CORPORATE PROFILE

Established in 1975, ES Group (Holdings) Limited (the "Company"), together with its subsidiaries ("ES Group" or the "Group"), is a Singapore headquartered offshore and marine ("O&M") group which offers a broad spectrum of services for O&M structures and vessels.

Listed on the Catalist board of the SGXST on 9 July 2010, ES Group has more than 40 years of experience in ship building and repair operations, working for prominent shipyard operators in Singapore. Upon its successful listing, it undertook a strategic shift to expand its revenue streams as the Group ventured into engineering, procurement and construction ("EPC") projects and vessel owning and chartering which complement its core business. The EPC strategy will secure direct contracts to increase the Group's revenue and profitability. The vessel owning and chartering strategy will generate a stable stream of recurring revenue for the Group in the medium to long term.

A new chapter began in 2013 when ES Group completed and delivered its first pair of bunker vessels, affirming the Group's turnkey engineering, procurement and fabrication capabilities and uncompromising quality and safety standards. It has also created a new revenue stream from the chartering of a bunker vessel which provides stable recurring cash flow for the Group.

ES Group has on-site offices at the premises of its shipyard customers and operates out of its workshop and repair facilities within Singapore. The Company also owns a 70,000 square metre shipyard with fabrication grounds in Thailand (through its 50%-owned subsidiary in Thailand), providing new building and conversion services.

With continued efforts to propel growth, the Group set up its Loyang workshop in 2013 to design and fabricate a range of offshore structures, such as geotechnical drilling rigs. The workshop also provides mobilisation and demobilisation works, repair and maintenance works and other offshore support services. This addition further diversifies the competencies and capabilities of its core business. Subsequently, the Group purchased its first vessel, ES Aspire, at the end of 2016, to strengthen its footprint in chartering and set up its ship supplies division in 2017 to expand its customer and supplier base. In 2021, the Group acquired another vessel – a 8kt coastal tanker and renamed it as ES Jewel.

CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the Board, I am pleased to present our Annual Report for the financial year ended 31 December 2020 ("**FY2020**").

Despite the contraction of businesses within the offshore and marine industry in the past few years and the COVID-19 pandemic affecting many businesses, our Group has transformed itself further by broadening our revenue streams, through joint ventures and business collaborations; and in particular, adding further to our chartering capacity in 2021.

The Group took measures to remain resilient and profitable. We ended our FY2020 with a net profit attributable to the owners of the Company of \$\$981,000.

Our financial position as at 31 December 2020 remained strong. With a cash ratio of 3.28 times and our cash and cash equivalents covering 1.81 times of our total long and short term liabilities, our Board and management are determined to navigate through the Group's business operations and ride through these challenging times.

Corporate social responsibility ("CSR")

One of the key components of CSR is the corporate ethic strategy of protecting our employees. This is tested on the Group's operations particularly during the initial outbreak of COVID-19 in March 2020. The Group has significant number of workers across numerous sites. Through monitoring and adaptive strategies, the Group has taken appropriate safety measures and prevented further spread of COVID-19. The Group has also implemented business continuity practices ensuring the well being and health safety of our employees during the lockdown period. With the continuing efforts by each and every staff, the Group remains constant vigilant. We look forward to the resumption of some normalcy.

Dividend

The Board recognises the importance to deliver value to our shareholders and to deliver dividends to our shareholders where possible. The Board has proposed a first and final one-tier tax-exempt cash dividend of 0.25 cents per share, which represents a total dividend yield of 4.17% on the closing price of 6.2 cents as at 30 March 2021.

Acknowledgements

On behalf of my fellow board members and management team of the Group, I would like to thank our customers, shareholders and business partners for your continued support as we continue to overcome the challenges ahead. Further, I would like to extend my heartfelt gratitude towards Ms Tan Swee Ling over the last nine years as she retired as our independent non-executive director on 5 June 2020. The Company has reached a significant milestone celebrating its 50th anniversary and without our staff for their hard work all these many years, we could not have built such a resilient and sustainable company. With this, I wish to express my sincere appreciation to everyone in the Company.

Yours sincerely,

Ong Beng Chye

Non-Executive Chairman 5 April 2021

CEO'S STATEMENT

Dear Shareholders,

In a fiscal year filled with unexpected challenges, one of the most important things we did is to maintain resilent and overcome the COVID-19 pandemic through a combination of collaboration, agility and care.

Looking back at year 2020, we began just as we planned, by collaborating to deliver value and quality to our clients amid stop work order imposed by the Singapore government that had impacted our morale and the Group financially. The world has changed. The COVID-19 global pandemic, together with the resulting economic recession, brought about an entirely new set of challenges, which requires an extremely agile response. We wasted no time adjusting our mission, with our newly articulated purpose in mind. We are committed to three very specific and clear objectives, and have stuck with them:

To protect our people;
To be there for our clients; and
To keep our Group strong.

At the end of the year, despite the many unexpected challenges we faced together, our Group performed decently despite the COVID-19 pandemic and worsening spat between China and US, thanks largely to foresight in building up our financial strength and policies.

Most important, through all the challenges of fiscal year 2020, our culture — as created and sustained by each of our colleagues — was revealed to be our greatest strength. In the moment when we needed it most, we came together as one firm, a community aligned to our shared values and committed to our shared future.

Path Ahead and Beyond FY2021

Our Group continues to be on the lookout for opportunities to expand our core business while exploring possible mergers and acquisitions with a view to diversify and enhance shareholders' value in the long run.

While pursuing expansion strategies, our Group is also mindful of the evolving COVID-19 pandemic and has since inculcated and implemented various business continuity measures to our key activities and functions. Our Group is constantly vigilant of the environment in which we operate in.

Note of Appreciation

In conclusion, I would like to express my deepest appreciation to all our staff not only for your commitment and hard work but also giving your full cooperation with our Management as we continue to tackle the challenges ahead. To our customers, suppliers and business partners, thank you for your contribution to our Group. Finally to our shareholders, thank you for your support and I look forward to your continued support in 2021. We are guided by our fundamentals, shared values and purpose that have helped us overcome previous crises over 50 years of history and emerge stronger.

Yours sincerely,

Low Chee Wee

Executive Director and CEO 5 April 2021

(a) Review of Financial Performance of the Group

The Group's revenue decreased by S\$10.3 million or 37.0%, to S\$17.5 million in the financial year ended 31 December 2020 ("**FY2020**") from S\$27.8 million in the financial year ended 31 December 2019 ("**FY2019**"), due to the decrease in revenue contributed by both business segments of the Group, namely new building and repair segment of S\$9.3 million and shipping segment of S\$1.0 million.

Revenue from the Group's new building and repair segment decreased to S\$12.2 million in FY2020 (FY2019: S\$21.5 million) mainly due to the COVID-19 pandemic which resulted in the temporary closure of the Group's key customer's shipyard from April 2020 to June 2020 and most of the Group's foreign workers were not being able to work due to the imposed movement restriction measures by the Ministry of Manpower since 21 April 2020 to June 2020. In addition, there were ship conversion projects completed in prior year which resulted in significant amount of revenue recognised in FY2019. There were no such projects in FY2020.

Revenue from the Group's shipping segment decreased to \$\$5.4 million in FY2020 (FY2019: \$\$6.3 million) largely attributable to absence of revenue generated after the

disposal of one of the Group's vessels, ES Bristol, in early February 2020, partially offset by the increase in revenue generated by another vessel, ES Aspire, as more voyages were being run in FY2020.

Revenue contribution from Singapore amounted to 91.8% and 98.4% of the Group's total revenue in FY2020 and FY2019, respectively, with the balance contributed by revenue from Thailand (FY2020: 4.4% and FY2019: Nil), Malaysia (FY2020: 2.3% and FY2019: 0.6%) and other countries. The Group's two business segments, namely new building and repair segment and shipping segment, made up majority of the revenue contribution from Singapore in both FY2020 and FY2019. Please refer to the reasons set out above for the decrease in revenue contribution from Singapore in FY2020, as compared to FY2019, Revenue contribution from Thailand in FY2020 was in relation to a fabrication project which was secured and completed during the year. There was no such project in Thailand in FY2019. Revenue contribution from Malaysia increased in FY2020 as the Group expands its operations in Malaysia and managed to secure more jobs in FY2020, since the incorporation of the Group's subsidiary in Malaysia in 2018.

Gross profit decreased by \$\$8.9 million or 74.8%, to \$\$3.0 million in FY2020 from \$\$11.9 million in FY2019. Gross profit margin decreased by 25.7 percentage points to

17.2% in FY2020, from 42.9% in FY2019. The decreases in gross profit and gross profit margin were mainly due to the following:

- a) a decrease in the Group's revenue and the Group having to continue to incur basic salary costs for its foreign workers despite the closure of the Group's key customer's shipyard, which resulted in a temporary halt of the Group's operations at the shipyard from April 2020 to June 2020; and
- b) in FY2019, there were collection and recognition of revenue derived from final settlement of variation orders, while the associated cost had been recognised in previous financial years in line with accounting standards. This had led to a higher gross profit and gross profit margin being recorded in FY2019.

Other operating income increased by S\$4.6 million or 398.9%, to S\$5.7 million in FY2020 from S\$1.1 million in FY2019, mainly due to the following in FY2020 which were absent in FY2019:

- a) gain on disposal of the vessel, ES Bristol, of S\$1.4 million;
- government subsidy of S\$2.5 million received under b) the Jobs Support Scheme and foreign worker levy rebate to provide wage support to employers during the COVID-19 pandemic; and
- insurance claim of S\$0.9 million received to compensate repair and maintenance cost of the Group's vessel, ES Aspire.

Administrative expenses decreased by S\$0.3 million or 6.4%, to S\$6.0 million in FY2020 from S\$5.7 million in FY2019, mainly due to adjustment of unrealised provision on annual leave and loss allowance made for third party trade receivables. In FY2020, loss allowance was made for third party trade receivables mainly due from the new customers from the Group's ship supplies and land projects in the new building and repair segment as the management of the Group anticipates low recovery of the outstanding amount.

Other operating expenses decreased by S\$0.3 million or 13.0%, to S\$2.0 million in FY2020 from S\$2.3 million in FY2019, mainly due to the absence of impairment charges on the Group's vessel of S\$0.8 million incurred in FY2019, partially offset by the net foreign exchange loss of S\$0.5 million recorded in FY2020 mainly due to the weakening of USD against SGD.

Finance costs decreased by S\$0.2 million or 55.5%, to S\$0.1 million in FY2020 from S\$0.3 million in FY2019 as a result of early repayment of higher interest bearing bank loans and lease liabilities.

Income tax expense of S\$0.1 million was incurred in FY2020, as compared to S\$0.9 million in FY2019 due to lower taxable profit recorded in FY2020.

As a result of the above, the Group recorded a net profit of S\$0.3 million in FY2020, as compared to S\$3.8 million in FY2019. Net profit attributable to owners of the Company was S\$1.0 million in FY2020, as compared to S\$4.7 million in FY2019.

(b) Review of Financial Position of the Group

The Group recorded improved positive working capital (current assets less current liabilities) of S\$23.8 million as at 31 December 2020, as compared to S\$21.6 million as at 31 December 2019.

Assets

Current assets

The Group's current assets decreased by S\$1.3 million, to S\$29.9 million as at 31 December 2020 from S\$31.2 million as at 31 December 2019, mainly due to:

- a decrease in trade receivables of S\$1.2 million, a) which was largely in line with the reduction in revenue in FY2020;
- a decrease in contract assets of S\$0.2 million as b) there were lesser completed work pending for billings; and

arrangement stipulated in a sale and purchase agreement.

C) a reduction in non-current assets classified as held for sale of S\$4.0 million as the sale of the Vessel was completed in February 2020.

Accordingly, the Group's investment in Proxess is considered as an investment in a joint venture of the Group.

The decrease was partially offset by:

a) an increase in cash and cash equivalents of S\$4.3 million attributable mainly to the receipt of the balance 90% proceeds of S\$5.0 million from the sale of the vessel, ES Bristol, and drawdown of S\$4.0 million temporary bridging loan. The cash inflow was partially offset by repayment of S\$4.0 million bank loan that included loan for financing property, vessel and working capital. Please refer to the section (c) below on "Review of Statement of Cash Flows of the Group" for details on the movement of cash and cash equivalents.

Non-current assets

Non-current assets decreased by S\$0.7 million, to S\$13.5 million as at 31 December 2020 from S\$14.2 million as at 31 December 2019. This was due to the decrease in property, plant and equipment of S\$1.0 million due mainly to the absence of impairment required on the Group's vessel in FY2020 (FY2019: S\$0.8 million), partially offset by an increase in investment in joint venture of S\$0.2 million.

The Group acquired a 51% shareholding interest in Proxess Engineering Pte Ltd ("Proxess") on 1 October 2020. Even though the Group holds a majority shareholding interest in Proxess, the terms and conditions from the joint venture agreement dictates a joint control of the affairs of Proxess between the Group and the other shareholder under a joint

Liabilities

Current liabilities

Current liabilities decreased by S\$3.5 million, to S\$6.1 million as at 31 December 2020 from S\$9.6 million as at 31 December 2019. This was mainly attributable to:

- a) a decrease in other payables of S\$2.2 million, as a result of (i) recapitalisation exercise carried out in ES Offshore and Marine Engineering (Thailand) Co., Ltd. ("ESOT") to increase its issued share capital, which reduced other payables by S\$1.3 million. The consideration for the recapitalisation exercise was satisfied in full from the amount owing by ESOT to the Group and non-controlling interest of ESOT; and (ii) higher other payables recorded in FY2019 as the amount included the 10% upfront payment, amounting to S\$0.6 million, received by the Group for the disposal of the vessel, ES Bristol;
- b) the repayment of bank loans of S\$0.6 million;
- a decrease in trade payables of S\$0.2 million due to c) lower purchases of consumables; and
- a decrease in provision for income tax payable of S\$0.5 million, in line with the lower taxable profit recorded in FY2020.

Non-current liabilities

Non-current liabilities increased by \$\$0.5 million, to \$\$5.0 million as at 31 December 2020 from \$\$4.5 million as at 31 December 2019, due to drawdown of government subsidised temporary bridging loans, partially offset by early repayment of higher interest bearing bank loans and lease liabilities.

Equity

As a result of the above, total equity of the Group improved by \$\$1.0 million, to \$\$32.2 million as at 31 December 2020 from \$\$31.2 million as at 31 December 2019. The Group's equity attributable to owners of the Company increased by \$\$0.3 million, to \$\$32.0 million as at 31 December 2020 from \$\$31.7 million as at 31 December 2019.

(c) Review of Statement of Cash Flows of the Group

In FY2020, net cash provided by in operating activities amounted to S\$1.1 million, due to (i) operating cash inflow before changes in working capital of S\$0.6 million; (ii) net cash provided by operations of S\$0.9 million; and (iii) income tax paid of S\$0.7 million.

The net cash provided by operations of S\$0.3 million in FY2020 was mainly due to:

- a) a decrease in other payables of S\$0.8 million (cash outflow); and
- a decrease in trade payables of \$\$0.2 million (cash outflow),

partially offset by:

- a decrease in trade receivables of S\$1.0 million (cash inflow); and
- b) a decrease in contract assets of S\$0.2 million (cash inflow).

Net cash provided by investing activities was mainly due to receipt of S\$5.4 million and S\$1.3 million, from the disposal of the vessel, ES Bristol, and the recapitalisation exercise carried out in ESOT, respectively, partially offset by the purchases of property, plant and equipment of S\$0.3 million and an investment in joint venture (i.e. Proxess) of S\$0.2 million.

Net cash used in financing activities of S\$2.1 million in FY2020 was due to (i) net repayment of bank loans and lease liabilities of S\$1.5 million; and (ii) dividend payment of S\$0.6 million.

As a result of the above and after taking into account effects of exchange rate changes on the balance of cash held in foreign currencies, there was a net increase in the Group's cash and cash equivalents of S\$4.3 million, to S\$19.8 million as at 31 December 2020 from S\$15.5 million as at 31 December 2019.

BOARD OF DIRECTORS

BOARD OF DIRECTORS

Low Chee Wee is our Executive Director and was appointed to our Board on 25 November 2009. He was re-designated as CEO on 18 August 2015 and expanded his scope of duty to assume COO role on 27 April 2016. His primary function is to formulate and oversee the operations and strategic development of our Group. Prior to this, Mr Low was our CFO from 2001 to 2009 and from 2014 to 2015. He started his career in 1995 as an Audit Assistant at Deloitte & Touche (now known as Deloitte & Touche LLP) and left in 1999 as an Audit Supervisor. From 1999 to 2001, he was the Finance Manager for Harringale International Pte Ltd, a project management company, where he was in charge of the finance and accounting matters of the company. Mr Low obtained a Bachelor of Accountancy from the Nanyang Technological University, Singapore in 1994 and is a nonpractising member of the Institute of Singapore Chartered Accountants.

Ong Beng Chye is our Non-Executive Chairman. He was appointed to our Board on 22 November 2018 as our Independent Director and was re-designated as our Non-Executive Chairman on 26 April 2019. Mr Ong has more than twenty eight years of experience in areas such as accounting, auditing, public listings, due diligence, mergers and acquisitions, and business advisory. Mr Ong is a director of Appleton Global Pte Ltd, a business management and consultancy services firm. He is also an independent director of other companies listed on the SGX-ST (namely Hafary Holdings Limited, Geo Energy Resources Limited, IPS Securex Holdings Limited and CWX Global Limited). In addition, from January 2016 to April 2018, Mr Ong also served as the non-executive chairman and independent director of Heatec Jietong Holdings Ltd., an offshore marine company listed on the Catalist Board of SGX-ST. Mr Ong is a Fellow of The Institute of Chartered Accountants in England and Wales, a Chartered Financial Analyst conferred by The Institute of Chartered Financial Analysts and a Fellow Chartered Accountant of Singapore. Mr Ong obtained a Bachelor of Science with Honours from City, University of London in 1990.

Eddy Neo Chiang Swee is our Executive Director (Development) and was appointed to our Board on 25 November 2009. He is responsible for overseeing and managing our Group's information technology, business development and receivables departments. Mr Neo joined our Group in 2000 as a Commercial Executive at Wang Fatt Oil and Gas Construction Pte Ltd, where he was in charge of preparation of sales quotation and invoicing matters. In 2001, he became a Commercial Executive of Eng Soon Engineering (1999) Pte Ltd where he was responsible for manpower and recruitment functions until 2004. He was promoted to Business Development Manager in 2005 and assumed responsibility for our Group's receivables functions. Mr Neo obtained a Diploma in Electrical Engineering from the Ngee Ann Polytechnic, Singapore in 1997.

BOARD OF DIRECTORS

Joanne Khoo Su Nee is our Independent Director and was appointed to our Board on 6 June 2020. She is currently the Chairman of the Remuneration and Compensation Committee of the Company. She is currently a Director of Bowmen Capital Private Limited, a company that provides business and management consultancy services. She also serves as an Independent Director of Teho International Inc Ltd and Excelpoint Technology Ltd, companies listed on the SGX-ST, as well as Independent Non-Executive Director of Netccentric Limited, a company listed on the Australian Securities Exchange Ltd. She was formerly an Independent Director of Kitchen Culture Holdings Ltd., listed on the SGX-ST. She was also formerly a director at PayLinks Pte Ltd, wholly owned by iPayLinks Limited. Joanne Khoo has more than 24 years of experience in corporate finance and business advisory services. From February 2008 to October 2012, she was a Director of corporate finance at Canaccord Genuity Singapore Pte. Ltd. (formerly known as Collins Stewart Pte. Limited). Prior to this, she was involved in a wide range of corporate finance activities in the employment of Phillip Securities Pte Ltd and Hong Leong Finance Limited. From 2000 to 2004, she was with Stone Forest Consulting Pte Ltd where she was involved in providing consultancy services to companies seeking public listings in Singapore. From 1997 to 2000, she was with PricewaterhouseCoopers. During that period, she was involved in both the corporate finance and recovery department as well as the audit and business advisory services department. Joanne Khoo graduated with a Bachelor of Business in Accountancy from Royal Melbourne Institute of Technology University in 1996. She was admitted as a Certified Public Accountant by the CPA Australia in 1999 and a Chartered Accountant under the Malaysian Institute of Accountants in 2000. She was also a member of the Women Corporate Directors, the world's largest membership organization and community of women corporate board directors.

Jens Rasmussen is our Non-Executive Director and was appointed to our Board on 1 January 2010. Since 2008, he has been Project Manager for new building projects of accommodation and drilling vessels at Keppel FELS Ltd yard in Singapore and Yiulian Dockyard in China. He was previously involved, on a personal profession basis, in certain projects that the Group was involved. Mr Rasmussen has also been the owner of Raza Service, a consultancy firm, since 2006. Mr Rasmussen has 36 years of professional experience in the marine and offshore industry, having been involved in the management, engineering, certification and construction of various types of new building and conversion projects associated with offshore oil and gas exploration and development, as well as shipbuilding. From 1984 to 2006, he was a General Manager with GVA Consultants AB, where he was responsible for sales, concept development of new oil and gas fields, deepwater drilling semisubmersibles, commercial and technical feasibility evaluation for floating offshore platforms. During the period between 2000 and 2004, he also held the position of Engineering Manager and Construction Manager (Korea) and Engineering Coordination Manager (Houston) at BP Exploration Company Inc. In 2006, he was a Project Manager with Frontier Drilling Inc., where he was responsible for overseeing the upgrade and refurbishment of a drillship in Keppel FELS Ltd. Mr Rasmussen obtained a Master of Science in Engineering from the Technical University of Denmark, Copenhagen in 1980.

KEY MANAGEMENT

KOAY SWEE HENG

Koay Swee Heng is our General Manager (Operations / Commercial), reporting directly to our CEO and COO, Low Chee Wee. Mr Koay is in charge for overseeing our projects with Sembcorp Marine Integrated Yard (SMIY) @ Tuas (Megayard), Sembcorp Marine Repairs & Upgrades Pte. Ltd. and Singapore Technologies Marine Ltd, with overall responsibility of project tenders, reports and billings, project management, budget estimation, supervision of workers and manpower allocation. Mr Koay also oversees the quality assurance and safety assessment teams. Prior to joining our Group, Mr Koay was an Accommodation Design Draughtsman at Keppel FELS Ltd from 1989 to 1995, before he went on to become a Senior Draughtsman / Project Coordinator at Ho & Associates Chartered Architects in Malaysia. Mr Koay joined our Group in 1998 as a Commercial Executive and was responsible for project coordination and tenders. In 2004, he was promoted to Commercial Manager, in charge of project tendering, project management, budget planning and manpower planning. Mr Koay was subsequently appointed as Assistant General Manager in 2007, a position he held until January 2010. Mr Koay obtained his Certificate for Architectural Course conducted by the Ministry of Education (Malaysia) in 1988, Certificate in Introduction to Prime Medusa 2D Basic Drafting conducted by Singapore Polytechnic in 1989, Certificate in Basic Shipbuilding from Ngee Ann Polytechnic in 1990, Certificate of Quality Work Group Training conducted by FELS (now known as Keppel FELS Ltd) in 1991 and Certificate in Shipyard Supervisors Safety Course conducted by the Ministry of Manpower in 1999.

