INTRODUCTION

Manulife US Real Estate Investment Trust ("**Manulife US REIT**" or the "**Group**") is a Singapore real estate investment trust constituted by the Trust Deed dated 27 March 2015 (as amended and restated) between Manulife US Real Estate Management Pte. Ltd. as the Manager of Manulife US REIT (the "**Manager**") and DBS Trustee Limited as the Trustee of Manulife US REIT (the "**Trustee**").

Manulife US REIT was listed on the Main Board of the Singapore Exchange Securities Trading Limited ("**SGX-ST**") on 20 May 2016 (the "**Listing Date**"). Manulife US REIT's strategy is to principally invest, directly or indirectly, in income-producing real estate located in the United States of America ("**U.S.**" or "**United States**") and Canada, as well as real estate-related assets. Manulife US REIT's key objectives are to provide unitholders of Manulife US REIT ("**Unitholders**") with regular and stable distributions and to achieve long-term growth in distribution per unit ("**DPU**") and net asset value ("**NAV**") per Unit, while maintaining an appropriate capital structure for Manulife US REIT.

Manulife US REIT's portfolio comprises the following 6 office properties (the "**Properties**") in the United States, with an aggregate net lettable area of 2.8 million square feet ("**sq ft**"), as follows:

- Michelson (acquired on Listing Date) is a 19-storey Trophy office building, located in Irvine, Orange County, within the Greater Los Angeles market;
- Exchange (acquired on 31 October 2017) is a 30-storey Class A office building, located in Jersey City, Hudson County, New Jersey;
- Penn (acquired on 22 June 2018) is a 13-storey Class A office building, located in Washington, D.C.;
- Phipps (acquired on 22 June 2018) is a 19-storey Trophy office building, located in the heart of Buckhead, Atlanta;
- Centerpointe (acquired on 10 May 2019) is a 2-tower, 11-storey Class A office building, located in Fairfax, Virginia;
- Diablo (acquired on 20 December 2021) is a 5-building office campus, located in Tempe, Arizona.

Manulife US REIT is presenting its financial results for the financial period from 1 July 2026 to 30 September 2026 ("**3Q 2026**") and financial period from 1 January 2026 to 30 September 2026 ("**YTD Sep 2026**").

Distribution Policy

Manulife US REIT's distribution policy is to distribute at least 90% of its annual distributable income as set out in the Trust Deed. This distribution policy is also subject to the conditions as stipulated in Appendix 6 to the Code on Collective Investment Schemes ("Property Funds Appendix"), in that, if Manulife US REIT were to declare a distribution in excess of profits, the Manager should be able to certify, in consultation with the Trustee, that it is able to satisfy on reasonable grounds that, immediately after making the distribution, Manulife US REIT will be able to fulfil, from the deposited property of the property fund, the liabilities of Manulife US REIT as they fall due.

Pursuant to the recapitalisation plan set out in the circular to Unitholders dated 29 November 2023 (the "Recapitalisation Plan") and the entry into the master restructuring agreement (the "Master Restructuring Agreement" or the "MRA"), Manulife US REIT halted distributions to Unitholders since 2023. On 23 December 2025, the lenders of the existing facilities (the "Lenders") granted certain concessions which include an extension of the Disposal Deadline (as defined herein) and an extension of the temporary relaxation of the financial covenants (collectively, the "MRA Concessions"). Further to the granting of the MRA Concessions, the Lenders have required Manulife US REIT to keep half-yearly distributions to Unitholders suspended until the later of the achievement of the Reinstatement Conditions (as defined herein) and the period during which the Bank ICR (as defined herein) relaxation remains in effect.

For more information on the MRA Concessions, please refer to the circular to Unitholders dated 1 December 2025, as well as the announcements dated 11 December 2025, 15 December 2025 and 24 December 2025 respectively.

SUMMARY OF RESULTS

	3Q 2026 US$'000	3Q 2025 US$'000	Change %	YTD Sep 2026 US$'000	YTD Sep 2025 US$'000	Change %
Gross revenue[1]	24,856	27,286	(8.9)	76,771	87,651	(12.4)
Net property income[2]	12,193	11,201	8.9	35,293	41,367	(14.7)
Net income/(loss) for the period[3]	6,223	1,613	>100	8,310	(46,962)	N.M.
Income available for distribution to Unitholders[4][5]	6,009	4,610	30.3	17,713	19,535	(9.3)
Income available for distribution to Unitholders per Unit[6] (US cents)	0.34	0.26	30.8	1.00	1.10	(9.1)

N.M.: Not meaningful

Footnotes:

(1) Gross revenue of US$24.9 million for 3Q 2026 was lower by 8.9% mainly due to the divestment of Figueroa in June 2026, partially offset by a one-off restoration fee income of US$1.0 million from a tenant at the property. Gross revenue of US$76.8 million for YTD Sep 2026 was lower by 12.4% mainly due to the divestments of Figueroa in June 2026, Peachtree in May 2025 and Plaza in February 2025, lower rental income due to higher vacancies offset by the one-off restoration fee income.

(2) Net property income of US$12.2 million for 3Q 2026 was higher by 8.9% mainly due to the one-off restoration fee income. Net property income of US$35.3 million for YTD Sep 2026 was lower by 14.7% mainly due to the divested properties, offset by the one-off restoration fee income.

(3) Net income for 3Q 2026 of US$6.2 million was US$4.6 million higher than the net income for 3Q 2025, mainly due to higher net property income and higher fair value gain on investment property and derivatives, partially offset by higher finance expenses. Net income for YTD Sep 2026 was US$8.3 million compared to the net loss of US$47.0 million for YTD Sep 2025. This is primarily due to lower fair value loss, lower finance expenses and lower Manager's base fees, partially offset by lower net property income.

(4) Income available for distribution to Unitholders for 3Q 2026 was higher by 30.3% mainly due to higher net property income and higher distribution adjustments for property related non-cash items arising from lower rent-free incentives at Exchange and Michelson. Income available for distribution to Unitholders for YTD Sep 2026 was lower by 9.3% mainly due to lower net property income, partially offset by lower finance expenses and higher distribution adjustments for property related non-cash items arising from lower rent-free incentives at Exchange and Michelson.

(5) Pursuant to the Recapitalisation Plan and the entry into the Master Restructuring Agreement, Manulife US REIT has halted distributions to Unitholders since 2023. Further to the granting of the MRA Concessions, the Lenders have required Manulife US REIT to keep half-yearly distributions to Unitholders suspended until the later of the achievement of the Reinstatement Conditions and the period during which the Bank ICR relaxation remains in effect.

(6) Income available for distribution to Unitholders per Unit is computed based on income available for distribution to Unitholders divided by the total number of Units in issue.

