

NIO Inc. Provides May 2022 Delivery Update

- *NIO delivered 7,024 vehicles in May 2022*
- *NIO delivered 37,866 vehicles year-to-date in 2022, increasing by 11.8% year-over-year*
- *Cumulative deliveries of vehicles as of May 31, 2022 reached 204,936*

SHANGHAI, China, June 01, 2022 (GLOBE NEWSWIRE) -- NIO Inc. (NYSE: NIO; HKEX: 9866; SGX: NIO) (“NIO” or the “Company”), a pioneer and a leading company in the premium smart electric vehicle market, today announced its May 2022 delivery results.

NIO delivered 7,024 vehicles in May 2022. The deliveries consisted of 5,317 premium smart electric SUVs, including 746 ES8s, 2,936 ES6s and 1,635 EC6s, and 1,707 ET7s, the Company’s flagship premium smart electric sedan. As of May 31, 2022, cumulative deliveries reached 204,936 vehicles.

In May 2022, the Company’s vehicle production had been gradually recovering from the impact of COVID-19 outbreaks in certain regions in China while vehicle deliveries were still constrained to a certain extent by the corresponding preventive measures. NIO plans to further ramp up the production capacity to a higher level by working closely with supply chain partners and to accelerate the delivery recovery starting from June, in light of the recent supportive developments in the COVID-19 situation and the strong order inflow.

As of May 2022, NIO users’ cumulative mileage exceeded 5 billion kilometers. The NIO Pilot has assisted our users in driving for over 418 million kilometers, among which the cumulative mileage of Navigate on Pilot (NOP) exceeded 157 million kilometers, demonstrating the appeal of our advanced ADAS functions to users.

About NIO Inc.

NIO Inc. is a pioneer and a leading company in the premium smart electric vehicle market. Founded in November 2014, NIO’s mission is to shape a joyful lifestyle. NIO aims to build a community starting with smart electric vehicles to share joy and grow together with users. NIO designs, develops, jointly manufactures and sells premium smart electric vehicles, driving innovations in next-generation technologies in autonomous driving, digital technologies, electric powertrains and batteries. NIO differentiates itself through its continuous technological breakthroughs and innovations, such as its industry-leading battery swapping technologies, Battery as a Service, or BaaS, as well as its proprietary autonomous driving technologies and Autonomous Driving as a Service, or ADaaS. NIO launched the ES8, a seven-seater flagship premium smart electric SUV in December 2017, and began deliveries of the ES8 in June 2018 and its variant, the six-seater ES8, in March 2019. NIO launched the ES6, a five-seater high-performance premium smart electric SUV, in December 2018, and began deliveries of the ES6 in June 2019. NIO launched the EC6, a five-seater premium smart electric coupe SUV, in December 2019, and began deliveries of the EC6 in September 2020. NIO launched the ET7, a flagship premium smart electric sedan, in January 2021, and began deliveries of the ET7 in March 2022. NIO launched the ET5, a mid-size premium smart electric sedan, in December 2021.

Safe Harbor Statement

This press release contains statements that may constitute “forward-looking” statements pursuant to the

“safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as “will,” “expects,” “anticipates,” “aims,” “future,” “intends,” “plans,” “believes,” “estimates,” “likely to” and similar statements. NIO may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission, in its annual report to shareholders, in announcements, circulars or other publications made on the websites of each of The Stock Exchange of Hong Kong Limited (the “SEHK”) and the Singapore Exchange Securities Trading Limited (the “SGX-ST”), in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including statements about NIO’s beliefs, plans and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to the following: NIO’s strategies; NIO’s future business development, financial condition and results of operations; NIO’s ability to develop and manufacture a car of sufficient quality and appeal to customers on schedule and on a large scale; its ability to ensure and expand manufacturing capacities including establishing and maintaining partnerships with third parties; its ability to provide convenient and comprehensive power solutions to its customers; the viability, growth potential and prospects of the newly introduced BaaS and ADaaS; its ability to improve the technologies or develop alternative technologies in meeting evolving market demand and industry development; NIO’s ability to satisfy the mandated safety standards relating to motor vehicles; its ability to secure supply of raw materials or other components used in its vehicles; its ability to secure sufficient reservations and sales of the ES8, ES6, EC6, ET7 and ET5; its ability to control costs associated with its operations; its ability to build the NIO brand; general economic and business conditions globally and in China and assumptions underlying or related to any of the foregoing. Further information regarding these and other risks is included in NIO’s filings with the U.S. Securities and Exchange Commission and the announcements and filings on the websites of each of the SEHK and SGX-ST. All information provided in this press release is as of the date of this press release, and NIO does not undertake any obligation to update any forward-looking statement, except as required under applicable law.
