(collectively, the “**Management Services**”).

The buying, selling and chartering of Rigs and associated equipment and the provision of Management Services are transactions entered into by the KS Group in the ordinary course of its business.

ANNEXURE A

3. CLASSES OF INTERESTED PERSONS

3.1 The DSAW Interested Persons

The DSAW IPT Mandate will apply to the IPTs (as described in paragraph 2.1 above) which are carried out with DSAW and their respective Associates.

- (a) Mr Kris Wiluan is the Chairman, CEO and a Controlling Shareholder of the Company. Mr Richard James Wiluan is the Executive Director and a Controlling Shareholder of the Company. As at the Latest Practicable Date, they are deemed interested in 65.59% of the issued and paid-up share capital of the Company and for the purposes of Chapter 9 of the Listing Manual are considered Controlling Shareholders.
- (b) As at the Latest Practicable Date, CAIN holds 74.01% of the issued and paid-up share capital of DSAW. CAIN is a company established in Indonesia, and as at the Latest Practicable Date, is 70% held by Mr Kris Wiluan and 30% held by his sister (and therefore Associate), Ms Hedy Wiluan. Mr Kris Wiluan and Ms Hedy Wiluan are the President Commissioner and Commissioner of CAIN, respectively. CAIN is also a direct shareholder of 3.47% of the issued and paid-up share capital of PT Citra Tubindo Engineering, which is also a subsidiary of DSAW with DSAW holding 96.53% of its issued and paid-up share capital. Mr Kris Wiluan also holds 5% of the issued and paid-up share capital of UMW and UMW in turn holds 0.33% of the issued and paid-up share capital of DSAW. The remaining 95% of UMW, which was previously held by CAIN, has since 20 September 2017 been held by PT Citra Bonang, which is in turn 60% held by Mr Kris Wiluan and 40% held by Ms Hedy Wiluan.
- (c) Pursuant to Section 7 of the Companies Act, through Mr Kris Wiluan's interest in CAIN, PT Citra Bonang and one (1) other entity that is held indirectly by him, Mr Kris Wiluan is deemed interested in 90.76% of the issued and paid-up share capital of DSAW. Ms Hedy Wiluan is similarly deemed interested in 90.76% of the issued and paid-up share capital of DSAW. The remaining 9.24% of the issued and paid-up share capital of DSAW is held by unrelated third parties.

For the reasons set out in paragraphs 3.1(a) to 3.1(c) above, Mr Kris Wiluan (alone or together with his Associate, Ms Hedy Wiluan) is, in aggregate, deemed interested in 90.76% of the issued and paid-up share capital of DSAW as at the Latest Practicable Date. DSAW is thus Mr Kris Wiluan's Associate and an interested person of the Company.

Accordingly, Mr Kris Wiluan and Mr Richard James Wiluan are thus deemed interested in the outcome of the ordinary resolution to renew the DSAW IPT Mandate and are therefore not Independent Directors.

3.2 The JVC Interested Persons

The JVC IPT Mandate will apply to the IPTs (as described in paragraph 2.2 above) which are carried out with CAIN and its Associates, as well as the JVC Group and its Associates. As at the Latest Practicable Date, JVC is 51% owned by CAIN and 49% owned by KS Drilling.

For the reasons set out in paragraph 3.1 above and this paragraph 3.2, Mr Kris Wiluan (alone or together with his Associate, Ms Hedy Wiluan) is, in aggregate, deemed interested in 51% of the issued and paid-up share capital of JVC as at the Latest Practicable Date. JVC is thus Mr Kris Wiluan's Associate and an interested person of the Company.

ANNEXURE A

Accordingly, Mr Kris Wiluan and Mr Richard James Wiluan are interested in the outcome of the ordinary resolution to approve the renewal of the JVC IPT Mandate and are therefore not Independent Directors.

4. RATIONALE FOR AND BENEFITS OF THE IPT MANDATES

The IPT Mandates are intended to facilitate transactions conducted in the ordinary course of business of the KS Group, which are recurrent in nature and which may be transacted from time to time with the Interested Persons. The transactions shall be carried out on normal commercial (or, in the absence of other similar comparable transactions, commercially reasonable) terms and must not be prejudicial to the interests of the KS Group and the minority Shareholders.

