### **CORPORATE PROFILE**

Established in 1973 as a co-operative effort by all the insurance companies then operating in the Republic, Singapore Reinsurance Corporation Limited (**Singapore Re**) serves the domestic (re)insurance industry as well as those in the Asian region and beyond.

It leverages on the symbiotic ties with business partners to offer value-added services and products directly, and also through its subsidiaries which serve the financial services sector in the following areas:

- Publishing and conferencing services; and
- Property management and consultancy services.

Listed on the main board of the Singapore stock exchange since 1987, Singapore Re has grown steadily since its formative years, with the Group's shareholders' funds and total assets amounting to S\$259 million and S\$771 million, respectively as at 31 December 2017. The Corporation's A- (Excellent) rating from A.M. Best, the world's oldest and authoritative source of insurance ratings, demonstrates Singapore Re's financial strength.

The mission of Singapore Re is to be a professional reinsurer of high repute committed to offering business partners innovative reinsurance solutions and value-added support services, while at the same time striving to generate consistent returns and enhanced value for shareholders.

### **CHAIRMAN'S STATEMENT**

The cumulative economic losses from natural and man-made disasters globally in 2017 reached USD306 billion, a jump of easily 60% from the USD190 billion 10-year annual average per Swiss Re's SIGMA report. In terms of insured losses, 2017 recorded USD136 billion loss estimate, making it the third most expensive year on record after 2005 and 2011.

The year under review started off relatively quietly but in late-August and September three Category 4+ Atlantic hurricanes pounded the eastern parts of the United States and the Caribbean in quick succession, namely Harvey, Irma and Maria (acronym "**HIM**"). Together hurricanes HIM caused insured losses of about USD90 billion, and the hurricanes were soon followed by two massive earthquakes in Mexico which caused insured damages exceeding USD2 billion. On the western coast in sunny California, extreme hot and dry weather conditions ignited wildfires and preliminary reports suggest that the insured losses to residential and commercial properties could exceed USD12 billion.

Comparatively, the Asian region was more fortunate. The few loss events of significance were Category 4 tropical cyclone Debbie which impacted northeastern Australia in March and typhoon Hato which primarily hit Macau and southern China in August. The insurance loss estimates for Debbie and Hato of USD1.3 billion and USD800 million, respectively paled in comparison to the likes of HIM.

The initial anticipation that the spate of large insured losses in the USA could sufficiently stem the premium downtrend experienced over the past 5 years fizzled out fairly quickly. Global (re)insurance over-capacity continued unabated and even the insurance-linked securities players managed to obtain fresh capital injection.

In the investment arena, the (re)insurance industry continued to face headwinds amidst the low interest rate environment. Reasonable investment earnings were hard to come by, further compounded by the volatility in equity prices as depicted by the 34.6% increase in the MSCI Asia Pacific (ex Japan) Index in 2017, in contrast to the 2.8% decline in preceding year.

Against this backdrop, the Group's premium revenue rose 7.9% to S\$182 million in 2017 with contributions entirely from markets outside Singapore. Overall, premium revenue emanating from Singapore slid to 36% of total premium revenue, and the remaining 64% was largely derived from ceding companies in other parts of Asia (including the Middle East). The key classes written were Fire and Accident (including Casualty) which contributed 50.1% and 41.9% of premium revenue, respectively, while Marine business generated another 8%. As the Asian region, where your Corporation derived the bulk of its business from, was relatively benign in terms of natural peril claims severity, your Corporation recorded an underwriting surplus of S\$1.3 million in 2017, compared to the S\$2.1 million deficit in 2016.

