SAMPOERNA KAYOE

## COMPANY BACKGROUND

Samko Timber Limited ( The “Company” or ”Samko” or “Samko Timber”) and its subsidiaries ( the “Group” or “Sampoerna Kayoe” ) is Indonesia’s leading vertically intergrated wood resource processor. Samko operates 6 timber processing plants, eleven satelite veneer plants, and a chemical glue facility spread across Java, Sumatra, and Sulawesi with an annual production capacity of +/- 900,000m<sup>3</sup>.

With unrelenting focus on excellence at every stage of its supply chain, the Group has garnered international environmental accreditations as a testament of its long term commitment to quality and sustainability. The Research and Development department is tasked with ongoing process improvement, wood maximization and product innovation, setting the stage for value creation and growth.

With more than 40 years of experience and industry knowledge condensed into its primary and secondary processed timber products, the Group’s products are found in residential, commercial and industrial applications in the form of plywood, wood-decking wood-doors, wood-flooring, piano and truck parts. The Group’s products enjoy a dominant market share in Indonesia, and are distributed in 33 countries across the world, including the Asia Pacific region, Europe, the Middle East, the South East Asia, Australia and the United States of America.

# CHAIRMAN STATEMENT

## DEAR SHAREHOLDERS

### OVERVIEW OF THE YEAR

2022 welcomed an easing of the COVID-19 pandemic in most parts of the world. With the decrease in rate of infections, and successful vaccination rollouts, countries worldwide gradually lifted lockdowns and travel restrictions, including China, which lifted its zero-Covid policy in December 2022. The global loosening of pandemic-related restriction was hugely encouraging for communities and businesses worldwide. Despite various setbacks, notably, the energy crisis in Europe, and the disruption in global supply chain, 2022 is marked by a sense of optimism and imminent recovery. The International Monetary Fund (IMF) announced an economic growth of 3.4% in 2022, higher than previous outlook for the year. In line with this trend, they predict a downward trend in inflation from the 8.8% observed in 2022 to 6.6% in 2023.

This sense of optimism has also been felt in Indonesia. In 2022, Indonesia's economy soared to its strongest in nine years, attaining a growth in gross domestic product ("GDP") by 5.3%, comfortably exceeding prior estimates, and the pre-pandemic level of 5% annual GDP expansion. Aside from the revived spending from the lifting of pandemic restrictions, this economic rise was

greatly spurred by the high global commodity prices, resulting from the Russia-Ukraine war. Annual household income grew 4.93% year-on-year, far surpassing the 2021 level of 2.02%. Correspondingly, the unemployment rate in Indonesia continues its downward trend, from 6.49% in 2021 to 5.86% in 2022.

Indonesia's comprehensive and swift response to the pandemic has played a pivotal role in accelerating our economic recovery, and fostering resilience amid global turmoil. The Ministry of Health identified the nationwide vaccination program as one of the key pillars to minimize pandemic-induced fatality and to safeguard the economy. The vaccination drive, implemented throughout 2021 and 2022 has been highly successful in our collective strive towards these objectives.

### LOOKING AHEAD

The ongoing national economic recovery is expected to persist. In 2023, the Indonesian economy is expected to grow at a rate of 4.5% to 5.3%. In spite of significant global risks, Indonesia is expected to sustain robust growth. Bank Indonesia plans to implement a mix of monetary policies in 2023, prioritizing stability and resilience, meanwhile, creating a conducive policy for growth. Macroeconomic stability will be maintained with inflation under control, and targeted at 3+/-1%.

With the widespread re-opening of markets and lifting of travel restrictions, the Group forecasts a rebound in our export sales in 2023. The US and Japan remains as key markets, along with the sales footprint we have established in Far-east Asia, South-east Asia, the Middle East, Africa, Eastern and Western Europe.

Meanwhile, the Group will continue to focus on the optimization of our operations, as well as innovation of new high-value added products. Our commitment to farmers are manifested in the launching of the Forest Stewardship Council (FSC) Certification Program in 2018. The program supports farmer cooperatives to receive FSC Small and Low-Intensity Managed Forest (SLIMF) certification. We currently manage a total of 1,093 farmers and 40 community forest-farmer groups under our forestry program in Jambi Province and Jombang Regency, East Java Province also maintaining our FSC Chain of Custody ("CoC") certification covering our plywood mills in

Jambi, Jambi Province, Jombang, East Java Province and Salatiga, Central Java Province. Key milestones of the Group looks forward to in 2023 is the startup of our new facility in Mangole, which is to be partly powered by solar energy, in line with our continuous effort to prioritize sustainability and decarbonization.

## **APPRECIATION**

I would also like to express our appreciation to our shareholders, staffs, business partners and customers for their dedication and unwavering support.

# CEO STATEMENT

## DEAR SHAREHOLDERS

I hereby present the annual report of Samko Timber Limited for the financial year ended 31 December 2022 (“FY2022”). Year 2022 was a challenging year for the Group. Nonetheless, in my seventh year as the Chief Executive Officer, with the support of the Board and a steadfast team, I am proud to lead the Group in navigating through this post-pandemic period, and strengthening our position as a leader in the global plywood industry.

## FINANCIAL REVIEW

For FY2022, the Group’s sales decreased 8% year-on-year (“yoy”) to Rp 3.6 trillion. The decrease in sales revenue was largely driven by the downturn in our export markets, especially in the US, in which revenue decreased by 37%, brought about by the downturn in the housing and recreational vehicle market. The Group had undertaken prompt actions to dampen the impact of this loss, expanding our presence in other markets, especially in the Middle East.

The Group’s selling expenses for FY2022 increased by 6% to Rp 285.6 billion, mainly due to the increase in logistics costs in the first half of the year. However, in FY2022, the Group attained significant impact in the optimization of our operations, thus, reducing our general and administrative expenses by 10% to Rp 289.7 billion. Finance expenses, which is related to interest expense, increased 26% to Rp 155.5 billion due to the incurrence of additional loans for working capital.

## OPERATIONAL REVIEW

On a positive note, Year 2022 brought along an easing of the COVID-19 pandemic, as countries worldwide gradually lifted their lockdowns and travel restrictions. However, market recovery has been impeded by a series of factors. Global supply chain was severely strained, thus, affecting the passage of goods to customers. Furthermore, the drastic rise in inflation dented consumer purchasing power and demand.

Amidst the challenges and unpredictability of the business climate, the Group has relentlessly pursued various initiatives in order to accelerate our post-pandemic growth. Firstly, the Group has embarked on a rejuvenation of our existing production footprint. In addition to the increase in productivity and the consistency in product quality. This initiative has been critical in the development of new valued-added products, e.g. UV-coated Birch plywood in our mill in Balaraja, Tangerang, Banten Province.

Secondly, the Group continues to focus on strategic expansion plans, making great strides towards the completion and commissioning of Mangole factory, in North Maluku Province, Indonesia, scheduled to begin operations in Q3 2023. Given the recent uptake in demand in our key markets, the schedule of Mangole start-up will place the Group in a strong position to fully capitalize on the forecasted positive market momentum.

As part of the Group’s continued commitment towards sustainability, we successfully maintain Forest Stewardship Council (FSC) Chain of Custody (CoC) certification for our biggest plywood mills, located in Jambi, Jambi Province, Jombang, East Java Province, and Salatiga, Central Java Province. The Group commits to build the future of responsible forestry by expanding the implementation of best management practices for our Group-managed farmers community, working with more smallholder farmers to obtain FSC Small and Low Intensity Managed Forest (SLIMF) certification. We currently manage a total of 1,093 farmers and 40 community

forest-farmers group under our forestry program in Jambi Province and Jombang Regency, East Java Province.

In continuing our sustainability journey, the Group is also in the process of reaching an international sustainable forest management certification for its timber plantation with total of 11,780 hectares. Our continuous commitment towards sustainability has attracted interest worldwide. Having been invited as the first plywood company to present our sustainability roadmap in COP26 UNFCCC in FY2021, our wholesome effort and commitment once again earned plaudit and recognition, as the Group was invited as keynote speaker in COP27 UNFCCC held in Sharm El-Sheikh, Egypt, in 2022.

Extrapolating the success in the implementation of our pioneer solar PV project in Jombang, East Java Province, the Group is in the process of rolling out our solar PV installation, with Mangole factory as the next site in our project pipeline. Covering a land area of 12 hectares, this installation will provide Mangole with an energy capacity of 10.1 MWp, spearheading our unwavering drive towards clean energy.

## **2023 OUTLOOK**

In spite of the challenges and uncertainty, the Indonesian economy remains resilient. Bank Indonesia projects national economic growth in Indonesia in 2023 in the 4.5% - 5.3% range, driven by an increase in private consumption, investment and a robust export performance. Bank Indonesia Governor, Perry Warjiyo, at the hybrid Bank Indonesia Annual Meeting (PTBI) 2022 cited economic resilience and revival as the underlying national theme of 2023, to be achieved broadly by synergy and innovation. Given the backdrop of global economic unpredictability, Bank Indonesia will implement a mix of monetary policies, so as to maintain stability, meanwhile, accelerating national economic recovery. With the support from the Government, coupled with the ongoing internal initiatives in operational improvement and strategic expansion, the Group enters FY 2023 with a widely optimistic outlook.

## **APPRECIATION**

It has always been the Group's vision to champion a sustainable future for all. Therefore, every year, the Group continuously channels all its efforts into the development of a strong business and operating model, enabling us to continuously expand our processing capacity while maintaining sustainability in production. We would like to extend our appreciation to all our business partners, customers and shareholders who have been accompanying us on our journey throughout the years.

I would like to extend my gratitude to our Board members for guiding the Group dutifully with their valuable foresight and knowledge.

Last but not least, I would like to take this opportunity to thank our management team and staff for their dedication and contribution to the Group.

# Sustainable forestry

## Community Forest:

As a member of the Forest Stewardship Council (FSC) economic chamber, the Group directly contributes to FSC standards and committed to shape the future of responsible forestry by expanding our support to smallholder farmers with the aim of building a wider family of suppliers whose raw materials are FSC certified. Until this year, there are 743 farmers who have successfully received FSC Small and Low Intensity Managed Forest (SLIMF) certification after 350 farmers receiving assistance in 2021. We are currently managing a total of 1,093 farmers and 40 community forest farmers under our forestry program in Jambi province and Jombang regency. Our forestry program encompasses:

- Continuously expanding best practices in sustainable forest management programs
- Capacity building of community forest farmer members in order to implement responsible forest management.
- Enabling new access to potential resources that can be used directly by the community as an alternative source of income to improve welfare
- Enhancing technical and managerial skills to support forest management and new business opportunities
- Managing resources, facilities, and infrastructure to enhance production, social, and environmental actions

## Timber Plantation Forest:

Currently, the Group are in the process of reaching an international sustainable forest management certification for its timber plantation in North Maluku. Simultaneously, to

achieve its business sustainability, we are also continuing develop infrastructures, construction of public facilities and creating jobs to improve lives and grow our business, engaging and collaborating with the local community every step of the way.

## Conservation

### High Conservation Value:

The Group carries out its commitment in maintaining healthy ecosystem by preserving forest biodiversity and conservation values. We have conducted several activities to prove our efforts in restoring and improving the condition of forest, land ecosystems, and reduction in forest and land-based greenhouse gas emissions through:

- Planting program to decrease potential erosion,
- Natural water sources treatment,
- Managing culture heritage,
- Tree planting around riverside, and
- Protection of conservation areas.

the Group will continue ensuring the zero net loss of conservation value and zero raw materials sourced from high conservation values areas.

### Endangered Species:

When a species becomes endangered, it is a sign that the ecosystem is slowly falling apart. The Group expanding their conservation efforts to include the protection of endangered species that will contribute to a significant role in the ecosystem. The Group believes a well-balanced ecosystem will keep the environment healthy, ensuring all living creatures have access to fresh air, clean water, and fertile land to remain healthy. In order to maintain the ecological values, we will continue to preserve the diversity of life in this planet.

# People

## Community Engagement:

Our programs reflect the interdependence of economic, environmental, education, health, and social issues by acknowledging within and around our operational areas. The engagement involves how we work to strengthening our relationship with individuals, groups and organisation that are both directly and indirectly affected by our business. The Group believes by the right adjustment, deep connection and trust between communities and organization, enable us to develop a new path towards a long-term and well-function democracy that is relevant to all stakeholders.

The Group is committed to supporting community-based activities which are both in line with our business objectives and beneficial to the societies in various voluntary activities throughout the year:

- Contributing variety of seedlings for free to support forest regeneration
- Implementing and encouraging involvement of community forest farmers in forestry bes management practices program
- Develop a product innovation for farmers to increase individual farmer income
- Contributing wood wastes as construction materials for public facilities including mosques, churches, health clinics, and roads within and around our operational areas
- Offering scholarships to best performing students
- Supporting health program including free medical check-up and blood donors
- Supporting various social activities conducted surrounding our factories including necessities supplies, religious ceremonial, national cultural and sport event

## Employee Welfare

The Group conducts the business in a fair and equal manner which places people at the core of what we do. As a labour-intensive company operating in developing and remote regions, forced labour and child labour are prominent risks in our industry. The Group has a strict policy against forced labour and child labour of any form in all our operations. In regards to occupational health and safety, the Group reinforces the importance of compliance with standard working procedure for all employees in the organization. We comply with national manpower laws, government regulations and provide benefits such as: health insurance, BPJS Kesehatan (Government Health Security), BPJS Ketenagakerjaan (Government National Social Security), pension fund for permanent employees, maternity leave and childbirth supports.

The Group has various training programs in place to equip our employees with the necessary hard and soft skills required to excel at their respective roles. The 2022 program implementation include managerial skills, non-technical skills, technical skills, and functional skills. The Group also continue to launch Batch VIII of the Operational Acceleration Program (OAP) in 2023, includes PT. Sumber Graha Maluku in Mangole, North Maluku.

We are committed to ensure all employees get their rights in the acquisition of allowances and compensation, health and safety, adequate working environment, career advancement, and training and development to build their potential. The Group defines itself as a workplace of great diversity and always strive to create a workplace that truly suits employees' aspirations.

## Production

### Water Management

The Group realize that water is one of the planet's most important resources to all aspects of life and business. Likewise, water management is a crucial element to ensure sustainable use of resources and safeguard in our business continuity. We strive to improve water efficiency by taking several actions to increase water recycling rate by reusing water to support our operational activities in the log pond area. We remain committed to continuously enhance efficiency in our production process, encouraging our employees to taking water usage into their account responsibly, measuring our water consumption and strengthen our data collection process in subsequent years to implement more robust systems to monitor our performance.

## Waste Management

We continuously utilize most of our production waste as feedstock for our boilers to power our plants and decompose the rest in several landfills. Waste oil produced from our production machinery are stored in a temporary shelter for hazardous waste before it is handled by our licensed third-party waste processors. We are mindful of handling different types of waste carefully to prevent pollution and safety hazards and comply with the relevant prevailing regulation. The Group is committed to use material resources efficiently by cutting down on the amount of waste produced and where waste is generated. We will actively be dealing with it in a way that is impactful to the social, economic, and environmental goals of sustainable development.

## Emissions & Energy

This year, the Group committed to less energy consumption and the reduction of greenhouse gases released by using renewable energy from solar panels in Jombang factories. The CO2 emission reduction recorded 951.04 tCO2e yearly, as a form of our contribution to sustainable energy sources.

The Group will remain committed to drive the change for cleaner world, reduce the risk of air pollution and promote innovations for sustainable solutions.

## CORPORATE GOVERNANCE STATEMENT

### INTRODUCTION

The board of directors (the “**Board**” or the “**Directors**”) of Samko Timber Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) recognized the importance of sound corporate governance practices and are committed to setting and maintaining high standard of corporate governance to ensure greater corporate transparency, accountability, performance and integrity. This is a fundamental part of their responsibilities to protect and enhance shareholders’ value and the financial performance of the Group.

This report describes the key aspects of the Company’s corporate governance framework and practices that were in place throughout the financial year ended 31 December 2022 (“**FY2022**”), with specific reference made to the principles and provisions of the Code of Corporate Governance 2018 (the “**Code**”) and accompanying practice guidance (the “**Practice Guidance**”), which form part of the continuing obligations of the listing rules (the “**Listing Rules**”) of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) and the Companies Act 1967 of Singapore (the “**Companies Act**”). The focus shall be on areas such as internal controls, risk management, financial reporting internal and external audits.

The Board is pleased to confirm that for FY2022, the Company has complied with the principles and provisions as set out in the Code and the Practice Guidance, where applicable. In areas where the Company’s practices vary from any of the provisions of the Code and the Practice Guidance, the Company has stated herein the provision of the Code and the Practice Guidance (as applicable) from which it has varied, and appropriate explanations are provided for the variations, and how the practices the Company had adopted are consistent with the intent, aim and philosophy of the relevant principles of the Code and the Practice Guidance. The Company will continue to assess its needs and implement appropriate practices accordingly.

### **(I) BOARD MATTERS**

---

#### **THE BOARD’S CONDUCT OF ITS AFFAIRS**

**Principle 1: *The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.***

##### Provision 1.1

#### ***Principle Duties of the Board***

The Board oversees the business affairs of the Group and is responsible for setting the strategic direction of the Group establishing goals for management team of the Company (“**Management**”). In addition, the Board works with Management to achieve these goals set for the Group.

Apart from the statutory responsibilities, the Board is responsible for the overall management of the Group and the review and monitoring of the Group’s operations, including:

- (a) The review of the Group’s financial performance;
- (b) Consider sustainability issues as part of the Group’s strategic formulation;
- (c) Responsibility for corporate governance;
- (d) Establish a framework of prudent and effective controls which enable risks to be assessed and managed;
- (e) Review management performance;

## CORPORATE GOVERNANCE STATEMENT

- (f) Set the Group's corporate values and standards which include ethical standards and ensure that obligations to shareholders and others are understood and met; and
- (g) Ensure that the Group maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the Group's assets.

All Directors exercise reasonable diligence and independent judgement when making decisions and are obliged to act honestly and consider the best interests of the Company at all times.

### ***Code of Business Conduct and Ethics***

The Company strives to uphold the highest levels of business conduct and integrity in all transactions and interactions. All Directors objectively discharge their duties and responsibilities at all times as fiduciaries in the interests of the Company. The Company is committed to ensuring that its affairs are conducted with the highest standard of probity and in compliance with any applicable law, legislation or Listing Rules of the SGX-ST.

Directors are encouraged to bring questions about particular circumstances that may implicate one or more provisions of the business conducts and ethics to the attention of the Board. No code or policy can anticipate every situation that may arise. Accordingly, each Director must carry out their duties and responsibilities, including but not limited to:

- (a) Avoid any conflicts of interest with the Company;
- (b) Maintain confidential or proprietary information about the Company or other parties that have dealings with the Company;
- (c) Comply with the Company's guidelines and all laws, rules and regulations applicable to the Company;
- (d) Endeavor in any dealing with the Company's customers, suppliers, competitors and employees in a fair manner;
- (e) Practice and promote ethical behavior and encourage the employees of the Company to report any illegal or unethical behavior to the Board; and
- (f) Communicate any suspected violations promptly to the Board so that investigation can be carried out and appropriate action will be taken.

This serves as a guide to the Directors on the areas of ethical risk and sets a framework where integrity and accountability are paramount.

### ***Conflict of Interests***

The Board acts in good faith and in the best interests of the Company by exercising due care, skills and diligence, and avoiding conflicts of interest. The Directors are cognizant of their fiduciary duties at law. When a potential conflict of interest situation arises, the affected Director will recuse himself or herself from the discussion and decisions involving the areas of potential conflict, unless the Board is of the opinion that his or her participation is necessary. Where such participation is permitted, the conflicted Director excuses himself or herself for an appropriate period during the discussions to facilitate full and frank exchange by the other Directors and shall in any event recuse himself or herself from the decision-making.

Pursuant to Section 156 of the Companies Act, each director is required to declare if he or she have conflict of interest in any of the corporate transactions. Each director is also required to submit details of his or her associates for the purpose of monitoring interested persons transactions (the "IPT") annually. Where a director has a conflict or potentially conflict of interest in relation to any matter, he or she should immediately

## CORPORATE GOVERNANCE STATEMENT

declare his or her interest when the conflict-related matter is discussed, unless the Board is of the opinion that his or her presence and participation is necessary to enhance the efficacy of such discussion. Nonetheless, he or she is abstained from voting in relation to the conflict-related matters.

### Provision 1.2

#### ***Director Competencies***

All Directors have a good understanding of the Group's business as well as their directorship duties (including their roles as executive, non-executive and independent directors).