Footnotes:

a. As at 30 September 2026, cash and cash equivalents include short-term fixed deposits at the Trust of US$23.5 million (31 December 2025: US$23.5 million), of which US$11.0 million (31 December 2025: US$11.0 million) is maintained as interest reserve. In relation to the Figueroa divestment, the Group is required to maintain an escrow account for the payment of certain outstanding tenant improvement allowances and capital expenditure works post-closing, and the escrow balance is US$3.3 million as at 30 September 2026.

b. The Manager announced the divestment of Figueroa on 30 March 2026, and the property was reclassified to asset held for sale based on the estimated net sale consideration as at 31 December 2025. The divestment was subsequently completed on 9 June 2026 (U.S. time).

c. The decrease was mainly due to the divestment of Figueroa.

d. An allowance for expected credit losses ("ECL") of US$1.7 million (31 December 2025: US$2.0 million) has been included in the Group's trade and other receivables. As at 30 September 2026, the Group has net trade receivables of US$1.4 million (31 December 2025: US$0.6 million) that are not impaired at the end of the reporting period. The Manager has assessed that no provision of ECL is necessary in respect of these balances as the majority of these balances are not past due or relate to creditworthy debtors and counterparties with good payment record.

e. This relates to the fair value of interest rate swaps entered into by the Group for hedging purposes.

f. Included in investment in subsidiaries is an accumulated allowance for impairment loss of US$785.8 million (31 December 2025: US$785.8 million).

g. Trade and other payables comprise mainly:
- trade payables
- accruals mainly for property operating expenses (including property management fee payable) and capital expenditures
- deferred revenue for lease termination and amendment fees which are amortised over the remaining lease period
- base fee payable to the Manager and interest payable at the Trust

As at 30 September 2026, this includes property management fee payable of US$12.0 million, deferred revenue of US$7.0 million (current: US$3.5 million, non-current: US$3.5 million), base fee payable of US$9.1 million and accrual for post-closing tenant improvement and capital expenditure at Figueroa of US$2.3 million. As at 31 December 2025, this includes property management fee payable of US$9.8 million, deferred revenue of US$3.9 million (current: US$0.6 million, non-current: US$3.3 million), and base fee payable of US$7.1 million.

The accompanying notes form an integral part of the condensed financial statements.

Net income/(loss) attributable to Unitholders		**6,223**	**1,613**	**8,310**	**(46,962)**
Earnings per Unit ("EPU") (US cents)					
Basic and diluted EPU	12	**0.34**	**0.09**	**0.45**	**(2.56)**

Footnotes:

a. Gross revenue includes carpark income of US$1.7 million for 3Q 2026 (3Q 2025: US$2.3 million) and US$5.9 million for YTD Sep 2026 (YTD Sep 2025: US$7.4 million).

b. Property operating expenses include a net provision for ECL of US$0.1 million for YTD Sep 2026 (YTD Sep 2025: US$0.2 million). The net provision for ECL was US$25,000 in 3Q 2026, compared to US$0.3 million in 3Q 2025.

c. Interest income comprises mainly interest earned from interest-bearing bank accounts and short-term fixed deposits.

d. The Manager's base fee is based on 10% of distributable income (calculated before accounting for Manager's base fee and performance fee). The Manager has elected to receive 100% of its base fee in the form of cash for YTD Sep and YTD Sep 2025 respectively.

e. Other trust expenses consist of audit, regulatory and tax compliance, legal, foreign exchange differences and other expenses.

f. The Group has entered into interest rate swaps to hedge against floating interest rates. For accounting purposes, the derivatives are carried at fair value on the balance sheet with changes in fair value recognised in profit or loss. No hedge accounting has been elected on the derivatives. Net fair value change in derivatives is not taxable or tax-deductible, and has no impact on the distributable income to the Unitholders.

g. For 3Q 2026 and 3Q 2025, net fair value gain on investment properties mainly arose from the effect of amortisation and straight-line rent accounting adjustments. For YTD Sep 2026, this amount was partially offset by the divestment of Figueroa in June 2026. For YTD Sep 2025, net fair value loss on investment properties mainly arose from the divestments of Plaza and Peachtree in February and May 2025, partially offset by the effect of amortisation and straight-line rent accounting adjustments.

Net fair value change in investment properties has no impact on the income available for distribution to the Unitholders. Manulife US REIT will obtain independent appraisals at least once a financial year in accordance with the Property Funds Appendix of the Code on Collective Investment Schemes.

h. The loss on disposal of investment properties arose from the divestments of Figueroa, Plaza and Peachtree, which were completed on 9 June 2026 (U.S. time), 25 February 2025 (U.S. time) and 27 May 2025 (U.S. time) respectively.

i. Tax expense comprises:
- current tax, which includes income tax and withholding tax; and
- deferred tax, which is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amount used for taxation purposes.

For 3Q 2026 and YTD Sep 2026, tax expense mainly comprises deferred tax expense arising from tax depreciation. For 3Q 2025 and YTD Sep 2025, tax expense mainly comprises withholding tax incurred from halting distributions.

CONDENSED INTERIM CONSOLIDATED DISTRIBUTION STATEMENT

Distribution adjustments	**(214)**	**2,997**	**9,403**	**66,497**

Footnotes:

1 Pursuant to the Recapitalisation Plan and the entry into the Master Restructuring Agreement, Manulife US REIT has halted distributions to Unitholders since 2023. Further to the granting of the MRA Concessions, the Lenders have required Manulife US REIT to keep half-yearly distributions to Unitholders suspended until the later of the achievement of the Reinstatement Conditions and the period during which the Bank ICR relaxation remains in effect.

2 This includes straight-line rent adjustments and amortisation of tenant improvement allowance, leasing commissions and free rent incentives.

3 Upfront debt-related transaction costs and costs incurred in relation to the Master Restructuring Agreement are amortised over the remaining term of the loans and borrowings.

4 This includes non-tax deductible items and other adjustments.

CONDENSED INTERIM CONSOLIDATED STATEMENT OF CASH FLOWS (CONT'D)

For the purpose of presenting the consolidated statement of cash flows, cash and cash equivalents comprise the following:

	Group	
	30 September 2026	30 September 2025
	US$'000	US$'000
Cash and cash equivalents in the consolidated statement of financial position	**77,935**	**44,286**
Less: Restricted cash[a]	(3,250)	-
Less: Interest reserves[d]	(10,997)	(11,016)
Cash and cash equivalents in the consolidated statement of cash flows	**63,688**	**33,270**

Footnotes:

a. The divestment of Figueroa was completed on 9 June 2026 (U.S. time). After closing prorations and adjustments of US$1.5 million, cash received from the divestment was US$84.6 million, of which US$3.7 million was deposited into an escrow account to fund certain post-closing tenant improvement allowance and capital expenditure obligations. The divestments of Plaza and Peachtree were completed on 25 February 2025 (U.S. time) and 27 May 2025 (U.S. time) respectively with total net proceeds of US$163.6 million after factoring in transaction costs. After closing prorations and adjustments of US$2.5 million, cash received from the divestments of Plaza and Peachtree amounted to US$161.1 million.

b. This includes capital expenditures (renovations or improvements) and leasing costs (including tenant improvement allowances) largely from Figueroa, Exchange and Phipps for YTD Sep 2026, and Peachtree, Michelson and Diablo for YTD Sep 2025.

c. Following the divestment of Figueroa in June 2026, the Group made a full repayment of US$35.6 million of the debts maturing in FY 2026 and partial repayment of US$36.8 million of debts maturing in FY 2027, and retained approximately US$10.0 million of the net proceeds for capital expenditure. For YTD Sep 2025, the Group utilised net proceeds from the divestment of Plaza and Peachtree to make debt repayments of US$40.0 million in March 2025 and US$121.0 million in June 2025 respectively, in addition to a repayment of US$25.0 million out of existing cash in July 2025.

d. Manulife US REIT is required, under the Recapitalisation Plan and Master Restructuring Agreement, to maintain interest reserve accounts comprising an interest reserve of six months for its outstanding loans, including the Sponsor-Lender Loan. The interest reserve accounts are cash collaterals charged in favour to the lenders. Pursuant to the granting of the MRA Concessions, the Lenders have requested Manulife US REIT to continue complying with this requirement until the later of the achievement of the Reinstatement Conditions and the period during which the Bank ICR relaxation remains in effect.