### **CHAIRMAN'S STATEMENT**

The Group's investment assets remained primarily in bonds and government securities which comprised 47.6% of total investment funds, followed by 16.1% in properties and 13.5% in equities. For 2017, the Group's net investment income rose 9.2% to \$\$12.3 million (2016: \$\$11.3 million), benefiting from higher revaluation surplus for the property investments. The net investment return of 2.8% annual yield based on market value was marginally higher than the 2.7% investment yield a year earlier. Overall, the Group's pre-tax profit jumped 42.3% to \$\$14.1 million (2016: \$\$9.9 million) due to the underwriting surplus and higher investment returns. The Group's total assets, which comprised the sum of shareholders' and insurance funds, exhibited strong growth to \$\$771.4 million, 9.7% higher than the preceding year. Correspondingly, the NAV rose to 42.82 cents per share, compared to the previous year's 39.79 cents per share.

Taking into consideration the favourable operating performance for the year under review, your Board is recommending a final dividend of 0.8 cent (2016: 0.6 cent) per share. Adding to the interim dividend of 0.5 cent per share, the total dividend of 1.3 cents (2016: 1.3 cents) is equivalent to 4.1% dividend yield (2016: 4.3%).

Once again, the independent international rating agency A.M. Best has reaffirmed your Corporation's financial strength rating of A- (Excellent) with Stable outlook.

#### **Looking Ahead**

Given the challenging times ahead with numerous continuing uncertainties associated with climate change, geopolitical and economic factors, there are indications that the international reinsurance sector may be heading for certain substantive changes with some companies actively looking for M&A opportunities to achieve greater economies of scale whilst others seeking to exit unprofitable markets. Would the end sum of these likely events be a more rational marketplace, only time can tell. Meanwhile, although the spate of mega losses in 2017 took its tolls on earnings, it had modest impact on the capital of those who wrote business in North America. A.M. Best jointly with Guy Carpenter (part of the Marsh & McLennan group) assessed global reinsurance capacity continued to expand to USD427 billion as at end-2017, up 2% from USD420 billion in 2016. From an operational perspective, it means that reinsurers will continue to have to contend with a highly competitive over-supply situation.

Globalization appears to be suffering a setback as evidenced by the prevalence of protectionist measures being adopted in a number of insurance markets regionally and worldwide. This coupled with the pursuit of stricter solvency requirements by regulators in various emerging markets would result in an even more demanding operating environment for reinsurers. It would be increasingly difficult to achieve meaningful premium growth and underwriting profitability.

On a positive note, the four major economies namely, US, China, Japan and Europe are expected to remain steady in growth. Hopefully it would lead to a

more conducive investment environment. However, volatility will be unavoidable given the many continuing uncertainties. The Group will remain highly vigilant in the prudent management of its investment portfolio to ensure reasonable returns.

Despite the additional costs arising from complying with recent changes in corporate disclosures and other regulatory requirements, your Board and management take a firm view that they are in the long term interests of all stake-holders. They are part and parcel of the many challenges posed by an evolving operating environment amid rapid technological changes. In the Group's continued endeavours to improve performance, Board and management will strive to ensure it will have adequate human and other resources to face the daunting task ahead and to remain relevant in a fast changing scenario.

On behalf of the Board, we wish to thank Mr Ravi Menon, Managing Director of the Monetary Authority of Singapore and his team for their wise counsel and enlightening leadership. In addition, we definitely cannot do without the longstanding support from our shareholders, cedants, brokers, reinsurers and other business partners, as well as the hard work of the management and staff as we chart our way forward.

### NOTES TO THE SUMMARY FINANCIAL STATEMENTS

#### (a) Basis of preparation

The financial statements are prepared in accordance with the Singapore Financial Reporting Standards (FRS).

The financial statements have been prepared on the historical cost basis except for the following material items in the statement of financial position:

- available-for-sale financial assets are measured at fair value
- investment properties and leasehold land and buildings are measured at fair value

The financial statements are presented in Singapore dollars which is the Company's functional currency. All financial information presented in Singapore dollars has been rounded to the nearest thousand, unless otherwise stated.