While the duties imposed by law are the same for all directors, a listed board of directors will generally have different classes of directors with different roles:

- **Executive Directors (EDs)** are usually members of the management who are involved in the day-to-day running of the business. Executive Directors are expected to:
  - (a) provide insights on the company's day-to-day operations, as appropriate;
  - (b) provide the management's views without undermining the management's accountability to the board of directors; and
  - (c) collaborate closely with Non-Executive Directors for the long-term success of the company.
- **Non-Executive Directors (NEDs)** are not part of the management. They are not employees of the company and do not participate in the company's day-to-day management. Non-Executive Directors are expected to:
  - (a) be familiar with the business and stay informed of the activities of the company;
  - (b) constructively challenge the management and help develop proposals on strategy;
  - (c) review the performance of the management in meeting agreed goals and objectives; and
  - (d) participate in decisions on the appointment, assessment and remuneration of the Executive Directors and key management personnel ("**KMP**") generally.
- **Independent Directors (IDs)** are Non-Executive Directors who are deemed independent by the board of directors. Independent Directors have the duties of the Non-Executive Directors, and additionally provide independent, and objective advice and insights to the board of directors and the management.

Directors are expected to develop their competencies to effectively discharge their duties and are provided with opportunities to develop and maintain their skills and knowledge at the Company's expense.

#### ***Appointment Letter***

Upon appointment of each Director, the Company shall provide a formal letter of appointment to the Director, setting out the Director's roles, obligations, duties and responsibilities, and the expectations of their contribution to the Company as a member of the Board.

#### ***Continuous Training and Development of Directors***

The Company does not have a formal training program for the Directors but all incoming Directors will undergo a comprehensive and tailored induction on joining the Board. This includes his or her duties as a Director and how to discharge those duties, and an orientation programme to ensure that he or she is familiar

## CORPORATE GOVERNANCE STATEMENT

with the Group's business and governance practices. To get a better understanding of the Group's businesses, the incoming Director(s) will also be given the opportunity to meet with Management.

The Company will also arrange for first-time Director(s) to attend relevant training in relation to the roles and responsibilities of a Director of a public listed company in Singapore as prescribed by the SGX-ST and in areas such as accounting, legal and industry-specific knowledge as appropriate. The training of Directors will be arranged and funded by the Company.

The Board values on-going professional development and recognises that it is important that all Directors receive regular training so as to be able to serve effectively on and contribute to the Board. The Board will consider adopting a policy on continuous professional development for Directors.

To keep pace with new laws, regulations, changing commercial risks and financial reporting standards, all Directors are encouraged to be members of the Singapore Institute of Directors ("SID") and attend specifically tailored training conducted by professionals at least annually. Directors are also encouraged to attend, at the Company's expense, relevant and useful seminars for their continuing education and skills improvement courses that are conducted by external organisations. The Company Secretary will bring to the Directors' attention information on seminars that may be of relevance or use to them.

All Directors are provided with regular briefings from time to time on changes in the relevant laws and regulations in relation to accounting standards, Listing Rules, corporate governance and other regulations or statutory requirements. Briefings, updates and trainings for the Directors in FY2022 included the following:

- (i) The External Auditors ("EA") had briefed the AC and the Board on changes and/or amendments to accounting standards; and
- (ii) The Company Secretary had briefed the Board on the continuing obligations under the Listing Rules as well as periodic updates on the listing manual (the "Listing Manual") of the SGX-ST, where necessary.

### Provision 1.3

#### ***Internal Guidelines on Matters Requiring Board's Approval***

The Company has adopted internal guidelines setting forth matters that require the Board's approval. Under the guidelines, all new investments, any increase in investment in businesses and subsidiaries, and any divestments by any of the Group's companies, and all commitments to term loans and lines of credit from banks and financial institutions by the Company require the approval of the Board.

In addition, the following matters are specifically reserved for the Board's decision and approval:

- (a) Financial results announcements;
- (b) Annual reports and financial statements;
- (c) Nomination/appointment of Directors and KMP;
- (d) Major funding proposal;
- (e) Corporate strategies and financial restructuring; and
- (f) Major investment or acquisition/disposal proposals, including any other transactions of a material nature requiring announcements under the Listing Manual of the SGX-ST.

## CORPORATE GOVERNANCE STATEMENT

### Provision 1.4

#### ***Delegation of Authority to Board Committees***

To ensure smooth operations, facilitate decision-making and ensure proper controls, the Board has delegated some of its powers to its committees. The Board is supported by four Board committees, namely, the Audit Committee (the “**AC**”), the Nomination Committee (the “**NC**”), the Remuneration Committee (the “**RC**”) and the Board Risk Committee (the “**BRC**”) (collectively, the “**Board Committees**”). Each Board Committee has its own specific terms of reference (the “**Terms of Reference**”) setting out the scope of its duties and responsibilities, rules and regulations, and procedures governing the manner in which it is to operate and how decisions are to be taken. The Chairman of the respective Board Committees will report to the Board on the outcome of the committees’ meetings and their recommendations on the specific agendas mandated to the committees by the Board.

The Board Committees, which operate within clearly defined Terms of Reference, are actively engaged and play important roles in ensuring good corporate governance.

### Provision 1.5

#### ***Meetings of Board and Board Committees***

Since the Company ceased to report earnings on a quarterly basis, the Board conducts at least two (2) meetings on a half yearly basis to review the Group’s financial results and where necessary, additional Board meetings are held to address significant issues or transactions.

During FY2022, the Board met two (2) times to review the Company’s half year and full year results and to consider proposed corporate actions by the Company. Ad-hoc meetings are held to address significant issues or transactions. In addition to the scheduled meetings, the Board would have informal discussions on corporate events and/or actions, which would then be formally confirmed and approved by circulating resolutions in writing. The Board members also communicate frequently with Management to discuss the business operations of the Group.

The Company’s Constitution allow a Board meeting to be conducted by way of a telephone conference and/or by means of similar communication equipment where all Directors participating in the meeting are able to hear each other. Decision of the Board and Board Committees may also be obtained through circular resolutions.

The attendance of the Directors at the Board and Board Committees meetings as well as the general meetings held in 2022 is set out in the table below:

	Board Committees					
	Board	Audit Committee	Nomination Committee	Remuneration Committee	Board Risk Committee	General Meeting

Ito Sumardi	1	1*	1	1	2	1
Hadi Daryanto	1	2	1*	1*	2	1

\* Attendance by invitation of the relevant Board Committees

The Board is of the view that the contribution of each Director should not be focused only on his or her attendance at meetings of the Board and/or Board Committees. A Director's contribution may also extend beyond the confines of the formal environment of such meetings, through the sharing of views, advices, experiences and strategic networking relationships which would further the interests of the Company.

### **Multiple Board Representations**

The NC is of the view that the effectiveness of each of the Directors is best assessed by a qualitative assessment of the Director's contributions, after considering his or her other principal commitments. The NC also believes that it is for each Director to assess his or her own capacity and ability to undertake other obligations or commitments together with serving on the Board effectively. The NC does not wish to omit from consideration outstanding individuals who, despite the demands on their time, have the capacity to participate and contribute as members of the Board.

All Directors are required to declare their board representations on an annual basis and as soon as is practicable after the relevant facts have come to his or her knowledge. When a Director has multiple board representations, the NC considers whether or not the Director is able to and has adequately carried out his or her duties as a Director of the Company, taking into consideration the Director's number of listed company board representations and other principal commitments.

Based on the individual Director's confirmation provided to the NC in FY2022 on his ability to carry out his duties as a Director of the Company and to address any competing time commitments that may arise, the NC believes that it would not be necessary to put a maximum limit on the number of listed company board representations of each Director. The Board and the NC will review the requirement to determine the maximum number of listed company board representations as and when they deem fit.

The NC has evaluated the competing time commitments faced by Directors serving on multiple boards during FY2022 and is satisfied that the Directors are able to and have adequately carried out their duties as Directors of the Company, as well as sufficient time and attention are given to the affairs of the Company, after taking into consideration each of the Directors' number of listed company board representations and other principal commitments in FY2022.

### Provision 1.6

#### **Access to Information**

The Board is free to request for further clarification and information from Management on all matters within their purview. The schedule of all the Board Committees' meetings for the financial year is usually given to all the Directors well in advance.

To enable the Board to function effectively and to fulfil its responsibilities, Management recognises its obligation to supply the Board and Board Committees with complete, adequate information in a timely manner. In addition, all relevant information on the Group's annual budgets, financial statements, material

## CORPORATE GOVERNANCE STATEMENT

events and transactions complete with background and explanations are circulated to Directors as and when they arise. A system of communication between Management and the Board has been established and will improve over time.

Each Director has been provided with the up-to-date contact particulars of the Company's KMP and the Company Secretary to facilitate access to any required information. The Company Secretary and her representatives attend all meetings of the Board and Board Committees and are responsible in ensuring that Board procedures and all other rules and regulations applicable to the Company are complied with.

The Board receive half yearly financial management reports, annual budgets and explanation pertaining to the operational and financial performance of the Group, including updates on the Group's financial performance and position, cash flow position and operational performance of the Group's assets.

The Board will also be updated on the industry trends and developments surrounding the Group's various business segments to enable them to oversee the Group's operational and financial performance as well as risks faced by the Group.

### Provision 1.7

#### ***Access to Management and Company Secretary***

The Directors have separate and independent access to Management and the Company Secretary, who are responsible for ensuring that Board procedures are followed and that applicable rules and regulations are complied, at all times through email, telephone and face-to-face meetings.

The Directors are also entitled to request for additional information and Management shall provide them on a timely basis. Any additional materials or information requested by the Directors to make informed decisions is promptly furnished.

The Company Secretary assists the Chairman and the Chairman of each Board Committee in the development of the agendas for the various Board and Board Committees meetings. The Company Secretary and/or her representatives attends all meetings of the Board and Board Committees. The Company Secretary prepares the minutes after each meeting and ensures that good information flows within the Board and its Board Committees and between Management and Non-Executive Directors. The Company Secretary also facilitates the orientation of the Board and Management and assists with professional development as and when required. The appointment and removal of the Company Secretary is subject to approval of the Board as a whole.

#### ***Access to Independent Professional Advice***

In furtherance of their duties, the Directors, individually or as a group, may seek independent professional advice on matters relating to the businesses of the Group, at the Company's expense, subject to approval by the Board.

## CORPORATE GOVERNANCE STATEMENT

### BOARD COMPOSITION AND BALANCE

**Principle 2: *The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.***

#### Provision 2.1

##### ***Director Independence***

The criterion for independence is based on the definition set out in the Code and Practice Guidance, and taking into consideration whether the Director falls under any circumstances pursuant to Rule 210(5)(d) of the Listing Manual of the SGX-ST. The Board considers an “independent” Director as one who has no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director’s independent business judgment with a view to the best interests of the Company.

The NC conducted its annual review of the Directors’ independence according to the Code and Rule 210(5)(d) of the Listing Manual of the SGX-ST. In its deliberation as to the independence of a Director, the NC takes into consideration whether a Director has any business relationships with the Group, and if so, whether such relationships could interfere, or be reasonably perceived to interfere, with the exercise of the Director’s independent judgement in the best interest of the Company. The Independent Directors constructively challenge and assist in the development of proposals on strategy and assist the Board in reviewing the performance of Management in meeting agreed goals and objectives, and monitor the reporting of performance.

For FY2022, the Independent Directors, Messrs Ng Cher Yan, Sim Idrus Munandar, Ito Sumardi and Hadi Daryanto, have confirmed that they or their immediate family members do not have any relationship with the Company or any of its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Directors’ independent business judgment with a view to the best interests of the Company, and do not fall under any of the circumstances pursuant to Rule 210(5)(d)(i) and (ii) of the Listing Manual of the SGX-ST. The Independent Directors did not own shares of the Company and were not in foreseeable situation that could compromise their independence of thought and decision. The Board, based on the review conducted by the NC, has determined that the said Directors are independent.

##### ***Duration of Independent Directors’ Tenure***

The Board recognises that Independent Directors may over time develop significant insights in the Group’s business and operations and can continue to provide noteworthy and valuable contribution objectively to the Board as a whole. The independence of the Independent Directors must be based on the substance of their professionalism, integrity, and objectivity, and not merely based on form; such as the number of years which they have served on the Board. Nevertheless, when there are Directors who have served beyond nine (9) years from the date of their first appointment, the Board will rigorously review their continuing contributions and independence and decide if they should continue with the appointment.

As at the end of FY2022, Mr Ng Cher Yan and Mr Sim Idrus Munandar, who were first appointed on 14 December 2007, have served on the Board for more than nine (9) years from the date of their first appointment. The NC and the Board have conducted a rigorous review of their independence and contribution to the Board to determine if they still remained independent and carry out their duties objectively. Under such rigorous review, each of Mr Ng Cher Yan and Mr Sim Idrus Munandar has confirmed that neither he nor any of his immediate family has any relationship or business dealings with a controlling shareholder, Director or KMP or their associates that would give rise to a conflict of interest or impairment of the Independent Director’s independence. The NC and the Board are of the view that Mr Ng Cher Yan and Mr Sim Idrus Munandar possess valuable experience and knowledge, as well as maintained their objectivity and

## CORPORATE GOVERNANCE STATEMENT

independence at all times in the discharge of each of their duties and should therefore continue to be deemed as an Independent Director of the Company.

The separate resolutions of Mr Ng Cher Yan's and Mr Sim Idrus Munandar's had also been tabled, voted and carried at the AGM of the Company held on 30 April 2021 by (i) all shareholders; and (ii) all shareholders excluding shareholders who are also the associates of the Directors or the CEO (and their associates) pursuant to Listing Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST (the "**Two-Tier Voting Mechanism**").

With effect from 11 January 2023, the Two-tier Voting Mechanism had been removed and a nine-year hard tenure limit for Independent Directors under Listing Rule 210(5)(d)(iv) of the Listing Manual of the SGX-ST was imposed, which take effects for a listed issuer's annual general meeting for the financial year ending on or after 31 December 2023 (the "**Transitional Period**"). During the Transitional Period, an Independent Director whose tenure exceeds the nine-year limit can continue to be deemed independent until the conclusion of the Company's next AGM held for the financial year ending on or after 31 December 2023.

In view of the above, Mr Ng Cher Yan and Mr Sim Idrus Munandar will remain as Independent Directors until the Company's AGM in 2024.

### Provision 2.2

#### ***Proportion of Independent Directors***

As at the date of this report, the Board consists of one (1) Executive Director and six (6) Non-Executive Directors of which four (4) are Independent Directors. The Company has complied with Provision 2.2 of the Code as Independent Directors made up a majority of the Board where the Non-Executive Chairman is not independent.

The Board is able to exercise objective judgments on corporate affairs independently and constructively challenge key decision, taking into consideration the long-term interest of the Group and its shareholders. Further, the Company has in place an internal guideline for matters requiring Board's approval. Therefore, no individual or a small group of individuals be allowed to dominate the Board's decision making.

### Provision 2.3

#### ***Proportion of Non-Executive Directors***

A majority of six (6) out of seven (7) Directors on the Board are Non-Executive Directors.

### Provision 2.4

#### ***Board Composition and Size***

As at the date of this report, the Board comprises the following seven (7) Directors, one (1) of whom is Executive Director and six (6) of whom are Non-Executive Directors of which four (4) are Independent Directors:

#### Executive Director

Riko Setyabudhy Handoko      CEO

#### Non-Executive Directors

Eka Dharmajanto Kasih      Non-Executive Chairman ("**Chairman**")  
 Michael Joseph Sampoerna      Non-Independent Director  
 Ng Cher Yan      Lead Independent Director

## CORPORATE GOVERNANCE STATEMENT

Sim Idrus Munandar	Independent Director
Ito Sumardi	Independent Director
Hadi Daryanto	Independent Director

The profiles of the Directors are set out on pages 12 to 15 of this Annual Report.

The NC is responsible for examining the size and composition of the Board and Board Committees. Having considered the scope and nature of the Group's operations, the requirements of the businesses and the need to avoid undue disruptions from changes to the composition of the Board and Board Committees, the Board, in concurrence with the NC, believes that its current Board size and the existing composition of the Board Committees effectively serve the Group. It provides sufficient diversity of skills, experience and knowledge of the Group without interfering with efficient decision-making.

### ***Board Diversity***

With a view to achieving a sustainable and balanced development, the Company sees diversity at the Board level as an essential element in supporting the attainment of its strategic objectives and its sustainable development. The Company is accordingly committed to promoting diversity of the Board. The Company has adopted its diversity policy (the "**Board Diversity Policy**"). In designing the Board's composition, the Board Diversity Policy requires the NC and the Board to consider a number of aspects, including but not limited to gender, age, nationalities, ethnicity, cultural background, educational background, experience, skills, knowledge, independence and length of service. Any search firm engaged, where required, to assist the Board or a committee in identifying candidates for appointment to the Board will be specifically directed to include diverse, experienced and reputable candidates.

The Board recognize that the importance and benefits of diversity in all ways, regardless of genders, age groups, skillsets, experiences, background and other distinguishing factors/qualities, is to have an effective and diverse Board. The main objective of the Board Diversity Policy is to continue to maintain the appropriate balance of perspectives, skills and experience on the Board to support the long-term success of the Company.

The Board Diversity Policy applies to the Board and to the Group's workforce. The Board is aware that the Board Diversity Policy should include the following:

- (a) the Company's targets to achieve diversity on its Board;
- (b) the Company's accompanying plans and timelines for achieving the targets;
- (c) the Company's progress towards achieving the targets within the timelines; and
- (d) a description of how the combination of skills, talents, experience and diversity of its directors services the needs and plans of the Company.

The ages of Directors range from 45 to 73. The Directors of the Company come from diverse backgrounds and possess core competencies, qualifications and skills, all of whom as a group, provides the Board with a good mix of the necessary experience and expertise to direct and lead the Group. Their combined wealth and diversity of experience enable them to contribute effectively to the strategic growth and governance of the Group.

Notwithstanding that the Board comprises members of the same gender, the Board Diversity Policy provides that the NC and the Board shall endeavour to enable gender diversity to be included for consideration when identifying candidates to be appointed as new directors, in achieving gender equality.

In identifying nominees for directorship, the Board Diversity Policy aims to have an appropriate mix of expertise with complementary skills, core competencies and experience for facilitating effective decision

## CORPORATE GOVERNANCE STATEMENT

making. Each Director has been appointed based on his skills, experience and knowledge, and is expected to bring forth his experience and expertise to the Board for the continuous development of the Group. The Board Diversity Policy provides that the NC will consider all aspects of diversity in reviewing the Board composition and succession planning.

All Directors possess the right core competencies and diversity of experience that enable them to effectively contribute to the Board. Their varied experiences are particularly important in ensuring that the strategies proposed by Management are fully discussed and examined, taking into account the long-term interests of the Company, the Group and shareholders.

The NC is of the view that the current Board comprises members with diverse competencies, experience and skills that match the demands of the Group. The Board comprises Directors who provide core competencies in accounting and finance, business experience, industry knowledge, strategic planning and customer-based experience and knowledge.

After considering the experience of the Board members as shown in Directors' profiles in this Annual Report, the Board believes that no action at this time would give additional benefits to the Company. Accordingly, the NC has not recommended that any measurable quantitative objectives in relation to diversity be adopted at this stage of Company's development. Neither the Board nor NC has identified any discriminatory practices in the Company. The NC reviews its targets for diversity from time to time and may recommend changes or additional targets to achieve greater diversity. In addition, the NC reviews the Company's Board Diversity Policy from time to time, as appropriate, to ensure its continued effectiveness and relevance, and any revisions, where necessary, will be recommended to the Board for approval.

### ***Board Guidance***

An effective and robust Board, whose members engage in open and constructive debate and challenge Management on its assumptions and proposals, is fundamental to good corporate governance. A Board should also aid in the development of strategic proposals and oversee effective implementation by Management to achieve set objectives.

The Directors, in particular the Non-Executive Directors, are kept informed of the Company's business and affairs as well as about the industry in which the Company operates in. This knowledge is essential for the Directors to engage in informed and constructive discussions. To ensure that Non-Executive Directors are well supported by accurate, complete and timely information, Non-Executive Directors have unrestricted access to Management. Besides receiving regular Board briefings on latest market developments and trends, and key business initiatives, periodic information papers, industry and market reports, the Non-Executive Directors are regularly briefed by Management on major decisions and prospective business deals.

### Provision 2.5

#### ***Meeting of Independent Directors without Management***

Although all Directors have equal responsibility for the performance of the Group, the role of the Independent Directors is particularly important in ensuring that the strategies proposed by Management are constructively challenged, fully discussed and rigorously examined, assessing the performance of Management in meeting the agreed goals and objectives, as well as monitoring the reporting of performance.

The Independent Directors are encouraged to meet regularly without the presence of Management, so as to facilitate a more effective check on Management. During FY2022, the Independent Directors have met informally at least once without the presence of Management to discuss matters such as the Group's financial performance, corporate governance initiatives, board processes, succession planning as well as leadership development and the remuneration of Directors and KMP. Thereafter, the Chairman of such meeting will provide feedback to the Board and/or Chairman of the Company as appropriate.

