Gazprom's shares included in First Level (top) quotation list of Saint Petersburg Exchange

The Saint Petersburg Exchange has included today Gazprom's shares in the First Level (top) quotation list.

The new listing rules of the Saint Petersburg Exchange stipulate that the First Level quotation list unifies securities previously included in Quotation Lists A, Level 1 and Level 2.

Starting from today, a wider range of potential investors (above all – the top institutional ones) are entitled to trade Gazprom's shares on the Saint Petersburg Exchange.

"Inclusion of Gazprom's shares into the top quotation list shows a high quality of the internal management standards and confirms that Gazprom is ready to further streamline it," said Elena Mikhailova, Member of the Management Committee, Head of the Asset Management and Corporate Relations Department of Gazprom.