The Directors are of the view that it will be beneficial to the KS Group to transact or continue to transact with the Interested Persons for the reasons stated below:

4.1 Rationale for and Benefits of the DSAW IPT Mandate

The KS Group intends to, in the ordinary course of business, continue entering into trading transactions with the DSAW Group. It is thus impractical for the Company to announce and/or convene separate general meetings on each occasion to seek Shareholders' approval for the entry by the KS Group into such transactions. The DSAW IPT Mandate enables the KS Group to conduct its ordinary business of trading with the DSAW Group, which is time-sensitive and recurring in nature.

The proposed renewal of the DSAW IPT Mandate on an annual basis would eliminate the need for the Company to announce, or to announce and convene separate general meetings from time to time to seek the Shareholders' prior approval, as and when potential IPTs with DSAW or any of its subsidiaries arise, thereby reducing substantially the administrative time, inconvenience and expenses involved in convening such meetings, without compromising the Company's corporate objectives and/or adversely affecting the business opportunities available to the KS Group. The KS Group's resources and time can thus be focused on attaining other corporate and business opportunities.

Sales to DSAW will represent an additional source of revenue for the KS Group. With regard to purchases, the KS Group will not only be able to offer an expanded product range to its customers but will also be obtaining quotations from the DSAW Group, in addition to obtaining quotations from third parties. The various quotations available for assessment will ensure that the KS Group obtains competitive prices for goods and services of similar quality and specifications.

The KS Group will build on its mutual course of dealings with the DSAW Group over the years and benefit from the familiarity that the DSAW Group possesses in relation to the specifications and requirements that it requires for such goods and services. This gives the KS Group assurance that the quality of goods and services provided by the DSAW Group would meet its requirements and standards. The terms that the KS Group extends to the DSAW Group (both for sales, as well as purchases) will not be more favourable than that which it extends to unrelated third parties.

ANNEXURE A

The purchase of onshore and offshore rigs from an Indonesian manufacturer of rigs such as the DSAW Group, should contribute towards helping the KS Group's Indonesian subsidiaries achieve the local content requirements set out by the Implementing Body for Upstream Oil and Natural Gas Activities (Badan Pelaksana Kegiatan Usaha Hulu Minyak Dan Gas Bumi) ("**BPMigas**") in accordance with BPMigas Operations Guidelines Number 007 Revision-04 regarding Supply Chain Management Guidelines for Cooperation Contract Contractors and MEMR Regulation No. 15 of 2013 in relation to regulations on local content requirement for upstream oil and gas procurement. Achieving such local content requirement should enhance the ability of the KS Group's Indonesian subsidiaries to participate in tenders with cooperation contract contractors (also known as production-sharing contractors) despite its status as a majority foreign-owned Indonesian company. The adherence to local content standards by production sharing contractors is monitored by the Special Task Force for upstream Oil and Natural Gas Business Activities (Satuan Kerja Khusus Pelaksana Kegiatan Usaha Hulu Minyak dan Gas Bumi) ("**SKKMigas**"), which was set up pursuant to Presidential Regulation No. 9 of 2013 following the disbanding of BPMigas on 13 November 2012 and by the Directorate General of Oil and Natural Gas of the Ministry of Energy and Mineral Resources.

4.2 Rationale for and Benefits of the JVC IPT Mandate

The buying, selling and chartering of Rigs and associated equipment between the KS Group and the JVC Group will enable both parties to be competitive in tendering for projects in the respective regions in which the parties operate. Consequently, the KS Group will be able to enjoy the financial rewards of securing such projects, regardless as to whether such projects are secured by the KS Group or the JVC Group. The KS Group therefore intends, in the ordinary course of business, to enter into trading transactions with the JVC Group. It is thus impractical for the Company to announce and/or convene separate general meetings on each occasion to seek Shareholders' approval for the entry by the KS Group into such transactions. The IPT Mandate is intended to enable the KS Group to conduct its ordinary business of trading with the JVC Group, which is time-sensitive and recurring in nature.

In view of the time-sensitive nature of the transactions, it would be advantageous to the KS Group to obtain the IPT Mandate as this will substantially reduce administrative time and expenses associated with the making of such announcements and/or the convening of general meetings from time to time, and allow manpower resources to be focused towards other corporate and business opportunities.

