

**PRESS RELEASE****REX GROUP ENGAGES EXCLUSIVE MANDATED ARRANGER OF FINANCING FOR MALAYSIA ASSETS**

**SINGAPORE, 4 July 2022** – Rex International Holding Limited (“Rex International Holding”, “Rex” or the “Company”, and together with its subsidiaries, the “Group”) wishes to announce that its wholly-owned subsidiary Pantai Rhu Energy Sdn Bhd (“PRE”) has engaged the Carlingford division of GFI Securities Limited (“Carlingford”) as its exclusive mandated arranger of financing for the development of the Rhu-Ara Cluster and the Diwangsa Cluster (the “Clusters”) located in offshore Peninsular Malaysia, in which the Rex Group holds 95 per cent interests and operatorship.

The Rhu-Ara Cluster, consisting of the Rhu and Ara fields, lies within the Penyu Basin 150 km off the coast of oil centre Kerteh, Terengganu. The Diwangsa Cluster, which lies in the northwestern side of the Malay Basin, comprises the Diwangsa, Bubu, Korbu and Lerek fields. According to PETRONAS, these previously discovered fields have total estimated recoverables of 12.7 MMstb for the Rhu-Ara Cluster and 10.7 MMstb for the Diwangsa Cluster\*.

More details of development plans for Clusters will be shared in due course.

\*PETRONAS Intensifies Malaysia’s Small Fields Development, Awards Two New Production Sharing Contracts, 30 August 2021  
MMstb: millions of stock tank barrels

--- END ---

**Disclaimer**

*This press release may contain projections and forward-looking statements that reflect the Company's current views with respect to future events and financial performance. These views are based on estimates and current assumptions which are subject to business, economic and competitive uncertainties and contingencies as well as various risks and these may change over time and in many cases are outside the control of the Company and its directors. Actual future performance, outcome and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, availability of real estate properties, competition from other companies and venues for the sale/distribution of goods and services, shifts in customer demands, customers and partners, changes in operating expenses, including employee wages, benefits and training, governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support future business. No assurance can be given that future events will occur, that projections will be achieved, or that the Company's assumptions are correct. The Company does not assume any responsibility to amend, modify or revise any forward-looking statements,*

*on the basis of any subsequent developments, information or events, or otherwise. These statements can be recognised by the use of words such as "expects," "plans," "will," "estimates," "projects," or words of similar meaning. Such forward-looking statements are not guarantees of future performance and actual results may differ from those forecast and projected or in the forward-looking statements as a result of various factors and assumptions. Shareholders and investors are cautioned not to place undue reliance on these forward-looking statements, which are based on the current view of management of future events.*

**About Rex International Holding**

*Rex International Holding Limited (“Rex International Holding”, “Rex” or the “Company”, and together with its subsidiaries, the “Group”) is a multinational oil exploration and production (“E&P”) company listed on Singapore Exchange Securities Trading Limited’s Mainboard. The Group has interests in exploration and production licences in Oman, Norway and Malaysia, and holds operatorship for the assets in Oman and Malaysia. The Group de-risks its portfolio of exploration and development assets using its proprietary liquid hydrocarbon indicator Rex Virtual Drilling technology, which can identify liquids in the sub-surface using seismic data. Since the Company’s listing in July 2013, the Group has achieved four offshore discoveries, one in Oman and three in Norway.*