## CORPORATE GOVERNANCE STATEMENT

### **CHAIRMAN AND CHIEF EXECUTIVE OFFICER**

**Principle 3: *There is a clear division of responsibilities between the leadership of the Board and the Management, and no one individual has unfettered powers of decision-making.***

#### Provision 3.1

##### ***Separation of the Role of Chairman and CEO***

The Chairman of the Board and the CEO should in principle be separate persons to maintain an appropriate balance of power and authority, increased accountability and greater capacity of the Board for independent decision making. There is a clear division of responsibilities, as set out in writing and agreed by the Board, between the leadership of the Board and Management responsible for managing the Group's business operations. Mr Eka Dharmajanto Kasih is our Chairman and Mr Riko Setyabudhy Handoko is our CEO.

#### Provision 3.2

##### ***Role of Chairman and CEO***

Different individuals assumed the Chairman's and the CEO's roles and the division of responsibilities between the Chairman and the CEO have been clearly established:

- (a) To maintain effective supervision and ensure a balance of power and authority; and
- (b) To ensure an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making.

The Chairman, Mr Eka Dharmajanto Kasih, brings with him a wealth of experience, leads the Board and bears responsibility for the working of the Board. He ensures that the Board receives accurate, timely and clear information and that the Board meetings are held as and when necessary, and sets agenda of the Board meetings in consultation with the other Directors and Management. He assists in ensuring compliance with the Group's guidelines on corporate governance and facilitating the effective contribution of Non-Executive Directors.

The CEO, Mr Riko Setyabudhy Handoko, has full executive responsibilities in the business directions and operation efficiency of the Group. He oversees execution of the Group's corporate and business strategies and is responsible for the day-to-day running of the business. The performance and remuneration package of the CEO is reviewed periodically by the NC and RC. As the majority of the members of the Board Committees comprises Independent Directors, the Board believes that there are sufficient strong and independent elements and adequate safeguards in place against an uneven concentration of power and authority in a single individual.

#### Provision 3.3

##### ***Lead Independent Director***

The Board has a Lead Independent Director, Mr Ng Cher Yan, to provide leadership in situations where the Chairman, who is not independent, is conflicted. The Lead Independent Director is a key member of the Board, representing the views of the Independent Directors and facilitating a two-way flow of information between shareholders, the Chairman and the Board.

The Lead Independent Director's role may include chairing Board meetings in the absence of the Chairman, working with the Chairman in leading the Board, and providing a channel to Non-Executive Directors for confidential discussions on any concerns and to resolve conflicts of interest as and when necessary.

## CORPORATE GOVERNANCE STATEMENT

In addition, the Lead Independent Director may also help the NC conduct annual performance evaluation and development of succession plans for the Chairman and CEO.

The Lead Independent Director also makes himself available at all times when Shareholders have concerns and for which contact through the normal channels of the Chairman, the CEO or Management have failed to resolve or is inappropriate. The Lead Independent Director makes himself available to shareholders at the Company's general meeting.

There were no query or request on any matters which requires the Lead Independent Director's attention received in FY2022.

### ***Independent Director Meetings in Absence of Other Directors***

Where necessary, the Lead Independent Director shall lead the meetings among the Independent Directors without the presence of other Directors. The Lead Independent Director shall provide feedback to the Chairman of the meeting after such meetings, if it is necessary. During FY2022, the Independent Directors have met unofficially at least once to discuss the Company's matters without the presence of the other Directors, and the Lead Independent Director has also provided the feedback to the Chairman after such meetings.

## **BOARD MEMBERSHIP**

***Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.***

### **Provision 4.1**

#### ***Roles and Duties of NC***

The Board established the NC with written Terms of Reference which clearly set out its authority and duties, and report to the Board directly.

The responsibilities and principal functions of the NC, as set out in its Terms of Reference, include:

- (a) regularly and strategically review the structure, size and composition (including the skills, gender, age, qualification, experience and diversity) of the Board and Board Committees;
- (b) identifying and nominating candidates to fill Board vacancies as they occur;
- (c) request nominated candidates to disclose any existing or expected future business interests that may lead to a conflict of interest. This disclosure is to be included in any recommendations to the Board;
- (d) send the newly-appointed Director a formal appointment letter which clearly sets out his or her roles and responsibilities, authority, and the Board's expectations in respect of his or her time commitment as a Director of the company;
- (e) recommends the membership of the Board Committees to the Board;
- (f) reviews the independent status of Non-Executive Directors (in accordance with Rules 210(5)(d)(i), (ii), and (iv) of the Listing Manual of the SGX-ST and the Provision 2.1 of the Code) and that of the alternate Director, if applicable, annually, or when necessary, along with issues of conflict of interest;

## CORPORATE GOVERNANCE STATEMENT

- (g) develops the performance evaluation framework for the Board, the Board Committees and individual Directors and propose objective performance criteria for the Board, the Board Committees and individual Directors;
- (h) recommend that the Board removes or reappoints a Non-Executive Director at the end of his or her term, and recommend the Directors to be re-elected under the provisions of the Company's Constitution on the policy of retirement by rotation. In making these recommendations, the NC should consider the Director's performance, commitment and his or her ability to continue contributing to the Board;
- (i) review other directorships held by each Director and decide whether or not a Director is able to carry out, and has been adequately carrying out, his or her duties as a Director;
- (j) identify and develop training programmes/schedules for the Board, assist with similar programmes for the Board Committees and ensure that all Board appointees undergo appropriate induction programme;
- (k) review and ensure that there is a clear division of responsibilities between the Chairman and CEO of the Company in place;
- (l) review the Board with its succession plans for the Board Chairman, Directors, CEO and KMPs of the Company;
- (m) keep up to date with developments in corporate governance initiatives, changes to relevant legislations, strategic issues and commercial changes that may affect the Company and the industry in which it operates; and
- (n) undertake such other functions and duties as may be required by the Board under the Code, statute or the Listing Manual of the SGX-ST (where applicable).

### Provision 4.2

#### **NC Composition**

As at the date of this report, the NC comprises the following three (3) members, all of whom, including the NC Chairman, are Non-Executive and Independent Directors, and one of whom is the Lead Independent Director:

Sim Idrus Munandar	Chairman
Ng Cher Yan	Member
Ito Sumardi	Member

### Provision 4.3

#### **Nomination and Selection of Directors**

Where a vacancy arises pursuant to an expansion of the Board or such other circumstances as they may occur, or where it is considered that the Board would benefit from the services of a new Director with particular skills, the NC, in consultation with the Board, determines the selection criteria and selects candidates with the appropriate expertise and experience for the position. The search for a suitable candidate is drawn from the contacts and networks of existing Directors. The NC can also approach relevant institutions such as SID, professional organisations or business federations to source for a suitable candidate. New Directors will be appointed by way of a Board resolution, after the NC makes the necessary recommendation to the Board and the Board approves such appointment.

## CORPORATE GOVERNANCE STATEMENT

The NC is responsible for identifying candidates and reviewing all nominations for the appointments of new Directors, amongst others, to consider succession planning and refresh the Board membership progressively and in an orderly manner, to avoid losing institutional memory.

When an existing Director chooses to retire or the need for a new Director arises, either to replace a retiring Director or to enhance the Board's strength, the NC, in consultation with the Board, evaluates and determines the selection criteria so as to identify candidates with the appropriate expertise and experience for the appointment as new Director. The selection criterion includes integrity, diversity of competencies, expertise, industry experience and financial literacy.

### **Re-election of Directors**

In accordance with Article 94 of the Company's Constitution, every Director shall retire from office once every three (3) years and at each AGM, one-third of the Directors shall retire from office by rotation. In addition, Article 95 provides that the retiring Directors are eligible to offer themselves for re-election and Article 100 provides that all newly appointed Directors shall hold office only until the next AGM and are eligible to offer themselves for re-election.

In addition, all Directors must submit themselves for re-nomination and re-appointment at least once every three (3) years, in accordance with Rule 720(5) of the Listing Manual of the SGX-ST.

In respect of re-nominations, the NC will consider the individual Director's contribution and performance and whether the Director has adequate time and attention to devote to the Company, in the case of Directors with multiple board representations.

Accordingly, the Board has accepted the NC's nomination of the retiring Directors who have given their consent for re-election at the forthcoming AGM of the Company. The retiring Directors at the forthcoming AGM of the Company are Mr Eka Dharmajanto Kasih, Mr Michael Joseph Sampoerna and Mr Ito Sumardi, who will retire pursuant to Article 94 of the Constitution of the Company and/or Rule 720(5) of the Listing Manual of the SGX-ST.

In making the recommendation, the NC has considered the Directors' overall contributions and performance. Each member of the NC shall abstain from making any recommendation and/or participating in any deliberation of the NC in respect of the assessment of their own performance or re-election as a Director.

Pursuant to Rule 720(6) of the Listing Manual of the SGX-ST, the information relating to the retiring Directors as set out in Appendix 7.4.1 of the Listing Manual of the SGX-ST is disclosed below:

### **Alternate Director**

During FY2022, there were no alternate Director on the Board.

### Provision 4.4

### **Continuous Review of Directors' Independence**

The Company has put in place a process to ensure the continuous monitoring of the independence of the Directors whereby the Directors must immediately report any changes in their external appointments that could affect their independence on the Board.

The NC reviews the independence of each Director annually in accordance with the definition of independence in the Code, Practice Guidance and Rule 210(5)(d) of the Listing Manual of the SGX-ST. Each Independent Director has submitted their confirmation of independence for the NC's reviews on an annual basis. For FY2022, the NC has reviewed and confirmed the independence of the Independent Directors of the Company, Messrs Ng Cher Yan, Sim Idrus Munandar, Hadi Daryanto and Ito Sumardi, the Board is of the view that they are independent, taking into account the circumstances set forth in the Code, Rule 210(5)(d) of the Listing Manual of the SGX-ST and any other salient factors.

### Provision 4.5

### **Onboarding Process for New Director**

The NC ensures that new directors are aware of their duties and obligations. The NC also decides if a director is able to and has been adequately carrying out his or her duties as a Director of the company.

### **Directors' Time Commitments**

Each director is required to confirm annually to the NC as to whether he or she has any issue with competing time commitments which may impact his or her ability to provide sufficient time and attention to his or her duties as a director of the Company. Based on the Directors' annual confirmation and the Directors' commitments and contributions to the Company, which are also evident in their level of attendance and participation at the Board and Board Committees' meetings, the NC and the Board are satisfied that all the Directors were able to and have been adequately carrying out their duties as Directors of the Company in FY2022.

## CORPORATE GOVERNANCE STATEMENT

In addition to the current procedures for the review of the attendance records and analysis of directorships, a policy has also been put in place for the Directors to notify the Board of any changes in their external appointments. This would allow the Director to review his or her time commitments with the proposed new appointment and in the case of an Independent Director, to also ensure that his or her independence would not be affected.

The profile and relevant Information of the members of the Board are set out in the “Board of Directors” section of the Annual Report. In addition, information of the interests of the Directors who held office at the end of the financial year in shares, debentures and share options/awards in the Company and its related corporations (other than the wholly-owned subsidiaries) are set out in the “Directors’ Statement” section of the Annual Report.

### **BOARD PERFORMANCE**

***Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.***

Provision 5.1 and 5.2

#### **Performance Criteria**

The Board, through the NC, has used its best effort to ensure that Directors appointed to the Board and Board Committees, whether individually or collectively, possess the background, experience, knowledge in the business, competencies in finance and management skills critical to the Group’s business. It has also ensured that each Director, with his or her special contributions, brings the Board an independent and objective perspective to enable sound, balanced and well-considered decisions to be made.

The NC has been tasked to assist the Board to develop a performance evaluation framework for the Board, Board Committees and individual Directors, proposed performance criteria and assist in the conduct of the evaluation, analyses the findings and reports the results to the Board.

The NC, together with the Board, has established a formal process setting out the performance criteria for assessing the effectiveness of the Board as a whole and its Board Committees, and for assessing the contribution by each individual Director to the effectiveness of the Board to align with the applicable principles and provisions set out in the Code.

The assessment parameters for each Director include his or her knowledge and abilities, attendance records at the meetings of the Board and Board Committees, and the intensity and quality of participation at meetings. The NC and the Board have relied on the abovementioned parameters to evaluate the Directors’ contribution individually and have taken such evaluation into consideration for the re-nomination of the Directors.

On an annual basis, all the Directors are required to complete the following:

- (a) Board Performance Evaluation Questionnaire;
- (b) Individual Director Self-Assessment Form;
- (c) Board Committees Performance Evaluation Questionnaire; and
- (d) Board Competency Matrix.

For FY2022, the NC conducted a formal review of the performance evaluation of the Board, Board Committees and individual Directors, by way of circulating the questionnaires to the Board and Board Committees and self-assessment form to each individual Director for completion. The summary of findings of each evaluation together with the feedback and recommendations from the Board, Board Committees and

## CORPORATE GOVERNANCE STATEMENT

each individual Director had been discussed and reviewed by the NC.

### ***Board Evaluation Process***

The evaluation serves to assess the effectiveness of the Board as a whole on the following parameters:

- (a) Board composition;
- (b) Board conduct of affairs;
- (c) Internal controls and risk management;
- (d) Board accountability;
- (e) CEO performance; and
- (f) Standard of conduct of the Board.

Based on the summary of findings of the evaluation for FY2022 together with the feedback and recommendations from each Director, the NC is satisfied that the Board as a whole had met its performance objective in FY2022.

### ***Board Committees Evaluation Process***

The evaluation serves to assess the effectiveness of the Board Committees on the following parameters:

- (a) Establishment of the Board Committees including the membership and duties as recommended by the Code;
- (b) Objective and duties as required under each Terms of Reference;
- (c) Meetings and participation;
- (d) Authority to investigate;
- (e) Access to any information and full discretion to invite any Director or executive officer to attend its meetings;
- (f) Support to enable each member to discharge its functions properly;
- (g) Duties performed as required under the relevant principles and provisions of the Code; and
- (h) Training and resources.

Based on the summary of the evaluation for FY2022 together with the feedback and recommendations from members of the respective Board Committees, the NC is satisfied that each of the Board Committees had met its performance objective in FY2022.

The primary objective of the Board evaluation exercise is to create a platform for the Board and Board Committees members to provide constructive feedback on the Board procedures and processes and the changes which should be made to enhance the effectiveness of the Board and Board Committees.

The NC has, without the engagement of external facilitator, assessed the Board and Board Committees overall performance to-date and is of the view that the performance of the Board as a whole and Board Committees were satisfactory.

## CORPORATE GOVERNANCE STATEMENT

### *Individual Directors Evaluation Process*

The evaluation serves to assess the effectiveness of the individual Directors on the following parameters:

- (a) Attendance at Board and related activities;
- (b) Adequacy of preparation for Board meetings;
- (c) Quality and value of contribution for the meetings;
- (d) Contribution to development of strategy and to risk management;
- (e) Up to date with the corporate governance requirements;
- (f) Knowledge; and
- (g) Interaction with stakeholders.

Based on the summary of the evaluation for FY2022 together with the feedback and recommendations from the respective individual Directors, the NC is satisfied that each of the individual Directors had met its performance objective in FY2022.

The individual Director evaluation exercise assists the NC in determining whether to re-nominate Directors who are due for retirement at the forthcoming AGM of the Company, and in determining whether Directors with multiple board representations are able to and have adequately discharged their duties as Directors of the Company.

Each member of the NC shall abstain from voting on any resolutions in respect of the assessment of his performance or his re-nomination as Director.

The NC reviewed the mix of skills and experiences of the Directors that the Board requires to function competently and efficiently in achieving the Group's strategic objectives. When reviewing the Board's performance for FY2022, the NC is satisfied that the Board has a good mix of skills and expertise to meet the needs of the Group and noted the following points:

- (i) Feedback received from the Directors and acted on their comments accordingly; and
- (ii) Individual Director's attendance at meetings of the Board, Board Committees and general meetings, individual Director's functional expertise and his commitment of time to the Company.

The Chairman, in consultation with the NC, will, if necessary, propose steps to be undertaken to strengthen the Board's leadership so as to improve the effectiveness of the Board's oversight of the Company.

### (II) REMUNERATION MATTERS

---

#### **PROCEDURES FOR DEVELOPING REMUNERATION POLICIES**

**Principle 6:** *The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and KMPs. No director is involved in deciding his or her own remuneration.*

#### Provision 6.1

##### **Roles and Duties of RC**

The Board established the RC with written Terms of Reference which clearly set out its authority and duties, and report to the Board directly.

The responsibilities and principal functions of the RC, as set out in its Terms of Reference, include:

- (a) determining the Company's remuneration policies. In doing so, it should also consider the Company's risk appetite and ensure that the policies are aligned to long-term goals;
- (b) ensure that the level and structure of remuneration of the Board and KMP are appropriate and proportionate to the sustained performance and value creation of the Company;
- (c) set the remuneration policy for Directors (both Executive Directors and Non-Executive Directors) and KMP;
- (d) recommend proposed Non-Executive Directors' fees for shareholders' approval;
- (e) monitor the level and structure of remuneration for KMP relative to the internal and external peers and competitors;
- (f) ensure that the remuneration of the Non-Executive Directors is appropriate to the level of contribution;
- (g) review the remuneration of employees related to the Directors, CEO or substantial shareholders, if any, to ensure that their remuneration packages are in line with staff remuneration guidelines and commensurate with their respective job scopes and level of responsibilities;
- (h) review the ongoing appropriateness and relevance of the Company's remuneration policy (including but not limited to Directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards and benefits-in-kind are covered) and other benefit programmes (where appropriate);
- (i) obtain reliable, up-to-date information on the remuneration practices of other companies and the relevant market benchmarks through the appointment of external consultants;
- (j) oversee any major changes in employee benefits or remuneration structures;
- (k) review the design of all long-term and short-term incentive schemes for approval by the Board and shareholders;
- (l) ensure that the contractual terms and any termination payments are fair to the individual and the Company. Poor performance should not be rewarded;
- (m) set performance measures and determine targets for any performance-related pay schemes operated by the Company;

## CORPORATE GOVERNANCE STATEMENT

- (n) ensure that a significant and appropriate proportion of Executive Directors' and KMP remuneration is structured so as to link rewards to corporate and individual performance;
- (o) work and liaise, as necessary, with all other Board Committees on any other matters connected with remuneration matters; and
- (p) undertake such other functions and duties as may be required by the Board under the Code, statute or the Listing Manual of the SGX-ST (where applicable).

The RC recommends to the Board for endorsement, a framework of remuneration and the specific remuneration packages and terms of employment for each Director and KMP, to ensure that Directors are adequately but not excessively remunerated.

### Provision 6.2

#### ***RC Composition***

As at the date of this report, the RC comprises the following three (3) members, all of whom, including the RC Chairman, are Non-Executive and Independent Directors:

Ito Sumardi	Chairman
Ng Cher Yan	Member
Sim Idrus Munandar	Member

### Provision 6.3

#### ***Remuneration Packages and Framework***

The RC reviews and recommends to the Board the remuneration packages or policies for the Executive Director/CEO and the KMP based on the performance of the Group, the individual Director and the KMP. No Director individually decides or is involved in the determination of his or her own remuneration. The RC's recommendations are submitted for endorsement by the Board.

The RC reviews the terms and conditions of service agreements of the CEO before their execution. In the course of such review, the RC will consider the Group's obligations arising in the event of termination of Executive Director and KMP, to ensure that the service agreements contain fair and reasonable termination clauses and are not overly generous so as to avoid rewarding poor performance.

The service agreement entered into with the CEO is renewable automatically every three (3) years, such renewal being subject to the confirmation of the Board. None of the Non-Executive Directors is on a service contract with the Company.

### Provision 6.4

#### ***Engagement of Remuneration Consultants***

The RC has access to advice from the internal human resource department and, if necessary, the RC may seek advice from external professionals in the field of executive compensation and related matters of which the expenses will be borne by the Company. No external consultant was engaged by the Company in FY2022.

## CORPORATE GOVERNANCE STATEMENT

### LEVEL AND MIX OF REMUNERATION

**Principle 7: *The level and structure of remuneration of the Board and KMPs are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.***

#### Provision 7.1

##### **Remuneration of Executive Directors and KMP**

The Group's remuneration policy is to provide compensation packages at market rates which reward successful performance and to attract, retain and motivate Directors and KMP. It also motivates the Directors to provide good stewardship of the company and KMP to successfully manage the Company for the long term. The remuneration packages take into account the performance of the Group, the individual Directors and individual KMP.

The remuneration structure of the Executive Director and KMP comprises both fixed and variable components. The variable component is linked to the Group/Company's performance as well as the performance of the individual personnel. Such performance-related remuneration is designed to align with the interests of shareholders and other stakeholders and promote long-term success of the Group.