2 The fair values of the Group's investment properties as at 30 September 2026 are based on the independent valuations as at 31 December 2025, adjusted for capital expenditures, leasing costs (including tenant improvement allowances) and straight-line rent accounting adjustments incurred for YTD Sep 2026. For more information, please refer to Note 5.
3 The Manager announced the divestment of Figueroa on 30 March 2026, and the divestment was completed on 9 June 2026 (U.S. time).

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

1 General

Manulife US Real Estate Investment Trust (the "Trust" or "Manulife US REIT") is a Singapore real estate investment trust constituted pursuant to a trust deed dated 27 March 2015 (as amended and restated) (the "Trust Deed") made between Manulife US Real Estate Management Pte. Ltd. (the "Manager") and DBS Trustee Limited (the "Trustee"). The Trustee is under a duty to take into custody and hold the assets of the Trust and its subsidiaries in trust for the Unitholders of the Trust. The Trust and its subsidiaries are collectively referred to as the "Group" and individually as "Group entities".

The Trust was admitted to the Official List of Singapore Exchange Securities Trading Limited (the "SGX-ST") on 20 May 2016.

The registered office and principal place of business of the Manager is located at 8 Cross Street, #16-03 Manulife Tower, Singapore 048424.

The principal activity of the Trust is investment holding. The principal activities of the Trust's subsidiaries are to own and invest, directly or indirectly, in income-producing real estate located in the United States and Canada, as well as real estate-related assets. The primary objective of the Group is to provide Unitholders with regular and stable distributions and to achieve long-term growth in DPU and NAV per Unit, while maintaining an appropriate capital structure.

The condensed interim consolidated financial statements relate to the Trust and its subsidiaries.

2 Basis of preparation

2.1 Statement of compliance

The condensed interim consolidated financial statements for the third quarter and nine months ended 30 September 2026 have been prepared in accordance with IAS 34 *Interim Financial Reporting* issued by the International Accounting Standards Board ("IASB"), the applicable requirements of the Code on Collective Investment Schemes (the "CIS Code") issued by the Monetary Authority of Singapore ("MAS") and the provisions of the Trust Deed.

The condensed interim consolidated financial statements do not include all the information required for a complete set of financial statements and should be read in conjunction with the Group's audited annual financial statements for the year ended 31 December 2025, which has been prepared in accordance with the International Financial Reporting Standard ("IFRS"). Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance of the Group since the last annual financial statements for the year ended 31 December 2025.

The Group has applied the same accounting policies and methods of computation consistent with those used in the audited financial statements for the financial year ended 31 December 2025 in the preparation of the consolidated financial statements for the current reporting period except for the adoption of revised IFRS (including its consequential amendments) and interpretations effective for the financial period beginning 1 January 2026. The adoption of these revised IFRS and interpretations did not result in material changes to the Group's accounting policies and has no material effect on the amounts reported for the current financial period.

The condensed interim consolidated financial statements are presented in United States Dollars ("US$" or "USD"), which is the functional currency of the Trust. All financial information presented has been rounded to the nearest thousand (US$'000), unless otherwise stated.

2 Basis of preparation (cont'd)

2.2 Going concern basis of preparation of financial statements

As disclosed in Note 6, in the financial year ended 31 December 2023, the decrease in the fair value of the investment properties (Note 5) contributed to the Group's breach of a financial covenant imposed by the Group's lenders and limited the Group's ability to raise further debt funding. In response to this, the Group has undertaken a restructuring of existing credit facilities through the Recapitalisation Plan.

Under the terms and conditions of the Recapitalisation Plan and the Master Restructuring Agreement, the Group is required to procure the sale of certain of the Group's properties and to achieve minimum cumulative net sale proceeds of US$328.7 million (the "Minimum Sale Target") by 30 June 2025 (the "Disposal Deadline"). In May 2025, the Manager obtained the consent of the lenders to extend the Disposal Deadline from 30 June 2025 to 31 December 2025.

Pursuant to the growth and value up plan set out in the circular to Unitholders dated 1 December 2025 (the "Growth and Value Up Plan") and the extraordinary general meeting held on 16 December 2025, Unitholders approved a disposition mandate to authorise the disposal of up to three existing properties to raise aggregate net proceeds not exceeding US$350.0 million (the "Disposition Mandate") and an acquisition mandate to authorise acquisitions and investments with aggregate agreed property value not exceeding US$600.0 million within the broadened investment mandate (the "Acquisition Mandate").

The implementation of the Growth and Value Up Plan formed the basis of the Manager's discussion with the lenders in relation to the MRA Concessions. On 23 December 2025, the Manager and lenders executed the relevant document to effect the MRA Concessions. The MRA Concessions granted are as follows:

(i) an extension of the Disposal Deadline from 31 December 2025 to 30 June 2026 (the "Updated Disposal Deadline"); and
(ii) an extension of the temporary relaxation of the financial covenants as follows:
    (a) the Unencumbered Gearing, which is the percentage of consolidated total unencumbered debt to consolidated total unencumbered assets, being not more than 80% (compared to 60%) from 31 December 2025 to 30 June 2026; and
    (b) the Bank ICR, which is the ratio of consolidated earnings before interest, taxes, depreciation and amortisation to consolidated interest expense, being no less than 1.5 times (compared to 2.0 times) from 31 December 2025 to 31 December 2026.

Further to the granting of the MRA Concession relating to Bank ICR in (ii)(b) above for an additional six months beyond the Updated Disposal Deadline of 30 June 2026, the lenders have required the Group to continue complying with two existing conditions under the Master Restructuring Agreement for the same extended period. Specifically, the Group must (i) maintain the interest reserve requirements[1] and (ii) keep half-yearly distributions to Unitholders suspended until the later of the achievement of the Reinstatement Conditions (as defined herein) and the period during which the Bank ICR relaxation remains in effect.

The reinstatement conditions which are currently applicable to Manulife US REIT (the "Reinstatement Conditions") are as follows:

(i) consolidated total liabilities to consolidated deposited properties (as defined in the MRA) being no more than 50%;
(ii) minimum interest coverage ratio of 1.5 times; and
(iii) there being no default continuing for at least one full financial quarter after Manulife US REIT delivers its financial statement evidencing compliance with (i) and (ii).

