hong Kong dollars and certain bank deposits denominated in US dollars.

During the Reporting Period, the Group was not engaged in any foreign exchange hedging related activity. However, our management monitors foreign exchange exposure and will consider appropriate hedging measures should the need arise in the future.

PLEDGE OF ASSETS

As of June 30, 2026, certain buildings were pledged as security for bank borrowings.

SIGNIFICANT INVESTMENT, MATERIAL ACQUISITION AND DISPOSAL

For the six months ended June 30, 2026, the Group did not have any significant investments, material acquisitions or disposals of subsidiaries, associates and joint ventures. In addition, except for the expansion plan disclosed in sections "Business" and "Future Plans and Use of Proceeds" in the Prospectus, the Group did not have any specific plans for significant investments or acquisition of material capital assets or other businesses. The Group, however, will continue to identify new business development opportunities.

19 LEASES

(a) The Group's leasing activities

The Group leases various properties and the rental contracts are typically made for fixed periods of 3 to 8 years.

Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants, but leased assets may not be used as security for borrowing purposes. None of the Group's leases contain variable lease payment terms that are linked to sales generated from the leased premises.

Certain of the Group's leases contain extension options to allow the Group to notify and negotiate with the lessors on renewal of leases a few months in advance before the expiry of leases. Termination options are also included in a number of the Group's property leases and exercisable by the Group. Options which are reasonably certain to be exercised are taken into account when determining lease terms and measuring lease liabilities.