Further, the ownership of Rigs and associated equipment by the JVC Group should contribute towards helping JVC achieve the local content requirements set out by BPMigas in accordance with BPMigas Operations Guidelines Number 007 Revision-04 regarding Guidelines for Implementation of Procurement of Goods and Services and MEMR Regulation No. 15 of 2013 in relation to regulations on local content requirement for upstream oil and gas procurement. The adherence to local content standards by production sharing contractors is monitored by SKKMigas, which was set up pursuant to Presidential Regulation No. 9 of 2013 following the disbanding of BPMigas on 13 November 2012 and by the Directorate General of Oil and Natural Gas of the Ministry of Energy and Mineral Resources.

5. REVIEW PROCEDURES FOR THE INTERESTED PERSON TRANSACTIONS UNDER THE IPT MANDATES

5.1 Review Procedures for the Interested Person Transactions Under the DSAW IPT Mandate

To ensure that the Interested Person Transactions are conducted at arm's length and on normal commercial terms consistent with the KS Group's usual business practices and on terms which are either generally not more favourable than the usual commercial terms extended to unrelated third parties or generally not less favourable than the usual commercial terms offered by unrelated third parties, the Company has adopted and/or will adopt the following procedures for the review and approval of Interested Person Transactions under the DSAW IPT Mandate:

(a) Goods and services and Equipment from the DSAW Group

- (i) Prior to entering into an Interested Person Transaction for the provision of goods and services by the DSAW Group in accordance with paragraph 2.1(a) above, the Company or its subsidiary or its Associated Company (as the case may be) will obtain quotations from at least two (2) other unrelated third parties for a similar transaction as a basis for comparison to determine whether the price and terms offered by DSAW or its subsidiary (as the case may be) are fair and reasonable and are comparable to those offered by unrelated third parties for a similar transaction. Such determination shall be made and agreed by at least two (2) Senior Executives of the Company and reviewed quarterly by the ARMC.

Where it is impractical or not possible to obtain quotations from unrelated third parties due to the unique nature of the transaction, such transaction shall be carried out based on the prevailing market reference price available or established market references which are acceptable to the ARMC and is calculated by reference to any fair pricing basis to be determined and agreed by at least two (2) Senior Executives of the Company and reviewed quarterly by the ARMC.

In determining whether the prices and terms for such transactions with DSAW or its subsidiary (as the case may be) are fair and reasonable, the Company or its subsidiary (as the case may be) will also take into consideration other factors, including but not limited to, speed and costs of delivery of the products or services, product or service quality and suitability, volume of transactions, end customer's requirements and specifications and track record of the DSAW Group as compared to those of other unrelated third parties providing similar products or services.

In determining whether the quotations for Conversion Services are fair and reasonable, the KS Group will take into account other factors that will affect the profit margin of the relevant project, including, but not limited to, the speed and costs of delivery of the raw materials to the DSAW Group, the delivery time and the track record of the DSAW Group as compared to those of other unrelated third parties providing similar Conversion Services.

ANNEXURE A

- (ii) Prior to entering into an Interested Person Transaction for the provision of other Equipment and services by the DSAW Group in accordance with paragraph 2.1(b) above, the Company or its subsidiary or its Associated Company (as the case may be) will obtain quotations from at least two (2) other unrelated third parties in Indonesia for a similar transaction as a basis for comparison to determine whether the price and terms offered by DSAW or its subsidiary (as the case may be) are fair and reasonable and are comparable to those offered by other unrelated third parties in Indonesia for a similar transaction. Such determination shall be made and agreed by at least two (2) Senior Executives of the Company and reviewed quarterly by the ARMC.

Where it is impractical or not possible to obtain quotations from unrelated third parties due to the unique nature of the transaction, the Company or its subsidiary or its Associated Company (as the case may be) shall procure an independent valuation of the transaction and determine whether the price and terms offered by DSAW or its subsidiary (as the case may be) are fair and reasonable and are comparable to the valuation. Such determination shall be made and agreed by at least two (2) Senior Executives of the Company and reviewed quarterly by the ARMC.

In determining whether the prices and terms for such transactions with DSAW or its subsidiary (as the case may be) are fair and reasonable, the Company or its subsidiary or its Associated Company (as the case may be) will also take into consideration other factors, including but not limited, to speed and costs of delivery of the products or services, product or service quality and suitability, volume of transactions, end customer's requirements and specifications and track record of the DSAW Group as compared to those of other unrelated third parties providing similar products or services.

