BOUSTEAD PROJECTS AWARDED REDEVELOPMENT DESIGN-AND-BUILD CONTRACT BY AIMS AMP CAPITAL INDUSTRIAL REIT

- ***Project involves redevelopment design-and-build of industrial facility***
- ***Boustead Projects Group's order book backlog raised to S\$234 million (unrecognised project revenue as at end of March 2016 plus total value of new orders secured since then)***

Singapore, 4 August 2016

Boustead Projects Limited ("Boustead Projects" or the "Group") – a leading specialist in real estate solutions – is pleased to announce that it has been awarded a design-and-build contract by HSBC Institutional Trust Services (S) Limited as trustee of repeat client, AIMS AMP Capital Industrial REIT ("AA REIT") for the redevelopment of an industrial property located in Marsiling, Singapore ("the Facility").

Construction of the Facility – a five-storey industrial facility redevelopment – is expected to commence shortly and be completed by the second half of calendar year 2017.

The latest contract awarded to Boustead Projects by AA REIT follows after the award of another redevelopment design-and-build contract by AA REIT in April – the construction of which is progressing well on schedule. Back in mid-2014, Boustead Projects also completed the redevelopment design-and-build of AA REIT's Defu Lane site into a high-value six-storey industrial facility.

Mr Koh Wee Lih, Chief Executive Officer of AIMS AMP Capital Industrial REIT Management Limited, said, "Seeking yield-accretive investments forms a key part of our value creation strategy for Unitholders and we will continue to evaluate further yield-accretive redevelopment opportunities in Singapore. We are glad to award Boustead Projects this redevelopment project based on yet another strong submission from them and their excellent track record."

Mr Thomas Chu, Managing Director of Boustead Projects said, "We are honoured with the trust and confidence that AIMS AMP Capital Industrial REIT has shown in Boustead Projects by having awarded us with two redevelopment design-and-build projects in 2016. AIMS AMP Capital Industrial REIT seeks to enhance their well-diversified industrial leasehold portfolio through yield-accretive investments and in this respect, we are pleased to be playing an important role in helping them realise the projected value of their latest investment. We also look forward to successfully delivering this latest project on time and within budget."

The latest contract has raised the Boustead Projects Group's order book backlog to S\$234 million (unrecognised project revenue as at the end of March 2016 plus total value of new orders secured since then).

This contract is not expected to have a material impact on the profitability, earnings per share and net tangible asset value per share of the Boustead Projects Group in the current financial year ending 31 March 2017.

None of the Directors or controlling shareholders of Boustead Projects has any interest, direct or indirect, in the abovementioned contract.

Listed on the SGX Mainboard on 30 April 2015, Boustead Projects is a 51%-owned subsidiary of Boustead Singapore Limited, a progressive global infrastructure-related engineering services and geo-spatial technology group which is separately listed on the SGX Mainboard.

By Order of the Board

Tay Chee Wah
Company Secretary

Boustead Projects Limited's admission to and listing on the Singapore Exchange Securities Trading Limited was sponsored by CIMB Bank Berhad, Singapore Branch. CIMB Bank Berhad, Singapore Branch assumes no responsibility for the contents of this announcement.

About Boustead Projects Limited

Established in 1996, Boustead Projects Limited is a leading industrial real estate solutions provider in Singapore, with core engineering expertise in the design-and-build, and development of industrial facilities for multinational corporations and local enterprises. To date, we have constructed and developed more than 3,000,000 square metres of industrial real estate regionally in Singapore, China, Malaysia and Vietnam. We are approved by the Building & Construction Authority ("BCA") of Singapore for Grade CW01-A1 and General Builder Class One License to execute building construction contracts of unlimited value.

Our in-depth experience in designing and constructing custom-built facilities covers the aerospace, commercial, electronics, food processing, healthcare, high-tech manufacturing, lifestyle, logistics, oil & gas, petrochemical, precision engineering, R&D, resource recovery, technology and transportation industries. We are also a leader in pioneering advanced eco-sustainable facilities under the BCA's Green Mark Programme and the U.S. Green Building Council's Leadership in Energy & Environmental Design Program. In Singapore, we are one of only nine bizSAFE Mentors and also a bizSAFE Star, the highest qualification that can be attained in recognition of a company's health, safety and environmental management programmes.

On 30 April 2015, Boustead Projects listed on the SGX Mainboard.

Boustead Projects is a 51%-owned subsidiary of Boustead Singapore Limited, a progressive global Infrastructure-Related Engineering Services and Geo-Spatial Technology Group which is separately listed on the SGX Mainboard.