KELVIN CHUM HONG WAI

Kelvin Chum Hong Wai is our Business Development Director at ES Offshore Engineering Pte Ltd, our major subsidiary. He oversees the group clientele of large marine service providers and the Group's ship and marine supplies with logistics business division. Kelvin started his career with several notable ship agencies and companies handling ship supplies and logistics in the Middle East, Far East and close to the regions where the Group is operating in notably Malaysia, Indonesia, Thailand and Brunei. Prior to joining us, Kelvin held a position as Marketing and Business Development director with Sinwa Singapore Pte Ltd.

PARCHALAR RAMARAJU SANKAR

Parchalar Ramaraju Sankar is our Assistant General Manager (Operations / Commercial), reporting directly to our General Manager (Operations / Commercial), Koay Swee Heng. As our Assistant General Manager, Sankar is largely responsible for daily operations on project management, manpower and jobs assignment planning, quality functions at shipyard. He joined our Group since 2002 and diligently worked from a junior position to the current Assistant General Manager position. Sankar holds a Bachelor of Technology in Mechanical Engineering and certification as Senior Welding Inspector.

LOU TIN BOANG

Lou Tin Boang is our General Manager (Thailand) and has been in charge of overseeing the day-to-day operations of our Thailand operations since 2007. Mr Lou joined our Group in 1995 as a Commercial Executive and was promoted to Commercial Manager in 1997. In 2000, he became our General Manager and took on greater responsibility for project tenders, billings, project management, budget estimation and manpower supervision and planning. Mr Lou obtained his Certificate in Architectural conducted by the Institut Teknik Jasa Pusat Vocational, Malaysia in 1986, Certificate in Introduction to Prime Medusa 2D Basic Drafting conducted by Singapore Polytechnic in 1990 and Certificate in Basic Shipbuilding conducted by Ngee Ann Polytechnic Singapore in 1991.

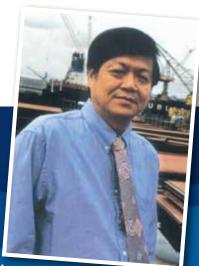

TEH TEONG LAY

Teh Teong Lay is our Financial Controller. He joined our Group in July 2019 and oversees the overall finance and accounting functions of our Group. Prior to joining our Group, Mr Teh held several key finance positions in various organizations, including Financial Controller of Fast Offshore Supply Pte Ptd, Group Financial Controller of KLW Holdings Limited, Financial Controller of Hoe Leong Corporation Ltd and Financial Controller of UMW Marine and Offshore Ptd Ltd. He holds a Bachelor of Business degree majoring in Accounting and Finance and is a member of CPA Australia, Malaysian Institute of Accountant and an associate member of the Institute of Singapore Chartered Accountants.

Proxy Form

ES Group (Holdings) Limited (the "Company" and together with its subsidiaries, the "Group") believes that it is important to establish good corporate governance within the Group as this provides the foundation for a well-managed and efficient organisation that can in turn focus on sustaining good business performance and safeguarding the interests of the shareholders of the Company ("Shareholders"). The board of directors of the Company (the "Board" or the "Directors") is committed to continually develop and uphold high standards of corporate governance, guided by the principles and provisions of the Singapore Code of Corporate Governance 2018 (the "Code") issued by the Monetary Authority of Singapore.

This report sets out the Group's corporate governance practices with specific reference to each of the principles and provisions in the Code. The Board confirms that, for the financial year ended 31 December ("FY") 2020, the Group has generally adhered as closely as possible to the principles and provisions set out in the Code. Where the Group's practices vary from any provisions of the Code, this is stated with an explanation of the reason for the variation and an explanation on how the practices it had adopted are consistent with the intent of the relevant principle.

BOARD MATTERS

The Board's Conduct of Affairs

Principle 1: The Company is headed by an effective Board which is collectively responsible and works with management for the long-term success of the Company.

The Board is responsible for the overall management of the Group and is collectively responsible for the Group's long-term success. All Directors are tasked to objectively discharge their duties and responsibilities at all times as fiduciaries in the best interests of the Company. The Directors recuse themselves and refrain from participating in discussions and decisions in which the Director has an interest or is conflicted. Apart from its statutory responsibilities, the role of the Board is to, among other things:-

- provide entrepreneurial leadership, set strategic objectives, and ensure that the necessary financial and human resources are in place for the Company to meet its objectives;
- review the Group's investments and divestments and the performance of the business;
- review the Group's management's ("Management") performance;
- hold Management accountable for performance;
- review and approve the release of the Group's half year and full year financial results;
- identify the key stakeholder groups and recognise that their perceptions affect the Group's reputation;
- consider corporate governance matters;
- review internal policies and procedures and establish a framework of prudent and effective controls which
 enables risks to be assessed and managed, including safeguarding Shareholders' interests and the Group's
 assets;
- put in place a code of conduct and ethics, which sets an appropriate tone-from-the-top and desired organisational culture and ensures proper accountability within the Company;

- ensure that obligations to Shareholders and other stakeholders are understood and met;
- consider sustainability issues, for example, environmental and social factors, as part of its strategic formulation;
 and
- deliberate on other transactions and matters that require its direction or approval.

The Board holds meetings at least twice annually to coincide with the announcement of the Group's half year and full year financial results and for the Management to update the Board on the significant business activities and overall business environment of the Group. Ad-hoc meetings will be held as and when warranted by particular circumstances and as deemed appropriate by the Board. The Directors are continually updated on the Group's affairs by the Management via e-mails. The Company's constitution ("Constitution") is sufficiently flexible and allows meetings of the Board and Board Committees (as defined herein) to be conducted by way of telephone or video conference.

The Directors understand the Company's business as well as their directorship duties (including their roles as executive, non-executive and independent directors). Upon the appointment of a new Director, the Company will provide a formal letter to the Director, setting out his or her duties and obligations. The Board will ensure that all incoming Directors receive relevant induction on joining the Board, including briefing on their duties as Directors and how to discharge those duties, and a comprehensive orientation programme to ensure that they are familiar with the business activities of the Group, its strategic plans and direction and corporate governance practices. The orientation programme will also allow the new Directors to get acquainted with the Management which aims to facilitate interaction and ensures that all Directors have independent access to the Management. The Company will also arrange for any new first-time Director to attend the relevant training in relation to roles and responsibilities of a director of a listed company, organised by the Singapore Institute of Directors as required under Rule 406(3)(a) of the Singapore Exchange Securities Trading Limited Listing Manual Section B: Rules of Catalist ("Rules of Catalist"), as well as other courses relating to areas such as accounting, legal and industry-specific knowledge as appropriate, organised by other training institutions. The training of Directors will be arranged and funded by the Company. Directors may request to visit the Group's operating facilities and meet with the Management to gain a better understanding of the Group's business operations and corporate governance practices. Ms. Joanne Khoo Su Nee was appointed as an Independent Director with effect from 6 June 2020. Ms. Joanne Khoo Su Nee had received the abovementioned relevant induction and orientation programmes, as well as the formal letter from the Company. Ms. Joanne Khoo Su Nee has prior experience as a director of an issuer listed on the SGX-ST and had in her tenure of several SGX listed companies undergone the prescribed training pursuant to Rule 406(3)(a) of the Rules of Catalist.

Trainings will be arranged and funded by the Company for all Directors as and when required to keep them up to date on relevant new laws, regulations and changing commercial risks, as well as to provide Directors with opportunities to develop and maintain their skills and knowledge. During FY2020, the Directors were briefed and updated in areas such as their duties and responsibilities and particularly on risk management (taking into account, the changing commercial risks), corporate governance and key changes in the relevant regulatory requirements and financial reporting standards, so as to enable them to properly discharge their duties as Directors.

The Directors have separate and independent access to, and are provided with the names and contact details of, the key Management and the company secretary at all times. The Board has established a procedure for Directors, either individually or as a group, in the furtherance of their duties, to obtain professional advice and assistance from the company secretary or independent professionals, if necessary, and the cost of such advice and assistance will be borne by the Company.

The Board has adopted internal guidelines setting out the matters which are specifically reserved for its approval and clear directions have also been given to the Management in writing that the following matters must be approved by the Board:-

- material acquisitions and disposals of assets;
- corporate or financial restructuring;

- corporate strategies;
- share issuances (including stock options or other equity awards), dividends and other capital transactions and returns to Shareholders:
- approval of annual audited financial statements for the Group and the Directors' Statement thereto;
- any public report or press release reporting the results of operations and all other announcements to be made on the SGXNet; and
- matters involving a conflict or potential conflict of interest involving a substantial Shareholder or a Director or any interested person transaction.

The Board has, without abdicating its responsibility, delegated the authority to the Audit and Risk Committee, the Nominating Committee and the Remuneration and Compensation Committee (collectively, the "Board Committees") to assist the Board in discharging its responsibilities and to enhance the Group's corporate governance framework. Each Board Committee is regulated by a set of written terms of reference endorsed by the Board setting out their compositions, authorities and duties, including reporting back to the Board. The Board Committees have explicit authority to investigate any matter within their terms of reference, have full access to and co-operation by the Management, have resources to enable them to discharge their functions properly and full discretion to invite any Director or executive to attend their meetings. The Board Committees report their activities regularly to the Board and minutes of the Board Committees are also regularly provided to the Board. The Board Committees will also review their terms of reference on a regular basis to ensure their continued relevance. The composition and description of each Board Committee are set out in this corporate governance report. The Board accepts that while these Board Committees have the authority to examine particular issues and report back to the Board with their decisions and recommendations, the ultimate responsibility on all matters lies with the Board. The names of the Board Committee members, the terms of reference, any delegation of the Board's authority to make decisions, and a summary of each Board Committee's activities are disclosed in this corporate governance report.

During FY2020, the number of Board and Board Committee meetings held and the attendance of each Board member at the meetings are as follows:-

Board / Board Committees	Board	Audit and Risk Committee	Nominating Committee	Remuneration and Compensation Committee
Number of meetings held	2	2	1	1
Name of Director				
Mr. Ong Beng Chye	2	2	1	1
Mr. Low Chee Wee	2	2*	1*	1*
Mr. Eddy Neo Chiang Swee	2	2*	1*	1*
Ms. Joanne Khoo Su Nee**	2	2	1	1
Mr. Jens Rasmussen	2	2	1	1

^{*} Attendance by invitation.

^{**} Appointed as Independent Director of the Company with effect from 6 June 2020.

Directors with multiple board representations ensure that sufficient time and attention are given to the affairs of each company. The Nominating Committee is satisfied that all Directors gave sufficient time and attention to the affairs of the Company and were able to and have adequately carried out their duties as a Director of the Company for FY2020.

The company secretary provides secretarial support to the Board and Board Committees and his role includes:-

- (a) assisting the respective chairmen of the Board and Board Committees and the Management in the preparation of the agendas for the Board and Board Committee meetings;
- (b) attending all Board and Board Committee meetings and preparing minutes of the meetings;
- (c) ensuring that all meetings are properly convened and Board procedures are followed;
- (d) advising the Board and the Management on the Company's compliance with the requirements of the Companies Act, Chapter 50 of Singapore ("Companies Act"), the Rules of Catalist and all other rules, regulations and governance matters which are applicable to the Group;
- (e) under the direction of the Chairman, ensuring good information flows within the Board and Board Committees and between Management and the Non-Executive Directors; and
- (f) facilitating the orientation of incoming Directors and assisting with professional development as required.

The appointment and the removal of the company secretary is a decision of the Board as a whole.

To enable the Directors to make informed decisions and discharge their duties and responsibilities, the Management provides all Directors with the appropriate financial accounts and complete, adequate and timely information detailing the Group's performance, financial position and prospects prior to meetings and on an ongoing basis.

Board Composition and Guidance

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

The Board currently consists of five members, as set out below:-

Directors ⁽¹⁾	Board Membership	Date of First Appointment	Date of Last Re- Appointment	Audit and Risk Committee ⁽²⁾	Nominating Committee ⁽²⁾	Remuneration and Compensation Committee ⁽²⁾
Mr. Ong Beng Chye	Non-Executive Chairman and Independent Director	23 November 2018	26 April 2019	Chairman	Chairman	Member
Mr. Low Chee Wee	Executive Director, Chief Executive Officer ("CEO") and Chief Operating Officer ("COO")	25 November 2009	26 April 2019	-	-	-
Mr. Eddy Neo Chiang Swee	Executive Director (Development)	25 November 2009	27 April 2018	-	-	-
Ms. Joanne Khoo Su Nee	Independent and Non-Executive Director	6 June 2020	-	Member	Member	Chairman
Mr. Jens Rasmussen	Non-Executive Director	1 January 2010	5 June 2020	Member	Member	Member

Notes:-

- (1) Please refer to pages 8 to 10 of this annual report for information regarding the Directors' profiles, present directorships or chairmanships in other listed companies and other principal commitments. Please refer to page 50 of this annual report for information regarding the Directors' shareholdings in the Company and its related corporations.
- (2) Please refer to Principles 4, 6 and 10 on pages 25, 29 and 34 respectively of this report for information regarding the composition of the Board Committees, names of the respective Board Committee chairman and members and their primary responsibilities.

The respective chairmen of the Board Committees are Independent Directors and are considered by the Board to be well qualified to chair the Board Committees with their many years of relevant experience and expertise. The independence of each Independent Director is reviewed annually by the Nominating Committee based on the definition of independence as set out in the Code, and taking into consideration whether the Director falls under any circumstances pursuant to Rule 406(3)(d) of the Rules of Catalist. The Independent Directors, who are members of the Nominating Committee, have abstained from voting on any resolution and making any recommendation and/or participating in any deliberation of the Nominating Committee in respect of the evaluation of his or her independence. There is no policy to prohibit or require the Non-Executive and Independent Directors to hold shares in the Company. Mr. Ong Beng Chye holds 1,925,000 shares in the Company amounting to 1.4% of the total issued shares in the Company. The Nominating Committee and the Board are of the view that the holding of shares by Non-Executive and Independent Directors of less than 5.0% of the total issued shares in the Company encourages the alignment of their interests with the interests of Shareholders without compromising their independence. Taking into account the views of the Nominating Committee, the Board is satisfied as to the independence of Ms. Joanne Khoo Su Nee and Mr. Ong Beng Chye. Ms. Joanne Khoo Su Nee and Mr. Ong Beng Chye are independent in conduct, character and judgment, and do not have any relationship with the Company, its related corporations, its Shareholders who have an interest of at least 5% of the Company's voting shares or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of their independent business judgement with a view to the best interests of the Company, and does not fall under any of the circumstances pursuant to Rule 406(3)(d) of the Rules of Catalist.

The independence of a Director who has served on the Board beyond nine years from the date of his or her first appointment will be subject to more rigorous review.

Taking into account the views of the Nominating Committee, the Board concurs with the Nominating Committee that a Non-Executive Director's independence cannot be determined arbitrarily on the basis of a set period of time. In assessing the independence of a Non-Executive Director, the Nominating Committee and the Board consider it more appropriate to have regard to the substance of the Non-Executive Director's professionalism, integrity, objectivity, and ability to exercise independence of judgment in his or her deliberation in the interest of the Company, and not merely based on form such as the number of years which they have served on the Board.

Rigorous review is conducted by the Board to assess the continuing independence of Non-Executive Directors having served for over nine years, with attention to ensuring that they remain independent in character and judgement, and continue to present an objective and constructive challenge to the assumptions and viewpoints presented by the Management and the Board. The Board's rigorous review includes, *inter alia*, critical examination of any conflicts of interest, as well as other factors such as their review and scrutiny of matters and proposals put before the Board, and the effectiveness of their oversight role as check and balance on the acts of the Board and the Management and their role in enhancing and safeguarding the interest of the Company and that of its Shareholders. None of the Independent Directors has served on the Board beyond nine years from the date of his or her first appointment.

During FY2020, out of the five Directors, three were Non-Executive Directors, including the independent Non-Executive Chairman. As such, the Non-Executive Directors make up a majority of the Board. The Board has considered that the size of the Board and the Board Committees are appropriate for effective debate and decision-making, based on the Group's present circumstances and taking into account the scope and nature of the Group's operations, the requirements of the business and the need to avoid undue disruptions from changes to the composition of the Board and Board Committees.

The Board has also considered that its Directors as a group provide an appropriate balance and mix of skills, experience, knowledge of the Company and its business operations and other aspects of diversity such as gender and age. The Directors as a group provide a wide spectrum of core competencies such as accounting, finance, business or management experience, industry knowledge, strategic planning experience and customer-based experience or knowledge to lead and govern the Group effectively. All Directors have exercised due diligence and independent judgement and demonstrated objectivity in their deliberations in the interests of the Company.

The Company has a board diversity policy to set out its approach to achieve diversity on the Board. In terms of the Board's composition, the Company seeks to have a Board that comprises directors who as a group provide an appropriate balance and have diversity from a number of aspects, including gender, age, professional experience, skills and knowledge, so as to avoid groupthink and foster constructive debate.

An effective and robust board is fundamental to good corporate governance. All Directors are continually encouraged to engage actively in open and constructive debate and challenge the Management on its assumptions and proposals. The Board comprises at least one-third Independent Directors who provide different perspectives on the Group's business and corporate activities. This ensures that no individual or small group of individuals dominates the Board's decision making. To facilitate a more effective check on the Executive Directors and the Management, the Non-Executive Directors, who constitute a majority of the Board, meet at least once annually without the presence of the Management to discuss matters that they wish to raise privately. The Non-Executive Directors also constructively challenge the Executive Directors and the Management and help develop proposals on strategy and review the performance of the Management in meeting agreed goals and objectives and monitor the reporting of performance.

Chairman and Chief Executive Officer

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered power of decision-making.

The Chairman and the CEO are separate persons in order to ensure an appropriate balance of power and authority, increased accountability, and greater capacity of the Board for independent decision-making. There is a clear division of responsibilities, as set out in writing and agreed by the Board, between the Chairman and the CEO. The Chairman, Mr. Ong Beng Chye, an Independent Director, and the CEO, Mr. Low Chee Wee, are not related to each other.

The responsibilities of the Chairman include:-

- assuming the formal role of an independent leader and chairing all Board meetings;
- leading the Board to ensure its effectiveness on all aspects of its role, in particular its oversight of the Management;
- in consultation with the CEO, approving meeting schedules of the Board, setting the agenda for Board and Board Committee meetings and ensuring that adequate time is available for discussion of all agenda items, in particular strategic issues;
- promoting a culture of openness and debate at the Board;
- ensuring that the Directors receive complete, adequate and timely information;

- ensuring effective communication by the Board and the Management with Shareholders;
- encouraging constructive relations within the Board and between the Board and the Management and between the Executive Directors and the Non-Executive Directors;
- facilitating the effective contribution of the Non-Executive Directors in particular; and
- promoting high standards of corporate governance for the Group.

The CEO has full executive responsibilities in the business directions and operational efficiency of the Group. He oversees the execution of the Group's corporate and business strategies and is responsible for the day-to-day running of the business.

The Company did not appoint a lead Independent Director in FY2020 as the Chairman and the CEO are not related to each other and do not have any business relationship between them. In respect of Provision 3.3 of the Code, the Chairman, who is an Independent Director, functions as a lead Independent Director in that he is available to Shareholders where they have concerns and for which contract through the normal channels of communication with the CEO or Management are inappropriate or inadequate.

Board Membership

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

In accordance with the terms of reference of the Nominating Committee, the duties and responsibilities of the Nominating Committee include, among others:-

- (a) making recommendations to the Board on relevant matters relating to:
 - (i) the review of succession plans for Directors, in particular, the appointment and/or replacement of the Chairman, the CEO and key management personnel;
 - (ii) the process and criteria for evaluation of the performance of the Board, its Board Committees and Directors;
 - (iii) the review of training and professional development programmes for the Board and its Directors; and
 - (iv) the appointment and re-appointment of Directors (including alternate directors, if any);
- (b) determining annually, and as and when circumstances require, if a Director is independent, having regard to the circumstances set forth in Provision 2.1 of the Code and any other salient factor;
- (c) prior to 1 January 2022, conducting a rigorous review of the independence of any Director who has served on the Board for more than nine years from the date of his or her first appointment and the reasons for considering him or her as independent;
- (d) ensuring that new Directors are aware of their duties and obligations;

- (e) deciding whether a Director is able to and has been adequately carrying out his or her duties as a Director of the Company, and where a Director holds a significant number of listed company directorships and principal commitments¹, assessing the ability of such a Director to diligently discharge his or her duties; and
- (f) without limiting the effect of sub-paragraph (a)(ii) above, recommending for the Board's approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each board committee separately, as well as the contribution by the Chairman and each individual Director to the Board, in order for the Board to undertake a formal annual assessment of the performance of the Board as a whole, each board committee and each individual Director.

The Nominating Committee comprises three Non-Executive Directors, namely, Mr. Ong Beng Chye ("**NC Chairman**"), Ms. Joanne Khoo Su Nee and Mr. Jens Rasmussen, the majority of whom, including the NC Chairman, are independent.

The Nominating Committee ensures that new Directors are aware of their duties and obligations. Newly appointed Directors will receive appropriate training and orientation programmes to familiarise themselves with the operations of the Group and its major business processes. On the appointment of a new Director, the Company will provide a formal letter to the Director, setting out the Director's duties and obligations. Ms. Joanne Khoo Su Nee, the newly appointed Director in FY2020, had received such training and orientation programmes, as well as the formal letter from the Company.

The Nominating Committee also decides if a Director is able to and has been adequately carrying out his or her duties as a Director of the Company. The Nominating Committee will have regard to whether each Director has adequate time and attention to devote to the Company, in the case of Directors with multiple listed board representations and other principal commitments.

The listed company directorships and principal commitments of each Director are disclosed in the Annual Report. In the event a Director holds a significant number of such directorships and commitments, the Company provides the Nominating Committee and Board an assessment of the ability of the Director to diligently discharge his or her duties. Although some of the Directors have other listed board representations and other principal commitments, the Nominating Committee is satisfied that all Directors are able to devote adequate time and attention to the affairs of the Company to fulfil his or her duties effectively as a Director. The Nominating Committee monitors and determines annually whether Directors who have multiple listed board representations and other principal commitments are able to devote sufficient time and attention to the affairs of the Company and adequately carry out his or her duties as a Director. The Nominating Committee assesses the contribution by each Director to the effectiveness of the Board and takes into account his or her actual conduct on the Board in making this determination. There is no alternate Director on the Board.