Having reviewed and considered the variable components in the remuneration packages of the Executive Director and KMP, the RC is of the view that the remuneration packages of the Executive Director and KMP, which include a fixed component and a variable component linked to the Company's performance, is aligned to the interest of shareholders and are not excessive. The variable portion is linked to individual performance, and is dependent on the performance of the Group, as well as the contribution of the individual to the Group's performance.

The annual reviews of the compensation are carried out by the RC to ensure that the remuneration of the Executive Director/CEO, and KMP commensurate with their performance and that of the Company, giving due regard to the financial and commercial health and business needs of the Group. The performance of the Executive Director/CEO (together with other KMP) is reviewed periodically by the RC and the Board.

##### **Samko Timber Performance Share Plan**

Samko Timber Performance Share Plan (the "**Samko PSP**") was approved by the shareholders at the extraordinary general meeting ("**EGM**") of the Company held on 27 April 2018.

The Samko PSP is a performance incentive share plan which forms an integral part of the Group's incentive compensation program. The Samko PSP aims to promote higher performance goals, and recognise and reward the contributions made by the eligible CEO and/or an Executive Director. The Samko PSP contemplates the contingent award of fully-paid shares after certain pre-determined benchmarks have been met.

The Samko PSP is administered by the administration committee comprising members of the NC and RC of the Company ("**Administration Committee**") in its absolute discretion, with such powers and duties as are conferred on it by the Board. The Administration Committee determines and approves the allocation of the share awards, the date of grant and the price thereof under the Samko PSP. Details of the Samko PSP were set out in the Company's Circular dated 12 April 2018.

Details of the Samko PSP are disclosed in the Directors' Statements on pages 70 to 74 and in the notes to the financial statement on pages 92 to 179.

## CORPORATE GOVERNANCE STATEMENT

### ***Claw-back Provisions***

The Company does not use contractual provisions to allow the Group to reclaim incentive components of remuneration from the CEO and KMP in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The CEO owes a fiduciary duty to the Company. The Company should be able to avail itself to remedies against the CEO in the event of such breach of fiduciary duties.

#### Provision 7.2

### ***Remuneration of Non-Executive Directors***

The Board comprises of 6 (six) Non-Executive Directors. Directors' fees are set in accordance with a remuneration framework based on the level of responsibility and scope of work. The CEO does not receive any Directors' fee, whilst the Non-Executive Directors are paid Directors' fees in accordance with their level of contributions, taking into account factors such as efforts and time spent, as well as responsibilities and obligations of the Directors. The Independent Directors have not been over-compensated to the extent that their independence is compromised. Directors' fees are recommended by the Board for approval by the shareholders at the AGM of the Company. The Board has endorsed the remuneration framework.

For FY2022, the RC had met to review, determine, and recommend to the Board, the payment of Directors' fees for the financial year ending 31 December 2023, payable quarterly in arrears, which are subject to the shareholders' approval at the forthcoming AGM of the Company.

#### Provision 7.3

### ***Comparative, Attractive, and Motivative Remuneration Package***

The RC also considered, in consultation with the CEO, amongst other things, their responsibilities, skills, expertise and contributions to the Group's performance and whether the remuneration packages are competitive and sufficient to ensure that the Group is able to attract and retain and motivate Directors and KMP. The remuneration packages take into account the performance of the Group, the individual Directors and individual KMP.

The Company advocates a performance-based remuneration system for Executive Director and KMP that is flexible and responsive to the market, comprises primarily a basic salary component, an annual supplement equivalent to one month basic salary during each Muslim Hari Raya month and a variable component which is inclusive of bonuses and other benefits based on the Group's performance and the individual's performance such as management skills, process skills, people skills and business planning skills. This is designed to align remuneration with the interests of shareholders and link rewards to corporate and individual performance so as to promote the long-term sustainability of the Group.

## **DISCLOSURE ON REMUNERATION**

***Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.***

#### Provision 8.1

### ***Remuneration Criteria***

The compensation packages for employees including the Executive Director/CEO and the KMP comprised a fixed component (base salary), a variable component (cash-based annual bonus) and benefits-in-kind,

## CORPORATE GOVERNANCE STATEMENT

where applicable, taking into account amongst other factors, the individual's performance, the performance of the Group and industry practices.

An annual review of the compensation is carried out by the RC to ensure that the remuneration of the Executive Director/CEO and KMP commensurate with their performance and that of the Company, giving due regard to the financial and commercial health and business needs of the Group. The performance of the Executive Director/CEO (together with other KMP) is reviewed periodically by the RC and the Board. In structuring the compensation framework, the RC also takes into account the risk policies of the Group, the need for the compensation to be symmetric with the risk outcomes and the time horizon of risks.

Notwithstanding that it is a variation from Provision 8.1 of the Code, the Company wishes to disclose the remuneration of the Executive Director in bands of S\$250,000 for FY2022. The Company is of the view that the intent of Principle 8 was met, as the remuneration policies and the procedure for setting remuneration applicable to the Executive Director/CEO and the KMP are described above, and the level and mix of remuneration is disclosed in the table below.

### ***Disclosure on Fees and Remuneration of Directors***

A breakdown of the level and mix of the remuneration payable to each individual Director for FY2022 are set out below:

Hadi Daryanto	-	-	100	-	100%

Note:

<sup>(1)</sup> The salary and bonus amounts shown are inclusive of Singapore Central Provident Fund ("CPF") contributions.

<sup>(2)</sup> Mr Riko Setyabudhy Handoko is also the CEO of the Company.

The aggregate remuneration paid to the Directors is set out on page 161 of this Annual Report.

### ***Disclosure on Remuneration of KMP***

A breakdown of the ranges of gross remuneration paid in FY2022 to the Group's KMP (who are not Directors or the CEO) in the Company and in the Group's subsidiaries, excluding any associated companies are set out below:

## CORPORATE GOVERNANCE STATEMENT

Name of KMP	Salary <sup>(1)</sup> (%)	Allowances and other benefits (%)	Total (%)
S\$250,000 to below S\$500,000			
Edward Tombokan	71.3	28.7	100%

Hendry Susanto	71.3	28.7	100%
Arief Zakaria	75.4	24.6	100%
Alvin Puspowidjono	70.8	29.2	100%

Note:

(1) The salary and bonus amounts shown are inclusive of Singapore CPF contributions.

The RC will review the remuneration of the Directors and KMP from time to time.

Save as disclosed above, the Code recommends that:

- the Company should fully disclose the remuneration of each individual Director and the CEO on a named basis;
- the Company should disclose the details of the remuneration of employees who are substantial shareholders of the Company, or are immediate family members of a Director, the CEO or a substantial shareholder, in incremental bands of S\$100,000; and
- the Company should disclose in aggregate the total remuneration paid to at least the top five (5) KMP (who are not Directors or the CEO).

The total remuneration paid to the top eight (8) KMP is set out on page 161 of this Annual Report.

All Directors and KMP are remunerated on an earned basis and there were no termination, retirement and post-employment benefits granted during FY2022.

The Board supports and is aware of the need for transparency. However, after deliberation and debate, the Board is of the view that as the remuneration packages are confidential and sensitive in nature, full disclosure of the specific remuneration of each individual Director and the CEO is not in the best interest of the Company. *Inter alia*, the Board has taken into account the very sensitive nature of the matter, the relative size of the Group, the highly competitive business environment the Group operates in, the competitive pressures in the talent market and the irrevocable negative impact such disclosure may have on the Group and which would place the Group in a competitively disadvantageous position.

After taking into account the reasons for non-disclosure stated above, the Board is of the view that the current disclosure of the remuneration presented herein in this report is sufficient to provide shareholders information on the Group's remuneration policies, as well as the level and mix of remuneration. The Board has determined that there is sufficient transparency on the Company's remuneration policies, level and mix of remuneration, the procedure for setting remuneration and the relationships between remuneration, performance and value creation. Accordingly, the Board believes that the existing practices adopted by the

## CORPORATE GOVERNANCE STATEMENT

Company are consistent with the intent of Principle 8 of the Code.

### Provision 8.2

#### ***Disclosure on Remuneration of Employee related to Directors/CEO/Substantial Shareholders***

There were no employees who are substantial shareholders of the Company, or are immediate family members of a Director, the CEO or a substantial shareholder of the Company, and whose remuneration exceeded S\$100,000 during FY2022.

### Provision 8.3

#### ***Details of Employee Share Scheme***

No share awards under Samko PSP was granted in FY2022.

No remuneration or compensation was paid or is to be paid in the form of share options, since the Company does not currently have any plan to implement share option.

## **(III) ACCOUNTABILITY AND AUDIT**

### **RISK MANAGEMENT AND INTERNAL CONTROLS**

***Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.***

### Provision 9.1

#### ***Nature and Extent of Risks***

The Board is responsible for the governance of risk and sets the direction for the Group in the way risks are managed in the Group's businesses. The Board believes in the importance of maintaining a sound system of internal controls, including financial, operational, compliance and information technology controls, and risk management systems to safeguard the interests of the shareholders and the Group's assets. To achieve this, internal reviews are constantly being undertaken to ensure that the system of internal controls maintained by the Group is sufficient to provide reasonable assurance that the Group's assets are safeguarded against loss from unauthorised use or disposition, transactions are properly authorised and proper financial records are being maintained.

#### ***Board Risk Committee***

The Board had established a BRC to assist the Board to ensure that the Group maintains a robust and effective system of internal controls and to evaluate the adequacy of the Group's internal controls that address the Group's financial, operational, compliance and information technology controls, and risk management systems.

The BRC comprises the following six (6) members, four (4) of whom, including the BRC Chairman, are Non-Executive and Independent Directors:

Sim Idrus Munandar	Chairman
Eka Dharmajanto Kasih	Member
Riko Setyabudhy Handoko	Member
Ng Cher Yan	Member

## CORPORATE GOVERNANCE STATEMENT

Ito Sumardi	Member
Hadi Daryanto	Member

The responsibilities and principal functions of the BRC, as set out in its Terms of Reference, include:

- (a) oversee and review the adequacy and effectiveness of the Company's risk management function;
- (b) overseeing Management in establishing the risk management framework of the Company;
- (c) regularly review the risk management framework; and
- (d) undertake and perform other responsibilities and reporting of the Company.

The BRC met two (2) times during FY2022 to review the enterprise risk management which focused on the operational, financial, compliance and information technology aspects of the Group. The Chairman of the BRC had reported the findings and recommendations to the Board during the Board meetings.

The BRC has reviewed the Group's financial controls and risk management policies and processes and based on its assessment and reports of the external auditors and internal auditors, the BRC is assured that adequate and effective internal controls are in place.

As for the operational and compliance controls, the Group has periodically reviewed these control areas through the various heads of department and has continuously made improvements with the assistance of the in-house internal audit team.

### Provision 9.2

#### ***Assurance from the CEO, Chief Financial Officer ("CFO") and KMPs***

The Board and the AC has reviewed, with the assistance of the internal and external auditors, the adequacy and effectiveness of the Group's internal controls, including financial, operational, compliance and information technology controls, and risk management systems annually. The assessment considered issues dealt with in reports reviewed by the Board during FY2022 together with any additional information necessary to ensure that the Board has considered all significant aspects of risks and internal controls for the Group for FY2022.

The Board has received written assurance from the CEO and CFO that, as at 31 December 2022, the Group's financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances.

The Board has also received written assurance from the CEO and the representative of KMPs that the system of internal controls (including financial, operational, compliance and information technology controls) and risk management systems in place were adequate and effective as at 31 December 2022 to address the risks that the Group considers relevant and material to its business operations.

Based on the internal controls maintained by the Group, work performed by the internal audit team and the BRC during the financial year under review, as well as the statutory audit by the external auditors, and the reviews performed by Management, the Board, with the concurrence of the AC, is of the opinion that the system of internal controls in place by the Group, is adequate and effective to address all material aspects of the financial, operational, compliance and information technology controls, and the risk management systems, are adequate and effective to meet the needs of the Group for the type and volume of businesses conducted in the current business environment.

The system of internal controls and risk management established by the Group provides reasonable, but not absolute, assurance that the Group will not be adversely affected by any event that can be reasonably

## CORPORATE GOVERNANCE STATEMENT

foreseen as the Group strives to achieve its' business objectives. However, the Board also notes that no system of internal controls and risk management can provide absolute assurance in this regard, or absolute assurance against the occurrence of material errors, poor judgment in decision-making, human error, losses, fraud or other irregularities.

Information in relation to the Group's risk management objectives and policies is disclosed in the notes to the financial statement on pages 161 to 170.

### **AUDIT COMMITTEE**

***Principle 10: The Board has an Audit Committee which discharges its duties objectively.***

#### **Provision 10.1**

#### ***Roles and Duties of Audit Committee***

The Board established the AC with written Terms of Reference which clearly set out its authority and duties, and report to the Board directly.

The responsibilities and principal functions of the AC, as set out in its Terms of Reference, include:

- (a) review the financial reporting issues and judgements so as to ensure the integrity of financial statements, and of announcements on the Company's financial performance and recommend changes;
- (b) oversee and review the adequacy and effectiveness of the Company's risk management function;
- (c) overseeing Management in establishing the risk management framework of the Company;
- (d) review and report to the Board at least annually on the adequacy and effectiveness of the Company's risk management and internal controls;
- (e) review the adequacy, effectiveness, independence, scope and results of the Company's internal audit function;
- (f) review the scope and results of the external audit, and the independence and objectivity of the external auditors;
- (g) recommend to the Board the appointment, reappointment and removal of the external auditors, and its remuneration and terms of engagement;
- (h) ensure that the Company complies with the requisite laws and regulation;
- (i) ensure that the Company has programmes and policies in place to identify and prevent fraud;
- (j) oversee the establishment and operation of the whistleblowing process in the Company;
- (k) review all IPT and related party transactions; and
- (l) undertake such other functions and duties as may be required by the Board under the Code, statute or Listing Manual of the SGX-ST (where applicable).

## CORPORATE GOVERNANCE STATEMENT

Apart from the duties listed above, the AC will:

- (a) Commission and review the findings of internal investigations into any matters where there is any suspected fraud or irregularity, or failure of internal controls or infringement of any Singapore law, rule or regulation which has or is likely to have a material impact on the Company's operating results and/or financial position; and
- (b) Ensure that the appropriate follow-up actions are taken.

### **External Audit Function**

The AC reviews the scope and results of the audit carried out by the external auditors, the cost effectiveness of the audit and the independence and objectivity of the external auditors. It always seeks to balance the maintenance of objectivity of the external auditors and their ability to provide value-for-money professional services.

Messrs Moore Stephens LLP ("**MS**") was re-appointed as the external auditors at the last AGM held on 29 April 2022 until the conclusion of the forthcoming AGM of the Company. The aggregate amount of audit fees paid to MS in FY2022 was S\$154,050. There were no non-audit fees paid to MS in FY2022.

The AC recommends to the Board the appointment, re-appointment and removal of external auditors, and approves the remuneration and terms of engagement of the external auditors. The re-appointment of the external auditors is always subject to shareholders' approval at the AGM of the Company.

In reviewing the nomination of MS for re-appointment for the financial year ending 31 December 2023, the AC has considered the adequacy of the resources, experience of their audit engagement partner and competence of audit team assigned to the Group's audit, given the size and complexity of the Group. The AC has also taken into account the Audit Quality Indicators relating to MS firm level and on the audit engagement level. Consideration was also given to the experience of the engagement partner and key team members in handling the audit. The Board also considered the audit team's ability to work in a cooperative manner with Management whilst maintaining integrity and objectivity and to deliver their services professionally and within agreed timelines.

MS has confirmed that they are a Public Accounting Firm registered with Accounting and Corporate Regulatory Authority and provided a confirmation of their independence to the AC.

On the basis of the above, the AC and the Board are satisfied with the standard and quality of work performed by MS and that the appointment of external auditors is in compliance with the requirements of Rule 712 of the Listing Manual of the SGX-ST. Accordingly, the AC has recommended the re-appointment of MS as external auditors for the ensuing year be tabled for shareholders' approval at the forthcoming AGM of the Company.

In accordance with the requirements of Rule 715 of the Listing Manual of the SGX-ST, the AC and the Board, having reviewed the appointment of different auditors for the Company's subsidiaries, are satisfied that these appointments would not compromise the standard and effectiveness of the audit of the Group.

### **Whistle Blowing Policy**

The Company has adopted a Whistle-Blowing Policy which provides well-defined and accessible channels in the Group through which employees and others may raise concerns about possible improprieties in matters of financial reporting or other matters which they become aware and to ensure that:

- (i) independent investigations are carried out in an appropriate and timely manner;

## CORPORATE GOVERNANCE STATEMENT

- (ii) appropriate action is taken to correct the weakness in internal controls and policies which allowed the perpetration of fraud and/or misconduct and to prevent a recurrence; and
- (iii) administrative, disciplinary, civil and/or criminal actions that are initiated following the completion of investigations are appropriate, balance and fair, while providing reassurance that employees and others will be protected from reprisals or victimisation for whistle-blowing in good faith and without malice.

The Group also extended the Whistle-Blowing Policy to members of the public as well by means of the Company's corporate website where employees of the Group and external parties may make a report to the Chairman of the AC via email to raise their potential concerns under the Whistle-Blowing Policy. The objective for such arrangements is to ensure independent investigation of matters raised and to allow appropriate actions to be taken. All such investigations are undertaken by an appointed manager, if appropriate, who reports directly to the Chairman of the AC.

The Group will treat all information received confidentially and protect the identity and the interest of all whistleblowers, and the whistleblower will not be subject to detrimental or unfair treatment. The Whistle-Blowing Policy and procedures are reviewed by the AC from time to time to ensure they remain relevant. The AC reports to the Board on such matters at the Board meetings. Should the AC receive reports relating to serious offences and/or criminal activities in the Group, the AC and the Board have access to the appropriate external advice where necessary. Where appropriate or required, a report shall be made to the relevant government authorities for further investigation or action.

The AC did not receive any reports of whistle-blowing incidents during FY2022 and up to the date of this report.

### Provisions 10.2 and 10.3

#### ***Audit Committee Composition***

The AC comprises the following three (3) members, all of whom, including the AC Chairman, are Non-Executive and Independent Directors:

Ng Cher Yan	Chairman
Sim Idrus Munandar	Member
Hadi Daryanto	Member

The Board is of the opinion that the AC members are appropriately qualified to discharge their responsibilities. Two (2) of the members, Mr Ng Cher Yan and Mr Sim Idrus Munandar, have accounting or related financial management background, while Mr Hadi Daryanto's expertise are in forestry plantation and forestry industry. All AC members have many years of experience in accounting and/or finance related expertise and experience.

As the Lead Independent Director and the AC Chairman, Mr Ng Cher Yan's scope of works also include leading the AC in its' role in reviewing IPT undertaken by the Group and being available to shareholders where they have concerns which have been raised through the normal channels of the Chairman or the CFO and Head of Finance and Accounting but have not been resolved or for which such contact is inappropriate. The AC members take measures to keep abreast of changes of accounting standards and issues which have a direct impact on financial statements through attending training and seminars as well as receiving updates from the Group's external auditors.

None of the AC members is a former partner or Director of the Company's existing auditing firm or auditing corporation within a period of two (2) years commencing on the date of his ceasing to be partner of the auditing firm or a Director of the auditing corporation; and in any case, a person has any financial interest in the auditing firm or auditing corporation.

## CORPORATE GOVERNANCE STATEMENT

### Provision 10.4

#### ***Internal Audit Function***

The Board recognises the importance of maintaining a sound system of risk management and internal controls to safeguard the shareholders' investments and the Group's assets. The AC has been assigned to oversee and ensure that such a system has been appropriately implemented and monitored.

The Company has an in-house internal audit team to review the effectiveness of the Group's internal controls, including the adequacy of the Group's internal financial, operational, compliance and information technology controls. Internal audit findings, recommendations and actions taken by Management on the recommendations were reported to the AC. The in-house internal audit team is independent and carries out its activities in accordance with the Standards for the Professional Practice of Internal Auditing.

The in-house internal audit team primary line of reporting is to the AC Chairman and the AC will continue on an annual basis:

1. To review the adequacy of the Group's internal controls;
2. To review the adequacy of the internal audit function, its activities and organizational structure to ensure that no unjustified restrictions or limitations are imposed;
3. To review and approve the annual internal audit plan to ensure that there is sufficient coverage of the Group' activities; and
4. To oversee the implementation of the internal audit plan and ensure that Management provides the necessary co-operation to enable the in-house internal audit team to perform its functions and duties. All improvements to controls recommended by the in-house internal audit team and accepted by the AC will be monitored for implementation.

The AC is satisfied that the in-house internal audit team or Head of Internal Audit is a qualified and experienced personnel. The in-house internal audit team comprises five (5) employees including the Head of Internal Audit who possess the relevant qualifications and experience. The internal audit function has unfettered access to all Company's documents, records, properties, including the AC.

