

PRESS RELEASE

GDS Secures S\$12.1 Million in New Contracts, Underscoring Expanded Capabilities following Strategic Acquisitions

- The various new contracts secured recently, with an aggregate value of approximately S\$12.1 million, are double the S\$6 million in contract wins announced in July 2026, reflecting the Group's expanded business capabilities following the completion of its strategic acquisitions of Asiabuild Metal Engineering Pte. Ltd. and Integrated Aluminium Pte. Ltd. in June 2026.
- The new contracts span a diverse range of sectors, including Singapore's public and private housing, healthcare facilities, public infrastructure, and automated smart logistics facilities, among others.
- The new contracts are expected to be progressively executed in accordance with the respective project schedules over the next one to three years.

Singapore, 15 October 2026 – GDS Global Limited (“**GDS**” or the “**Company**”, and together with its subsidiaries, the “**Group**”), a leading specialist provider of commercial and industrial door and shutter solutions in Singapore and Southeast Asia with expanded capabilities in structural steel, metal engineering and architectural aluminium solutions in Singapore, is pleased to provide a business update on new contract wins recently in Singapore with an aggregate value of approximately S\$12.1 million.

Barring any unforeseen circumstances, the new contracts are expected to contribute positively to the Group's net tangible assets and earnings per share, in accordance with their respective project schedules, which is expected to be over the next one to three years.

Commenting on the latest contract wins in Singapore, Mr Tang Hee Sung, Non-Executive Non-Independent Chairman, commented: “These latest contract wins represent encouraging progress in our strategic transformation into an integrated engineering solutions specialist, as we leverage our expanded capabilities to capture broader opportunities across Singapore's built environment and infrastructure sectors.

The larger aggregate value of these contract wins, compared with our previous announcement in July 2026, reflects the broader scope of projects that we can now undertake across our three business segments.

By combining our complementary engineering expertise, established customer relationships and project execution capabilities, we are better positioned to participate in a wider range of construction, infrastructure development and asset enhancement projects.

Moving forward, we will continue to focus on unlocking synergies across our business segments, strengthening our project pipeline and enhancing operational efficiencies that drive long-term value creation for shareholders.”

About GDS Global Limited

(SGX Stock Code: 5VP / Bloomberg: GDS:SP / Reuters: GDSG.SI)

GDS is a leading specialist provider of commercial and industrial door and shutter solutions in the Southeast Asia region with expanded expertise in structural steel, metal engineering, and architectural aluminium solutions in Singapore.

Headquartered in Singapore and listed since 2013, GDS operates one of the largest manufacturing facilities amongst industry players.

Backed by its strong technical expertise, proprietary know-how and technology-based solutions, the Group's extensive range of door and shutter systems can be tailored to the specific needs and requirements of its customers that span a broad spectrum of industries such as manufacturing, data centres, warehousing, food processing, healthcare, education, aerospace, security, and defense.

Underscoring its technology-driven edge, GDS is the first Singapore manufacturer that can offer steel insulated fire shutters with an insulation value of up to 240 minutes. In addition, the Group is the developer of the first blast-mitigating shutter in the world.

Through an integrated and diversified engineering solutions platform, the Group aims to harness broader opportunities across Singapore's built environment and infrastructure sectors with broader customer reach and enhanced recurring revenue channels.