The Nominating Committee works with the Board to determine the appropriate characteristics, skills and experience for the Board as a whole as well as its individual members based on attributes of the existing Board and the requirements of the Group. The Board is of the view that the Directors as a group should provide an appropriate balance and diversity of skills, experience, gender and knowledge of the Company. The Board takes steps to achieve the diversity necessary with the aim of maximizing its effectiveness. The Directors are respectively experienced in business management, human capital development, strategies planning and possess industry experience that the Company operates in.

The term "principal commitments" includes all commitments which involve significant time commitment such as full-time occupation, consultancy work, committee work, non-listed company board representations and directorships and involvement in non-profit organisations. Where a director sits on the boards of non-active related corporations, those appointments should not normally be considered principal commitments.

The Nominating Committee also considers the composition and progressive renewal of the Board and each Director's competencies, commitment, contribution and performance (e.g. attendance, preparedness, participation and candour) including, if applicable, a director's independence as part of the process for selection, appointment and re-appointment of Directors. The search for new Directors, if any, will be via contacts and recommendations so as to cast its net as wide as possible for the right candidate. Executive recruitment agencies will also be engaged to assist in the search process where necessary. The Nominating Committee will arrange for interviews with the shortlisted candidates for its assessment before arriving at a decision. During the interviews, the Nominating Committee will take into consideration whether the appointee has sufficient time available to devote himself or herself to the position, the skill sets of the appointee and how he or she will complement the current Board. Upon the Nominating Committee's review and recommendation to the Board, the new Directors will be appointed by way of a board resolution. The appointment of Ms. Joanne Khoo Su Nee as a Director in FY2020 was in accordance with the aforementioned process for the selection and appointment of new Directors to the Board.

In accordance with Rule 720(4) of the Rules of Catalist, all Directors need to submit themselves for re-nomination and re-appointment at least once every three years. In addition, in accordance with the Company's Constitution, all Directors, including the CEO, are subject to re-nomination and re-appointment at regular intervals of at least once every three years. At each AGM, at least one-third of the Directors for the time being, or if their number is not three or a multiple of three, then the number nearest to but not less than one-third, are required to retire and to submit themselves for re-election. The Company's Constitution also provides that a newly appointed Director must retire and submit himself or herself for re-election at the AGM following his or her appointment. In making the recommendation, the Nominating Committee has considered each of the said Directors' overall contributions and performances. Each member of the Nominating Committee shall abstain from voting on any resolution and making any recommendation and/or participating in any deliberation of the Nominating Committee in respect of the assessment of his or her performance or renomination as a Director.

Pursuant to Article 98 of the Company's Constitution on the one-third rotation rule, Mr. Low Chee Wee and Mr. Eddy Neo Chiang Swee shall retire at the forthcoming AGM and shall be eligible for re-election. Pursuant to Article 102 of the Company's Constitution on the casual vacancy rule, Ms. Joanne Khoo Su Nee shall retire at the forthcoming AGM and shall be eligible for re-election. Mr. Low Chee Wee, Mr. Eddy Neo Chiang Swee and Ms. Joanne Khoo Su Nee will be offering themselves for re-election at the forthcoming AGM.

The Nominating Committee has recommended to the Board that Mr. Low Chee Wee, Mr. Eddy Neo Chiang Swee and Ms. Joanne Khoo Su Nee be nominated for re-election at the forthcoming AGM. The Board has accepted the Nominating Committee's recommendation.

Mr. Low Chee Wee will, upon re-election as a Director at the forthcoming AGM, remain as Executive Director, Chief Executive Officer and Chief Operating Officer of the Company.

Mr. Eddy Neo Chiang Swee will, upon re-election as a Director at the forthcoming AGM, remain as Executive Director (Development) of the Company.

Ms. Joanne Khoo Su Nee will, upon re-election as a Director at the forthcoming AGM, remain as Independent Director of the Company and continue as Chairman of the Remuneration and Compensation Committee, as well as a member of the Audit and Risk Committee and the Nominating Committee.

Please refer to pages 41 to 48 of this annual report for the additional information regarding Mr. Low Chee Wee, Mr. Eddy Neo Chiang Swee and Ms. Joanne Khoo Su Nee, pursuant to Rule 720(5) of the Rules of Catalist.

The Board recognises the importance of good succession planning to facilitate better corporate governance processes and practices. The Nominating Committee is tasked to review the succession plans for Directors progressively and identify the potential successors to key positions. Succession and leadership development plans for the key Management personnel will be implemented to ensure a smooth transition. The review, if any, will be presented to the Board for its approval.

The Nominating Committee is also tasked to review annually the independence of a Director bearing in mind the Code's definition of an 'independent' Director and guidance as to relationships the existence of which would deem a Director not to be independent. The Nominating Committee will consider in its review, the confirmation on the independence of each Director which each Independent Director provides to the Board annually.

Board Performance

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

The Board approved the objective performance criteria and process recommended by the Nominating Committee for the evaluation of the effectiveness of the Board as a whole, and of each Board Committee separately, as well as the contribution by the Chairman and each individual Director to the Board. Each member of the Nominating Committee shall abstain from voting on any resolution and making any recommendation and/or participating in any deliberation of the Nominating Committee in respect of the assessment of his or her performance or re-nomination as a Director.

An annual evaluation of the Board's performance for FY2020 was conducted to assess and identify areas for continuous improvement to the Board's overall effectiveness. The evaluation was carried out by way of a Board assessment checklist through which each Director was required to complete and assess individually the Board as a whole on several parameters namely, the board structure, conduct of meetings or affairs, corporate strategy and planning, risk management and internal control, measuring and monitoring performance, recruitment and evaluation, compensation, succession planning, financial reporting and communication with Shareholders. Attendance at the meetings of the Board and Board Committees, effectiveness of discussions at such meetings and the discharge of the Board's duties in relation to the affairs of the Group were also evaluated. The consolidated findings were then reported and recommendations were made to the Board for consideration for further improvements to assist the Board in discharging its duties more effectively. The performance criteria, which allows for comparison with industry peers, are approved by the Board and they address how the Board has enhanced long-term Shareholders' value by allowing the Board to further improve on discharging their duties more effectively. The performance criteria are not changed from year to year, and where circumstances deem it necessary for any of the criteria to be changed, the Board will justify such decision. The performance criteria has been amended since FY2019 to reflect the amendments made to the Code. The Nominating Committee has assessed the Board's performance and effectiveness to-date and is of the view that the performance and effectiveness of the Board as a whole was satisfactory. The Code recommends that individual evaluation should be conducted to assess the effectiveness of the Board Committees and whether each Director continues to contribute effectively and demonstrate commitment to the role. The Board, together with the Nominating Committee, have taken cognizance of the recommendations under the Code, but is of the view that due to the relatively small size of the Board and given the background, experience and expertise of each Director, it would not be necessary to evaluate the individual performance of each Director and the Board Committees as well as the effectiveness of the Board Committees and the contribution by each Director to the effectiveness of the Board.

The Board has not engaged any external consultant to conduct an assessment of the performance and effectiveness of the Board as a whole. Where relevant, the Nominating Committee will consider such an engagement.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

In accordance with the terms of reference of the Remuneration and Compensation Committee, the duties and responsibilities of the Remuneration and Compensation Committee include, among others:-

- (a) reviewing and recommending to the Board:
 - (i) a framework of remuneration for the Board and key Management personnel; and
 - (ii) the specific remuneration packages for each Director as well as for the key Management personnel,

and in doing so, the Remuneration and Compensation Committee considers all aspects of remuneration, including termination terms, to ensure they are fair;

- (b) reviewing the Company's obligations arising in the event of termination of the Executive Directors' and key Management personnel's contracts of service to ensure that such contracts of service, if any, contain fair and reasonable termination clauses which are not overly generous;
- (c) reviewing working environments and succession planning for the key Management personnel;
- (d) reviewing the terms of the employment arrangements with the key Management personnel so as to develop consistent group-wide employment practices subject to regional differences; and
- (e) reviewing whether the Executive Directors and key Management personnel should be eligible for benefits under long-term incentive schemes, including share schemes.

The Remuneration and Compensation Committee comprises three Non-Executive Directors, namely, Ms. Joanne Khoo Su Nee ("RC Chairman"), Mr. Jens Rasmussen and Mr. Ong Beng Chye, the majority of whom, including the RC Chairman, are independent.

The Remuneration and Compensation Committee aims to motivate and retain Directors and key Management personnel without making excessive payments to them, and to ensure that the Company is able to attract and retain the best talent in the market to drive the Group's businesses forward in order to maximise long-term Shareholders' value. The Remuneration and Compensation Committee aims to be fair and to avoid rewarding poor performance.

The Remuneration and Compensation Committee's recommendations are submitted for endorsement by the entire Board. The recommendations include all aspects of remuneration, including but not limited to directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards, and benefits in kind.

The Remuneration and Compensation Committee will, from time to time, and where necessary, seek advice from external remuneration consultant(s) in structuring the remuneration policy and determine the level and mix of remuneration for the Directors and key Management personnel. No external remuneration consultant has been engaged for FY2020.

Level and Mix of Remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

An appropriate proportion of the Executive Directors' and key Management personnel's remuneration is structured so as to link rewards to corporate and individual performance. Performance-related remuneration is aligned with Shareholders' interests and other stakeholders and promotes the long-term success of the Company. The Remuneration and Compensation Committee also takes into account the risk policies of the Company, and ensures that remuneration is symmetric with risk outcomes and is sensitive to the time horizon of risks and the industry practices and norms in compensation. These measures are appropriate and meaningful for the purpose of assessing the Executive Directors' and key Management personnel's performance.

From FY2020, the Company has adopted and used contractual provisions to allow the Company to reclaim incentive components of remuneration from Executive Directors and key Management personnel in exceptional circumstances of misstatement of financial results, or misconduct resulting in financial loss to the Company.

The Remuneration and Compensation Committee ensures that both the total remuneration and individual pay components, in particular, the annual fixed cash, annual performance incentives and long-term incentives, are market competitive and performance-driven. The annual fixed cash component consists of the annual basic salary and fixed allowances which the Company benchmarks with the relevant industry market data, where available. The annual performance incentive component refers to variable bonus that is tied to the performance of the Group, business unit and individual employee. Performance conditions to which entitlement to such annual and short-term incentives include benchmarking performance to industry business operation expectations and performance that exceeds such expectations, as well as measuring performance based on the Group's financial performance vis-à-vis industry performance and individual performance.

The Company had entered into a fixed-period service agreement with each of Mr. Low Chee Wee and Mr. Eddy Neo Chiang Swee on 1 January 2021, governing the terms and conditions of their employment with the Company. The service agreement with each of Mr. Low Chee Wee and Mr. Eddy Neo Chiang Swee is renewable on an annual basis after the first three (3) years. Their service agreements have been updated with the latest corporate governance requirements as and when required. The remuneration packages for the Executive Directors are based on terms stipulated in their respective service agreements. The remuneration package of Mr. Low Chee Wee includes a profit sharing scheme that is performance-related to align his interests with those of Shareholders.

The Non-Executive and Independent Directors do not have service agreements with the Company. They are paid fixed Directors' fees appropriate to their level of contribution, taking into account factors such as effort, time spent, and their responsibilities on the Board and Board Committees. The Non-Executive and Independent Directors have not been overcompensated to the extent that their independence is compromised.

In setting remuneration packages, the Remuneration and Compensation Committee aligns the level and structure of remuneration with the long-term interest and risk policies of the Company and considers what is appropriate to attract, retain and motivate (a) the Directors to provide good stewardship of the Company; and (b) the key Management personnel to successfully manage the Company for the long term.

No Director is involved in deciding his or her own remuneration. The recommendations made by the Remuneration and Compensation Committee in respect of the Non-Executive Directors' fees are subject to Shareholders' approval at the AGM. Executive Directors do not receive any Directors' fee. At the last AGM held on 5 June 2020, Shareholders approved the payment of the Non-Executive Directors' fees of up to S\$128,500 for FY2020. At the forthcoming AGM, Shareholders' approval will be sought for the payment of the Non-Executive Directors' fees of up to S\$128,500 for the financial year ending 31 December 2021.

Disclosure on Remuneration

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

The Group sets the remuneration policy for (i) each individual Director and the CEO; and (ii) the top five key Management personnel (who are not directors or the CEO) in bands no wider than \$\$250,000.

A breakdown, showing the level and mix of the remuneration of each individual Director in bands no wider than \$\$250,000 for FY2020, is as follows:-

Remuneration Bands /	Directors' Fees	Fixed Salary ⁽¹⁾	Bonus	Benefits	Total
Name of Directors	(%)	(%)	(%)	(%)	(%)
Executive Directors					
S\$250,000 to S\$500,000					
Mr. Low Chee Wee	-	88	7	5	100
Below \$\$250,000					
Mr. Eddy Neo Chiang Swee	-	81	7	12	100
Non-Executive Directors					
Below \$\$250,000					
Mr. Ong Beng Chye	100	-	-	-	100
Ms. Joanne Khoo Su Nee ⁽²⁾	100	-	-	-	100
Mr. Jens Rasmussen	100	-	-	-	100
Ms. Tan Swee Ling(3)	100	-	-	-	100

Notes:-

- (1) Includes mainly employers' contributions to the Central Provident Fund and allowances.
- (2) Ms. Joanne Khoo Su Nee was appointed as a Director of the Company with effect from 6 June 2020.
- (3) Ms. Tan Swee Ling retired as a Director of the Company at the AGM held on 5 June 2020.

A breakdown, showing the level and mix of the remuneration of each of the top five key Management personnel (who are not Directors or the CEO) in bands no wider than S\$250,000 for FY2020, is as follows:-

Remuneration Bands /	Fixed Salary ⁽¹⁾	Bonus	Benefits	Total	
Name of Key Management Personnel	(%)	(%)	(%)	(%)	
S\$250,000 to S\$500,000					
Mr. Christopher Low Chee Leng	84	7	9	100	
Below \$\$250,000					
Mr. Teh Teong Lay	92	8	-	100	
Mr. Koay Swee Heng	85	15	-	100	
Mr. Teoh Han Chong ⁽²⁾	100	-	-	100	
Mr. Lou Tin Boang	93	7	-	100	

Notes:-

- (1) Includes mainly employers' contributions to the Central Provident Fund and allowances.
- (2) Mr. Teoh Han Chong has been re-designated from Assistant General Manager to a non-managerial role within the Group in September 2020.

The total remuneration, in aggregate, paid to the above top five key Management personnel (who are not Directors or the CEO) for FY2020 was approximately \$\$641,000.

Mr. Christopher Low Chee Leng is a substantial Shareholder (with total interest in 38.33% of the Shares of the Company as at 26 March 2021) and the brother of Mr. Low Chee Wee (Executive Director, CEO and COO, and substantial Shareholder) and Ms. Yvonne Low-Triomphe (a substantial Shareholder), son of Mdm Neo Peck Keow @ Ng Siang Keng (a substantial Shareholder), as well as cousin of Mr. Eddy Neo Chiang Swee (Executive Director and substantial Shareholder). The remuneration paid to Mr. Christopher Low Chee Leng for FY2020 was between \$\$200,000 to \$\$300,000.

Save as disclosed above, no employee of the Company and its subsidiaries, whose remuneration exceeded S\$100,000 during FY2020, was a substantial Shareholder, an immediate family member of a Director, the CEO or a substantial Shareholder.

The Board has, on review, decided not to disclose the remuneration of the Directors to the nearest thousand dollars and the remuneration of the top five key Management personnel (who are not Directors or the CEO) to the nearest thousand dollars given the competitive pressure and disadvantages that this might bring. After taking into account the reasons for non-disclosure stated above, the Board is of the view that the current disclosure of the remuneration presented herein in this corporate governance report is sufficient to provide Shareholders information on the Group's remuneration policies, as well as the level and mix of remuneration. Accordingly, the Board is of the view that the Company complies with Principle 8 of the Code.

There were no termination, retirement and post-employment benefits granted to the Directors, the CEO and key Management personnel pursuant to the terms of their employment agreements.

In FY2020, the Company had in place the Eng Soon Employee Share Option Scheme ("**ESOS**") and the Eng Soon Performance Share Plan ("**PSP**"), which expired on 24 June 2020. The ESOS and PSP complied with the relevant rules as set out in Chapter 8 of the Rules of Catalist and were administered by the Remuneration and Compensation Committee. The Board has decided not to extend the validity of the ESOS and PSP, and accordingly, both the ESOS and PSP ceased on 24 June 2020.

Since the commencement of the ESOS and the PSP up to the expiry date of the ESOS and the PSP as at 24 June 2020, no options and/or awards were granted and no shares were issued under the ESOS and the PSP respectively.

The Board will evaluate as and when there is a need for on an alternative long-term incentive and reward plan to ensure employees focus on generating Shareholders' value over a longer term. Entitlement to such long-term incentives will include assessment and recognition of potential progressive performance and enhancement to asset value and Shareholders' value over time, taking into consideration current and future plans of the Company.

A separate annual remuneration report has not been included in this annual report as the Board is of the view that the matters which are required to be disclosed in such annual remuneration report have already been sufficiently disclosed in this annual report and in the financial statements of the Company.

ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The Board determines the nature and extent of the significant risks which the Company is willing to take in achieving its strategic objectives and value creation. The Company has put in place a risk management framework and internal control systems to manage different risk aspects of the Group including financial, operational, compliance and information technology risks, which are detailed in formal instructions, standard operating procedures and financial authority limits policies. Some examples of the internal controls in place are policies and procedures that are established in relation to the safeguarding of assets, maintenance of proper accounting records, maintenance of reliable financial information, compliance with appropriate legislation, regulation and best practice and the identification and management of business risks.

The Board, who is responsible for the governance of risk, ensures that the Management maintains a sound system of risk management and internal controls to safeguard Shareholders' interests and the Group's assets, and determines the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives. The Board determines the Group's levels of risk tolerance and risk policies, and oversees the Management in the design, implementation and monitoring of the risk management and internal control systems.

The Board monitors the Group's risks through the Audit and Risk Committee as well as the external and internal auditors. The Audit and Risk Committee reviews the audit plans of the external and internal auditors at least once annually, including the results of the external and internal auditors' review and evaluation of the system of internal controls. During FY2020, the Group's external and internal auditors have conducted their annual review respectively on the adequacy and effectiveness of the Group's material internal controls procedures, including financial, operational, compliance and information technology controls as well as risk management system and these were reported to the Audit and Risk Committee. On behalf of the Board, the Audit and Risk Committee has also reviewed the adequacy and effectiveness of the Group's system of risk management and internal controls in light of the key business and financial risks affecting its business.

The Board has received assurance from:

- (a) the CEO and COO and the Financial Controller ("FC") that the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and
- (b) the CEO and COO and other key Management personnel who are responsible, regarding the adequacy and effectiveness of the Group's risk management and internal control systems.

Commentaries are provided to Shareholders in the Company's annual reports to enable them to make an informed assessment of the Company's risk management framework and internal control systems.

The Group has established its enterprise risk management framework to manage its exposure to risks that it is exposed to in the conduct of its business. The Group has engaged an external risk management consultant, Shinnes Consulting and Advisory Pte. Ltd. ("SCAA"), to undertake the enterprise strategy and risk assessment exercise. In accordance with the internal audit plan approved and adopted by the Audit and Risk Committee, internal audit reports have been prepared for review by the Audit and Risk Committee. The objectives of the audit were to review the adequacy and appropriateness of the internal policies and procedures in deriving a sound system of risk management and internal controls, including financial, operational, compliance and information technology controls, within the subsidiaries under review and the Group, in deriving the Group's strategies. From the internal audit review exercise conducted by SCAA, there was no material control weakness that would hamper the operations or control breakdowns that would lead to major financial impact to the subsidiaries under review and the Group. In conclusion, the systems of internal controls in place on major processes covered under audits are adequate and effective in meeting the needs of the subsidiaries under review and the Group to address the financial, operational, compliance and information technology control risks. Nonetheless, SCAA has recommended certain actions and additional controls, which are practical solutions to further enhance the operational and control efficiencies for the subsidiaries under review and the Group.

Based on the work carried out by the internal auditors, the review undertaken by the external auditors, the existing management controls in place and the assurance received from the CEO and COO, the FC and other key Management personnel, the Audit and Risk Committee and the Board are of the opinion that, for the financial year under review, the internal controls in place in the Group to address risks relating to financial, operational, compliance and information technology controls, and the Group's risk management systems are effective and adequate.

The likelihood of achieving the internal control objectives is affected by limitations inherent in all internal control and risk management systems. While no system can provide absolute assurance against the occurrence of material errors, financial misstatement, poor judgement in decision-making, human error, losses, fraud and other irregularities, the Group's internal financial controls are designed to provide reasonable assurance that assets are safeguarded, that proper accounting records are maintained, and that financial information used within the business and for publication is reliable. In designing these controls, the Company has had regard to the risks to which the business is exposed to, the likelihood of such risks occurring and the costs of protecting against them. The Board, together with the Audit and Risk Committee and the Management, will continue to enhance and improve the existing risk management framework and internal control systems to identify and mitigate these risks.

Audit Committee

Principle 10: The Board has an Audit Committee ("AC") which discharges its duties objectively.

In line with the recommendation of the Code, the Audit and Risk Committee assists the Board in carrying out its responsibility of overseeing the Company's risk management framework and policies.

In accordance with the terms of reference of the Audit and Risk Committee, the duties and responsibilities of the Audit and Risk Committee include, among others:-

- (a) reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any announcements relating to the Company's financial performance;
- (b) reviewing the half year and full year financial statements of the Company before submission to the Board for approval, focusing in particular, on:-
 - (i) changes in accounting policies and practices;
 - (ii) major risk areas;
 - (iii) significant adjustments resulting from the audit;
 - (iv) going concern statement;
 - (v) compliance with accounting standards; and
 - (vi) compliance with stock exchange and statutory / regulatory / requirements;
- (c) reviewing at least annually the adequacy and effectiveness of the Company's internal controls and risk management systems;
- (d) reviewing the assurance from the CEO and the FC on the financial records and financial statements;
- (e) making recommendations to the Board on: (i) the proposals to Shareholders on the appointment and removal of the external auditors; and (ii) the remuneration and terms of engagement of the external auditors;
- (f) reviewing the adequacy, effectiveness, independence, scope and results of the external audit;
- (g) reviewing the adequacy, effectiveness, independence, scope and results of the Company's internal audit function;

- (h) reviewing the policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on. The Company publicly discloses, and clearly communicates to employees, the existence of a whistle-blowing policy and procedures for raising such concerns;
- (i) reviewing and advising the Board on any interested person transaction;
- (i) reviewing with the external auditors:-
 - (i) the audit plan, including the nature and scope of the audit before the audit commences;
 - (ii) their evaluation of the system of internal accounting controls;
 - (iii) their audit report; and
 - (iv) their management letter and the Management's response;
- (k) reviewing the assistance given by the Management to the auditors; and
- (l) reviewing and discussing with the external auditors, any suspected fraud or irregularity, or suspected infringement of any Singapore law, rules or regulations, which has or is likely to have a material impact on the Company's operating results or financial position, and the Management's response.