The in-house internal audit team plans its internal audit schedules in consultation with, but independent of, Management. The audit plan is submitted to the AC for approval prior to the commencement of the internal audit work.

The AC reviews the activities of the in-house internal audit team on a regular basis, including overseeing and monitoring the implementation of the improvements required on internal control weaknesses identified. The AC reviews the adequacy and effectiveness of the internal audit functions on an annual basis and is satisfied with its adequacy and effectiveness.

#### ***Access Information by Internal Audit Function***

The AC is authorised by the Board to investigate any matters within its Terms of Reference. It has unrestricted access to information pertaining to the Group, to both internal and external auditors, and to all employees of the Group. Reasonable resources have been made available to the AC to enable it to discharge its duties properly.

## CORPORATE GOVERNANCE STATEMENT

### Provision 10.5

#### ***Meeting Auditors without the Management***

The AC met at least two (2) times to review the audit plan/report, the audit findings, the reports on IPT, the reports on internal audit activities for the year (including updates on the findings in relation thereto) and the announcements of the half year and full-year results before being approved by the Board for release to the SGX-ST.

The AC met with the external auditors and Head of Internal Audit, without the presence of the Company's Management at least once year. The AC had reviewed the independence of the external auditors and is satisfied that the nature and extent of the non-audit services provided by the external auditors will not prejudice the objectivity and independence of the external auditors.

#### ***Audit Committee Activities***

In FY2022, the AC had, among others, carried out the following activities:

- (a) reviewed the half year and full year financial statements announcements of the Group, and recommended to the Board for approval and release to the SGX-ST via SGXNet;
- (b) reviewed the adequacy and effectiveness of the Group's internal controls, including financial, operational, compliance and information technology controls, and risk management systems;
- (c) reviewed IPT of the Group;
- (d) reviewed and approved the annual audit plan of the external auditors;
- (e) reviewed and approved the internal audit plan of the internal auditors, having considered the scope of the internal audit procedures;
- (f) reviewed the effectiveness of the Group's internal audit function;
- (g) reviewed the audit findings of the internal auditors and Management's responses to those findings;
- (h) reviewed the independence of the external auditors;
- (i) reviewed the annual re-appointment of the external auditors and determined their remuneration, and made a recommendation for the Board's approval; and
- (j) met with the external auditors and Head of Internal Audit once without the presence of Management.

In the review of the financial statements, the AC has discussed with Management the accounting principles that were applied and their judgment of items that might affect the integrity of the financial statements. The significant matter impacting the financial statements was discussed with Management and the external auditors, and was reviewed by the AC, as further described in Page of this 75 Annual Report.

## CORPORATE GOVERNANCE STATEMENT

### (IV) SHAREHOLDER RIGHTS AND ENGAGEMENT

#### SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS

**Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.**

The Company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company. The Company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

In light of the unprecedented situation due to the Coronavirus pandemic ("**COVID-19**") and to support the health and well-being of the shareholders, employees and communities, the AGMs of the Company held in 2020, 2021 and 2022 were held in a virtual-only meeting format via "live" audio-visual webcast or "live" audio-only stream as set out in the COVID-19 (Temporary Measures) Act 2020 passed on 7 April 2020 and COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) (Amendment) Order 2020 passed on 13 April 2020.

The forthcoming AGM to be held in respect of FY2022 will be convened and held by way of electronic means with real-time electronic voting and real-time electronic communication pursuant to the directive issued by Singapore Exchange Regulation Pte Ltd on 23 May 2022. Shareholders will be allowed to participate by

- (a) attendance at the AGM via electronic means (including arrangements by which the AGM can be electronically accessed via "live" audio-visual webcast or "live" audio-only stream);
- (b) submission of questions in advance of the AGM and addressing of substantial and relevant questions in advance of the AGM in relation to any resolutions set out in this Notice of AGM;
- (c) submission of text-based questions "live" at the AGM by clicking the "Ask a Question" feature and then clicking "Type Your Question" to input their queries in the questions text box; and
- (d) "live" voting or appointing proxy(ies) or the Chairman of the AGM as proxy to attend and vote on their behalf of the AGM.

In addition, the Company is not required to distribute physical copies of the Annual Report for FY2022, the notice of the forthcoming AGM and related meeting documents. Such documents are available for download from the Company's corporate website and the SGX-ST's website.

Further details about the arrangements for participation in the forthcoming AGM are set out and explained in the Notice of AGM and related announcements, copies of which can be downloaded from the Company's corporate website or the SGX-ST's website.

#### Provision 11.1

#### **Shareholders' Participation in General Meetings**

The Company is open to meetings with investors and analysts, and in conducting such meetings, the Company is mindful of the need to ensure timely, accurate, fair and transparent disclosure of information.

All general meetings are conducted physically and all registered shareholders attending such meetings are entitled to vote in accordance with established voting rules and procedures which are explained during the general meetings. Rules governing general meetings are also explained during the general meetings.

## CORPORATE GOVERNANCE STATEMENT

Shareholders are informed of shareholders' meetings through notices contained in annual reports or circulars sent to all shareholders. Copies of the annual report, the circular and the notices of the AGM and/or EGM, where applicable, are sent to every shareholder of the Company. The notices of the general meetings are also published in a major local newspaper and announced via SGXNet and made available on the Company's corporate website at <https://www.sampoernakayoe.co.id>.

In order to provide ample time for the shareholders to review, the notice of AGM, together with the annual report, is distributed to all shareholders fourteen (14) days before the scheduled AGM date. Shareholders are encouraged to attend the general meetings to ensure a high level of participation and accountability.

The Company allows any shareholder (who is not a relevant intermediary), who is unable to attend the general meetings in person, to appoint not more than two (2) proxies to attend and vote in his or her place at the general meetings via proxy forms submitted in advance (i.e. not less than forty-eight (48) hours before the time appointed for holding the general meeting). The proxy form is sent with the notice of general meetings to all shareholders.

On 3 January 2016, the legislation was amended, among other things to allow certain members, defined as "relevant intermediary" to attend and participate in general meetings without being constrained by the two-proxy requirements. Relevant intermediary includes corporations holding licenses in providing nominee and custodial services and Central Provident Fund Board which purchases shares on behalf of the Central Provident Fund investors. A proxy need not be a member of the Company.

The Company strongly encourages shareholder participation during the AGMs and/or EGMs, if any. Shareholders are able to proactively engage the Board and Management on the Group's business activities, financial performance and other business-related matters. Shareholders are invited to put forth any questions they may have on the motions to be debated and decided upon.

### Provision 11.2

#### ***Conduct of Resolutions and Voting***

In support of greater transparency of the voting process and to enhance shareholders' participation, the Company puts all resolutions proposed at the general meetings to vote by poll since 2016.

Each distinct issue requiring shareholders' approval is proposed as a separate resolution at the general meetings. In addition, shareholders' participation is encouraged at the general meetings to ensure a high level of accountability and to be informed of the Group's strategy and goals.

Shareholders who are present in person or represented by proxies will be entitled to one vote for each share held. A scrutineer is appointed to count and validate the votes cast at the general meetings. The total number of votes cast for and against each resolution and the respective percentage are announced and released to the SGX-ST via SGXNet.

Resolutions are passed through a process of voting by poll and shareholders are entitled to vote in accordance with established voting rules and procedures. Shareholders are informed of the voting procedures prior to the commencement of voting by poll. The poll results in favour and against for each resolution put forth are presented during the AGMs and/or EGMs.

### Provision 11.3

#### ***Interaction with Shareholders***

At general meetings, shareholders are given the opportunity to raise questions to the Directors and Management relating to the Company's business or performance. Management, as well as the respective

## CORPORATE GOVERNANCE STATEMENT

Chairmen of the Board, AC, NC, RC and BRC will be present to assist the Directors in addressing all comments or queries raised by shareholders at such general meetings. The external auditors will also be present at the AGM to address shareholders' queries on the conduct of the audit and the preparation and content of the auditor's report.

### Provision 11.4

#### ***Absentia Voting***

Voting in absentia, which is currently not permitted, may only be possible following careful study to ensure that the integrity of information and authentication of the identity of shareholders through the web are not compromised, and legislative changes are effected to recognise remote voting.

The Company has decided, for the time being, not to implement voting in absentia through mail, electronic mail or fax until security, integrity and other pertinent issues are satisfactorily resolved.

### Provision 11.5

#### ***Minutes of General Meetings***

The proceeding of each of the general meetings will be properly recorded, including substantial or relevant comments or queries from Shareholders relating to the agenda of the general meetings and responses from the Board and Management. All minutes of the general meetings will be available on the Company's corporate website and SGXNet within one (1) month from the general meetings.

### Provision 11.6

#### ***Dividend Policy***

The Company does not have a formal dividend policy. Any future dividends that the Directors may recommend or declare in respect of any particular financial year or period will depend on the Group's earnings, financial position, results or operations, capital needs, plans for expansion, and other factors as the Board may deem appropriate.

The Board has not declared or recommended dividends for FY2022, as the Directors are of the view that it can be better use the cash for working capital to support the business operation of the Group at this juncture.

## **ENGAGEMENT WITH SHAREHOLDERS**

***Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.***

### Provision 12.1

#### ***Communication with Shareholders***

The AGM is the principal forum for dialogue with shareholders. The Company recognises the value of feedback from shareholders. During the general meetings, shareholders are given ample time and opportunities to air their views and concerns. All the Directors will endeavour to attend the AGMs and EGMs, and shareholders will be given the chance to share their thoughts and ideas or ask questions relating to the resolutions to be passed or on other corporate and business issues.

The Company believes in regular, effective and fair communication with its shareholders and is committed to hearing shareholders' views and addressing their concerns where possible. The Company's officers

## CORPORATE GOVERNANCE STATEMENT

promptly communicate with its shareholders and analysts whenever appropriate and attend to their queries or concerns. The Company's officers also manage the dissemination of corporate information to the media, public, institutional investors and public shareholders, and act as a liaison point for such entities and parties.

The Company believes in maintaining regular dialogue with shareholders and it encourages shareholders' participation at general meetings and analyst briefings which also act as a platform to solicit and understand the views of shareholders and to address shareholders' concerns.

### Provisions 12.2 and 12.3

#### ***Investor Relations Practices***

The Company does not have an Investor Relations Policy in place. However, the Board's policy is that all Shareholders should be informed simultaneously in an accurate and comprehensive manner regarding all material developments that impact the Group via SGXNet on an immediate basis, in line with the Group's disclosure obligations pursuant to the Listing Manual of the SGX-ST and the Companies Act. There is no dedicated investor relations team in place as the Board was of the view that the current communication channels are sufficient and cost-effective.

The Company will assess the need to have such a policy as and when there is a substantial increase in such correspondence.

#### ***Disclosures of Information***

The Group is committed to providing shareholders with adequate, timely and sufficient information pertaining to changes and challenges in the Group's business which could have a material impact on the share price or value.

The Board understands its responsibility and provides to the shareholders on a timely basis a balanced and understandable assessment of the Group's performance, position and prospects when presenting interim and other price sensitive public reports, and reports to regulators (if required). The Board also ensures full disclosure of material information to shareholders in compliance with statutory requirements and the Listing Rules, including the release of the Group's half year and full year financial statements results announcements. Strong emphasis is placed on removing technical jargon and using simple language for clarity. Where there is inadvertent disclosure made to a selected group, the Company will make the same disclosure publicly as soon as practicable.

In line with the continuous disclosure obligations of the Company, under the Listing Manual of the SGX-ST and the Companies Act, the Board has established a policy to inform shareholders promptly of all major developments that may impact materially on the Company and/or the Group.

Communication to Shareholders is normally made through:

- (a) annual reports that are prepared and issued to all Shareholders;
- (b) annual and half year financial statements announcements containing a summary of the financial information and affairs of the Group for the period;
- (c) notices and explanatory memoranda for general meetings;
- (d) disclosures to the SGX-ST via SGXNet; and
- (e) press/media releases.

## CORPORATE GOVERNANCE STATEMENT

The Board recognises that it is accountable to shareholders for the Group's performance. The Board believes in transparency and strives towards timeliness in the dissemination of material information to the Company's shareholders and the public on a timely and non-selective basis. Pertinent information will be disclosed to shareholders through the SGXNet and press releases (if any) in a fair and equitable manner.

The Company does not practice selective disclosure of material information. The Group makes all necessary disclosures to the public via SGXNet. The Group values dialogue with its shareholders and believes in regular, effective and fair communication with its shareholders and is committed to hearing shareholders' views and addressing their concerns where possible.

All material information relating to the Group's and Company's performance and developments are disclosed in a timely, accurate and comprehensive manner through SGXNet. The Company's corporate website also contains salient information relating to the Group, including details about its current property development project as well as the contact details for stakeholders to contact the Group's corporate headquarters in Singapore. The Company does not practice selective disclosure of material information.

### **(V) MANAGING STAKEHOLDERS RELATIONSHIPS**

---

#### **Engagement with Stakeholders**

***Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.***

#### **Provision 13.1**

#### ***Stakeholders' Engagement***

The Company and the Group has regularly engaged its stakeholders through various medium and channels to ensure that the business interests are aligned with those of the stakeholders, to understand and address the concerns so as to improve services and products' standards, as well as to sustain business operations for long-term growth.

The stakeholders have been identified as those who are impacted by the Group's business and operations and those who are similarly able to impact the Group's business and operations. Six (6) stakeholders' groups have been identified through an assessment of their significance to the business operations. They are namely, employees, investors/shareholders, customers and consumers, local communities, suppliers and service providers, and government and regulators.

#### **Provision 13.2**

#### ***Strategy and Key Areas of Focus***

The Company and the Group have undertaken a process to determine the economic, environmental, social and governance issues, which important to these stakeholders. These issues form the materiality matrix upon which targets, performance and progress are reviewed and endorsed by the Board annually.

#### ***Sustainability Reporting***

The Board believes that it is integral for the Group's success to have long-term growth and development in a sustainable manner and considers sustainability issues as part of its strategic formulation.

The Company upholds high standards of responsible, sustainable and socially aware business practices and is committed to incorporating sustainability in its corporate culture and improving the economic,

environmental and social wellbeing of our stakeholders. The Company balances economic viability with sustainability and social progress for future generations. The Company is also cognisant of the challenges caused by the COVID-19 pandemic and remain committed to ensuring the safety of its guests and employees.

Detailed approach to the stakeholder engagement and materiality assessment (including commitments, key areas of focus and activities) will be disclosed in the 2022 Sustainability Report, which will be issued by 28 April 2023 and will also be published on the Company's corporate website and made available on the SGXNet.

### Provision 13.3

#### **Corporate Website**

To promote regular, effective and fair communication with Shareholders, the Company maintains a corporate website at <https://www.sampoernakayoe.co.id> through which Shareholders are able to access up-to-date information on the Group. The corporate website provides annual reports, financial information, stock information, profiles of the Group, and contact details of the investor relations of the Group.

## **(VI) DEALINGS IN SECURITIES**

---

The Company has adopted an internal Code of Best Practices on dealings in the securities to provide guidance to the officers, including Directors, of both the Company and its subsidiaries with regard to dealings in the Company's securities.

The Code of Best Practices prohibits the officers of the Group from dealing in the Company's securities during the period commencing one (1) month before the announcement of the Company's half-year and full-year financial results and ending on the date of announcement of such results on the SGX-ST, or when they are in possession of the unpublished price sensitive information of the Group. Notifications of the 'closed window' periods are sent to all officers concerned.

The Directors are also required to notify the Company of any dealings in the Company's securities within two (2) days of the transaction and to submit an annual confirmation on their compliance with the Code of Best Practices.

In addition, the Directors and Officers of the Group are discouraged from dealing in the Company's securities on short-term considerations.

## **(VII) INTERESTED PERSON TRANSACTIONS**

---

The Company has established internal control procedures to ensure the transactions with interested persons are properly reviewed and approved by the AC and conducted at arm's length basis, on normal commercial terms and will not be prejudicial to the interests of the Company and its minority shareholders.

#### Report on the Audit of the Financial Statements

##### *Opinion*

We have audited the financial statements of Samko Timber Limited (the “Company”) and its subsidiaries (collectively, “the Group”), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2022, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the “Act”) and Singapore Financial Reporting Standards (International) (“SFRS(I)s”) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2022 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

##### *Basis for Opinion*

We conducted our audit in accordance with Singapore Standards on Auditing (“SSAs”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (“ACRA”) *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (“ACRA Code”) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### *Material Uncertainty Related to Going Concern*

We draw attention to Note 3(b) in the financial statements, which indicates that the Group incurred a net loss of Rp252,423 million and a total comprehensive loss of Rp284,299 million during the financial year ended 31 December 2022 and, as of that date, the Group’s current liabilities exceeded its current assets by Rp311,154 million, of which the Group has short-term bank loans amounting to Rp1,435,813 million, as disclosed in Note 28 to the financial statements, which are due within the next twelve months from 31 December 2022. The Group also has a deficit in equity attributable to owners of the Company amounted to Rp188,177 million as at 31 December 2022. As stated in Note 3(b) to the financial statements, these conditions may cast a significant doubt on the ability of the Group to continue in operational existence for the foreseeable future and to discharge its liabilities in the normal course of business. Our opinion is not modified in respect of this matter.

*Key Audit Matters*

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material Uncertainty Related to Going Concern* section of our report, we have determined the matters described below to be the key audit matters to be communicated in our report.

<b>Key Audit Matter</b>	<b>How our audit addressed the key audit matter</b>
<p><b>Valuation of biological assets</b> (Refer to Note 15 to the financial statements)</p> <p>As at 31 December 2022, the Group's biological assets owned through subsidiaries in Indonesia amounted to approximately Rp495,535 million.</p> <p>Biological assets are measured at fair value less costs to sell at the reporting date. The fair value is estimated with reference to an independent professional valuation using the present value of expected net cash flows from the biological assets. Determining the present value of expected net cash flows requires the use of assumptions and estimates relating to growth, harvesting plan, harvest yield per hectare, sale prices and costs, and also choosing a suitable discount rate in order to calculate the present value of those net cash flows.</p> <p>Due to the level of judgement and estimation uncertainty involved in the valuation, we have considered this to be a key audit matter.</p>	<p>We obtained an understanding of management's biological assets valuation process and evaluated the competence, capabilities and objectivity of the independent professional valuer engaged by the Group to assist in determining the fair value of the biological assets at the reporting date.</p> <p>Our audit procedures related to the valuation included, amongst others:</p> <ul style="list-style-type: none"> <li>• evaluated the methodology adopted by the independent professional valuer;</li> <li>• assessed the key inputs and date used in the valuation model, in particular the growth assumptions, harvesting plan, harvest yield per hectare, sale prices assumptions and costs and comparing to the historical and market available date;</li> <li>• assessed the appropriateness of the discount rate applied in the valuation. We also checked the mathematical accuracy of the underlying calculations; and</li> <li>• reviewed the adequacy of the disclosures in relation to the valuation of biological assets in Note 15 to the financial statements, including management's sensitivity analysis, in Note 36(a) to the financial statements.</li> </ul>

*Key Audit Matters* (cont'd)

<b>Key Audit Matter</b>	<b>How our audit addressed the key audit matter</b>
<p><b>Post-employment benefits liabilities</b> (Refer to Note 29 to the financial statements)</p> <p>The Group records post-employment benefits for its qualified employees as required by the Indonesian Labour Law. As at 31 December 2022, the Group's post-employment benefits liabilities amounted to approximately Rp249,084 million.</p> <p>The cost of the defined pension plan benefits and the present value of the pension obligation are calculated using an actuarial valuation determined by an independent actuary.</p> <p>An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, inflation rate, future salary increases, mortality rates and future pension increases.</p> <p>Due to the complexities involved in the valuation and its long-term nature, we have considered this to be a key audit matter.</p>	<p>We obtained an understanding of management's valuation process for the Group's post-employment benefits liabilities and evaluated the competence, capabilities and objectivity of the independent actuary engaged by the Group to assist in determining the post-employment benefits liabilities at the reporting date.</p> <p>Our audit procedures related to the valuation included, amongst others:</p> <ul style="list-style-type: none"> <li>• performed sample testing of the employee's details used in the computation to human resources records and performed a re-computation of the post-employment benefits liabilities;</li> <li>• assessed the reasonableness of the total annual salaries used in the computation by comparing to the historical data;</li> <li>• assessed the reasonableness of future salary increases by comparing to the historical data; and</li> <li>• evaluated and assessed other key assumptions used in the valuation, in particular the discount rate, inflation rate, mortality rates and future pension increases to the market available data issued by the Indonesian government and/or the historical data; and</li> <li>• reviewed the adequacy of the disclosures in relation to the post-employment benefits liabilities, including management's sensitivity analysis, in Note 29 to the financial statements.</li> </ul>

*Key Audit Matters* (cont'd)

<b>Key Audit Matter</b>	<b>How our audit addressed the key audit matter</b>
<p><b>Impairment on investment in a subsidiary</b> (Refer to Note 14 to the financial statements)</p> <p>As at 31 December 2022, management performed an impairment assessment of the Company's investment in a subsidiary, PT Sumber Graha Sejahtera ("PT SGS"), as the carrying amount of the Company's investment in PT SGS exceeded the net assets of PT SGS as at that date. The carrying amount of the Company's investment in PT SGS amounted to approximately Rp793,832 million, representing approximately 94% of the Company's total assets.</p> <p>As part of the impairment testing, management prepares value in use calculations ("VIU") to determine the recoverable amount of the Company's investment in PT SGS. The VIU is based on discounted cash flow forecast of PT SGS, the preparation of which requires management to use assumptions and estimates relating to revenue growth, budgeted gross margin, and terminal growth rate and discount rate of PT SGS, which are inherently subjective, and may be affected by uncertainties around future market or economic conditions.</p> <p>Due to the level of judgement and estimation uncertainty involved in the VIU, we have considered this to be a key audit matter.</p>	<p>We obtained an understanding of management's impairment assessment process for the Company's investment in subsidiaries and assessed the VIU prepared by management to determine the recoverable amount of the Company's investment in PT SGS at the reporting date.</p> <p>Our audit procedures related to the VIU included, amongst others:</p> <ul style="list-style-type: none"> <li>• evaluated management's assumptions applied in the cash flow forecast taking into consideration our knowledge of PT SGS's operations, performance and industry benchmarks;</li> <li>• obtained an understanding of management's planned strategies on revenue growth and cost initiatives for PT SGS;</li> <li>• tested the robustness of management's forecast by comparing previous forecasts to actual results. In addition, we also validated key inputs used in the discounted cash flow forecast, such as growth rate and discount rate, to the historical data and external market data to assess the reasonableness of management's forecast;</li> <li>• tested management's sensitivity analysis of the recoverable amount of the Company's investment in PT SGS based on reasonable changes to the key assumptions used in the discounted cash flow forecast. We also checked the mathematical accuracy of the underlying calculations; and</li> <li>• reviewed the adequacy of the disclosures relating to impairment testing of the Company's investment in PT SGS, including management's sensitivity analysis, in Note 14 to the financial statements.</li> </ul>

*Other Information*

Management is responsible for other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

*Responsibilities of Management and Directors for the Financial Statements*

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

*Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

*Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)*

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

In our opinion, the accounting and other records required by the Act to be kept by the Company and by the subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Mr Ng Chiou Gee Willy.