(b) Provision of goods to the DSAW Group

- (i) Prior to entering into an Interested Person Transaction for the provision of goods to the DSAW Group in accordance with paragraph 2.1(a) above, the selling prices of the products sold by the KS Group to unrelated third parties will be used as a basis for comparison to determine whether the prices and terms offered to DSAW or its subsidiary (as the case may be) are fair and reasonable and are comparable to those offered to unrelated third parties for a similar transaction.
- (ii) In determining whether the prices and terms for such sales to DSAW or its subsidiary (as the case may be) are fair and reasonable, the Company or its subsidiary or its Associated Company (as the case may be) will also take into consideration other factors, including but not limited to speed and costs of delivery, volume of transactions, duration of contract, preferential rates and bulk discount or rebates.

ANNEXURE A

5.2 Review Procedures for the Interested Person Transactions Under the JVC IPT Mandate

To ensure that the Interested Person Transactions conducted pursuant to the JVC IPT Mandate will be conducted at arm's length and on normal commercial terms consistent with the KS Group's usual business practices and on terms which are either generally not more favourable than the usual commercial terms extended to unrelated third parties or generally not less favourable than the usual commercial terms offered by unrelated third parties, the Company has adopted and/or will adopt the following procedures for the review and approval of Interested Person Transactions under the JVC IPT Mandate:

(a) Purchase of Rigs and associated equipment from the JVC Group

(i) Purchase of Rigs

Prior to entering into an Interested Person Transaction for the purchase of Rigs from the JVC Group in accordance with paragraph 2.2 above, the KS Group shall procure an independent valuation of the Rig and evaluate whether the price and terms offered by the JVC Group are fair and reasonable with reference to the independent valuation, taking into consideration other factors, including but not limited to, the speed and costs of delivery of the Rigs and the requirements of the KS Group in relation to its end customers. Such determination shall be made and agreed by at least two (2) Senior Executives of the Company and reviewed and approved by the ARMC prior to the transaction.

(ii) Purchase of associated equipment

Prior to entering into an Interested Person Transaction for the purchase of associated equipment from the JVC Group in accordance with paragraph 2.2 above, the KS Group will obtain quotations from at least two (2) other unrelated third parties for a similar transaction as a basis for comparison to evaluate whether the price and terms offered by the JVC Group are fair and reasonable taking into consideration other factors, including but not limited to, quality, suitability, speed and costs of delivery of the associated equipment and end customers' requirements and whether such price and terms are comparable to those offered by unrelated third parties for a similar transaction. Such evaluation shall be made and agreed by at least two (2) Senior Executives of the Company and reviewed quarterly by the ARMC in accordance with paragraphs 5.3 and 5.4 below.

Where it is impractical or not possible to obtain quotations from unrelated third parties due to the unique nature of the transaction, such transaction shall be carried out based on the prevailing market reference price available or established market references which are acceptable to the ARMC and is calculated by reference to any fair pricing basis to be evaluated and agreed by at least two (2) Senior Executives of the Company and reviewed quarterly by the ARMC in accordance with paragraphs 5.3 and 5.4 below.

ANNEXURE A

(b) Sale of Rigs and associated equipment to the JVC Group

(i) Sale of Rigs

Prior to entering into an Interested Person Transaction for the sale of Rigs to the JVC Group in accordance with paragraph 2.2 above, the KS Group shall procure an independent valuation of the Rigs and evaluate whether the price and terms offered to the JVC Group are fair and reasonable with reference to the independent valuation, taking into consideration other factors, including but not limited to, the original cost of the Rig, its rate of depreciation, demand from unrelated third parties and current market conditions. Such evaluation shall be made and agreed by at least two (2) Senior Executives of the Company and reviewed and approved by the ARMC prior to the transaction.

(ii) Sale of associated equipment

Prior to entering into an Interested Person Transaction for the sale of Equipment to the JVC Group, in accordance with paragraph 2.2 above, the selling prices of such Equipment sold by the KS Group to unrelated third parties will be used as a basis for comparison to determine whether the prices and terms offered to the JVC Group are fair and reasonable and are comparable to those offered to unrelated third parties for a similar transaction.