The Audit and Risk Committee comprises three Non-Executive Directors, namely Mr. Ong Beng Chye ("AC Chairman"), Mr. Jens Rasmussen and Ms. Joanne Khoo Su Nee, the majority of whom, including the AC Chairman, are independent. Members of the Audit and Risk Committee are appropriately qualified and have recent and relevant accounting or related financial management expertise or experience to discharge their responsibilities.

No former partner or director of the Company's existing auditing firm or auditing corporation is a member of the Audit and Risk Committee:

- (a) within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case,
- (b) for as long as they have any financial interest in the auditing firm or auditing corporation.

As the size of the operations of the Group does not warrant the Group having an in-house internal audit function, the Group has therefore appointed a professional internal audit firm to undertake the functions of its internal audit. For the financial year under review, the Group's internal auditor is SCAA. The internal auditors' primary line of reporting is to the Audit and Risk Committee. The Audit and Risk Committee also decides on the appointment, termination and remuneration of the professional firm to which the internal audit function is outsourced. On a yearly basis, the Audit and Risk Committee reviews whether the internal audit function is independent, effective and adequately resourced.

For FY2020, the Audit and Risk Committee has reviewed and ensured that the internal auditors are adequately resourced with persons with the relevant qualifications and experience and have appropriate standing within the Group, and the internal audit function is independent and effective. The internal auditors have carried out their function according to the Committee of Sponsoring Organisation of the Treadway Commission Framework which is consistent with the standards set by nationally or internationally recognised professional bodies including the International Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors.

The Group's internal audits are conducted with the following objectives:-

- to review the effectiveness of the Group's system of internal controls to address key business and operational risks:
- to review compliance to the system of internal controls; and
- to assess whether operations are conducted in an effective and efficient manner.

The internal auditors have unfettered access to all the Company's documents, records, properties and personnel, including the Audit and Risk Committee. The internal auditors discuss and agree on the annual internal audit plan with the Audit and Risk Committee at the beginning of each financial year. Subsequent internal audit findings and corresponding Management responses to address these findings are reported at the meetings of the Audit and Risk Committee. The Audit and Risk Committee is continually working with the internal auditors to improve on the existing internal control and risk management systems.

The Audit and Risk Committee's primary role is to investigate any matter within its terms of reference. It has full access to, and the co-operation of, the Management and full discretion to invite any Director or executive to attend its meetings. The Audit and Risk Committee has adequate resources, including access to external consultants and auditors, to enable it to discharge its responsibilities properly. In performing its functions, the Audit and Risk Committee and the Management meet with the external and internal auditors to discuss and evaluate the internal controls of the Group and review the overall scope of both external and internal audit. The Audit and Risk Committee also meets regularly with the Management, the FC and external auditors to keep abreast of any change to the accounting standards and issues which could have an impact on the Group's financial statements. At least once a year and as and when required, the Audit and Risk Committee meets with the external and internal auditors without the presence of the Management, to review any matter that might be raised privately.

The external auditors are responsible for performing an independent audit of the Group's financial statements in accordance with the financial reporting standards, and for issuing a report thereon. The Audit and Risk Committee's responsibility is to monitor these processes, as well as to review the audit plan and scope of examination of the external auditors and the assistance given by the Group's officers to the external auditors. In relation to the key audit matters raised in the Independent Auditor's Report, the Audit and Risk Committee noted the external auditors' independent opinion on the Management's accounting, treatment and estimates and concluded that they are appropriate and the Audit and Risk Committee is satisfied that the key audit matters, after taking into consideration, *inter alia*, the approach and methodology used, have been properly dealt with.

The Audit and Risk Committee has also conducted an annual review of the independence of the external auditors, and has satisfied itself on the independence and objectivity of the external auditors. The total amount of audit fees paid to the external auditors for audit services rendered for FY2020 was S\$104,745. No non-audit services were rendered by the external auditors for FY2020, and accordingly no non-audit fees were paid to the external auditors for FY2020.

In proposing to Shareholders on the re-appointment of BDO LLP as the Company's external auditors and in line with Rule 712 of the Rules of Catalist, the Board and the Audit and Risk Committee have considered and are satisfied with the adequacy of the resources and experience of BDO LLP and the audit partner-in-charge assigned to the audit, the size and complexity of the Group being audited, and the number and experience of supervisory and professional staff assigned to the audit. BDO LLP has also confirmed its independence and that it is approved under the Accountants Act (Cap. 2). The audit partner-in-charge assigned to the audit is a public accountant under the Accountants Act.

The Board and the Audit and Risk Committee are satisfied that the Company is in compliance with Rule 715 of the Rules of Catalist. The external auditors appointed for the Company's significant subsidiaries for FY2020 are set out in the notes to financial statements at pages 93 to 98 of this annual report. For FY2020, the Company is in compliance with Rules 712 and 715 of the Rules of Catalist in relation to the appointment of auditing firms for the Group.

To achieve a high standard of corporate governance for the operations of the Group, the Group has put in place a whistle-blowing policy which encourages and provides a channel to employees to report in good faith and in confidence, without fear of reprisals, concerns about possible improprieties in financial reporting or other matters to the chairman of the Audit and Risk Committee. The objective of such policy is to provide for procedures to validate concerns and to ensure independent investigation of such matters and for appropriate follow-up action. The Audit and Risk Committee will treat all information received confidentially and protect the identity and the interest of all whistle-blowers. Anonymous disclosures will be accepted and anonymity honoured. The whistle-blowing policy has been circulated to all employees. No whistle-blowing reports were received in FY2020.

SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meetings

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

In recognition of the importance of treating all Shareholders fairly and equitably, the Company aims to protect and facilitate the exercise of ownership rights by all Shareholders, and continually review and update such governance arrangements. The Company also notes that Shareholders have the right to be sufficiently informed of changes in the Group or its business which would be likely to materially affect the price or value of the Company's shares. The Company will ensure that Shareholders have equal opportunity to participate effectively in and vote at general meetings of shareholders, and will inform Shareholders on the rules, including voting procedures, that govern the general meetings. Pursuant to Article 77 of the Company's Constitution, Shareholders may appoint not more than two proxies to attend, speak and vote at the same general meeting. However, the Company allows Shareholders who are relevant intermediaries (as defined under Section 181(6) of the Companies Act) to appoint more than two proxies to attend, speak and vote at general meetings.

The Company tables separate resolutions at general meetings of shareholders on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. Where the resolutions are "bundled", the Company explains the reasons and material implications in the notice of meeting. The Company will put all resolutions to vote by poll and make an announcement on the detailed results showing the number of votes cast for and against each resolution and the respective percentages for general meetings.

All Directors endeavour to attend the general meetings of shareholders to address any questions that the shareholders may have. The external auditors of the Company are also present at annual general meetings to address shareholders queries about the conduct of audit and the preparation and content of the auditors' report.

Name of Director	AGM held on 5 June 2020
Ong Beng Chye	Present
Low Chee Wee	Present
Eddy Neo Chiang Swee	Present
Tan Swee Ling (1)	Present
Jens Rasmussen	Present

Note:-

(1) Ms Tan Swee Ling retired as a Director of the Company at the AGM held on 5 June 2020.

Save for the last AGM held on 5 June 2020, there were no other general meetings of the Company held during FY2020.

Information on general meetings is disseminated through notices in the annual report or circulars sent to all Shareholders. The notices are also released via the SGXNet and published in local newspapers.

The Company's Constitution allows Shareholders to appoint proxies to attend, speak and vote in their stead at general meetings of shareholders.

The Company has not amended its Constitution to provide for absentia voting methods. Voting in absentia and by electronic mail may only be possible following careful study to ensure that integrity of the information and authentication of Shareholders' identities through the web are not compromised.

General meetings of the Company represent the principal forum for dialogue and interaction with all Shareholders. Resolutions at general meetings of the Company are on each substantially separate issue. At each AGM, the Board presents the progress and performance of the Group's businesses and invites all Shareholders to participate in the questions and answers session. The Directors, including the respective chairman of the Board Committees and the Management are in attendance at the AGMs to allow Shareholders the opportunity to air their views and ask the Directors or the Management questions regarding the Group. The external auditors also attend the AGMs to assist the Directors in answering any query relating to the conduct of the audit and the preparation and content of the auditors' report. Although the Company does not publish minutes of general meetings of shareholders on its corporate website, such minutes are readily provided to Shareholders upon request. Notwithstanding so, the Board is of the view that the Company complies with Principle 11 of the Code. The minutes of general meetings record substantial and relevant comments or queries from Shareholders relating to the agenda of the general meeting, and responses from the Board and the Management.

For FY2020, due to the COVID-19 outbreak and the circuit breaker put in place by the Singapore Government, the Company's previous AGM held on 5 June 2020 ("2020 AGM") was held by way of electronic means, through "live webcast" and "audio-only means". The notice of AGM was not published in the newspaper, but was instead disseminated to Shareholders through publication on SGXNet and the Company's website, in accordance with the alternative arrangements for holding of the AGM approved by the relevant authorities. The Company had also published a notice to Shareholders, together with the notice of AGM, detailing the alternative arrangements for the 2020 AGM, during the COVID-19 pandemic. Shareholders participated in the 2020 AGM via electronic means, voting by appointing the Chairman of the 2020 AGM as proxy and their questions (if any) in relation to any resolution set out in the notice of AGM were sent to the Company in advance of the 2020 AGM, and responses to the questions were provided via announcement on SGXNet and the Company's website. The Company did not receive any question from Shareholders before the 2020 AGM. However, the Company had received three questions from the SGX-ST in respect of the Company's Annual Report 2019. The Company had addressed these questions prior to the 2020 AGM via publication on SGXNet and the Company's website on 3 June 2020. In respect of the 2020 AGM, the Company published the minutes of the 2020 AGM on SGXNet and the Company's website within one month from the date of the 2020 AGM.

The Company currently does not have a formal policy on payment of dividends. The Company may declare dividends by way of an ordinary resolution of Shareholders at a general meeting, but may not pay dividends in excess of the amount recommended by the Directors. The declaration and payment of dividends will be determined at the sole discretion of the Directors, subject to the approval of Shareholders. The Directors may also declare an interim dividend without the approval of Shareholders.

Subject to Shareholders' approval at the forthcoming AGM, the Board has proposed a first and final tax-exempt (one-tier) cash dividend of 0.25 Singapore cents per ordinary share for FY2020.

Engagement With Shareholders

Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

The Company facilitates the participation of Shareholders during general meetings and other dialogues to allow Shareholders to communicate their views on various matters affecting the Company. The Company provides avenues for communication between the Board and all shareholders. To allow the Board to solicit and understand the views of Shareholders, Shareholders are encouraged to attend the annual general meetings and extraordinary general meetings of the Company to ensure high level of accountability and to stay appraised of the Group. Shareholders are given an opportunity to air their views and ask questions regarding the Company and the Group.

In line with continuous disclosure obligations of the Company pursuant to the Rules of Catalist and the Companies Act, the Board's policy is for Shareholders to be informed promptly of all major developments that would, or are likely to, impact the Group. The Company does not practise selective disclosure of material information. Information is communicated to Shareholders on a timely basis through the SGXNet. Communication is also made through the half year and full year financial statements, and annual reports issued to all Shareholders, within the mandatory period. The Company maintains a corporate website at http://www.esgroup.com.sg/ through which Shareholders are able to access up-to-date information on the Group. The website provides corporate announcements, annual reports, sustainability reports and profiles of the Group, the Board and Board Committees.

To actively engage and promote regular, effective and fair communication with Shareholders, the Company actively engages Shareholders and has put in place an effective investor relations policy which allows for an ongoing exchange of views. The investor relations policy sets out a mechanism through which Shareholders may contact the Company with questions and through which the Company may respond to such questions.

Engagement with Stakeholders

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Group has regularly engaged its stakeholders through various medium and channels to ensure that the business interests are aligned with those of the stakeholders, to understand and address the concerns so as to improve services and products' standards, as well as to sustain business operations for long-term growth.

The stakeholders have been identified as those who are impacted by the Group's business and operations and those who are similarly are able to impact the Group's business and operations. The Group has also undertaken a process to determine the economic, environmental, social and governance issues, which are important to these stakeholders.

Detailed approach to the stakeholder engagement and materiality assessment will be disclosed in the Group's sustainability report for FY2020, which will be published by end May 2021 to keep stakeholders informed on the Group's business and operations.

To promote regular, effective and fair communication with stakeholders, the Company maintains a corporate website at http://www.esgroup.com.sg/ which provides corporate announcements, annual reports, sustainability reports, press releases and other information pertaining to the Group, through which stakeholders are able to access up-to-date information on the Group.

MATERIAL CONTRACTS

Save as disclosed below in the section entitled "Interested Person Transactions", there were no material contracts or loans entered into by or taken up by the Group involving the interests of the CEO or any Director or controlling Shareholder either still subsisting at the end of FY2020 or if not then subsisting, entered into since the end of FY2019.

NON-SPONSOR FEES

With reference to Rule 1204(21) of the Rules of Catalist, there were no non-sponsor fees payable or paid to ZICO Capital Pte. Ltd. in FY2020.

DEALINGS IN SECURITIES

The Company has adopted policies in line with the requirements of Rule 1204(19) of the Rules of Catalist on dealings in the Company's securities. The Company has devised and adopted its own internal compliance code to provide guidance to the Directors and all employees with regard to dealing in the Company's securities. The Company prohibits the Directors and all employees from dealing in the Company's securities on short-term considerations or when they are in possession of unpublished price-sensitive information. They are not allowed to deal in the Company's securities during the period commencing one month before the announcement of the Company's half year and full year financial results and ending on the date of announcement of the results. The Board is kept informed when a Director trades in the Company's securities. The Directors and all employees are expected to observe the insider trading laws at all times even when dealing in securities within the permitted trading periods.

INTERESTED PERSON TRANSACTIONS

The Company has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the Audit and Risk Committee and that the transactions are carried out on an arm's length basis, on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders. All interested person transactions are subject to review by the Audit and Risk Committee to ensure compliance with established procedures.

The Company does not have a general mandate from Shareholders for interested person transactions pursuant to Rule 920 of the Rules of Catalist. The aggregate value of interested person transactions entered into during FY2020 as required for disclosure pursuant to Rule 1204(17) of the Rules of Catalist is as follows:-

Name of Interested Person	Name of Interested Person Nature of Relationship		Aggregate value of all interested person transactions conducted under Shareholders' mandate pursuant to Rule 920 (excluding transactions less than \$\$100,000)	
Mr. Low Chye Hin	Mr. Low Chye Hin, the	204	-	
- Provision of consultancy	Group's consultant, is the			
services and allowance	father of Mr. Low Chee Wee			
	(Executive Director, CEO and			
	COO of the Company).			
Total		204	-	

The Board confirms that the above interested person transaction was entered into on an arm's length basis and on normal commercial terms and is not prejudicial to the interests of the Company and its minority Shareholders.

Additional Information on Directors nominated for re-election – Appendix 7F to the Rules of Catalist

The following table sets out the additional information on Mr. Low Chee Wee, Mr. Eddy Neo Chiang Swee and Ms. Joanne Khoo Su Nee, being the Directors who are retiring in accordance with the Company's Constitution and are seeking re-appointment at the forthcoming AGM, pursuant to Rule 720(5) of the Rules of Catalist.

The directors of ES Group (Holdings) Limited (the "Company") present their statement to the members together with the audited financial statements of the Company and its subsidiaries (the "Group") for the financial year ended 31 December 2020 and the statement of financial position of the Company as at 31 December 2020 and statement of changes in equity of the Company for the financial year ended 31 December 2020.

1. Opinion of the Directors

In the opinion of the Board of Directors,

- (a) the consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company together with the notes thereon are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2020, and of its consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and the changes in equity of the Company for the financial year then ended on that date; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Group and the Company will be able to pay its debts as and when they fall due.

2. Directors

The directors of the Company in office at the date of this statement are as follows:

Ong Beng Chye Low Chee Wee Eddy Neo Chiang Swee Joanne Khoo Su Nee (Appointed on 6 June 2020) Jens Rasmussen

3. Arrangements to enable directors to acquire shares and debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose object was to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

4. Directors' interests in shares or debentures

The directors of the Company holding office at the end of the financial year had no interests in the shares or debentures of the Company or its related corporations as recorded in the Register of Directors' Shareholdings kept by the Company under Section 164 of the Singapore Companies Act, Chapter 50 (the "Act"), except as follows:

Name of directors and companies in which interest are held	Shareholdings registered in name of Director or nominee			f Shareholdings in which Director i deemed to have an interest		
	At beginning of year	At end of year	At 21/1/2021	At beginning of year	At end of year	At 21/1/2021
ES Group (Holdings)						
<u>Limited</u>						
(Ordinary shares)						
Low Chee Wee	33,655,000	33,655,000	33,655,000	53,540,000	53,540,000	53,540,000
Eddy Neo Chiang Swee	6,000,000	6,000,000	6,000,000	3,600,000	3,600,000	3,600,000
Ong Beng Chye	1,925,000	1,925,000	1,925,000	-	-	_

On 18 March 2021, Mr Low Chee Wee acquired an additional of 125,000 ordinary shares of the Company. Accordingly, his shareholding in the Company increased to 33,780,000 ordinary shares on that date.

By virtue of Section 7 of the Act, Mr Low Chee Wee is deemed to have an interest in the shares of all the subsidiaries of the Company as at the beginning and end of the financial year.

In accordance with the continuing listing requirements of the Singapore Exchange Securities Trading Limited ("SGX-ST"), the directors of the Company state that, according to the Register of Directors' Shareholdings, the directors' interests as at 21 January 2021 in the shares or debentures of the Company have not changed from those disclosed as at 31 December 2020.

5. Share options

No options were granted during the financial year to subscribe for unissued shares of the Company or its subsidiary corporations.

No shares were issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company or its subsidiary corporations.

There were no unissued shares of the Company or its subsidiary corporations under option at the end of the financial year.

6. Audit and Risk committee

At the date of this report, the Audit and Risk Committee comprises the following members:

Ong Beng Chye Chairman and Independent director

Jens Rasmussen Non-executive director

Joanne Khoo Su Nee Independent Non-executive director

The Audit and Risk Committee has met two times since the last Annual General Meeting ("AGM") and has reviewed the following, where relevant, with the executive directors, external and internal auditors of the Company:

- (a) the audit plans of the internal and external auditors and the reports of the examination and evaluation of the Company's and the Group's systems of internal controls issued by the internal auditors;
- (b) the Company's and the Group's financial and operating results and accounting policies;
- (c) the statement of financial position of the Company and the statement of changes in equity of the Company and the consolidated financial statements of the Group before their submission to the directors of the Company and external auditors' report on those financial statements;
- (d) the half-yearly and annual announcements as well as the related press releases on the results and financial position of the Company and the Group;
- (e) the co-operation and assistance given by the management to the Company's external auditors;
- (f) the re-appointment of the external auditors of the Company; and
- (g) interested person transactions (as defined in Chapter 9 of the Listing Manual).

The Audit and Risk Committee has full access to and has the co-operation of the management and has been given the resources required for it to discharge its functions properly. It also has full discretion to invite any director and executive officer to attend its meetings. The external and internal auditors have unrestricted access to the Audit and Risk Committee.

The Audit Committee has recommended to the Directors the nomination of BDO LLP for re-appointment as external auditor of the Company at the forthcoming AGM of the Company.

7. Additional disclosure requirements of the Listing Manual of the Singapore Exchange Securities Trading Limited

The auditors of the subsidiaries of the Company are disclosed in Note 10 to the financial statements. In the opinion of the Board of Directors and Audit and Risk Committee, Rules 712 and 715 of the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited have been complied with.

DIRECTORS' STATEMENT

8. Independent auditor

The independent auditor, BDO LLP, has expressed its willingness to accept re-appointment.

The Audit and Risk Committee has recommended to the Board of Directors the nomination of BDO LLP for reappointment as external auditor of the Company at the forthcoming AGM of the Company.

On behalf of the Board of Directors

Low Chee Wee

To the Members of ES Group (Holdings) Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of ES Group (Holdings) Limited (the Company) and its subsidiaries (the Group), which comprise:

- the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2020;
- the consolidated statement of comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows of the Group and the statement of changes in equity of the Company for the year then ended;
- notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the Act) and Singapore Financial Reporting Standards (International) (SFRS(I)s) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2020, and of its consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and the changes in equity of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

To the Members of ES Group (Holdings) Limited

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

KEY AUDIT MATTER

AUDIT RESPONSE

Revenue recognition arising from new building and repair operating segment

The Group's revenue streams are mainly from new building and repair of vessels, which accounted for 69% of the Group's total revenue. It involves long term contracts and revenue is recognised over time by reference to engineers' estimates of project recovery rates and the Group's progress towards complete satisfaction of each performance obligation. The stage of completion is measured using the input method by actual costs incurred to-date.

Significant management judgements and estimation are required in determining the estimated project recovery rates which take into account various factors, including the historical project recovery rates of other projects.

We focused on this area as a key audit matter due to the significant judgements and estimation involved.

Refer to notes 2.16, 3.2(b) and 22 of the accompanying financial statements.

Our audit procedures include, amongst others, the following:

- Tested the operating effectiveness of the key controls identified for the revenue and receipt cycle and the direct wages and payment cycle;
- For completed projects, evaluated the accuracy and existence of the revenue recognised by checking against customer acknowledged documents and final billings on a sample basis;
- For uncompleted projects, on selected samples basis, evaluated the reasonableness of management's estimated project margins, by checking against costing sheets, payroll information, historical rates of other projects and credit notes issued after the year end;
- Assessed for foreseeable losses for uncompleted projects at year end; and
- Assessed the adequacy and appropriateness of the disclosures made in the financial statements.

To the Members of ES Group (Holdings) Limited

KEY AUDIT MATTER

AUDIT RESPONSE

2 Impairment assessment of vessel

As at 31 December 2020, the Group's vessel amounted to \$4,761,424 (including an accumulated impairment of \$800,000), which accounted for 36% of the Group's property, plant and equipment and 11% of the Group's total assets.

During the financial year, management carried out an impairment assessment on the Group's vessel as there were indicators that it may be impaired.