For more details, please refer to the key terms of the Recapitalisation Plan in paragraph 3.1 of the circular dated 29 November 2023, the announcement on "Update On Restructuring Of The Existing Facilities" dated 13 December 2023, the announcement on "Amendments To The Terms Of Master Restructuring Agreement" dated 23 May 2025, as well as the announcement on "Updates in relation to the MRA Concessions" dated 24 December 2025.

[1] This refers to Manulife US REIT being required to maintain an interest reserve account and to deposit such sum which consists of the interest reserve of six months for the lenders.

2 Basis of preparation (cont'd)

2.2 Going concern basis of preparation of financial statements (cont'd)

During the financial years ended 31 December 2024 and 31 December 2025, the Group completed the sale of three properties, i.e. Capitol in October 2024, Plaza in February 2025 and Peachtree in May 2025 to achieve net proceeds of US$273.1 million. On 30 March 2026, the Manager announced the divestment of Figueroa to a third-party purchaser, and the property was reclassified as an asset held for sale at the estimated net consideration of US$85.7 million as at 31 December 2025. The divestment was completed on 9 June 2026 (U.S. time), and US$72.4 million of the net proceeds was utilised for debt repayment. Following the completion of the divestment of Figueroa, the Group has achieved net divestment proceeds in excess of the Minimum Sale Target of US$328.7 million under the Master Restructuring Agreement.

As at 30 September 2026, the Group is in a net current liability position of US$93.3 million, mainly due to US$133.4 million of debts maturing in April 2027. Notwithstanding this, the financial statements of the Group have been prepared on a going concern basis in view of the following factors considered by the Manager:

(i) The Group expects to address upcoming debt maturities through a combination of further divestments pursuant to the Disposition Mandate, refinancing and/or debt maturity extensions, each of which is subject to, among other things, market conditions and negotiations with lenders. Based on the Group's expectations and cash flow forecast for the next 12 months from the date of issuance of these financial statements, the Manager believes the Group will be able to meet its obligations as and when they fall due. The Group has continued to generate positive cash flows from operating activities during the current and prior years, and is expected to meet its operating cash flow requirements through cash flows from its existing and future lease agreements with tenants; and

(ii) The Manager will continue to engage with the lenders to seek their continued support of Manulife US REIT in the implementation of the Growth and Value Up Plan, including matters relating to ongoing compliance with the Group's loan covenants, and where necessary, the granting of covenant concessions.

As set out in Note 2.3, the assessment of the Group's ability to continue as a going concern involves significant judgement, particularly in relation to assumptions regarding refinancing, divestments and continued lender support. If the Group is unable to successfully refinance or extend the maturity date of its loans, or execute its planned capital management initiatives, it may be required to realise assets and settle liabilities other than in the normal course of business.

2.3 Use of estimates and judgements

The preparation of the Group's condensed interim consolidated financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended 31 December 2025.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Critical judgements and accounting estimates in applying accounting policies have the most significant effect on the amounts recognised in the financial statements in the following areas:

- Basis of measurement and use of going concern assumption
- Measurement of expected credit losses for trade receivables
- Valuation of investment properties

3 Seasonal operations

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period.

4 Segment reporting

An operating segment is a component of the Group:

- that engages in business activities from which it may earn revenue and incur expenses, including revenue and expenses that relate to transactions with any of the Group's other components;
- whose operating results are regularly reviewed by the Chief Executive Officer and the directors of the Manager to make decisions about resources to be allocated to the segment and assess its performance; and
- for which discrete financial information is available.

The Group's investment properties comprise commercial office properties located in the United States. Therefore, the Manager considers that the Group operates within a single business segment and within a single geographical segment in the United States. Accordingly, no segment information has been presented in these financial statements.

5 Investment properties

	Group	
	30 September 2026 US$'000	**31 December 2025 US$'000**
Consolidated Statement of Financial Position		
As at 1 January	815,700	1,093,500
Capital expenditure capitalised	2,923	24,733
Disposal of investment property	-	(125,366)
Fair value changes in investment properties	-	(91,464)
Reclassification to asset held for sale	-	(85,703)
As at 30 September / 31 December	818,623	815,700
Consolidated Statement of Comprehensive Income		
Fair value changes in investment properties for the period/year	-	(91,464)
Fair value change in asset held for sale for the period/year	(1,206)	(2,121)
Net effect of amortisation and straight lining for the period/year	10,926	10,070
Net fair value changes recognised in the statement of comprehensive income for the period/year	9,720	(83,515)

As set out in Note 2.2, the Group is required to procure the sale of the Group's properties to achieve the Minimum Sale Target under the terms and conditions of the Master Restructuring Agreement. The Group has achieved net divestment proceeds in excess of the Minimum Sale Target with the divestments of Capitol in October 2024, Plaza in February 2025, Peachtree in May 2025 and Figueroa in June 2026.

5 Investment properties (cont'd)

Measurement of fair value

The carrying amounts of the Group's investment properties as at 30 September 2026 were based on the independent valuations as at 31 December 2025, adjusted for capital expenditures, leasing costs (including tenant improvement allowances) and straight-line rent accounting adjustments incurred in the nine months ended 30 September 2026. At 30 June 2026, the Manager had utilised the services of asset managers and a third-party valuation specialist to review the key assumptions and inputs used in the valuations. Following a further assessment, the Manager concluded that there have been no material changes to these assumptions and inputs since 30 June 2026 and that they remain appropriate as at 30 September 2026. Accordingly, the carrying values of the investment properties approximate their fair values. A full valuation of the Group's investment properties will be performed for the financial year ending 31 December 2026, in line with the Property Fund Guidelines on annual valuation.

As at 31 December 2025, investment properties were stated at fair value based on independent valuations undertaken by Cushman and Wakefield of Texas, Inc., except for Figueroa which has been reclassified to held for sale at the estimated net sale consideration. The independent valuers have the appropriate professional qualifications and recent experience in the location and category of the properties being valued.

The fair values were generally calculated using the income approach. The two primary income approaches that may be used are the Discounted Cash Flow ("DCF") and the Direct Capitalisation Method ("DCM"). DCF calculates the present values of future cash flows over a specified time period, including the potential proceeds of a deemed disposition, to determine the fair value. DCM measures the relationship of value to the stabilised net operating income, normally at the first year. Both the DCF and DCM approaches convert the earnings of a property into an estimate of value. The market or direct comparison approach may also be used, which is based on sound considerations for similarity and comparability between properties. Considerations may include geographic location, physical, legal, and revenue generating characteristics, market conditions and financing terms and conditions. The final step in the appraisal process involves the reconciliation of the individual valuation techniques in relationship to their substantiation by market data, and the reliability and applicability of each valuation technique to the subject property.

The valuation methods used in determining the fair value involve certain estimates including those relating to discount rate, terminal capitalisation rate and capitalisation rate, which are unobservable. In relying on the valuation reports, the Manager has exercised its judgement and is satisfied that the valuation methods and estimates used are reflective of the current market conditions.