Where due to its specialised nature and there is no precedent for the sale of such associated equipment by the KS Group to unrelated third parties, the sale of such specialised associated equipment to the JVC Group shall be based on KS Drilling's average operating margin as a benchmark and shall not be lower than KS Drilling's average operating margin for the last twelve months prior to such sale.

(c) Chartering of Rigs to or from the JVC Group

Where there is a new charter of Rigs from the JVC Group, this will be done by obtaining quotations from at least two (2) other unrelated third parties for a similar transaction as a basis for comparison. Where it is impractical or not possible to obtain quotations from unrelated third parties, at least two (2) Senior Executives of the Company shall evaluate whether such price and terms offered by the JVC Group are fair and reasonable and such determination shall be reviewed and approved by the ARMC prior to the transaction.

Where the transaction involves the chartering of Rigs to the JVC Group, the charter rates and terms offered by the KS Group to unrelated third parties will be used as a basis for comparison.

Where charter rates are revised as a result of changes in market conditions or where there is a renewal of chartering agreements between the KS Group and the JVC Group, the ARMC and at least two (2) Senior Executives of the Company shall review and approve the revised rates or the revised terms upon which the charter agreements are to be renewed to ensure that they are on normal commercial terms.

In reviewing whether the charter and terms for such transactions are on normal commercial terms or are fair and reasonable (as the case may be), factors such as, but not limited to the condition of the vessel, the size of the transaction, applicable industry norms and prevailing rates, specifications and strategic purposes of the transaction, shall be taken into account. Such determinations shall be reviewed and approved by the ARMC prior to the transaction.

ANNEXURE A

(d) Provision of Management Services

The amount of fees to be charged for the provision of Management Services from KS Drilling to the JVC Group shall be based on KS Drilling's average operating margin and shall not be lower than KS Drilling's average operating margin for the last twelve months prior to such invoicing. Prior to invoicing the JVC Group, such fees shall be reviewed and approved by at least two (2) Senior Executives of the Company on the basis that the provision of Management Services shall be on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders and such determinations shall be reviewed quarterly by the ARMC.

5.3 Threshold Limits for the IPT Mandates

In addition to the review procedures, the KS Group supplements its internal systems by setting threshold limits to its transactions, to ensure that all categories of Interested Person Transactions are undertaken on an arm's length basis and on normal commercial terms as follows:

(a) a Category 1 transaction is one where in relation to:

- (i) the sale and purchase contracts (inclusive of charter agreements) with external reference quoted price, the transaction with an Interested Person is below or equal to S\$5,000,000; or
- (ii) any other sale and purchase contracts (inclusive of charter agreements) without external reference quoted price or rate and service agreements, the transaction with an Interested Person is below or equal to S\$1,000,000;

Notwithstanding paragraph 5.4(a) below, in the event that the aggregate amount of transactions entered into pursuant to paragraph 5.2(a)(ii) exceeds the sum of S\$10,000,000 or where the aggregate of Category 1 transactions exceed S\$20,000,000, the Company shall, on a monthly basis, report all such transactions to the ARMC.

(b) a Category 2 transaction is one where in relation to:

- (i) the sale and purchase contracts (inclusive of charter agreements) with external reference quoted price, the transaction with an Interested Person is in excess of S\$5,000,000; or
- (ii) any other sale and purchase contracts (inclusive of charter agreements) without external reference quoted price or rate and service agreements, the transaction with an Interested Person is in excess of S\$1,000,000.

Category 1 transactions do not require the prior review and approval of the ARMC before the transaction is entered into but shall be reviewed on a quarterly basis by the ARMC. Category 2 transactions must be reviewed and approved by the ARMC prior to being contracted.

ANNEXURE A

The thresholds of S\$5,000,000 and S\$1,000,000 are set as limits based on expected and past sale and purchase volumes of the KS Group. It also balances the requirement of commercial efficiency and the requirements of oversight by the ARMC. Having considered the current market prices, the prevailing market conditions and the expected sale volume, the Board is of the opinion that the threshold limits of S\$5,000,000 and S\$1,000,000 reflect a risk control level that is acceptable to the Company.

In the event that a member of the ARMC (where applicable) is interested in any Interested Person Transaction, he will abstain from reviewing that particular transaction. Approval of that transaction will accordingly be undertaken by the remaining members of the ARMC.