For the purposes of impairment assessment, management has determined the recoverable amount of the vessel based on its fair value less costs of disposal. The fair value of the vessel is determined by an independent professional valuer. Based on its valuation, there was no impairment recognised on the vessel.

We focused on this area as a key audit matter because of the high level of judgement involved in estimating the fair value.

Refer to notes 2.5, 3.2(a) and 14 of the accompanying financial statements.

Our audit procedures include, amongst others, the following:

- Assessed management's determination as to whether there is an indication of impairment of the vessel:
- Evaluated the competence, capabilities and objectivity of the external valuer engaged by the management;
- Analysed the methodologies and key valuation parameters adopted by the external valuer;
- Reviewed management's estimation as to whether the recoverable amount is reasonable in the current circumstances; and
- Assessed the adequacy of the related disclosure in the financial statements with respect to the impairment assessment.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

To the Members of ES Group (Holdings) Limited

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

To the Members of ES Group (Holdings) Limited

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Tei Tong Huat.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. General

ES Group (Holdings) Limited (the "Company") is a public company limited by shares, incorporated and domiciled in the Republic of Singapore with its registered office at 8 Ubi Road 2 #06-26 Zervex Singapore 408538. The Company's registration number is 200410497Z.

The Company is listed on Catalist of the Singapore Exchange Securities Trading Limited.

The Group's ultimate controlling parties are Ms Neo Peck Keow @ Ng Siang Keng and close family members.

The principal activities of the Company are those of an investment holding company and provider of management and technical services. The principal activities of the subsidiaries are disclosed in Note 10 to the financial statements.

The consolidated financial statements of the Company and its subsidiaries (the "Group") and the statement of financial position and statement of changes in equity of the Company for the financial year ended 31 December 2020 were authorised for issue by the Board of Directors on 5 April 2021.

2. Summary of significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)s") under the historical cost convention, except as disclosed in the accounting policies below.

The individual financial statements of each entity within the Group are measured and presented in the currency of the primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group and the statement of financial position of the Company and the statement of changes in equity of the Company are presented in Singapore dollar ("\$") which is the functional currency of the Company and the presentation currency for the consolidated financial statements.

The preparation of financial statements in compliance with SFRS(I)s requires management to make judgements, estimates and assumptions that affect the Group's application of accounting policies and reported amounts of assets, liabilities, revenue and expenses. Although these estimates are based on management's best knowledge of current events and actions, actual results may differ from those estimates. The areas where such judgements or estimates have significant effect on the financial statements are disclosed in Note 3 to the financial statements.

In the current financial year, the Group and the Company have adopted all the new or revised SFRS(I)s and SFRS(I) INT that are relevant to its operations and effective for the current financial year. The adoption of these new or revised SFRS (I) and SFRS (I) INT did not result in changes to the Group's accounting policies and has no material effect on the amounts reported for the current or prior years.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.1 Basis of preparation (Continued)

SFRS(I)s issued but not yet effective

At the date of authorisation of these financial statements, the following SFRS(I)s that may be relevant to the Group were issued but not yet effective.

Effective date (annual periods beginning on or after)

SFRS(I) 9, SFRS(I) 1-39, SFRS(I) 7, SFRS(I) 4 and SFRS(I) 16 (Amendments)	: Interest Rate Benchmark Reform – Phase 2	1 January 2021
Amendment to SFRS(I)-16:	: Covid-19-Related Rent Concessions	1 April 2021
SFRS(I) 1-16 (Amendments)	: Property, Plant and Equipment - Proceeds before Intended Use	1 January 2022
SFRS(I) 1-37 (Amendments)	: Onerous Contracts - Cost of Fulfilling a Contract	1 January 2022
SFRS(I) 3 (Amendments)	: Reference to the Conceptual Framework	1 January 2022
Various (Amendments)	: Annual Improvements to SFRS(I)s 2018-2020	1 January 2022
SFRS(I) 1-1 (Amendments)	: Classification of Liabilities as Current or Non- current	1 January 2023
SFRS(I) 10 and SFRS(I) 1-28 (Amendments)	: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be determined

Consequential amendments were also made to various standards as a result of these new or revised standards.

The management anticipates that the adoption of the above SFRS(I)s, where relevant, in future periods will not have a material impact on the financial statements of the Group in the period of their initial adoption.

2.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. Subsidiaries are entities over which the Group has control. The Group controls an investee if the Group has power over the investee, exposure to variable returns from its involvement with the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.2 Basis of consolidation (Continued)

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- Potential voting rights held by the Company, other vote holders or other parties;
- Rights arising from other contractual arrangements; and
- Any additional facts and circumstances that indicate that the Company has, or does not have, the
 current ability to direct the relevant activities at the time that decisions need to be made, including
 voting patterns at previous shareholders' meetings.

Subsidiaries are consolidated from the date on which the Group obtains control over the investee and cease from consolidation when the control is lost. Control is reassessed whenever the facts and circumstances indicate that they may be a change in the elements of control.

All intra-group balances and transactions and any unrealised income and expenses arising from intragroup transactions are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides an impairment indicator of the asset concerned.

The financial statements of the subsidiaries are prepared for the same reporting period as that of the Company, using consistent accounting policies. Where necessary, accounting policies of subsidiaries are changed to ensure consistency with the policies adopted by other members of the Group.

Non-controlling interests in subsidiaries relate to the equity in subsidiaries which is not attributable directly or indirectly to the owners of the parent. They are shown separately in the consolidated statements of comprehensive income, financial position and changes in equity.

Non-controlling interests in the acquiree that are a present ownership interest and entitle its holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value, of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.2 Basis of consolidation (Continued)

When the Group loses control of a subsidiary it derecognises the assets and liabilities of the subsidiary and any non-controlling interest. The profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained earnings) in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under SFRS(I) 9 or, when applicable, the cost on initial recognition of an investment in an associate or joint venture.

In the separate financial statements of the Company, investments in subsidiaries are carried at cost, less any impairment loss that has been recognised in profit or loss.

2.3 Business combinations

The acquisition of subsidiaries is accounted for using the acquisition method. The consideration transferred for the acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred. Consideration transferred also includes any contingent consideration measured at the fair value at the acquisition date. Subsequent changes in fair value of contingent consideration which is deemed to be an asset or liability, will be recognised in profit or loss.

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under SFRS(I) 3 are recognised at their fair values at the acquisition date.

Where a business combination is achieved in stages, the Group's previously held interests in the acquired entity are remeasured to fair value at the acquisition date (i.e. the date the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

Goodwill arising on acquisition is recognised as an asset at the acquisition date and initially measured at the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest (if any) in the entity over net acquisition-date fair value amounts of the identifiable assets acquired and the liabilities and contingent liabilities assumed.

If, after reassessment, the net fair value of the acquiree's identifiable net assets exceeds the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.3 Business combinations (Continued)

Where a business combination involves entities or businesses under common control, it is outside the scope of SFRS(I) 3 and may be accounted for using the pooling of interest method or the acquisition method (when the transaction has substance from the perspective of the reporting entity). The following is an illustrative accounting policy where the pooling of interest method is applied:

Business combinations involving entities under common control are accounted for by applying the pooling of interest method which involves the following:

- The assets and liabilities of the combining entities are reflected at their carrying amounts.
- No adjustments are made to reflect the fair values, or recognise any new assets or liabilities.
- No goodwill is recognised as a result of the combination.
- Any difference between the consideration paid/transferred and the equity 'acquired' is reflected within equity as merger reserve.
- The statement of comprehensive income reflects the results of the combining entities for the full year, irrespective of when the combination took place.
- Comparatives are presented as if the entities had always been combined since the date the entities had come under common control.

2.4 Merger reserve

Merger reserve represents the difference between the nominal amount of the share capital of the subsidiaries at the date on which they were acquired by the Group and the nominal amount of the share capital issued as consideration for the acquisition under common control.

2.5 Property, plant and equipment

All items of property, plant and equipment are initially recognised at cost. The cost includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

Subsequent expenditure on an item of property, plant and equipment is added to the carrying amount of the item if it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably. All other costs of servicing are recognised in profit or loss when incurred.

Property, plant and equipment are subsequently stated at cost less accumulated depreciation and any accumulated impairment losses.

Freehold land is stated at cost, except in the case where an impairment is deemed to have occurred. Loss on the impairment is recognised in profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.5 Property, plant and equipment (Continued)

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred. Costs incurred on subsequent dry-docking of vessels are capitalised and depreciated over the shorter of period to next estimated dry-docking. When significant dry-docking costs are incurred prior to the expiry of the depreciation period, the remaining costs of the previous dry-docking are written off in the month of the next dry-docking.

Other assets consist of office equipment, furniture and fittings, air conditioner, renovations, computer software and container.

Construction-in-progress consists of construction costs incurred during the period of construction and is transferred to the appropriate property, plant and equipment account when construction is completed and asset is ready for use.

Depreciation is calculated using the straight-line method to allocate the depreciable amounts of the property, plant and equipment over their estimated useful lives, on the following bases:

Leasehold land and property over the terms of lease which are from 2% to 5%

Freehold property 5% to 10%

Land improvement 10%

Plant, machinery and equipment 10% to 33% Motor vehicles 20%

Vessel 4% to 5%

Dry dock 20% to 40%

Other assets 20% to 33%

Freehold land and construction-in-progress are not depreciated.

No depreciation is charged on construction-in-progress as they are not yet ready for their intended use as at the end of the financial year.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The estimated useful lives, residual values and depreciation methods are reviewed, and adjusted as appropriate, at the end of each financial year.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Fully depreciated property, plant and equipment still in use are retained in the financial statements.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.6 Intangible assets

Club membership

Club membership with indefinite useful life is stated at cost less any impairment loss.

2.7 Joint arrangements

The Group is a party to a joint arrangement when there is a contractual arrangement that confers joint control over the relevant activities of the arrangement to the Group and at least one other party. Joint control is assessed under the same principles as control over subsidiaries (Note 2.2). The Group classifies its interests in joint arrangements as either:

- Joint ventures: where the group has rights to only the net assets of the joint arrangement; or
- Joint operations: where the group has both the rights to assets and obligations for the liabilities of the joint arrangement.

In assessing the classification of interests in joint arrangements, the Group considers:

- The structure of the joint arrangement;
- The legal form of joint arrangements structured through a separate vehicle;
- The contractual terms of the joint arrangement agreement; and
- Any other facts and circumstances (including any other contractual arrangements).

The Group accounts for its interest in joint venture in the same manner as investments in associates (i.e. using the equity method) as described in Note 2.8 to the financial statements.

2.8 Associate and joint venture

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

Associate and joint venture are initially recognised in the consolidated statement of financial position at cost, and subsequently accounted for using the equity method less any impairment losses. Any premium paid for an associate or a joint venture above the fair value of the Group's share of the identifiable assets, liabilities and contingent liabilities acquired is accounted as goodwill and included in the carrying amount of the investment in associate or joint venture.

Under the equity method, the Group's share of post-acquisition profits and losses and other comprehensive income is recognised in the consolidated statement of comprehensive income. Post-acquisition changes in the Group's share of net assets of associate or joint venture and distributions received are adjusted against the carrying amount of the investments.

Losses of an associate or a joint venture in excess of the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment) are not recognised, unless the Group has incurred legal or constructive obligations to make good those losses or made payments on behalf of the associate or joint venture.

Where the Group transacts with an associate or a joint venture, unrealised profits are eliminated to the extent of the Group's interest in the associate or joint venture. Unrealised losses are also eliminated, but only to the extent that there is no impairment.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.9 Leases

As lessee

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- leases of low value assets: and
- leases with a duration of twelve months or less.

The payments for leases of low value assets and short-term leases are recognised as an expense on a straight-line basis over the lease term.

Initial measurement

Leases are recognised as right-of-use assets and corresponding lease liabilities at the date of which the leased assets are available for use by the Group. Each lease payment is allocated between the lease liability and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless this is not readily determinable, in which case the Group's incremental borrowing rate on commencement of the lease is used.

Variable lease payments are only included in the measurement of the lease liability if it is depending on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying amount of lease liabilities also includes:

- amounts expected to be payable under any residual value guarantee;
- the exercise price of any purchase option granted in favour of the Group if it is reasonably certain to assess that option; and
- any penalties payables for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right-of-use assets are initially measured at the amount of lease liabilities, reduced by any lease incentives received and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Group is contractually required to dismantle, remove or restore the leased asset.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.9 Leases (Continued)

As lessee (Continued)

Initial measurement (Continued)

The Group present the right-of-use assets and lease liabilities separately from other assets and other liabilities in the consolidated statement of financial position.

Subsequent measurement

Right-of-use assets are subsequently measured at cost less any accumulated depreciation, any accumulated impairment loss and, if applicable, adjusted for any remeasurement of the lease liabilities. The right-of-use assets under cost model are depreciated on a straight-line basis over the shorter of either the remaining lease term or the remaining useful life of the right-of-use assets. If the lease transfers ownership of the underlying asset by the end of the lease term or if the cost of the right-of-use asset reflects that the Group will exercise the purchase option. The right-of-use assets are depreciated over the useful life as follows:

Useful life

Motor vehicles	5 to 7 years
Leasehold land	22 years
Other assets	5 years

The carrying amount of right-of-use assets are reviewed for impairment when events or changes in circumstances indicate that the right-of-use asset may be impaired. The accounting policy on impairment is as described in Note 2.10 to the financial statements.

Subsequent to initial measurement, lease liabilities are adjusted to reflect interest charged at a constant periodic rate over the remaining lease liabilities, lease payment made and if applicable, account for any remeasurement due to reassessment or lease modifications.

After the commencement date, interest on the lease liabilities is recognised in profit or loss, unless the costs are eligible for capitalisation in accordance with other applicable standards.

When the Group revises its estimate of any lease term (i.e. probability of extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments over the revised term. The carrying amount of lease liabilities is similarly revised when the variable element of the future lease payment dependent on a rate or index is revised. In both cases, an equivalent adjustment is made to the carrying amount of the right-of-use assets. If the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of lease liabilities, the remaining amount of the remeasurement is recognised directly in profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.9 Leases (Continued)

As lessee (Continued)

Subsequent measurement (Continued)

When the Group renegotiates the contractual terms of a lease with the lessor, the accounting treatment depends on the nature of the modification:

- If the renegotiation results in one or more additional asses being leased for an amount commensurate with the standalone price for the additional right-of-use obtained, the modification is accounted for as a separate lease in accordance with the above policy;
- In all other cases where the renegotiation increases the scope of the lease (i.e. extension to the lease term, or one or more additional assets being leased), the lease liability is remeasured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount;
- If the renegotiation results in a decrease in scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial or full termination of the lease with any difference being recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date. The right-of-use asset is adjusted by the same amount.

For lease contracts that convey a right to use an identified asset and require services to be provided by the lessor, the Group has elected to account for the entire contract as a lease. The Group does not allocate any amount of contractual payments to, and account separately for, any services provided by the lessor as part of the contract.

As lessor

When the Group is a lessor, it determines whether each lease entered is a finance or an operating lease at the lease inception date and reassessed only if there is a lease modification. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Whereas, it is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset.

The Group recognises lease payments under operating leases as income on a straight-line basis over the lease term unless another systematic basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished. The lease payment recognised is included as part of "Other operating income".

Any modification to an operating lease is accounted for as a new lease from the effective date of the modification, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.10 Impairment of non-financial assets

At the end of each financial year, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.11 Financial instruments

The Group recognises a financial asset or a financial liability in its statements of financial position when, and only when, the Group becomes party to the contractual provisions of the instrument.

Financial assets

The Group classifies its financial assets as measured at amortised cost, depending on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset. The Group shall reclassify its affected financial assets when and only when the Group changes its business model for managing these financial assets. The Group's accounting policy is as follows:

Amortised cost

These assets arise principally from the provision of goods and services to customers (e.g. trade receivables), but also incorporate other types of financial assets where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment. Interest income from these financial assets is included in interest income using the effective interest rate method.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.11 Financial instruments (Continued)

Financial assets (Continued)

Amortised cost (Continued)

Impairment provisions for trade receivables are recognised based on the simplified approach within SFRS(I) 9 using the lifetime expected credit losses. During this process, the probability of the non-payment of the trade receivables is assessed. This probability is then multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for the trade receivables. For trade receivables, which are reported net, such provisions are recorded in a separate provision account with the loss being recognised in the consolidated statement of comprehensive income. On confirmation that the trade receivable will not be collectable, the gross carrying value of the asset is written off in profit or loss.

At each reporting date, the Group assesses whether trade receivables are credit-impaired. Trade receivables is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that trade receivables have occurred.

Evidence that a trade receivables is credit-impaired includes observable data about the following events:

- significant financial difficulty of debtor;
- a breach of contract, such as a default or past due event; or
- it is becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

Impairment provisions for other receivables due from third parties and related parties are recognised based on a forward looking expected credit loss model. The methodology used to determine the amount of the provision is based on whether at each reporting date, there has been a significant increase in credit risk since initial recognition of the financial asset. For those where the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those for which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised.

The Group's financial assets measured at amortised cost comprise trade and other receivables, (excluding prepayment, value-added tax receivables and government grant receivable) cash and cash equivalents and deposits in the consolidated statements of financial position.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.11 Financial instruments (Continued)

Financial liabilities and equity instruments

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. The Group classifies ordinary shares as equity instruments.

Financial liabilities

Financial liabilities are classified as other financial liabilities.

Trade and other payables

Trade and other payables (excluding advances received and deferred government grant income), are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, where applicable, using the effective interest method.

Borrowings

Interest-bearing bank loans are initially measured at fair value, net of transaction costs and are subsequently measured at amortised cost, using the effective interest method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Group's accounting policy for borrowing costs (see Note 2.17).

Financial guarantee contracts

The Company has issued corporate guarantees to banks for borrowings of certain subsidiaries and these guarantees qualify as financial guarantees because the Company is required to reimburse the banks if these subsidiaries breach any repayment term.

Financial guarantee contract liabilities are measured initially at their fair values, net of transaction costs. Financial guarantee contracts are subsequently measured at the higher of:

- a) premium received on initial recognition less the cumulative amount of income recognised in accordance with the principles of SFRS(I) 15; and
- b) the amount of loss provisions determined in accordance with SFRS(I) 9.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount and the consideration paid is recognised in profit or loss.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statements of financial position when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.12 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs comprise direct materials and where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculated using the first-in, first-out method. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

2.13 Cash and cash equivalents

Cash and cash equivalents in the consolidated statements of financial position comprise cash on hand, demand deposits and other short-term highly liquid investments which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. For the purpose of the consolidated statement of cash flows, cash and cash equivalents excludes pledged deposits.

2.14 Contingencies

A contingent liability is:

- a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) the amount of the obligation cannot be measured with sufficient reliability.

Contingencies are not recognised on the consolidated statements of financial position, except for contingent liabilities assumed in a business combination that are present obligations and for which the fair value can be reliably determined.

2.15 Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received, and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the statements of financial position and is amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalment. Grants which are receivables in relation to expenses to be incurred in a subsequent financial period, are included as government grant receivables and deferred government grant income and classified as current assets and current liabilities in the statements of financial position.

2.16 Revenue recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.16 Revenue recognition (Continued)

Rendering of services

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

Rendering of services relates to services on new building, conversion and repair of offshore and marine structures and vessels as well as provision of labour supply. Each promise to deliver services to the customer relates to a single performance obligation, and therefore each transaction price negotiated relates to the performance obligation's standalone price.

Revenue from rendering of services are recognised over time by reference to engineers' estimates of project recovery rates and the Group's progress towards complete satisfaction of each performance obligation. The stage of completion is measured using the input method by actual costs incurred todate. The Group progressively invoices the customer on progress claims, where the Group has right over payment over the value of services transferred to the customer. In the event where the value of services exceeds the rights of payments from the customer, a contract asset is recognised. Where the rights of payments exceed the value of services transferred, a contract liability is recognised.

The costs of fulfilling contracts by the customer do not result in recognition of contract assets if such costs falls within the scope of other SFRS(I)s. The Group will recognise these costs of fulfilling as contract asset only if:

- these costs relate directly to a contract or to an anticipated contract that the Group can specifically identify;
- these costs generate or enhance resources that will be used in satisfying performance obligations in the future; and
- these costs are expected to be recovered.

Marine supplies income

Revenue from marine supplies relates to the supply of goods delivered to the customer, where revenue is recognised at a point in time when the performance obligation to delivered goods to the customer is fulfilled, based on the transaction price stated in the contract, net of any discounts given. Each good delivered to the customer is a single performance obligation.

Charter income

Revenue from charter income relates to the provision of ship charter services to customer.

Revenue generated from short term time charter is recognised over time on a straight-line basis over the period of the charter based on the transaction price stated in the contract.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.16 Revenue recognition (Continued)

Charter income (Continued)

Revenue generated from spot charter is recognised at a point in time upon completion of shipment at discharge port based on the transaction price stated in the contract, as the single performance obligation is fulfilled upon the completion of the charter. Variable consideration may arise in the event that the customer has exceeded an agreed period, where the variable consideration is based on a demurrage rate agreed in the contract. Variable consideration is recognised based on the expected value method.

Rental income

Revenue is recognised over time on a straight-line basis over the lease term.

Interest income

Interest income is recognised using the effective interest rate method.

2.17 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred using the effective interest method.

2.18 Retirement benefit costs

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, are dealt with as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution plan.

2.19 Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated undiscounted liability for annual leave expected to be settled wholly within 12 months from the reporting date as a result of services rendered by employees up to the end of the financial year.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.20 Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current income tax

Current income tax expense is the amount of income tax payable in respect of the taxable profit for a period. Current income tax liabilities for the current and prior periods shall be measured at the amount expected to be paid to the taxation authorities, using the tax rates and interpretation to applicable tax laws in the countries where the Group operates, that have been enacted or substantively enacted by the end of the reporting period. Management evaluates its income tax provisions on periodical basis.

Current income tax expenses are recognised in profit or loss, except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

Deferred tax

Deferred tax is recognised on all temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised on taxable temporary differences arising on investments in subsidiaries and associates, and interest in joint ventures, except where the Group is able to control the timing of reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of reporting period. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects to recover or settle its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax is recognised in profit or loss, except when it relates to items recognised outside profit or loss, in which case the tax is also recognised either in other comprehensive income or directly in equity, or where it arises from the initial accounting for a business combination. Deferred tax arising from a business combination, is taken into account in calculating goodwill on acquisition.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.20 Taxes (Continued)

Sales tax

Revenue, expenses and assets are recognised net of the amount of sales tax except:

- when the sales taxation that is incurred on purchase of assets or services is not recoverable from the taxation authorities, in which case the sales tax is recognised as part of cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statements of financial position.

2.21 Dividends

Equity dividends are recognised when they become legally payable. Interim dividends are recorded in the financial year in which they are declared payable. Final dividends are recorded in the financial year in which dividends are approved by shareholders.