**2 Application of Singapore Financial Reporting Standards (International) (“SFRS(I)s”)**

(a) Application of New and Revised SFRS(I)s

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Group has adopted the following revised standards that are relevant to the Group and are mandatorily effective for an accounting period that begins on or after 1 January 2022:

Description

Amendments to SFRS(I) 3: *Reference to the Conceptual Framework*

Amendments to SFRS(I) 1-16: *Proceeds before Intended Use*

Amendments to SFRS(I) 1-37: *Onerous Contracts – Cost of Fulfilling a Contract*

Annual Improvements to SFRS(I)s 2018-2020: *Amendments to SFRS(I) 1, SFRS(I) 9, SFRS(I) 16*

Amendment to SFRS(I) 16: *COVID-19–Related Rent Concessions beyond 30 June 2021*

The adoption of the revised standards listed above did not result in substantial changes to the Group’s accounting policies and had no material effect on the amounts reported for the current or prior financial years.

Amendments to SFRS(I) 16: <i>Lease Liability in a Sale and Leaseback</i>	1 January 2024

The directors of the Company expect that the adoption of the revised standards listed above will have no material impact on the financial statements of the Group in the period of initial application.

**3 Significant Accounting Policies**

(a) Basis of Preparation

The consolidated financial statements of the Group and the statement of financial position of the Company have been prepared in accordance with the provisions of the Singapore Companies Act 1967 and SFRS(I)s. The financial statements have been prepared on the historical cost basis, except as disclosed in the accounting policies below.

(a) Basis of Preparation (cont'd)

Change in accounting policy

In April 2022, the Indonesian Financial Accounting Standards Board of the Institute of Indonesia Chartered Accountants (“DSAK-IAI”) issued an explanatory material through a press release regarding the attribution of benefits to periods of service in accordance with PSAK 24: *Employee Benefits* which was adopted from IAS 19 *Employee Benefits* (equivalent to SFRS(I) 1-19 *Employee Benefits*).

The press release states that the pattern of the pension program based on the Labour Law currently enacted in Indonesia is similar to those responded and concluded in the IFRS Interpretation Committee (“IFRIC”) Agenda Decision on SFRS(I) 1-19. In prior years, the Group attributed benefits under the defined benefit plan’s benefit formula to periods of service from the date when employees provide their services until their retirement age. In 2022, based on the press release, the Group changed the policy for attributing benefits under the plan to the date when employee service first leads to benefits under the plan until the date when further employee service will lead to no material amounts of further benefits under the plan.

The Group has adopted the said explanatory material and accordingly changed its accounting policy regarding attribution of benefits to periods of service previously applied, and the change has been retrospectively accounted for to the beginning balance of the earliest comparative period as follows:

(b) Going Concern Assumption

The Group incurred a net loss of Rp252,423 million (2021 (Restated): Rp66 million) and a total comprehensive loss of Rp284,299 million (2021 (Restated): 16,381 million) during the financial year ended 31 December 2022 and, as of that date, the Group's current liabilities exceeded its current assets by Rp311,154 million (2021 (Restated): Rp132,616 million), of which the Group has short-term bank loans amounting to Rp1,435,813 million (2021: Rp 1,044,526 million), as disclosed in Note 28, which are due within the next twelve months from 31 December 2022. The Group also has a deficit in equity attributable to owners of the Company amounted to Rp188,177 (2021 (Restated): Surplus of Rp96,295 million) as at 31 December 2022.

The above conditions may cast a significant doubt on the ability of the Group to continue in operational existence for the foreseeable future and to discharge its liabilities in the normal course of business.

Notwithstanding the above, the directors of the Company believe that the use of the going concern assumption in the preparation and presentation of the financial statements for the financial year ended 31 December 2022 is appropriate after taking into account the forecasted cash flow prepared by management which showed the Group will have sufficient working capital for at least the next 12 months from the date of these financial statements and will be able to pay its debts as and when they fall due.

(b) Going Concern Assumption (cont'd)

Further, as at 31 December 2022, the Group has at its disposal unused revolving loan and overdraft facilities amounting to Rp1,091,345 million (2021: Rp1,658,422 million) to draw down, if required, as disclosed in Note 34(d). Management believes the banks will continue to support the Group and are not aware of any adverse circumstances that might cause the Group's bank facilities to be withdrawn.

The Group will continue to improve its operating performance and generate sufficient cash flows from its operations to meet its working capital requirements. The Group is also expanding its operations into new locations in Indonesia to generate future additional revenue stream and positive operating cash flows for the Group.

(c) Group Accounting

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally.

Goodwill on acquisitions of subsidiaries and businesses, represents the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previously-held equity interest in the acquiree over the fair value of the fair value of the investee's identifiable net assets acquired. Goodwill on acquisitions of subsidiaries is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment loss. Gains and losses on the disposal of subsidiaries, include the carrying amount of goodwill relating to the subsidiary sold.

**AND ITS SUBSIDIARY COMPANIES**

**NOTES TO THE FINANCIAL STATEMENTS**

(c) Group Accounting (cont'd)

The Group applies the acquisition method to account for business combinations when the acquired set of activities and assets meets the definition of a business and control is transferred to the Group. In determining whether an integrated set of activities and assets is a business, the Group assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process that together significantly contribute to the ability to create output. A business can exist without including all of the inputs and processes needed to create output. The Group has an option to apply a 'fair value concentration test' that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The concentration test can be applied on a transaction-by-transaction basis. The optional concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets. If the test is met, the set of activities and assets is determined not to be a business and no further assessment is needed. If the test is not met, or if the Group elects not to apply the test, a detailed assessment must be performed applying the normal requirements in SFRS(I) 3.

The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis, either at fair value or at the non-controlling interest's proportionate share of the recognised amounts of acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

If the business combination is achieved in stages, the acquisition date carrying amount of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such re-measurement are recognised in profit or loss.

Any contingent consideration to be transferred by the Group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in profit or loss. Contingent consideration that is classified as equity is not remeasured, and its subsequent settlement is accounted for within equity.

If the total of consideration transferred, non-controlling interest recognised and previously-held interest measured is less than the fair value of the net assets of the subsidiary acquired as in the case of a bargain purchase, the difference is recognised directly in profit or loss.

Inter-company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment indicator of the transferred assets. When necessary, amounts reported by subsidiaries have been adjusted to conform with the Group's accounting policies.

(c) Group Accounting (cont'd)

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions - that is, as transactions with the owners in their capacity as owners. The difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals of interests in subsidiaries to non-controlling interests without loss of control are also recorded in equity.

When the Group loses control of a subsidiary, it:

- derecognises the assets (including any goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- derecognises the carrying amount of any non-controlling interest (including any components of other comprehensive income attributable to them);
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained in the former subsidiary at its fair value;
- re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate; and
- recognises any resulting difference in profit or loss.

(d) Investment in Subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses in the statement of financial position of the Company. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amount of the investments are recognised in profit or loss.

(e) Foreign Currencies

Functional and presentation currency

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entity operates ("functional currency").

The Company's functional currency is United States Dollar ("US\$"), which reflects the economic substance of the underlying events and circumstances of the Company. For the purposes of the consolidated financial statements, the results and financial position of each entity in the Group are expressed in Indonesia Rupiah ("Rp"), which is the presentation currency for the consolidated financial statements.

All values are rounded to the nearest million (Rp'million) except when otherwise indicated.

(e) Foreign Currencies (cont'd)

Transactions and balances

In preparing the financial statements of each individual entity, transactions in currencies other than the entity's functional currency ("foreign currencies") are recognised at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.

Currency translation differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the reporting date are recognised in profit or loss. However, in consolidated financial statements, currency translation differences arising from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations, are recognised in other comprehensive income and accumulated in the foreign currency translation reserve.

When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operation is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Translation of Group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing rate at the reporting date;
- income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- all resulting exchange differences are recognised in other comprehensive income and accumulated in the foreign currency translation reserve.

(e) Foreign Currencies (cont'd)

Translation of Group entities' financial statements (cont'd)

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

In addition, in relation to a partial disposal of a subsidiary that includes a foreign operation that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences is re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates that do not result in the Group losing significant influence), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

(f) Revenue Recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

Sales of goods

Revenue is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied with no variable consideration involved in the estimation of the transaction price.

Interest income

Interest income is recognised using the effective interest method.

Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

(g) Government Grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received. Government grants receivable are recognised as income over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are shown separately under other income in profit or loss.

Government grants relating to assets are deducted against the carrying amount of the assets.

(h) Employee Benefits

Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Termination benefits

Termination benefits are payable when employment is terminated before the normal retirement age in accordance with the provisions of the employment contract and/or local labour laws.

Defined pension plan benefits

The Group operates a defined pension plan for severance and service benefits, which is required under the labour laws in Indonesia and is unfunded. The cost of providing the benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, is recognised immediately on the statement of financial position with a corresponding debit or credit through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent period.

Past service costs are recognised in profit or loss on the earlier of:

- the date of the plan amendment or curtailment, and
- the date that the Group recognises restructuring-related costs

The Group recognises service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements in the net defined benefits obligation in profit or loss.

(i) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

(j) Income Tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by reporting date. The Group periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Such deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

(j) Income Tax (cont'd)

Deferred tax (cont'd)

Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

The Group recognises a previously unrecognised deferred tax asset to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Current and deferred tax for the period

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where the current and deferred tax arises from the initial accounting for a business combination, the tax effect is taken into account in the accounting for the business combination.

(k) Property, Plant and Equipment

Measurement

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

The cost includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

Depreciation

Depreciation is recognised so as to write off the cost of the assets less their residual values over their useful lives, using the straight-line method.

The following useful lives are used in the calculation of depreciation:

Buildings and improvements	-	20 years
Machinery and heavy equipment	-	8 to 20 years
Electrical installations	-	5 to 15 years
Vehicles	-	4 to 8 years
Furniture, fixtures and equipment	-	4 to 10 years

Assets in the course of construction are carried at cost less any recognised impairment losses. Cost includes, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Depreciation of these assets, on the same basis as other assets, commences when the assets are ready for their intended use.

The carrying amounts of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying amount may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis. The effects of any revision are recognised in profit or loss when the changes arise.

Subsequent expenditure

Subsequent expenditure related to property, plant and equipment that has been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

(k) Property, Plant and Equipment (cont'd)

Disposal

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

(l) Biological Assets

Biological assets comprise standing trees in a plantation forest, separate from the land on which these assets are located.

The plantation forests are recognised and measured at fair value less estimated point-of-sale costs at harvest. The valuation of the biological assets is calculated by the independent valuer based on the discounted cash flow model whereby the fair value is calculated using cash flows from continuous operations, assuming sustainable forest management plans, taking into account the growth potential from their industrial forest plantations. The yearly harvest made from the forecasted tree growth is multiplied by actual wood pines and the cost of fertiliser, before the deduction of harvesting. The fair value is measured as the present value of the harvest from one growth cycle based on the productive forestland.

(m) Land Use Rights

Land use rights is carried at cost less accumulated amortisation and accumulated impairment losses. The land use rights are amortised to profit or loss using the straight-line method over the term of the land lease. The amortisation period and method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis. The effects of any revision are recognised in profit or loss when the changes arise.

(n) Impairment of Non-financial Assets

Non-financial assets are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

At the end of each reporting period, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any), on an individual asset.

(n) Impairment of Non-financial Assets (cont'd)

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(o) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost incurred in bringing the inventories to their present location and condition are accounted for using the average method for finished goods, work in progress and raw materials and first-in, first-out method for indirect materials and spare parts.

Where necessary, allowance is provided for damaged, obsolete and slow-moving items to adjust the carrying value of inventories to the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less all estimated costs of completion and costs necessary to make the sale.

(p) Financial Assets

Classification

i. Debt instruments

Financial assets that are debt instruments are classified into categories based on the Group's business model for managing them and their contractual cash flow characteristics.

- Financial Assets measured at Amortised Cost ("AC") comprise of assets that are held within a business model whose objective is to hold those assets for collection of contractual cash flows, and those contractual cash flows represent solely payments of principal and interest.
- Financial Assets measured at Fair Value through Other Comprehensive Income ("FVOCI") comprise of assets that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling those assets, and those contractual cash flows represent solely payments of principal and interest.
- Financial Assets measured at Fair Value through Profit and Loss ("FVPL") comprise of assets that do not qualify for AC and FVOCI. Assets that would otherwise qualify for AC or FVOCI may also be designated as FVPL upon initial recognition, if such designation eliminates or significantly reduces a measurement or recognition inconsistency that arises from measuring assets and liabilities on an inconsistent basis.

ii. Equity instruments

Financial assets that are equity instruments comprise mainly of investments in equity securities. The Group classifies these assets as FVPL, except for those that the Group has designated as FVOCI. The FVOCI designation is irrevocable, and is not permitted for held-for-trading financial assets and financial assets that represent contingent consideration in a business combination.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument).

Initial measurement

Trade receivables that do not contain a significant financing component are initially recognised at their transaction price. Other financial assets are initially recognised at fair value, plus, for financial assets that are not at FVPL, transaction costs that are directly attributable to their acquisition. Transaction costs of financial assets at FVPL are expensed in profit and loss.

(p) Financial Assets (cont'd)

Subsequent measurement

i. Debt instruments

*AC*

These financial assets are subsequently measured at amortised cost using the effective interest method unless they are part of a designated hedging relationship. Impairment losses and reversals, interest income, and foreign exchange gains and losses (except where designated as a hedging instrument) on such assets are recognised in profit and loss. Interest income is based on the effective interest method which allocates interest income over the life of the financial asset based on an effective interest rate that discounts estimated future cash receipts to its gross carrying amount.

For debt investments at amortised cost that will be affected by the interest rate benchmark reform, changes to the contractual cash flows that are required by the interest rate benchmark reforms are effected by adjusting the effective interest rate of the debt instruments, without recognizing any immediate gains or losses.

*FVOCI*

These financial assets are subsequently measured at fair value. Impairment losses and reversals, interest income based on the effective interest method, and foreign exchange gains and losses (except where designated as a hedging instrument) on such assets are recognised in profit and loss. Any remaining fair value movements are recorded in other comprehensive income.

*FVPL*

These financial assets are subsequently measured at fair value. All fair value movements are recorded in profit and loss.

ii. Equity instruments

Subsequent to initial recognition, all equity investments are measured at fair value. Changes in the fair value of FVPL equity investments are recognised in profit and loss, while changes in the fair value of FVOCI equity investments are recognised in other comprehensive income. All dividend income is recognised in the profit and loss, except for dividends from FVOCI equity investments that clearly represent a recovery of the cost of investment.

(p) Financial Assets (cont'd)

Impairment

At each reporting date, the Group assesses expected credit losses (“ECL”) on the following financial instruments:

- Financial assets that are debt instruments measured at AC and FVOCI;
- Contract assets; and
- Financial guarantee contracts.

ECL is a probability-weighted estimate of credit losses. Credit losses are measured at the present value of all shortfalls between the cash flows due to the Group in accordance with contractual terms, and the cash flows that the Group actually expects to receive. ECL is discounted at the effective interest rate of the financial asset. The Group records allowances on financial assets based on either the:

- 12-month ECL – representing the ECL that results from default events that are possible within the 12 months after the reporting date (or the expected life of the instrument if shorter); or
- Lifetime ECL – representing the ECL that results from all possible default events over the expected life of the contract.

*Simplified approach - Trade receivables and contract assets*

For all trade receivables and contract assets, the Group adopts a simplified approach whereby an allowance for lifetime ECL is assessed upon initial recognition. The Group estimates lifetime ECL using a provision matrix based on historical credit loss experience, adjusted for various factors including debtor-specific factors, forward-looking information such as industry and economic forecasts, and others as appropriate.

*General approach – All other financial instruments on which ECL assessment is required*

For all other financial instruments on which ECL is assessed, an allowance for 12-month ECL is recorded upon initial recognition. The allowance is increased to lifetime ECL if the credit risk at each reporting date has increased significantly as compared to the credit risk at initial recognition. In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Group considers all reasonable and supportable information that is relevant and available without undue cost or effort including both historical credit experience and forward-looking information.

(p) Financial Assets (cont'd)

Impairment (cont'd)

The Group regards the following as events of default:

- events that make it unlikely for the borrower to repay in full unless the Group undertakes actions to recover the asset; or
- the financial instrument has become overdue in excess of 365 days.

*Credit-impaired financial instruments*

At each reporting date, the Group assesses whether a financial instrument on which ECL assessment is required has become credit-impaired. This is the case when one or more events have occurred that are considered to be detrimental to the estimated future cash flows of the instrument. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the borrower;
- a breach of contract such as a default or past due event;
- other lenders granting concessions to the borrower due to economic or contractual reasons, that would not have been considered in the absence of the borrower's financial difficulty;
- increasing likelihood that the borrower will enter bankruptcy or other financial re-organisation; and
- the disappearance of an active market for the borrower's securities due to financial difficulties.

For credit-impaired financial assets, interest income is determined by applying the effective interest rate to the net carrying amount of the financial asset (after deduction of the ECL allowance).

*Write-off policy*

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, such as when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit and loss.

(p) Financial Assets (cont'd)

Recognition and derecognition

Financial assets are recognised when, and only when the Group becomes a party to its contractual provisions. All regular way purchases and sales of financial assets are recognised on trade-date, which is the date on which the Group commits to purchase or sell the financial asset.

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset that is a debt instrument, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the profit and loss. In addition, for a financial asset that is a debt instrument at FVOCI, the cumulative gain or loss previously accumulated in the fair value adjustment reserve is reclassified to profit and loss.

On derecognition of an equity investment at FVPL, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit and loss. For equity investments at FVOCI, this difference is instead recognised directly in equity as part of retained earnings. Cumulative gains and losses previously accumulated in equity are also transferred directly to retained earnings upon derecognition of FVOCI equity investments.

(q) Cash and Cash Equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents comprise cash at bank and on hand, and short-term deposits that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value. These exclude bank overdrafts that are not repayable on demand and are used as a source of finance instead of an integral part of the Group's cash management.

(r) Financial Liabilities

Financial liabilities

The Group recognises financial liabilities on its statement of financial position when, and only when, the Group becomes a party to the contractual provisions of the instruments.

Financial liabilities are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition or issue of the financial liability. All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method. Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least twelve months after the reporting period.

