*Unless otherwise defined, all capitalised terms used herein shall have the same meanings as ascribed to them in the Announcement.*

The Board is pleased to inform that the Authority has, in accordance with the local Indonesia regulations, lifted the temporary grounding of Pacific Five tugboat. As at the date of this announcement, Pacific Five tugboat has resumed coal shipping operations and the rest of the Group's fleet of vessels remain fully operational. The Management will continue to ensure precautionary safety measures are in place to minimize disruptions to the supply chain of the Group's customers, while preserving the well-being and safety of the Group's staff and crew members.

The Board will continue to monitor the situation closely and assess the impact of the COVID-19 pandemic on the Group. The Board will update Shareholders as and when there are material updates on the situation and developments.