2.22 Foreign currency transactions and translation

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency are recorded at the rate of exchange prevailing on the date of the transaction. At the end of each financial year, monetary items denominated in foreign currencies are retranslated at the rates prevailing as of the end of the financial year. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in other comprehensive income.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Singapore dollar using exchange rates prevailing at the end of the financial year. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, are recognised initially in other comprehensive income and accumulated in the Group's foreign exchange reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities (including monetary items that, in substance, form part of the net investment in foreign entities), and of borrowings and other currency instruments designated as hedges of such investments, are taken to the foreign exchange reserve.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.22 Foreign currency transactions and translation (Continued)

On disposal of a foreign operation, the accumulated foreign exchange reserve relating to that operation is reclassified to profit or loss.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

2.23 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenue and expenses that relate to transactions with any of the Group's other components.

The Group determines and presents operating segments based on information that is internally provided to the Group's chief operating decision maker and the Board. All operating segments' operating results are reviewed regularly by the Group's chief operating decision maker and the Board to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

2.24 Non-current assets classified as held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable, and the asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of the asset's previous carrying amount and fair value less cost to sell. The assets are not depreciated or amortised while classified as held for sale. Any impairment loss on initial classification and subsequent measurement is recognised as an expense. Any subsequent increase in fair value less cost to sell (not exceeding the accumulated impairment loss that has been previously recognised) is recognised in profit or loss.

3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in Note 2 to the financial statements, management made judgements, estimates and assumptions about the carrying amounts of assets and liabilities that were not readily apparent from other sources. The estimates and associated assumptions were based on historical experience and other factors that were considered to be reasonable under the circumstances. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

3.1 Critical judgements made in applying the entity's accounting policies

The following are the critical judgements, apart from those involving estimations (see below) that management has made in the process of applying the Group's accounting policies and which have a significant effect on the amounts recognised in the consolidated financial statements.

a) Control over ES Offshore and Marine Engineering (Thailand) Co., Ltd.

Note 10 to the financial statements describes that ES Offshore and Marine Engineering (Thailand) Co., Ltd. is a subsidiary of the Group although the Group only owns 50% ownership interest in ES Offshore and Marine Engineering (Thailand) Co., Ltd.. Based on the contractual arrangements between the Group and other investors, the Group holds 51% of voting power that give it the ability to direct the relevant activities of ES Offshore and Marine Engineering (Thailand) Co., Ltd. based on simple majority votes. Hence, the directors of the Company assessed and determined that the Group has control over ES Offshore and Marine Engineering (Thailand) Co., Ltd..

b) <u>Joint control over Proxess Engineering Pte. Ltd</u>

The Group and a third-party partner hold 51% and 49% of the equity interest in Proxess Engineering Pte. Ltd ("Proxess") respectively. The management has carried out an assessment to determine whether the Group have control over Proxess. Based on the shareholders agreement entered with the third-party partner, unanimous consent is required for major decisions over the relevant activities of Proxess. Accordingly, the Group concluded that joint control exists and Proxess is classified as a joint venture of the Group (Note 12).

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the financial year, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

a) <u>Impairment of property, plant and equipment</u>

Property, plant and equipment are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired. The recoverable amounts of these assets are determined by the management based on their highest and best use using its fair value less costs of disposal.

In previous year, the recoverable amounts of these assets are determined by the management based on value-in-use. Value-in-use of the asset is determined based on present value of the projected cash flows expected to be derived over the useful life of the asset.

The carrying amounts of property, plant and equipment of the Group as at 31 December 2020 were \$13,172,873 (2019: \$14,146,215). During the financial year, an impairment loss of \$ Nil (2019: \$800,000) was recognised.

Further information was disclosed in Note 14 to the financial statements.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

3.2 Key sources of estimation uncertainty (Continued)

b) Revenue recognition

Revenue from rendering of services is recognised over time by reference to engineers' estimates of project recovery rates and the Group's progress towards complete satisfaction of each performance obligation.

In deriving an estimated project recovery rate for each project, management has performed the cost studies, the actual rates for other contracts and taking into account engineers' estimate. The recovery rate is regularly reviewed and revised, as appropriate.

Where the actual project recovery rate is different from the original estimate, such difference will impact revenue in the period in which such estimate has been changed.

Service revenue is disclosed in Note 22 to the financial statements.

c) Loss allowance for trade receivables

The Group determines expected credit losses on trade receivables from third parties by making individual assessment of expected credit loss for long overdue trade receivables and using a provision matrix for remaining trade receivables that is based on its historical credit loss experience, past due status of the trade receivables and adjusted with forward looking assumptions, as appropriate. Management takes into account historical provision trend and other relevant factors.

The carrying amounts of trade receivables at the end of the reporting period are disclosed in Note 5 to the financial statements.

d) <u>Impairment of investments in subsidiaries</u>

Management has carried out a review of the recoverable amount of the investments in subsidiaries, having regard to the existing performance of the relevant subsidiaries and the carrying value of the net assets in these subsidiaries.

Management has estimated the recoverable amount based on fair value less costs of disposal. The fair value less costs of disposal is determined by reference to the net book value which approximates the fair value of the subsidiaries. The assessment has led to the recognition of impairment loss of \$1,159,965 (2019: net impairment loss of \$166,011) during the year.

The carrying amounts of investments in subsidiaries are disclosed in Note 10 to the financial statements.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

3.2 Key sources of estimation uncertainty (Continued)

e) Loss allowance for amount due from subsidiaries

The Company is required to assess and recognise a loss allowance for expected credit losses on amount due from subsidiaries in accordance with three-stage impairment model. Management has made the assessment based on whether there has been a significant increase in the credit risk of the amount due from subsidiaries since its initial recognition. Subsequently, determine the amount of allowance to be recognised either based on 12-month expected credit loss or lifetime expected credit loss as well as the amount of interest revenue, if any, to be recognised in future periods.

The assessment has led to the recognition of impairment loss of \$1,355,773 (2019: net reversal of impairment loss of 236,761) during the year. The carrying amounts of other receivables due from subsidiaries are disclosed in Note 8 to the financial statements.

4. Cash and cash equivalents

	Gre	Group		any
	2020	2019	2020	2019
	\$	\$	\$	\$
Cash at banks and on hand	13,926,756	8,495,449	115,479	55,982
Fixed deposits	6,223,892	7,424,149	-	-
	20,150,648	15,919,598	115,479	55,982

Fixed deposits bore an effective interest rate from a range of 0.05% to 1.83% (2019: 0.1% to 2.4%) per annum and were for a tenure of approximately 30 to 365 days (2019: 30 to 365 days).

Fixed deposit amounting to \$343,582 (2019: \$448,235) was pledged to a bank to secure credit facilities granted to a certain subsidiary.

For the purpose of presenting the consolidated statement of cash flows, cash and cash equivalents comprise the following:

	Group	
	2020	2019
	\$	\$
Cash and bank balances (as above)	20,150,648	15,919,598
Fixed deposits pledged	(343,582)	(448,235)
Cash and cash equivalents per consolidated statement of cash flows	19,807,066	15,471,363

Cash and cash equivalents include fixed deposits with an average maturity of more than 3 months, as there are no significant costs or penalties in converting these fixed deposits into liquid cash before maturity.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

4. Cash and cash equivalents (Continued)

The currency profiles of the Group's and Company's cash and cash equivalents are as follows:

	2020 \$	2019 \$
At 1 January	4,035,730	-
Reclassified from property, plant and equipment	-	4,035,730
Disposal	(4,035,730)	-
At 31 December	-	4,035,730

On 28 November 2019, a Memorandum of Agreement was signed with a buyer in connection with the sale of a vessel for a consideration of approximately \$5,467,000. As at 31 December 2019, the vessel was pledged with the bank (Note 15) for banking facilities. The sale of the asset was classified as held for sale on the consolidated statement of financial position as at 31 December 2019. The vessel was part of the Group's shipping segment.

The sale of the vessel was completed on 11 February 2020.

7. Contract assets and contract liabilities

	Gro	up
New building and repair	2020 \$	2019 \$
Contract assets	2,629,804	2,805,935
Contract liabilities	76,514	-

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

7. Contract assets and contract liabilities (Continued)

(a) Significant changes in contract assets

	Group	
	2020	2019
	\$	\$
At 1 January	2,805,935	3,721,551
Amount transferred to trade receivables	(2,805,935)	(3,721,551)
Excess of revenue recognised over cash or rights to cash	2,629,804	2,805,935
At 31 December	2,629,804	2,805,935

The contract assets mainly relate to the Group's rights to consideration for work done to date but not yet billed at reporting date on the contracts for new building and repair operating segment. The contract assets are transferred to trade receivables when the rights become unconditional. The Group has assessed credit risk for contract assets based on 12-month expected loss basis which reflects the low credit risk of the exposures. The management is of the view that the amount of the allowance on these balances is insignificant.

(b) Significant changes in contract liabilities

	Grou	ıp
	2020	2019
	\$	\$
At 1 January	-	_
Cash received in advance of performance and not recognised as revenue	(76,514)	-
At 31 December	(76,514)	-

Contract liabilities mainly relate to the Group's obligation to transfer goods or services to customers for which the Group has received advances from customer for new building and repair operating segment. Contract liabilities are recognised as revenue as the Group fulfills its performance obligations under the contract.

(c) Unsatisfied performance obligations

As permitted under the SFRS(I) 15, the aggregated transaction price allocated to unsatisfied contracts of periods one year or less, or are billed based on time incurred, is not disclosed.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

8. Other receivables

_	838,023	846,331	19,680,387	26,800,607	

The amount due from third parties, subsidiaries and associate which are non-trade in nature are unsecured, non-interest bearing, repayable on demand and are to be settled in cash.

The government grant receivables and deferred government grant income (Note 17) were recognised during the financial year under the Jobs Support Scheme (JSS). The JSS is a temporary scheme introduced in the Singapore Budget 2020 to help enterprises retain local employees. Under the JSS, employers will receive cash grants in relation to the gross monthly wages of eligible employees.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

8. Other receivables (Continued)

Movements in the loss allowance for amount due from subsidiaries are as follows:

	Comp	oany
	2020	2019
	\$	\$

At 31 December	3,837,651	2,677,686

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

10. Investments in subsidiaries (Continued)

Addition in investment in a subsidiary

The Group owns a 50% ownership interest in the subsidiary, ES Offshore and Marine Engineering (Thailand) Co., Ltd. ("ESOT"). During the year, ESOT increased its issued share capital by the issuance of an aggregate of 600,000 new ordinary shares at an issue price of THB 100 per share to its existing shareholders. As a result, the Company subscribed for an additional 300,000 new ordinary shares in ESOT, and accordingly increases its investment in ESOT by \$1,310,416. There is no change in the Company's percentage of the equity interest in ESOT after the capital injection.

Impairment assessment in investments in subsidiaries

As at 31 December 2020, the Company carried out a review on the recoverable amount of its investments in certain subsidiaries, Wang Fatt Oil & Gas Construction Pte. Ltd., ES Offshore and Marine Engineering (Thailand) Co., Ltd. and ES Shipping Pte. Ltd. (2019: Wang Fatt Oil & Gas Construction Pte. Ltd., ES Offshore and Marine Engineering (Thailand) Co., Ltd. and ES Chartering Pte. Ltd), having regards for indicators of impairment on investments in subsidiaries based on the existing performance of subsidiaries. These subsidiaries are in new building and repair segment.

The assessment resulted in the recognition of an impairment loss of \$1,159,965 (2019: \$1,239,528) recognised in the Company's profit or loss in the current financial year.

In current year, the carrying amount of the investment in Wang Fatt Oil & Gas Construction Pte. Ltd and ES Offshore and Marine Engineering (Thailand) Co., Ltd were partially impaired. The recoverable amount of \$9,827,833 (2019: \$10,369,760) and \$792,378 (2019: \$Nil) respectively had been determined on the basis of the subsidiary's fair value less costs of disposal (Level 3 hierarchy).

In current year, the carrying amount of the investment in ES Shipping Pte. Ltd. had been fully impaired based on its fair value less costs of disposal (Level 3 hierarchy). In the previous year, the carrying amount of the investment in ES Chartering Pte. Ltd. had been fully impaired based on its fair value less costs of disposal (Level 3 hierarchy).

In 2019, a reversal of an allowance for impairment loss of \$1,073,517 was recognised relating to the investment in a subsidiary, ES Offshore Engineering Pte. Ltd., following an improvement in its performance. The recoverable amount of \$1,691,809 had been determined on the basis of the subsidiary's fair value less costs of disposal (Level 3 hierarchy).

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

Notes:

- (1) Audited by BDO LLP, Singapore.
- (2) Audited by HLB Limited, Thailand (2019: BDO Limited, Thailand.)
- (3) Audited by YYC & Co., Malaysia.
- (4) The Group owns 50% equity shares of ES Offshore and Marine Engineering (Thailand) Co., Ltd. However, based on the contractual arrangements between the Group and other investors, the Group holds 51% of the voting power that gives it the ability to direct the relevant activities of ES Offshore and Marine Engineering (Thailand) Co., Ltd. based on simple majority votes. The non-controlling interests own 50% equity shares and 49% of the voting power of ES Offshore and Marine Engineering (Thailand) Co., Ltd. Therefore, the directors of the Group determined that the Group has control over ES Offshore and Marine Engineering (Thailand) Co., Ltd. is consolidated in these financial statements.
- (5) The Group has not presented the summarised financial information about the assets, liabilities, profit or loss and cash flows of the non-wholly owned subsidiary, ES Offshore and Marine Engineering (Thailand) Co., Ltd. that has material non-controlling interests due to confidentiality of such information for commercial reasons.
- (6) Not audited as deemed not material to the Group.
- (7) ES Oil & Gas Pte. Ltd. and ES Offshore Engineering Pte. Ltd. each owning 50% equity shares of ES Offshore and Engineering (Myanmar) Company Limited. ("ESOM"), where the Group ultimately owns 100% equity shares of ESOM. During the year, ESOM increased its issued share capital by issuance of an aggregate of 174,500 new ordinary shares (as fully paid up) at an issue price of US\$1.00 per share to its existing shareholders, namely ES Oil & Gas Pte Ltd and ES Offshore Engineering Pte Ltd. There is no change in the Group's equity interest in ESOM.
- (8) The Group owns 49% equity shares of ES Nautilus (M) Sdn. Bhd. However, based on contractual agreements between the Group and other investor, the Group holds 51% of the voting power that gives it the ability to direct the relevant activities of ES Nautilus (M) Sdn. Bhd. based on simple majority votes. The non-controlling interest owns 51% equity shares and 49% of voting power of ES Nautilus (M) Sdn. Bhd.. Therefore, the directors of the Group determined that the Group has control over ES Nautilus (M) Sdn. Bhd. and accordingly ES Nautilus (M) Sdn. Bhd. is consolidated in these financial statements.
- (9) ES Energy Pte. Ltd. was struck off during the financial year.
- (10) ESW Automation Pte. Ltd. is in the process of liquidation during the financial year. It was audited by BDO LLP, Singapore in FY2019.

12. Investment in a joint venture (Continued)

On 1 October 2020, the Group acquired a 51% interest in the ownership and voting rights in a joint venture business, Proxess Engineering Pte. Ltd ("Proxess") that is held through a subsidiary, Wang Fatt Oil & Gas Construction Pte Ltd. The joint venture is a strategic business venture to diversify its operating scope to offer actuator and valves related solutions of Proxess to the Company's clientele, both in Singapore and ASEAN region. The Group jointly controls the venture with another joint venture partner under a contractual agreement which requires unanimous consent for major decisions over the relevant activities.

Details of the Group's joint venture are as follows:

Name of joint venture	Country of incorporation and principal place of business	Principal activities	Propor equity i	tion of
			2020 %	2019 %
Proxess Engineering Pte. Ltd. ⁽¹⁾	Singapore	Provides wholesale trade of variety of goods and manufacture and repair of valves	51	-

⁽¹⁾ Audited by Lo Hock Ling & Co.

There are no commitments to provide funding or contingent liabilities relating to the Group's interest in the joint venture.

The land lease is negotiated for a term of 22 years from April 2006 and the lease payment is subject to periodic revision by JTC Corporation. The incremental borrowing rate applied to the lease liability on inception date of the lease was 5.12% per annum.

Impairment assessment

In the current financial year, the Group carried out a review of the recoverable amount of the vessel in shipping segment owned by a subsidiary, as management had determined that indicators of impairment existed at the end of the reporting period due to the deteriorating operating results of the subsidiary. The recoverable amount of the vessel amounting to \$4,750,000 (including dry docking component) has been determined on the vessel's highest and best use using its fair value less costs of disposal. Management has obtained a third-party vessel valuation report from ALC Consultancy Services Pte. Ltd., an independent professional valuation firm.

The valuation is based on the available information and without sighting the vessel or its classification records. The resulting fair value of the motor vessel is considered level 2 recurring fair value measurements. No impairment charge has been recognised as the difference between the vessel's carrying value and its recoverable amount is assessed to be insignificant by the management.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

14. Property, plant and equipment (Continued)

Impairment assessment (Continued)

The Company engages external and independent valuer to determine the fair value of motor vessel at the end of every reporting period. Valuation report is submitted to management for documentation record. Finance department would then assess on the fair value movement in valuation report and adjust the asset fair value accordingly.

In 2019, the recoverable amount of the vessel amounting to \$4,569,558 had been determined on the basis of its value in use calculations using the following key assumptions:

	Group 2019
	%
Discount rate	9.4
Revenue growth rate	0
Gross profit margin	17

The review in previous year led to the recognition of an impairment loss of \$800,000 that had been recognised in "Other operating expenses" line item in the Group's profit or loss.

Other assets consist of office equipment, furniture and fittings, air conditioner, renovations, computer software and container.

Freehold land and property comprise of:

- a shipyard and branch office at 161/2 Moo 7 Tambon Nahukwang, Amphur Thapsakae, Prachupkirikhan 77130, Thailand; and
- a worker dormitory at 136/76 Moo 5, Tambon Thapsakae, Amphur Thapsakae, Prachupkirikhan 77130, Thailand.

Leasehold land and property comprise of:

- 4 office units at 8 Ubi Road 2 #06-23 to #06-26 Zervex Singapore 408538, leased for 57 years from 29 June 2011; and
- a workshop, repair facilities and worker dormitory at 10 Kwong Min Road Singapore 628712, leased for 22 years from April 2006.

Assets pledged as security:

As at the end of the reporting period, the Group's leasehold land and property with a carrying amount of \$2,710,093 (2019: \$2,915,983) have been pledged with a bank for banking facilities (Note 15).

As at 31 December 2020, the Group's vessels (classified in property, plant and equipment and non-current assets classified as held for sale) with carrying amount of \$4,761,424 (2019: \$9,137,342) have been pledged with a bank for banking facilities (Note 15).

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

14. Property, plant and equipment (Continued)

Restrictions

Motor vehicles with carrying amounts of \$274,211 (2019: \$390,012) are secured over the lease liabilities of \$306,931 (2019: \$340,152) as at 31 December 2020. Motor vehicles will be seized and returned to lessor in the event of default by the Group.

Reconciliation to the consolidated statement of cash flows

For the purpose of the consolidated statement of cash flows, the Group's additions to property, plant and equipment during the financial year comprised:

	2020	2019
	\$	\$
Purchases of property, plant and equipment	309,549	1,057,213
Less: Property, plant and equipment acquired under lease arrangements	-	(85,400)

Notes:

- (a) The loan was repayable in 180 monthly instalments commencing from November 2018. Interest was repriced yearly. The loan had an average effective interest rate of 2.68% (2019: 2.28%) per annum and was fully repaid during the current financial year.
- (b) The term loan was repayable in 72 monthly instalments commencing from 3 April 2017. The loan was arranged at a floating interest rate of SOR + 2.0% per annum. Interest was repriced quarterly. The loan had an average effective interest rate of 4.87% (2019: 6.75%) per annum and was fully repaid during the financial year.
- (c) The term loan is arranged at floating interest rate. The term loan has an average effective interest rate of 4.05% (2019: 4.90%) per annum and will be fully repaid by August 2022.
- (d) The term loan is repayable in 60 monthly instalments commencing from October 2020. The term loan carries a fixed interest rate at 3.0% (2019: Nil) per annum and will be fully repaid by October 2025.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

15. Bank loans (Continued)

At the end of the financial year, the Group's bank loans are secured by:

- (i) legal mortgage over the Group's leasehold land and property (Note 14);
- (ii) a pledge over vessel (Note 14); and
- (iii) corporate guarantees by the Company for all the monies owing (Note 31).

As at the end of the financial year, the Group has available \$6,825,714 (2019: \$7,291,063) of undrawn committed borrowing facilities in respect of which all conditions precedent has been met.

At the end of the financial year, the carrying amounts of non-current bank loans are reasonable approximation of their fair value due to the interest rates on the bank loans approximate the prevailing market interest rates which the directors expect to be available to the Group at an average of 3.4% per annum.

The fair value measurement is classified under Level 2 of the fair value hierarchy. The fair value has been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with most significant input being the discount rate. There has been no change to the valuation technique during the year.

The bank loans are denominated in Singapore dollar.

16. Trade payables

It is the Group's policy to lease certain property, plant and equipment. The average lease terms ranged from 5 to 22 years (2019: 5 to 22 years). The average incremental borrowing rate applied to the leases was 4.96% (2019: 4.96%) per annum.

All leases are on a fixed repayment basis and no arrangements have been entered into for contingent rental payments, except for the lease of the land which is located at 10 Kwong Min Road Singapore 628712. The lease of the land has been negotiated for a term of 22 years from April 2006 and the lease payment is subject to periodic revision by JTC Corporation. The incremental borrowing rate applied to the lease liability on inception date of the lease for land was 4.5% per annum.

There are no externally imposed covenants on these lease arrangements.

Short-term lease expenses amounting to \$484,907 (2019: \$565,972) have not been capitalised in lease liabilities.

Total cash outflow for all leases in 2020 was \$682,583 (2019: \$742,198).

There are no future cash outflow which are not capitalised in lease liabilities.

The lease liabilities are denominated in Singapore dollar.

At beginning and at end of year 141,200,000 141,200,000 23,698,348 23,698,348

The Company has one class of ordinary shares which carry one vote per share, has no par value and carries a right to dividend as and when declared by the Company.

20. Statutory surplus reserve

In accordance with the relevant provisions of the Civil and Commercial Code in Thailand, the subsidiary in Thailand, ES Offshore and Marine Engineering (Thailand) Co., Ltd. is required to set aside a statutory surplus reserve of at least 5% of its net income before each dividend distribution until the reserve reached 10% of the authorised capital. The statutory surplus reserve is not available for dividend distribution.

