SIIC Environment Secures its First WWTP Project in Macau

This announcement is made by SIIC ENVIRONMENT HOLDINGS LTD. ("**SIIC Environment**" or the "**Company**", together with its subsidiaries, the "**Group**"), a water treatment and environmental protection company listed on the Main Board of the SGX-ST and the Main Board of the Hong Kong Stock Exchange, on a voluntary basis to keep shareholders and potential investors of the Company informed of its latest business developments.

The Group is pleased to announce that SIIC Environment recently secured its first wastewater treatment plant ("**WWTP**") project in the Macao Special Administrative Region ("**Macau**") of the People's Republic of China ("**PRC**"). The Project has a total designed capacity of 69,685 tons per day.

Nanfang Water Co., Ltd., an indirect wholly-owned subsidiary of SIIC Environment, has signed an agreement with the Government of the Macao Special Administrative Region and Companhia De Desenvolvimento De Tecnologias Greenfort LDA. em Consórcio (前衛環寶科技發展有限公司) regarding the operation and maintenance (O&M) services of the Taipa WWTP and the wastewater treatment facility at Macau International Airport (the "**Macau Project**"). The Taipa WWTP in Macau has a designed treatment capacity of 69,000 tons per day and the

wastewater treatment facility at Macau International Airport has a designed treatment capacity of 685 tons per day. The O&M period is five years. Nanfang Water Co., Ltd. is responsible for the operation and management of the Macau Project.

In January 2023, the National Development and Reform Commission, the Ministry of Housing and Urban-Rural Development, and the Ministry of Ecology and Environment jointly issued the "Implementation Plan on Promoting the Construction and Management of Household Wastewater and Waste Treatment Facilities in Designated Towns" (「關於推進建制鎮生活污水垃圾處理設施建設和管理的實施方案」), proposing to achieve full coverage of household wastewater treatment in the built-up areas of the designated towns in the Guangdong-Hong Kong-Macao Greater Bay Area by 2025. The Macau Project is located in the Guangdong-Hong Kong-Macao Greater Bay Area, one of the most open and economically vibrant regions in the PRC. The implementation of the Macau Project is in line with the general direction of the Guangdong-Hong Kong-Macao Greater Bay Area to “protect the security of water resources and build a world-leading bay area and a model for high-quality development”. The Group will firmly grasp the opportunities presented by national strategies and policies, make full use of its technological and resource advantages in operating the Macau project, and further expand the environmental protection layout of the South China market, explore the development potential of the Guangdong-Hong Kong-Macao Greater Bay Area.

The above-mentioned projects are expected to make a positive contribution to the Group's performance.