For the Group's borrowings that will be affected by the interest rate benchmark reform, changes to the contractual cash flows that are required by the interest rate benchmark reforms are effected by adjusting the effective interest rate of the borrowings, without recognising any immediate gains or losses.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they have expired. The difference between the carrying amount of a financial liability that has been derecognised and the consideration paid and payable (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(s) Offsetting Financial Assets and Financial Liabilities

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position, when and only when, there is a currently enforceable legal right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the financial assets and settle the financial liabilities simultaneously.

(t) Leases

When the Group is a lessee

At the inception of the contract, the Group assesses if the contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

The Group recognises right-of-use assets and lease liabilities at the date which the underlying assets become available for use. Right-of-use assets are measured at cost, which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement dates, plus any initial direct costs incurred and an estimate of restoration costs, less any lease incentives received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the right-of-use assets.

Right-of-use assets are subsequently depreciated using the straight-line method from the commencement dates to the earlier of the end of the useful lives of the right-of-use assets or the end of the lease terms. In addition, the right-of-use assets are periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the corresponding lease liabilities. The following useful lives are used in the calculation of depreciation:

Buildings	-	2 to 3 years
Machinery and heavy equipment	-	8 to 20 years
Vehicles	-	4 to 8 years

The Group's right-of-use assets and lease liabilities are presented in Note 32.

The initial measurement of lease liabilities is measured at the present value of the lease payments discounted using the implicit rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Group uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments (including in-substance fixed payments), less any lease incentives receivables;
- variable lease payments that are based on an index or rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under residual value guarantees;
- the exercise price of a purchase option if it is reasonably certain to exercise the option; and
- payment of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

(t) Leases (cont'd)

When the Group is a lessee (cont'd)

For contracts that contain both lease and non-lease components, the Group allocates the consideration to each lease component on the basis of the relative stand-alone price of the lease and non-lease components. The Group has elected not to separate lease and non-lease components for property leases; instead, these are accounted for as one single lease component.

Lease liabilities are measured at amortised cost, and are remeasured when:

- there is a change in future lease payments arising from changes in an index or rate;
- there is a change in the Group's assessment of whether it will exercise lease extension and termination options;
- there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee; or
- there is a modification to the lease term.

When lease liabilities are remeasured, corresponding adjustments are made against the right-of-use assets. If the carrying amounts of the right-of-use assets have been reduced to zero, the adjustments are recorded in profit or loss.

Variable lease payments that are based on an index or a rate are included in the measurement of the corresponding right-of-use assets and lease liabilities. Other variable lease payments are recognised in profit or loss when incurred.

*Short-term leases and leases of low-value assets*

The Group applies the exemption for all short-term leases (up to 12 months) and low-value assets on a lease-by-lease basis. All lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

When the Group is a lessor

Each lease in which the Group acts as a lessor is classified as either an operating or a finance lease at lease inception. Leases that transfer substantially all of the risks and rewards incidental to ownership of the underlying assets are classified as finance leases. Other leases are classified as operating leases.

(t) Leases (cont'd)

When the Group is a lessor (cont'd)

*Lessor – finance leases*

Leases where the Group has transferred substantially all risks and rewards incidental to ownership of the leased assets to the lessees, are classified as finance leases. The leased assets are derecognised and the present value of the lease receivables (net of initial direct costs for negotiating and arranging the lease) are recognised on the statement of financial position and included in “trade and other receivables”. The difference between the gross receivables and the present value of the lease receivable is recognised as unearned finance income. Each lease payment received is applied against the gross investment in the finance lease receivable to reduce both the principal and the unearned finance income. The finance income is recognised in profit or loss on a basis that reflects a constant periodic rate of return on the net investment in the finance lease receivable. Initial direct costs incurred by the Group in negotiating and arranging finance leases are added to finance lease receivables and recognised as an expense in profit or loss over the lease term on the same basis as the lease income.

*Lessor – operating leases*

Leases where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognised in income on a straight-line basis over the lease term. Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised as an expense in profit or loss over the lease term on the same basis as the lease income. Contingent rents are recognised as income in profit or loss when earned.

(u) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(v) Derivative Financial Instruments

Derivatives are initially recognised at fair value at the date the derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit and loss.

Derivatives are presented as non-current assets or non-current liabilities if the remaining maturities exceed twelve months, and they are not expected to be realised or settled within twelve months. Other derivatives are presented as current assets or current liabilities.

(w) Financial Guarantees

Financial guarantees in the separate financial statements

The Company has issued corporate guarantees to banks for bank borrowings of its subsidiaries. These guarantees are financial guarantees as they require the Company to reimburse the banks if the subsidiaries fail to make principal or interest payments when due in accordance with the terms of the bank borrowings. Intra-group transactions are eliminated on consolidation.

Financial guarantees are measured initially at their fair values plus transaction costs and subsequently measured at the higher of:

- the amount initially recognised less, where appropriate, cumulative amount of income recognised in accordance with the principles of SFRS(I) 15; and
- the amount of loss allowance determined in accordance with expected credit loss model under SFRS(I) 9.

(x) Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are charged to equity.

(y) Dividends to Company's Shareholders

Dividends to the Company's shareholders are recognised when the dividends are approved for payment.

(z) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the executive management whose members are responsible for allocating resources and assessing performance of the operating segments.

(aa) Related Parties

A related party is defined as follows:

A related party is a person or entity that is related to the entity that is preparing its financial statements (referred to as the “reporting entity”).

- a. A person or a close member of that person’s family is related to a reporting entity if that person:
  - i. has control or joint control over the reporting entity;
  - ii. has significant influence over the reporting entity; or
  - iii. is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.
  
- b. An entity is related to a reporting entity if any of the following conditions applies:
  - i. the entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
  - ii. one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
  - iii. both entities are joint ventures of the same third party;
  - iv. one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - v. the entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity;
  - vi. the entity is controlled or jointly controlled by a person identified in (a);
  - vii. a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); or
  - viii. the entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

**4 Critical Accounting Judgements and Key Sources of Estimation Uncertainty**

In the application of the Group's accounting policies, which are described in Note 3, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

(a) Critical judgements in applying the accounting policies

Other than the going concern assumption disclosed in Note 3(b), management is of the opinion that in the preparation of the financial statements, there were no critical judgements made in the process of applying the Group's accounting policies that have a significant effect on the amounts recognised in the financial statements.

(b) Key sources of estimation uncertainty

Valuation of biological assets

Biological assets are measured at fair value less costs to sell. The fair value is estimated with reference to an independent professional valuation using the present value of expected net cash flows from the biological assets. Determining the present value of expected net cash flows requires the use of assumptions and estimates relating to growth, harvesting plan, harvest yield per hectare, sale prices, and costs, and also choose a suitable discount rate in order to calculate the present value of those net cash flows.

Further details about the valuation of biological assets and the carrying amount of the Group's biological assets at the reporting date are disclosed in Note 15.

Post-employment benefits

The cost of the defined benefit pension plan and the present value of the pension obligation are calculated using actuarial valuation determined by an independent actuary. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, inflation rate, future salary increases, mortality rates and future pension increases.

Further details about the valuation of post-employment benefits obligations and the carrying amount of the Group's post-employment benefits liabilities at the reporting date are disclosed in Note 29.

**4 Critical Accounting Judgements and Key Sources of Estimation Uncertainty (cont'd)**

(b) Key sources of estimation uncertainty (cont'd)

Impairment of investment in subsidiaries

The Company assesses at each reporting date whether there is an indication that the investment in subsidiaries may be impaired. This requires an estimation of the recoverable amount of the cash-generating unit ("CGU") and is determined based on value in use calculations ("VIU"). The VIU is based on discounted cash flow forecast of the CGU, the preparation of which requires management to use assumptions and estimates relating to revenue growth rate, budgeted gross margin, terminal growth rate and discount rate of the CGU. The assumptions and estimates used are inherently subjective, and may be affected by uncertainties around future market or economic conditions.

The carrying amount of the Company's investment in subsidiaries and the allowance for impairment loss recognised at the reporting date are disclosed in Note 14.

Loss allowance for trade receivables

The Group measures the loss allowance for trade receivables at an amount equal to lifetime expected credit losses ("ECLs"). The ECLs on trade receivables are estimated using a provision matrix which involves grouping receivables based on characteristics which have historically influenced asset recoverability, such as credit ratings, customer-industry group and customer geography, and applying a historic provision rate which is based on days past due for groupings of various customer segments that have similar loss patterns. In devising such a provision matrix, the Group uses its historical credit loss experience with forward-looking information (adjusted as necessary to reflect current conditions and forecast economic conditions) to estimate the lifetime expected credit losses on the trade receivables. At every reporting date, the historical default rates are updated and the impact of forward-looking information is re-analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECL on the Group's trade receivables is disclosed in Note 34(a).

The carrying amount of the Group's trade receivables and the allowance for impairment loss recognised at the reporting date is disclosed in Note 20.

(b) Key sources of estimation uncertainty (cont'd)

Income taxes

The Group has exposure to income taxes in several jurisdictions. Significant judgement is involved in determining the Group-wide provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the year in which such determination is made.

The information on the Group's income tax and deferred tax provisions are disclosed in Note 11 and Note 17, respectively.

Unutilised tax losses

As at 31 December 2022, the Group has unutilised tax losses of approximately Rp397,800 million (2021 (Restated): Rp243,100 million) which can be carried forward and used to offset against future taxable income of those entities of the Group in which the tax losses arose, subject to the agreement of the tax authorities and compliance of the relevant provisions of the tax legislation of the respective jurisdictions in which they operate.

Out of the aforesaid unutilised tax losses were amounts totalling Rp334,500 million (2021 (Restated): Rp118,400 million), of which deferred tax assets have not been recognised as it is not probable that there will be sufficient taxable profits to allow the deferred tax assets to be recovered.

The unutilised tax losses of the Group's entities in Singapore have no expiry date, while the unutilised tax losses of the Group's entities in Indonesia expires 5 years from the year the tax losses arose.

Temporary differences on undistributed earnings

A deferred tax liability of approximately Rp14,112 million (2021: Rp12,524 million) has not been recognised in these financial statements for withholding taxes that would be payable on the undistributed earnings of the Group's foreign subsidiaries as the Group is able to control the timing of dividend distributions of the subsidiaries and has determined that these undistributed earnings will not be distributed in the foreseeable future.

**12 Loss per Share**

Basis loss per share are calculated by dividing the loss for the year attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year.

Diluted loss per share are calculated by dividing loss for the year attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year plus the weighted average number of ordinary shares that would be issued on the conversion of all dilutive potential ordinary shares into ordinary shares.

Impairment testing

At the reporting date, management performed an impairment assessment of the Company's investment in PT Sumber Graha Sejahtera ("PT SGS"), as the carrying amount of the Company's investment in PT SGS amounting to Rp793,832 million (2021: Rp793,832 million), net of allowance for impairment loss of Rp1,904,846 million (2021: Rp1,904,846 million), exceeded the net assets of PT SGS as at that date.

The recoverable amount of PT SGS, the cash-generating unit, has been determined based on value in use calculations using cash flow forecast covering a five-year period. The discount rate applied to the cash flow forecast, forecasted growth rate, budgeted gross margin, and the terminal growth rate used to extrapolate cash flow projections beyond the five-year period are discussed below.

- (i) Revenue and budgeted margins for the five-year period are projected based on sales secured with customers along with forecasted demand with reference to past revenues earned and adjusted for forward-looking economic conditions for the first year and thereafter with a forecasted average annual revenue growth rate of 2% (2021: average annual revenue growth rate of 4%).
- (ii) Average annualised projection rate of 4% (2021: 5%) for overheads and other general expenses.
- (iii) Terminal growth rate of Nil (2021: Nil) has been used for terminal value.
- (iv) Discount rate of 14% (2021: 14%) which represents the current market assessment of the risks specific to PT SGS.

The recoverable amount of the investment in PT SGS is sensitive to the value in use calculations inputs such as forecasted sales prices and discount rate. A reduction of 1% in the forecasted sale prices or an increase of 1% in the discount rate would not result in impairment of the carrying amount of the Company's investment in PT SGS as at 31 December 2022.

The Group's plantations located in Java, Sumatera and Sulawesi have total planted areas covering approximately 957 hectares (2021: 1,397 hectares). The Group's plantations located in Maluku have total planted areas covering approximately 31,900 hectares (2021: 30,352 hectares).

The Group's plantation trees in Java, Sumatera and Sulawesi consist of Gmelina Arborea, Paraserianthes Falcataria, Anthocephalus Cadamba and Tectona Grandis with 7% (2021: 17%) aged between 5 – 7 years (2021: between 5 – 7 years) and 93% (2021: 83%) aged more than 7 years (2021: more than 7 years). The Group's plantation trees in Maluku consist of Gmelina Arborea and Paraserianthes Falcataria which are aged more than 7 years.

As at 31 December 2022, biological assets with an aggregate carrying amount of Rp476,607 million (2021: Rp412,618 million) are pledged as collateral for the Group's interest-bearing loans (Note 28).

Fair value measurement

The fair value of the biological assets is estimated with reference to an independent professional valuation using the present value of expected net cash flows from the biological assets.

The valuation for the Group's plantation trees in Java, Sumatera and Sulawesi is based on the following key assumptions and inputs:

- (i) No new planting or re-planting activities are assumed.
- (ii) The year of tree planting is between 5 to 13 years (2021: between 5 to 13 years).
- (iii) Estimated yield in cubic meter per hectare.
- (iv) Market price is derived from Java's average market log price per species.
- (v) Inflation rate is 2.81% (2021: 2.73%) based on the average of last 5 years (2021: 5 years).
- (vi) Discount rate is 12.02% (2021: 10.4%).

Fair value measurement (cont'd)

The valuation for the Group's plantation trees in Maluku is based on the following key assumptions and inputs:

- (i) No new planting or re-planting activities are assumed.
- (ii) The year of tree planting is between 17 to 28 years (2021: between 17 to 28 years).
- (iii) Estimated yield in cubic meter per hectare.
- (iv) Market price is derived from Java's average market log price per species.
- (v) Inflation rate is 2.81% (2021: 2.73%) based on the average of last 5 years (2021: 5 years).
- (vi) Discount rate is 12.02% (2021: 10.4%).

Financial risk

The Group is exposed to financial risk in respect of agricultural activity. The agricultural activity of the Group consists of the management of biological assets to produce marketable output. The primary financial risk associated with this activity occurs due to the length of time between expending cash on the purchase or planting and maintenance of biological assets and on harvesting and ultimately receiving cash from the sale of the marketable output. The Group plans for cash flow requirements for such activities.

\* The deferred tax assets arose from a subsidiary's unutilised tax losses recognised of approximately Rp63,282 million (2021: Rp131,768 million), which can be carried forward and it is probable to be used to offset against future taxable income of the subsidiary. The reduction in the recognised unutilised tax losses was consequent to a tax audit performed by the relevant tax authorities in the subsidiary's jurisdiction during the financial year.

Financial covenants

During the current financial year, a subsidiary of the Group has not met certain financial ratio covenants as set out in the loan agreements with certain banks, but the relevant banks have granted the subsidiary waivers of having to comply with such financial ratio covenants up to 31 December 2023. Accordingly, the related long-term loans amounting to Rp513,523 million (2021: Rp89,175 million) continues to be classified under non-current liabilities as at year end.

Management is of the opinion that the foregoing banks will continue to support the subsidiary notwithstanding the non-compliance with the financial ratio covenants, which is technical in nature, and moreover, there were no loan repayment default by the subsidiary for the related loans.

**31 Other Reserves and Non-controlling Interests**

(a) Other reserves

Restructuring reserve

Restructuring reserve of the Group represents the difference between the nominal value of shares issued in exchange for the nominal value of shares and reserves of subsidiaries acquired under common control, in accordance with the principles of merger accounting.

Premium paid on acquisition of non-controlling interests

Premium paid on acquisition of non-controlling interest of the Group represents the difference between the consideration paid and the nominal value of shares and reserves acquired.

Performance Share Plan (“PSP”) reserve

Performance share plan reserve represents the equity-settled share awards granted to employees under the Samko Timber Performance Share Plan (the “Samko PSP”). The reserve is made up of the cumulative value of services received from employees recorded over the vesting period commencing from the grant date of equity-settled share awards, and is reduced by the expiry or release of the share awards.

On 29 August 2018, the Company had granted 21,653,058 of share awards (“2018 Awards”) under the Samko PSP to Riko Setyabudhy Handoko, Executive Director and Chief Executive Officer of the Company (the “CEO”) for his performance from 2016 to 2018, subject to certain vesting periods as disclosed below.

Corporate guarantees

At the reporting date, the Company has granted corporate guarantees to banks for the Group's interest-bearing loans disclosed in Note 28 totalling Rp1,145,741 million (2021: Rp976,854 million). These corporate guarantees executed by the Company have not been recorded at fair value, as in the view of the management, the difference in the interest rates, by comparing the actual rates charged by the banks with these corporate guarantees made available, with the estimated rates that the banks would have charged had those corporate guarantees not been made available, is not material.

The corporate guarantees are subject to impairment assessment. The Company has assessed that its subsidiaries have a strong financial capacity to meet the contractual cash flow obligations in the near future and henceforth does not expect significant credit losses arising from these corporate guarantees.

**34 Financial Instruments**

Financial risk management objectives and policies

The Group and the Company is exposed to financial risks arising from its operations and the use of financial instruments. The directors of the Company review and agree policies and procedures for the management of these risks, which are executed by the Chief Financial Officer, Head of Treasury and Head of Credit Control. The Audit Committee provides independent oversight to the effectiveness of the risk management process. These risks include credit risk, foreign currency risk, interest rate risk and liquidity risk. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

**34 Financial Instruments (cont'd)**

Financial risk management objectives and policies (cont'd)

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risks. The following sections provide details regarding the Group's and Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

(a) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group and the Company. In order to minimise credit risk, the Group has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Group generally do not require collateral. The Group reviews the recoverable amount of each trade receivable and debt investment on an individual basis at the end of the reporting period to ensure that adequate loss allowance is made for irrecoverable amounts.

At the reporting date, the Group does not have significant credit risk exposure to any individual customer's balance of trade receivables. The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings. The Group's maximum exposure to credit risk arises from the carrying amount of the respective recognised financial assets as present on the consolidated statement of financial position. In addition, the Group is exposed to credit risk in relation to financial guarantees given to banks provided by the Group. The Group's maximum exposure in this respect is the maximum amount the Group is liable to pay if the guarantees are called on as disclosed in Note 34(d).

*Trade receivables*

The Group uses a provision matrix to measure the lifetime expected credit loss allowance for trade receivables. In measuring the expected credit losses, trade receivables are grouped based on their shared credit risk characteristics and numbers of days past due. The expected credit losses on trade receivables are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

Further details on the loss allowance of the Group's credit risk exposure in relation to trade receivables are disclosed in Note 20.

(a) Credit risk (cont'd)

*Cash and bank balances and other financial assets*

The cash and bank balances are entered into with banks and financial institutions that have high credit ratings.

Impairment on cash and bank balances and other financial assets has been measured on the 12-month expected loss basis and reflects the short maturities of the exposures. The Group considers that its cash and bank balances and other financial assets have low credit risk based on the external credit ratings of the counterparties. The amount of the loss allowances on cash and bank balances and other financial assets were insignificant except for the other receivables as disclosed in Note 20.

*Corporate guarantees*

The Company has issued corporate guarantees to banks for its subsidiaries' bank borrowings. The Company does not expect significant credit losses arising from these corporate guarantees as disclosed in Note 33.

*Credit risk grading guideline*

The Group's management assesses the default risk of debtors using the following internal credit risk grading system:

<b>Internal credit risk rating grades</b>	<b>Definition</b>	<b>Basis of recognition of expected credit loss (ECL)</b>
i. Performing	The counterparty has a low risk of default and does not have any past-due amounts.	12-month ECL
ii. Under-performing	There has been a significant increase in credit risk since initial recognition.	Lifetime ECL (not credit-impaired)
iii. Non-performing	There is evidence indicating that the asset is credit-impaired.	Lifetime ECL (credit impaired)
iv. Write-off	There is evidence indicating that there is no reasonable expectation of recovery as the debtor is in severe financial difficulty.	Asset is written off

(b) Foreign currency risk

The Group has transactional currencies exposures arising from sales and purchases, cash and bank balances, and loans and borrowings denominated in currencies other than the functional currencies of the entities of the Group. The Group's trade receivable and trade payable balances at the reporting date have similar exposure. The foreign currency in which the Group's transactions are denominated and have exposure to foreign currency risk is primarily the United States Dollar ("USD").

The carrying amounts of the Group's significant monetary assets and monetary liabilities, denominated in currencies other than the functional currency of the entities in which these assets/liabilities are held at the reporting date are disclosed in the respective notes in the financial statements.

*Sensitivity analysis*

The following table demonstrates the sensitivity of the Group's loss after tax to reasonably possible changes in the USD against Indonesian Rupiah ("Rp") exchange rate against USD with all other variables including tax being held constant:

	<b>Group</b>	
	<u>2022</u>	<u>2021</u>

*Forward foreign currency contracts*

The Group enters into forward foreign currency contracts to mitigate its foreign currency exposure in USD from its sale and purchase transactions.