21. Merger reserve

Merger reserve arose as a result of a Group Restructuring Exercise in 2009 prior to its Initial Public Offering and it represented the difference between the nominal amount of the share capital of the subsidiaries at the date on which they were acquired by the Group and the nominal amount of the share capital issued as consideration for the acquisition under common control. The merger reserve is not available for dividend distribution.

22. Revenue

Disaggregation of revenue

The Group has disaggregated revenue into various categories in the following table which is intended to:

- depict how the nature, amount, timing and uncertainty of revenue and cash flows are affected by economic factors; and
- enable users to understand the relationship with revenue segments information provided in Note 33 to the financial statements.

Others	(17,467)	(5,780)
Total income tax expense	125,352	902,281

Unutilised capital allowances

The Group has unutilised capital allowances of approximately \$55,000 (2019: \$55,000) available for offset against future profits indefinitely and subject to provisions of the tax legislation of the Singapore tax authority at the end of the reporting period.

<u>Unrecognised tax losses</u>

Subject to the agreement by the relevant tax authority and provisions of the tax legislations of the respective countries in which the Group operates at the end of the reporting period, the Group has unutilised tax losses of approximately \$7,652,000 (2019: \$11,986,000) available for offset against future profits. No deferred tax asset has been recognised in accordance with the accounting policy in Note 2.20 to the financial statements due to the unpredictability of future profit streams and uncertainty of realisation in the foreseeable future.

The Company's subsidiary in Thailand was granted investment promotion privileges as a promoted industry by virtue of the provision of the Investment Promotion Act B.E. 2520.

According to the promotional certificate no. 1279(2)/2550 dated 16 March 2007, the promotional certificate no. 2000 |2)/2554 dated 16 August 2011 and the promotional certificate no. 1569(2)/2558 dated 7 May 2015, the Company's subsidiary is entitled to the following privileges:

- deduction of import duty on certain imported machinery as approved by the Board of Investment;
- deduction of import duty on the raw and essential materials import in producing products for export for a period of 5 years from the date such materials are first imported;
- exemption of import duties on items which imports for re-export for a period of 5 years from the date such items are first imported;
- deduct an amount of 25 percent of the cost of installation of machines and facilities, in addition to normal depreciation;
- exemption of corporate income tax on the net profit derived from the promoted activity with the total
 amount not exceeding 100 percent of the investment capital, excluding cost of land and working capital
 for a period of not more than 8 years from the date income was derived from such activity; and utilisation
 of net loss incurred during the exemption period as a deduction from net income incurred subsequent to
 the expired date up to 5 years; and
- tax-exempt dividends derived from the Promoted Activity to the shareholders within the income tax exemption period.

The subsidiary has to comply with certain terms and conditions contained in the promotion certificate.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

29. Earnings per share

The calculation of the basic and diluted earnings per share attributable to the ordinary equity holders of the Company is based on the following data:

	2020 \$	2019 \$
Profit for the year attributable to owners of the parent	981,296	4,658,482
Weighted average number of ordinary shares for basic and diluted earnings per share computation	141,200,000	141,200,000
Basic earnings per share (cents)	0.69	3.30
Diluted earnings per share (cents)	0.69	3.30

Basic earnings per share is calculated by dividing the profit for the year attributable to the owners of the parent by the weighted average number of ordinary shares in issue of 141,200,000 (2019: 141,200,000) during the financial year.

Basic and diluted earnings per share are the same as the Group does not have dilutive potential ordinary shares.

30. Dividends

	Group	
	2020	2019
	\$	\$
Final tax-exempt (one-tier) dividend paid in respect of the previous financial year		
of 0.15 cents (2019: nil) per share	211,800	-
Special tax-exempt (one-tier) dividend paid in respect of the previous financial		
year of 0.3 cents (2019: nil) per share	423,600	
	635,400	_

At the forthcoming Annual General Meeting, a final dividend of 0.25 cents per share amounting to a total of \$353,000 will be recommended. These financial statements do not reflect this dividend, which will be accounted for in shareholders' equity as an appropriation of retained profits in the financial year ending 31 December 2021.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

31. Contingent liabilities

The Company has given corporate guarantees to certain banks and insurers in respect of banking facilities and foreign worker bonds granted to certain subsidiaries. The maximum amount the Company could be forced to settle under the financial guarantee contract, if the full guaranteed amount is claimed by the counterparty to the guarantee is \$5,236,226 (2019: \$5,257,155). The earliest period that the guarantee could be called is within 1 year (2019: 1 year) from the end of the reporting period.

Based on expectations at the end of the reporting period, the Company considers that it is more likely than not that no amount will be payable under the arrangement. However, this estimate is subject to change depending on the probability of the counterparty claiming under the guarantee which is a function of the likelihood that the financial receivables held by the counterparty which are guaranteed will suffer credit losses.

32. Significant related party transactions

During the year, in addition to the information disclosed elsewhere in these financial statements, the Group entities and the Company entered into the following transactions with related parties at rates and terms agreed between the parties:

	Group	
	2020 \$	2019 \$
Professional fee paid to immediate family member of directors/shareholders	204,000	204,180

There are no outstanding balances with related parties and key management personnel or their immediate family members.

Key management personnel remuneration

The remuneration of directors and other members of key management are as follows:

	Group		Company			
	2020	2020 20	2020 2019 2020	2020	2020	2019
	\$	\$	\$	\$		
Short-term benefits	1,311,450	1,508,143	532,675	590,054		
Post-employment benefits	116,585	148,980	31,446	34,680		
	1,428,035	1,657,123	564,121	624,734		

The remuneration of directors and key management is determined by the Remuneration and Compensation Committee having regard to the performance of individuals and market trends.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

33. Segments information

Services from which reportable segments derive their revenues

For the purpose of resource allocation and assessment of segments performance, the Group's chief operating decision maker has focused on the business operating units which in turn, are segregated based on their services. This forms the basis of identifying the operating segments of the Group under SFRS(I) 8.

Operating segments are aggregated into a single reportable operating segment if they have similar economic characteristic, such as long-term average gross margins, and are similar in respect of nature of services and process, type of customers, method of distribution, and if applicable, the nature of the regulatory environment.

The Group's reportable operating segments under SFRS(I) 8 are as follows:

Segments

Principal activities

New building and repair

New building, conversion and repair of offshore and marine structures and vessels, and labour supply

Shipping

Ship chartering, marine supplies and related activities

The accounting policies of the reportable segments are described in Note 2.23. Segment revenue represents revenue generated from external customers. Segment results consist of costs directly attributable to a segment as well as those that can be allocated on a reasonable basis. This is the measure reported to the chief operating decision maker for the purpose of resource allocation and assessment of segment performance.

The segment assets comprise trade receivables, contract assets, certain inventories, non-current assets classified as held for sale and property, plant and equipment. The remaining assets are not allocated to reportable segments because they are of general use and they are not directly attributable to the segments or cannot be allocated to the segments on a reasonable basis.

The segment liabilities comprise trade payables, contract liabilities and bank loans drawdown by a subsidiary for the purpose to finance the vessel. The remaining liabilities are not allocated to reportable segments because they are of general use and they are not directly attributable to the segments or cannot be allocated to the segments on a reasonable basis.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

33. Segments information (Continued)

Information regarding the Group's reportable operating segments are presented in the tables below:

	New building		
Segments	and repair	Shipping	Total
	\$	\$	\$
31 December 2020

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

33. Segments information (Continued)

Geographical information

The Group operates in three principal geographical areas – Singapore (country of domicile), Thailand and The People's Republic of China (The PRC), Malaysia and Myanmar.

The Group's revenue from external customers and information about its segment assets (non-current assets) by geographical location are detailed below:

	Revenue		Non-curre	nt assets#
	2020	2019	2020	2019
	\$	\$	\$	\$
Geographical segments				
Singapore	16,097,942	27,386,390	8,849,050	9,218,824
Thailand	762,925	-	4,565,717	4,933,864
The PRC	199,156	188,320	5,999	5,072
Malaysia	411,038	180,088	26,870	5,622
Myanmar	61,994	88,945	7,437	32,333
	17,533,055	27,843,743	13,455,073	14,195,715

^{*} Non-current assets other than financial instruments.

The Group's revenue and non-current assets by geographical segments are based on the respective entities' country of operations.

Information about major customers

Major customers with revenue more than 10% of the Group's total revenue are as follows:

	New building and repair		Ship	ping
	2020 \$	2019 \$	2020 \$	2019 \$
Customer A	8,605,804	18,351,077	-	-
Customer B	-	-	2,295,817	3,596,512
	8,605,804	18,351,077	2,295,817	3,596,512

34. Financial instruments, financial risks and capital risks management

The Group's activities expose it to credit risks, market risks (including foreign currency risks and interest rate risks) and liquidity risks. The Group's overall risk management strategy seeks to minimise adverse effects from the volatility of financial markets on the Group's financial performance.

Risk management is carried out by the Board and periodic reviews are undertaken to ensure that the Group's and Company's policy guidelines are complied with. There has been no significant change to the Group's and Company's exposure to these financial risks or the manner in which it manages and measures the risk.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

34. Financial instruments, financial risks and capital risks management (Continued)

(a) Categories of financial instruments

The following sets out the financial instruments at the end of financial year:

	Gro	Group		pany
	2020	2019	2020	2019
	\$	\$	\$	\$
Financial assets				
Financial assets carried at				
amortised cost (Note 5)	26,341,818	23,691,243	19,733,787	26,804,437
				_
Financial liabilities				
Financial liabilities carried at				
amortised cost (Note 16)	10,147,713	13,108,604	16,373,065	20,150,452

(b) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group and Company. The Group and Company place their cash and cash equivalents with creditworthy institutions. The Group has adopted policies and procedures in extending credit terms to customers and in monitoring credit risk. Credit exposure is controlled by the counterparty limits that are reviewed and approved by management.

Concentration of credit risk exists when changes in economic, industry or geographic factors similarly affect group of counterparties whose aggregate credit exposure is significant in relation to the Group's and Company's total credit exposure.

As at the end of the reporting period, the Group has 1 (2019: 1) major customer which accounted for 82% (2019: 73%) of the net trade receivable balances.

The Company has no concentration of credit risk other than the amount due from subsidiaries as disclosed in Note 8.

Trade receivables and contract assets

The Group applies the simplified approach, using a provision matrix, to measure the expected credit losses for trade receivables and contract assets. To measure expected credit losses on a collective basis, trade receivables and contract assets are grouped based on similar credit risk and aging.

The expected loss rates are based on the Group's historical credit losses experienced over the three year period prior to the period end. The historical loss rates are then adjusted for current and forward-looking information on macroeconomic factors affecting the Group's customers.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

34. Financial instruments, financial risks and capital risks management (Continued)

(b) Credit risk (Continued)

Trade receivables and contract assets (Continued)

The lifetime expected credit losses, on collective basis, for the Group's trade receivables and contract assets at each reporting date are as follows:

	Past due						
	Current	More than 30 days	More than 120 days	More than 210 days	More than 365 days	Total	
	\$	\$	\$	\$	\$	\$	
31 December 2020							
Gross carrying amount							
- Trade receivables	2,466,098	2,928,223	177,031	408,658	786,985	6,766,995	
- Contract assets	2,629,804	_	-	-	-	2,629,804	
	5,095,902	2,928,223	177,031	408,658	786,985	9,396,799	
Less: Loss allowance	-	(108,163)	(21,781)	(138,289)	(619,678)	(887,911)#	
	5,095,902	2,820,060	155,250	270,369	167,307	8,508,888	
31 December 2019							
Gross carrying amount							
- Trade receivables	1,261,710	3,624,686	2,049,905	296,687	751,890	7,984,878	
- Contract assets	2,805,935	_	-	-	-	2,805,935	
	4,067,645	3,624,686	2,049,905	296,687	751,890	10,790,813	
Less: Loss allowance	-	(81,974)	(38,366)	(125,530)	(617,123)	(862,993)#	
	4,067,645	3,542,712	2,011,539	171,157	134,767	9,927,820	

This amount includes \$764,839 (2019: \$733,680) which is related to credit-impaired balances from several customers who are unlikely to repay the outstanding balances mainly due to economic circumstances or who have defaulted in payment terms.

Non-trade amounts due from third parties

The Group adopts a policy of dealing with high credit quality counterparties. The Group monitors and assess at each reporting date on any indicator of significant increase in credit risk on these receivables. As at 31 December 2020, the Group has assessed its non-trade third parties' financial ability to meet the contractual cash flow obligation and is of the view that expected credit losses of \$328,706 (2019: \$328,706) for non-trade amounts due from third parties are unlikely to be repaid.

Non-trade amounts due from subsidiaries

Management has taken into account information that it has available internally about these subsidiaries' past, current and expected operating performance and cash flow position. Management monitors and assess at each reporting date on any indicator of significant increase in credit risk on the amount due from the respective subsidiaries, by considering their performance ratio and any default in external debts. As at 31 December 2020, the Company has assessed its subsidiaries' financial performance to meet the contractual cash flow obligations and is of the view that total expected credit loss allowance is \$1,661,751 (2019: \$1,143,214) for non-trade amounts due from subsidiaries, where \$237,341 (2019: \$1,074,578) are unlikely to be repaid.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

34. Financial instruments, financial risks and capital risks management (Continued)

(b) Credit risk (Continued)

Cash and cash equivalents

The cash and cash equivalents are held with bank and financial institution counterparties, which are rated A3 to Aa1, based on Moody's rating. The Board of Directors monitors the credit ratings of counterparties regularly. Impairment on cash and cash equivalents has been measured on the 12-month expected loss model. As at 31 December 2020, the Group and the Company did not expect any credit losses from non-performance by the counterparties.

(c) Foreign exchange risk

The Group entities transact largely in their functional currencies, which in most instances is the Singapore dollars. Foreign exchange risk arises largely from transactions denominated in currencies such as Singapore dollars, Thai baht, United States dollars and Malaysia Ringgit. The Group and Company does not use derivative financial instruments to hedge against foreign exchange exposure as the currency risk is not expected to be significant.

At the end of the reporting period, the carrying amounts of monetary assets and monetary liabilities (including advances to foreign operations within the Group) denominated in currencies other than the respective Group entities' functional currencies are as follows:

	Monetary assets	Monetary liabilities	Net financial assets/ (liabilities)	Net assets/ (liabilities) denominated in the respective entities' functional currencies	Currency exposure
Group	\$	\$	\$		
2020 Singapore dollars	13,926,514	(7,690,383)	6,236,131	(5,868,674)	367,457
Thai baht	515,381	(2,348,335)	(1,832,954)	3,908,956	2,076,002
United States dollars	12,027,743	(121,473)	11,906,270	(107,859)	11,798,411

Malaysia Hinggii	142,007	(200,000)	(112,900)	370,200	400,012
Company					
Thai baht	2,076,002	_	2,076,002	_	2,076,002
2019					
Singapore dollars	20,838,276	(8,689,699)	12,148,577	(11,423,413)	725,164
Thai baht	573,344	(3,784,518)	(3,211,174)	6,685,763	3,474,589
United States dollars	4,838,611	(573,423)	4,265,188	(119,940)	4,145,248
Malaysia ringgit	294,149	(146,033)	148,116	(83,845)	64,271
Company					
Thai baht	3,474,589	-	3,474,589	-	3,474,589

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

34. Financial instruments, financial risks and capital risks management (Continued)

(c) Foreign exchange risk (Continued)

Foreign currency sensitivity

The following table details the sensitivity to a 5% (2019: 5%) increase and decrease in the relevant foreign currencies against the functional currency of each Group entity. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign exchange rates. The sensitivity analysis includes external loans as well as loans to foreign operations within the Group where they gave rise to an impact on the Group's profit or loss.

If the relevant foreign currency strengthens by 5% against the functional currency of each Group entities, profit before income tax will increase/(decrease) by:

	2020	2019
	\$	\$
Group		
Singapore dollars	18,373	36,258
Thai baht	103,800	173,729
United States dollars	589,921	207,262
Malaysia ringgit	23,016	3,214
Company		
Thai baht	103,800	173,729

If the relevant foreign currency weakens by 5%, there would be an equal and opposite impact on the Group's and Company's profit before income tax shown above, on the basis that all other variables remain constant.

There is no direct impact to the Group's and Company's equity arising from changes in foreign exchange rates.

(d) Interest rate risk

The Group's exposures to market risk for changes in interest rate relates to the Group's long term and short term debt obligations. The Group does not use derivative financial instruments to hedge its exposure to interest rate fluctuation.

However, it is the Group's policy to obtain the most favourable interest rates available whenever the Group obtains additional financing through bank borrowings.

The interest rates, terms of maturity and repayment of borrowings of the Group are disclosed in Note 15.

The Company is not exposed to any interest rate risk since the Company does not have any interest-bearing financial asset and financial liability.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

34. Financial instruments, financial risks and capital risks management (Continued)

(d) Interest rate risk (Continued)

Interest rate sensitivity

The sensitivity analyses below for the Group have been determined based on the exposure to interest rates for non-derivative financial instruments at the end of the reporting period and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period in the case of financial instruments that have floating rates.

If interest rates had been 50 basis points higher or lower and all other variables were held constant, the Group's profit for the year ended 31 December 2020 would decrease/increase by \$5,000 (2019: decrease/increase by \$25,002). This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings.

There is no direct impact to the Group's equity arising from changes in interest rates.

(e) Liquidity risk

As at 31 December 2020, the Group's cash and cash equivalents amounted to \$19,807,066 (2019: \$15,471,363). Management is of the view that there is sufficient cash and cash equivalents and internally generated cash flows to finance the Group's activities. If required, financing can be obtained from its existing lines of banking facilities. As at 31 December 2020, the Group had available \$6,825,714 (2019: \$7,291,063) of undrawn committed borrowing facilities in respect of which all conditions precedent has been met.

In addition, the Company enters into financial guarantee contracts on behalf of its subsidiaries as disclosed in Note 31.

The Company funds its operations through internal funds and bank loans. The Company closely monitors the working capital requirements and minimises its liquidity risk by ensuring sufficient available funds and credits lines.

Liquidity and interest risk analyses

Non-derivative financial liabilities

The following tables detail the remaining contractual maturity for non-derivative financial liabilities of the Group. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows. The adjustment column represents the possible future cash flows attributable to the instrument included in the maturity analysis which is not included in the carrying amount of the financial liability on the statements of financial position.

34. Financial instruments, financial risks and capital risks management (Continued)

(g) Capital risks management policies and objectives

The Group and the Company manage their capital to ensure that the Group and the Company are able to continue as going concerns and maintain an optimal capital structure so as to maximise shareholders' values.

The capital structure of the Group consists of debts, which include bank loans (Note 15) and lease liabilities (Note 18), and equity comprising issued capital, reserves and retained earnings as disclosed in the notes to the financial statements.

The management monitors capital based on gearing ratio. The gearing ratio is calculated as total borrowings divided by total equity. Total borrowings are calculated as bank loans plus lease liabilities.

Management constantly reviews the capital structure to ensure the Group and the Company are able to service any debt obligations (include principal repayment and interests) based on its operating cash flows. The Group's overall strategy remains unchanged from the previous financial year.

	Gro	oup	
Total borrowings Total equity	2020 \$	2019 \$	
Total borrowings	5,924,170	6,031,270	
Total equity	32,008,002	31,656,345	
Gearing ratio	19%	19%	

Externally imposed capital requirements

- A subsidiary in Thailand was subject to externally imposed capital requirements, the details of which are disclosed in Note 20.
- b) Four subsidiaries, Wang Fatt Oil & Gas Construction Pte Ltd, ES Shipping Pte. Ltd., Eng Soon Investment Pte Ltd and Eng Soon Engineering (1999) Pte Ltd are subjected to bank covenants due to borrowings as disclosed in Note 15.

All of the above subsidiaries have complied with the externally imposed capital requirements for financial years ended 31 December 2020 and 2019.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

35. Fair value of financial assets and financial liabilities

The Group categorised fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used in making the measurements as follows:

- Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 unobservable inputs for the asset or liability.

The classification of an item into above levels is based on the lowest level of the inputs used that has a significant effect on the fair value measurement of the item. There were no transfers between Levels 1 and 2 during the year.

Fair value of financial instruments that are not carried at fair value

The Group has no financial assets and financial liabilities carried at fair value as at end of reporting period.

Fair value of financial instruments by classes that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The carrying amounts of financial assets and financial liabilities, classified as current assets and current liabilities on the statements of financial position, approximate their respective fair values due to the relatively short-term maturity of these financial instruments. The fair values of non-current financial assets and liabilities are disclosed in the respective notes to financial statements.

36. Impact of COVID-19

The COVID-19 pandemic has affected almost all countries of the world, and resulted in border closures, production stoppages, workplace closures, movement controls and other measures imposed by the various governments. The Group's operations in Singapore and Thailand have been affected by the spread of COVID-19 in 2020.

The Group has set up a specific task force in each operating facility to handle the matter and implemented various course of action to prevent a spread of the COVID-19. During the second half of the financial year, the COVID-19 is gradually under control in Singapore and the Group's has started to operate close to as normal thereon.

Despite the challenging business environment, the Group continues to explore opportunities to diversify and mitigate risk, both locally and overseas. The Group also continues to remain cautious by monitoring the global economic situation, conserving cash and being prudent with on-going cost management efforts as well as seizing opportunities in order to recover and rebound from the "COVID-19" pandemic

The Board is cautiously optimistic of the Group's financial performance in the financial year ending 31 December 2021.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

37. Events after the report period

On 4 February 2021, the Group entered into a Memorandum of Agreement to acquire an oil product tanker for a purchase consideration of USD 4.15 million (or approximately \$5.52 million) with additional disbursements to cover for remaining fuel, lubricant and water on board the vessel. The acquisition has been completed on 29 March 2021 and the consideration of USD 4.15 million was fully settled by ES Jewel Pte Ltd, a newly incorporated subsidiary in year 2021.

Notes:

- Low Chee Wee, Low Chee Leng Christopher and Yvonne Low-Triomphe are siblings. Their mother is Neo Peck Keow @ Ng Siang Keng. Each of Low Chee Wee, Low Chee Leng Christopher and Yvonne Low-Triomphe is deemed interested in the 53,540,000 Shares held by their mother, Neo Peck Keow @ Ng Siang Keng, by virtue of Section 7 of the Companies Act.
- Eddy Neo Chiang Swee is deemed interested in the 3,600,000 Shares held by his mother, Leow Mei Lee, by virtue of Section 7 of the Companies Act.

SHAREHOLDINGS HELD BY THE PUBLIC

Based on the information available to the Company as at 26 March 2021 and to the best knowledge of the Directors of the Company, approximately 21.71% of the issued ordinary shares of the Company was held by the public as defined in the Rules of Catalist. Accordingly, Rule 723 of the Rules of Catalist which requires at least 10% of a listed issuer's equity securities to be held by the public is complied with.