The fair value measurement for investment properties has been categorised as a Level 3 fair value based on the inputs to the valuation techniques used.

Valuation techniques and significant unobservable inputs

The following table shows the significant unobservable inputs used in the measurement of fair value of investment properties as at 31 December 2025:

Valuation techniques	**Significant unobservable inputs**	**Inter-relationship between key unobservable inputs and fair value measurement**
Discounted cash flow approach	Rental rate per square foot per year 31 December 2025: US$15.00 - US$52.00	Higher rental rate would result in a higher fair value, while lower rates would result in a lower fair value.
	Discount rate 31 December 2025: 8.00% - 10.50%	Higher discount rate or terminal capitalisation rate would result in a lower fair value, while lower rates would result in a higher fair value.
	Terminal capitalisation rate 31 December 2025: 6.00% - 7.75%	

5 Investment properties (cont'd)

Valuation techniques	Significant unobservable inputs	Inter-relationship between key unobservable inputs and fair value measurement
Direct capitalisation method	Rental rate per square foot per year 31 December 2025: US$15.00 - US$52.00	Higher rental rate would result in a higher fair value, while lower rates would result in a lower fair value.
	Capitalisation rate 31 December 2025: 7.00% - 8.00%	Higher capitalisation rate would result in a lower fair value, while lower rates would result in a higher fair value.
Market or Direct comparison approach	Price per square foot 31 December 2025: US$129 - US$430	Higher price per square foot would result in a higher fair value, while a lower price per square foot would result in a lower fair value.

6 Loans and borrowings

	Group and Trust	
	30 September 2026 US$'000	31 December 2025 US$'000
Current		
Unsecured bank loans	133,441	35,554
Less: Unamortised transaction costs	(197)	(85)
	133,244	35,469
Non-current		
Unsecured bank loans	171,675	341,962
Unsecured bank loan due to a related party	44,498	44,498
Unsecured Sponsor-Lender Loan	137,000	137,000
Accrual for Sponsor-Lender Loan exit premium	11,293	7,945
Less: Unamortised transaction costs	(1,142)	(2,188)
	363,324	529,217
	496,568	564,686

The Property Funds Appendix states that the aggregate leverage limit is not considered to be breached if exceeding the limit is due to circumstances beyond the control of the Manager. As a decline in the valuation of investment properties has resulted in the aggregate leverage of Manulife US REIT exceeding 50%, there is no breach of the aggregate leverage limit as defined by the Property Funds Appendix.

As at 30 September 2026, the Group had gross borrowings of US$486.6 million (31 December 2025: US$559.0 million), an aggregate leverage ratio of 54.0% (31 December 2025: 58.4%) and interest coverage ratio ("ICR") of 1.6 times (31 December 2025: 1.7 times). 34.3% of the gross borrowings have fixed interest rates or have been hedged (31 December 2025: 74.6%), which reduces short-term cash flow volatility from floating interest rate movements.

The weighted average interest rate on borrowings as at 30 September 2026 was 5.89% (31 December 2025: 4.58%) per annum, and the weighted average debt maturity was 1.8 years (31 December 2025: 2.3 years). Including the exit premium on the Sponsor-Lender Loan, the weighted average interest rate on borrowings as at 30 September 2026 was 6.65% (31 December 2025: 5.25%).

All of the Group's properties are unencumbered as at 30 September 2026 and 31 December 2025.

6 Loans and borrowings (cont'd)

Loans and borrowings due to related parties

Pursuant to the Recapitalisation Plan, the approval of the resolutions during the extraordinary general meeting held on 14 December 2023, and the Master Restructuring Agreement, the Sponsor granted an unsecured loan of US$137.0 million for a period of six years at an interest rate of 7.25% per annum paid quarterly (the "Sponsor-Lender Loan"), with an exit premium of up to 21.16%.

During the financial year ended 31 December 2025, an unrelated bank lender of Manulife US REIT transferred its remaining loan balance of US$44.5 million to a related entity of the Sponsor.

Loan covenants

The majority of existing loans of Manulife US REIT contain a financial covenant which states that Manulife US REIT must at all times ensure and procure that the ratio of consolidated total unencumbered debt to consolidated total unencumbered assets (the "Unencumbered Gearing Ratio") for any measurement period (being a period of 12 months ending on the last day of each financial half-year of Manulife US REIT) is not more than 60:100. As announced on 18 July 2023, the Unencumbered Gearing Ratio as at 30 June 2023 was 60.2:100 as a result of the decline in valuation of investment properties and the breach of the financial covenant has triggered a cross default under all of the Group's loan facilities and interest rate swaps.

As part of the Master Restructuring Agreement, Manulife US REIT obtained a waiver of the breach in addition to an extension of all loan maturities of the existing facilities by one year, and a temporary amendment of financial covenants such that Unencumbered Gearing Ratio for any measurement period (being a period of 12 months ending on the last day of each financial year of Manulife US REIT) is not more than 80:100 and ratio of Consolidated EBITDA to Consolidated Interest Expense, as defined in the facility agreements, shall be no less than 1.5 times, till 31 December 2025, unless the early reinstatement conditions are achieved earlier.

As disclosed in Note 2.2, the MRA Concessions, which include the extension of the Disposal Deadline and temporary relaxation of the financial covenants for Unencumbered Gearing and Bank ICR, were effected on 23 December 2025. The Group has complied with the revised financial covenants as at 30 September 2026 and expects to continue complying with its financial covenants for the next 12 months after the reporting date, subject to the matters disclosed in Note 2.2.

Interest coverage ratio

As set out in the revised CIS Code, the ICR is calculated by dividing the trailing 12 months' earnings before interest, tax, depreciation and amortisation (excluding effects of any fair value changes of derivatives and investment properties, and foreign exchange translation) (the "EBITDA"), by the trailing 12 months' interest expense, borrowing-related fees and distributions on hybrid securities. During the period ended 30 September 2026, the Group did not have any hybrid securities.

A sensitivity analysis for the Group's ICR is set out in the table below:

	30 September 2026	Assuming 10% decrease in EBITDA	Assuming 100 basis points increase in weighted average interest rate
Interest coverage ratio (times)	1.6	1.5	1.4
Interest coverage ratio, excluding Sponsor-Lender exit premium (times)	1.9	1.7	1.6

6 Loans and borrowings (cont'd)

Interest coverage ratio (cont'd)

Excluding the Sponsor-Lender exit premium, the Group's ICR would have been 1.9 times. The Manager will continue to maintain prudent capital management and will seek to improve the Group's ICR through various strategies, including:

- Using divestment proceeds under the Growth and Value Up Plan to repay loans and acquire higher-yielding assets from the industrial, living and retail sectors;
- Focusing on leasing and asset management strategies to improve EBITDA;
- Exploring refinancing options for higher-interest debt; and
- Managing interest rate risk in line with the Group's hedging policy.

