BUSINESS REVIEW

Business performance of the Group was impacted by slower order intake from customers. As a result, plant capacity utilization was lower and revenue of the Group was US\$116.0 million - down by approximately 15% against the same period last year. With a lower plant output against a higher overhead absorption at the plants, coupled with lower average selling prices and higher operating costs, the underlying net attributable loss (loss after tax and non-controlling interests) was US\$3.3 million for the 2QCY2015, as compared with profit of US\$4.1 million for 2QCY2014. Underlying earnings before interest, tax, depreciation and amortization of the Group for the 2QCY2015 stood at US\$7.6 million (2QCY2014: US\$16.1 million) - down by approximately 53% against the same period last year.

The Group's gross profit declined by 39% to US\$7.5 million in 2QCY2015 as compared with that of 2QCY2014 and gross margin was trimmed to 6.5% in 2QCY2015 (2QCY2014: 9.0%). The decline in gross profit was primarily attributable to: (i) the average selling prices continuing to be under pressure due to intensive competition in the market; and (ii) the rising operating costs of the Group's manufacturing operations in the PRC. The Group continued to generate steady operating cash flow. As at the end of June 2015, the Group's net gearing ratio was 23.4%. The Group's overall financial position remains healthy.

In the second quarter of 2015, communication and networking products (including mobile phones) accounted for about 43.4% of the Group's sales while automotive PCB sales accounted for about 24.7% of the Group's total PCB sales (2QCY2014: 15.9%). High Density Interconnect ("HDI") PCBs accounted for approximately 26.6% of total PCB sales in 2QCY2015 (2QCY2014: 31.8%).

Income tax expense increased to US\$0.8 million in 2QCY2015 as a result of an increase in the taxable income of certain profit-making operations in the PRC.

The net working capital cycle of 25 days as at 30 June 2015 (31 December 2014: 15 days), is based on the following key metrics:

PROSPECTS

The management begins to see some improvements in business momentum as customers gear up their production for the second half of 2015. The Group continues to review its operations in the current year with more focus on efficiency and progressive quality improvement. Production capabilities will be further upgraded to serve customers in the telecommunication and automotive segments. The management expects that the depreciation of Renminbi could bring positive impact on the rising operating costs in the PRC. Moreover, the Group has recently undergone a corporate restructuring to streamline its operations and achieve the Group's business goals in a more efficient and effective way. AUDIT COMMITTEE

The Audit Committee of the Company has reviewed, with the management, the accounting principles and practices adopted by the Group and the unaudited interim financial statements of the Group for the six months ended 30 June 2015, and discussed auditing, internal control and financial reporting matters.

COMPLIANCE WITH THE HONG KONG CODE ON CORPORATE GOVERNANCE PRACTICES

The Company has adopted the code provisions ("**Code Provisions**") as stated in the Corporate Governance Code as set out in Appendix 14 to the Rules Governing the Listing of Securities on SEHK (the "**CG Code**") as the code of the Company.

Currently, the Company comprises five Board Committees, namely, the Nomination Committee, the Remuneration Committee, the Employees' Share Option Scheme Committee, the Audit Committee and the Executive Committee. The respective terms of reference of the Board Committees, except the Employees' Share Option Scheme Committee and the Executive Committee are posted on the website of SEHK. The respective terms of reference of the Board Committees, except the Employees' Share Option Scheme Committee, are also posted on the Company's website.

During the relevant period of the first half of CY2015 under review, the Company fully complied with the Code Provisions in the CG Code, save for the following:

1. Deviation from Code Provision A.4.1

Under Code Provision A.4.1 of the CG Code, non-executive directors should be appointed for a specific term and be subject to re-election.

Mr. Cheng Kwok Wing, the Chairman and the non-executive director of the Company, is not appointed for a specific term, but is subject to retirement and re-election at the Company's annual general meeting in accordance with "Article 95 — Election of Directors" of the Articles of Association of the Company that one-third of its directors for the time being, or, if their number is not three or a multiple of three, then the number rounded to the nearest one-third shall retire from office by rotation provided always that every director shall be subject to retirement at an annual general meeting at least once every three years. This effectively means that no directors will remain in office for more than 3 years before needing to be re-elected by the Company's shareholders. The Company considers that sufficient measures have been taken to ensure the Company's corporate governance practices are no less exacting than those in the CG Code.

2. Deviation from Code Provision E.1.2

Under Code Provision E.1.2 of the CG Code, the chairman of the Board should attend the annual general meeting of the Company.

The chairman of the Board delegated the duty of attending the annual general meeting held on 24 April 2015 to the Vice Chairman and an Executive Director, Ms. Stephanie Cheung Wai Lin ("**Ms. Cheung**"), who chaired the meeting. Ms. Cheung and the independent non-executive directors who attended the meeting were able to answer the questions raised by the attending shareholders at the meeting.

Notwithstanding the aforesaid deviations, the Company considers that sufficient measures have been taken to ensure that the Company's corporate governance practices are no less exacting than those in the CG code.

HONG KONG CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted a code of conduct regarding securities transactions by the directors of the Company (the "**directors**") and relevant employees (as defined in the CG Code) on terms no less exacting than the required standard set out in the Model Code for Securities Transactions by Directors of Listed Issuers (the "**Model Code**") contained in Appendix 10 to the Rules Governing the Listing of Securities on SEHK. A copy of the internal memorandum is circulated to each director and relevant employees, at least 30 days and 60 days respectively before the date of the board meeting to approve the Company's quarterly results and annual results, with a reminder that the directors and relevant employees cannot deal in the securities of the Company until after such results have been published.

After the Company made a specific enquiry, all directors confirmed that they had complied with the required standard set out in the Model Code and the Company's code of conduct throughout the six months ended 30 June 2015.