NOTICE IS HEREBY GIVEN THAT the Annual General Meeting ("**AGM**") of ES GROUP (HOLDINGS) LIMITED (the "**Company**") will be held by way of electronic means on Tuesday, 27 April 2021 at 2:00 p.m., for the following purposes:

AS ORDINARY BUSINESS

1. To receive and adopt the Directors' Statement and the Audited Financial Statements of the Company for the financial year ended 31 December 2020 ("FY2020") and the Independent Auditor's Report thereon.

Resolution 1

2. To approve a first and final tax-exempt (one-tier) cash dividend of 0.25 cents per ordinary share for FY2020.

Resolution 2

3. To re-elect Mr. Low Chee Wee, a Director of the Company retiring pursuant to Article 98 of the Constitution of the Company and who, being eligible, offers himself for re-election, as a Director of the Company.

(See Explanatory Notes)

Resolution 3

4. To re-elect Mr. Eddy Neo Chiang Swee, a Director of the Company retiring pursuant to Article 98 of the Constitution of the Company and who, being eligible, offers himself for re-election, as a Director of the Company. (See Explanatory Notes)

Resolution 4

5. To re-elect Ms. Joanne Khoo Su Nee, a Director of the Company retiring pursuant to Article 102 of the Constitution of the Company and who, being eligible, offers herself for re-election, as a Director of the Company. (See Explanatory Notes)

Resolution 5

6. To approve the payment of Directors' fees of up to S\$128,500 for the financial year ending 31 December 2021, payable quarterly in arrears (2020: up to S\$128,500).

Resolution 6

7. To re-appoint Messrs BDO LLP as auditors of the Company and to authorise the Directors of the Company to fix their remuneration.

Resolution 7

AS SPECIAL BUSINESS

To consider and, if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without modifications:

ORDINARY RESOLUTION: PROPOSED RENEWAL OF THE SHARE BUY-BACK MANDATE

- 8. That:
 - (a) for the purposes of the Companies Act (Chapter 50) of Singapore (the "Act"), the exercise by the Directors of the Company of all the powers of the Company to purchase or otherwise acquire the ordinary shares in the capital of the Company ("Shares") not exceeding in aggregate the Prescribed Limit (as hereafter defined), at such price(s) as may be determined by the Directors of the Company from time to time up to the Maximum Price (as hereafter defined), whether by way of:

- (i) on-market purchases (each a "Market Purchase"), transacted on the Catalist through the SGX-ST's trading system or, as the case may be, any other stock exchange on which the Shares may for the time being be listed and quoted, through one or more duly licensed stockbrokers appointed by the Company for the purpose; and/or
- (ii) off-market purchases (each an "Off-Market Purchase") (if effected otherwise than on the Catalist) in accordance with an equal access scheme(s) as defined in Section 76C of the Act as may be determined or formulated by the Directors of the Company as they may consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Act and the Singapore Exchange Securities Trading Limited (the "SGX-ST") Listing Manual Section B: Rules of Catalist (the "Catalist Rules"),

(the "Share Buy-back Mandate"), be and is hereby authorised and approved generally and unconditionally;

- (b) unless varied or revoked by an ordinary resolution of shareholders of the Company in a general meeting, the authority conferred on the Directors of the Company pursuant to the Share Buy-back Mandate may be exercised by the Directors of the Company at any time and from time to time during the period commencing from the passing of this Resolution and expiring on the earliest of:
 - (i) the date on which the next Annual General Meeting of the Company is held or required by law to be held; or
 - (ii) the date on which the purchases or acquisitions of the Shares are carried out to the full extent mandated by the Share Buy-back Mandate; or
 - (iii) the date on which the authority conferred by the Share Buy-back Mandate is revoked or varied by an ordinary resolution of shareholders of the Company in a general meeting,

(the "Relevant Period");

- (c) in this Resolution 8:
 - "Prescribed Limit" means the number of Shares representing not more than 10% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) as at the date passing this Resolution, unless the Company has effected a reduction of its share capital in accordance with the applicable provisions of the Act, at any time during the Relevant Period, in which event the total number of issued Shares shall be taken to be the total number of issued Shares as altered (excluding treasury shares and subsidiary holdings that may be held by the Company from time to time);
 - "Maximum Price" in relation to a Share to be purchased or acquired, means an amount (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses) not exceeding:
 - (i) in the case of a Market Purchase, the price per Share which is not more than 5% above the Average Closing Price of the Shares; and
 - (ii) in the case of an Off-Market Purchase pursuant to an equal access scheme, the price per Share which is not more than 20% above the Average Closing Price of the Shares; and

For the purposes above:

"Average Closing Price" means the average of the closing market prices of the Shares for the last 5 Market Days on which transactions in the Shares were recorded, immediately preceding the day of the Market Purchase by the Company, or as the case may be, the Offer Date pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action occurring during the relevant 5 Market Days period and the day on which the purchases or acquisitions of Shares are made;

"Market Day" means a day on which the SGX-ST is open for trading in securities; and

"Offer Date" means the day on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from shareholders of the Company, stating therein the purchase price (which shall not be more than the Maximum Price determined on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

(d) the Directors of the Company and each of them be and are hereby authorised and empowered to complete and do all such acts and things (including executing such documents as may be required) as they may consider desirable, expedient or necessary in the interest of the Company in connection with or for the purposes of giving full effect to the Share Buy-back Mandate.

(See Explanatory Notes)

Resolution 8

ORDINARY RESOLUTION: AUTHORITY TO ALLOT AND ISSUE SHARES

- 9. That, pursuant to Section 161 of the Act and Rule 806 of the Catalist Rules, authority be and is hereby given to the Directors of the Company to:
 - (A) (i) allot and issue Shares whether by way of rights, bonus or otherwise; and/or
 - (ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures, convertible securities or other Instruments convertible into Shares; and/or
 - (iii) notwithstanding that such authority conferred by this Resolution may have ceased to be in force at the time the Instruments are to be issued, issue additional Instruments arising from adjustments made to the number of Instruments previously issued in the event of rights, bonus or other capitalisation issues,

at any time and upon such terms and conditions and for such purposes and to such person as the Directors of the Company may in their absolute discretion deem fit; and

- (B) issue Shares in pursuance of any Instrument made or granted by our Directors pursuant to (A)(ii) and/or (A)(iii) above, notwithstanding that such authority may have ceased to be in force at the time the Shares are to be issued, as per A(iii) provided that:
 - (i) the aggregate number of Shares to be issued pursuant to such authority (including Shares to be issued in pursuance of Instruments made or granted pursuant to such authority), does not exceed 100% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (ii) below), of which the aggregate number of Shares to be issued other than on a pro-rata basis to shareholders of the Company (including Shares

to be issued in pursuance of Instruments made or granted pursuant to such authority) does not exceed 50% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (ii) below);

- (ii) the total number of issued Shares (excluding treasury shares and subsidiary holdings) shall be based on the Company's total number of issued Shares (excluding treasury shares and subsidiary holdings), after adjusting for:
 - (a) new Shares arising from the conversion or exercise of any convertible securities;
 - (b) (where applicable) new Shares arising from the exercise of share options or vesting of share awards, provided the share options or share awards (as the case may be) were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and
 - (c) any subsequent bonus issue, consolidation or subdivision of Shares;

and provided also that adjustments in accordance with (a) and (b) are only to be made in respect of new Shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time this Resolution is passed;

- (iii) in exercising such authority, the Company shall comply with any or all the provisions of the Catalist Rules for the time being in force (unless such compliance has been waived by the SGX-ST), the Act and the Constitution for the time being of the Company; and
- (iv) unless revoked or varied by the Company in a general meeting by ordinary resolution, such authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, or the expiration of such other period as may be prescribed by the Act, and every other legislation for the time being in force concerning companies and affecting the Company, whichever is earlier.

(See Explanatory Notes)

Resolution 9

10. To transact any other ordinary business which may properly be transacted at an Annual General Meeting.

By Order of the Board

Adrian Chan Pengee Company Secretary

Singapore, 9 April 2021

Notes:

- 1. The AGM of the Company (the "**AGM**") is being convened, and will be held, by way of electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed copies of this Notice of AGM and the accompanying proxy form for the AGM will be sent to Shareholders. This Notice of AGM and the accompanying proxy form for the AGM will also be published electronically on (i) the SGXNet at https://www.sgx.com/securities/company-announcements; and (ii) the Company's corporate website at https://www.esgroup.com.sg/html/ir_overview.php.
- 2. The alternative arrangements for the AGM relating to, among others, attendance at the AGM via electronic means (including arrangements by which the AGM can be electronically accessed via "live" audio-visual webcast ("LIVE WEBCAST") or "live" audio-only stream ("LIVE AUDIO STREAM")), submission of questions in advance of the AGM, addressing of substantial and relevant questions on or before the AGM and voting by appointing the Chairman of the AGM as proxy at the AGM, are set out in the accompanying Company's announcement dated 9 April 2021 (the "Announcement"), which has been published together with this Notice of AGM on the SGXNet at https://www.sgx.com/securities/company-announcements on the same day. The Announcement may also be accessed on the Company's corporate website at https://www.esgroup.com.sg/html/ir announce.php. For the avoidance of doubt, the Announcement is circulated together with and forms part of this Notice of AGM in respect of the AGM.
- 3. As the AGM will be held by electronic means, a member of the Company will not be able to attend the AGM in person. If a member of the Company (whether individual or corporate and including a Relevant Intermediary*) wishes to exercise his/her/its voting rights at the AGM, he/she/it must appoint the Chairman of the AGM as his/her/its proxy to attend, speak and vote on his/her/its behalf at the AGM.

In appointing the Chairman of the AGM as proxy, a member of the Company (whether individual or corporate and including a Relevant Intermediary*) must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the AGM as proxy for that resolution will be treated as invalid.

SRS investors who wish to vote should approach their respective SRS Operators to submit their votes at least seven (7) working days before the AGM (i.e. by 2:00 p.m. on 16 April 2021) in order to allow sufficient time for their respective SRS Operators to in turn submit a proxy form to appoint the Chairman of the AGM to vote on their behalf by the cut-off date.

- 4. The Chairman of the AGM, as proxy, need not be a member of the Company.
- 5. The instrument or form appointing the Chairman of the AGM as proxy, together with the power of attorney or other authority under which it is signed (if applicable) or a notarial certified copy thereof, must: (a) if sent personally or by post, be lodged at the office of the Company at 8 Ubi Road 2, #06-26 Zervex, Singapore 408538; or (b) if submitted by email, be received by the Company at general@esgroup.com.sg, in either case, by 2:00 p.m. on 25 April 2021 (being not less than forty-eight (48) hours before the time appointed for holding the AGM) (or at any adjournment thereof) and in default the instrument of proxy shall not be treated as valid.

In view of the current COVID-19 situation and the related safe distancing measures, which may make it difficult for members of the Company to submit completed proxy forms by post, members of the Company are strongly encouraged to submit completed proxy forms electronically via email to the Company so as to reach the Company not less than forty-eight (48) hours before the time appointed for holding the AGM.

- 6. The instrument appointing the Chairman of the AGM as proxy must be under the hand of the appointor or on his/her attorney duly authorised in writing. Where the instrument appointing the Chairman of the AGM as proxy is executed by a corporation, it must be executed either under its common seal or under the hand of its attorney or duly authorised officer, failing which the instrument of proxy may be treated as invalid. Where an instrument appointing the Chairman of the AGM as proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company), if the instrument appointing the Chairman of the AGM as proxy is submitted by post, be lodged with the instrument of proxy or, if the instrument appointing the Chairman of the AGM as proxy is submitted electronically via email, be emailed with the instrument of proxy, failing which the instrument may be treated as invalid.
- 7. A corporation which is a member may authorise by resolution of its director or other governing body such person as it thinks fit to act as its representative at the AGM, in accordance with Section 179 of the Companies Act.
- 8. The Company shall be entitled to reject the instrument appointing the Chairman of the AGM as proxy if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing the Chairman of the AGM as proxy.
- 9. In the case of members whose shares are entered against their names in the Depository Register, the Company may reject any instrument appointing the Chairman of the AGM as proxy lodged or submitted if such members are not shown to have shares entered against their names in the Depository Register seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.
- 10. This notice has been prepared by the Company and its contents have been reviewed by the Company's sponsor, ZICO Capital Pte. Ltd. ("**Sponsor**"), in accordance with Rule 226(2)(b) of the Catalist Rules.

This notice has not been examined or approved by the SGX-ST and the SGX-ST assumes no responsibility for the contents of this notice, including the correctness of any of the statements or opinions made, or reports contained in this notice.

The contact person for the Sponsor is Ms Alice Ng, Director of Continuing Sponsorship, ZICO Capital Pte. Ltd. at 8 Robinson Road, #09-00 ASO Building, Singapore 048544, telephone (65) 6636 4201.

* A Relevant Intermediary is:

- (a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or
- (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act (Cap. 289) and who holds shares in that capacity; or
- (c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

Explanatory Notes:-

Resolutions 3, 4 and 5

Mr Low Chee Wee, if re-appointed as a Director of the Company, will remain as an Executive Director, Chief Executive Officer and Chief Operating Officer of the Company. Detailed information (including information as required pursuant to Rule 720(5) of the Catalist Rules) on Mr Low Chee Wee can be found under the sections entitled "Board of Directors", "Corporate Governance Report", "Appendix" and "Directors' Statement" of the Company's Annual Report 2020. Save as disclosed therein, there are no material relationships (including immediate family relationships) between Mr Low Chee Wee and the other Directors of the Company, the Company or its 10% shareholders.

Mr Eddy Neo Chiang Swee, if re-appointed as a Director of the Company, will remain as an Executive Director (Development) of the Company. Detailed information (including information as required pursuant to Rule 720(5) of the Catalist Rules) on Mr Eddy Neo Chiang Swee can be found under the sections entitled "Board of Directors", "Corporate Governance Report", "Appendix" and "Directors' Statement" of the Company's Annual Report 2020. Save as disclosed therein, there are no material relationships (including immediate family relationships) between Mr Eddy Neo Chiang Swee and the other Directors of the Company, the Company or its 10% shareholders.

Ms Joanne Khoo Su Nee, if re-appointed as a Director of the Company, will remain as an Independent Director of the Company and will continue to serve as Chairman of the Remuneration and Compensation Committee and member of the Audit and Risk Committee, and the Nominating Committee of the Company. Ms Joanne Khoo Su Nee is considered by the Board to be independent for the purpose of Rule 704(7) of the Catalist Rules. Detailed information on Ms Joanne Khoo Su Nee can be found under the sections entitled "Board of Directors", "Corporate Governance Report", "Appendix" and "Directors' Statement" of the Company's Annual Report 2020. There are no material relationships (including immediate family relationships) between Ms Joanne Khoo Su Nee and the other Directors of the Company, the Company or its 10% shareholders.

Resolution 8

The Ordinary Resolution 8 proposed above, if passed, will empower the Directors of the Company, (i) from the date of the above Annual General Meeting of the Company until the date of the next Annual General Meeting of the Company to be held or is required by law to be held; or (ii) the date on which the purchases of acquisitions of Shares are carried out to the full extent mandated by the Share Buy-back Mandate; or (iii) such authority is revoked or varied by shareholders of the Company in a general meeting, whichever is the earlier, to make purchases or acquisitions (whether by way of Market Purchases or Off-Market Purchases on an equal access scheme) from time to time of up to 10% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) at prices up to but not exceeding the Maximum Price. The rationale for the Share Buy-back Mandate, the authority and limitation on the purchase or acquisition of Shares under the Share Buy-back Mandate, the source of funds to be used for the purchase or acquisition of Shares including the amount of financing, and the financial effects of the purchase or acquisition of Shares by the Company pursuant to the Share Buy-back Mandate are set out in greater detail in the Addendum to the Notice of Annual General Meeting dated 9 April 2021.

Resolution 9

The Ordinary Resolution 9 proposed above, if passed, will empower the Directors of the Company, from the date of the above Annual General Meeting of the Company until the next Annual General Meeting of the Company, to allot and issue Shares and convertible securities in the Company, without seeking any further approval from shareholders of the Company in a general meeting but within the limitation imposed by this Resolution, for such purposes as the Directors of the Company may consider would be in the best interests of the Company. The number of Shares and convertible securities that the Directors of the Company may allot and issue under this Resolution would not exceed 100% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) at the time of the passing of this Resolution. For issue of Shares and convertible securities to be issued shall not exceed 50% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) at the time of the passing of this Resolution.

PERSONAL DATA PRIVACY:

By (a) submitting an instrument appointing the Chairman of the AGM as proxy to attend, speak and vote at the AGM and/or any adjournment thereof, or (b) submitting details for the registration to observe the proceedings of the AGM via LIVE WEBCAST or LIVE AUDIO STREAM, or (c) submitting any question prior to the AGM in accordance with this Notice, a member of the Company consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the following purposes:

- (i) processing, administration and analysis by the Company (or its agents or service providers) of the instruments appointing the Chairman of the AGM as proxy for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, proxy lists, minutes and other documents relating to the AGM (including any adjournment thereof);
- (ii) processing of the registration for purpose of granting access to members (or their corporate representatives in the case of members which are legal entities) to the LIVE WEBCAST or LIVE AUDIO STREAM to observe the proceedings of the AGM and providing them with any technical assistance where necessary;
- (iii) addressing substantial and relevant questions from members received before the AGM and if necessary, following up with the relevant members in relation to such questions; and
- (iv) enabling the Company (or its agents or service providers) to comply with any applicable laws, listing rules, regulations and/or guidelines by the relevant authorities.

Photographic, sound and/or video recordings of the AGM may be made by the Company for record keeping and to ensure the accuracy of the minutes prepared of the AGM. Accordingly, the personal data of a member (such as his name, his presence at the AGM and any questions he may raise or motions he propose/second) may be recorded by the Company for such purpose.

ES Group (Holdings) Limited

(Incorporated in the Republic of Singapore) (Company Registration No.: 200410497Z)

Proxy Form - Annual General Meeting of the Company to be held by way of electronic means on 27 April 2021

IMPORTANT:

- 1. The Annual General Meeting ("AGM") is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020.
- 2. Alternative arrangements relating to attendance at the AGM via electronic means (including arrangements by which the AGM can be electronically accessed via "live" audio-visual webcast or "live" audio-only stream), submission of questions in advance of the AGM, addressing of substantial and relevant questions on or before the AGM and voting by appointing the Chairman of the AGM as proxy at the AGM, are set out in the accompanying Company's announcement dated 9 April 2021. This announcement, together with the Notice of AGM and the accompanying proxy form for the AGM, may be accessed via (i) the SGXNet at https://www.sgx.com/securities/company-announcements; and (ii) the Company's corporate website at https://www.sgx.com/securities/company-announcements; and (ii) the Company's corporate website at https://www.sgroup.com.sg/html/ir overview.php.
- 3. As the AGM will be held by electronic means, a member will not be able to attend the AGM in person. A member (whether individual or corporate and including a Relevant Intermediary*) must appoint the Chairman of the AGM as his/her/its proxy to vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM.
- 4. SRS investors who wish to appoint the Chairman of the AGM as proxy to vote should approach their respective SRS Operators to submit their votes at least seven (7) working days before the AGM (i.e. by 2:00 p.m. on 16 April 2021) in order to allow sufficient time for their respective SRS Operators to in turn submit a proxy form to appoint the Chairman of the AGM to vote on their behalf by the cut-off date.

Notes to the Proxy Form:

- 1. Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act, Cap. 289), you should insert that number of shares. If you have shares registered in your name in the Register of Members, you should insert that number of shares. If you have shares registered in your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, this proxy form shall be deemed to relate to all the shares held by you.
- 2. As the AGM will be held by electronic means, a member of the Company will not be able to attend the AGM in person. A member of the Company (whether individual or corporate and including a Relevant Intermediary*) must appoint the Chairman of the AGM as his/her/its proxy to vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM.

In appointing the Chairman of the AGM as proxy, a member of the Company (whether individual or corporate and including a Relevant Intermediary*) must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the AGM as proxy for that resolution will be treated as invalid.

SRS investors who wish to vote should approach their respective SRS Operators to submit their votes at least seven (7) working days before the AGM (i.e. by 2:00 p.m. on 16 April 2021) in order to allow sufficient time for their respective SRS Operators to in turn submit a proxy form to appoint the Chairman of the AGM to vote on their behalf by the cut-off date.

- 3. The Chairman of the AGM, as proxy, need not be a member of the Company.
- 4. The instrument or form appointing the Chairman of the AGM as a proxy, together with the power of attorney or other authority under which it is signed (if applicable) or a notarial certified copy thereof, must: (a) if sent personally or by post, be lodged at the office of the Company at 8 Ubi Road 2, #06-26 Zervex, Singapore 408538; or (b) if submitted by email, be received by the Company at general@esgroup.com.sg, in either case, by 2:00 p.m. on 25 April 2021 (being not less than forty-eight (48) hours before the time appointed for holding the AGM) (or at any adjournment thereof) and in default the instrument of proxy shall not be treated as valid.

In view of the current COVID-19 situation and the related safe distancing measures, which may make it difficult for members of the Company to submit completed proxy forms by post, members of the Company are strongly encouraged to submit completed proxy forms electronically via email to the Company so as to reach the Company not less than forty-eight (48) hours before the time appointed for holding the AGM.

- 5. The instrument appointing the Chairman of the AGM as proxy must be under the hand of the appointor or on his/her attorney duly authorised in writing. Where the instrument appointing the Chairman of the AGM as proxy is executed by a corporation, it must be executed either under its common seal or under the hand of its attorney or duly authorised officer, failing which the instrument of proxy may be treated as invalid. Where an instrument appointing the Chairman of the AGM as proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company), if the instrument appointing the Chairman of the AGM as proxy is submitted by post, be lodged with the instrument of proxy or, if the instrument appointing the Chairman of the AGM as proxy is submitted electronically via email, be emailed with the instrument of proxy, failing which the instrument may be treated as invalid.
- 6. A corporation which is a member may authorise by a resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM, in accordance with Section 179 of the Companies Act, Cap. 50.
- 7. The Company shall be entitled to reject the instrument appointing the Chairman of the AGM as proxy if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing the Chairman of the AGM as proxy.
- 8. In the case of members whose shares are entered against their names in the Depository Register, the Company may reject any instrument appointing the Chairman of the AGM as proxy lodged or submitted if such members are not shown to have shares entered against their names in the Depository Register seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.

* A Relevant Intermediary is:

- (a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or
- (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act (Cap. 289) and who holds shares in that capacity; or
- (c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

Personal data privacy:

By submitting an instrument appointing the Chairman of the AGM as proxy, the member of the Company accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 9 April 2021.