The assets and liabilities of the Group which relate to the reinsurance business carried on in Singapore are subject to the requirements of the Insurance Act. Such assets and liabilities are accounted for in the books of the insurance funds established under the Insurance Act. Assets held in the insurance funds may be withdrawn only if the withdrawal meets the requirements stipulated in Section 17 and the Group continues to be able to meet the solvency requirements of Section 18 of the Insurance Act and Insurance (Valuation and Capital) Regulations. All other assets and liabilities are accounted for in the books of the "non-reinsurance funds".

All income and expenses relating to the reinsurance business are reported under the "Reinsurance operations" in profit or loss. All other income and expenses are reported as "Non-reinsurance operations" in profit or loss.

The financial statements of the Group represent the combined assets and liabilities, and income and expenses of the reinsurance funds and the non-reinsurance funds.

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Judgements made by management in applying accounting policies that could have a significant effect on the amount recognised in the financial statements relate mainly to outstanding claim provisions and estimates of premium, commission and loss estimates for bilateral cessions business.

#### **Explanatory Notes:**

- (1) The ordinary resolution 7 in item 6 above, if passed, is to enable the directors to issue further shares in the Company and to make or grant securities convertible into ordinary shares, and to issue ordinary shares pursuant to instruments, up to an amount not exceeding 50% of the issued shares in the capital of the Company of which the aggregate number of shares to be issued other than on a *pro-rata* basis to existing shareholders, does not exceed 20% of the Company's issued shares. For the purpose of determining the aggregate number of shares that may be issued, the percentage of issued shares in the capital of the Company shall be based on the issued shares in the capital of the Company at the time this resolution is passed, after adjusting for (1) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards that are outstanding or subsisting when this resolution is passed; and (2) any subsequent consolidation or sub-division of shares. This authority will, unless revoked or varied at a General Meeting, expire at the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is the earlier.
- (2) The ordinary resolution 8 proposed in item 6 above, if passed will renew, effective until the next AGM or the date by which the next AGM is required by law to held, whichever is the earlier, the Share Buy-Back Mandate for the Company to make purchases or acquisition of its shares up to a maximum of 10% of the total number of issued ordinary shares as at the date of the passing of the resolution at the Maximum Price computed in the manner prescribed by the resolution.

The Company will use internal sources to fund purchases or acquisitions of its Shares. The amount of financing required for the Company to purchase or acquire its Shares, and the impact of the Company's financial position, cannot be ascertained as at the date of this Notice as these will depend, *inter alia*, on the number of Shares purchased or acquired, whether the purchase or acquisition is made out of capital or profits, and the price at which such Shares are purchased or acquired.

Based on the existing issued and paid-up Shares of the Company as at 20 February 2018, the purchase by the Company of 10% of its issued Shares will result in the purchase or acquisition of 60,521,978 Shares. Assuming that the Company purchases or acquires the 60,521,978 Shares at the Maximum Price of \$0.335 for one Share (being the price equivalent to 5% above the average of the closing market prices of the Shares for the five Market Days on which the Shares were traded on the SGX-ST immediately preceding 20 February 2018, the maximum amount of funds required for the purchase or acquisition of the 60,521,978 Shares is \$20,274,863.

The financial effects of the purchase or acquisition of such Shares by the Company pursuant to the proposed Share Buy-Back Mandate based on the audited financial statements of the Company and its subsidiaries for the financial year ended 31 December 2017 and certain other assumptions are set out in paragraph 6 of the Letter to Shareholders dated 20 March 2018.

(3) The special resolution 9 proposed in item 7 above is to adopt a new Constitution following the wide-ranging changes to the Companies Act, Chapter 50 (the **Act**) introduced pursuant to the Companies (Amendment) Act 2014 (the **Amendment Act**). The new Constitution will replace the Company's existing Constitution (formerly known as the memorandum and articles of association of the Company) and, *inter alia*, incorporate amendments to take into account the changes to the Act introduced pursuant to the Amendment Act.
