Company Registration No. 197802690R
(Incorporated in the Republic of Singapore)

NERA TELECOMMUNICATIONS LTD AWARDED MULTIPLE CONTRACTS WITH A COMBINED VALUE IN EXCESS OF S\$15 MILLION

The Board of Directors of Nera Telecommunications Ltd (“the Company”), together with its subsidiaries (the “Group”) is pleased to announce that the Group has recently secured a frame contract renewal and received purchase orders (collectively, the “Agreements”) from two leading service providers in Southeast Asia, with a combined value of over S\$15 million.

Collectively, the Agreements are intended to support enterprises in rural communities in adopting digital commerce solutions and to advance broader economic development.

The first agreement, a frame contract renewal, entails the delivery of smart services training programmes and the deployment of trained personnel across close to one hundred sites. It includes a 12-month managed services and Network Operations Centre (“NOC”) component, providing operational support, maintenance services, and network performance monitoring for the deployed digital economy infrastructure, in accordance with the customer’s service level requirements.

The second agreement comprises variation orders (“VO”) for similar smart services initiatives, involving the roll-out of training programmes and the deployment of personnel to more than one hundred sites. These VO purchase orders include a longer-term managed services component of up to 60 months, encompassing NOC support, covering operations, maintenance and support services, as well as network performance monitoring.

The Agreements are expected to contribute positively to the performance of the Group for the current financial year.

BY ORDER OF THE BOARD