5.4 Other Review Procedures

In addition to the review procedures set out above, the following have been/will also be implemented:

- (a) Notwithstanding the monthly reports to be provided pursuant to paragraph 5.3(a) above, the Company shall, on a quarterly basis, report to the ARMC on all Interested Person Transactions entered into pursuant to the IPT Mandate and the basis on which such transactions were entered into with the Interested Persons during the preceding quarter. The Internal Auditors will, on a quarterly basis, review all Interested Person Transactions entered into pursuant to the IPT Mandate and come up with a quarterly internal audit report. The ARMC shall review such internal audit report on such Interested Person Transaction at its quarterly meetings except where any such Interested Person Transaction requires the approval of the ARMC prior to the transaction.
- (b) The Company's annual internal audit plan shall also include a review of the established review procedures for the monitoring of Interested Person Transactions during the current financial year. As part of the Company's annual audit, external auditors will review all Interested Person Transactions. The Internal Auditors shall report directly to the ARMC. The external auditors will review and confirm the Interested Person Transactions under the notes to the financial statements.
- (c) For the purpose of the above review and approval process, any Director, who has an interest in the Interested Person Transaction under review will not be considered to be independent and will abstain from voting on any resolution relating to the Interested Person Transaction and/or abstain from participating in the ARMC's decision during its review of the established review procedures for the Interested Person Transaction or during its review or approval of any Interested Person Transaction.

5.5 Register of IPTs

The Company will maintain a register of all transactions carried out with the Interested Persons pursuant to the IPT Mandate and shall include all information pertinent to the evaluation of the Interested Person Transactions such as, but not limited to the amount of such Interested Person Transactions, the basis for determining the transaction prices and supporting evidence and quotations obtained to support such basis.

ANNEXURE A

The register of such Interested Person Transactions shall be prepared, maintained and monitored by personnel of the Company (who shall not be interested in any of the Interested Person Transactions) who are duly delegated to do so by the ARMC and reviewed by the Internal Auditors on a quarterly basis and by the external auditors on an annual basis.

5.6 Review by ARMC

As mentioned in paragraph 5.4 of this annexure, the ARMC shall review the quarterly internal audit reports on the Interested Person Transactions to ascertain that the established review procedures for monitoring the Interested Person Transactions have been complied with.

If during these quarterly reviews, the ARMC is of the view that the review procedures as stated above have become inappropriate or insufficient in view of changes to the nature of, or the manner in which, the business activities of the Company are conducted, to ensure that the Interested Person Transactions entered into pursuant to the IPT Mandates will be conducted based on the Company's normal commercial terms and hence, will not be prejudicial to the interests of the Company and its minority Shareholders, the Company will then seek the Shareholders' approval for the relevant fresh mandate(s) to be adopted based on new guidelines and procedures for transactions with the Interested Persons to ensure that such Interested Person Transactions will be conducted on an arm's length basis and on normal commercial terms. During the period prior to obtaining the relevant fresh mandate(s) from the Shareholders, all Interested Person Transactions which would ordinarily have been entered into pursuant to the relevant mandate(s) being replaced will be subject to prior review and approval by the ARMC.

If any member of the ARMC has an interest in a transaction, he shall abstain from participating in the review and approval process in relation to that transaction.

6. EXPIRY AND SUBSEQUENT RENEWAL OF THE IPT MANDATES

If approved by the Shareholders at the AGM which is scheduled to be held by way of electronic means on 26 June 2020, the IPT Mandates will take effect from the date of passing of the ordinary resolution relating thereto and will continue in force until the next AGM or the date by which the next AGM is required by law to be held, unless revoked or varied by the Company in a general meeting.

7. DISCLOSURE OF INTERESTED PERSON TRANSACTIONS PURSUANT TO THE IPT MANDATES

The Company will announce each of the aggregate values of transactions conducted with Interested Persons pursuant to each of the IPT Mandates for the quarterly financial periods which the Company is required to report on pursuant to the Listing Manual and within the time required for the announcement of such report.

Disclosure has been made in the Annual Report 2019 of each of the aggregate values of the transactions conducted with Interested Persons pursuant to each of the IPT Mandates during the financial year ended 31 December 2019, and will be made in our Company's Annual Reports for subsequent financial years that the IPT Mandates continue to be in force, in accordance with the requirements of Chapter 9 of the Listing Manual.
