UPDATE ON THE GROUP'S COAL HAULING OPERATIONS

The board of directors (the “**Board**” or “**Directors**”) of Resources Prima Group Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”), wishes to announce that the Company’s subsidiary, PT Energy Indonesia Resources (“**EIR**”) has been advised by PT Coalindo Adhi Nusantara (“**CAN**”), that all coal hauling activities will be shut down from 5 September 2018 to 17 September 2018.

This is due to CAN’s stockpile being full and sporadic fires which had broken out within the stockpile due to the highly volatile nature of the coal. As such CAN requires time to clear the stockpile, isolate the burning coal and extinguish the fires.

The management is in discussions with CAN on possible recourse resulting from the above disruption as well as the disruptions in August. Management is exploring how EIR can be protected against such disruptions in the future and will be meeting CAN in this regard.

The Company will continue to update shareholders via SGXNET in respect of the above and other matters concerning the Group through its monthly update pursuant to Rule 704(7) of the Catalist Rules.
