Sri Trang Gloves (Thailand) Public Company Limited ("the Company") would like to inform that, due to flooding in Hat Yai District, Songkhla Province since 23 November 2025, the Company's glove production facilities located in the affected areas have temporarily suspended production. This is due to the inability of employees to commute to work, and water has overflowed into some operation areas. The Company is closely monitoring and assessing the situation to ensure the highest level of safety its business and the well-being of employees and surrounded communities. However, the Company's other facilities located outside the affected areas continue to operate as normal.

The Company has the Business Continuity Plan (BCP) for flood-related incidents and is currently in active to ensure continuous operations and minimize business impact. Further updates will be provided should there be any material changes.

Please be informed accordingly.

Yours faithfully,