The details of credit facilities as at 30 September 2026 and 31 December 2025 are set out below:

	30 September 2026		31 December 2025	
	Facility amount US$'000	Utilised US$'000	Facility amount US$'000	Utilised US$'000
Group and Trust				
Unsecured				
Trust-level term loans	565,000	349,614	665,000	422,014
Sponsor-Lender Loan	137,000	137,000	137,000	137,000
	702,000	486,614	802,000	559,014

7 Preferred units

	Group	
	30 September 2026 US$'000	31 December 2025 US$'000
As at 1 January	659	822
Redemption of preferred units (net of transaction costs)	(82)	(163)
As at 30 September / 31 December	577	659

In connection with the divestment of Figueroa in June 2026, Hancock S-REIT LA Corp., which held the Figueroa property, redeemed all outstanding preferred shares held by the preferred shareholders on 30 June 2026. The total cash paid for the redemption of approximately US$0.1 million was funded from internal resources.

In connection with the divestments of Plaza and Peachtree in February 2025 and May 2025, Hancock S-REIT SECA LLC, which held the Plaza property, and Hancock S-REIT ATL LLC, which held the Peachtree property, redeemed all outstanding preferred units held by the preferred unitholders on 10 March 2025 and 11 June 2025 respectively. The total cash paid for the redemption of approximately US$0.2 million was funded from internal resources.

8 Units in issue and to be issued

	Group and Trust			
	2026		2025	
	No. of Units '000	US$'000	No. of Units '000	US$'000
Units in issue				
As at 1 January/30 September	1,776,565	1,227,728	1,776,565	1,227,728
Units to be issued				
Manager's base fee payable in Units[a][b]	35,541	7,985	35,541	7,985
Property management fees payable in Units[a][b]	23,018	5,132	23,018	5,132
	58,559	13,117	58,559	13,117
Total Units issued and to be issued as at 30 September	1,835,124	1,240,845	1,835,124	1,240,845

Footnotes:

a. The Manager deferred the issuance of units in Manulife US REIT in relation to the Manager's base fee and the Property Manager's management fee for the periods from 1 July 2022 to 31 December 2022 ("2H 2022") and 1 January 2023 to 30 June 2023 ("1H 2023") to a date where the Manager is satisfied that such issuance would be in compliance with the unit ownership limit of 9.8% prescribed in the Trust Deed.

b. There are 21,859,395 Units to be issued in satisfaction of the Manager's base fee and Property Manager's management fee for 2H 2022 based on the volume weighted average price for the last 10 Business Days immediately preceding 31 December 2022 of US$0.3118, and 36,699,067 Units to be issued in satisfaction of the Manager's base fee and Property Manager's management fee for 1H 2023 based on the volume weighted average price for the last 10 Business Days immediately preceding 30 June 2023 of US$0.1717. Actual Units from payment of property management fees may be different as it will be based on the higher of (i) volume weighted average price for last 10 Business Days immediately preceding 31 December 2022 and 30 June 2023 respectively, or (ii) the closing price on the day of issuance of Units in payment of property management fees.

Manulife US REIT did not hold any treasury units as at 30 September 2026 and 31 December 2025. The total number of issued Units in Manulife US REIT as at 30 September 2026 and 31 December 2025 was 1,776,565,421.

9 Net asset value per Unit

		Group		Trust	
	Note	30 September 2026	31 December 2025	30 September 2026	31 December 2025
Net asset value per Unit is based on:					
- Net assets (US$'000)[a]		351,289	342,979	329,579	342,814
- Total Units issued and to be issued at end of period ('000)	8	1,835,124	1,835,124	1,835,124	1,835,124

Footnotes:

a. Net asset value and net tangible asset are the same as there are no intangible assets as at 30 September 2026 and 31 December 2025.

10 Finance expenses

	Group			
	3Q 2026 US$'000	3Q 2025 US$'000	YTD Sep 2026 US$'000	YTD Sep 2025 US$'000
Interest expense on loans and borrowings	7,418	6,628	21,808	22,024
Amortisation of upfront debt-related transaction costs[a]	241	284	934	1,163
Exit premium on Sponsor-Lender Loan	1,135	1,027	3,348	3,033
Dividends on preferred units	24	28	80	92
Redemption of preferred units[b]	-	-	33	67
Commitment and financing fees[c]	43	50	129	233
	8,861	8,017	26,332	26,612

Footnotes:

a. Upfront debt-related transaction costs, including costs in relation to the Master Restructuring Agreement and the MRA Concessions, are amortised over the remaining term of the loans and borrowings.

b. Following the completion of the divestments of Figueroa, Peachtree and Plaza, indirect subsidiaries of Manulife US REIT which held these properties redeemed all outstanding preferred shares and units held by the preferred shareholders and unitholders.

c. This includes the commitment fees on the US$50.0 million revolving credit facility at the Trust level in 2025.

11 Tax expense

	Group			
	3Q 2026 US$'000	3Q 2025 US$'000	YTD Sep 2026 US$'000	YTD Sep 2025 US$'000
Current tax expense				
Income tax	25	6	77	69
Withholding tax[a]	-	37	132	216
	25	43	209	285
Deferred tax expense				
Movement in temporary differences	387	-	1,160	-
	412	43	1,369	285

Footnotes:

a. Withholding tax is incurred as a result of halting distributions, allocable to Unitholders who fail to submit a valid U.S. tax form.

12 Earnings per Unit ("EPU")

Basic earnings per Unit is based on:

	Group			
	3Q 2026	**3Q 2025**	**YTD Sep 2026**	**YTD Sep 2025**
Net income/(loss) for the period (US$'000)	6,223	1,613	8,310	(46,962)

	30 September 2026 No. of Units	**30 September 2025 No. of Units**	**30 September 2026 No. of Units**	**30 September 2025 No. of Units**
Weighted average number of Units in issue and issuable ('000)	1,835,124	1,835,124	1,835,124	1,835,124

Basic EPU is calculated based on the weighted number of Units for the period. This is comprised of:
(i) the weighted average number of Units in issue; and
(ii) the estimated weighted average number of Units issuable as payment of the Manager's base fees and Property Manager's management fees.

Diluted EPU is the same as the basic EPU as there are no dilutive instruments in issue during the period.

13 Contingent Asset

During the reporting period, the Group received a notice from the Los Angeles County Assessment Appeals Board approving a reduction in the assessed value of Figueroa in relation to prior year property taxes, which is expected to result in an estimated property tax refund of approximately US$1.2 million. The Group has submitted a refund claim, which remains subject to administrative review and processing by the relevant authorities. Accordingly, no asset has been recognised as at the reporting date.

In addition, pursuant to the lease agreements at the property, a portion of any property tax refund received will be payable to tenants. Based on current estimates, approximately US$0.4 million would be refunded to tenants upon receipt of the refund from the County of Los Angeles.

14 Fair value of assets and liabilities

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

a) Level 1: for unadjusted price quoted in active markets for identical assets or liabilities;
b) Level 2: for inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
c) Level 3: for inputs that are based on unobservable market data. These unobservable inputs reflect the Group's own assumptions about the assumptions that market participants would use in pricing the asset or liability, and are developed based on the best information available in the circumstances (which might include the Group's own data).

14 Fair value of assets and liabilities (cont'd)

Measurement of fair values

The following is a description of the valuation techniques and inputs used in measuring Level 2 and Level 3 fair values.