Below is a summary of the Group's forward foreign currency contracts outstanding at the end of the reporting period.

<u>Foreign exchange forward contracts</u>	<u>Range of exchange rates (Rp)</u>	<u>Notional principal value</u>	<u>Derivative (liability)/asset at fair value</u> Rp'million

(c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates.

The Group's/Company's exposure to interest rates risk arises primarily from their loans and borrowings and cash at banks. The Group's/Company's policy is to manage interest cost by maintaining an appropriate mix of fixed and floating rate borrowings. The objectives for the mix between fixed and floating rate borrowings are set to reduce the impact of the upward change in interest rate while enabling benefits to be enjoyed if interest rates fall.

Interest on financial instruments classified as floating rate is repriced at intervals of less than one year. Interest on financial instruments classified as fixed rate is fixed until the maturity of the instrument. Surplus funds are placed with reputable banks and financial institutions which generate interest income for the Group.

(c) Interest rate risk (cont'd)

A fundamental financial industry reform of interest rate benchmarks is being undertaken globally, including cessation and replacement of interbank offered rates (“LIBORs”) with alternative nearly risk-free rates (referred to as “interest rate benchmark reform”). The Group’s interest rate risk that is directly affected by the interest rate benchmark reform predominantly comprises its variable rate borrowings. As at 31 December 2022, the Group has variable rate borrowings that are indexed to LIBOR as disclosed in Note 28. The borrowing contracts which maturing after the cessation of IBORs publication include a fallback clause that deals with the cessation and replacement of the existing IBORs to other index benchmark and/or other bank rates.

*Sensitivity analysis*

The Group’s bank borrowings interest rates are mainly floating rates. At the reporting date, if the bank borrowings interest rates had been 100 basis points higher/lower and all other variables were held constant, the Group’s loss after tax would increase/decrease by Rp23,819 million (2021: Rp14,160 million).

Management considers the Company has no significant exposure to interest rate risk.

(d) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds.

The Group’s/Company’s exposure to liquidity risk arise primarily from mismatches of the maturities of financial assets and financial liabilities. The Group’s and the Company’s objective is to maintain a balance between continuity of funding and flexibility through the use of bank borrowings and advances from related parties, where required.

At the end of the reporting period, approximately 61% (2021: 69%) of the Group’s loans and borrowings (Note 28) will be due in less than one year. The Group will continue to monitor and address this risk by monitoring liquidity ratios (including projecting cash flow) and maintaining debt financing plans. Management believes the access to sources of funding is sufficiently available. At the reporting date, the Group has at its disposal unused revolving loan and bank overdraft facilities amounting to Rp1,091,345 million (2021: Rp1,658,422 million) to draw down, if required. Further details on the Group’s going concern are disclosed in Note 3(b).

Capital includes debt and equity items as disclosed in the table below.

The primary objective of the Group's capital management is to ensure it maintains healthy capital ratios in order to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from 2021.

Management reviews the capital structure of the Group and makes adjustment to it, in light of changes in economic conditions. Management considers the cost of capital and the risks associated with each class of capital. The Group monitors capital using gearing ratio. The Group's debt comprises loans and borrowings (including lease liabilities). Capital includes all capital and reserves of the Group that are managed as capital.

**36 Fair Value Measurement**

(a) Fair value of financial assets and liabilities that are measured at fair value on a recurring basis

*Fair value hierarchy*

The Group categorises fair value measurement using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: Unobservable inputs for the asset or liability.

(b) Fair value of assets and liabilities that are measured at fair value on a recurring basis (cont'd)

*Fair value hierarchy (cont'd)*

Level 3 fair value measurements (cont'd)

*Biological assets – Standing Timber (cont'd)*

For biological assets, a significant increase/(decrease) in the discount rate would result in a significantly lower/(higher) fair value measurement. The table below shows the impact on the Level 3 fair value measurement of biological assets that are sensitive to changes in the discount rate that reflects reasonably possible alternative assumption. The positive and negative effects are approximately the same.

	<u>2022</u>	Effect of reasonably possible alternative assumption to	<u>2021</u>	Effect of reasonably possible alternative assumption to
	Carrying <u>amount</u> Rp'million	profit <u>or loss</u> Rp'million	Carrying <u>amount</u> Rp'million	profit <u>or loss</u> Rp'million
<b>Group</b>				
Increase by 1%	476,006	(16,631)	423,896	(10,966)
Decrease by 1%	510,160	17,522	446,291	11,429

In order to determine the effects of the above reasonably possible alternative assumption, the Group adjusted the key unobservable input, used in the fair value measurement, by adjusting the discount rate by increasing and decreasing the assumption by 1% (2021: 1%).

There were no transfers between level 1, 2 and 3 during the financial years ended 31 December 2022 and 2021.

*Valuation policies and procedures*

The significant non-financial assets of the Group categorised within Level 3 of the fair value hierarchy is biological assets. The fair value of biological assets is determined by external independent valuers who have the appropriate and recognised professional qualifications and experience in the biological assets being valued. The valuers provide the fair value of the Group's biological assets annually. The valuation and its financial impact are discussed with the Audit Committee and the Board of Directors of the Company in accordance with the Group's reporting policies.

**NOTES TO THE FINANCIAL STATEMENTS**

**FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2022**

**36 Fair Value Measurement (cont'd)**

- (b) Fair value of assets and liabilities that are not measured at fair value on a recurring basis

Management has determined that the carrying amounts of cash at banks and on hand, other financial assets and financial liabilities carried at amortised costs and loans and borrowings based on their notional amounts as disclosed in the respective notes, reasonably approximate their fair values because they are mostly short term in nature or that they are floating rate instruments that are re-priced to market interest rates on or near the end of the reporting period.

**37 Segment Information**

For management purposes, the Group is organised into business divisions based on their products and services, and has three reportable segments as follows:

- SGS division – refers to the operations of PT Sumber Graha Sejahtera group of entities. This division principally in the business of manufacturing and sales of 1) primary processed timber products (main) such as general plywood and laminated veneer lumber and 2) secondary processed timber products such as truck, piano body parts and decking.
- SGM division\* – refers to the operations of PT Sumber Graha Maluku group of entities. This division principally in the business of manufacturing and sales of primary processed timber products (main) such as general plywood and wood pellet. There are no operations during the financial year except for capital expenditure on the Mangole Project - refer to the Company's announcement on 1 April 2022.
- ST division – refers to the operations of Samko Timber Limited and Samko Trading Pte Ltd group of entities. This division principally trade in all types of timber products manufactured by the division, SGS division and third parties. This division also produces mainly secondary timber products such as doors and windows.

- \* In 2021, PT Sumber Graha Maluku group of entities were included under SGS division as management was of the opinion it was not meaningful to segregate as the group of entities have no operations or other activities up to the end of the previous reporting period.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss after tax which in certain respects, as explained in the table below, is measured differently from profit or loss after tax in the consolidated financial statements. Group corporate expenses are managed on a group basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

- (a) (i) allot and issue shares in the Company (“**Shares**”) whether by way of rights, bonus or otherwise; and/or

- (ii) make or grant offers, agreements or options (collectively, “**Instruments**”) that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors of the Company may in their absolute discretion deem fit; and

## NOTICE OF ANNUAL GENERAL MEETING

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue Shares in pursuance of any Instruments made or granted by the Directors of the Company while this Resolution was in force,

provided that:

- (1) the aggregate number of Shares (including Shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution) to be issued pursuant to this Resolution shall not exceed fifty per centum (50%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of Shares to be issued other than on a pro-rata basis to shareholders of the Company shall not exceed twenty per centum (20%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (1) above, the total number of issued Shares (excluding treasury shares and subsidiary holdings) shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
- (a) new Shares arising from the conversion or exercise of any convertible securities;
- (b) new Shares arising from exercising share options or vesting of share awards; and
- (c) any subsequent bonus issue, consolidation or subdivision of Shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST), all applicable legal requirements under the Companies Act, and otherwise the Constitution of the Company; and
- (4) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required by law to be held, whichever is earlier.

[See Explanatory Note (i)]

**(Resolution 7)**

### 7. Authority to issue shares under the Samko Timber Performance Share Plan

That approval be and is hereby given to the Directors of the Company, pursuant to Section 161 of the Companies Act 1967 of Singapore of Shares:

- (a) to offer and grant awards from time to time in accordance with the rules of the Samko Timber Performance Share Plan (the “**Plan**”);
- (b) to allot and issue from time to time such number of fully paid-up shares in the capital of the Company as may be required to be issued pursuant to the vesting of the awards under the Plan provided that the aggregate number of shares to be issued pursuant to the Plan and any other share incentive schemes of the Company, shall not exceed three per centum (3.0%) of the total issued share capital of the Company (excluding treasury shares and subsidiary holdings) from time to time; and

## NOTICE OF ANNUAL GENERAL MEETING

- (c) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required by law to be held, whichever is earlier.

*[See Explanatory Note (ii)]*

**(Resolution 8)**

By Order of the Board

Kiar Lee Noi  
Secretary  
Singapore, 14 April 2023

### Explanatory Notes:

- (i) The Ordinary Resolution 7 in item 6 above, if passed, will empower the Directors of the Company, effective until the conclusion of the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue Shares, make or grant Instruments convertible into Shares and to issue Shares pursuant to such Instruments, up to a number not exceeding, in total, fifty per centum (50%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company, of which up to twenty per centum (20%) may be issued other than on a pro-rata basis to shareholders.

For the purpose of determining the aggregate number of Shares that may be issued, the total number of issued shares (excluding treasury shares and subsidiary holdings) will be calculated based on the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time this Ordinary Resolution is passed after adjusting for (i) new Shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards; and (ii) any subsequent bonus issue, consolidation or subdivision of Shares.

8. The Ordinary Resolution 8 in item 7 above, if passed, will empower the Directors of the Company, effective until the conclusion of the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to offer and grant awards in accordance with the rules of the Plan (which was approved at the extraordinary general meeting of the Company held on 27 April 2018) and to allot and issue from time to time such number of fully paid-up shares in the capital of the Company as may be required to be issued pursuant to the vesting of the awards under the Plan provided that the aggregate number of shares to be issued pursuant to the Plan and any other share incentive schemes of the Company, shall not exceed three per centum (3.0%) of the total issued share capital of the Company (excluding treasury shares and subsidiary holdings) from time to time.

## NOTICE OF ANNUAL GENERAL MEETING

### Notes:

1. The AGM is being convened, and will be held, by way of electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed copies of this Notice of AGM will not be sent to members of the Company (the “**Members**”). Instead, this Notice of AGM will be sent to the Members by electronic means via publication on the Company’s corporate website at the URL <https://www.sampoernakayoe.co.id/investors/minutes-of-agm-egm/>. This Notice will also be made available on the SGX’s website at the URL <https://www.sgx.com/securities/company-announcements>.
2. Alternative arrangements relating to:
  - (a) attendance at the AGM via electronic means (including arrangements by which the AGM can be electronically accessed via “live” audio-visual webcast or “live” audio-only stream);
  - (b) submission of questions in advance of the AGM and addressing of substantial and relevant questions in advance of the AGM in relation to any resolutions set out in this Notice of AGM;
  - (c) submission of text-based questions “live” at the AGM by clicking the “Ask a Question” feature and then clicking “Type Your Question” to input their queries in the questions text box; and
  - (d) “live” voting or appointing proxy(ies) or the Chairman of the AGM as proxy to attend and vote on their behalf of the AGM,

are set out in the accompanying Company’s announcement dated 14 April 2023. This announcement may be accessed at the Company’s corporate website at the URL <https://www.sampoernakayoe.co.id/investors/minutes-of-agm-egm/>, and will also be made available on the SGX’s website at the URL <https://www.sgx.com/securities/company-announcements>.

3. A Member will not be able to attend the AGM in person. For any Member (whether an individual or a corporate) who wishes to exercise his/her/its voting rights at the AGM, such Member may:
  - (a) vote “live” via electronic means at the AGM; or
  - (b) appoint a proxy(ies) (other than the Chairman of the AGM) to vote “live” via electronic means on his/her/its behalf at the AGM; or
  - (c) appoint the Chairman of the AGM as his/her/its proxy to vote on his/her/its behalf at the AGM.

The accompanying proxy form for the AGM may be accessed at the Company’s corporate website at the URL <https://www.sampoernakayoe.co.id/investors/minutes-of-agm-egm/>, and will also be made available on the SGX’s website at the URL <https://www.sgx.com/securities/company-announcements>.

4.
  - (a) A Member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies. Where such Member’s instrument appointing a proxy(ies) appoints more than one (1) proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the instrument.
  - (b) A Member who is a relevant intermediary is entitled to appoint more than two (2) proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such Member. Where such Member’s instrument appointing a proxy(ies) appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the instrument.

## NOTICE OF ANNUAL GENERAL MEETING

“Relevant intermediary” has the meaning ascribed to it in Section 181 of the Companies Act 1967.

5. A member can appoint the Chairman of the meeting as his/her/its proxy but this is not mandatory. A proxy need not be a Member of the Company.
6. The instrument appointing a proxy(ies) and/or representative(s) must be submitted to the Company in the following manner:
  - (a) if submitted by post, be deposited with the Company’s Share Registrar, Boardroom Corporate & Advisory Services Pte Ltd (“**BCAS**”), at 1 Harbourfront Avenue, Keppel Bay Tower, #14-07 Singapore 098632; or
  - (b) if submitted electronically, be sent via email to the Company’s Share Registrar, BCAS, at [AGM.TeamE@boardroomlimited.com](mailto:AGM.TeamE@boardroomlimited.com),

in either case, not less than forty-eight (48) hours before the time appointed for the AGM.

Notwithstanding the above, the Chairman of the AGM shall have the right to waive the time requirement provided above with respect to all instruments of proxies and to accept any and all instruments of proxy until the beginning of the AGM.

A Member who wishes to submit an instrument of proxy must first download, complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

**Members are strongly encouraged to submit completed proxy forms electronically via email.**

7. Central Provident Fund (“**CPF**”) or Supplemental Retirement Scheme (“**SRS**”) investors who hold the Company’s shares through CPF Agent Banks or SRS Operators:
  - (a) may vote “live” via electronic means at the AGM if they are appointed as proxies by their respective CPF Agent Banks or SRS Operators, and should contact their respective CPF Agent Banks or SRS Operators if they have any queries regarding their appointment as proxies; or
  - (b) may appoint the Chairman of the AGM as proxy to vote on their behalf at the AGM, in which case they should approach their respective CPF Agent Banks or SRS Operators to submit their votes by **5.00 p.m. on Wednesday, 19 April 2023**, in order to allow sufficient time for their respective relevant intermediaries to in turn submit a proxy form to appoint the Chairman of the AGM to vote on their behalf by the proxy cut-off date.
8. The Annual Report of the Company for the financial year ended 31 December 2022 may be accessed at the Company’s corporate website at the URL <https://www.sampoernakayoe.co.id/annual-report> by clicking on the hyperlinks “Download” under the “2022” section of “Annual Reports” and will also be made available on the SGX’s website at the URL <https://www.sgx.com/securities/company-announcements>.

### Personal data privacy:

By submitting (a) an instrument appointing a proxy(ies) and/or representative(s) to attend and vote at the AGM of the Company and/or any adjournment thereof, or (b) details for the registration to observe the proceedings of the AGM via “live” audio-visual webcast or “live” audio-only stream, or (c) questions in advance of, or “live” at, in relation to any resolution set out in the Notice of AGM, a Member of the Company

## NOTICE OF ANNUAL GENERAL MEETING

consents to the collection, use and disclosure of the Member's personal data by the Company (or its agents or service providers) for the following purposes:

- (i) processing and administration and analysis by the Company (or its agents or service providers) of the appointment of a proxy(ies) and/or representative(s) for the AGM of the Company (including any adjournment thereof) and the preparation and compilation of the attendance lists, proxy lists, minutes (including questions and answers) and other documents relating to the AGM (including any adjournment thereof);
- (ii) processing of the registration for purpose of granting access to Members (or their corporate representatives in the case of Members which are legal entities) to the "live" audio-visual webcast or "live" audio-only stream to observe and/or listen the proceedings of the AGM of the Company and providing them with any technical assistance where necessary;
- (iii) addressing all substantial and relevant questions received from Members relating to the resolutions set out in the Notice of AGM to be tabled for approval at the AGM prior to, or "live" at, the AGM and if necessary, following up with the relevant Members in relation to such questions; and
- (iv) enabling the Company (or its agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines by the relevant authorities.

The Member's personal data may be disclosed or transferred by the Company to its subsidiaries, its share registrar and/or other agents or bodies for any of the abovementioned purposes, and retained for such period as may be necessary for the Company's verification and record purposes. Photographic, sound and/or video recordings of the AGM of the Company may be made by the Company for record keeping to ensure the accuracy of the minutes prepared of the AGM of the Company. Accordingly, the personal data of a Member may be recorded by the Company (or its agents or service providers) for such purposes.

## Notes:

1. A Member of the Company should insert the total number of shares held. If the Member has shares entered against his/her/its name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act 2001 of Singapore), he/she/it should insert that number of shares. If the Member has shares registered in his/her/its name in the Register of Members (maintained by or on behalf of the Company), he/she/it should insert that number of shares. If the Member has shares entered against his/her/its name in the Depository Register and shares registered in his/her/its name in the Register of Members, he/she/it should insert the aggregate number of shares entered against his/her/its name in the Depository Register and registered in his/her/its name in the Register of Members. If no number is inserted, this form of proxy will be deemed to relate to all the shares held by the Member of the Company.
2. A Member will not be able to attend the AGM in person. For Member (whether an individual or a corporate) who wishes to exercise his/her/its voting rights at the AGM may:
  - (a) vote "live" via electronic means at the AGM; or
  - (b) appoint a proxy(ies) (other than the Chairman of the AGM) to vote "live" via electronic means at the AGM on his/her/its behalf; or
  - (c) appoint the Chairman of the AGM as his/her/its proxy to vote on his/her/its behalf at the AGM.

This proxy form may be accessed at the Company's corporate website at the URL <https://www.sampoernakayoe.co.id/investors/minutes-of-agm-egm/>, and will also be made available on the SGX's website at the URL <https://www.sgx.com/securities/company-announcements>.

3.
  - (a) A Member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies. Where such Member's instrument appointing a proxy(ies) appoints more than one (1) proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the instrument.
  - (b) A Member who is a relevant intermediary is entitled to appoint more than two (2) proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such Member. Where such Member's instrument appointing a proxy(ies) appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the instrument.

"Relevant intermediary" means:

- (a) a banking corporation licensed under the Banking Act 1970 or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
  - (b) a person holding a capital markets services license to provide custodial services for securities under the Securities and Futures Act 2001 and who holds shares in that capacity; or
  - (c) the CPF Board established by the CPF Act 1953, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the CPF, if the CPF Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
4. A member can appoint the Chairman of the meeting as his/her/its proxy but this is not mandatory. A proxy need not be a Member of the Company.
5. The instrument appointing a proxy(ies) must be submitted to the Company in the following manner:
  - (a) if submitted by post, be deposited with the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte Ltd ("BCAS"), at 1 Harbourfront Avenue, Keppel Bay Tower, #14-07 Singapore 098632; or
  - (b) if submitted electronically, be sent via email to the Company's Share Registrar, BCAS, at [AGM.TeamE@boardroomlimited.com](mailto:AGM.TeamE@boardroomlimited.com),

in either case, not less than forty-eight (48) hours before the time appointed for the AGM.

A Member who wishes to submit an instrument of proxy must first download, complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

**Members are strongly encouraged to submit completed proxy forms electronically via email.**

6. The instrument appointing a proxy(ies) must be under the hand of the appointor or of his/her attorney duly authorised in writing. Where the instrument appointing a proxy(ies) is executed by a corporation, it must be executed either under its common seal or under the hand of an officer or attorney duly authorised. Where the instrument appointing a proxy(ies) is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument of proxy, failing which; the instrument may be treated as invalid.
7. The Company shall be entitled to reject the instrument appointing or treated as appointing a proxy(ies) if it is incomplete, improperly completed, illegible or where the true intentions of the appointer are not ascertainable from the instructions of the appointer specified in the instrument appointing or treated as appointing a proxy(ies) (including any related attachment). In addition, in the case of Members whose shares are entered against their names in the Depository Register, the Company may reject any instrument appointing or treated as appointing a proxy(ies) lodged if such Members, being the appointer, are not shown to have shares entered against their names in the Depository Register as at seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.

## Personal Data Privacy:

By submitting an instrument appointing a proxy(ies) to attend and vote at the AGM of the Company and/or any adjournment thereof, the Member of the Company accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 14 April 2023.