Financial instruments measured at fair value

Financial derivatives

The fair values of interest rate swaps are based on valuations provided by the financial institutions that are the counterparties of the transactions. Similar contracts are traded in an active market and the quotes reflect the actual transactions in similar instruments.

Financial instruments not measured at fair value

Loans and borrowings

The fair values of loans and borrowings are calculated using the discounted cash flow technique based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the measurement date.

15 Significant related party transactions

In addition to the related party information disclosed elsewhere in the financial statements, the following significant related party transactions were carried out at terms agreed between the parties:

	Group			
	3Q 2026 US$'000	3Q 2025 US$'000	YTD Sep 2026 US$'000	YTD Sep 2025 US$'000
Interest expense paid/payable to a related party[1]	710	-	2,114	-
Rental received/receivable from a related party	-	109	77	335
Interest expense paid/payable pursuant to the Sponsor-Lender Loan	2,538	2,520	7,532	7,514
Manager's divestment fee paid/payable	-	-	429	835
Manager's base fee paid/payable	668	513	1,968	2,171
Property manager's management fee paid/payable	659	719	2,140	2,319
Trustee's fee paid/payable[2]	39	42	132	156
Leasing fees to a related party	4	1	33	86
Construction supervision fees to a related party	-	-	89	31
Reimbursements to a related party	(44)	2,168	63	2,293
Settlement of liabilities including withholding taxes	-	498	-	498

[1] On 2 December 2025, an unrelated bank lender of Manulife US REIT transferred its remaining loan balance of US$44.5 million to a related entity of the Sponsor. This relates to the interest expense for 3Q 2026 and YTD Sep 2026.

[2] Including fees for the divestment of investment properties

16 Financial ratios

	Group	
	YTD Sep 2026 %	YTD Sep 2025 %
Ratio of expenses to weighted average net assets[1]		
- including performance component of the Manager's management fees	1.35	1.19
- excluding performance component of the Manager's management fees	1.35	1.19
Portfolio turnover rate[2]	-	-

1 The annualised ratios are computed in accordance with the guidelines of the Investment Management Association of Singapore. The expenses used in the computation relate to expenses of the Group, excluding property expenses, finance expenses, net foreign exchange differences and income tax expense.

2 The annualised ratio is computed based on the lesser of purchases or sales of underlying investment properties of the Group expressed as a percentage of daily average net asset value in accordance with the formulae stated in the CIS Code.

OTHER INFORMATION REQUIRED BY LISTING RULE APPENDIX 7.2

I SALES, TRANSFERS, CANCELLATION AND/OR USE OF TREASURY UNITS AND SUBSIDIARY HOLDINGS

(a) Treasury units

There were no sales, transfers, cancellation and/or use of treasury units as at the end of the current financial period ended 30 September 2026.

(b) Subsidiary holdings

There were no sales, transfers, cancellation and/or use of subsidiary holdings as at the end of the current financial period ended 30 September 2026.

II AUDIT STATEMENT

(a) Whether the figures have been audited or reviewed, and in accordance with which standard (e.g. the Singapore Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", or an equivalent standard)

The figures have not been audited or reviewed by the auditors.

(b) Where the figures have been audited or reviewed, the auditors' report (including any qualifications or emphasis of matter)

Not applicable.

3Q 2026 vs 3Q 2025

Gross revenue of US$24.9 million for 3Q 2026 decreased by US$2.4 million or 8.9%, mainly due to the divestment of Figueroa. This was in addition to lower rental income at the same-store properties as a result of higher portfolio vacancies across the same-store properties, partially offset by a one-off restoration fee income of US$1.0 million previously received from a tenant at Figueroa recognised following the sale.

Property operating expenses for 3Q 2026 of US$12.7 million decreased by US$3.4 million or 21.3% from 3Q 2025 mainly due to the divestment of Figueroa in June 2026.

As a result, the net property income for 3Q 2026 was US$12.2 million, an increase of US$1.0 million or 8.9% from 3Q 2025, mainly due to the one-off restoration fee income.

Finance expenses for 3Q 2026 was US$8.9 million, which was US$0.8 million or 10.5% higher than 3Q 2025. This was driven primarily by higher interest costs after the expiry of interest rate swaps in April 2026, partially offset by lower borrowings following the loan repayment in June 2026 after the divestment of Figueroa.

The Manager's base fee was US$0.7 million, which was US$0.2 million or 30.2% higher than 3Q 2025 due to higher income available for distribution.

Net fair value gain on investment properties of US$4.0 million in 3Q 2026 and US$2.2 million in 3Q 2025 was mainly due to the effect of amortisation and straight-line rent accounting adjustments.

Tax expense of US$0.4 million for 3Q 2026 mainly relates to deferred tax expense arising from tax depreciation.

Due to the effects of the above, the Group recorded a net income of US$6.2 million in 3Q 2026, which was US$4.6 million higher than the net income of US$1.6 million in 3Q 2025. After adjusting for net fair value changes and other distribution adjustments, income available for distribution to Unitholders for 3Q 2026 was US$6.0 million, 30.3% higher than 3Q 2025. The distribution adjustments for property related non-cash items were US$1.2 million higher than 3Q 2025, mainly due to lower rent-free incentives at Exchange and Michelson, which resulted in higher non-cash straight-line rent adjustments being added back to distributable income. Pursuant to the Recapitalisation Plan and the entry into the Master Restructuring Agreement, Manulife US REIT has halted distributions to Unitholders since 2023. Further to the granting of the MRA Concessions, the Lenders have required Manulife US REIT to keep half-yearly distributions to Unitholders suspended until the later of the achievement of the Reinstatement Conditions and the period during which the Bank ICR relaxation remains in effect.

YTD Sep 2026 vs YTD Sep 2025

Gross revenue of US$76.8 million for YTD Sep 2026 decreased by US$10.9 million or 12.4%, mainly due to the divestments of Plaza in February 2025, Peachtree in May 2025, and Figueroa in June 2026. This was in addition to lower rental income at the same-store properties as a result of higher portfolio vacancies across the same-store properties, partially offset by the one-off restoration fee income.

Property operating expenses for YTD Sep 2026 of US$41.5 million decreased by US$4.8 million or 10.4% from the corresponding period in 2025 mainly due to the divestments, partially offset by the absence of one-off property tax savings from successful tax appeals recorded in the prior period at Michelson.

As a result, the net property income for YTD Sep 2026 was US$35.3 million, a decrease of US$6.1 million or 14.7% from YTD Sep 2025.

Finance expenses for YTD Sep 2026 was US$26.3 million, which was US$0.3 million or 1.1% lower than YTD Sep 2025. This was driven primarily by lower average borrowings following the loan repayments across 2025 to 2026 after the divestments, partially offset by higher interest costs after the expiry of interest rate swaps in July 2025 and April 2026.

The Manager's base fee was US$2.0 million, which was US$0.2 million or 9.4% lower than YTD Sep 2025 due to lower income available for distribution.

Net fair value loss on derivatives of US$2.9 million recognised for YTD Sep 2026 was attributable to the fair valuation of interest rate swaps entered into to hedge against interest rate exposures.

Net fair value gain on investment properties of US$9.7 million for YTD Sep 2026 was mainly due to the effect of amortisation and straight-line rent accounting adjustments, partially offset by the fair value loss from the divestment of Figueroa. The Group also recorded a loss on disposal of US$3.5 million. This was compared to the net fair value loss of US$45.9 million and loss on disposal of US$3.3 million for YTD Sep 2025, which resulted mainly from the divestments of Plaza and Peachtree.

Tax expense of US$1.4 million for YTD Sep 2026 mainly relates to deferred tax expense arising from tax depreciation.

Due to the effects of the above, the Group recorded a net income of US$8.3 million for YTD Sep 2026, compared to the net loss of US$47.0 million for YTD Sep 2025. After adjusting for net fair value changes and other distribution adjustments, income available for distribution to Unitholders for YTD Sep 2026 was US$17.7 million, 9.3% lower than YTD Sep 2025. The distribution adjustments on property related non-cash items were US$4.0 million higher than YTD Sep 2025, mainly due to lower rent-free incentives at Exchange and Michelson, which resulted in higher non-cash straight-line rent adjustments being added back to distributable income. Pursuant to the Recapitalisation Plan and the entry into the Master Restructuring Agreement, Manulife US REIT has halted distributions to Unitholders since 2023. Further to the granting of the MRA Concessions, the Lenders have required Manulife US REIT to keep half-yearly distributions to Unitholders suspended until the later of the achievement of the Reinstatement Conditions and the period during which the Bank ICR relaxation remains in effect.

IV VARIANCE BETWEEN ACTUAL AND PROJECTION

Where a forecast, or prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results

Not applicable.

V OUTLOOK AND PROSPECTS

Commentary on the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months

The U.S. economy remained resilient, with GDP expanding at a 3.4% annualised rate in the third quarter, following 2.2% growth in the second quarter, supported by increases in investment as well as consumer and government spending. In September, headline and core CPI increased 3.7% and 2.6% year over year, respectively, driven by higher energy costs. Labor market conditions were broadly stable in September, with non-farm payrolls increasing by 29,000 and the unemployment rate rising slightly to 4.2%, from 4.1% in August. Against this backdrop, the Federal Reserve raised the federal funds target range to 3.75%–4.00% in September, citing persistent inflation alongside strong economic and jobs growth.

According to JLL, the U.S. office-market recovery continued in the third quarter, underpinned by improving demand and a constrained supply environment. Gross leasing totaled 53.8 million square feet in 3Q, down modestly from 55.1 million square feet in the second quarter. Trailing-12-month leasing activity increased 6.4%, 12-month net absorption reached 28.7 million square feet and vacancy declined 50 basis points to 19.6%.

Leases signed during the period reflected an average 13% expansion in tenant footprints. Supply remained limited, with 3.5 million square feet delivered, 9.6 million square feet removed from inventory and 24.8 million square feet under construction. Scarcity was most pronounced in higher-quality space, where effective rents increased by more than 20% annually for first-generation buildings and more than 10% annually for second-generation buildings. Strengthening demand and limited development hampered by elevated interest rates, are expected to support further occupancy gains and pricing power for well-located Class A and trophy assets going forward.

For Manulife US REIT, the completion of the Figueroa divestment during the first half streamlined the portfolio to six freehold office assets totaling approximately 2.8 million square feet. Committed occupancy stood at 67.8% and portfolio WALE was 4.4 years as at 30 September 2026, amidst choppy economic conditions, a hawkish rate environment and an office recovery that, while strengthening, remains geographically uneven. In the first nine months of 2026, the Manager executed approximately 143,000 square feet of leases at a marginally positive rent reversion of 0.3%, anchored by a 117,000 square foot renewal with ACE American Insurance at Exchange. The Manager remains focused on deleveraging and strengthening its balance sheet to lay the foundation for pursuing growth opportunities, while maintaining its discipline in asset, lease and capital management.

VI DISTRIBUTION

(a) Current financial period
(b) Corresponding period of the immediately preceding financial period

Any distribution declared for the current period or the corresponding period of the immediately preceding financial period?	Pursuant to the Recapitalisation Plan and the entry into the Master Restructuring Agreement, Manulife US REIT has halted distributions to Unitholders since 2023. Further to the granting of the MRA Concessions, the Lenders have required Manulife US REIT to keep half-yearly distributions to Unitholders suspended until the later of the achievement of the Reinstatement Conditions and the period during which the Bank ICR relaxation remains in effect.

VII GENERAL MANDATE RELATING TO INTERESTED PERSON TRANSACTIONS

If the group has obtained a general mandate from unitholders for interested person transactions ("IPT"), the aggregate value of such transactions is required under rule 920(1)(a)(ii). If no IPT mandate has been obtained, a statement to that effect

The Group has not obtained a general mandate from Unitholders for interested person transactions.

VIII CONFIRMATION PURSUANT TO RULE 705(5) OF THE LISTING MANUAL

The Board of Directors of Manulife US Real Estate Management Pte. Ltd. (as manager of Manulife US Real Estate Investment Trust) (the "Manager") hereby confirms that, to the best of their knowledge, nothing has come to the attention of the Board of Directors of the Manager which may render the unaudited financial results of Manulife US REIT for the financial period ended 30 September 2026, to be false or misleading, in any material aspect.

IX CONFIRMATION PURSUANT TO RULE 720(1) OF THE LISTING MANUAL

The Manager confirms that it has procured undertakings from all its Directors and executive officers in the format set out in Appendix 7.7 under Rule 720(1) of the Listing Manual.

On behalf of the Board

MANULIFE US REAL ESTATE MANAGEMENT PTE. LTD.
AS MANAGER OF MANULIFE US REIT
(Company registration no. 201503253R)

Marc Feliciano	Professor Francis Koh
Director	Director

This announcement may contain forward-looking statements that involve assumptions, risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar developments, shifts in expected levels of office rental revenue, changes in operating expenses, property expenses, governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support future business.

Investors are cautioned not to place undue reliance on these forward-looking statements, which are based on the current view of management on future events.

The value of units in Manulife US REIT ("Units") and the income derived from them may fall as well as rise. The Units are not obligations of, deposits in, or guaranteed by the Manager, DBS Trustee Limited (as trustee of Manulife US REIT) or any of their respective affiliates.

An investment in the Units is subject to investment risks, including the possible loss of the principal amount invested. Holders of Units ("Unitholders") have no right to request that the Manager redeem or purchase their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on Singapore Exchange Securities Trading Limited (the "SGX-ST"). Listing of the Units on the SGX-ST does not guarantee a liquid market for the Units.

The past performance of Manulife US REIT is not necessarily indicative of the future performance of Manulife US REIT.

By Order of the Board

Daphne Chua
Company Secretary
MANULIFE US REAL ESTATE MANAGEMENT PTE. LTD.
AS MANAGER OF MANULIFE US REIT
(Company registration no. 201503253R)
4 November 2026
